Alright, and for tomorrow, the match-up is for Allie Calavera, Manistique's Queen of Gothic Darkness, and she and Lincoln are going to destroy the feral animal Packing Day version of Lana

For Lincoln's rescue tomorrow, Lincoln and his group are heading to Maine, but we got bad news: a clone of Dark Lori created by Vilgax has been sighted and is causing havoc, but that won't slow us down, we're going to confront her and Yakko Warner is going to EXPLODE WITH EXTREMELY FURIOUS AND DANGEROUSLY MEGA POWERFUL ANGER AS HE TRANSFORMS AND TEACHES THAT PATHETIC EXCUSE FOR AN OLDER SIBLING A FATAL LESSON SHE'S GONNA CARRY WITH HER TO THE BLACK GATES! And we're going to meet Amara Roshansa, she's Lincoln's Guardian Angel from a planet in the Andromeda Galaxy known as Erosa, this planet is inhabited by extremely super smoking, hot, gorgeous, sexy voluptuous women, but don't let that fool you: they're also extremely very powerful warriors and they also know how to use their seductive powers to get male perverts to lower their guard, and then, BAM!, they knock them out and send them flying into the middle of nowhere with one punch. Lincoln saved Amara from a group of Flip's thugs and he drained them all dry of their blood, muscle mass, massive physical strength, and virility, and when Amara laid her eyes on Lincoln, almost immediately, she fell in love with him as she saw just how strong, brave, and courageous he was in saving her from them, and she even saw that he was definitely a strong and handsome male, and she engaged in a fierce make-out session with him which lasted for almost two hours. She also trained Lincoln hard underneath the scorching hot sun, and she was really impressed at how he was able to endure extreme heat along with extreme cold, and she found herself a man who went beyond her expectations. Lincoln made her a claymore sword, and to show her thanks, she kissed Lincoln on the lips which he returned, and as a result, he promised that when he comes of age, he will marry her along with the rest of his harem. She hates all of Lincoln's enemies with a blazing passion, and she's also quite defensive when it came to protecting and defending Lincoln from Lori, Lynn, Lola, Lisa, and Luan and she's more than once knocked them out.

The finale is where we battle Ben's most formidable enemy Vilgax who is the mastermind behind all of it!

See you next time.

But it was still good relaxation.

Me: Ahh! Nothing like relaxing in the park.

Camie: You said it.

Lola: Yeah!

Qin: So awesome.

Varie: And we needed it too.

Me: I agree there.

Sougo: That is for sure.

Nico: Sougo, I want to thank you, Sarawareteiru of the Fairy, and your teams for coming.

Sougo: No problem Nico. This will be so awesome.

Tuddrussel: It sure will be awesome.

Nico: Tuddrussel, remember when we met you and the rest of the Time Squad?

Tuddrussel: Yeah I sure do. That was really fun.

Me: Right! The one where we helped George Washington Carver! That was really cool.

Xenia: Yeah..

Otto Osworth: It sure was.

Me: We helped him battle his little brother Todd Washington Carver.

Camie: Wow! That was crazy.

Me: It was.

Nico: I'll always remember that.

Brittney: That was awesome and we battled Camula there. That was awesome.

Nico: Yeah no kidding.

Shizuka Marikawa: That is amazing and cool.

Me: It sure was awesome.

Nico: Yep. But man Yesterday was crazy!

Me: Yeah we may be rid of Zedd and Rita but now we know who was REALLY pulling the strings and that was Ben's archnemesis Vilgax!

Lincoln: But we did it, guys! Zedd is finally no more!

Laney: Oh yeah. Then why doesn't it feel like a victory?

Me: Because Vilgax is a much BIGGER THREAT than Zedd.

Camie: Can you tell me who Vilgax is?

Me: Sure. He's a powerhungry Intergalactic Warlord and he has been after the Omnitrix that Ben had with him since he was 10 years old. He is what's called a Chimera Sui Generis and he comes from the planet Vilgaxia.

I went over his history.

---

Vilgax is the main antagonist of the Ben 10 franchise.

He is a tyrannical galactic overlord who has conquered and destroyed many planets and intends to use the Omnitrix in Ben Tennyson's possession to conquer the universe. He is Ben's sworn archenemy and a past enemy of Ben's grandfather, Max Tennyson.

In the original series and Ben 10: Omniverse, he was voiced by Steve Blum, who also portrayed Starscream, The Green Goblin, Sauron, Reptile, Zs'Skayr, Ares, Lucifer, Smytus, Makucha, Orochimaru, Zabuza Momochi, Killer Croc, Inferno, Lord Darcia III, Amon, BlackWarGreymon and Megidramon. In Alien Force and Ultimate Alien, he was voiced by James Remar, who also portrayed Ajax in The Warriors, Butch Pooch in Django Unchained, Albert Ganz in 48 Hrs, Beauty Smith in White Fang and Quill in The Phantom.

Vilgax was feared across several galaxies for his conquest of a number of planets and destruction of five others (including the Petrosapien homeworld, with the help of a remorseful Tetrax Shard who wasn't aware of the tyrant's intentions), even creating a black hole. No biological life form was willing to serve Vilgax, since they were all too afraid of him, so Vilgax was forced to build a crew of robots (with the occasional mercenary thrown in).

In the year 1773, Vilgax had been exiled from his homeworld for "ambitious disobedience." He is summoned to Earth by a distress signal sent by a time-traveling Maltruant. There, he makes repairs to Maltruant's damaged transport in exchange for a Chronosapien Time Bomb that he would put to use some time in the future. During this, Vilgax encounters George Washington and a time-traveling 16-year-old Ben Tennyson. Watching Ben transform into various aliens is what initially fostered Vilgax's interest in the Omnitrix, planning to use it as a means of creating an army with the abilities of every alien species in the universe at his command.

Later, Vilgax went to Earth, where he had a number of encounters with the Plumbers, a group of humans put together to fight alien threats, particularly Max Tennyson. Vilgax eventually tried to steal nuclear missiles from an army base, but Max and his partner, Phil Billings, showed up. The alien ended up being stuck to a nuclear missile and was launched into his own ship, but managed to survive declaring Max to be his new greatest foe.

## Engaging Ben

Vilgax eventually tracked the Omnitrix to a ship under the command of Xylene and attacked in his own ship, the Chimerian Hammer. She couldn't hold his forces off; thus, she was forced to send the Omnitrix down to Earth, where it would be found by Ben Tennyson.

However, a time-traveling No-Watch Ben secretly used Grey Matter to sabotage the shield generator for the ship. The bridge of the Hammer was then blasted, inflicting severe damage to Vilgax's body, and he was placed in a repair tank to be healed, preventing him from going after the Omnitrix personally. He eventually learned that the Omnitrix was in someone's possession and relied on his minions to get it back. Vilgax sent robotic drones, hired a trio of bounty hunters and even used a Earth criminal fused with one of his drones to try and get the Omnitrix all of which led to failure. During Ben's battle with the latter, Vilgax made a brief psychic link to Ben and warned him that he'd come after him one day. Finally, the alien's body was not only healed, but granted cybernetic enhancement, increasing his strength. Vilgax went to Earth to personally obtain the Omntitrix, managing to beat and capture Ben. The alien was surprised that a human child was the one who'd resisted him so long and tried to obtain the Omnitrix . However, Gwen Tennyson and Max interfered and Ben lost control of his transformations, before they eventually set off the self-destruct in Vilgax's ship with him inside.

In a non-canon episode, Ben found himself re-living the day he found the Omnitrix except Gwen found it instead. However, Vilgax wasn't harmed by his battle with Xylene's ship and went after the Omnitrix when his drone was defeated. The alien captured Gwen, but was beaten by Max and Ben, getting thrown into his ship by Upgrade, apparently killing him.

## Future Conflicts with Ben

Vilgax however survived the explosion of his ship, teleporting out before it blew up, but was somehow frozen, possibly due to the bitter cold of space. Kevin 11 found and freed him, and after a rough fight with Vilgax having a slight edge, Vilgax having realized the connection Kevin had to the Omnitrix, agreed to work with him.

Vilgax and Kevin almost succeeded in taking the Omnitrix from Ben, but ended up trapped in the Null Void dimension after Ben took advantage of Kevin's desire for revenge. When Ben was in an illusion created by Enoch and the Forever Knights, a dream version of Vilgax appeared to fight him. As they fought, the alien tried to send Ben to the Null Void, but Ben threw him inside instead. However, Vilgax's actions tipped Ben off to what was going on since he was going to send him to the Null Void without getting the Omnitrix and possibly due to Vilgax not being as powerful as he was in real life.

In the non-canon episode Goodbye and Good Riddance, after the summer was over, Vilgax and his drones went to Ben's hometown and destroyed the boy's home as a means to get revenge. When Ben got back home, Vilgax showed up, threatening the life of his father, Carl, and forced Ben to reveal his secret when he became Cannonbolt. Vilgax retreated, but began attacking the city with his drones and Ben, Max, Gwen, and Carl worked together to fight off his drones. Eventually, Vilgax was lured into the underground bus line by Ben, where Carl dropped a lighter onto a gas line, incinerating the alien in a massive explosion.

10 years in the future (in what is now an alternate timeline), Vilgax escaped the Null Void via a Null Void portal opening on another planet. However, the future Ben didn't want to take any more chances and in a final battle, left Vilgax torn to shreds. But 10 years later, Dr. Animo found what remained of the alien and resurrected him with his Transmodulator. With the moves of every alien Ben 10,000 had programmed into him, Vilgax engaged Ben 10,000 and was able to fight him. However, with help from his 10-year old self, who'd been brought to the future by the future Gwen, Ben 10,000 defeated Vilgax and froze him via his Arctiguana form.

Vilgax eventually managed to escape the Null Void after stumbling across a Null Void portal being opened, though it had a stressful impact on him as he is clearly more unhinged than before. He also seemed to have a deeper grudge against Ben, with him wanting to kill the kid over getting the watch and eventually reattempted to regain the Omnitrix, which had accidentally been set into self-destruct mode by Ben, not acknowledging the danger the Omnitrix's self-destruction posed. Vilgax began pursuing Tetrax's ship, picking up the bounty hunter, Sixsix, outside Incarcecon and using him like a bloodhound. He eventually attacked Tetrax's ship and confronted Ben, but was eventually shot out into space via the airlock. Vilgax finally managed to follow them to the planet, Xenon, but was defeated when Azmuth (creator of the Omnitrix) deactivated the self-destruct and gave Ben access to the form of Way Big. In this form, Ben defeated Vilgax's forces and tossed him into space towards an unknown fate in the infinite cosmos.

A flashback occurs where Vilgax is seen with a tied-up 11 year old Ben. Vilgax then threatens to feed Ben to his numerous squid monsters, but Ben breaks free and transforms into XLR8. The flashback ends with XLR8 being grabbed by a Squid Monster. What happened afterwards is unknown.

At some point offscreen, Vilgax fends off the Highbreeds and DNAliens invasions on his territories though they would later stop thanks to Ben

Vilgax managed to return, now less cybernetically enhanced (as to how this happened is never explained) and with a new right-hand named Psyphon. However, in an attempt to get away with conquering worlds, he began following galactic law, which justified his takeovers if he defeated a champion of that world. Thus, Vilgax conquered 10 planets, including that of Ultimos, and absorbed the powers of each champion. However, Vilgax continued to be obsessed with the Omnitrix and went to Earth after defeating Ultimos. The alien managed to defeat Max and the Plumbers' kids, but didn't absorb their powers, choosing to use them as a message to Ben. Vilgax challenged Ben under the galactic code, giving him 24 hours to accept the challenge or he would be able to legally destroy Earth. Ben accepted and managed to get to the fight in time, despite his Omnitrix overloading and forcing him to recollect some of his aliens. Eventually, Vilgax managed to smash Ben to pieces as Chromastone, but before he could take the Omnitrix, Chromastone was reformatted into Diamondhead. Due to the practice he had with that form and his age, Diamondhead was able to defeat Vilgax, forcing him to leave Earth, never to return. However, he swore that he would have revenge on Ben one way or another.

Later on, Vilgax freed Zs'Skayr from his prison in exchange for the secrets of the Omnitrix. Zs'Skayr told him about Primus, the location of the Codon Stream, but as soon as Vilgax freed him, the Ectonurite betrayed and deceived him wanting to possess his power to become all powerful. Zs'Skayr invaded Vilgaxia, Vilgax's homeplanet, and possessed most of the inhabitants, turning them into his Ectonurite minions. Vilgax tried to fight all of them off, but failed to stop him, forcing him to go to Ben, Gwen, and Kevin for aid and made an uneasy alliance. They managed to reach Zs'Skayr and Ben let the Ectonurite possess him so as to absorb him back into the Omnitrix. However, Zs'Skayr took over Ben's personality and Ben's friends and Vilgax fought him, arguing over whether or not to hurt Ben. Vilgax was finally able to weaken Zs'Skayr by generating light, which gave Ben control again, changing back into a human. Vilgax let Ben and his friends leave in peace, but gloated to himself that he'd finally gained the Omnitrix's secrets. Later actions indicate that the only reason Vilgax protected his world was so he could earn the trust of his people.

Vilgax launched an assault on the planet Primus, which resulted in the Omnitrix teleporting Ben and his friends to Primus. The device then left Ben to find Azmuth, who used it to fight Vilgax, only to lose and let Vilgax take the Omnitrix. However, he didn't know how to use it since the device was recalibrated and made Ben tell him how to use it by threatening Gwen and Kevin. But Ben made the Omnitrix turn Vilgax into Goop and took the artificial gravity device that let Goop move, causing him to become a motionless puddle. Ben took the Omnitrix out of the puddle, changing Vilgax back to normal. Ben then turned into Cannonbolt, throwing his archenemy into the Codon Stream, which contained all the DNA the Omnitrix accessed. Vilgax grew considerably larger, but Ben changed into Way Big, throwing him into space.

Vilgax eventually returned to normal size and began seeking Tetrax Shard, who stole the crystal Vilgax used to destroy Petropia. Tetrax had found out that the crystal was a back-up for Petropia and the Petrosapiens and intended to restore his planet. The conqueror tracked Tetrax to Earth and demanded that he give back the crystal he'd stolen. However, Kevin accidentally revealed that Tetrax gave it to Chromastone, (actually named Sugilite) who'd been freed from the Omnitrix. Vilgax followed him, finding that Petropia had been restored, and was enraged that the crystal had been used to revive a world he destroyed. Vilgax managed to beat up Sugilite, who begged the conqueror to have mercy and allow him to bring back the Petrosapiens. Viglax replied that he had no mercy and continued to beat up Sugilite until Ben, his friends, and Tetrax arrived. Vilgax managed to fight them and remove the crystal from Sugilite's head only to find its energy was gone. The conqueror returned to Vilgaxia, seeing Petropia as a lifeless planet that was of no consequence, not knowing that Sugilite created a second crystal, which was used to restore the Petrosapiens. To add to the sting of losing the crystal, Vilgax found he'd also gotten Ben's cold.

## Alliance with Albedo

Vilgax eventually joined forces with Albedo by telling him that he just wanted to kill Ben and the Omnitrix no longer interested him. Once they killed Ben, Albedo could have the Omnitrix so as to get back his Galvan form. With Albedo using the Ultimatrix, he and Vilgax defeated Ben, who managed to retreat after losing the Omnitrix to them. However, the conqueror turned on Albedo and managed to capture him, while Vilgax planned to use the Omnitrix on his army of Bioids- robots that could assume the alien form of whatever Vilgax put into the Omnitrix. However, Ben and his friends boarded his ship and Ben activated a lesser version of the Omnitrix's self-destruct, one that would go off in 30 seconds and only destroy the device. Vilgax didn't take the threat seriously and thus the Omnitrix detonated, prompting him to angrily send his ship on a collision course with Ben's hometown. Vilgax then attacked Ben and his friends, but Ben freed Albedo, taking his Ultimatrix and using it himself to fight Vilgax as Ultimate Swampfire.

Max and Gwen managed to make the ship crash harmlessly in the ocean and Vilgax revealed his true form, changing into a gigantic, octopus-like monster. He almost managed to swallow Ben, only for his arch-nemesis to escape while he was left in the explosion.

## Ultimate Alien

Vilgax managed to return yet again and was left in a weakened state due to the explosion, unable to regain his usual form. Eventually, he washed up on a beach where he was found and put in a carnival sideshow. Despite the indignity of this, Vilgax took the time to get his strength back until he was freed by the Esoterica, one of the 2 cults alongside the Flame Keepers' Circle. They both believed him to be Dagon, a legendary alien of knowledge that two cults worshipped and believed to have bestowed fire on humanity. The Circle worshipped him, hoping he'd bring a Golden Age of prosperity to Earth. Ben eventually found Vilgax, when he was investigating the Flame Keepers Circle and the alien informed him that he planned to take back his empire when he had access to a spaceship. Gwen and Kevin managed to disable a ship the cult stole from the Plumbers. They and Ben tried to tell the cult who Vilgax really was, but the group didn't believe them and Ben swore to his archenemy that he'd stop him if he ever reattempted to escape Earth after shattering his tank.

Vilgax later managed to obtain Old George's sword, regaining his normal form, but covering himself in armor. Winston told him that breaking the seal that had once imprisoned Lucubra would grant him the power to rule the universe (a trick by Dagon to gain his freedom). Vilgax went to the seal, fighting off the Forever Knights as he did so, and was eventually confronted by Ben and his friends. Ben told Vilgax he didn't know what he was doing, but the alien thought otherwise and managed to fight Ben off. However when he broke the seal, Vilgax was pulled into Dagon's dimension. But while he was in Dagon's dimension, Vilgax became Dagon's herald, the most powerful of his followers. After St. George arrived at the seal, Vilgax appeared to fight him, easily taking him on and the other Forever Knights. When Ben as Heatblast arrived on the scene, Vilgax was easily able to fight him as well and eventually he cracked the seal, opening a portal to Dagon's dimension. The opening allowed Diagon to send out a wave of energy that transformed every person on Earth into his servants. However Ben, Gwen, Kevin and Sir George were not affected due to a mana field Gwen had put up and Julie was protected by Ship. Vilgax continued to fight them and eventually tried to completely destroy the seal. Dagon became angry at the amount of effort he was having to use since the power he'd given Vilgax should've been more than enough to destroy the seal. However Ben, transformed into Eatle, and Sir George emerged from the rubble they'd been buried under and re-engaged Vilgax. Ben accused him of only helping Dagon because he wanted something for himself, making him angry and he knocked them aside. Eventually Kevin and Gwen arrived to help and they all cornered Vilgax, demanding that he tell them how to stop Dagon.

Vilgax asked his master to give him more power, only to be met with silence, but Psyphon arrived on the scene in a spaceship. Vilgax angrily said he was late, but Psyphon replied that it had been harder than he'd expected to gather what he'd wanted. However, Dagon arrived, appearing in the sky and claiming he was "everywhere". He ordered Vilgax to attack Ben and his allies, but he disappeared, going to prepare the machine he'd used to absorb powers earlier. After Dagon defeated St. George, Vilgax returned, saying he would rule his universe, as well as that of Dagon. Dagon attacked him and his machine, but it began absorbing his energy beam, continually taking in his power until it absorbed Dagon himself. Psyphon then transferred the power to Vilgax and apparently managed to destroy Ben and his allies, but Gwen actually teleported them away. However Vilgax's powers allowed him to instantly find them, following them to Mount Rushmore and sending his Esoterica to attack them.

When they were driven off by the defense systems of the plumber base inside, Vilgax changed into his previous form and tore the Washington face away, disabling the defenses. He wrecked the base, defeating Gwen and Kevin, before facing Ben, who took up Ascalon, St. George's sword. They fought and Vilgax was changed back to normal, with Dagon's power being absorbed into Ascalon. He asked Ben what he planned to do with that power and when Ben said he was going to change the Esoterica back, Vilgax pointed out he could use it, along with the power of Ascalon and the Ultimatrix to rid the universe of evil. However Ben, with the encouragement of his friends, gave up the power of Dagon to return everyone on Earth to normal. Vilgax later lost all the powers he gained in Ben 10: Ultimate Alien.

Vilgax eventually ended up as a prisoner of the Plumbers and was being escorted to Incarcecon. They even went as far as to evacuate all the prisoners to ensure he couldn't threaten or cajole anyone into helping him escape. As they approached the prison, Vilgax noted how he felt flattered, but they were attacked by the forces of the Incursean Empire, led by Princess Attea, who'd been attempting to conquer Vilgaxia and hoped to make them surrender by killing their leader. The ship managed to reach Incarcecon, but the Incurseans followed with Attea siccing Sixsix, Sevenseven, and Eighteight on them. Ben became angry, thinking Vilgax arranged for this, but Attea soon made it clear that she was trying to kill the conqueror. Ben managed to take down Attea and her minions, before the group escaped. As Ben and Vilgax walked down a hall, Vilgax pointed out that he was the reason Ben obtained the Omnitrix in the first place.

Ben replied he was always trying and failing to get the Omnitrix, only to get beaten again and again, asking Vilgax if he was seeing a pattern. As they started arguing again, Ben said he was considering just letting the Incurseans have Vilgax, but the conqueror pointed out that the Incurseans wouldn't stop with Vilgax and would go after every planet in the universe. However Attea and Eighteight caught up with them and Eighteight managed to trap the two. Vilgax commanded Ben to remove the restraints holding him, which he did. However the conqueror tossed Ben at Attea and Eighteight, before making his escape. Vilgax almost ran into Sixsix and Sevenseven, but Ben caught up with Vilgax and put the restraints back on him, despite his claiming he tossed Ben at them merely as a diversion, knowing Ben could defeat them. Ben decided to bring Vilgax to a different prison, only to again be attacked by Attea and the bounty hunters. Vilgax suddenly saved Ben from Attea's Techadon Dissipator and Ben and the Plumbers ended up defeating the Incursean forces. However Vilgax was freed and knocked Ben out, successfully escaping after failing to try and steal the Omnitrix.

Vilgax appears as a disguise for Lucy to scare Psyphon in Mud is Thicker than Water.

He also appears in Khyber's dream in For a Few Brains More, tied up in the back of the Rustbucket.

In Bengeance is Mine, a human plumber by the name of Bill Gacks, (who surprisingly looks like human version of Vilgax), accidentally activates a hidden device left by Vilgax as a contingency vengeance plan against Ben. The device released an army of Squid Monsters, which Ben had fought five years prior to the Omniverse series.

Following the orders of Psyphon, the monsters began a havoc in Bellwood in the name of their master, but were eventually stopped by Ben, Rook and Bill Gacks disguised as Vilgax using ID Mask.

In And Then There Were None, Vilgax has allied himself with Eon to destroy every version of Ben from every alternate reality, taking several evil Bens from the multiverse as his agents. Vilgax encountered Good Ben at the insistence of Eon, who believed that a Tennyson without the Omnitrix was a wildcard that they didn't need ruining their plans. Midway through the battle between multiple Bens, Vilgax activated a Chronosapien Time Bomb, a weapon that would erase all version of Ben (including Eon) and erase every alternate timeline with the exception of Good Ben's. This would leave only Good Ben, the only one that didn't stand a chance against him. While Vilgax wasted time gloating about his superiority, Professor Paradox rescued Good Ben from Vilgax's wrath, taking him to a pocket dimension.

In And Then There Was Ben, Vilgax is first seen when No Watch Ben and Paradox go back in time to the day where everything began. In order to reboot the prime timeline No Watch Ben disabled His ship's defenses as Grey Matter. This allowed the ship to take a last hit from Xylene's ship, making sure that Vilgax mortally injures. Back in the present, he encountered No Watch Ben a few seconds after Paradox saved him and he was glad there was one Omnitrix left. He told No Watch Ben that he doesn't even know how to use it and never will be a hero. However, he turned into Clockwork and undid the effects of the bomb. Clockwork then send back the evil Bens to their own timelines, having Vilgax left alone. Vilgax was beaten by Ben Prime, Ben 23, Gwen 10, Ben 10,000 and was given a final kick by No Watch Ben. He was then taken into custody by Alternate Max and that timeline's Plumbers.

Sometime after that, Vilgax escaped from prison and returned to the main timeline.

In Universe Vs. Tennyson, he excitedly watched Ben's trial on his ship.

In Vreedlemania, Vilgax returned to get his revenge on Ben, but fled after he saw Ma Vreedle.

In Malgax Attacks, after Ben finally managed to remove Skurd from his Omnitrix, Vilgax and Albedo stole Malware's remains from the museum on Galvan Prime. They modified his genetic structure and turned him into a suit which Vilgax wore to defeat Ben Tennyson and obtain the Omnitrix. Vilgax had shown to have the upper hand until Skurd returned to help Ben. After their plan failed and Vilgax was mortally injured in the warm core's meltdown, Malware's remains start to ooze out of Vilgax's petrified body while Albedo had his Ultimatrix disabled and was sentenced to community service for the next "30 Galvan cycles".

Since the series was rebooted in 2016 and there are currently no successor shows set in the franchise's classic continuity, it is possible that this was Vilgax's final and ultimate defeat. However, according to the Ben 10 pop-up marathon, Vilgax will not meet his final demise until 200 years after the original Ben 10 series, which likely means that Vilgax yet again survived as his fate is already sealed.

When I was done everyone that hadn't heard about it was shocked and horrified!

Xenia: HE'S THAT DANGEROUS!?

Nico: Yeah.

Me: And I sent a threatening message to him back in 2019 before the great war of Friday the 13th.

Nico: Right! I remember that!

Me: Yep. I'm amazed it took this long to get an answer back.

Laney: 4 years.

Nico: This was Vilgax's plan all along to conquer the universe. And he freed Zedd from his prison in order for said plan to be carried out.

Me: But Lord Zedd made a TERRIBLE mistake and that is to NEVER Trust Vilgax. He gave Ben a massive number of headaches in the past and it was all to get the Omnitrix.

Laney: He totally underestimated Vilgax and how dangerous he was.

Jen Tennyson: I remember Vilgax. Grandpa Max told me many stories about Vilgax and how dangerous he was before. It was awful.

Me: Yeah. But Vilgax looked completely different when Ben was 10. He was in a Cyber Suit because of his injuries. And now he looks like what he was when he was 16.

Nico: Yeah. No kidding.

Me: I know

Nico: (to me and Lincoln) You know what? Instead of complaining about Vilgax stealing your kill, maybe you two should be more concerned that you both were so focused on killing Zedd and Rita that you completely forgot about Vilgax.

Me: You're right Nico. Regardless we're glad that Zedd and Rita were done in and given the Black Gates. So that's good. Now we need to worry about Vilgax.

Nico: You're right. Vilgax is a bigger threat. But we'll worry about him later.

Camie: I agree.

Me: Lets just relish in our victory knowing that Rita and Lord Zedd are dead.

Nico: Agreed.

Qin: I'm glad they are gone.

Me: Now after 30 long years the Rangers can rest easy. But their job is never done. Evil is always out there.

Nico: That is true.

Nico then saw what appeared to be Poromon flying by.

Nico: Hey, Poromon.

Poromon: (Groans)

Me: Huh? Not surprising there.

Poromon kept flying. And then, I saw Poromon flying by again.

Nico: Poromon? Didn't I just see you a few seconds ago?

Poromon: (BURPS)

Me: Odd.

Poromon came walking.

Me: Hey Poromon.

Lola: Boy that was a fun one though. (See's Poromon with a kite) Hey Poromon.

May: That was awesome though. (See's Poromon dancing in a tutu) Hey Poromon.

Qin: Boy that was still cool. (Sees Poromon with a net and safari hat) Hey Poromon.

Camie: That was cool though. (See's Poromon with Polo Gear) Hey Poromon.

Me: Wait a second.

Lincoln: (sighs) Great! The pressure of all this must be getting to us. Now we're seeing Poromon everywhere with different outfits!

Nico: Hold on. Let's stand up and back up a few feet. I want to see something.

Nico did so and then HE SAW A MASSIVE NUMBER OF POROMONS!

Nico: HOLY FUCKSACKS!

There were over 500 Poromon! And it wasn't just them! It was ALL THEIR FORMS including Pururumon!

Nico: WHAT THE!

Lincoln: Okay, guys, we got ourselves a huge emergency, and this is one that's really going to be one crazy fight: we got word that the swarm of Poromon clones on the Artist Planet we went to before are here in the city.

WE GASPED!

Poliwag: WHAT?! I thought I made sure they all got shot!

Me: Looks like some of them survived.

The rest of the team are with us.

Lynn: So, it looks like we're hunting them down and sending them to the pearly gates.

Nico: Looks like it, and we've also made preparations for our final battle against Vilgax, I'm so looking forward to ending him forever!

Lincoln: Same here.

Me: Yeah, that monster deserves to die for his crimes!

Nico: COME ON NICO! WAKE UP! WAKE UP!

SLAP SLAP SLAP SLAP! BLAM!

He slapped himself 4 times and then punched himself in his face!

Nico: OUCH! I'm not dreaming then.

Pururumon came up to us.

Yolei: Oh Pururumon is so cute!

Hawkmon: He sure is.

Camie: Aww what a cutie.

Pururumon: Hello?

Camie picked him up.

Camie: Aww you are such a cutie.

Me: He sure is.

Yolei: Yeah.

Tuddrussel: Boy this reminds me of the time Larry made numerous copies of himself.

Nico: Really?

Tuddrussel: Yeah we were really making a mess and Larry did all that.

Larry 3000: YOU WOULDN'T HAVE MADE ME DO THAT IF YOU WOULD JUST CLEAN UP AFTER YOURSELVES!

Tuddrussel: Well you are just too big of a sissy to do anything!

Larry 3000: OH YEAH! Well you are just a big fat overweight manchild!

Tuddrussel: THAT'S IT! NO MORE MISTER NICE TUDDRUSSEL!

Larry 3000: (Taunting) OOH! I'm so scared!

Tuddrussel: WELL YOU SHOULD BE "MAESTRO" WHEN I TELL EVERYONE WHAT A LOUSY ARTIST YOU ARE!

Larry 3000: THAT REALLY HURTS! Especially coming from a man that sleeps with a nightlight and a teddy bear!

Tuddrussel: HEY! YOU LEAVE MR. BINKY OUT OF THIS!

Larry 3000: OH I AM REALLY SCARED!

Tuddrussel: HOW ABOUT THE TIME I CAUGHT YOU PUTTING

ON MAKEUP!

Larry 3000: Oh that's not as bad as the time you were havin a drink and got your head Stuck in the toilet!

Tuddrussel: (GROWLS) I CHECKED YOUR BLUEBOOK VALUE LARRY! AND IT SAID YOU! WERE! WORTHLESS!

Larry 3000: I tried to check your IQ but numbers don't go that low!

Tuddrussel growled!

Tuddrussel: YOUR MOTHER'S A BLIMP!

Larry 3000: YOUR MOTHER'S A SHAVED APE!

I grabbed them both.

Mr. Pig grabbed them.

Mr. Pig: You two need to be disciplined like naughty little children!

KRABLAM!

HE BASHED THEIR HEADS REALLY HARD!

Tuddrussel and Larry were dazed!

Tuddrussel: (Dazed) Hey honey want some nachos.

Larry 3000: (Dazed) I'm okay to drive.

Poliwag got out his shotgun and pointed it at Pururumon.

Me: Poliwag it's okay. Pururumon is not going to hurt you.

Pururumon: Yeah.

Lori: (to Poromon) They literally look like you, they like beer, they humiliated the jerks, and everyone calls them cute.

Poromon: That is true and they are awesome.

Lola: Yeah they sure are.

Nico: Including the human version of Poromon. He's like a son to me and my children love him like a brother.

Nico held the human Poromon in his arms.

Poliwag: Where are the rest of your buddies?

He pointed to them and we saw Steroid Poromon and the rest.

Me: there they are.

Poliwag: You think they already killed Flip's Weekly thugs?

Me: One can only hope.

Suddenly, Lincoln's large gold halo with four large orbiting gold rings orbiting the corners behind his head glowed and the four large orbiting gold rings fired beams of light that formed into a viewing window and we see Stan and Steak Stankco dressed only in shorts and shirtless and still forced to mine and eat broccoli at The Broccoli Mine Prison in Canada, and they'd regained their abnormally massive and powerful upper and lower body muscles and eight-pack abs along with their massive physical upper body and lower body strength, but they were now as four times as big as The Hulk.

The two of them were grumbling like mad and there was no doubt they were plotting to escape once again, but then, we saw the barbell tattoos on their backs glow red. Suddenly, Stan and Steak were glowing with red energy, but then, their arms were raised and it looked like their wrists were bound with metal cuffs same with their feet.

Me: Uh oh, here we go!

Lincoln: Yep.

Suddenly, Lincoln made red portals appear in front of the Stankcos, and then, out of nowhere, Lincoln sprouted tentacles with suctions from his chest and all of the males on the team did the same and they went through the portals and they came out of the portals and latched themselves onto the massive pecs, necks, arms, and legs of Stan and Steak Stankco. Then, the tentacles began sucking the Stankcos' of their massive muscle mass, virility, and massive physical strength and they were groaning in pain as they began shrinking in muscle mass.

Then, all of the massive muscle mass, virility, and massive physical strength of The Stankcos began being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even more stronger.

The same thing happened to me, Nico, and all the males on the team and our abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on our bodies, and our massive angel wings spread out and glowed and our halos glowed and we also began growing even more stronger.

Lincoln: (Growls) Oh man, I haven't forgotten how potent this curse really is.

Me: (Growls) Yeah, this is really potent, but this still feels incredible.

Then, when Lincoln and all the males were done, the tentacles detached themselves from the pecs, arms, legs, and necks of the two meatheads and they went back into us as the portals closed, and we saw that Stan and Steak Stankco were thin as a rake and sucked bone dry of their muscle mass, virility, and massive physical strength again, and the glowing barbells on their back stopped glowing.

Stan and Steak Stankco: NOT AGAIN! (ENRAGED SCREAMING)

The viewing window closed as the four large orbiting gold rings stopped glowing and the light beams disappeared. Suddenly, we saw that we were even more bigger in muscle thanks to Lincoln's curse he put on The Stankcos.

Me: (Looked at my even more muscular body) Whoa. Lincoln, that

Min's Egyptian Virility Drain Curse you put on the Stankcos is still really potent. But, look at us, now we're even more ripped than ever. (Flexes my even more massive muscles)

Lincoln: (Flexes his even more massive muscles) Yep, and this curse will be on them for all eternity. (Sensed for the army of Poromon clones) AHA! Gotcha! I just spotted the army of Poromon clones, they're 20 yards away and they're already causing trouble.

Nico: Let's tear them apart.

Lincoln: And leave nothing of them standing. (Sensed Flip's musclebound thugs) Uh oh, hold up, I sensed a massive army of Flip's musclebound thugs also heading right for us.

Me: Oh I guess they didn't.

Nico: (GROWLS) Flip, you stupid mutant cheapskate!

Me: That mutant just doesn't even know when to quit! He's getting on my nerves!

Suddenly, we saw ten massive armies of Flip's musclebound thugs arrive, and they came barreling towards us in a fit of rage.

Lincoln: Ugh, I knew there was no mistaking the stench of B.O. in the air!

Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even stronger.

I did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into me and my abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on my body, and my massive elemental angel wings with aurora and red tips spread out and glowed and my halo glowed and I began growing even stronger.

The other male members did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into them and their abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on their bodies, and their massive angel wings spread out and glowed and their halos glowed and they began growing even stronger.

When we were done, the vacuum tubes detached themselves from the chests of the thugs and went back into us, and the thugs were now dead from blood loss and thin as a rake and Lincoln fired a blast of red energy and destroyed them leaving them as ashes. Then, we set our sights on the army of Poromon clones.

Me: Lets go get those clones!

Steroid Poromon: (to Lincoln) Hey, "Big Guy". You think you can beat my muscles?

Lincoln: Like this?

He flicked the Steroid Poromon and sent him flying!

CRASH SMASH WHAM BLAM!

He crashed through a tree, a bench, a barbecue and then a rock!

He was destroyed!

Me: Nice one!

A Poromon clone licked Manaphy on the cheek

Manaphy laughed!

Manaphy: You may be a clone of my boyfriend but you are just as cute!

Manaphy blasted him with an energy blast and smashed him down.

Me: Nice one!

Lincoln formed a massive sun in his left hand with planets orbiting around it and he fired it at the Poromon swarm and they got hit and sent flying into trees.

Me: WOW!

Nico: Damn, that was so awesome!

Poromon Clone: (Slurred Speech) Hey, who do you think you are?! (BARNEY GUMBLE BELCH)

Eli: Oh no, did they drink beer?!

Nico: I'm gonna go with yes.

Poromon Clone 2: (Slurred Speech) Eat this! (ECHOING VOICE) LIGHTNING JAVELIN!

The Poromon clone fired a Lightning Javelin at Lincoln, but he absorbed it and it made him stronger than ever.

Lincoln: Are you kidding me? You've got to do a lot better than that.

Suddenly, Lincoln spread his massive white angel wings and their wingspan now measured at 8'11" in wingspan and his medium sized white angel wings also spread out, and we saw orbs of rainbow fire forming in the massive white angel wings.

Lincoln: (ECHOING VOICE) BLAZING RAINBOW HELIX!

Lincoln fired a massive blazing rainbow helix fire blast at some of the Poromon clones and they got hit hard and burned and he assimilated their powers as they died.

A Poromon clone bit Poliwag's tail

CRUNCH!

Poliwag: EEEEEEYOWW!

BANG!

Poliwag blasted the clone with his shotgun!

The Poromon's get flipped over by us. The Poromons then suddenly receive two punches to their faces and one in the stomach. We then holds them all over our head and spin then before tossing them into the ground. We continue to pummel The Poromon Clones.

GLASS SMASHES! BUZZERS! CAR HORN HONK! WHOMP BAM BIFF! ELEPHANT TRUMPETS!

We were really pummeling them!

Poromons: "AAAAAAAAHHHHHHHH! UNCLE! UNCLE!"

We all rolled them into the form of a basketball and throws throw them.

[The Poromons goe through a basketball hoop as a buzzer sounds. EVERYONE CHEERED!]

A Poromon clone drooled on Horsea.

Horsea: EW!

KICK!

She kicked him and blasted him.

Ed then pulled out a bottle of Edd's soda that will never lose its fizz. He drank it and released a huge belch.

Edd: "Freeze, mister!" [Ed moves into a position and stays still.] "Don't make any sudden movements. Just the slightest twitch might set off the mixture's volatile nature."

Eddy: [lifting Ed's shirt] "And we wouldn't want that to happen, now, would we?" [He takes a feather out and begins to tickle Ed.] Ed: [laughing and twitching] "Quit it, Eddy!"

Edd: "Stop! Halt! Halt!" [Eddy continues the tickling. By now, Ed is moving around violently, in the thrall of the feather.] Edd: "Abstain! Desist! ENOUGH ALREADY!" Eddy: [stopping] "Don't have a bird, Double D." [Ed begins to shake. His belly rumbles with the tension. His eyes then turn into spigots and the soda shoots out of his nose. It propels him away.] Ed: [flying] "Gassy."

HE SMASHED NUMEROUS CLONES ALL OVER THE PLACE!

Zerina Whitecap: I can't believe you crazy clones had some nerve to follow us to the city, but like Poromon said, you all sure are brainless. Well, I hope you're ready to join the rest of your buddies in the pearly gates.

Suddenly, Zerina Whitecap was surrounded by a massive vortex of dark blue energy with stars, water, and ocean waves surrounding the vortex, there are mermaids, phoenixes, and angels flying around the vortex, and in the vortex is a black phoenix with red eyes glaring at the remaining Poromon clones: the red eyes of eternal death.

Nico: Oh boy.

Lincoln: We already saw what the Mermaids of Whitecap Bay are capable of, now Zerina's going to tear those clones apart and finish what Poliwag started.

We were truly amazed by Zerina Whitecap's Super Angel-Whitecap Mermaid-God-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation, but, when the other Poromon clones saw it, they fired more Lightning Javelins at her to kill her, but Zerina Whitecap fired a massive barrage of dark blue energy, stars, water, ocean waves, mermaids, phoenixes, and angels which hit the other Poromon clones and sent them into a tree, they got back up, but they were now mad, and it got worse especially since they were all drunk.

Zerina Whitecap: (Divine Echoing Godly Voice of The Melodious Song Magic Water Ocean Maelstrom Whitecap Mermaid Phoenix God Angel and Divine Cosmic Eternal Melodious Song Magic Water Ocean Maelstrom Whitecap Mermaid Phoenix God Angel Love) Don't think you're getting out of this easily, you drunk clones.

Lincoln, Zerina Whitecap, and I went after the other Poromon clones, and we fired extremely powerful blasts of rainbow energy, dark blue and black energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at the other Poromon clones, and they exploded with incredible power as they hit them.

Then, we attacked them with energy slashes from our massive greatswords leaving scars on them and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at them as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well, and he, Zerina Whitecap, and I attacked them hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving the other Poromon clones even more madder and even more insane with drunken rage.

Then, Nico fired waves of water, May fired blasts of ice, and Qin fired blasts of fire, and Sebastian fired blasts of Divine Darkness that hit them and slashed at them with his dark greatsword, Then, Lincoln, Zerina Whitecap, and I fired powerful blasts of energy, magic, stars, music notes, water, ocean waves, and planets at the other Poromon clones, and Lincoln summoned fire wolf spirits and they brutally mauled and attacked them and they got badly hurt.

Lincoln fired black and midnight blue energy blasts at the other

Poromon clones, and as soon as they got hit, Lincoln sucked out their powers and he made their powers his and so did the rest of us and they were sent to join their comrades in death. Everyone cheered wildly as we holstered our weapons and powered down, and Zerina Whitecap's new body, clothes, weapons, jewelry, 28th Century silver Miracle Box backpack, Third Eye, large gold halo with four orbiting gold rings on each corner behind her head, twelve large dark blue and black planets orbiting around her legs, and massive midnight black angel wings and medium sized black angel wings underneath are permanent.

Me: That's it for those remaining clones, and we also have their powers as well.

Lincoln: That was one of my techniques utilizing my power absorption powers and abilities and the power absorption powers and abilities of the other villains we've destroyed and assimilated. But, I'm not limited to firing power sucking energy beams, I can also suck out their powers by grabbing them or using the power siphon of Aligned Starscream and the Vox Peniculus that I absorbed and gained a new power siphon device, and you all have one as well.

Nico: That's right, I remember. Vypra and the others are also joining us as well when the time comes, and she was horrified to find out Vilgax was the real mastermind behind it yesterday.

Lincoln: Psyphon already made us some new blasters to use on Vilgax, and they're going to hurt him bad, this is going to be one battle that decides the fate of the universe and beyond, which is why we have to give it everything we've got to destroy that slimy bastard.

Me: You don't have to tell me twice, he's going to pay for everything he's done!

Nico: Ok. Not all the clones were killed. How many are still left?

Camie: Pururumon here in my arms.

Nico: And the human Poromon here.

Yolei: And a Pururumon here in my harms here.

Xenia: Awesome.

Nico: Nice job Mega Castform!

Mega Castform: Thanks Nico! It was fun.

Me: It sure was.

Jaden: Yeah you got your game on!

Poromon got out a beer bottle.

Poromon: Want one?

Mega Castform: No thank you. I don't drink.

Poromon: Okay then.

Poliwag: (Panting) I'm too tired to do the puppy eyes.

Laney: Exhausted huh.

Poliwag: But I'll do it anyway.

Poliwag did puppy eyes

But he fell asleep in the middle of doing so.

Me: Oh poor Poliwag.

Nico: Blasting all those clones took it out of him.

Horsea did puppy eyes to Mega Castform

Horsea: Pwetty pwease?

Maria: Horsea that's enough.

Horsea: Okay okay.

Manaphy (to Poromon): Wait. How do I know you're the real Poromon?

Poromon: LOOK AT IT!

Manaphy: That's the real him alright.

Horsea: Whenever Poliwag is tired, I'm on puppy eyes duty

Me: Good thinking.

Lily: Yep

Weiss: Is anyone else disturbed at the fact that we just committed genocide on a horde of Poromons?

We looked at each other.

All of us: Nah.

Poromon: Besides. Those were just clones.

Qin: Yeah no harm there.

Nico: And we didn't kill ALL of them.

Me: True.

Xenia: Yeah.

Camie: Besides this was awesome though.

Maria: Is Poliwag gonna be okay?

Me: He's just tired that's all.

Nico: Yeah he's just tired.

Maria: Good.

William: First time he falls asleep in the middle of puppy eyes

Qin: Yeah I know.

Nico: Well now that we got that out of the way it's time for the main attraction.

Me: Yep. The Anothers.

Nico: Which are?

Eli: (Concentrates) Whoa! Another Sarawareteiru of the Fairy, Rock Jyamato, Toryo Jyamato, Queen Cat, Maid Jyamato Rider, and Furyo Jyamato.

Lola: COOL!

Qin: Nice!

Laney: So Sougo, Tuddrussel, Otto Osworth, Larry 3000, Time Wizard and Clockwork (Danny Phantom) are up.

Tuddrussel and Larry had their skulls bashed in because of Mr. Pig.

Me: I think you hit them way too hard Mr. Pig.

Mr. Pig: (Chuckles Sheepishly) Sorry.

Stewie: You happy you can talk thanks to me?

Stewie: You happy you can talk thanks to me?

Mr. Pig: I sure am.

Me: Good job Stewie.

Eli: And I sense the Another minus Sarawareteiru are one person.

Me: Nice.

Firefly (MLP): This is gonna be fun.

Then Firefly's cutie mark started to glow.

Me: Firefly's cutie mark is glowing. We know what that means.

Nico: There they are!

We saw ANOTHER Rock Jyamato, Toryo Jyamato, Queen Cat, Maid Jyamato Rider, and Furyo Jyamato!

Fox Firefly: Fox Firefly, Embodiment, Gene-slammer and Legacy of Firefly.

Firefly (MLP): Awesome to meet you!

Me: Same here.

Fox Firefly: It's an honor too. I'm an awesome sports master.

Lynn: Awesome!

Me: Is the Another Sarawareteiru friendly or hostile?

Fox Firefly: Friendly and she is a really amazing one.

Me: Awesome!

May: Sorry we have to do this.

Girl Jordan: Lets separate you first.

Girl Jordan and Leeli held hands.

(YURGEN'S TUNE PLAYS)

The skies had leaves and flowers flying in the wind along with sea dragons singing in the background

Girl Jordan and Leeli: (SINGING DIVINELY AS LEELI HAD FIREFLIES SWIRL AROUND HER AND GIRL JORDAN HAD HER AQUA BLUE AURA FLARED UP)

O holoré lay thee low

She glowed and the anothers were separated.

Me: Action time!

We blasted the Anothers and we caught the Wonder Ride Books.

Me: YEAH!

Qin: OH YEAH!

Maria: Time for backup. (TURNS DIAL) BUZZARDBRAINED BUTTKICKERS 6!

She summoned Buzzord, Timebreaker, Ghost Truck, Gothmog (LOTR), Snow Cat (Transformers Energon) and Sapotis and Frightningale.

Nico: Now, we wait.

Me: Yep. Well we don't have to wait long!

We saw ANOTHER SARAWARETEIRU OF THE FAIRY!

Me: Whoa! Another Sarawareteiru!

Nico: This will be good.

Another Sarawareteiru of the Fairy: It sure will.

Me: (GASP) That voice.

She reverted back and it was a girl with blond hair and blue eyes and had pink clothes and ink angel wings and had the symbol of the Triforce in the middle of her forehead and on her left hand and had a belt with the symbol of the Zelda Dopant on it and had the same symbol on her skirt and she had a Master Sword and on her hip was the Ocarina of Time.

Me: (GASP) Zinnia Zelda!

Zinnia Zelda: Awesome to see you again J.D.

Me: Same here.

Nico: Whoa! The Embodiment of the Zelda Dopant and you have all the powers of Legends of Zelda from over the course of 37+ Years.

Zinnia Zelda: That's right. All the powers of all the characters of Legend of Zelda. Including Zelda who was turned into a Fairy.

Nico: That is cool!

Xenia: It sure is.

Sougo: (gets out Grand Zi O Ridewatch) Did Swartz promise you anything?

Zinnia Zelda: No he didn't because I put him to sleep with sleeping dust and made my getaway.

Me: Clever.

Nico: Nice.

Sakura Knudson: That explains why he was out cold and sleeping long.

Me: Yep. Too bad he didn't die from that.

Zocks and Kaito: ZENKAIJU GEAR!

They donned their Zenkaiju Armor.

Lincoln: Lets separate you first.

Lincoln fired a beam of light and did so.

Me: Awesome!

Zinnia Zelda: This is gonna be fun.

Maria: (Gets out May Jyamato Rider's ridewatch) Clean up your game act!

We used the powers of Sarawareteiru of the Fairy, Rock Jyamato, Toryo Jyamato, Queen Cat, Maid Jyamato Rider, and Furyo Jyamato and blasted the Another.

Then Me Agon Gi, Yokai Princess, Icebird, Goushima, Taco Shark and Burgundy came

Dark Necrobat: (In a girls voice) It sure is but I like it.

Nico: Lucille Necrobat!? Whoa!

Lucille Necrobat: That's right. Awesome to see you Nico. I got this.

She fired a wave of energy and it hit the Another and blasted her down and I caught the ridewatch and purified it.

Me: Awesome!

She reverted back and was a girl with black hair and purple eyes and had a black bikini and had black angel wings and had a bat in front of a crescent moon in the middle of her forehead.

Lucille Necrobat: That was awesome. (STOMACH GRUMBLES) Uh oh! (PROJECTILE VOMITS)

Me: OH SICK!

May: OH C'MON!

Lucille Necrobat: Sorry! I have all of Pazuzu's powers and it's scary.

But silly.

Maria washed off May.

Me: Yikes!

Rarity: Lets get you some new clothes darling.

The fashion brigade gave her new clothes and she was dressed in all black.

Lucille Necrobat: I look awesome.

Maria: You sure do.

Nico: Yep.

May: There. All clean.

Lucille Necrobat: That must happen to you a lot.

May: You have NO IDEA!

Me: Do you have any favorite memories of Nico?

Lucille Necrobat: When me and Nico were at the Graveyard and I showed Nico how to summon the forces of the undead to help out.

Nico: That was awesome.

Brittney: You are perfect for being in the Goths of Darkness.

Lucille Necrobat: Thanks Brittney.

Nico: Yep. I was just about to say that.

Nico and Lucille hugged.

Nico: I've missed you.

Lucille Necrobat: Same here.

We later went back home.

Lincoln: Whoa, we're here in Maine, and I know what we're going to do here, not only am I going to rescue the six girls here, but we got bad news: a clone of Dark Lori created by Vilgax has been sighted and is causing havoc.

Nico: WHAT?!

Me: Creating a clone of Dark Lori, big mistake.

Lincoln: Yeah, but that won't slow us down. We're taking her down.

Sougo: And we're getting rid of her for good.

Yakko: And I'm looking forward to teaching that pathetic excuse for an older sibling a lesson: she abused her power as the older sibling and mistreated her brother for her own sick and twisted pleasure, I'm sending her straight to The Black Gates for that.

Suddenly, we saw a very beautiful and extremely super smoking, hot, gorgeous, sexy voluptuous woman with long red hair and red headband, pink eyes with red markings, she was tall at 7'0" in height, she has the extremely super smoking, hot, gorgeous, sexy voluptuous body of a goddess and huge voluptuous breasts, fair skin, she has massive and beautiful red angel wings, she's dressed in a pink sleeveless crop top, necklace with a red gem for the pendant, red skirt, black knee-high high-heeled boots with butterfly buckles, and long white sleeveless trenchcoat with stars, red fire, heart, phoenixes, and angels on the coattails and on the back is the pink and red planet Erosa, holstered on her back is a massive claymore sword with angel runes etched on the 7'9" massive, wide, double-edged silver blade, large white angel faces built into both sides of the hilt, longer midnight black handle, and silver pointed tip for the pommel, and with her are the six girls.

Lincoln: (GASPS) Amara Roshansa.

Amara Roshansa: That's right, Linky, and I got the girls away from that clone of Lori's Dark Side.

?: I'M GOING TO FUCKING KILL YOU, YOUR WHORES, YOUR WORTHLESS CHILDREN, THOSE WORTHLESS SISTERS, AND EVERYONE THAT YOU LOVE, YOU WORTHLESS PATHETIC MISTAKE!

We then saw the clone of Dark Lori, and she's even worse than ever before!

Yakko: (Thinking) Even after we got rid of you, you still continue to plague everyone who suffered because of you! No more! (Out Loud) No more will you be allowed to run free, you filthy animal.

Suddenly, something within Yakko Warner's mind brutally snapped as the memories of the suffering Lincoln went through because of Dark Lori rushed through his head, and his emerald green eyes turned neon emerald green, and he was surrounded by an emerald green, energy auras with stars, emerald green lightning, emerald green fire, phoenixes, and angels, he had his Yakko Warner's Emerald Green Supercell Electric Lightningstorm Giant Mallet of Acme Falls' Comedic Justice in hand, and as he approached the clone of Dark Lori, he left emerald green energy, stars, emerald green lightning, emerald green fire, phoenixes, and angels with every step.

Yakko: As if what Lincoln had to go through because of you wasn't enough, now, to find out that even dead, you still continue to remain a haunting presence on Lincoln and his family. Lincoln's a nice person who'd never do anything wrong, but it's people like you whom we've heard horrifying revelations about prove that Lincoln's torment was that deep, it scarred his mind and soul. (SUDDENLY

GETTING EXTREMELY AND DANGEROUSLY PISSED OFF AS HIS EMERALD GREEN ENERGY AURA FLARED UP AS HIS MUSCLES GREW AND BULGED OUT EVEN MORE) But, now even after we'd put you down and sent you straight to The Black Gates forever, you decided to come back thanks to Vilgax… , I'VE ABSOLUTELY HAD IT UP TO HEAR WITH YOU, YOU MONSTROUS, POWERHUNGRY, ABUSIVE, SELFISH, VIOLENT, EVIL, HEARTLESS, COLD-BLOODED ALPHA BITCH CONTROL FREAK! NOW, I'M GOING TO TEACH YOU A VIOLENT LESSON THAT YOU'LL CARRY WITH YOU STRAIGHT TO HELL!

WE GASPED AT THE SUDDEN EXTENT OF YAKKO'S RAGE TOWARDS THE DARK LORI CLONE: NOW THAT CONTROL FREAK ALPHA BITCH IS LITERALLY IN DEEP DOO-DOO!

Nico: OH, CRUD!

Me: Yakko has officially lost it!

Lincoln: He's about to teach that Dark Lori clone a violent lesson on what it truly means to be the older sibling: something she never learned as it went out her ears. HIT THE DIRT, GANG, HE'S GOING TO EXPLODE!

We stood our ground as Yakko screamed like an infinite-times fucked-up madman and he was surrounded by a massive vortex of emerald green energy, with stars, emerald green lightning, and emerald green fire surrounding the vortex, there are phoenixes, angels, and Yakko Warner flying around the vortex, and in the vortex is a black and white phoenix with red eyes glaring at the Dark Lori clone: the red eyes of eternal death.

Luna: Oh boy, now things are really going to get ugly.

Me: In a huge way!

Then, as the vortex faded, Yakko emerged, but he was changed forever.

Yakko Warner grew from 7'5" to 8'9" in height, his abnormally massive and powerful upper and lower body muscles grew much larger for his new body and he retained his eight-pack abs, he has gold braces on his massive biceps and thighs and he now has twelve large emerald green planets orbiting around his legs, he has emerald green lightning bolt highlights in the bangs of his full head of long black hair reaching the bottom of his neck and he has a large golden halo in the center with golden angel wings on the bottom and four large orbiting golden rings on each corner behind his head, he has anime-style eyes and beautiful neon emerald green eyes and an emerald green energy aura with stars, emerald green lightning, emerald green lightning bolts, emerald green fire, phoenixes, and angels surrounding him and immense rainbow protective aura with all the elements swirling around it, he has an emerald green phoenix and emerald green angel with emerald green lightning and emerald green fire in its wings emblazoned on his forehead and Third Eye with emerald green iris, he has on his Crystal Necklace of The Buddha with emerald green gems embedded in the gold lightning bolts and emerald green crystal links and emerald green phoenix-shaped Element of Harmony in the center and on the bottom of the Element of Harmony is a phoenix with emerald green gems for eyes and holding the Thunder and Eternity Kanjis in its claws for the pendant on his bare chest and he has on a gold version of He-Man's chest harness with emerald green gems on the gold crisscross straps and a kanji that said, "Yakko Warner, Loving Elder Brother, Powerful Ruler, and Loving Boyfriend". Yakko Warner has on an emerald green version of He-Man 2002's loincloth with long white trenchcoat flaps with stars, emerald green lightning, emerald green lightning bolts, emerald green fire, phoenixes, and angels on the coattails, large long white pants with emerald green lightning bolts and emerald green fire on the legs, large gold armored boots with emerald green gems embedded in the front, and he has an emerald green phoenix and emerald green angel and the Warner Bros logo in its claws tattooed on his wider and more muscular back and they're surrounded by emerald green lightning and emerald green fire and silver 28th Century Hi-Tech Futuristic Miracle Box backpack with phoenixes and angels surrounding an emerald green gem with neon glowing emerald green lights equipped with recognition of her and fits an infinite number of items and component for his Miraculous, Familiars, and Bakugan to rest in. Suddenly, Yakko felt a sharp pain on his now wider and more muscular back, and then, his massive midnight black angel wings with emerald green tips on the black feathers grew much larger for his new body and medium sized midnight black angel wings with emerald green tips grew and sprouted out underneath his massive black angel wings and his tail with emerald green lightning bolt streak grew larger and longer for his new body. Yakko has on his signature white gloves and Ring of The Phoenix with large emerald green gem and heart shaped gem embedded in it on his right ring finger and Green Lantern corps ring on his left ring finger and Stone of Gelel embedded in the back of his large left hand and he has smaller planets orbiting around his fingers like rings.

Suddenly, Yakko Warner's Emerald Green Electric Lightningstorm Giant Mallet of Acme Falls' Comedic Justice and all the greatswords and swords he'd got began merging together and they're surrounded by a kaleidoscope of emerald green energy, stars, emerald green lightning bolts, emerald green fire, phoenixes, and angels, and when it emerged, it was transformed into Yakko Warner's Cosmic Green Emerald Green Inferno Supercell Electric Green Lightning Thunderstorm Giant Mace Acme Falls Comedic Phoenix God Angel of Cosmic Green Emerald Green Inferno Supercell Electric Green Lightning Thunderstorm Giant Mace Acme Falls Comedic Phoenix God Angel Justice, it's a brand-new giant mace measuring at 8'7" in length with a massive emerald green sphere with bull head above it and a large emerald green gem surrounded by a gold ring below the massive emerald green sphere with gold phoenix coiling around one end of the long black staff and on the other end are four large gold bull heads with emerald green gems for eyes and on the bottom of the large gold bull heads is a large golden ring surrounding a large gold bull head with emerald green gems for eyes and emerald green gem in its mouth for the pommel, he has on his brand-new large gold Bracers of the Champions of The Universe with emerald green gems on his wrists and wrist computer on his left gold Bracer, his new large gold Belt of Elemental Bravery with a large gold bull head with emerald green gems for eyes and a large emerald green gem in its mouth for the belt buckle on his waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace, Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on his right hip and Eater of Sins revolver holstered on his left hip. There's an emerald green kanji with emerald green lightning bolts and emerald green flames in between the kanji below the phoenix and angel that said, "Yakko Warner, Loving Eldest Sibling and Leader of The Warner Siblings, Star from Animaniacs, King and Savior of Acme Falls, Loving Son of Sir William the Good and Lady Mary the Good, True Immortal Hero, Loving Boyfriend and Future Husband of Cherry Hunter, Cammy White, Milan Flare, and Yoko, Destroyer of Salazar the Pushy and the Greedy, Archenemy of Chicken Boo, Brave Warrior of The Cosmos, Protector, Defender, and Savior of The Universe, Multiverse, and Beyond, Ambassador and Beacon of Hope to The Universe, Master of The Powers of Friendship and The Elements, Master of The Fury of Celestial Xelnaga, Master of The Black Gates, Ultimate Force of Ultimate Good, True Great God of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust, Destroyer and Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Cartoon Logic, Fast-Talk, Emerald Green Lightning, Emerald Green Fire, Phoenixes, and Angels"

Then, Lincoln fired a massive rainbow energy blast with stars, galaxies, and planets reflecting and they hit the Dark Lori clone and she was destroyed and sent to The Black Gates. We cheered as we holstered our weapons and powered down, and Yakko Warner's new body, clothes, weapons, jewelry, Third Eye, massive and longer tail with green lightning bolt streak, large gold halo with four large orbiting gold rings on each corner behind his head, large twelve emerald green planets orbiting around his legs, and massive black angel wings and medium sized black angel wings underneath are permanent.

Lincoln: Nice try, Vilgax, but we've dealt with that rotten monster more than once, and that wasn't going to slow us down. (To Amara Roshansa) And it's so good to see you again, Amara.

Suddenly, Lincoln was pounced on by Amara Roshansa as he caught her in his arms and she proceeded to kiss him all over the place as he was on the ground and she was on top of him: face, arms, pecs, eight-pack abs, and stomach and she has her hands on his massive pecs. When Amara Roshansa was done, Lincoln was covered in red and pink lipstick marks on his face, massive muscular arms, hairy pecs, eight-pack abs, and stomach, and he had an atomic red blush on his face and he was literally in Heaven.

Lincoln: (In Heaven) That's… something I've not… forgotten.

We snickered as Lincoln got back up.

Amara Roshansa: Sorry about that, but it's so good to see you again, Lincoln. It's been seven years since we last met.

Lincoln went up to Amara Roshansa and he hugged her, and Amara Roshansa is very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how much more stronger and how much more muscular he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face soon became even deeper when she saw his longer vampire fangs and more massive white angel wings and medium sized angel wings underneath with orange and aurora tips on the feathers, large gold halo with four large orbiting gold rings on each corner behind his head, along with hearing his mature, deeper, and manlier voice and seeing the larger white wolf ears with rainbow markings on his head, eleven massive and longer white wolf tails with rainbow markings and rainbow tips and white rabbit tail with rainbow markings on top of the massive and long white wolf tails, thick hair on his massive forearms, stubble on his jawline, and chest hair on his pecs, He-Man's chest harness, and many other accessories, and she also met his Rabbit Miraculous, Eini, the Universe 666 Miraculous, his familiars, the male white Rabbit Familiar, Alistair, the white Vampire Bat Familiar, Artemis, and the white Wolf Familiar, Seiko that came out of his backpack.

Lincoln: It sure has been a long time, I haven't seen you since you were seventeen, and as you can see, I really grew a lot since then.

Amara Roshansa: Holy crap, you sure have, you've really really grown up to be very big and very strong like a tree, Lincoln, you've really grown a lot from the cute eleven-year-old little boy into a 18-year-old 8'9" tall, very handsome, and manly man with really massive and powerful upper and lower body muscles and eight-pack abs, and you still have those vampire fangs and massive white angel wings and medium sized angel wings underneath, that's so awesome, and the large white wolf ears on your head and the eleven massive and long white wolf tails with markings and white rabbit tail on top of the massive and long white wolf tails, hair on your massive forearms, beard stubble on your jawline, and chest hair on your pecs and many accessories and large gold halo with four large gold rings orbiting behind your head, that's really new, along with getting He-Man's chest harness. (Rubs his massive pecs with her hands) You've really really grown a lot and became a man, but you're still the same kind boy from long ago, plus, you've also grown even more bigger in muscle mass, you can land an airplane on that massive, wider, and more muscular back, squash a melon with those really muscular quads and thighs, and cut a rock into a diamond on those rock-hard eight-pack abs, and there's not even a tape measure long enough to measure that chiseled chest or massive biceps. Plus, I've also met your familiars, and they are really awesome.

Eli: And he'd also been hit with massive amounts of cosmic radiation and he'd been imbued with the same powers as J.D. and all of us, and he's become truly immortal.

Me: Yep, and Lincoln, you know this very beautiful and extremely super smoking, hot, gorgeous, sexy voluptuous woman?

Lincoln: Indeed I do, J.D.

Selene Emperyous: And so do we, this is Amara Roshansa, she's Lincoln's Guardian Angel from a planet in the Andromeda Galaxy known as Erosa, this planet is inhabited by extremely super smoking, hot, gorgeous, sexy voluptuous women known as Erosans, but don't let that fool you: they're also extremely very powerful warriors and they also know how to use their seductive powers to get male perverts to lower their guard, and then, BAM!, they knock them out and send them flying into the middle of nowhere with one punch.

Me: Whoa, I never knew about them.

Shanan: I do, and they're exactly like Selene said.

Selene Arcangela: Yep, and Lincoln saved Amara from a group of Flip's thugs and he drained them all dry of their blood, muscle mass, massive physical strength, and virility, and when Amara laid her eyes on Lincoln, almost immediately, she fell in love with him as she saw just how strong, brave, and courageous he was in saving her from them, and she even saw that he was definitely a strong and handsome male, and she engaged in a fierce make-out session with him which lasted for almost two hours.

Nico: That must've been one hot and steamy make-out session.

Michelle Emperyous: That wasn't the longest make-out sessions Lincoln has had with his harem. Amara trained Lincoln hard underneath the scorching hot sun, and she was really impressed at how he was able to endure extreme heat along with the extreme cold, and she found herself a man who went beyond her expectations. Lincoln made her a claymore sword, and to show her thanks, she kissed Lincoln on the lips which he returned, and as a result, he promised that when he comes of age, he will marry her along with the rest of his harem. She hates all of Lincoln's enemies with a blazing passion, and she's also quite defensive when it came to protecting and defending Lincoln from Lori, Lynn, Lola, Lisa, and Luan and she's more than once knocked them out.

Me: Wow, talk about a Guardian Angel who really takes defending her man to the next level.

Lincoln: Amara never showed those who tried to hurt me any mercy whatsoever, and she's really fierce, and now that you're here, Amara.

Lincoln went up to and hugged Amara Roshansa in his abnormally massive and powerful muscular arms, he leaned his head down the right side of her neck, and he slowly bit her and he fed on their blood, and we suddenly saw his rainbow energy aura with elemental forces and mythological animals flare up extremely as he gained an extremely astronomically huge and massive power boost and he also gained the very same powers as her, and his abnormally massive and powerful upper and lower body muscles bulged even more as veins formed, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails with rainbow tips and rainbow markings. He slowly unlatched his fangs from her neck as her neck healed and the puncture marks sealed up, and he slowly kissed where he bit her.

Amara Roshansa: Mmm, you're still just as gentle as ever when you feed on one of your Guardian Angels, Lincoln.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared on the neck of Amara Roshansa with red gems on the gold lightning bolts and pink crystal links from her merged Crystal Necklace of The Buddha along with a white and gold-accented Elemental Thunderbird Choker of Eternal Love on her neck.

Amara Roshansa: (Surprised) Lincoln, are these…?!

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means you're now part of my harem and my many future wives, Amara Roshansa, and of course, for that little pouncing.

Lincoln still had his massive arms wrapped around Amara Roshansa's waist, and he leaned down to her face and kissed her on the lips, but when she placed her hands on his massive pecs, Lincoln deepened the kiss and we all cheered for them. When Lincoln separated, Amara Roshansa had an atomic red blush on her face, hearts in her eyes, and her heart was beating like mad. Then, we went up to the six girls, and when Lincoln saw the six girls, he immediately recognized them. The six girls are Misato Yoshino, Nanami Tsuda, and Riku Yanase from Mesu Ochi! Kyonyuu Mizugi Tsuma-tachi to no Love Ero Swimming! and Meru Tsukishima, Nanami Tachibana, and Minawa Yukino from School Swimwear -Swimming in a Semen Pool-

Lincoln: Oh wow, it's Misato Yoshino, Nanami Tsuda, and Riku Yanase from Mesu Ochi! Kyonyuu Mizugi Tsuma-tachi to no Love Ero Swimming! and Meru Tsukishima, Nanami Tachibana, and Minawa Yukino from School Swimwear -Swimming in a Semen Pool-

Nicole: So, we got some awesome swimmers, that's cool.

Lincoln: Yep. Are you girls okay?

Misato Yoshino: Yes, we're okay, thanks to you.

Then, when Misato Yoshino and the other five girls saw who it was that saved them from the Dark Lori clone, their faces turned atomic red upon seeing the 18-year-old 8'9" tall, handsome hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair and large white wolf ears with rainbow markings on top of his head with large golden halo in the center with golden angel wings on the bottom side and four large orbiting golden rings on each corner behind his head, thick hair on his massive muscular forearms and beard stubble on his jawline, rainbow colored thunderbird with gold lightning bolt in its claws and the Ebonwu Squadron emblem on its chest emblazoned on his forehead and Third Eye with rainbow iris, rows of straight teeth with vampire fangs, Crest of Miracles on his massive right pec and golden lightning bolt cutie mark with the thunderbird and comic books surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle on his massive left pec, Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his massive, wider, and more muscular back, and on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, Dragon, Tiger, Vampire Bat, Werewolf, and Buffalo and a Rinnegan-like marking, and right below the Cutie Mark tattoo is a rainbow kanji with nine magatama and the symbols of the elements in between the kanji that said, "Lincoln Landon Loud, Almighty Champion and Emissary of Hinon, Almighty Master of The Elemental Forces, The Storms, The Cosmos, and The Universe, Master of Hero Personas and Many Powers, The Loud House's Man With A Plan, Voice of Reason, Golden-Hearted Brother of Many Siblings, Almighty Golden-Hearted Lover and Father of Many Kids, Almighty Golden-Hearted and Loving Son of Lynn Sr. and Rita Loud, Loving Grandson of Albert Loud and Samuel Loud, Almighty Golden-Hearted and Loving Future Husband, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family, Powerful Alpha Vampire-Werewolf-Cyborg Hybrid, Descendant of The Seventeenth Century Duke Lincoln McLoud of Loch Loud in Scotland, Destroyer of Morag McLaughlin and Many Evil Monsters and Many Evil Villains, Archenemy of Max Dillon Also Known as Electro and Comic Book Guy, True Immortal Hero and God, Destroyer and Slayer of Extremely Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry, Psychotic, Irredeemable Bastards and Tyrants, Talented Comic Book Writer and Video Gamer, Jack-Of-All-Trades, Brave Warrior of The Cosmos, Protector, Defender, and Savior of The Universe, Multiverse, and Beyond, Master of The Powers of Friendship and The Elements, Master of The Fury of Celestial Xelnaga, Master of The Black Gates, Ultimate Force of Ultimate Good, Great God of Friendship, Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust, Ambassador and Beacon of Hope to The Universe, Savior of The Loud House and Michigan, True Immortal Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of Many of Team Loud Phoenix Storm's Branch Teams, Spice Demon of The Loud Family, Surfer of The

Misato Yoshino: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet the rest of you.

Lincoln made five clones of himself, and he and his clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the thick muscular necks of Lincoln and his clones, and we cheered wildly at the scene, and he slowly bit them and he fed on their blood, and we saw his rainbow energy

aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails. He then slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them.

Misato Yoshino: (Seductively and rubs her hands on Lincoln's massive pecs) You too, big, tall, muscular, and handsome.

Suddenly, six Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Misato Yoshino, Nanami Tsuda, Riku Yanase, Meru Tsukishima, Nanami Tachibana, and Minawa Yukino with colored gems embedded in the lightning bolt links and colored crystal links from their merged Crystal Necklaces of the Buddha along with white and gold accented Elemental Chokers of Eternal Love on their necks. We returned to The World Tree Estate and they were shocked to find out the villain we went after was a clone of Dark Lori created by Vilgax and was causing havoc in Maine.

But, when Lincoln showed what happened such as Yakko transforming and laying quite the beatdown on her and all of us joining in on thrashing her hard into the ground, and Lincoln finishing her off and sending her to The Black Gates forever, everyone cheered and they went up to us and hugged us and Lincoln's harem kissed him on the lips. Lincoln and Amara Roshansa have a lot of catching up to do, now that she's back in town.

Maria: He tried to slow us down with that clone of Dark Lori, big mistake.

Lincoln: Yeah, we've dealt with Dark Lori before, and we showed her no mercy whatsoever.

Nico: But, this won't stop us. Vilgax will be destroyed once and for all.

Me: Yeah, he's done terrorizing the universe, and soon, he'll be a forgotten memory.

---

After destroying the Dark Lori Clone in Maine, we were training intensely in the gym, doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we were also doing 900,000,000,000,000 reps of tail bicep curls to get our eleven massive and long wolf tails even more stronger than ever as well, and when Amara Roshansa saw Lincoln doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Amara Roshansa: My God, I was right that Lincoln's really grown into a 18-year-old, 8'9" tall, really big, handsome, sexy, and extremely super strong manly man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs really hard at work, and really working out with those 900,000,000,000,000-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan, and he's also doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, and he now looks even more ripped than ever. He's definitely been continuing on bodybuilding and working out even more for many years, and because of that along with the combination of his diet plan that we gave him, along with his hyperpuberty and genes, he'd gained the powerful and massive body that all bodybuilders could only dream of. If anyone tried to mess with him now, they were in for

a world of hurt and trouble, and he's always been there to defend and protect us from Chandler, his goons, Pablo, Anderson, and Hawk and Hank at school or out in public, and he was also quick to defend us from Lori, Lynn, Lola, Lisa, and Luan if they get out of search control again, along with Killjoy Huggins.

Lincoln: Yep, and I've also trained a lot under a lot of very powerful teachers, J.D. and Nico included, Amara, and I can still defend myself, and in addition to getting stronger and bigger in muscle mass, I've also gotten smarter as well.

Amara Roshansa: That's incredible, and we'd already known just how strong you were long ago ever since you did some wrestling and working out with some of the other Guardian Angels long ago, and we're so proud of just how much stronger you've gotten, and just how much taller you've gotten, along with getting that much bigger in muscle mass, and you've also been getting smarter as well.

Nico: You got that right, plus, we heard all of the stories from Lincoln about you girls and about how you all helped him in his training to become an emerging hero before Team Loud Phoenix Storm was formed, and how he grew from the little boy from years ago into the really big, really strong, and really powerful man we know today.

Amara Roshansa: I knew it was only a matter of time before he told everyone that story.

And when Tracey Mink and the rest of my harem saw me doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear my mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get my eleven massive and long rainbow wolf tails even more stronger than ever, they had an atomic red blush on their faces, hearts in their eyes, and their noses were bleeding.

Nico: And are there others like you, Amara?

Amara Roshansa: Yep, they're none other than my sisters, and I have sixteen sisters.

CLANG!

My jaw hit the floor and Eli shut it.

Me: That's the same number of siblings Lincoln has, whoa!

Amara Roshansa: Yep, and like me, they're all Lincoln's Guardian Angels, and like Lincoln's entire harem, we all love him with all our hearts, and we swore not to let anything happen to him. Oh, and Lincoln, there's something I've wanted to give to you.

Amara Roshansa pressed some buttons on the computer and a machine with a massive glass jar full of pink and red liquid dropped down, and then, tubes dropped down and hooked onto Lincoln's pecs, trapezius, and covered crotch as he put down the massively heavy dumbbells.

Me: What on Earth is that?

Shanan: (GASPS) Oh man, I think I know what that pink and red liquid is inside the jar: that pink and red liquid is known as Aphrodisiac Erotica Muscle Growth Serum, it's a powerful and super potent muscle growth serum that was created on Erosa, Amara's home planet, and this stuff is mega powerful. When administered into the body of their chosen mate, not only will they experience extreme muscle growth, but they'll also experience feelings of pleasure and extreme heat, and it also gives their chosen mate infinite superhuman strength, superhuman speed, superhuman agility, superhuman durability, superhuman flexibility, superhuman endurance, superhuman intelligence, along with extremely high levels of libido and increase in their sex drives.

Nico: What the? This is just like with that Devil's Brew Lilith Balthazar gave him.

Amara Roshansa: But, infinite-times more potent, and I had to wait until Lincoln's body has reached the very form that's compatible with our serum.

Amara Roshansa activated the machine, and then, it began pumping the Aphrodisiac Erotica Muscle Growth Serum into Lincoln's body.

Lincoln: (GROWLS) Oh man! It feels like my whole body is completely on fire! But, this feels so good!

Suddenly, we saw Lincoln's abnormally massive and powerful upper and lower body muscles grew and bulged even more as veins formed, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails with rainbow tips and rainbow markings, and as Amara said, Lincoln experienced feelings of extreme heat and pleasure, and he was growing so much stronger as a result as all of the benefits of the serum were forever merging with his body.

Then, the jar was completely empty as the tubes unhooked themselves from Lincoln's pecs, trapezius, and covered crotch, and when it was done, Lincoln was now even more ripped and shredded than ever and heat waves were coming off him.

Nico: Lincoln, how do you feel?

Lincoln: I feel even more incredible, Nico. (Flexes his even more massive muscles) That serum of hers is really potent, I'm even more stronger than ever, and you and J.D. won't be left out, Amara's got more family members to hook you guys up with. Hope you can keep your cool.

Nico and I gulped.

Nico: We've got to keep our cool around any of Amara's relatives, J.D., or else, Nicole or even worse, Lincoln, will knock us out with one punch to the jaw.

Me: We'll be sure of that one.

We got a shower, and then, Lincoln, Abby, Carly, Darla, Erica, Jenna (Fairly OddParents), Britney Britney, and Carly (Fairly

OddParents) are heading to Wave Ocean.

Lincoln snapped his fingers, and the white-haired, 8'9", handsome and extremely muscular man had on his new large orange and black speedo with a Thunderbird and a lightning bolt surrounded by elemental forces and stars on it with rainbow flames coming off the speedo, orange sandals, his jewelry and accessories, and he had his weapons holstered in case of trouble.

And Abby, Carly, Darla, Erica, Jenna (Fairly OddParents), Britney Britney, and Carly (Fairly OddParents) are dressed in two-piece colored bikinis The Musiqidandi Sisters made for them, colored sandals, and they had their weapons holstered in case of trouble. Plus, we found out Abby, Carly, Darla, Erica, Jenna (Fairly OddParents), Britney Britney, and Carly (Fairly OddParents) all had feelings for Lincoln, and he also had feelings for them, and he also saved them all from an ambush by a group of musclebound thugs Flip hired to kill them, Lincoln sucked out their muscle mass, virility, strength, blood, and life energy as it killed them all which made that mutant cheapskate go insane with anger, until Lincoln fired energy blasts at her and more gold and jewels and treasures came out of him, but they also got to keep their heads up, they got word that mutant cheapskate has sent more muscle-bound thugs to kill them.

Abby: Wow, so this is Laverra Beach. It sure is beautiful.

Lincoln: It sure is, Abby, and it's perfect for our first double date. Shall we?

Lincoln, Abby, Carly, Darla, Erica, Jenna (Fairly OddParents), Britney Britney, and Carly (Fairly OddParents) dived into the waters and they had fun swimming and they even saw the marine life there. Then, they went back to the beach and they had an awesome volleyball game, and Abby, Carly, Darla, Erica, Jenna (Fairly OddParents), Britney Britney, and Carly (Fairly OddParents) got an extremely massive and deep atomic red blush on their faces when they saw Lincoln lift thirteen massive 900,000,000,000,000-lb barbells Lincoln summoned in his large and strong hands and thirteen massive and long white wolf tails, and they were really swooning over him.

But then, they saw the hulking muscle-bound thugs that Flip hired coming after them, but Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he also grew even stronger. When Lincoln was done, the vacuum tubes detached themselves from the chests of the thugs and went back into Lincoln, and the thugs were now dead from blood loss and thin as a rake and he absorbed them.

Lincoln: Nice try, you stupid mutant!

Then, they had some lunch, and then, as the sun was about to set, Lincoln made clones of himself and he and his clones went up to Abby, Carly, Darla, Erica, Jenna (Fairly OddParents), Britney Britney, and Carly (Fairly OddParents) and they hugged the girls in their abnormally massive and powerful muscular arms and Abby, Carly, Darla, Erica, Jenna (Fairly OddParents), Britney Britney, and Carly (Fairly OddParents) placed their hands on the massive pecs of Lincoln and his clones.

And then, they shared a passionate and romantic kiss and Lincoln slowly sank his fangs into Abby, Carly, Darla, Erica, Jenna (Fairly OddParents), Britney Britney, and Carly (Fairly OddParents) and fed on their blood, and his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings and medium-sized white angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white tails with rainbow tips and rainbow markings.

He slowly unlatched his fangs from their necks as their necks healed

and the puncture marks sealed up, and he also kissed where he bit them. They came back home to The World Tree Estate, and Nico and I saw Lincoln covered in kisses on his face, body, and eight-pack abs.

Me: (Whistles) Wow, it looks like you really had a good time at Wave Ocean, eh, Lincoln?

Lincoln: (In Heaven) It… was… so… AWESOME!

Suddenly, seven Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Abby, Carly, Darla, Erica, Jenna (Fairly OddParents), Britney Britney, and Carly (Fairly OddParents) with colored gems on the gold lightning bolts and colored crystal links from their merged Crystal Necklaces of The Buddha and white and gold-accented Elemental Thunderbird Chokers of Eternal Love on their necks.

Lily the Mermaid: Wow, now Abby, Carly, Darla, Erica, Jenna (Fairly OddParents), Britney Britney, and Carly (Fairly OddParents) are in your harem, Linky.

Abby, Carly, Darla, Erica, Jenna (Fairly OddParents), Britney Britney, and Carly (Fairly OddParents) showed the marks Lincoln made on the right sides of their necks.

Wanda: I hadn't forgotten when those supermodels and Carly met him when he was doing a modeling job for a bodybuilding magazine, along with Britney Britney, and when they did, Lincoln was covered in lipstick marks and the girls wound up with tons of kisses from him, they sure did enjoy their slice of beefcake alright. (Chuckles)

Jenna: And Flip had some nerve trying to kill them, that mutant is just making things much worse for himself.

Serena Logan: I always knew that stupid mutant was and always will be nothing but fucking trouble, and he's just making things worse for himself.

Rarity: And trying to kill Abby, Carly, Darla, Erica, Jenna (Fairly OddParents), Britney Britney, and Carly (Fairly OddParents), now that repulsive ape is really going to get it.

Lincoln: And we also had a run-in with more of the hulking muscle-bound hired thugs he sent to kill us yet again, but I sucked out their muscle mass, strength, and virility and I killed them all and sent them to The Black Gates, and that dumb mutant should be screaming with pure vengeance and hate at us in 3… 2… 1!

Suddenly, we heard Flip scream and bellow with extreme hatred and rage and cursing right at us, and now, he's officially lost his mind.

Maria: (Flips Flip the middle finger) Yeah, up yours, you mutant three-butt-cheeked cheapskate!

Nico: Even after we kicked Flip's miserable hide, that mutant still refuses to quit!

Lincoln: Same with Lewis Travolta, Dark Amy, Icky Vicky, Billy McLean, Pablo, Anderson, and the other jerks at Dad's restaurant, but it's much more fun to see their thugs get killed by me.

Eli: It sure is, and it's so much more fun seeing them blow their stacks!

We then saw Lincoln form a viewing window, and then, Lincoln snapped his fingers.

SNAPS FINGERS!

We saw a massive funnel appeared in Flip's mouth, and then, massive cartons of the extremely powerful laxatives that Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta appeared over the funnel.

Eli: (GASPS) ARE THOSE…?!

Nico: The extremely powerful laxatives Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta?!

Luna: DO IT, BRO!

Then, the extremely powerful laxatives were dumped into Flip's mouth and the funnel was removed. Then, Flip's stomach gurgled and rumbled, and then… !

MASSIVELY LOUD AND EXTREMELY WET FART!

Flip farted and massive tons of gold, jewels, gems, and other currencies exploded out of his three butt-cheeks like crazy!

Flip stopped farting like crazy.

Lincoln: That's for trying to get your musclebound thugs to murder me and the girls in my harem, you stupid mutant cheapskate!

Nico: Jeez. Those laxatives are really powerful, I still remember when you tried that prank on me years ago, Connor, but that failed.

Eli: Because of you using Walker's powers.

Connor Chan: Now, Flip's really pissing me off now, if he does this again, I'm gonna shove a grenade down his throat!

Nico: Connor, I know you're angry, but we're saving it for December 1st when we kill him, Icky Vicky, and Xehanort. Now, don't even think of getting into the weapons room or I'm telling Dad!

Connor Chan: Tattle tale.

---

Later it was time for Luna, Samurai Jack and Marina's second mission

Nico: Anyone else want to go with Luna, Jack, and Marina? Besides Thomas the Tank Engine and Right?

Hydro Man: I'll go.

Gali: So will I.

Rarity: Same with me darlings.

Cheese: Okay

Varie: Me and all the Brave 12 will go. After all we did help Jack before.

Nico: Awesome idea.

Eli: Yep.

Nico: Lets head head out.

We were off to Japan.

---

We arrived in Japan.

Me: Here we are.

Varie: Always love coming to Japan.

Hikaru: Hey guys!

Me: Awesome to see you again Hikaru.

Luna: Dudes, meet Thomas the Tank Engine and Right

Thomas the Tank Engine: Awesome to meet you! Thomas of Sodor.

Right Suzuki: And I'm Right Suzuki leader of the ToQgers.

Me: They are 2014's Super Sentai Ranger team and they use trains for their team theme.

Hikaru: Wow! That is cool!

Me: Yep.

Luna Loud: This is my archenemy.

Hydro Man: Awesome to meet you. Name's Morris Bench, but I go by Hydro Man.

Hikaru: Whoa! Awesome to meet you.

Hydro Man: Same here.

Gali: I'm Gali, Toa of Water.

Rarity: And it's a pleasure to meet you Darling. I'm Rarity the Princess of Generosity and the Water Skylanders.

Me: And these are the rest of the Brave 12.

Hikaru: WOW! THE Brave 12! It's truly an honor.

Varie: Pleasure is ours.

Fu: It sure is.

Cheese: (BURPS)

Me: And this little guy is Cheese.

Luna: Yeah. Lincoln is my little brother and Laney, Lisa and Lily are my little sisters.

Hikaru: That is awesome. It's an honor.

Hikaru: Yesterday was pretty crazy, huh?

Me: That is a big time fucking understatement! But you did a great job helping us out.

Hikaru: Thank you.

Me: You're welcome. But now we know who was the one pulling the strings behind Lord Zedd and Rita and Aggregor.

Hikaru: And that was Ben's archnemesis Vilgax.

Fu: That is for sure.

Hikaru: Lets talk more at HQ

We went to UPG HQ.

As Hikaru was talking, Cheese took out a pink horse toy and started playing on his head.

Hikaru: Ok. So maybe you guys didn't land the killing blow on Zedd. But at least he's gone for- (to Cheese) Will you please stop that?!

Cheese: I'm a horsey! Baahh pew pew pew! Baaah! Now your a horsey! (tackles Hikaru)

Nico: Okay Cheese cut that out.

Nico grabbed him.

Me: Cheese has a brain the size of an amoeba and he is really funny. He's funny to us but annoying to all the jerks.

Eli: It's true.

Fu: Yeah we get a good laugh out of it.

Varie: It's true.

Me: But yes you're right Hikaru. We may not have done the killing blow but Zedd is gone forever.

Nico: Yep.

Vince: Yep. Before Nico, I was second in command of the team back then and it was really awesome.

Nico: That's right and this was before I joined everyone. That was so awesome.

Me: We had to battle it all. Supernatural demons, Paranormal forces, aliens from numerous planets, robots and bounty hunters constantly out to kill us, it was brutal. But we pulled through.

Misuzu: WHOA!

Me: Yeah.

Hikaru: What about Ashi?

Me: Oh she and Jack are now married and have an amazing family now free from Aku. She and her sisters now live with us. They are back home but you'll meet them soon.

Nico: Yep.

Me: You would love all the friends we met that we helped during that time. We met lots of friends and allies and they helped us bring down Aku.

Nico: They formed into one amazing and epic rebellion against him.

Vince: It's true. And with our combined strength we brought down Aku and took back our planet and the Universe from his evil grasp.

Hikaru: WOW! That is an awesome adventure.

Nico: It was! I was amazed hearing about all that.

Eli: Me too.

Hikaru: That is awesome. You guys are legends.

Me: Yeah. We get that a lot. But enough about that. Lets talk about what we saw in the first mission.

I pulled out the King Pandan doll.

Right: You using action figures of Ultraman must use a lot of imagination

Me: These aren't action figures. They are called Spark Dolls. They may look like toys but they are the powers of all of the skills of Ginga.

Hikaru: That's right and it's a powerful force for all of them.

Thomas: Are they immune to damage?

Hikaru: Well Yes and no. They are immune to conventional weapons. But not the powers of the Kaiju.

Eli: You as Ultraman Ginga and Godzilla and the Kaiju.

Hikaru: Exactly.

Me: So we got the right idea to have Godzilla and the Kaiju helping us.

Hikaru: Yep.

Me: Cool.

Marina: I should put myy jumpsuit on.

Me: Okay.

Marina went and did so.

Hikaru: Going to change into her Ripjaws form?

Me: Yep.

Marina came out and she had an aqua blue jumpsuit on.

Nico: Pretty.

Me: Awesome!

Marina: Thanks.

Nico: Any trouble here?

But then the alarm went off and we went and saw DARK GALBEROS near a mountain village and lake! He was from episode 7 of Ginga!

---

Galberos appeared in episode 7 of Ultraman Ginga as Dark Galberos (ダークガルベロス, Dāku Garuberosu), a Darkness-Enhanced Form (暗黒強化体, Ankoku Kyōka-tai) of the original variant.

Dark Galberos was transformed into a Spark Doll by Dark Lugiel along with all monsters and Ultramen. His host is Go Osato, a professional boxer who was forced to resign after a gambling scandal. He agreed to a wrestling match against Black King, and fought fairly until Ultraman Ginga was summoned. Then he created duplicates to trick Ginga, but he created his own to confuse the confuser. Ginga then used Ginga Fireball to transform Dark Galberos back into a Spark Doll

---

Me: WHOA! Dark Galberos! I remember him!

Eli: Yeah no kidding!

Nico: Lets get moving!

We were off!

---

We flew and saw him!

Nico: There he is!

Me: Whoa he sure is ugly!

Eli: Lets bring out the big guns! GODZILLA!

A familiar roar was heard and we saw GODZILLA!

(GODZILLA THEME SONG)

Godzilla: So Dark Galberos huh?

Eli: That's right!

Dark Galberos roared.

Godzilla fired an Atomic breath blast and it hit Dark Galberos and exploded all over!

KRABBBBBBBOOOOOOOOOOOMMMM!
KRABBBBBBBBOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOMMMM!
KRABBBBOOOOOOMMM! KRABBBBOOOOOOOOOOMMM!

Nico: YEAH!

Dark Galberos roared and he was mad!

Nico: Now he's mad!

Godzilla fired another Atomic Breath blast and it hit Dark Galberos and exploded all over!

KRABBBBBBBOOOOOOOOMMMM!
KRABBBBBBBOOOOOOOOOOMMMM!
KRABBBBBBBOOOOOOOOOOMMMM!
KRABBBBBBBBOOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOOOOOMMMMMMMMM!

Nico: OH YEAH!

Dark Galberos then charged up a dark energy blast and fired and Vince used the powers of a Crystal shield and blocked it!

Godzilla fired another atomic breath blast and blasted Dark Galberos all over.

KRABBBBBBBBOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBBOOOOOOOOOOOMMMMM!

Godzilla: He's not nearly as tough as King Ghidorah but he is proving to be a good challenge.

Eli: He sure is!

Right: TOQ CHANGE!

NOW TRANSFORMING! PLEASE STAND BEHIND THE WHITE LINE!

In a flash of red light he transformed!

TOQ ICH!

He was ready for action!

Hikaru: Lets do it! GINGA!

He turned into ULTRAMAN GINGA!

Me: OH YEAH!

But then we saw something moving in the lake.

Me: Uh oh!

Then out of the water came a girl with teal blue hair and had red eyes and black clothes and pitch black angel wings and had a tiara with the symbol of Ripjaws on it.

Me: (GASP) Rachel Ripjaws!

Nico: The Embodiment of Ripjaws!

Me: Yep. She's half Piscciss Volann and she comes from the planet Piscciss and knows how to breath underwater and can even last indefinitely on land.

Nico: Whoa! A true amphibious power.

Rachel Ripjaws: J.D. help me!

Me: Hold on Rachel!

Marina: Rachel I am part of your kind. I am a gene-slammer of one of Ripjaws kind myself. I am like you.

Rachel Ripjaws: I can tell you are part of my kind too. You are lucky to be like me.

Rachel lunges forward and strikes Hydro Man with her tail

But Hydro Man turned into water and she flew through him.

I fired a beam of Electrons and injected her with the antidote.

Marina concentrated and groaned.

Marina: Here we go!

Her skin turned into scales and fins and she grew an anglerfish lure from her head and her mouth grew bigger and her her jumpsuit ripped in the arms and legs.

She turned into her RIPJAWS FORM!

Gali and Marina tackled her into the water and they were swimming all over the place and fighting.

Gali: This is gonna be fun!

On land we were battling Dark Galberos!

?: (ECHOING) DEATH CLAW!

A huge dark hand appeared and slashed down Dark Galberos!

Nico: No that hand! IT CAN'T BE!

We saw DEVIMON!

Me: DEVIMON!?

Eli: What's he doing here!

Nico: DEVIMON YOU WILL STAY DEAD FOR GOOD THIS TIME!

Devimon: (In a girls voice) Wait Nico!

Nico: Wait that voice! Denellda Devi!?

She reverted back and it was a girl with black hair and red eyes and had black clothes and black bat wings and had a symbol in the middle of her forehead for Devimon and she had a dark sword in her hand.

Denellda Devi: Sorry about the mixup Nico.

Nico: You had me going there.

Hikaru: Does Nico have a personal vendetta against Devimon?

Me: Yeah you could say that. It's a long story.

Gali got out her Progrisekey.

MAN RAY'S BLASTS OF FURY!

She fired energy waves and blasted Rachel all over.

Marina bashed and smashed her all over.

Rarity: Nice one darlings!

Rarity got out her Progrisekey.

DUFF KILLIGAN'S GOLF GAME OF DOOM!

She got out a golf club and an explosive ball.

Rarity: FORE!

CLACK!

She hit the ball and it hit Dark Galberos and exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: WHOA! Nice shot!

Eli: HOLE IN ONE!

Right got out his ProgriseKey.

SIX GUM GANG'S WESTERN GUMBLASTS!

He fired gum blasts and blasted Dark Galberos all over.

Thomas got out his ProgriseKey!

BIG DADDY BOO'S GATOR HOT SAUCE FLAME!

He fired a wave of fire and blasted Dark Galberos all over!

POW!

Rachel was out of the water and the antidote took effect and she was cured! She had her blue eyes back.

Rachel Ripjaws: Whoa! That hurt.

Varie: Lets show him a Brave 12 combo blast!

Me and the Brave 12 got out our ProgriseKeys

BRAVE 12 UNITED DEATH RAY!

We fired a wave of energy and blasted Dark Galberos!

Hydro Man: My turn!

He fired waves of water and blasted Dark Galberos down.

Me: YEAH! Lets finish him!

Me and Ginga: GINGA SUPER THUNDERSTRIKE!

We fired a massive blast of lightning and it hit Dark Galberos and he exploded!

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead and I caught the Spark Doll!

Nico: Dark Galberos you have failed this world.

Me: OH YEAH!

Nico: That was awesome!

We regrouped.

Marina reverted back and she snapped her fingers and was back in her clothes.

Marina: Awesome.

Hikaru: Marina how did you meet Nico?

Marina: We met in high school and I was a mermaid on the swim team.

Nico: Yep.

Hikaru: Wow! That is cool!

Nico: Yep.

Denellda Devi: That is really awesome.

Me: Yep. Do you have a favorite memory of Nico?

Denellda Devi: When me and Nico went into an abandoned insane asylum and found old records and condemned insane patients that were transferred to prisons to hell.

Nico: That was awesome.

Me: Ooh nice.

Nico and Denellda hugged.

Nico: I've missed you.

Denellda Devi: Same here.

---

Later we came back.

May: Hey guys. How did it go?

Me: It was awesome.

We told everyone everything and it was cool.

May: WHOA! That is awesome!

Me: It sure was.

Nico: Next time, Aquafiend, Splitface, Hydro Man, Flora, Vert, and Juru should come.

Me: Good idea.

Juru: Awesome!

Lola: Yep.

---

Later Mevya was playing video games.

Mevya smelled something.

Mevya: (Sniffs) Hmm.

Mevya smelled himself.

Mevya: Oh it's me. I smell like fish. Wait I am a fish after all.

Minerva Mink: Wait. It's not you. I smell something as well

Me: I do too. Where is it coming from?

I smelled my armpits.

Me: WHEW! Man it's not me.

Mevya: It's not that.

We went into the kitchen and we saw Gatomon cooking something.

Me: Gatomon what are you cooking?

Gatomon: Fish stew.

Me: Oh boy.

Gatomon: It's not for you, J.D. Don't worry

Me: Aww. I was hungry for some.

Minerva Mink: Who are you making it for.

Gatomon: Me. I'm calling it Mevya surprise.

Me: Oh Mevya Surprise.

Mevya: Okay.

We went back to playing video games.

BOINK!

Me, Minerva Mink and Mevya: MEVYA SURPRISE!

Mevya: GATOMON IS GONNA EAT ME!

Gatomon: HERE'S GATOMON!

She ran at Mevya armed with a fork and knife!

Kari then gasped and stopped Gatomon!

Gatomon avoided Kari and chased Mevya outside on the surface.

Tom: Boy it's like one of the chases I did with Jerry!

Jerry: Good times!

Me: Loved those chases. Always good classics.

Minerva Mink: Those were awesome.

Carrie Lexington: Why is Gatomon chasing Mevya?!

Me: Well her cat instincts took and she wants fish for lunch.

Carrie Lexington: Uh oh. (Drools) Aw man. Stupid condition.

Mevya placed a shovel on the ground and then…

CLANG!

Gatomon stepped on it and it smacked her in the face.

Kevin Levin: Guys, what's going on?!

Me: Tom and Jerry style chase between Gatomon and Mevya.

Tom: Gatomon is me.

Jerry: And Mevya is me.

Me: Gatomon ran out of fish and she is after Mevya.

Kevin Levin: WHAT!?

Kari: (to Kevin Levin) We need to go stop this!

Kevin Levin: Agreed!

They went to stop them.

Gatomon was looking for Mevya.

Gatomon: Come out come out wherever you are.

Mevya: Up here!

Mevya was in a birdhouse.

Jerry: In a birdhouse? Just like with my friend Cuckoo.

Me: So awesome.

Leozack: There's no way you can get him from there.

Qin: Who installed that birdhouse?

Me: Oh that birdhouse was there when we moved in. Huh I forgot about that.

Nico: Oops.

?: (SHEEP BLEETS)

We saw a girl with yellow hair and Swiss Clothes and had blue eyes and a tiara with Sheep Man's symbol on it and had yellow angel wings. And with her was a sheep.

Cataliza Shepherd: (Swiss accent) Cataliza Shepherd, Embodiment of Sheep Man.

Pinkie Pie: Ooh! Cataliza!

Piper: Awesome to see you.

Cataliza Shepherd: Ach you too Pinkie and Piper.

Me: Awesome to meet you Cataliza. And you are from Switzerland right?

Cataliza Shepherd: That's right.

Me: That's cool! And who is this sheep here?

Cataliza Shepherd: This is Cazzie and she is my sheep partner.

Me: Awesome. Switzerland and the European Alps are known for having lots of sheep herders.

G1 Scattershot: How did you meet Piper and Pinkie?

Cataliza Shepherd: I met Pinkie when she was having trouble with a cake recipe so I showed her a famous Swiss recipe for a cake I know and everyone in Ponyville loved it.

Pinkie Pie: Swiss Mountain Chocolate Crumble Cake with Amaretto Vanilla frosting.

Me: Ooh! That sounds delicious.

Cataliza Shepherd: Ja. I met Piper when she was battling one of her enemies. Tazma I think.

Me: That was before she joined us right?

Cataliza Shepherd: Right.

Me: Wow!

Piper: That was fun.

Me: Nice. Would you like to join the team?

Cataliza Shepherd: We would be honored.

Kari grabbed Gatomon and Kevin got Mevya.

Kari: Gatomon, that's enough!

Me: We'll get you some fish. Here

I used my powers and formed fish trees for her.

Gatomon: Oh boy!

Kevin: You okay, Mevya?

Mevya: I'll be fine. Man I LOVE Tom and Jerry and got to be part of a chase.

Tom: (LAUGHS) You sure did!

Me: That was funny and awesome.

* * *

Cut Man: (to Gatomon) What were you thinking trying to eat Mevya?!

Gatomon: I was out of fish!

Me: She's right. I checked. She ate the last can of tuna

Qin: Oh man.

Nico: And she's a cat. She may be a Digimon but she is a cat regardless.

Maria: You know you almost committed cannibalism, right?

Gatomon: I'm sorry guys. I'm sorry.

Kari: It's all right Gatomon.

Camie: Yeah.

We later went back into the Estate.

* * *

We were busy watching TV, and many of us were doing work-outs to continue staying in tip-top shape, especially Lincoln doing 900,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever and he was sweating like crazy.

Lincoln: We don't have long before the final showdown with Vilgax starts, so I still got to keep myself busy.

Me: That's true, and we're also doing work-outs just like you, Lincoln.

Nico: Yep.

Then, we saw Lincoln deadlift a massive twenty-five-ton barbell with ease, and we were stunned.

Eli: Whoa!

And of course, the constant workouts that Lincoln has been doing had also caused his harem to get massive atomic red blushes on their faces, hearts in their eyes, and their noses were really bleeding upon seeing their hotter and even more sexier hunk of a future husband.

Lily the Mermaid: (Turned On) My God, Linky truly is one hunky muscle god.

Girl Jordan: (Turned On) Big time.

We finished our workouts, and Lincoln sprayed us with water and soap and we were all clean. Then, his harem kissed him on his face and steam whistled out of his ears and wolf ears on top of his forehead and his face turned atomic red.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and he had a vision, and he saw who it was that we're going to confront today: it was Vilgax, and he's on the move and causing havoc. When we saw it, we knew it meant trouble.

Lincoln: So, you're finally on the move, Vilgax.

Lincoln sounded the alarm.

Nico: We heard the alarm, what's wrong, Lincoln?

Lincoln: Nico, everyone, we've got a seriously huge emergency. I just had a vision and I saw who it was that we're going to confront today, it's none other than Vilgax, and he's finally on the move and causing havoc.

WE GASPED!

Nico: So, Vilgax is finally on the move.

Me: Yep, and this is where it finally ends for him.

Nico: You said it, that monster is finally getting his comeuppance for everything that he's done.

Lincoln: Not only to Ben, his friends and family, and the universe, but with what we've gone through: Lord Zedd, Rita Repulsa, Powell, Specs and Trapper, Aggregor. This is where it ends for him.

Me: You said it.

Nico: With his own blood. Alright, team, let's go, the time to destroy Vilgax has finally come.

Lincoln: Finally, he will pay for everything he's done.

Me: That's for sure!

Qin: Yeah!

The Previous Group came.

Greiger: Can me, Multiplex, Madame Masque, Radioactive Man, Unicorn, New Wave, Manta Bayarsh, Girder, See-More and Avalanche go with you guys?

Nico: Yes you all can.

Me: We're going to need all the help we can get to take down Vilgax forever.

Camie: I agree.

Nico: Yep.

Eli: (Concentrates) I sense that he's over in Bellwood.

Ben: Bellwood. Home!

Jen Tennyson: We got to get over there.

Sugarcoat: Nico, which Gene Slammer do you think you'll meet next?

Nico: Burn Dinorex.

Me: Hot and fiery.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and the rainbow colored iris of Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lynn Sr., and Rita's Third Eye, and everyone else's Third Eye glowed even more and our rainbow energy auras, rainbow protective auras, and rainbow fire auras flared up even more, as they sensed dark energy signals with their eyes and the Force, and they saw who the figure was in the vision: the figure is none other than the feral animal Packing Day version of Lana, and that rampaging animal is coming after us to pummel us with snowballs. When we saw it, we knew it meant trouble.

Lincoln: Uh oh.

Rayman: I can guess that we got big trouble heading our way. Lincoln, who was it that you saw?

Lincoln: You guessed it, Rayman, and this is something none of us are going to like in the slightest. The figure we sensed belongs to the feral animal Packing Day version of Lana, and that rampaging animal is coming after us to pummel us with snowballs.

Me: Uh oh, what does she look like?

Lincoln took out his sketchbook and we saw Lana's feral animal Packing Day version, she looked like her on Packing Day, but with long wild unkempt blonde hair, she has on a navy blue coat with the sleeves torn off, navy blue pants and black boots, and she was on all fours and there were stink lines coming out of her armpits.

Lola: (SHRIEKS) That version of Lana looks like an uncivilized beast!

MONSTROUSLY MEGA LOUD BELCH!

Me: Along with having Lynn's monstrous side on Packing Day.

Allie Calavera: We'll be ready for her, we've dealt with Lynn on

Packing Day before, this won't be any different.

Nico: Oh, this is gonna end badly for her. Alright, gang, let's go, the time to destroy Vilgax has finally come.

Lincoln: After everything that Vilgax has done, that monster doesn't deserve to live a single second further, he will pay for everything that he's done, and once we get done with him, you're next, you monstrous beast.

Allie Calavera: We knew this day was coming, but we've been through a lot worse with Lynn on Packing Day, but either way, we're stopping you dead in your tracks.

Lincoln put up a rainbow energy field around The World Tree Estate and all of us headed out to finally destroy Vilgax and make him pay for everything he's done, and once we get done with him, Lincoln and Allie Calavera along with me are going to destroy the feral animal Packing Day version of Lana.

We were off to Bellwood.

---

We arrived in Bellwood.

Multiplex: So, this is Bellwood, huh?

Ben: Home.

Qin: This is awesome.

Me: Nice place.

Camie: Yeah.

Ben: It was a good place to call home.

Manterror: Isn't that a Mr. Smoothy's over there?

We saw it.

Me: Yep.

Ben: That's it.

Xenia: Awesome place.

Madame Masque: You really loved coming here, didn't you?

Ben: Yeah we sure did. Best smoothies here.

Sunny Starscout: How do they compare to my smoothies?

Ben: They are both awesome and delicious.

Nico: Wow.

Gwen Tennyson: You should see some of the flavors

Sour Sweet: Really now?

Gwen Tennyson: Yeah so many.

Me: Cool.

Nico: We can see what they are later. Right now we got to stop Vilgax.

Zayto: Think it might be time to use our Cosmic Fury forms.

Radioactive Man: Let's see them.

Cosmic Fury Rangers: IT'S MORPHIN TIME! COSMIC SPHERE! LINK TO MORPHIN GRID!

THEY TRANSFORMED!

Zayto: Hunt of The Hunder! Cosmic Fury White!

Amelia: Growl of the Lion! Cosmic Fury Red!

Fern: Sting of the Scorpion! Cosmic Fury Orange!

Ollie: Claw of the Wolf! Cosmic Fury Blue!

Aiyon: Balance of the Libra! Cosmic Fury Gold!

Javier: Strength of the Bull! Cosmic Fury Black!

Izzy: Change of the Chameleon! Cosmic Fury Green!

All: We warriors protect the galaxy from evil! Power Rangers Cosmic Fury!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMM

A massive fiery explosion blasted off behind them and they were ready for action!

Me: WHOA!

Lucky: LUCKY! That was awesome!

Unicorn: Eat this!

He fired waves of energy and blasted them all over!

Xenia: YEAH! Take that!

Xenia fired waves of energy arrows and blasted the robots all over.

Impact Man: Um… guys?!

A big robot landed.

Me: WHOA! That is a big one!

I grew and fired a wave of energy and blew the robot to smithereens!

Nico: YEAH! Take that!

New Wave: More incoming!

At least 6 more landed

Nico fired waves of energy and blasted them all over and blasted them.

Camie: Take that!

Nico: That's it for them.

Jean Bison: We need to find where Vilgax's ship is located.

Eli: (Concentrates) In the desert far from here.

It was right in the Mojave Desert.

Nico: Lets go!

We were off.

More robots got in our way.

Manta Bayarsh: We're definitely on the right path!

Me: We sure are.

We fired more energy blasts and blew the robots all over to pieces.

Xenia: YEAH!

Qin and Sunny and Lola blasted the robots all over and destroyed them.

Flywheels: Who else wants some?!

Nico: That is telling them!

Qin: Yeah!

We then got to a hill and then we got over it and saw Vilgax's ship the Merciless and around it was a MASSIVE NUMBER OF ROBOTS!

Nico: Look at all those robots.

Girder: How do we get past them?

Me: We'll have to go invisible.

Nico: Good idea.

I made us all invisible and we crept by them without us being seen.

We got to the front of the ship. We were then confronted by Krymzo, Snoutia, Quaddo, and Jadana.

Krymzo: If you want the boss, you go through us!

Zayto: So you guys have aligned with Vilgax now?

Snoutia: With Zedd and Rita dead, Vilgax is our new master.

?: Taiga! Buddy up!

Me: I know that voice!

SMASH!

Taiga smashed them.

Taiga: You guys go get him. I'll hold them off.

Inque: Think Laney's gonna be okay?

Nico: Yes she will be.

Qin: Good.

We got to the control room and inside was VILGAX! And he had a massive number of robots.

Me: Target sighted and look at those robots.

Ember McClain: Entrance time!

We went at him!

vilgax was waiting. But then the spirits of the aliens of the universe came and swirled around him and then converged and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above him and then a Phoenix Cry was heard and we came out.

Me: VILGAX!

Ben: This is the last time we fight Vilgax!

Vilgax: So you've arrived Tennyson. Been a long time.

Ben: It has been a while.

Vilgax: I wasn't very happy with that message you sent me J.D.

Me: I'm surprised it took this long for you to answer. I was beginning to worry that you might have forgotten about that.

Lincoln: (to Vilgax) It's over, Vilgax. We played all your devlish games and brought the pain to your minions and-

Vilgax: (laughs evilly) Oh, you haven't fought ALL my minions. Take a look at what I've made while you all were busy with Rita and Zedd.

Lincoln: (growls) Seriously?! Can't I finish my fucking line just this once?!

Avalanche: (sees something) Um… guys?!

Lincoln: What?!

But Lincoln paled as soon as he saw what Avalanche was looking at. We turned and saw an army of what looked like to be every alien Ben has turned into except Alien X!

Ben: Those are your Bioids, aren't they?

Vilgax: They didn't get to fight you the last time I presented them. Consider this their official fight. And you can guess how I got them operational.

Vilgax showed on his wrist a familiar watch. But it looked a little different

Ben: That's the original Omnitrix!

Vilgax: Thanks to the efforts of Zedd and Rita, they were able to rebuild it for me. But I made some… modifications to it to fit my design. I now call it… the Vilgaxtrix! And now, my army, ATTACK! ATTACK! ATTACK!

The Bioids charged at us. But it was the ones of XLR8 and Fasttrack that zoomed ahead of them and attacked us first

Rainbow Dash ran fast and blasted them down.

I fired waves of energy and blasted the robots all over!

I then went SUPER ANGEL-EBONWU-VAMPIRE-WEREWOLF-DRAGON-DEMON-MERMAID-JANUARY WOLF MOON-GOD-PHOENIX-HARMONY UNITED FRIENDSHIP UNIVERSAL ETERNAL CELESTIAL XELNAGA UNIVERSAL ELEMENTAL UNIVERSAL ELEMENTAL DIVINE COSMIC ETERNAL HARMONONIOUS THUNDERBIRD BUFFALO VAMPIRE WEREWOLF JANUARY WOLF MYTHOLOGICAL GOD PHOENIX ANGEL OF DIVINE COSMIC UNIVERSAL ELEMENTAL DIVINE COSMIC HARMONY JANUARY WOLF MYTHOLOGICAL GOD PHOENIX ANGEL JUSTICE AND DIVINE COSMIC HARMONY UNIVERSAL ELEMENTAL DIVINE COSMIC HARMONY JANUARY WOLF MYTHOLOGICAL GOD PHOENIX ANGEL HOPE!

I teleported and me and Vilgax clashed swords and sparks flew all over!

Vilgax jumped back and I went at him.

Suddenly, Bioids of Way Big and Ultimate Way Big blocked my path to Vilgax, knocked me to the ground, and began pummeling me.

I teleported and stabbed them and killed the robots.

Me: Nice try Vilgax!

I teleported and slashed Vilgax and cut him.

Vilgax: Lucky shot!

Me: I'm just getting started!

I teleported and kicked Vilgax in the face and He fired his Ruby Ray of Rouleau and I deflected the blast back at him.

Vilgax: How does it feel, Tennyson, to be killed by your own aliens? I think it's ironic and poetic justice!

Bioids of Spidermonkey and Ultimate Spidermonkey webbed Ben up. Then, Vilgax shot lasers at the Bioids of Chromastone. Said Bioids absorbed them and shot ultraviolet blasts at Ben.

Nico deflected the blasts back and they hit the robots and blasted them and exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

Nico slashed and freed Ben!

I slashed Vilgax all over.

Me: You gave Ben one helluva tough time many times before Vilgax. Now the tables have turned on you!

I then fired a massive blast of energy and Vilgax blocked it with the Shield of Seagle and the blast hit it. But the blast was too strong for the shield to handle and shattered it and blasted him down.

Ben: Figures my favorite out of the original 10 should have the first shot.

Ben turned into Four Arms

Four Arms: FOUR ARMS!

He jumped and smashed and pulverized the Bloids!

I fired a blast of energy and the blast hit Vilgax and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Rex Salazar formed his sword and slashed numerous Bloids all over.

Four Arms: Anyone up for a combo?

Lynn: I'll start things off!

Lynn and Four Arms: SMASHING TETRA BASHER!

They bashed numerous Bloids into dust with a powerful punch!

Lynn: WOOO!

I slashed Vilgax all over!

SLASH SLASH SLASH!

He unsheathed his sword and we clashed more and sparks flew all over the place.

I Kicked him and slashed him. He fired laser vision blasts.

I fired energy beams and the blasts collided and exploded all over!

KRABBBBBBBBOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBBBBOOOOOOOOOOOOOMMMMMM!
KKABBBBBBOOOOOOMMMM!
KRABBBBBBBBBBBOOOOOOOOOOMMMM!

Four Arms turned into XLR8!

XLR8: XLR8!

He ran fast and bashed the Bloids all over the place!

Lori: Lets literally run like the wind!

XLR8: You got it!

ZOOM! ZOOM!

Lori and XLR8: SPEEDING WIND SUPER CYCLONE!

They ran around and blew the Bloids all over the place!

XLR8 turned into Heatblast!

Heatblast: HEATBLAST!

Heatblast fired numerous blasts of fire and blasted the Bloids all over.

Lola: Lets burn this up!

Heatblast: You read my mind!

Lola and Heatblast: FIRESTORM INFERNO MEGAFLAME!

They fired waves of fire and blasted and melted the Bloids into nothing!

Heatblast turned into Diamondhead.

Diamondhead: DIAMONDHEAD!

He fired crystal shards and smashed the Bloids all over!

Tara fired waves of fire and melted them!

Tara: Lets make these robots feel pain!

Diamondhead: You got it!

Tara and Diamondhead: SMASHING EARTH ROCKSTORM!

They fired a massive wave of rocks and crystal and the bloids were smashed into scrap metal!

I slashed Vilgax in his back and kicked him in the back of his head!

WILDMUTT ROARED!

Wildmutt smashed the Bloids all over.

Lana: Awesome! Lets maul them!

Lana and Wildmutt: WILD FURY SLASH STORM!

They slashed and blasted numerous Bloids into scrap metal!

I slashed Vilgax all over and then Riley jumped and slashed Vilgax with her Ascalon Sword and cut him good.

Vilgax: Time out!

The Bioids stopped.

Vilgax: My army, you might want to take a step back.

They did so.

Kevin Levin: Making your robots back down already? Good! I've been itching for payback ever since you fucking tortured me for nearly a year!

Vilgax: Oh, they're not backing down. I just want to show that I now command Zedd's soldiers too. Scuttleworms!

Nico: Ooh! Nice.

Nico fired waves of energy and blasted the Scuttleworms!

Nico: That was pathetic!

Me: It was!

I slashed Vilgax all over.I slashed Vilgax all over and then Riley jumped and slashed Vilgax with her Ascalon Sword and cut him good.

Vilgax: Time out!

Nico: Ooh! Nice.

Nico fired waves of energy and blasted the Scuttleworms!

Nico: That was pathetic!

Me: It was!

I slashed Vilgax all over.

More Scuttleworms along with giant drones were omving towards Bellwood.

Vilgax: What's it going to be, Tennyson? Fight me? Or save your precious Bellwood?

Zayto: Keep fighting, guys! Me and my teams will handle this with the Cosmic Fury Megazord!

Nico: Someone get the Dino Megazord to help with this too!

Eli: Leave that to me!

Cosmic Fury Rangers: COSMIC FURY MEGAZORD!

They summoned the Cosmic Fury Megazord and Dino Megazord!

It was ready for acction!

I fired waves of energy and blasted Vilgax!

Azmuth was surrounded by Bioids of Grey Matter.

Azmuth: Another attempt of yours at irony and poetic justice, Vilgax?

Vilgax: It's only fitting you meet your end at the hands of your own kind. After all, you, being the maker of the Omnitrix to begin with, deserve a special death.

Camie blasted the Bloids all over.

Camie: I think not!

The Megazords blasted the Scuttleworms and giant drones!

More Grey Matter Bioids jumped on Poromon

Poromon: LIGHTNING JAVELIN!

He fired a wave of lightning and blasted the Bloids!

Qin: Take that!

Wildmutt turned into Ripjaws!

Ripjaws: RIPJAWS!

Maria provided water for him and he went and chomped Bloids all over.

Maria: Lets do it!

Ripjaws: That's for sure!

Maria and Ripjaws: SNAPPING WATER JAWS BLAST!

They fired waves of water and it formed into jaws and snapped the Bloids and blasted them

Ripjaws turned into Stinkfly!

Stinkfly: STINKFLY!

HE jumped and reprogammed a Bloid to fight for us.

Lisa Loud: Genius ideas!

Lisa and Grey Matter: GENIUS REPROGRAMMER BLAST!

They reprogrammed the Bloids.

Grey Matter turned into Upgrade!

Upgrade: UPGRADE!

Upgrade merged with a bunch of Bloids and he had them blast Vilgax all over.

I slashed and blasted Vilgax.

Upgrade: Lets really make this guy pay!

Rex and Upgrade merged and Rex formed his sword!

Rex and Upgrade: OMEGA FIRESTORM SLASHER!

He slashed him all over.

Upgrade turned into Ghostfreak.

Ghostfreak: GHOSTFREAK!

He flew and blasted the Bloids all over.

Ghostfreak: Lets make this fun.

Lucy Loud: I'm ready.

Lucy and Ghostfreak: GHOST DARK BLAST!

They fired waves of darkness and blasted the Bloids all over.

The Bioids turned into Ghostfreak as well

Danny Phantom fired waves of energy and blasted the Bloids all over.

Danny Phantom: Yeah baby!

The Bioids of Chromastone absorbed Gwen's Mana blasts

Qin fired energy blasts and blasted them.

Then Moonstone, Cavalier, Spymaster, Speed Demon, Turtle, Koragg, Seadramon, Shade, Ebon, and Villamax came.

Nico: Moonstone, Cavalier, Spymaster, Speed Demon, Turtle, Koragg, Seadramon, Shade, Ebon, and Villamax.

Moonstone: Geez, look at all the wrecked Bioids!

Cavalier: Minus the ones Grey Matter and Lisa reprogrammed.

We regrouped

Ghostfreak, Hey, Vilgeek! Is this the best you can do? If you really want to kill us, why don't you have your drones turn into Alien X?

Vilgax: (smirks evilly) Not a bad idea!

Lincoln: ARE YOU CRAZY, BEN?!

Vilgax had his Bioids go Alien X. But then, they stopped moving.

Vilgax: What? Why did you stop? I command you to destroy them!

Ghostfreak: You fell for it!

Vilgax: What do you mean?!

?: We can answer that.

Ghostfreak: Bellicus! Serena!

Serena: It's good to see you, Ben. Me and Bellicus may no longer appear in your Alien X form. But we've been watching you ever since 2018.

Bellicus: And to answer Vilgax's question, me and Serena need to agree on something before Alien X acts. But we both agreed that your scrapheaps using the power of Alien X just wouldn't do. So, they're frozen now!

Me: Big Mistake Vilgax! Ben may be in control of his Alien X Powers but YOU AREN'T!

I fired energy waves and blasted Vilgax all over.

Serena: Ben, Vilgax and his army need to be brought down now.

Bellicus: To do that, me and Serena will agree to destroy the Bioids at the cost of our lives.

Ghostfreak: No! I didn't reunite with you two just so you both could die!

Serena: Ben, threre's no other way. Sometimes, being a hero means making sacrifices.

Bellicus: But me and Serena are both very proud of you. Keep being a hero to protect those you care about!

Ghostfreak: I… I understand. Go for it.

They then had the bloids smashed and destroyed and then a flash of light was released and they were destroyed!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

They were all destroyed!

Nico: Good riddance to them!

Me: So much for your mighty army Vilgax! Now you're next! Your reign of terror ends NOW!

Viglax was enraged now.

Vilgax: TENNYSON, TENNYSON, TENNYSON, TENNYSON, TENNYSON, TENNYSON! You have been nothing but a fucking-

His villanous breakdown was cut off when Ghostfreak grabbed the tentacles on his face and brought him close to his glaring face.

Ghostfreak: You don't get to have a villainous breakdown. Because of you, the two greatest people I've ever known are gone! (punches him)

POW! BLAM SMASH WHAM BASH!

I kicked and smashed and bashed Vilgax all over and kicked and REALLY THRASHED HIM!

Me: YOU MAKE ME SICK VILGAX!

Ghostfreak turned back into Ben.

Vilgax: Your weak human form? What a joke! Are you finally ready to surrender?

Ben: Actually, I decided to defeat you the way I did last time. (to Riley) Riley, I'll need Ascalon for this.

Riley: Coming at you Ben!

She gave him Ascalon and donned his awesome armor!

Me: WHOA! Awesome Armor!

Ben: Thanks!

SLASH SLASH SLASH SLASH!

Kamen Ride: Forever Red!

We all went at him and bashed and pulverized and smashed him.

Vilgax: If you think you've won, think again! NOW YOU FACE THE TRUE FORM OF VILGAX!

Vilgax then turned into his true form. In the process, the original Omnitrix dropped from his wrist into the ground near us.

HIS TRUE FORM WAS A HUGE OCTOPUS CREATURE!

Me: WHOA! UG-LY!

Nico: YEAH!

I fired waves of energy and blasted him all over!

Ben slashed through Vilgax's tentacles.

Nico: Any ideas on how to beat this ugly fucker?!

Me: Total obliteration. We have to hit him with everything we got!

Lincoln fired a beam of energy that sucked out all of Vilgax's powers and he and all of us made them our own, and Vilgax was now powerless.

Lincoln and his harem: Time to finish you off for good! POWER RANGERS FINAL SMASH: LEGACY OF ZORDON OF ELTAR BLAST!

They fired Ki blasts based on the Zords throughout the history of Power Rangers, and they smashed into Vilgax head on and exploded with incredible power as they hit him.

Vilgax: You… , you think… this is over. It will never end… , none are safe from me… !

Suddenly, Vilgax was stabbed right through the chest by a sword made of black fire and malevolent darkness and it went right through and pierced his black heart and a massive torrent of darkness exploded out of his back, and it was Sebastian who did the deed.

Sebastian Mendez: You're done terrorizing the universe, and this is the end of the darkness that plagued me.

Vilgax was back to normal.

Vilgax: I'm not done yet!

He charged at us… only for Ben to use Ascalon to stab him through the chest.

STAB!

Ben: Vilgax, you've hurt and killed many people and today, you'd led to the deaths of Bellicus and Serena. You'll never hurt anyone ever again!

Ben then kicked the dying Vilgax out of his ship, sending him flying to the ground below.

HE WAS DEAD

Vilgax appeared as a spirit.

Vilgax: I hope you're happy now, Tennyson!

Ben: You wanna know something funny? It wasn't any of my aliens that killed you just now. It was just me in my human form.

Vilgax: (laughs) Oh, Tennyson. I have to admit. That really was… very funny!

Me: Well I'M NOT LAUGHING!

I painted the kanji for Judgement on his forehead.

Me: UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATES!

The spirits of the countless lives he destroyed appeared and then they found him guilty and he was fading.

Vilgax: What!? NO NO! Help me Tennyson!

Ben: After what you did to so many people!? I don't think so. You brought all this on yourself. Goodbye and good riddance to you.

Vilgax: DAMN YOU TENNYSON (FADES)

HE WAS GONE FOR GOOD!

THE TERROR OF VILGAX HAD BEEN SILENCED FOREVER!

We powered down and the blaster vanished

Me, Nico, and Lincoln: It's all over, Vilgax! YOU HAVE FAILED THIS ENTIRE UNVERSE AND YOUR REIGN OF TERROR ENDS FOR GOOD!

Tommy: We did it, Vilgax is finally gone forever! Good riddance!

Jason: He more than deserved it!

Nico: You said it!

Me: We're so having a party after this.

Lincoln: That'll be for after we take care of Powell. Now, there's one last thing to do and one last loose end to tie up: the feral animal Packing Day version of Lana. Everyone, keep your eyes peeled.

Suddenly, in Feral Monster Lana's point of view as she hides in some trees, she moved the trees aside and was watching us menacingly as she was breathing, snorting, and grunting heavily, then, she pushed the trees back. Then, back to us.

MONSTROUSLY MEGA LOUD BELCH!

Suddenly, the twelve large planets orbing around my legs, the twelve large planets orbiting around Lincoln's legs, the twelve large planets orbiting around the Loud Sisters' legs, the twelve large planets orbiting around Nico's legs, the eight large orange orbs orbiting Linka's legs the nine large orange orbs orbiting around TLPS Ms. Tarantula's legs, the ten multi-colored orbs orbiting around Duke Lincoln's legs, the eleven colored orbs orbiting around the Loud Sisters' legs, the eleven colored orbs orbiting around the legs of The Loud's friends, the eight large dark blue orbs orbiting around Ed Cowart's legs, the nine large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the nine large crimson red orbs orbiting around Naruto's legs, the eight large crimson red orbs orbiting around Tahu, Vakama, and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lars and Dudley Puppy's legs, the eight large pink orbs orbiting around Lexx Loud's legs, the nine large rose pink orbs orbiting around Steven Universe's legs, the nine large green orbs orbiting around Lynn Sr.'s legs, the nine emerald green orbs orbiting around Yakko Warner's legs, the nine large sapphire blue orbs orbiting around Wakko Warner's legs, the nine large hot pink orbs orbiting around Dot Warner's legs, the nine and eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eleven large scarlet red orbs orbiting around Lynn Jr.'s legs, the eleven coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the nine large aqua blue orbs orbiting around TLPS Mr. Shark's legs, the eight large blue orbs orbiting around Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Loni Loud's legs, the nine large yellow orbs orbiting around TLPS Mr. Snake's legs, the eight large yellow orbs orbiting around Lane Loud's legs, the eight large brown orbs orbiting around Larry Loud's legs, the eight large light green orbs orbiting around Levi Loud's legs, the eight large lavender orbs orbiting around Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago's legs, the eleven large colored orbs orbiting around Twilight Sparkle and her friends, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eleven large aqua blue orbs orbiting around Girl Jordan's legs, the eleven large colored orbs orbiting around Timmy Turner's legs, the eleven large gold orbs orbiting around Alex the Lion and the eight large gold orbs orbiting around Takanuva's legs, the nine large pink orbs orbiting around Rita's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our large gold Bracers of The Champions of the Universe and the Stones of Gelel that were embedded in the backs of our left hands and our gold halos with four orbiting gold rings surrounding the corners behind our heads were glowing, and that means we've got big trouble incoming, and the imps of The Fabled Gene-Slammers were already hissing with anger.

Lucy: She's here…

Then, we saw snowballs heading our way.

Nico: INCOMING SNOWBALLS!

Lincoln formed a massive indestructible diamond barrier infused with fire that protected all of us from the barrage of snowballs that came from nowhere and hit the barrier, but it stood strong and the fire melted the snowballs into water.

Lincoln: (Catches the scent) There's no mistaking the stench of B.O. from anywhere, come on out now, feral animal Packing Day version of Lana, or we're going to force you out.

A figure came out on all fours growling like a dog, it was the feral animal Packing Day version of Lana.

Zayto: That's the feral animal Packing Day version of Lana?!

Me: Yikes!

Feral Animal Packing Day Lana: (ROARS)

Lana's feral animal Packing Day self charged at Lincoln, but he punched her hard and she flew right into a wall, she got back up, but she roared and beat her chest like a gorilla: SHE WAS PISSED!

Allie Calavera: Oh, roar yourself, you four-legged monstrosity.

Suddenly, Allie Calavera's red eyes turned neon red and she was surrounded by a black and red energy aura with stars, darkness, dark magic, black magic, Satanic Magic, creatures of the night, demons, phoenixes, and angels, she unholstered her massive greatsword from her back, and as she approached the feral animal Packing Day version of Lana, she left black and red energy, stars, darkness, dark magic, black magic, Satanic Magic, creatures of the night, demons, phoenixes, and angels with every step.

Allie Calavera: I shouldn't be surprised that you would show up, but I always knew you'd be coming because of the loud belches that Lynn let out when she goes psycho on Packing Day, but we've known you were coming and we're ready to take you and your feral team down!

Suddenly, Allie Calavera was surrounded by a massive vortex of black and red energy with stars, darkness, dark magic, black magic, and Satanic Magic surrounding the vortex, there are creatures of the night, demons, phoenixes, and angels flying around the vortex, and in the vortex is a black phoenix with red eyes glaring at the feral animal Packing Day version of Lana: the red eyes of eternal death.

Brittney: Incredible!

Lucy: Gasp, Manistique's Gothic Queen of Darkness is about to unleash pure darkness upon her enemies once more.

Lincoln: We've all seen that happen more than once, and now, it's about to happen once more.

Then, as the vortex faded, Allie Calavera emerged, but she was changed forever.

Allie Calavera grew from 7'0" to 8'3" in height, she has large gold metal braces on her biceps and thighs, and she now has twelve large black and red planets orbiting around her legs, she has the body of a goddess, she has red highlights in the bangs of her long midnight black hair and red hairband and she has a large golden halo in the center with golden angel wings on the bottom and four orbiting golden rings on each corner behind her head, she has neon red eyes and a black and red energy aura with stars, darkness, dark magic, black magic, Satanic Magic, creatures of the night, demons, phoenixes, and angels surrounding her and immense protective neon rainbow aura with all of the elements swirling around it, she has a demon, a vampire bat, a phoenix, and angel emblazoned on her forehead with red iris, she has on bat earrings with red gems for eyes and holding the Star, Dark, and Eternity Kanjis in their claws, she also has a vampire bat with red gems for eyes and holding the Star, Dark, and Eternity Kanjis in its claws for the second pendant on the bottom of her black vampire bat-shaped Element of Harmony, along with the gold Thunderbird pendant of her Elemental Thunderbird Necklace of Eternal Love necklace with red crystal links from her merged Crystal Necklace of the Buddha and red gems embedded on the gold lightning bolt links, and she also has on a white and gold accented Elemental Thunderbird Choker Necklace of Eternal Love on her neck. Suddenly, Allie Calavera felt a sharp pain on her back, and then, her massive midnight black angel wings with red tips on the large midnight black feathers grew much larger for her new body and medium sized black angel wings with red tips grew and sprouted out underneath her massive midnight black angel wings and she also now has eleven massive and long midnight black wolf tails with red tips and red markings, Allie Calavera has on her Ring of the Phoenix with large red gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire Corps ring on her left ring finger and Stone of Gelel embedded in her left hand.

But, when Lana's feral animal Packing Day self saw it, she roared in rage and fired more snowballs at her to kill her, but Allie Calavera fired a massive barrage of black and red energy, stars, darkness, dark magic, black magic, Satanic Magic, creatures of the night, demons, phoenixes, and angels which hit Lana's feral animal Packing Day self and sent her flying into another wall, she got back up, and she let out a bellowing roar and beat her chest like a gorilla: NOW, SHE WAS MEGA PISSED!

Suddenly, Lana turned the tip of one of her eleven massive and long blonde wolf tails into Cell's stinger that opened up into a large sucker and she plunged it onto her feral animal Packing Day self's head and she was unable to fight back. Then, she sucked her into her body and absorbed her as the stinger changed back.

We were really amazed by Lana's Super Angel-Owl-God-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation, and when Skippy saw her, he had an atomic red blush on his face, hearts in his eyes, and his nose was bleeding.

Lana: (Divine Echoing Godly Voice of The Divine Cosmic Eternal Harmony United Friendship Khione Sub-Zero Greek Arctic Snowflake Snowstorm Owl Phoenix God Angel and Divine Cosmic Eternal Harmony United Friendship Khione Sub-Zero Greek Arctic Snowflake Snowstorm Owl Phoenix God Angel Hope) (GASPS) Whoa, now, I've ascended! Awesome!

Everyone cheered wildly for what Allie Calavera, Lincoln, and I did as we holstered their massive greatswords on their backs and powered down and Allie Calavera's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long black wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, twelve large black and red planets orbiting around her legs, and massive black angel wings and medium sized black angel wings underneath are permanent, and Lana's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long blonde wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, large twelve marine blue planets orbiting around her legs, and massive blonde angel wings and medium sized blonde angel wings underneath are permanent.

Allie Calavera: That's it for that animal. Thanks for helping me take down Lana's feral animal Packing Day self, Lincoln, you too, J.D.

Lincoln: (Smiles Warmly) You're welcome, Allie

Me: My pleasure, Allie.

Suddenly, Allie Calavera wrapped her arms around Lincoln's waist, as her chest pressed against Lincoln's massive pecs and her stomach pressed against his eight-pack abs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned down to Allie Calavera's face, they kissed passionately as she moved her hands onto Lincoln's massive pecs, and behind them was a Thunderbird, Phoenix, Dragon, Tiger, Mermaid, Angel, Fairy, Succubus, Incubus, Windigo, and Demon flying in the air, and we saw a herd of Buffalo and many animals running across the field and elemental forces and darkness behind them and we cheered wildly. Then, Lincoln and Allie Calavera sucked in and absorbed the elemental forces and darkness and they came back to us as the display vanished.

Nico: My God. Guys, what we just saw, THAT WAS ONE AWESOME FIGHT!

Nico ran to me, Lincoln, and Allie Calavera and hugged us.

Luna: No kidding dudes, you guys taught feral animal Packing Day version of Lana a lesson she'd never forget.

Luan: And Lana absorbed her and transformed and ascended just like Lincoln and J.D.

Me: You said it. So, Lincoln, who are we meeting on your rescue tomorrow?

Amara Roshansa: Ooh, I have an idea of who we're meeting: my other sisters, Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa.

Selene Arcangela: Uh oh, I knew you'd pick them, Amara. Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa are Lincoln's Guardian Angels from a planet in the Andromeda Galaxy known as Erosa, this planet is inhabited by extremely super smoking, hot, gorgeous, sexy voluptuous women, but don't let that fool you: they're also extremely very powerful warriors and they also know how to use their seductive powers to get male perverts to lower their guard, and then, BAM!, they knock them out and send them flying into the middle of nowhere with one punch, and they're also the sisters of Amara Roshansa and Amara is the eldest of the group. Lincoln saved Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerysfrom a group of Flip's thugs and he drained them all dry of their blood, muscle mass, massive physical strength, and virility, and when Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys laid eyes on Lincoln, almost immediately, they fell in love with him as they saw just how strong, brave, and courageous he was in saving them from those thugs, and they even saw that he was definitely a strong and handsome male, and they engaged in a fierce make-out session with him which lasted for almost two hours. They also trained Lincoln hard underneath the scorching hot sun, and they were really impressed at how he was able to endure extreme heat along with extreme cold, and they found themselves a man who went beyond the same expectations as their sister, Amara. Lincoln made them claymore sword, and to show her thanks, they each kissed Lincoln on the lips which he returned, and as a result, he promised that when he comes of age, he will marry them along with the rest of his harem. They hated all of Lincoln's enemies with a blazing passion, and they're also quite defensive when it came to protecting and defending Lincoln from Lori, Lynn, Lola, Lisa, and Luan and they've more than once knocked them out.

Me: (WHISTLES)

Nico: And if I had to guess, we'll probably be meeting them on Erosa.

Amara Roshansa: Yep.

My face and Nico's turned atomic red: we were in for one pretty wild rescue.

Nico: (Shook his head) Anyways, now that Vilgax is finally gone, The universe can rest easy.

Hiroyuki and Laney punched Quaddo and Bashed them down.

Laney: Take that!

Hiroyuki: YEAH!

We came back.

Hiroyuki: Are you guys okay?

Ben: Yeah. We're fine. (to Riley) You can have Ascalon back, Riley.

Riley got it back.

Riley: Thanks Ben.

Lola: Vilgax is gone for good.

Nico: Yep.

Now, there's something I need to do.

Nico: Me too.

I made clones of myself and we turned to face Varie and the rest of my harem and Nico made clones of himself and they turned to face the rest of his harem, and we got down on one knee, and small black boxes appeared behind our left hands: EVERYONE SAW WHAT THAT MEANT: WE WERE GOING TO PROPOSE!

Me: Varie, everyone, since the day we first met all those years years ago, I developed feelings of love for you, but I had to wait until the day came to finally tell you the truth, and that day came when I took that step. But, over time, those feelings have grown, and now, I want to take this one step further.

Nico: Girls, since the day we first met all those years years ago, I developed feelings of love for you, but I had to wait until the day came to finally tell you the truth, and that day came when I took that step. But, over time, those feelings have grown, and now, I want to take this one step further.

Nico and I along with our clones took out the small black boxes we had behind our back, and we opened it, and inside of the boxes were beautiful silver rings with large rainbow gems in the center with mythological creatures, phoenixes, and angels surrounding the gem and a sash on the gem that said: True Immortal Godly Love and True Matches of Heaven!

Me: Varie Knudson, everyone…?

Nico: Nora Venice, everyone…?

Me and Nico: Will you marry us?

Everyone gasped in surprise, and our jaws also dropped to the floor when we saw it.

---

Eli shut his jaw and everyone else's jaws.

Suddenly, Varie and my harem had tears in their eyes and a smile on their faces and Nico's harem had tears in their eyes and a smile on their faces.

Varie and my harem: Yes, J.D… !

Nora Venice and Nico's harem: Yes, Nico… !

Everyone had tears in their eyes and a smile on their faces as Nico then got up and he put the rings on his harem's fingers and I got up and I put the rings on Varie and my harem's fingers as we hugged and kissed passionately, and everyone all cheered wildly.

Lincoln: That is so awesome! A double proposal!

Luna: So awesome, dude!

Laney: This is going to be the biggest wedding of the year! So incredible!

M2e: Yep!

Koragg: You did good today, Ben.

Ben: Thanks, guys.

Azmuth: After today, I can safely say that you truly have become worthy of the Omnitrix.

Turtle: And now, Vilgax's entire scheme has been foiled.

Me: And we ended his reign of terror permanently.

Shade: (to Hiroyuki) You helped too.

Hiroyuki: I sure did.

Me: We owe you big time Hiroyuki.

Kit: I don't know when but I promise we'll see you in January.

Hiroyuki: Looking forward to it.

Kit and Hiroyuki high fived each other.

Ebon: Now let's recover Vilgax's body and have calamari out of it!

Me: EW! Not sure he would taste very good

Ebon: You're right.

Azmuth: And then, I have to restore the Original Omnitrix to its' normal state.

Villamax: Good idea. Vilgax's choice of color for it does NOT fit it well.

Nico: I agree.

Me: Camie deserves the Omnitrix.

Nico: Yep. Great job today everyone.

Ben: (To the viewers) This was a really epic battle.

Me: Yep.

We went back home and enjoyed the rest of the day and went to sleep.

THE END

The cave was the only spot on Valmorg that was cool enough for us because of its extreme heat.

Me: Planet Valmorg is always this hot. But it's awesome seeing it.

Camie: It sure is.

Nico: I agree there.

Freakazoid: It sure is awesome and hot!

Lola: Yeah it sure is!

Luan: I think it's HOT under the collar! (LAUGHS)

We laughed!

Me: Funny.

Freakazoid: I agree there guys!

Nico: Freakazoid, I want to thank you, Me Agon Gi. and your teams for coming

Freakazoid: No problem Nico and this is gonna be a lot of awesome fun for us!

Steff: You bet it is.

Me: Glad you are having fun Steff.

Nico: Steff, I hope you aren't turned off by Freakazoid's wackiness.

Steff: No way! Not at all. Freakazoid may be wacky but he knows how to make me laugh and always saves me. Especially when I do this! OH FREAKOUT!

ZZAAAAAAAPPP!

She turned into FREAKAZETTE!

Me: WHOA!

Freakazette: I'm also Freakazette!

Freakazoid: That is awesome! Now we both can fight bad guys!

Freakazette: Yeah we can! FREAK IN!

ZZZZZAAAAAPPPP!

She was back to normal.

Me: That was awesome!

Maria: I did NOT see that coming!

Me: Deadpool said it was because the show was cancelled because of poor ratings due to the show being older than the target audience.

Nico: Oh man.

Qin: Yeah.

Me: But it was really funny.

Laney: Especially with Agarn wearing that dress.

Agarn: YOO HOO! LOCO BROTHERS! LOOK WHO'S HERE FOR YOU!

WE LAUGHED HYSTERICALLY!

Nico: (LAUGHS) That was funny!

Me: (LAUGHS) Yeah! That was from F Troop! That was a funny show back in the 1960s.

Nico: Yep.

Me: Yeah. Whew! Man that was a crazy show.

Eli: Yeah.

Me: Man Yesterday was EPIC!

Lola: BOY IT SURE WAS!

Nico: It was fitting for Ben to use his first ever 10 aliens against Vilgax.

Qin: I know. But it was really awesome.

Nico: It sure was. Wow! That battle with Vilgax was epic!

May: (sadly) Too bad Bellicus and Serena had to Sacrifice themselves to ensure Vilgax was defeated

Me: I know. But those were the only 2 casualties out of that whole deal.

Nico: Yeah. But they are very proud of how far Ben has come.

Jen Tennyson: They sure are. But that was genius that Ben tricked Vilgax into using Alien X like that.

Nico: It sure was! And J.D. you did really amazingly well against Vilgax.

Me: We all did. Especially with Laney and Taiga against his cronies outside.

Laney: That was cool.

Me: Nonetheless Serena and Bellicus will never be forgotten.

Nico: Lets have a moment of silence for them.

We took our hats off and put our hands on our chest and Laney played taps for them.

Serena and Bellicus will never be forgotten. It was done later.

Me: Now to decide who gets the original Omnitrix.

Lincoln: Obviously, that should be me. After all, I've been closest to J.D. since day one.

Eddy: You? I should get it. My show has been one of the top ones of Cartoon Network!

Kaito: It should go to me since me and my team helped restore all the worlds of the Multiverse from the Tojitendo.

Sougo: What about me? I was the one who restored all the Kamen Rider timelines from Swartz's madness the first time.

Troy: I should get it. Just think of well the Omnitrix could go with my Legendary modes.

Tsukasa: (sighs) I didn't think you guys would be arguing like babies over this. Besides, I think the Omnitrix would go well with my Kamen Rider forms.

Me: Guys now now now!

Nico: Now guys! J.D. already decided who will get it.

Me: Camie. The reason is I wanted to have her get one.

Nico: Lisa said she is going to give EVERYONE an Omnitrix. When it's finished she is going to clone them and make one for all of us.

Troy: Cool! That does make sense.

Sougo: I agree.

Tsukasa: You're right.

Lisa Loud: There are going to soon be Omnitrix's for all of us soon.

Nico: Awesome.

Lisa: In fact, I already started after I undid Vilgax's hideous makeover

Me: Good work Lisa.

Nico: Yep. But you all did a great job during those last 12 days.

Me: Yep everyone did great.

Lincoln: (Pouts) My line was interrupted.

Me: Welcome to my world Lincoln. Oh guys I forgot that the Anniversary with the Defeat of Opaline was yesterday. So We decided to move the party to today.

Nico: Oh no worries.

Eddy: Why aren't we exploring the planet like we normally do?

Me: Yes we are. But we're trying to stay cool in here.

Nico: Yeah.

Eddy: Good point.

Juran: Look, I'll go take a look around and show you guys there's nothing to worry about

Me: Juran last time you were here you made a big scene by saying you were boiling and frying.

Juran: Oooh. Ouch. Yeah.

Tsubasa: How about I go take a look around? How bad can it be?

Nico: Guys calm down. Lets all go out.

Me: Okay.

We were off and it was hot but we can get through it.

Me: Whew! Valmorg is hot as always.

Tsubasa: Okay. A little sweaty. But it could be worse

But then…

KRABBBBBOOOOOOOOMMM!
KRABBBBBBOOOOOOOOMMMM!
KRABBBBBBOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOOMMM!
KRABBBBBBBBOOOOOOOOOOMMMMM!
KRABBBBBBBBBOOOOOOMMMM!

Numerous massive fiery explosions blasted off all over the place without warning and it was intense!

Me: HOLY CRUD!

Qin: Whoa! That was a lot of explosions!

May: GEEZ!

Nico: What the Hell?!

Laney: This can't be a good sign!

Lincoln: Okay, guys, we got ourselves a huge emergency, and this is going to be one explosive fight: we got word that Benson's hypothetical Akuma form, Mad Lava Lamp, is here on Valmorg, and he's out to kill Mordecai and Rigby.

WE GASPED!

Nico: A hypothetical Akuma of Benson?! Oh God, this is gonna get ugly!

Me: Big time. According to Gabriel, he was created because he was fed up with Mordecai and Rigby never doing their jobs, and he was turned from an anthropomorphic gumball machine to an anthropomorphic lava lamp, and now, he has one purpose: TO KILL MORDECAI AND RIGBY AND BURN THEM TO DEATH WITH THE EXPLOSIVE POWER OF HIS TEMPER AND THE POWER OF A THOUSAND VOLCANOES!

WE WERE HORRIFIED!

Lincoln: And this guy is known for having nasty Anger Management problems. We need to take this explosive lava lamp down and fast.

Suddenly, the rest of the team arrived thanks to Lincoln's message.

Lori: We literally heard everything from Lincoln, looks like we're facing Benson's hypothetical Akuma form.

Me: Yep, and we're gonna need a literal ocean to cool this guy down.

Lincoln: Or how about a maelstrom!

Lincoln transformed into Maelstrom Lincoln as his deep sapphire eyes and rainbow iris of his Third Eye turned deep aqua blue, his massive white angel wings and medium sized white angel wings underneath his massive white angel wings, eleven massive and long white wolf tails, and large white wolf ears turned aqua blue, his long wild white hair turned aqua blue and his large gold halo with four large orbiting gold rings orbiting the corners behind his head turned aqua blue.

Nico: It's been a long while since you've turned into your Elemental Hero forms. Alright, let's get that hothead and cool him down.

Keiichiro heard a Pokemon cry.

Keiichiro: Hey look.

We saw a Slugma.

Me: Hey a Slugma.

Nico: Oh the poor thing can't take the heat here.

Me: Nico he's a Lava Pokemon. This world is perfect for it.

Nico: Oh right.

Slugma: I was hit by a living lava lamp.

Me: Oh we'll heal you.

KRABBBBBBBBOOOOOOOOOOMMM!
KRABBBBBBOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOMMMM! KRABBBBBOOOOOOOMMM!
KRABBBOOOOOOOMM! KRABBBBOOOOOOOOMMMM!
KRABBBBOOOOOOOOM!

More explosions were blasting off all over the place.

Keiichiro (to Slugma): Hey. You are aware of what my team is, right?

Slugma: I am. The PatRangers.

Keiichiro: Good.

We healed him.

Slugma: Thanks.

Me: Would you like to come with us?

Slugma: I would be honored.

Xenia: Awesome!

Suddenly, Lincoln's large gold halo with four large orbiting gold rings orbiting the corners behind his head glowed and the four large orbiting gold rings fired beams of light that formed into a viewing window and we see Stan and Steak Stankco dressed only in shorts and shirtless and still forced to mine and eat broccoli at The Broccoli Mine Prison in Canada, and they'd regained their abnormally massive and powerful upper and lower body muscles and eight-pack abs along with their massive physical upper body and lower body strength, but they were now as four times as big as The Hulk.

The two of them were grumbling like mad and there was no doubt they were plotting to escape once again, but then, we saw the barbell tattoos on their backs glow red. Suddenly, Stan and Steak were glowing with red energy, but then, their arms were raised and it looked like their wrists were bound with metal cuffs same with their feet.

Me: Uh oh, here we go!

Lincoln: Yep.

Suddenly, Lincoln made red portals appear in front of the Stankcos, and then, out of nowhere, Lincoln sprouted tentacles with suctions from his chest and all of the males on the team did the same and they went through the portals and they came out of the portals and latched themselves onto the massive pecs, necks, arms, and legs of Stan and Steak Stankco. Then, the tentacles began sucking the Stankcos' of their massive muscle mass, virility, and massive physical strength and they were groaning in pain as they began shrinking in muscle mass.

Then, all of the massive muscle mass, virility, and massive physical strength of The Stankcos began being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even more stronger.

The same thing happened to me, Nico, and all the males on the team and our abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on our bodies, and our massive angel wings spread out and glowed and our halos glowed and we also began growing even more stronger.

Lincoln: (Growls) Oh man, I haven't forgotten how potent this curse really is.

Me: (Growls) Yeah, this is really potent, but this still feels incredible.

Then, when Lincoln and all the males were done, the tentacles detached themselves from the pecs, arms, legs, and necks of the two meatheads and they went back into us as the portals closed, and we saw that Stan and Steak Stankco were thin as a rake and sucked bone dry of their muscle mass, virility, and massive physical strength again, and the glowing barbells on their back stopped glowing.

Stan and Steak Stankco: NOT AGAIN! (ENRAGED SCREAMING)

The viewing window closed as the four large orbiting gold rings stopped glowing and the light beams disappeared. Suddenly, we saw that we were even more bigger in muscle thanks to Lincoln's curse he put on The Stankcos.

Me: (Looked at my even more muscular body) Whoa. Lincoln, that Min's Egyptian Virility Drain Curse you put on the Stankcos is still really potent. But, look at us, now we're even more ripped than ever. (Flexes my even more massive muscles)

Lincoln: (Flexes his even more massive muscles) Yep, and this curse will be on them for all eternity. (Sensed for Mad Lava Lamp) AHA! Gotcha! I just spotted Mad Lava Lamp, he's 20 yards away looking for Mordecai and Rigby, and his already explosive temper is even worse than ever.

Me: What an explosive hothead! Let's get him!

Lincoln: And send him straight to Vypra to straighten him out. (Sensed Flip's musclebound thugs) Uh oh, hold up, I sensed a massive army of Flip's musclebound thugs also heading right for us.

Nico: (GROWLS) Flip, you stupid mutant cheapskate!

Me: That mutant just doesn't even know when to quit!

Suddenly, we saw ten massive armies of Flip's musclebound thugs arrive, and they came barreling towards us in a fit of rage.

Lincoln: Ugh, I knew there was no mistaking the stench of B.O. in the air!

Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began

growing even stronger.

I did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into me and my abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on my body, and my massive elemental angel wings with aurora and red tips spread out and glowed and my halo glowed and I began growing even stronger.

The other male members did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into them and their abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on their bodies, and their massive angel wings spread out and glowed and their halos glowed and they began growing even stronger.

When we were done, the vacuum tubes detached themselves from the chests of the thugs and went back into us, and the thugs were now dead from blood loss and thin as a rake and Lincoln fired a blast of red energy and destroyed them leaving them as ashes. Then, we set our sights on Mad Lava Lamp.

Kairi Yano: Considering you're hot blooded, a Slugma fits you

Keiichiro: Hardy har har. But yeah.

We were flying around, and then, we heard extremely loud and mega angry screams of rage and anger, and there we saw our target: Mad Lava Lamp, and boy was he boiling mad!

Lincoln: There's that hothead. Now, to give him a Surekill surprise.

Lincoln unholstered his massive Lincoln Loud's Cosmic Eternal

United Friendship Almighty Hinon True Eternal Friendship Universal Cosmic Storm Phoenix God Angel Greatsword of Cosmic Eternal United Friendship Almighty Hinon True Eternal Friendship Universal Cosmic Storm Phoenix God Angel Universal Hope Elemental Cosmic Heavenly Bravery and True Unbreakable Eternal Bonds and True Immortal Heroism.

Lincoln: RAGING OCEAN MAELSTROM! 荒れ狂う海の大渦!

Lincoln swung his massive greatsword and fired a super massive wave of water that hit Mad Lava Lamp hard and he was drenched. Then, Lincoln transformed into Inferno Lincoln as his deep sapphire eyes and rainbow iris of his Third Eye turned deep red, his massive white angel wings and medium sized white angel wings underneath his massive white angel wings, eleven massive and long white wolf tails, and large white wolf ears turned red, his long wild white hair turned red and his large gold halo with four large orbiting gold rings orbiting the corners behind his head turned red.

Lincoln: Now, for fire. RAGE OF INFERNO! レイジ・オブ・インフェルノ!

Lincoln swung his massive greatsword and fired a massive tornado of light and fire that hit Mad Lava Lamp hard and we landed.

Maria: Nice one!

Nico: Using water first, and then, fire. Man, did you burn him bad.

Mad Lava Lamp was so infuriated!

Mad Lava Lamp: I'LL KILL YOU JUST LIKE I'M GOING TO DO TO THOSE TWO SLACKERS!

Mad Lava Lamp fired a massive wave of lava from his mouth at us, but Lincoln absorbed it into his body and his rainbow energy aura flared up and he grew even stronger than ever!

Lincoln: (Smirks) Is that all you got, turkey? I've seen better shots from the villains we've killed in the past!

Me and Nico: OH! BURN!

THAT MADE MAD LAVA LAMP SUPER ANGRY AND HE CONTINUED FIRING MASSIVE WAVES OF LAVA FROM HIS MOUTH, BUT LINCOLN KEPT ON ABSORBING THEM AND HIS RAINBOW ENERGY AURA FLARED UP AS HE CONTINUED GROWING EVEN STRONGER THAN EVER!

Eli: Jeez, when did Lincoln grow that bold and confident to say those sorts of insults?

Anna Anyanova, Eman Reynolds, Sabrina Lorelai, and the rest of Lincoln's Guardian Angels were whistling trying to cast off suspicion.

Me: Nice try, girls, we knew it was you.

Anna Anyanova, Eman Reynolds, Sabrina Lorelai, and the rest of Lincoln's Guardian Angels: Dang it.

Nico: But, you girls really helped Lincoln in growing bolder and more confident when you all were putting him through all of that constant training. If Flip heard those sorts of comebacks from Lincoln, he'd charge in like a raging bull.

Shayla Sigmar: But, with how much more muscular Lincoln's become and still growing that much stronger, he'll easily become roadkill. Alright, let's take care of that hothead.

Me: Yeah!

Nico: Okay you hot freak, come get some!

Mad Lava Lamp: I WILL KILL THOSE NO GOOD FUCKING SLACKERS!

Nico: I know he'll melt out of it.

And sure enough he did.

Me: Yep.

Nico: This guy is REALLY steaming us.

Shayla Sigmar: But, with how much more muscular Lincoln's become and still growing that much stronger, he'll easily become roadkill. Alright, let's take care of that hothead.

Suddenly, Shayla Sigmar's orange eyes turned neon orange and she was surrounded by an orange and red energy aura with stars, superhot flames, superhot fire, twin-tailed comets, dragons, phoenixes, and angels, she unholstered her massive Shayla Sigmar's Hellfire Twin-Tailed Comet Inferno Fire Greatsword of Hellfire Twin-Tailed Comet Inferno Fire Justice, and as she approached Mad Lava Lamp, she left orange and red energy, stars, superhot flames, superhot fire, twin-tailed comets, dragons, phoenixes, and angels with every step.

Shayla Sigmar: Honestly, you really are a bad tempered rotten explosive unpleasant monster, if we didn't have any other plans for you, I'd be more than happy to send you straight to Hell, but no, you're not getting off easy, I'm gonna enjoy tearing you into tiny little pieces.

Suddenly, Shayla Sigmar was surrounded by a massive vortex of orange and red energy with stars, superhot flames, and, superhot fires surrounding the vortex, there are dragons, twin-tailed comets, phoenixes, and angels flying around the vortex, and in the vortex is an orange phoenix with red eyes glaring at Mad Lava Lamp: the red eyes of eternal judgement.

Me: OH SHIT, NOW THINGS ARE SO GOING TO HEAT UP!

Nico: BIG TIME!

Lincoln: Mad Lava Lamp's gonna wish he was begging for mercy after Shayla gets through with him.

Then, as the vortex faded, Shayla Sigmar emerged, but she was changed forever.

Shayla Sigmar grew from 7'5" to 8'3" in height, she now has large gold metal braces on her biceps and thighs, and she now has twelve large orange planets orbiting around her legs, she has the body of a goddess, she has red highlights in the bangs of her long neon orange hair and she has a large golden halo in the center with golden angel wings on the bottom and four large orbiting golden rings on each corner behind her head, she has neon orange eyes and an orange energy aura with stars, superhot flames, superhot fires, twin-tailed comets, dragons, phoenixes, and angels surrounding her and immense protective neon rainbow aura with all of the elements swirling around it, she has the symbol of Sigmar The Twin-Tailed Comet emblazoned on her forehead and Third Eye with orange iris, she has on dragon earrings with orange gems for eyes and holding the Hellfire, Fire, and Eternity Kanjis in its claws, she also has a phoenix with orange gems for eyes and holding the Hellfire, Fire, and Eternity Kanjis in her hands for the second pendant on the bottom of her orange phoenix-shaped Element of Harmony, along with the gold Thunderbird pendant of her Elemental Thunderbird Necklace of Eternal Love necklace with orange crystal links from her merged Crystal Necklace of the Buddha and orange gems on the gold lightning bolts, and she also has on her white and gold accented Elemental Thunderbird Choker Necklace of Eternal Love on her neck. Suddenly, Shayla Sigmar's massive Shayla Sigmar's Hellfire Twin-Tailed Comet Inferno Fire Greatsword of Hellfire Twin-Tailed Comet Inferno Fire Justice and all the greatswords and swords that she'd gotten began to merge together, and they're surrounded by a kaleidoscope of orange energy, stars, superhot flames, superhot fires, twin-tailed comets, dragons, phoenixes, and angels, and when it emerged, it was transformed into Shayla Sigmar's Cosmic Eternal Hellfire Twin-Tailed Comet Inferno Fire Draconic Phoenix God Angel Greatsword of Cosmic Eternal Hellfire Twin-Tailed Comet Inferno Fire Draconic Phoenix God Angel Justice, it's a brand-new massive greatsword with embedded orange gems and the symbol of Sigmar The Twin-Tailed Comet etched on the 7'9" massive, wide, double-edged red blade, large red dragon heads with orange gems for eyes for the crossguard, large white angel faces built into both sides of the hilt and large red gems embedded in their foreheads, longer midnight black handle, four large orange phoenix heads with red gems for eyes and on the bottom of the large orange phoenix heads is a red dragon head with orange gems for eyes and orange gem in its mouth for the pommel, Shayla Sigmar has on her large gold Bracers of The Champions of The Universe with orange gems on her wrists and Dragon Ball Bracelet and wrist computer on her left Bracer, her large gold Belt of Elemental Bravery with a large gold phoenix head with orange gems for eyes and large red gem in its mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. We were amazed by Shayla Sigmar's Super Angel-Twin-Tailed Comet Avatar-Dragon-God-Phoenix-Harmony Universal Eternal Celestial Xelnaga transformation and when Lincoln saw her, he had an atomic red blush on his face, hearts in his eyes, and his nose was bleeding. But, when Mad Lava Lamp saw it, he screamed with pure ballistic fury and fired more lava at her, but she absorbed it and it made her stronger than ever, and she fired a massive barrage of orange energy, stars, superhot flames, superhot fires, twin-tailed comets, dragons, phoenixes, and angels which hit Mad Lava Lamp hard and sent him into a lavafall, he got back out, but boy was he raging mad now!

Lincoln, Shayla Sigmar, and I went after Mad Lava Lamp who continued firing lava at us, but we continued absorbing them and we continued growing even stronger than ever, and we fired extremely powerful blasts of rainbow energy, orange energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at Mad Lava Lamp, and they exploded with incredible power as they hit him.

Then, we attacked him with energy slashes from our massive greatswords leaving scars on them and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at him as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well, and he, Shayla Sigmar, and I attacked him hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving Mad Lava Lamp even more madder and even more insane with rage.

Then, Nico fired waves of water, May fired blasts of ice, and Qin fired blasts of fire, and Sebastian fired blasts of Divine Darkness that hit him and slashed at them with his dark greatsword, Then, Lincoln, Shayla Sigmar and I fired powerful blasts of energy, magic, stars, superhot fire, superhot flames, lava, and planets at Mad Lava Lamp, and Lincoln summoned fire wolf spirits and they brutally mauled and attacked him and he got badly hurt.

Lincoln fired a rainbow energy blast that hit Mad Lava Lamp and sent him to Vypra via a portal he opened up behind Mad Lava Lamp, but not before he also assimilated his powers as well. Everyone cheered wildly as we holstered our weapons and powered down, and Shayla Sigmar's new body, clothes, weapons, jewelry, eleven massive and long orange wolf tails and longer twin comet tails, 28th Century silver Miracle Box backpack, Third Eye, large gold halo with four orbiting gold rings on each corner behind her head, twelve large orange planets orbiting around her legs, and massive orange angel wings and medium sized orange angel wings underneath are permanent.

Me: Whew, man, that lava lamp was really really explosive!

Nico: Yeah, what a hothead. Vypra will cool him down with what she's got up her sleeves.

Lincoln: And she'll also keep him from trying to kill Mordecai and Rigby, because one wrong move, and he's gonna get dunked in a pool of ice water.

We shivered.

Nico: That's something no one would ever want.

Me: Yeah no kidding. But at least he's cooled down.

Nico: That was hot!

Me: WHEW! No kidding! And it's hotter than anything out here.

Nico: Lets go back to our cave and cool down.

Maria: Good idea.

We did so and went and cooled down.

Me: Ahh!

Eli: Whew! That was good.

Maria gave us a lot of water.

Nico: Nice job Slugma!

Slugma: Thanks Nico.

Qin: That was cool!

Poromon: Want a beer?

Slugma: Sure!

He got a bottle but then because of his heat…

POP!

The bottle bursted open and all the beer boiled out.

Me: WHOA!

Nico: Let's do that over. This time, I'll make sure you can drink it.
(snaps fingers)

The bottle was fixed and Slugma then drank it.

Slugma: Ahh. (Barney belch)

Poromon and Slugma both got drunk.

Poliwag: Now, sing the ABCs!

Slugma: (Slurred speech) ABCPFEI OUOHLYBM JMPKINUY JGBK
Now I know my ABC's next time won't you drink with me

Manaphy: YAY POROMON!

Qin: Yeah!

I snapped my fingers and they were back to normal.

Slugma: That was funny.

Poromon: Yep.

Nico: Nice job, yesterday Ben.

Ben: Thanks Nico.

Qin: Boy that was an awesome battle.

Lola: Yep.

Poromon: I still have a few Grey Matter Bioid parts on me.

Me: And we have all the scrap metal from those Bloids in the lab to be rebuilt and reprogrammed.

Eli: Cool.

Lisa Loud: indeed and it will he a good addition to our team.

Poromon got said parts out of him.

Me: We'll have those put into the lab.

I teleported them to the lab.

Ben: At least I wasn't tempted by Ascalon this time

Me: That's good.

Riley: I'm glad that didn't happen.

Nico: Me too.

Zayto: And we got to use our Cosmic Fury forms

Me: You sure did. Which were so awesome.

Qin: Yep.

Me: Too bad there weren't 12 rangers in Cosmic Fury like the Kyurangers.

Fern: At least I'm a ranger now.

Me: You sure are Fern and that is so awesome.

Fern: Thanks.

Qin: You look great as an orange ranger.

Me: Yeah. Man what a ripoff. Not that many orange rangers in America and Japan.

Jack Landors: Boom doesn't count.

Me: I remember Boom. But he is still a ranger regardless.

Nico: We'll have him put in the rangers later on.

Camie: Good idea.

Z Delgado: He can be orange in real life

Me: I was going to have that happen.

Z: Good.

Qin: Awesome.

Freakazoid: It's still awesome that we destroyed the Rangers enemies. Now they can just KISS MY BUTT!

Earthworm Jim: THEY CAN ALL EAT DIRT!

Nico: Those not in the Masters of Evil anyway

Qin: Yeah.

Lola: Still it was awesome.

Nico: Yep.

Maria: Alva has his son back too

Freakazoid: Yeah that is for sure!

Eli: You got that right.

Nico: Shame Angel Grove got damaged.

Me: I know. But at least no one died.

Varie: That is for sure.

Fu: That is true. But during that adventure I was reunited with Rui.

Me: You sure were Fu.

Jason Lee Scott: Even the Youth Center got wrecked!

Qin: We fixed it up though.

Lincoln: Whoa, we're here on Amara's planet, Erosa, and I know what we're going to do here, not only am I going to rescue the five girls here, but Amara's going to introduce you and Nico to her equally extremely super smoking, hot, gorgeous, sexy, and voluptuous cousins who are also going to join your harem and Nico's harem, J.D.

Amara Roshansa: Yep. Hope you boys can handle it.

Me and Nico: (Gulps)

Suddenly, I felt two slender arms wrap around my waist, and I felt two more hands rubbing my pecs from behind, and my body turned red and steam came off me like crazy.

Me: (Blushing Hard) Oh… ! Oh man.

Suddenly, I was surrounded by eighteen very beautiful and extremely super smoking, hot, gorgeous, sexy voluptuous women who look just like Amara Roshansa: they have long red hair and red headband, pink eyes with red markings, they're 7'0" in height, they have the extremely super smoking, hot, gorgeous, sexy voluptuous bodies of goddess and huge voluptuous breasts, fair skin, massive and beautiful red angel wings, dressed in pink sleeveless crop tops, necklaces with a red gem for the pendants, red skirts, black knee-high high-heeled boots with butterfly buckles, and long white sleeveless trenchcoats with stars, red fire, heart, phoenixes, and angels on the coattails and on the back is the pink and red planet Erosa, holstered on their backs are massive claymore swords with angel runes etched on the 7'9" massive, wide, double-edged silver blades, large white angel faces built into both sides of the hilt, longer midnight black handles, and silver pointed tip for the pommels.

Amara Roshansa: Oh, they're here. Meet the first half of my cousins, Cytheria, Darelene, Davina, Demanda, Dione, Doda, Dodi, Drury, Ellone, Janiya, Filimena, Filomene, Freyja, Frigg, Grania, Hartlyn, Haviva, Hulda, and Ily Roshansa, and they've been wanting to meet you, J.D.

Me: (Trying to keep cool) I… can see that.

Cytheria Roshansa: (Rubs my pecs and eight-pack abs) (Seductive Voice) You're everything we've heard about you: tall, strong, handsome, and a real ladies man. Hope you don't mind having a few more extra wives in your harem?

Me: (Trying to keep my cool) Of course, I'm on the market.

Nico: J.D.'s trying not to lose his cool, but Erosans are really seductive to males who exceed the criteria they have for potential mates.

Suddenly, Nico felt two slender arms wrap around his waist, and he felt two more hands rubbing my pecs from behind, and his body turned red and steam came off him like crazy.

Nico: (Blushing Hard) Oh… ! Oh God.

Suddenly, I was surrounded by eighteen very beautiful and extremely super smoking, hot, gorgeous, sexy voluptuous women who look just like Amara Roshansa: they have long red hair and red headband, pink eyes with red markings, they're 7'0" in height, they have the extremely super smoking, hot, gorgeous, sexy voluptuous bodies of goddess and huge voluptuous breasts, fair skin, massive and beautiful red angel wings, dressed in pink sleeveless crop tops, necklaces with a red gem for the pendants, red skirts, black knee-high high-heeled boots with butterfly buckles, and long white sleeveless trenchcoats with stars, red fire, heart, phoenixes, and angels on the coattails and on the back is the pink and red planet Erosa, holstered on their backs are massive claymore swords with angel runes etched on the 7'9" massive, wide, double-edged silver blades, large white angel faces built into both sides of the hilt, longer midnight black handles, and silver pointed tip for the pommels.

Amara Roshansa: And there's the second half of my cousins. Meet Kama, Karina, Kerensa, Lalasa, Lida, Liubov, Lolovivi, Lovella, Lovette, Madan, Mahal, Maitane, Maitea, Manami, Mandy, Mena, Mina, and Minnette Roshansa, and they've been wanting to meet you, Nico.

Nico: (Trying to keep cool) I… can see that.

Karina Roshansa: (Rubs Nico pecs and eight-pack abs) (Seductive Voice) You're everything we've heard about you: tall, strong, handsome, and a real ladies man. Hope you don't mind having a few more extra wives in your harem?

Nico: (Trying to keep my cool) Of course, I'm on the market.

Maitea Roshansa: And we heard you administered the Aphrodisiac Erotica Muscle Growth Serum into Lincoln yesterday, we knew you were going to do that.

Amara Roshansa: Of course, and the results spoke for themselves against Vilgax yesterday. (Seductively) And last night.

Lincoln blushed madly.

Cytheria Roshansa: Which means it's your turn, J.D.

Lovette Roshansa: Along with you, Nico.

Nico and I were sitting on some chairs, and then, I saw a machine with a massive glass jar full of pink and red liquid dropped down above me, and then, tubes dropped down and hooked onto my pecs, trapezius, and covered crotch.

Me: Okay, I'm ready.

Amara Roshansa activated the machine, and then, it began pumping the Aphrodisiac Erotica Muscle Growth Serum into my body.

Me: (GROWLS) Oh God! It feels like my whole body is completely on fire! But, this feels so good!

Suddenly, everyone saw my abnormally massive and powerful upper and lower body muscles grew and bulged even more as veins formed, and my massive rainbow elemental angel wings and medium sized rainbow elemental angel wings underneath with aurora and red tips spread out and glowed along with my large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long rainbow wolf tails with rainbow tips and rainbow markings, and I experienced feelings of extreme heat and pleasure, and I was growing so much stronger as a result as all of the benefits of the serum were forever merging with my body.

Then, the jar was completely empty as the tubes unhooked themselves from my pecs, trapezius, and covered crotch, and when it was done, I was now even more ripped and shredded than ever and heat waves were coming off me.

Me: Oh man, what a fucking rush. (Flexes my even more massive muscles) Whoa, and Lincoln wasn't lying, that serum of hers is really potent, I'm now even more stronger than ever.

I was really flexing my now even more massive muscles, and that got Cytheria, Darelene, Davina, Demanda, Dione, Doda, Dodi, Drury, Ellone, Janiya, Filimena, Filomene, Freyja, Frigg, Grania, Hartlyn, Haviva, Hulda, and Ily Roshansa blushing like mad, and I wound up covered in kiss marks on my face, massive pecs, arms, and eight-pack abs.

Me and Nico: (In Heaven) So… totally… awesome!

Lincoln: Glad you guys now have Amara's cousins in your harems. Now, onto the second part of my rescue: it seems Amara Roshansa's hated enemy, Helen Coldsoul, an ice alien known as a

Bitterian, and she's bringing the rest of her race to destroy the Erosans.

Me: Whoa, who are the Bitterians?

Shanan: The Bitterians are the rivals of Erosans. While Erosans are sexy, the Bitterians are the embodiment of pure cuteness and ice cold evil.

Amara Roshansa: Helen is a wanted gangster, as she's known to freeze Erosans solid to add to her collection. She tried to add me, my sisters, and the rest of my people to her collection, but she failed, and her entire race want nothing more than to destroy us and all traces of love, all they know is ice cold hate.

Lincoln: Well, unlike the other Bitterians, we'll be sending Helen Coldsoul to Vypra and The Masters of Evil, while the entire Bitterian race are heading for my specially made prison for World Conquering Aliens for their actions against The Erosans, and as for their planet, I'm going to drain it dry of its life force and energy, and I'll use Parasite's powers to suck out the powers of every last Bitterian we encounter, except for Helen Coldsoul. Let's get a move on.

We got a move on to take down Helen Coldsoul and the Bitterian race whom she'd brought out. Suddenly, we saw sixteen very beautiful and extremely super smoking, hot, gorgeous, sexy voluptuous women who look just like Amara Roshansa: they have long red hair and red headband, pink eyes with red markings, they're 7'0" in height, they have the extremely super smoking, hot, gorgeous, sexy voluptuous bodies of goddess and huge voluptuous breasts, fair skin, massive and beautiful red angel wings, dressed in pink sleeveless crop tops, necklaces with a red gem for the pendants, red skirts, black knee-high high-heeled boots with butterfly buckles, and long white sleeveless trenchcoats with stars, red fire, heart, phoenixes, and angels on the coattails and on the back is the pink and red planet Erosa, holstered on their backs are massive claymore swords with angel runes etched on the 7'9" massive, wide, double-edged silver blades, large white angel faces built into both sides of the hilt, longer midnight black handles, and silver pointed tip for the pommels, and with them are the five girls.

Lincoln: (GASPS) Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa.

Cerys Roshansa: That's right, Linky, and we got the girls away from that Bitterian gangster and the rest of those ice cold Bitterians, but they're out to destroy us again and Helen still wants to add us and the rest of our race to her collection.

?: DESTROY THE BITTERIANS!

We then saw a massive planet-sized army of Bitterians heading right for us.

Lincoln: I knew they'd be coming, time for me to drain them all dry of their powers.

Lincoln ran at the massive planet-sized army of Bitterians, and one by one, he grabbed them and sucked them dry of their cryokinetic powers and he made them his own and he tied them all up and beamed them to a specially made prison for World Conquering Aliens, and they'll remain there for life.

Lincoln: That was good, now all that's left is to take care of Helen Coldsoul.

?: YOU AND EVERY LAST EROSAN WILL ALL BE ADDED TO MY COLLECTION, ROSHANSA SISTERS! (LAUGHING INSANELY)

We then saw our target, Helen Coldsoul, and she was still out to capture Amara and her sisters along with every last Erosan for her "collection".

Sylvester: She's heading straight to Vypra with a straitjacket restraining her.

Then, Lincoln fired a dark blue energy blast with stars, galaxies, and planets reflecting and it turned into a straitjacket that tied up Helen Coldsoul and he sent her to Vypra. We cheered as we holstered our weapons and powered down.

Lincoln: Helen's in The Masters of Evil and the rest of her race are now in prison and drained of their powers. Now, to finish off their planet.

Lincoln formed a portal and it showed the planet Bitter, and he went through the portal and is over the surface of the planet, and he points his hands over the planet, and then, he began sucking the planet dry of its life energy and the ruler of Bitter who remained there wound up falling victim to Lincoln's energy absorption, and as soon as Lincoln was done, the planet was left as an empty shell which crumbled and Lincoln went back through the portal and back to us.

Lincoln: That's it for the Bitterians, without their planet or ruler, they're now powerless and leaderless. (To Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa) And it's so good to see you all again, Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa.

Suddenly, Lincoln was pounced on by Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa and they all proceeded to kiss him all over the place as he was on the ground and they were on top of him: face, arms, pecs, eight-pack abs, and stomach and Amy Roshansa had her hands on his massive pecs. When Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa were done, Lincoln was covered in red and pink lipstick marks on his face, massive muscular arms, hairy pecs, eight-pack abs, and stomach, and he had an atomic red blush on his face and he was literally in Heaven.

Lincoln: (In Heaven) That's… something I've not… forgotten.

We snickered as Lincoln got back up.

Cerys Roshansa: Sorry about that, but it's so good to see you again, Lincoln. It's been seven years since we last met.

Lincoln went up to Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa and he hugged each of them, and Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa are very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since they last saw him, and they also felt just how much more stronger and how much more muscular he's really become, and they had an atomic red blush on their faces, and the atomic red blush on their faces soon became even deeper when they saw his longer vampire fangs and more massive indestructible white angel wings and medium sized indestructible angel wings underneath with orange and aurora tips on the feathers, large gold halo with four large orbiting gold rings on each corner behind his head, along with hearing his mature, deeper, and manlier voice and seeing the larger white wolf ears with rainbow markings on his head, eleven massive and longer white wolf tails with rainbow markings and rainbow tips and white rabbit tail with rainbow markings on top of the massive and long white wolf tails, thick hair on his massive forearms, stubble on his jawline, and chest hair on his pecs, He-Man's chest harness, and many other accessories, and she also met his Rabbit Miraculous, Eini, the Universe 666 Miraculous, his familiars, the male white Rabbit Familiar, Alistair, the white Vampire Bat Familiar, Artemis, and the white Wolf Familiar, Seiko that came out of his backpack.

Lincoln: It sure has been a long time, I haven't seen you all since you were seventeen, and as you can see, I really grew a lot since then.

Amanda Roshansa: Holy crap, you sure have, you've really really grown up to be very big and very strong like a tree, Lincoln, you've really grown a lot from the cute eleven-year-old little boy into a 18-year-old 8'9" tall, very handsome, and manly man with really massive and powerful upper and lower body muscles and eight-pack abs, and there was no mistaking the vampire fangs you still have along with those massive white angel wings and you now have medium sized angel wings underneath them, that's so awesome, and the large white wolf ears on your head and the eleven massive and long white wolf tails with markings and white rabbit tail on top of the massive and long white wolf tails, hair on your massive forearms, beard stubble on your jawline, and chest hair on your pecs and many accessories and large gold halo with four large gold rings orbiting behind your head, that's really new, along with getting He-Man's chest harness.

Aphrodite Roshansa: (Rubs his massive pecs with her hands) You've really really grown a lot and became a man, but you're still the same kind boy from long ago, plus, you've also grown even more bigger in muscle mass, you can land an airplane on that massive, wider, and more muscular back, squash a melon with those really muscular quads and thighs, and cut a rock into a diamond on those rock-hard eight-pack abs, and there's not even a tape measure long enough to measure that chiseled chest or massive biceps. Plus, I've also met your familiars, and they are really awesome.

Eli: And he'd also been hit with massive amounts of cosmic radiation and he'd been imbued with the same powers as J.D. and all of us, and he's become truly immortal.

Me: Yep, and Lincoln, you know these very beautiful and extremely super smoking, hot, gorgeous, sexy voluptuous women?

Lincoln: Indeed I do, J.D.

Selene Emperyous: And so do we, everyone, meet Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa, they're Lincoln's Guardian Angels from a planet in the Andromeda Galaxy known as Erosa, this planet is inhabited by extremely super smoking, hot, gorgeous, sexy voluptuous women, but don't let that fool you: they're also extremely very powerful warriors and they also know how to use their seductive powers to get male perverts to lower their guard, and then, BAM!, they knock them out and send them flying into the middle of nowhere with one punch, and they're also the sisters of Amara Roshansa and Amara is the eldest of the group. Lincoln saved Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys from a group of Flip's thugs and he drained them all dry of their blood, muscle mass, massive physical strength, and virility, and when Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys laid eyes on Lincoln, almost immediately, they fell in love with him as they saw just how strong, brave, and courageous he was in saving them from those thugs, and they even saw that he was definitely a strong and handsome male, and they engaged in a fierce make-out session with him which lasted for almost two hours. They also trained Lincoln hard underneath the scorching hot sun, and they were really impressed at how he was able to endure extreme heat along with extreme cold, and they found themselves a man who went beyond the same expectations as their sister, Amara. Lincoln made them claymore sword, and to show their thanks, they each kissed Lincoln on the lips which he returned, and as a result, he promised that when he comes of age, he will marry them along with the rest of his harem. They hated all of Lincoln's enemies with a blazing passion, and they're also quite defensive when it came to protecting and defending Lincoln from Lori, Lynn, Lola, Lisa, and Luan and they've more than once knocked them out.

Nico: Whoa.

Luna: Yeah, dude, Lincoln's become a magnet for smoking hot women from another planet, but it's only those who are like his Guardian Angels: kind, friendly, and tough.

Lincoln: (Blushes hard) Luna.

Me: Hey, it's true, you know.

Lincoln: Yeah, you're right, and now that you're all here, Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys.

Lincoln went up to Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa, and one by one, he hugged them in his abnormally massive and powerful muscular arms, he leaned his head down the right side of their necks, and he slowly bit them and he fed on their blood, and we suddenly saw his rainbow energy aura with elemental forces and mythological animals flare up extremely as he gained an extremely astronomically huge and massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more as veins formed, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails with rainbow tips and rainbow markings. He slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he slowly kissed where he bit them.

Adelpha Roshansa: Mmm, you're still just as gentle as ever when you feed on one of your Guardian Angels, Lincoln.

Suddenly, sixteen Elemental Thunderbird Necklace of Eternal Love appeared on the necks of Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa with red gems on the gold lightning bolts and pink crystal links from their merged Crystal Necklaces of The Buddha along with sixteen white and gold-accented Elemental Thunderbird Chokers of Eternal Love on their necks.

Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa: (Surprised) Lincoln, are these…?!

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means you're now part of my harem and my many future wives, Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa, and of course, for that little pouncing.

Lincoln still had his massive arms and eleven massive and long white wolf tails wrapped around Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa's waists, and he leaned down to each of their faces and kissed them on the lips, but when they placed their hands on his massive pecs, Lincoln deepened the kiss and we all cheered for them. When Lincoln separated, Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa had an atomic red blush on their faces, hearts in their eyes, and their hearts were beating like mad. Then, we went up to the five girls, and when Lincoln saw the six girls, he immediately recognized them. The five girls are An Urata, Hinako Negishi, Marina Hongou, Misaki Kurihama, and Saori Oofuna from Shiofuki Mermaid "Dame… Coach! Nanika ga Dechauu!"

Lincoln: Oh wow, it's An Urata, Hinako Negishi, Marina Hongou, Misaki Kurihama, and Saori Oofuna from Shiofuki Mermaid "Dame… Coach! Nanika ga Dechauu!"

Nicole: So, we got some more awesome swimmers, that's cool.

Lincoln: Yep. Are you girls okay?

An Urata: Yes, we're okay, thanks to you.

Then, when An Urata and the other four girls saw who it was that saved them from Helen Coldsoul and the rest of the Bitterian Race, their faces turned atomic red upon seeing the 18-year-old 8'9" tall, handsome hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair and large white wolf ears with rainbow markings on top of his head with large golden halo in the center with golden angel wings on the bottom side and four large orbiting golden rings on each corner behind his head, thick hair on his massive muscular forearms and beard stubble on his jawline, rainbow colored thunderbird with gold lightning bolt in its claws and the Ebonwu Squadron emblem on its chest emblazoned on his forehead and Third Eye with rainbow iris, rows of straight teeth with vampire fangs, Crest of Miracles on his massive right pec and golden lightning bolt cutie mark with the thunderbird and comic books surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle on his massive left pec, Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his massive, wider, and more muscular back, and on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, Dragon, Tiger, Vampire Bat, Werewolf, and Buffalo and a Rinnegan-like marking, and right below the Cutie Mark tattoo is a rainbow kanji with nine magatama and the symbols of the elements in between the kanji that said, "Lincoln Landon Loud, Almighty Champion and Emissary of Hinon, Almighty Master of The Elemental Forces, The Storms, The Cosmos, and The Universe, Master of Hero Personas and Many Powers, The Loud House's Man With A Plan, Voice of Reason, Golden-Hearted Brother of Many Siblings, Almighty Golden-Hearted Lover and Father of Many Kids, Almighty Golden-Hearted and Loving Son of

An Urata: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet the rest of you.

Lincoln made four clones of himself, and he and his clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the thick muscular necks of Lincoln and his clones, and we cheered wildly at the scene, and he slowly bit them and he fed on their blood, and we saw his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails. He then slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them.

An Urata: (Seductively and rubs her hands on Lincoln's massive pecs) You too, big, tall, muscular, and handsome.

Suddenly, five Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of An Urata, Hinako Negishi, Marina Hongou, Misaki Kurihama, and Saori Oofuna with colored gems embedded in the lightning bolt links and colored crystal links from their merged Crystal Necklaces of the Buddha along with white and gold accented Elemental Chokers of Eternal Love on their necks. We returned to The World Tree Estate and they heard of Amara's cousins joining my harem and Nico's harem and we also wound up getting the Aphrodisiac Erotica Muscle Growth Serum pumped into our bodies. And they were shocked to find out the villain we went after was the hated enemy of Amara Roshansa: Helen Coldsoul, an ice alien known as a Bitterian with a habit of collecting Erosans, and she also brought in the rest of her race to destroy the Erosans.

But, when Lincoln showed what he did first in using Parasite's power and sucked out and drained every last Bitterian dry of their cryokinetic powers and sent to a special space prison forever and us beating Helen Coldsoul down and sending her to Vypra and Lincoln sucking and draining the Bitterians' home world dry of its life energy along with its ruler, everyone cheered and they went up to us and hugged us and Lincoln's harem kissed him on the lips. Lincoln, Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa have a lot of catching up to do, now that she's back in town.

Maria: Man, you and J.D. tried to keep your cool around Amara's cousins.

Lincoln: They tried to, but they almost went crazy.

Shanan: I did say Erosans are known to be sexy and seductive to males that exceeded their expectations for mates.

Nico: Yeah, you and Lincoln did.

Me: We tried to keep our cool, but that didn't work at all.

---

After our adventure on Amara Roshansa's home planet, we were training intensely in the gym, doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we were also doing 900,000,000,000,000 reps of tail bicep curls to get our eleven massive and long wolf tails even more stronger than ever as well, and when Amy, Aiko, Amanda, Aphrodite, Cara, Esme, Carys, Mila, Adelpha, Ahava, Amia, Freya, Mabel, Milena, Amor, and Cerys Roshansa saw Lincoln doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, they had an atomic red blush on their faces, hearts in their eyes, and their noses were bleeding.

Aphrodite Roshansa: My God, I was right that Lincoln's really grown into a 18-year-old, 8'9" tall, really big, handsome, sexy, and extremely super strong manly man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs really hard at work, and really working out with those 900,000,000,000,000-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan, and he's also doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, and he now looks even more ripped than ever.

Cerys Roshansa: He's definitely been continuing on bodybuilding and working out even more for many years, and because of that along with the combination of his diet plan that we gave him, along with his hyperpuberty and genes, he'd gained the powerful and massive body that all bodybuilders could only dream of. If anyone tried to mess with him now, they were in for a world of hurt and trouble, and he's always been there to defend and protect us from Chandler, his goons, Pablo, Anderson, and Hawk and Hank at school or out in public, and he was also quick to defend us from Lori, Lynn, Lola, Lisa, and Luan if they get out of search control again, along with Killjoy Huggins.

Lincoln: Yep, and I've also trained a lot under a lot of very powerful

teachers, J.D. and Nico included, girls, and I can still defend myself, and in addition to getting stronger and bigger in muscle mass, I've also gotten smarter as well.

Ahava Roshansa: That's incredible, and we'd already known just how strong you were long ago ever since you did some wrestling and working out with some of the other Guardian Angels long ago, and we're so proud of just how much stronger you've gotten, and just how much taller you've gotten, along with getting that much bigger in muscle mass, and you've also been getting smarter as well.

Nico: You got that right, plus, we heard all of the stories from Lincoln about you girls and about how you all helped him in his training to become an emerging hero before Team Loud Phoenix Storm was formed, and how he grew from the little boy from years ago into the really big, really strong, and really powerful man we know today.

Amanda Roshansa: I knew it was only a matter of time before he told everyone that story.

And when Tracey Mink and the rest of my harem saw me doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear my mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get my eleven massive and long rainbow wolf tails even more stronger than ever, they had an atomic red blush on their faces, hearts in their eyes, and their noses were bleeding.

Nico: We haven't done this in a long while, but Amara, what memories did you and your sisters have with Lincoln?

Amara Roshansa: Ooh, we've got one memory to share with you.

Amara Roshansa played a video on the big screen, and it showed Lincoln and the Roshansa Sisters at a huge pool near the Roshansa Sisters' home and Lincoln was in his orange swim trunks and the Roshansa Sisters were in red two-piece bikinis, and they also had attack dogs just in case the rest of Lincoln's enemies, or even worse, Lori, Lynn, Lola, Lisa, and Luan tried to attack them.

Past Lincoln: This is so awesome, nothing like a refreshing swim in the pool on a hot day.

Past Amara Roshansa: You said it, and your five rotten sisters or the rest of your enemies better not try anything to ruin our date or there's gonna be huge trouble.

Past Cerys Roshansa: Yeah.

Just then, Aphrodite Roshansa peeked her head out of the water, and she carefully swam behind Lincoln, and she was about to pull his swim trunks off, but then, Lincoln's tails reacted, and he turned around and wrapped Aphrodite in his massive and muscular arms.

Past Lincoln: Were you trying to pull my swim trunks off, Aphrodite?

Past Aphrodite Roshansa: What? No, I was just… uh.

Past Amara Roshansa: Aphrodite.

Past Aphrodite Roshansa: Yes, I did, but how did…?

Lincoln's eleven massive and long white wolf tails came up to the surface.

Past Lincoln: Not a smart idea trying to pull my swim trunks off while I have a security system to warn me.

Past Cerys Roshansa: Yeah, what if that bitch, Lori, tried to photograph him nude and send it through the web?

Past Aphrodite Roshansa: Oh God. Lincoln, I'm so sorry. (Leans her head into his pecs) I didn't think of that.

Lincoln leaned down and kissed Aphrodite Roshansa on the lips and hugged her.

Past Lincoln: It's okay, you learned from your mistake. (Tails shaking violently) Dang it! Lori, you better get out of your hiding place, I know you're here.

Lori came out and she had a knife in her hand and ran at Lincoln and the Roshansa Sisters in a fit of rage to kill them, but their attack dogs rushed in and headbutted her and sent her into a tree. Then, Lincoln grabbed her by the collar of her shirt and tossed her out and back to the house, where she was greeted by the glare of her angry sisters and parents as the video ends.

Nicole: I remembered Dad telling me about that. Aphrodite learned her lesson and Lincoln being the gentle soul he is comforted her. But, those tails of yours really warned you of the trouble and of Lori's presence.

Lincoln: They did.

Amara Roshansa: And when we saw him grab Lori by the collar of her shirt and tossed her out and back to their home, we were blushing madly at his display of superhuman strength.

Selene Arcangela: They also saw he also now had superhuman indestructible skin, and he was also bulletproof.

Lincoln: Yep.

Lincoln played a video of Flip getting out a machine gun and shot at Lincoln, but the bullets bounced off him like nothing, and he grabbed the machine gun and twisted it into a pretzel and sent Flip flying back to prison with one punch.

Nico: Whoa, your powers are seriously evolving just like J.D., nice.

We got a shower, and then, Lincoln, Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston are heading to Everbay Coast.

Lincoln snapped his fingers, and the white-haired, 8'9", handsome and extremely muscular man had on his new large orange and black speedo with a Thunderbird and a lightning bolt surrounded by elemental forces and stars on it with rainbow flames coming off the speedo, orange sandals, his jewelry and accessories, and he had his weapons holstered in case of trouble.

And Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston are dressed in two-piece colored bikinis The Musiqidandi Sisters made for them, colored sandals, and they had their weapons holstered in case of trouble. Plus, we found out Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston all had feelings for Lincoln, and he also had feelings for them, and he also saved them all from an ambush by a group of musclebound thugs Flip hired to kill them, Lincoln sucked out their muscle mass, virility, strength, blood, and life energy as it killed them all which made that mutant cheapskate go insane with anger, until Lincoln fired energy blasts at her and more gold and jewels and treasures came out of him, but they also got to keep their heads up, they got word that mutant cheapskate has sent more muscle-bound thugs to kill them.

Terra Prefontaine: Wow, so this is Everbay Coast. It sure is beautiful.

Lincoln: It sure is, Terra, and it's perfect for our first double date. Shall we?

Lincoln, Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston dived into the waters and they had fun swimming and they even saw the marine life there. Then, they went back to the beach and they had an awesome volleyball game, and Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston got an extremely massive and deep atomic red blush on their faces when they saw Lincoln lift thirteen massive 900,000,000,000,000-lb barbells Lincoln summoned in his large and strong hands and thirteen massive and long white wolf tails, and they were really swooning over him.

But then, they saw the hulking muscle-bound thugs that Flip hired coming after them, but Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he also grew even stronger. When Lincoln was done, the vacuum tubes detached themselves from the chests of the thugs and went back into Lincoln, and the thugs were now dead from blood loss and thin as a rake and he absorbed them.

Lincoln: Nice try, you stupid mutant!

Then, they had some lunch, and then, as the sun was about to set, Lincoln made clones of himself and he and his clones went up to Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston and they hugged the girls in their abnormally massive and powerful muscular arms and Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston placed their hands on the massive pecs of Lincoln and his clones.

And then, they shared a passionate and romantic kiss and Lincoln slowly sank his fangs into Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston and fed on their blood, and his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings and medium-sized white angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white tails with rainbow tips and rainbow markings.

He slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them. They came back home to The World Tree Estate, and Nico and I saw Lincoln covered in kisses on his face, body, and eight-pack abs.

Me: (Whistles) Wow, it looks like you really had a good time at Everbay Coast, eh, Lincoln?

Lincoln: (In Heaven) It… was… so… AWESOME!

Suddenly, four Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston with colored gems on the gold lightning bolts and colored crystal links from their merged Crystal Necklaces of The Buddha and white and gold-accented Elemental Thunderbird Chokers of Eternal Love on their necks.

Lily the Mermaid: Wow, now Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston are in your harem, Linky.

Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston showed the marks Lincoln made on the right sides of their necks.

Megan Clark: I hadn't forgotten when Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston met him, and when they did, Lincoln was covered in lipstick marks and the girls wound up with tons of kisses from him, they sure did enjoy their slice of beefcake alright. (Chuckles)

Jenna: And Flip had some nerve trying to kill them, that mutant is just making things much worse for himself.

Serena Logan: I always knew that stupid mutant was and always will be nothing but fucking trouble, and he's just making things worse for himself.

Rarity: And trying to kill Terra Prefontaine, Misty, Bindsay Chlohan, and Sheena Weston, now that repulsive ape is really going to get it.

Lincoln: And we also had a run-in with more of the hulking muscle-bound hired thugs he sent to kill us yet again, but I sucked out their muscle mass, strength, and virility and I killed them all and sent them to The Black Gates, and that dumb mutant should be screaming with pure vengeance and hate at us in 3… 2… 1!

Suddenly, we heard Flip scream and bellow with extreme hatred and rage and cursing right at us, and now, he's officially lost his mind.

Maria: (Flips Flip the middle finger) Yeah, up yours, you mutant three-butt-cheeked cheapskate!

Nico: Even after we kicked Flip's miserable hide, that mutant still refuses to quit!

Lincoln: Same with Lewis Travolta, Dark Amy, Icky Vicky, Billy

McLean, Pablo, Anderson, and the other jerks at Dad's restaurant, but it's much more fun to see their thugs get killed by me.

Eli: It sure is, and it's so much more fun seeing them blow their stacks!

We then saw Lincoln form a viewing window, and then, Lincoln snapped his fingers.

SNAPS FINGERS!

We saw a massive funnel appeared in Flip's mouth, and then, massive cartons of the extremely powerful laxatives that Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta appeared over the funnel.

Eli: (GASPS) ARE THOSE…?!

Nico: The extremely powerful laxatives Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta?!

Luna: DO IT, BRO!

Then, the extremely powerful laxatives were dumped into Flip's mouth and the funnel was removed. Then, Flip's stomach gurgled and rumbled, and then… !

MASSIVELY LOUD AND EXTREMELY WET FART!

Flip farted and massive tons of gold, jewels, gems, and other currencies exploded out of his three butt-cheeks like crazy!

Flip stopped farting like crazy.

Lincoln: That's for trying to get your musclebound thugs to murder me and the girls in my harem, you stupid mutant cheapskate!

Nico: Jeez. Those laxatives are really powerful, I still remember when you tried that prank on me years ago, Connor, but that failed.

Eli: Because of you using Walker's powers.

Connor Chan: Now, Flip's really pissing me off now, if he does this again, I'm gonna shove a grenade down his throat!

Nico: Connor, I know you're angry, but we're saving it for December 1st when we kill him, Icky Vicky, and Xehanort. Now, don't even think of getting into the weapons room or I'm telling Dad!

Connor Chan: Tattle tale.

---

We were busy watching TV, and many of us were doing work-outs to continue staying in tip-top shape, especially Lincoln doing 900,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever and he was sweating like crazy.

Lincoln: We may not have any missions because today's the one-year anniversary of the fall of Queen Opaline, but I'm still keeping myself busy.

Me: That's true, and we're also doing work-outs just like you, Lincoln.

Nico: Yep.

Then, we saw Lincoln deadlift a massive twenty-five-ton barbell with ease, and we were stunned.

Eli: Whoa!

And of course, the constant workouts that Lincoln has been doing had also caused his harem to get massive atomic red blushes on their faces, hearts in their eyes, and their noses were really bleeding upon seeing their hotter and even more sexier hunk of a future husband.

Lily the Mermaid: (Turned On) My God, Linky truly is one hunky muscle god.

Girl Jordan: (Turned On) Big time.

We finished our workouts, and Lincoln sprayed us with water and soap and we were all clean. Then, his harem kissed him on his face and steam whistled out of his ears and wolf ears on top of his forehead and his face turned atomic red.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and the rainbow colored iris of Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lynn Sr., and Rita's Third Eye, and everyone else's Third Eye glowed even more and our rainbow energy auras, rainbow protective auras, and rainbow fire auras flared up even more, as they sensed dark energy signals with their eyes and the Force, and they saw who the figure was in the vision: the figure is none other than the feral animal Packing Day version of Lola, and that rampaging animal is coming after us to pummel us with snowballs. When we saw it, we knew it meant trouble.

Lincoln: Uh oh.

Rayman: I can guess that we got big trouble heading our way. Lincoln, who was it that you saw?

Lincoln: You guessed it, Rayman, and this is something none of us are going to like in the slightest. The figure we sensed belongs to the feral animal Packing Day version of Lola, and that rampaging animal is coming after us to pummel us with snowballs.

Me: Uh oh, what does she look like?

Lincoln took out his sketchbook and we saw Lola's feral animal Packing Day version, she looked like her on Packing Day, but with long wild unkempt blonde hair, she has on a pink coat with the sleeves torn off, pink pants and black boots, and she was on all fours.

Lola: (SHRIEKS) That version of me looks like an uncivilized beast!

Lana: Not good!

MONSTROUSLY MEGA LOUD BELCH!

Me: Along with having Lynn's monstrous side on Packing Day.

Arlene Montgomery: We'll be ready for her, we've dealt with Lynn on Packing Day before, this won't be any different.

Nico: Oh, this is gonna end badly for her. Alright, gang, let's go, like Lincoln said, we may not have any missions because today's the one-year anniversary of the fall of Queen Opaline, but we still got to stop the feral animal Packing Day version of Lola.

Lincoln: Before she tries to pummel anyone with snowballs.

Arlene Montgomery: We knew this day was coming, but we've been through a lot worse with Lynn on Packing Day, but either way, we're stopping you dead in your tracks.

Lincoln put up a rainbow energy field around The World Tree Estate and all of us headed out to Gotham Royal York Park for Lincoln and Arlene Montgomery to destroy the Packing Day version of Lola.

---

We arrived at Gotham Royal York Park to hunt down our target: the feral animal Packing Day version of Lola.

Lincoln: We're here, now we need to keep our eyes peeled, that pink snow monster's here somewhere.

Me: We've dealt with Lola before when she went on her rampages before, Lincoln, she won't get this far.

Nico: That violent pink wearing snow monster won't get anywhere near us.

Suddenly, in Feral Monster Lola's point of view as she hides in some trees, she moved the trees aside and was watching us menacingly as she was breathing, snorting, and grunting heavily, then, she pushed the trees back. Then, back to us.

MONSTROUSLY MEGA LOUD BELCH!

Suddenly, the twelve large planets orbiting around my legs, the twelve large planets orbiting around Lincoln's legs, the twelve large planets orbiting around the Loud Sisters' legs, the twelve large planets orbiting around Nico's legs, the eight large orange orbs orbiting Linka's legs the nine large orange orbs orbiting around TLPS Ms. Tarantula's legs, the ten multi-colored orbs orbiting around Duke Lincoln's legs, the eleven colored orbs orbiting around the Loud Sisters' legs, the eleven colored orbs orbiting around the legs of The Loud's friends, the eight large dark blue orbs orbiting around Ed Cowart's legs, the nine large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the nine large crimson red orbs orbiting around Naruto's legs, the eight large crimson red orbs orbiting around Tahu, Vakama, and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lars and Dudley Puppy's legs, the eight large pink orbs orbiting around Lexx Loud's legs, the nine large rose pink orbs orbiting around Steven Universe's legs, the nine large green orbs orbiting around Lynn Sr.'s legs, the nine emerald green orbs orbiting around Yakko Warner's legs, the nine large sapphire blue orbs orbiting around Wakko Warner's legs, the nine large hot pink orbs orbiting around Dot Warner's legs, the nine and eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eleven large scarlet red orbs orbiting around Lynn Jr.'s legs, the eleven coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the nine large aqua blue orbs orbiting around TLPS Mr. Shark's legs, the eight large blue orbs orbiting around Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Loni Loud's legs, the nine large yellow orbs orbiting around TLPS Mr. Snake's legs, the eight large yellow orbs orbiting around Lane Loud's legs, the eight large brown orbs orbiting around Larry Loud's legs, the eight large light green orbs orbiting around Levi Loud's legs, the eight large lavender orbs orbiting around Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago's legs, the eleven large colored orbs orbiting around Twilight Sparkle and her friends, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eleven large aqua blue orbs orbiting around Girl Jordan's legs, the eleven large colored orbs orbiting around Timmy Turner's legs, the eleven large gold orbs orbiting around Alex the Lion and the eight large gold orbs orbiting around Takanuva's legs, the nine large pink orbs orbiting around Rita's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our large gold Bracers of The Champions of the Universe and the Stones of Gelel that were embedded in the backs of our left hands and our gold halos with four orbiting gold rings surrounding the corners behind our heads were glowing, and that means we've got big trouble incoming, and the imps of The Fabled Gene-Slammers were already hissing with anger.

Lucy: She's here…

Then, we saw snowballs heading our way.

Nico: INCOMING SNOWBALLS!

Lincoln formed a massive indestructible diamond barrier infused with fire that protected all of us from the barrage of snowballs that came from nowhere and hit the barrier, but it stood strong and the fire melted the snowballs into water.

Lincoln: (Catches the scent) There's no mistaking the smell of excessive perfume from anywhere, come on out now, feral animal Packing Day version of Lola, or we're going to force you out.

A figure came out on all fours growling like a dog, it was the feral animal Packing Day version of Lola.

Nico: That's the feral animal Packing Day version of Lola?! She's even more monstrous than her violent Dark Side!

Me: Yikes!

Feral Animal Packing Day Lola: (ROARS)

Lola's feral animal Packing Day self charged at Lincoln, but he punched her hard and she flew right into through a tree, a bench, a rock, and straight into a wall, she got back up, but she roared and beat her chest like a gorilla: SHE WAS PISSED!

Arlene Montgomery: Oh, roar yourself, you four-legged monstrosity.

Suddenly, Arlene Montgomery's sea foam green eyes turned neon sea foam green and she was surrounded by a sea foam green and blue energy aura with stars, water, ocean waves, turtles, phoenixes, and angels, she unholstered her massive greatsword from her back, and as she approached the feral animal Packing Day version of Lola, she left sea foam green and blue energy, stars, water, ocean waves, turtles, phoenixes, and angels with every step.

Arlene Montgomery: I shouldn't be surprised that you would show up, but I always knew you'd be coming because of the loud belches that Lynn let out when she goes psycho on Packing Day, but we've known you were coming and we're ready to take you and your feral team down!

Suddenly, Arlene Montgomery was surrounded by a massive vortex of sea foam green and blue energy with stars, water, and ocean waves surrounding the vortex, there are turtles, phoenixes, angels. and 30,000-Year White Turtle flying around the vortex, and in the vortex is a blue phoenix with red eyes glaring at the feral animal Packing Day version of Lola: the red eyes of eternal death.

Me 3: (Through my rainbow phoenix emblazoned on my forehead) Incredible!

Me: You said it, this is incredible.

Lincoln: I've seen Arlene get pretty physical when it came to fighting Lori, Lynn, Lola, Lisa, Luan, and the rest of my enemies, and she's really really strong. Now, it's about to happen again, that animal's going to get pummeled big time.

Then, as the vortex faded, Arlene Montgomery emerged, but she was changed forever.

Arlene Montgomery grew from 6'0" to 8'3" in height, she has large gold metal braces on her biceps and thighs, and she now has twelve large sea foam green and blue planets orbiting around her legs, she has the body of a goddess, she has blue highlights in the bangs of her long sea foam green hair and blue hairband and she has a large golden halo in the center with golden angel wings on the bottom and four orbiting golden rings on each corner behind her head, she has neon sea foam green eyes and a sea foam green and blue energy aura with stars, water, ocean waves, turtles, phoenixes, and angels surrounding her and immense protective neon rainbow aura with all of the elements swirling around it, she has 30,000-Year White Turtle emblazoned on her forehead with sea foam green iris, she has on turtle earrings with sea foam green gems for eyes and holding the Star, Water, and Eternity Kanjis in their feet, she also has 30,000-Year White Turtle with sea foam green gems for eyes and holding the Star, Water, and Eternity Kanjis in its feet for the second pendant on the bottom of her black vampire bat-shaped Element of Harmony, along with the gold Thunderbird pendant of her Elemental Thunderbird Necklace of Eternal Love necklace with blue crystal links from her merged Crystal Necklace of the Buddha and sea foam green gems embedded on the gold lightning bolt links, and she also has on a white and gold accented Elemental Thunderbird Choker Necklace of Eternal Love on her neck. Suddenly, Arlene Montgomery felt a sharp pain on her back, and then, massive sea foam green angel wings with dark blue tips on the large sea foam green feathers grew and sprouted out of her back and medium sized sea foam green angel wings with dark blue tips grew and sprouted out underneath her massive sea foam green angel wings and she also now has eleven massive and long sea foam green wolf tails with dark blue tips and dark blue markings, Arlene Montgomery has on her Ring of the Phoenix with large sea foam green gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire Corps ring on her left ring finger and Stone of Gelel embedded in her left hand.

Suddenly, Arlene Montgomery's massive gold greatsword and all the greatswords and swords that she'd gotten began to merge together, and they were surrounded by a kaleidoscope of sea foam green and blue energy, stars, water, ocean waves, turtles, phoenixes, and angels, and when it emerged, it was transformed into Arlene Montgomery's Cosmic Eternal Oceanic Maelstrom 30,000-Year White Turtle Immortal Cave Girl Phoenix God Angel Greatsword of Cosmic Eternal Oceanic Maelstrom 30,000-Year White Turtle Immortal Cave Girl Phoenix God Angel Justice, it's a brand-new massive greatsword with embedded sea foam green gems and 30,000-Year White Turtle and runes etched on the 7'9" massive, wide, double-edged dark blue blade, large sea foam green turtle heads for the crossguard, large white angel faces built into both sides of the hilt and large dark blue gems embedded in their foreheads, longer midnight black handle, four large sea foam green turtle heads with blue gems for eyes and on the bottom of the large sea foam green turtle heads is a large sea foam green head with blue gems for eyes and blue gem in its mouth for the pommel, Arlene Montgomery has on her brand-new large gold Bracers of The Champions of The Universe with large blue gems on her wrists and Dragon Ball Bracelet and wrist computer on her left Bracer, her large gold Belt of Elemental Bravery with a gold version of 30,000-Year White Turtle's head with blue gems for eyes and blue gem in its mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. Selene Arcangela: Wow, Arlene's transformed!

Lincoln: Yep, this means Lola's Packing Day self is so done for. We've seen Arlene clobber Lola before, now this is going to get really really ugly.

Lincoln, Arlene Montgomery, and I went after Lola's feral animal Packing Day self, and we fired extremely powerful blasts of rainbow energy, sea foam green and blue energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at Lola's feral animal Packing Day self, and they exploded with incredible power as they hit her.

Then, we attacked her with energy slashes from our massive greatswords leaving scars on him and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at her as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well and Arlene Montgomery also did the same by firing sea foam green and blue energy slashes from her massive greatsword, and he, Arlene Montgomery, and I attacked her hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving Lola's feral animal Packing Day self even more madder and even more insane with rage as she let out another bellowing roar of rage.

Suddenly, Lola turned the tip of one of her eleven massive and long blonde wolf tails into Cell's stinger that opened up into a large sucker and she plunged it onto her feral animal Packing Day self's head and she was unable to fight back. Then, she sucked her into her body and absorbed her as the stinger changed back.

Suddenly, we felt Lola's power and energy rising astronomically, and then… !

SUDDENLY, AN EXTREMELY MASSIVE AND INCREDIBLY POWERFUL RAINBOW FIRE EXPLOSION BLASTED OUT OF

LOLA WITH INCREDIBLY DEVESTATING AND UNBELIEVABLE FORCE! THE EXPLOSION WAS SO INTENSELY POWERFUL THAT EVERYONE IN 900,000,000,000,000 UNIVERSES FELT IT, AND THEN, IT FORMED INTO A MASSIVE JET OF RAINBOW FIRE AND IT FLEW OUT OF THE INFINITELY VAST WEB OF GALAXIES AND FORMED INTO A POWERFUL RAINBOW FIRE DRAGON, PHOENIX, AND ANGEL! IT CRIED INTENSELY WITH AMAZING POWER, AND THEN, THE RAINBOW DRAGON, PHOENIX, AND ANGEL WENT BACK TO EARTH AND LOLA GAINED AN INTENSELY POWERFUL AND SUPERCHARGED ASTRONOMICAL POWER BOOST!

Suddenly, Lola was surrounded by a massive vortex of rainbow energy with stars, orange flames, and rainbow flames surrounding the vortex, and the force of the vortex blew Elijah and his minions away and they hit a wall, there are dragons and phoenixes flying around the vortex, and in the vortex is a pink phoenix!

We were really amazed by Lola's Super Angel-Dragon-God-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation, and when Winston saw her, he had an atomic red blush on his face, hearts in his eyes, and his nose was bleeding.

Lola: (Divine Echoing Godly Voice of The Divine Cosmic Eternal Harmony United Friendship Lithuania Gabja Fire Pageant Queen Inferno Storm Draconic Phoenix God Angel and Divine Cosmic Eternal Harmony United Friendship Lithuania Gabja Fire Pageant Queen Inferno Storm Draconic Phoenix God Angel Love) (GASPS) Whoa, now, I've ascended! Awesome!

Everyone cheered wildly for what Arlene Montgomery, Lincoln, and I did as we holstered their massive greatswords on their backs and powered down and Arlene Montgomery's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long sea foam green wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, twelve large sea foam green and blue planets orbiting around her legs, and massive sea foam green angel wings and medium sized sea foam green angel wings underneath are permanent, and Lola's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long blonde wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, large twelve pink planets orbiting around her legs, and massive blonde angel wings and medium sized blonde angel wings underneath are permanent.

Arlene Montgomery: That's it for that animal. Thanks for helping me take down Lola's feral animal Packing Day self, Lincoln, you too, J.D.

Lincoln: (Smiles Warmly) You're welcome, Arlene.

Me: My pleasure, Arlene.

Suddenly, Arlene Montgomery wrapped her arms around Lincoln's waist, as her chest pressed against Lincoln's massive pecs and her stomach pressed against his eight-pack abs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned down to Arlene Montgomery's face, they kissed passionately as she moved her hands onto Lincoln's massive pecs, and behind them was a Thunderbird, Phoenix, Dragon, Tiger, Mermaid, Angel, Fairy, Succubus, Incubus, Windigo, Demon, and 30,000-Year White Turtle flying in the air, and we saw a herd of Buffalo and many animals running across the field and elemental forces and water behind them and we cheered wildly. Then, Lincoln and Arlene Montgomery sucked in and absorbed the elemental forces and darkness and they came back to us as the display vanished.

Nico: My God. Guys, what we just saw, THAT WAS ONE AWESOME FIGHT!

Nico ran to me, Lincoln, and Arlene Montgomery and hugged us.

Luna: No kidding dudes, you guys taught feral animal Packing Day version of Lola a lesson she'd never forget.

Luan: And Lola absorbed her and transformed and ascended just like Lincoln and J.D.

Me: You said it. So, Lincoln, who are we meeting on your rescue tomorrow?

Lincoln: Hmm. Ooh, I've got an idea: how about an Avatar and Gene-Slammer of Hieratic Sun Dragon Overlord of Heliopolis.

Selene Arcangela: Hey, that's an awesome idea, the Avatars and Gene-Slammers of The Hieratic Duel Monsters, and I know just the person who'd be the Avatar and Gene-Slammer of Hieratic Sun Dragon Overlord of Heliopolis: her name is Arpina Apollonia, Avatar and Gene-Slammer of Hieratic Sun Dragon Overlord of Heliopolis, she's Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Light and Fire. She's the Avatar and Gene-Slammer of Hieratic Sun Dragon Overlord of Heliopolis, and she has powerful light and fire powers and her favorite Duel Monster was Hieratic Sun Dragon Overlord of Heliopolis. She's also a powerful master and defender of Egypt's long history and she's the leader of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades.

Me: WHOA!

Eli: Wait a second, I remember the order all too well, they fought alongside Father against Zorc Necrophades.

Pharaoh Atem: I remember them as well, Eli. After Zorc was sealed away, the ancestors of Arpina and her friends were tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil.

Selene Arcangela: That's right, and Lincoln knew about Arpina and her friends along with The Order of The Hieratic Egyptian Duel Monsters from you a few years ago, and you also knew Arpina would be the first one to train him in mastering the powers of fire and light.

Nico: That really is amazing, and we had no idea that an order like that existed.

Eli: It was kept secret for many millennia.

Selene Arcangela: Yep. Lincoln made her a powerful fire greatsword, and to show her thanks, Arpina kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, the first leader and one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Me: So, we're not the only ones who harbored a total distain towards Dark Bakura, Yami Marik, and Zorc Necrophades.

Lincoln: That hatred towards those three still lingered after 5,000 years, but Arpina will be glad to know we'd since gotten rid of Yami Marik and Dark Bakura and sent them to The Black Gates.

Later it was time for another awesome Super Mario Odyssey adventure.

Nico: Next is Lake Kingdom.

Me: Nice!

Ariel: Me and Eli and Maria will go with on that one.

Princess What's Her Name: As will me and Wonder Woman.

Me: Okay.

Nico: Lets go then.

They went into the simulator and it activated and they were in LAKE KINGDOM!

---

The Lake Kingdom is a region featured in Super Mario Odyssey, and can either be the fourth or the fifth location visited, depending on if the player selects to go here or to the Wooded Kingdom after leaving the Sand Kingdom. It is the greater location of Lake Lamode, a large lake area with an underwater plaza area. This kingdom is renowned for its fashion designers and clothes, including the prized Lochlady Dress. When Mario first visits here, the Broodals can be found at the Water Plaza in the process of stealing the Lochlady Dress. Mario encounters the Broodals at the Water Plaza Terrace, where he must defeat Rango, which will reward the player with a Multi Moon. Collecting the Multi Moon restores the Water Plaza to its former glory, allowing access to more Power Moons. Once Mario collects enough Power Moons, he can access the next kingdom - either the Wooded Kingdom (if the player has not yet visited it) or the Cloud Kingdom (if both the Wooded and Lake Kingdoms have been visited).

Based on its architectural structure and the several islands located here, the kingdom seems to be based on Greece. However, the name "Lake Lamode" comes from the French phrase à la mode, meaning "in fashion" or "stylish". The name of the Lochladies and the presence of Dorrie (a reference to the Loch Ness Monster) make a connection to Scotland.

The Lake Kingdom is located northeast of the Sand Kingdom, north of the Wooded Kingdom, and northwest of the Cloud Kingdom. The landmass these kingdoms are all located on resembles Pangaea.

---

Nico: WOW!

Eli: Lake Kingdom!

Ariel: It's beautiful.

Maria: It sure is.

Nico: Any tips Nicole?

Nicole: (On the radio) Well you guys are gonna battle the 4th member of the Broodals in this one, Rango.

Nico: Yep.

Nicole: This is gonna be a rough one for you all though.

Ariel: We're ready.

Eli: Same here.

Nico: Lets go.

They were off.

Nico: The next gene-slammer and embodiment will meet us there probably.

Eli: Yeah.

Nico: Not be confused with Rango, who's Pinkie's brother.

Nicole: Sounds confusing doesn't it. And coincidental that they have the same name.

Nico: It sure is.

Wonder Woman: Yeah no kidding there.

Nico: But their fighting styles are different.

Nicole: That's right.

They got to a building on the lake and the Broodals came! Out came RANGO!

Nicole: Okay he throws his hat like a buzzsaw. You have to hit him while his hat is off.

Nico: Got it!

Rango (Mario): Well how do! Looks like I'm gonna be slicing y'all to ribbons!

Nico: You have the same name as Pinkie's brother!

Rango (Mario): Well imagine that. Hyuck!

Eli: I'll say!

Rango (Mario): But tell me. Could he do… this?!

He threw his hat and it was like a buzzsaw!

It slashed Nico actoss his left arm!

Nico: OUCH! Wow that is sharp!

Rango (Mario): Purdy hat ain't it!

Wonder Woman: At least you're putting up more of a fight then the others.

Rango (Mario): Yeah that's doggone sure.

?: PUMMEL WHACK!

A burst of energy hit Rango and bashed him down and out came Ogremon and a girl with green hair, Green eyes, green clothes and green angel wings and had a tiara with the commando symbol on it.

Nico: Ogremon!

Connie Commando: And Connie Commando, Embodiment of Commando Man.

Eli: Cool!

Princess What's her Name: Wow! Connie awesome to see you!

Wonder Woman: You are looking great!

Connie Commando: Diana and Princess. Awesome to see you both a gain. Been a while.

Ogremon: (In a girls voice) Awesome to see you Nico.

Nico: Ophelia Ogre!? Whoa!

Ophelia Ogre: We can catch up later. Lets kick some butt.

Nico: (gets out Me Agon Gi and Sarawareteiru of the Fairy's Ridewatches) Feel the power of Fairy and Kuuga!

Nico activated them and fired waves of energy and blasted Rango allover.

Ariel, Eli and Connie Commando fired waves of water and energy and blasted Rango all over.

Wonder Woman: Can we play too?!

Nico: Go for it!

Wonder Woman and Princess What's her name blasted Rango and he went flying far and they got pink power moons!

Nico: Nice!

Ophelia Ogre reverted back and she was a girl with green hair and red eyes and had green clothes and had green angel wings and had green clothes and had a Ogremon symbol in the midle of her forehead and on her skirt and a club in her hands.

Ophelia Orge: That was awesome!

Nico: It sure was.

They high five.

Nico: How did you meet Wonder Woman and Princess What's Her Name?

Connie Commando: I met Wonder Woman during one of her battles with one of her archenemies. Vandal Savage.

Wonder Woman: She put up an amazing battle against him.

Connie Commando: Yep. And I met Princess What's Her Name and helped her battle her so-called sister.

Nico: That is cool!

Princess What's Her Name: Yep and that was a fun one.

Nico: Awesome.

Eli: What's your favorite memory of Nico Ophelia?

Ophelia Ogre: When me and Nico went to Disneyworld and we had a really fun time there.

Nico: Yep. That was fun.

Nico and Ophelia hugged.

Nico: I've missed you.

Ophelia: Same here.

Nico: Would you two like to join the team?

Connie Commando: We would be honored.

They left the simulator and we cheered for them.

At the jail, Powell was being watched like a hawk.

Guard: Don't go anywhere, Powell. I gotta tell my wife the good news about Vilgax, Zedd, and Rita being gone for good!

The guard went outside, leaving Powell to wonder what had gone wrong.

Powell cried on the hard, cramped bed in his small, sterile cell longing for the splendor of his office. He wished his master was here. Lord Zedd had awoken Powell, lifted him to a higher state of awareness. Made him Mayor of Detroit! It was a great gift. In return Powell had helped Zedd make life hard for Team Loud Phoenix Storm through both trials.

Even now, he clutched onto Zedd's remaining secrets - dear mementos of a parted friend.

Zedd: It's OK, Powell. I'm here.

Powell: Zedd.

There he was. Lord Zedd, in all his glory

Zedd: Powell. My servant. My friend. We don't have much time.

Powell: How, master, how did you-?

Zedd: A little spell Rita made. I'm a being of suggestion, etched into your subconscious by my living self.

Powell: Stay with me master, please!

Zedd: I cannot But there is one last service you can perform me.

Powell: Anything, Zedd, please.

Zedd: First, remove the sheet from your bed, Powell. And tie it to the light-fixture on the ceiling.

Guard (comes back in): Sorry, dirtbag. Just had to-HOLY SHIT!

He was being strangled from a noose and the guards came and got him down.

Guard: Whoa! Good thing we got here in time.

Powell: NO NO! I need to die!

Guard: Not on our watch!

Guard 2: Do we really need this guy alive for the trial? Luan already submitted the evidence to the judge. And I'm getting sick of his face!

Guard: Hey orders are orders. We need to make sure he is disgraced in front of the world for him to see.

Guard 2: You're right.

Later it was time for the trial.

Nico: Let's head for the courthouse, Powell's trial is at hand.

Me: Right!

We left for the courthouse, and we arrived just in time as the guards wheeled in Powell who was in a straitjacket and chained to a gurney.

Maria: Here we are mom.

Mrs. Rockell: Glad you all could make it.

Bailiff: Calling courtroom to order in the case of People of the United States VS Mr. Powell. Honorable Judge Katherine A Rockell presiding.

Then, the trial began as the evidence of that racist's crimes were exposed to the public in the forms of testimony and video of his crimes, and Luan also played the audio evidence which absolutely disgusted the jury.

Katie: First I would like to call some witnesses.

Me: Certainly your honor.

Sari Sumdac went up to the stand.

Me: Sari how would you describe Powell? What was your relation and history with him before we came along?

Sari Sumdac: Powell was an old rival of my dad. And when he discovered there were no records of my birth, he kicked me out of my own home!

The crowd gasped!

Me: And did you find out that he did something to those records?

Sari Sumdac: No he didn't. It was because I was born a protoform and not how babies are born naturally.

Me: Which is all right with us by the way.

Powell: YOU TRAITOROUS FREAK!

Judge Rockell: ORDER!

Next Animated Optimus was called.

Me: Sorry the stand was too small for you Optimus so we have you here.

Animated Optimus: No worries.

Me: Now what is your history with Powell?

Animated Optimus: Powell has caused a lot of trouble to us and Sari before J.D. and the others came along. But while we were in the first stages of fighting Zedd, not only was he running for mayor of Detroit but he was also making a smear campaign against us.

The crowd booed.

Judge Rockell: Indeed.

Me: And for the record Powell we are NOT a cult. We are like the Justice League and we were given a massively tremendous responsibility like Superman and the Justice League all were given.

We nodded.

Everyone agreed with my statement

Ben gave his statement.

Me: Ben how about you tell us how we faced Powell.

Ben: After many days, we saved Powell from Zentinels. When we interrogated afterwards, we found out that he created the Blacklight Virus and gave it to Lord Zedd to be used on Embodiments of my aliens!

EVERYONE GASPED!

EVERYONE ALL OVER THE WORLD WAS SHOCKED THAT POWELL MADE THAT VIRUS!

Powell: My master was only punishing your followers!

Kevin Levin: Well, asshole, it turns out that your so called master was actually Vilgax's puppet!

Me: That's right. Vilgax was using him and in the end he killed him.

Qin: That's right!

Powell: It doesn't matter. I was only following my duty to rid the Earth of you and your friends. It would've been my legacy!

Animated Bumblebee slammed his hands on his table.

SMASH!

Animated Bumblebee: You shut your damn mouth! It's one thing to go against me and my team. But what you did in following Zedd? You fucking deserve everything that's coming to you. Especially for hurting Sari so bad! (to Katie) I'm sorry, your honor. I just had to get that out of my system.

Judge Rockell: No worries.

I fixed the table.

Me: So there you have it folks. What do you think of that?

The people gasped!

Man 1: HE'S A MONSTER!

Man 2: PORTER C. POWELL IS LITERALLY WORSE THAN ATTILA THE HUN!

Man 3: HE DESERVES THE CHAIR!

Man 4: KILL HIM NOW!

Man 5: LOCK HIM UP!

Man 6: HE MAKES JOSEPH STALIN LOOK LIKE A SAINT!

Powell: YOU TRAITOROUS LIAR!

Judge Rockell: ORDER ORDER!

Then, the jury retired for deliberations, and in less than thirty minutes, the jury returned to the court room glaring angrily at Powell.

Judge Rockell: Has the jury reached a verdict?

Jury Foreman: We have, Your Honor. We the jury find the defendant Porter C. Powell guilty on all charges.

We silently cheered and the public also cheered.

Judge Rockell: This is literally the worst case of smear campaigning and treachery that I've ever see in this courtroom. Porter Powell, you are the most absolutely despicable person I have ever had the displeasure of knowing, you have caused too much trouble to too many innocent people, and on top of that, you also allied with Lord Zedd and Rita Repulsa and Vilgax, this is unforgivable, and for everything you've done, the court hereby sentences you to death at the hands of Lincoln Loud's darkest curse fit for slime like you. Get this piece of trash out of this courtroom and get him ready for execution.

We were outside of the courtroom and everyone was chanting Powell's death, as he was tied to a steel pole with Neutronium chains and he has a gag in his mouth, and Sebastian cut out his tongue to keep him from speaking.

Lincoln: It's over, Powell, you've caused enough trouble to too many lives, and all for your xenophobic and racist ways. There is no forgiveness for the likes of you, and for your crimes, I am giving you the worst curse that I have created in my arsenal of curses: LUCIFER'S XENOPHOBIC RACIST PUNISHMENT DEATH CURSE!

Lincoln flared up his Eternal Darkness and Frozen Hellfire aura and he spread his massive white angel wings and their wingspan now measured at 8'11" in wingspan and his medium sized white angel wings underneath his massive white angel wings also spread out and they suddenly turned midnight black: blacker like The Eternal Darkness.

(LUNA'S FUTURE PLAYS)

Lincoln: (SINGING DIVINELY AS DARKNESS AND FROZEN FIRE SWIRLED AROUND HIM) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be, The future should be filled with magic, Dreams and wishes brought to life, But the days ahead are dark and tragic, No time for hope when all is strife, Whatever might have been, All the dreams that ponies share, Because of you, Porter C. Powell, Now, the future is a cold nightmare!

Nico and me and most of us had shivers of ice and fear go down our spines as Lincoln sang that, and Lincoln fired waves of darkness from his massive angel wings and medium sized angel wings underneath his massive angel wings and they hit Powell, and he felt like he was suffering 100,000,000,000 PENANCE STARES as all of his crimes against Sari and the Animated Autobots from the past and against us were suddenly turned against him as the vengeful souls of their victims returned and they rend and tore his soul apart and after he was found guilty, his torn apart soul was forever sent to The Black Gates leaving him as a soulless empty corpse devoid of any life whatsoever. Then, his soulless body suddenly lit up and was surrounded by black fire as it consumes their body and he was reduced to nothing and was left as a soot stain where his body once stood.

Me: (SHOCKED) HOLY FUCKING SHIT!

Nico: (Gulps) Lincoln… , what the actual Hell was that?!

Lincoln: That was my darkest and most terrible curse I've ever created: it's called LUCIFER'S XENOPHOBIC RACIST DEATH CURSE, and this curse is meant for the worst of the worst: xenophobes and racists motivated by hatred and who have committed the darkest and most bloodiest atrocities for their twisted xenophobic and racist ways. When I cast this curse by singing Luna's Future, I fire waves of darkness from my massive white angel wings and medium sized angel wings underneath my massive white angel wings, and when it hits the person doomed to be hit with that curse, it'll be like suffering 100,000,000,000 PENANCE STARES as all of their crimes against certain races from the past are suddenly turned against them as the vengeful souls of their victims return and they rend and tear the souls of their torturers apart and sends their torn apart soul to The Black Gates leaving the cursed victim as a soulless empty corpse devoid of any life whatsoever and their soulless body is suddenly lit up and surrounded by black fire as it consumes their body and they are reduced to nothing and they're left as a soot stain where their body once stood.

WE GASPED IN HORROR AND SHOCK!

Eli: Oh God, that really really is one of the darkest and most terrible curses you've ever created.

Selene Arcangela: It's a perfect one to use against racists and xenophobes, but those who've committed treason will get this curse.

Varie: Yikes!

Me: My words exactly.

Maria: Nico, which Gene Slammer do you think you'll meet next?

Nico: Blizzard Wolffang next.

Me; Cool!

Qin: Yep.

Me: Lets get to Risa for the party.

Nico: You got it.

Poromon: I can't wait!

We were off to Risa.

---

(BANJO KAZOOIE TREASURE TROVE TROVE THEME PLAYS)

We were on the planet Risa and we were having a great time. We played volleyball, doing surfing, sandcastles, a great party and also we were in our awesome swimsuits.

May: So awesome.

Nico: Awesome party!

Maria: Here's to the defeat of Vilgax!

All of us: HERE HERE!

We clinked our glasses.

Me: And to the fall of Opaline one year ago yesterday. We were supposed to celebrate that anniversary yesterday but it got moved to today.

Nico: It all started in 2021.

Me: When Sunny first came to our world.

Sunny Starscout: That was so awesome. And it was when I told you all what happened.

Nico: That is for sure and it was rough

Nate hugged Twilight to comfort her.

Twilight Sparkle: I know Nate.

Me: And as time progressed we learned more and more about who the culprit was. And it was Queen Opaline Arcana.

Nico: She undid everything Twilight worked for!

Me: And all in her quest for power!

Xenia: Yeah she wanted all the magic in the world all for herself.

Nico: Yeah!

Misty Brightdawn: And I was a fool to follow her. She only used me.

Me: Good thing we had you as our double agent.

Nico: After we killed Void Queen, we went after her.

Me: Yep. Her castle was located in the Kamchatka Peninsula in Russia.

Camie: And we called our allies from all over the universe for that.

Qin: We sure did.

Me: We launched our attack on November 20th, 2022 last year.

Nico: We had to go through 24 floors.

Vypra: We sure did.

Me: And shockingly we battled some of our old major enemies that we faced over the years.

Eli: We sure did.

Me: First was Alexander Paine. I battled him long ago and killed him.

Nico: I remember that.

Axel: Yeah that was epic.

Nico: Next was Adam Taurus.

Me: That jerk.

Blake Belladonna: I can't believe I was a fool for being that jerk's girlfriend.

Xenia: Yeah no kidding!

Qin: He had it coming for what he did.

Nico: Animated Sentinel Prime was next.

Me: Man that big chinned ugly jerk!

Qin: I hate that freak!

Animated Optimus: It's funny how we're talking about him a few hours after Powell got what he deserved

Me: It sure was.

Nico: Yep.

Me: That was awesome.

Nico: Constantine Frog was next

Me: Yeah that Kermit double got what was coming.

Lola: Big time.

Qin: Yeah no kidding.

Varie: No one impersonates Kermit and gets away with it

Nico: Dr. Blakk was next.

Eli Shane: It was good to battle him again.

Me: That jerk is now in prison for good.

Camie: It sure is good that he is there.

Nico: Master Cyclonis was next

Aerrow: Yeah and we destroyed her forever.

Me: Yeah and sent her to the black gates.

Yost Wolverine: Surpisingly, my version of Sebastian Shaw was next

Me: Yeah that jerk.

Nico: He was responsible for Dark Phoenix in the Yost World.

Camie: Yep.

Me: We sent him to prison without his powers.

Nico: DeFoe was next.

Me: And I've had it with that clod.

Sophie Casterwill: (British Accent) At least we never will see him again.

Me: Yeah.

Nico: Diesel 10 was next:

Thomas: That guy was rotten.

Qin: No kidding.

Nico: Next was Necrafa.

Arkayna: The bane of Gemina.

Me: Yep and we took that monster down for good and banished her to the black gates.

Nico: Next was Auntie Roonie.

Juniper Lee: That was one of my enemies that we al never faced before.

Me: Yeah.

Qin: That was intense.

Nico: Up next was Paradigm.

John Bolton: It was totally jawsome that we put that monster that made us into sharks and so many people into Gene-slammers in his place.

Me: The Black gates. Permanently.

Camie: Good riddance.

Poromon: Before we continue, how about we eat something?

Me: Sure.

Lynn Sr.: Made plenty of food for all of us!

We had pizza, chicken wings and burgers and more.

Me: (Eating Pizza) Mmm! Delicious!

Stacey: Next, we fought Lars.

Otto: Yeah Twist's rotten brother.

Qin: He was a jerk.

Camie: Yep.

Nico: We fought Agram next.

Tony Jones: We sure did. Good riddance.

Camie: Yeah.

Me: He'll never terrorize the moonlands again.

Nico: Next up was Guy Gagne.

Turbo: We gave that cheater what for.

Lola: And sent him back to prison

Poromon: Devimon was next.

Nico: I had a lot of personal issues with him.

Qin: That was intense.

Camie: Yep.

Nico: But he's now gone for good in the black gates.

Qin: Yep.

Nico: Next was Visser 3.

Animorphs Rachel: Yeah he was terrible.

Me: At least we destroyed the Yeerks and him and his Yeerk form is in a jar.

Lana: Those freaks are disgusting.

Nico: Next was the Aligned Megatronus Prime. Or the Fallen as he called himself.

Me: I know and that was awesome.

Camie: Yep.

Aligned Optimus Prime: And that one has no right to call himself a prime.

Me: Yep. He's gone forever.

Nico: Next up was President Stone.

Astro Boy: That jerk had it coming.

Me: Yep and we sent him back to jail.

Nico: Next was Skeleton King.

Chiro: We blew his ship up before.

Me: Yep and now he's gone and in the black gates.

Qin: Yep. Good riddance.

2012 Leo: Next was our version of Mozar.

Nico: Yep and he was brutal.

Emerald Goldenbraid: Oh the Triceratons. He was nuts.

Me: He sure was.

Nico: Next was Zeno.

Zatch: My so-called evil brother.

Me: Yep. And we banished that little monster to the Black Gates.

Nico: Deuce was next.

Ace Bunny: He got what was coming.

Laney: He sure did.

Qin: Yep.

Nico: After that, we finally caught up to Opaline. She had the Man and Woman with her.

Me: Yep and we really let all hell loose on her.

Hitoshi: Especially Man and Woman.

Me: Yep. That was so epic.

Nico: Misty really made sure she got the surprise of her life.

Me: And as the ultimate final blow, I dealt a massive Friendship Spirit Bomb on her.

Twilight: We taught Opaline a big lesson that day.

Horsea: What's that?

Twilight: Never mess with friendship. Or the magic that comes with

it!

Me: You got that right! And never tarnish the legacy of the Princess of Friendship.

Sunny Starscout: Especially someone that I looked up to from my father. Twilight is my hero and a great inspiration for me and my friends.

Twilight Sparkle: I'm so honored Sunny. But that is always for sure.

Nico: We even made a statue.

Me: We sure did. To honor this day.

I pulled off a tarp and it was Sunny Starscout and Twilight Sparkle holding a sword up. It was the Sword of Harmony with all the symbols of Twilight and Sunny's friends on the blade and it Opaline's skull impaled on it and they were standing over 50 skulls that were those of the Opaline 24 and the Doomsday 23.

All of us: WOW!

Me: (Reading plaque) "On this Day - November 20th, 2022, it will honor the battle with the evil and malevolent Opaline Arcana and how the forces of Twilight Sparkle, Sunny Starscout and friends and Team Loud Phoenix Storm took down the monster behind all of Equestria's most evil enemies and how we made sure to bring Opaline to Justice and to never mess with the legacy of Twilight Sparkle and the Magic of Friendship." Wow! That is awesome!

Nico: It sure is! Nice job!

Laney: Thanks.

Eddy: Before Poromon eats them all.

Sure enough, Poromon was starting to eat some cupcakes.

Poliwag: HEY! You better share those!

Poromon: MY CUPCAKES!

Pinkie: I made those!

Poromon: MY CUPCAKES!

We laughed at this

WE LAUGHED!

Me: Oh Poromon!

Qin: (LAUGHS) Funny!

Nico: But Poromon what did we say about sharing?

Poromon: Okay. Sorry.

We had some cupcakes and they were tasty.

We had a great party and it was awesome. We set up copies of the statue in Ponyville, Canterlot, Maretime Bay, Zephyr Heights, Bridlewood, Gotham Royal York Park and at home in our garden. We enjoyed the rest of the day and went to sleep.

THE END

She's also a powerful master and defender of Egypt's long history and she's the leader of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades. Their ancestors fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the ancestors of Arpina and her friends were tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Arpina and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Arpina would be the first one to train him in mastering the powers of fire and light. Lincoln made her a powerful fire greatsword, and to show her thanks, Arpina kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, the first leader and one of the thirteen founders of The Order of The Hieratic Egyptian Duel

Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Gentaro: Always excited for some fun and action on a rescue.

Nico: Yep.

Allie Astro: We sure are.

Nico: Allie, what do you like to do in your free time?

Allie Astro: Well I'm an astronomer and I love to observe new galaxies and stars all over the universe. Also I like to look at the planets.

Nico: That's cool.

Nicole: Always awesome to have a fellow scientist with us.

Nico: Yep.

Maria: That is cool.

Nico: What's your favorite planet to look at?

Allie Astro: All of them. They are all amazing to see.

Nicole: They sure are. And there are so many amazing mysteries to see there.

Nico: That's great you all want to be prepared for that.

Qin: Yep.

Nico: Boy Yesterday was an awesome party.

Qin: It sure was! We had a lot of fun.

Ibara Shiozaki: We sure did.

Nico: Before that we had Powell's trial.

Eddy: Babe, I would've preferred you handing in the evidence while that asshole killed himself. We could've done without his whining.

Luan: I know. But it was best to see the world what kind of monster he was.

Eli: It's true. And it's fitting for everyone to see that.

Lincoln: But at least Sari is no longer going to see that monster again.

Qin: That is true.

Maria: Good riddance.

Animated Optimus Prime: Good riddance to that jerk.

Lola: Yep.

Nico: That guard is a good friend of mine I helped a while back.

Me: Really? Wow! That is cool Nico.

Nico: It sure is.

Me: Yep. But Powell is gone now. Also the party was great too.

Nico: Yeah we had a lot of fun too.

Maria: Poromon tried to eat all the cupcakes.

Poromon: Sorry they were just that good!

Me: What kind of cupcakes were they?

Mary Knudson: White Chocolate cookies and cream amaretto cupcakes. Really awesome recipe I made.

Poromon: Those were really good Mary.

Mary Knudson: Glad you liked them.

Me: No wonder they were so delicious. You did a great job Mary.

Mary Knudson: Thanks dad.

Nico: Those were really delicious.

Camie: They sure were.

Lisa Loud: We have arrived at our destination.

Nico: On screen.

We saw we were at an orange planet and it looked like a lava planet.

Me: Whoa!

Nico: We're here.

Me: Looks like a lava planet from up here.

Nico: It sure does.

We then got to landing and the ship landed and we saw that it was an ocean planet! We got on the ship and saw that it was an amazing ocean planet!

Me: Wow! (Sniffs) Ooh it smells good!

Nico: (Sniffs) It sure does.

Me: Hmm.

I went and got a bowl and scooped some of the water. I saw that it was actually full of seafood. Clams, Mussels, Crab, Squid, Shrimp, Tillapia. Octopus and Catfish.

Me: Oh wow! It's an ocean planet of Caldo de Siete Mares!

Nico: Wow! Soup of the Seven Seas!

Qin: Amazing!

Nico: An Ocean planet of Caldo De Siete Mares! This is amazing!

Eddy: Lets dig in!

We got bowls and ate some.

Me: (eating) Mmm! Delicious.

Weiss: It's like our date all over again.

Lincoln: It sure is Weiss.

Rosa Casagrande: (Spanish Accent) Ay caramba! This is an amazing planet.

Me: Boy Ms. Rosa this is an amazing planet. And it's just as great as yours is.

Rosa Casagrande: Oh gracias J.D. It sure is.

I ate some crab.

Me: Mmm. (Eating) Delicious crab.

Nico: Wow! This is awesome. (Eating clams) Mmm! Good clams.

Qin: It sure is. (Eating mussels) Mmm! Yummy.

Maria ate some.

Maria: (Eating) Mmm! The shrimp is awesome.

May: (Eating) Mmm! Delicious octopus in it too.

Camie: What is Caldo De Siete Mares?

Me: Oh it's a traditional soup made in Mexico. It means Soup of the Seven Seas.

Camie: Awesome! What is it usually made with?

Me: Shrimp, Octopus, Tilapia, Catfish, Mussels, Clams and Squid.

Camie: Wow! That is good.

Me: Yep. Rosa makes it with a twist. She puts Crab Legs in it.

Camie: Ooh that is tasty. (Slurps) Mmm! Wow! It's good.

Weiss: Yeah it sure is. Me and Lincoln had it on our date the first time and it was awesome.

Nico: I remember that. That was so awesome.

Kaito ate some.

Kaito: (Slurps) Mmm! Wow this is awesome.

Me: Yep. It's like Mexico's version of Bouillabaisse.

Nico: Yep.

May: Delicious, isn't it?

Me: It sure is.

Ronnie Anne: It sure is. One time me and Abuela made some for a food critic that turned out to be famous action movie star Phoebe Powers in disguise.

Me: I love Phoebe Powers! She is awesome.

Xenia: She sure is!

Ronnie Anne: She is just as action packed in real life as she is in her movies.

Nico: That is awesome that you met an awesome action movie star.

Maria: Definitely!

Ronnie Anne: It sure is!

Me: I'll say!

I ate more soup and it was awesome.

Me: Mmm! Thanksgiving is tomorrow.

Nico: I know.

Helena Nicos: I'm excited for it. Especially because we're having pizza too.

Kit Taylor: Wait what!? What happened to having turkey?

Nico: We're having turkey too.

Me: We added pizza to the menu too because we want to keep turkeys off the menu as much as possible.

Qin: Yeah.

Nico: Long story on that.

Qin: Yep.

Allie Knudson: But it still is a good menu too. As long as Sergio is not invited.

Nico: Relax. We're still eating turkey.

Me: I know.

Mary Knudson: My favorite part about the meal for Thanksgiving? Pies.

Poromon: I'll eat anything there.

Nico: Me too! Especially the turkey and mashed potatoes and gravy.

Nicole: Now you're talking.

Anna Knudson: My favorite part of Thanksgiving? The Football Games.

Me: Those are fun.

Laney: I love the Macy's Thanksgiving Parade. Those floats are so awesome.

Xenia: They sure are.

Ed: Gravy! Yum!

Eddy: (LAUGHS) You know how much Ed loves gravy.

Me: (LAUGHS) Yeah!

Eddy: Lumpy when it's tomorrow you can eat all the gravy you want.

Ed: GOODY GOODY!

Eddy: NEVER get between Lumpy and Gravy.

Me: Never in a million years.

Qin: Yep.

We had a great meal.

Me: Ahh. That was great.

Lincoln: Okay, guys, we got ourselves a huge emergency, and this is one we're not going to like in the slightest: I got word from Vypra that The Vengeance Express 6 Kids have gotten loose from their cage again, and they still want revenge on the Eds.

WE GASPED AND OUR JAWS DROPPED AND WE DID WILD TAKES!

Me: ARE YOU FUCKING KIDDING ME?!

Nico: THOSE STUPID AIRHEADED MORONIC DORKS! I'M GONNA CRACK THEIR HEADS OPEN AND LET ALL THE AIR OUT!

Qin: Me too!

Jade Kubaos: How did those dorks get out of their leash again?!

Lincoln: They attacked Lord Drakkon and Dark Spicer again and ran out, but not before they gave Vypra the finger, and that really really set her off.

WE GASPED!

Nico: God, how insane are they?!

Me: Crazy to the bone! I'm going to smash their brains open and vomit in their heads!

Lincoln: Either way, they're heading on a one-way train ride to Hell when we beat them up and send them back to Vypra.

Lori: I can't believe those dorks had some nerve to do that again.

Lisa Loud: They really are a bunch of monster. And I've finished with creating the Omnitrixes for everyone on the team, and they have all the DNA samples of Ben's aliens and the aliens we'd scanned from when we met Samus years ago to the other alien encounters.

Lisa got out Omnitrixes and they attached themselves onto our left wrists and merged with our left gold Bracers of The Champions of The Universe.

Me: Wow, this is awesome!

Lincoln: We'll be testing them out, and those dorks are the perfect test dummies.

Nico: Yeah, let's get those dorks and rip them apart.

Me: Yeah!

Vinyl Scratch heard a Pokemon cry.

Vinyl Scratch: Look here guys!

We saw a Mega Meloetta! A Blue one.

Me: A Mega Meloetta.

Nico: Wow!

Me: Oh the poor thing hurt her leg.

Mega Meloetta: Yeah those kids beat me up.

Me: The Vengeance Express 6.

Qin: Yeah.

We got to healing her.

Vinyl Scratch: You okay now?

Mega Meloetta: Much better. Thank you.

Me: You're welcome. You want to come with us?

Mega Meloetta: Sure.

Me: Awesome.

Nico: Great!

Suddenly, Lincoln's large gold halo with four large orbiting gold rings orbiting the corners behind his head glowed and the four large orbiting gold rings fired beams of light that formed into a viewing window and we see Stan and Steak Stankco dressed only in shorts and shirtless and still forced to mine and eat broccoli at The Broccoli Mine Prison in Canada, and they'd regained their abnormally massive and powerful upper and lower body muscles and eight-pack abs along with their massive physical upper body and lower body strength, but they were now as four times as big as The Hulk.

The two of them were grumbling like mad and there was no doubt they were plotting to escape once again, but then, we saw the barbell tattoos on their backs glow red. Suddenly, Stan and Steak were glowing with red energy, but then, their arms were raised and it looked like their wrists were bound with metal cuffs same with their feet.

Me: Uh oh, here we go!

Lincoln: Yep.

Suddenly, Lincoln made red portals appear in front of the Stankcos, and then, out of nowhere, Lincoln sprouted tentacles with suctions from his chest and all of the males on the team did the same and they went through the portals and they came out of the portals and latched themselves onto the massive pecs, necks, arms, and legs of Stan and Steak Stankco. Then, the tentacles began sucking the Stankcos' of their massive muscle mass, virility, and massive physical strength and they were groaning in pain as they began shrinking in muscle mass.

Then, all of the massive muscle mass, virility, and massive physical strength of The Stankcos began being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even more stronger.

The same thing happened to me, Nico, and all the males on the team and our abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on our bodies, and our massive angel wings spread out and glowed and our halos glowed and we also began growing even more stronger.

Lincoln: (Growls) Oh man, I haven't forgotten how potent this curse really is.

Me: (Growls) Yeah, this is really potent, but this still feels incredible.

Then, when Lincoln and all the males were done, the tentacles detached themselves from the pecs, arms, legs, and necks of the two meatheads and they went back into us as the portals closed, and we saw that Stan and Steak Stankco were thin as a rake and sucked bone dry of their muscle mass, virility, and massive physical strength again, and the glowing barbells on their back stopped glowing.

Stan and Steak Stankco: NOT AGAIN! (ENRAGED SCREAMING)

The viewing window closed as the four large orbiting gold rings stopped glowing and the light beams disappeared. Suddenly, we saw that we were even more bigger in muscle thanks to Lincoln's curse he put on The Stankcos.

Me: (Looked at my even more muscular body) Whoa. Lincoln, that Min's Egyptian Virility Drain Curse you put on the Stankcos is still really potent. But, look at us, now we're even more ripped than ever. (Flexes my even more massive muscles)

Lincoln: (Flexes his even more massive muscles) Yep, and this curse will be on them for all eternity. (Sensed for The Vengeance

Express 6 Kids) AHA! Gotcha! I just spotted The Vengeance Express 6 Kids, they're 20 yards away but they're heading right for us to kill the Eds once again!

Me: Why, those buttheads! Let's get them and tear them apart!

Lincoln: And send them straight back to Vypra, and she'll really let all Hell loose on them. (Sensed Flip's musclebound thugs) Uh oh, hold up, I sensed a massive army of Flip's musclebound thugs also heading right for us.

Nico: (GROWLS) Flip, you stupid mutant cheapskate!

Me: That mutant just doesn't even know when to quit!

Suddenly, we saw ten massive armies of Flip's musclebound thugs arrive, and they came barreling towards us in a fit of rage.

Lincoln: Ugh, I knew there was no mistaking the stench of B.O. in the air!

Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even stronger.

I did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into me and my abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on my body, and my massive elemental angel wings with aurora and red tips spread out and glowed and my halo glowed and I began

growing even stronger.

The other male members did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into them and their abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on their bodies, and their massive angel wings spread out and glowed and their halos glowed and they began growing even stronger.

When we were done, the vacuum tubes detached themselves from the chests of the thugs and went back into us, and the thugs were now dead from blood loss and thin as a rake and Lincoln fired a blast of red energy and destroyed them leaving them as ashes. Then, we set our sights on The Vengeance Express 6 Kids.

We went to finding them.

Me: Alright, now where the Hell are those buttface morons?!

Nico: They're here somewhere. Keep your eyes out for the sound of a bike.

Me: Or the sound of Kevin's enraged voice.

Lincoln: They'll come after the Eds first, but I won't let that happen, I've got a few surprises for them.

?: (SUPER MEGA ENRAGED VOICE) DDDDDDDDDDOOOOOOOOOOOOOOOOOORRRRRRRRRRRRRRKKKKK

Nico: And here come our least favorite members of The Masters of Evil.

We then saw our least favorite members of The Masters of Evil: The Vengeance Express 6 Kids, and they were heading right for the Eds to kill them, only to get ambushed by armies of Thunderbirds Lincoln summoned and they fired blasts of lightning that electrocuted them bad.

Me: Ooh, now that really had to hurt.

Nico: Nice one, Lincoln.

Lincoln: Thanks.

Vengeance Express Kevin: YOU WON'T BE LAUGHING FOR LONG, DORK!

Me: You are the dork!

Vengeance Express Sarah: "Ed! You give Jimmy his candy back!"

Vengeance Express Rolf: "You have made a mockery of the son of a shepherd!"

Vengeance Express Jonny: [holding Plank in the air] "Plank's pressing charges, you bully!"

Vengeance Express Kevin: "Who's coughing up to fix my bike?"

Vengeance Express Jimmy: "Oh, I'm gonna give 'em such a pinch!"

Vengeance Express Nazz: "Dude, count me in!"

Vengeance Express Kevin: YOU DORKS WILL PAY FOR EVERYTHING YOU DID TO US!

Vengeance Express Sarah: YOU WILL PAY FOR YOUR CRIMES!

Eddy: What crimes!?

Vengeance Express Nazz: EXISTING THAT'S WHAT!

Vengeance Express Sarah: YOU JERKWADS LIVING IS YOUR CRIME! WE'RE GOING TO KILL YOU ALL!

Me: Bring it on buttfaces!

I punched Vengeance Express Rolf in his face and leg swept Jonny and kicked Jimmy in his face and knocked out all his teeth!

Mega Meloetta charged at them and blasted them with music

energy.

Mega Meloetta: Take that you jerks!

I then smashed Sarah and threw her into Nazz and then threw a bear trap and clamped it onto Kevin's Butt!

CLANG!

Vengeance Express Kevin: YEOWCH!

Deadpool (to the viewers): There were no usual battles last chapter. So, we'll have to do something else

Me: So lets hit them with the funniest gags we can muster!

I drove a steamroller and flattened them.

HONK HONK!

CRUNCH!

They were flatter than pancakes!

Poromon got out a box.

He gave it to Vengeance Express Rolf and he opened it and then…

KRASPLAT!

CHUM EXPLODED OUT AND COVERED HIM!

Plankton: Ooh! A Chum Bomb! Nice.

I then grabbed a stop sign and then smashed Jimmy with it!

KRABLANG!

Rolf: YOU HAVE BROKEN THE CELERY STALK ON THE SPINE OF A SEA URCHIN!

He then went at Vengeance Express Jimmy and ripped him apart into smashed pile of pulp!

May screamed in horror!

Me: MAY WHAT!?

May: Manaphy did that thing!

Me: Yeah she can do it on bad guys.

Celine Screwball: HAVE A PIE!

SPLAT!

She got out a pie and splatted it into Vengeance Express Jonny's face!

Celine Screwball: WOO WOOWOOWOWOWOWOWOWOWOWOOWOWOO! WOO WOOWOOWOWOWOWOWOWOWOWOOWOWOO!

She honked Vengeance Express Rolf's nose!

HONK!

She then ran around The Vengeance Express 6 really fast!

Celine Screwball bashed the Vengeance Express 6's faces like a punching bag!

BAM BAM BAMBAMBAMBAMBAMBAMBAMBAM!

She really bashed them all over!

Celine Screwball: WOO WOOWOOWOWOWOWOWOWOWOWOOWOWOO WOO WOOWOOWOWOWOWOWOWOWOWOOWOWOO! How do you like me now chums? WOO WOOWOOWOWOWOWOWOWOWOWOOWOWOO!

She bashed and pulverized all six of them all over!

Horsea poked a puma with a stick and it roared and went at her and then she lead it to the Vengeance Express 6 and then jumped and it mauled the 6 of them!

But then Vengeance Express Jonny flew out and bit NICO SQUARE IN THE CROTCH!

CRUNCH!

WE WINCED AND COVERED OUR CROTCHES!

May: Try this on!

May pulled out some fingerless gloves and put them on. Then she dipped them in glue, then put them in nails and staples, nails, caltrops and glass!

May: These fists are going to smash your faces off!

WHOA MAY MEANS BUSINESS NOW!

May: NO ONE BITES MY HUSBAND AND LIVES!

May punched all six of them and bashed their heads all over and left them bloody and mangled up!

Poliwag was using grenades as bowling balls!

May got out of the way and Poliwag rolled them and they hit all six of the Vengeance Express 6 and they exploded!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Qin: YEAH!

Me: Then it's time to give you some explosive diarrhea!

I pulled out 6 grenades and pulled the pins and threw them and they went into their mouths and they swallowed them!

Nico: OH BOY!

Me: FIRE IN THE HOLE!

We ducked and then…

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A MASSIVE FIERY EXPLOSION BLASTED OUT OF THEIR BUTTS AND THE VENGEANCE EXPRESS 6 WENT FLYING HIGH INTO THE AIR!

Me: WHOA!

They then crashed into the ship hull!

KRABLANG!

Poromon got into a tank and ran them over and turned them into roadkill!

Qin: (LAUGHS) YEAH!

Joe Swanson: Better them than me!

Me: WHOA! Okay that was funny!

Nico: It sure was!

Jirachi put bullseyes on some of the Vengeance Express 6 and he blasted them and I blasted them too with a machine gun!

BING BING BING DING DING DING DING!

I threw a bunch of bullets and got them.

Qin: YEAH!

Tentacool was using chickens as arrows and She fired chickens!

They screamed and the Vengeance Express got hit in their chests and knocked them down!

Chickens: (ROOSTER CROW)

They laid eggs!

Ed: CHICKENS DID GOOD!

Me: Not fun getting hit by the domestic fowl huh Rolfy Boy!

We laughed!

Poromon got out a soda can and shook it.

He popped it open and drank it and then released a MASSIVE AND LOUD MONSTROUS BELCH!

LOUD SUPER MONSTROUS BELCH!

He blasted the Vengeance Express 6 far away with the force of a powerful thermonuclear explosion!

Me: WHOA! Nice one!

The Rabbids Recognized that.

They gibbered.

Eddy: (LAUGHS) Nice one!

Qin: YEAH!

Then the Vengeance Express 6 came back!

Poromon threw the soda at them and then…

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It exploded and blasted them down.

Me: Take that!

Nico: Nice one! That was for biting me in the crotch you jerkwads!

As payback, Nico kicked Vengeance Express Jonny in the crotch.

KRABLAM!

HE SCREAMED AND THEN HIS HEAD EXPLODED!

KRASPLAT!

Me: YUCK!

Nico: Whoops! As much as they can be a pain, I don't want them dying on us. (snaps fingers)

He was back.

Me: Yeah.

Qin: Ouch.

Poromon pecked them.

POINK POINK POINK POINK POINK!

Qin: Yeah!

Suddenly, we felt a very dark presence: and we saw clones of Muzan Kibutsuji and Ardyn Izunia appear before us.

Sherlock Hound: (British Accent) So, you didn't come alone, you made clones of Ardyn Izunia and Muzan Kibutsuji to get rid of us. Vypra will no doubt be enraged as a result when we tell her of this as well.

Suddenly, Sherlock Hound's blood red eyes turned neon blood red and he was surrounded by a black and blood red energy aura with blood red nebulae, stars, darkness, dark magic, black magic, demonic darkness, demons, devils, demon dogs, phoenixes, and angels surrounding him, he unholstered his massive Sherlock Hound's Demonic Dark Knight Sparda's Eternal Angelic Demonic Demon Hound Greatsword of Demonic Dark Knight Eternal Angelic Demonic Demon Hound from his back, and as he approached the clones of Ardyn Izunia and Muzan Kibutsuji, he left black and blood red energy, blood red nebulae, stars, darkness, dark magic, black magic, demonic darkness, demons, demon dogs, devils, phoenixes, and angels with every step.

Sherlock Hound: (British Accent) You may have created the clones of Ardyn Izunia and Muzan Kibutsuji in your ravenous desire to destroy the Eds once more and get rid of us, however, by doing so, you've crossed a line from which there is truly no return, and now, you two clones of my archenemy and Kendall Morgan's archenemy shall die here by my hand.

Suddenly, Sherlock Hound was surrounded by a massive vortex of black and blood red energy with red nebulae, stars, darkness, dark magic, black magic, and demonic darkness surrounding the vortex, there are demons, devils, demon dogs, phoenixes, and angels around the vortex, and inside the vortex is a blood red phoenix with blood red eyes glaring at the clones of Ardyn Izunia and Muzan Kibutsuji: the red eyes of eternal death.

Me: OH GOD, WHAT DID THOSE DORKS UNLEASH?!

Nico: THEY'VE UNLEASHED HELL ON EARTH!

Lincoln: This is going get really messy!

Then, as the vortex faded, Sherlock Hound emerged, but he was changed forever.

We were truly amazed by Sherlock Hound's Super Angel-Demon Hound-God-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation, but when the clones of Ardyn

Izunia and Muzan Kibutsuji saw it, they ran at him to kill him, but Sherlock Hound fired a massive barrage of black and blood red energy, blood red and black nebulae, stars, darkness, demonic darkness, demon dogs, demons, devils, phoenixes, and angels which hit the two clones, and it angered them as soon as they recovered.

Sherlock Hound: (Divine Echoing Godly Voice of The Cosmic Eternal Stellar Blood-Stained Demonic Darkness Dark Knight Demon Hound Phoenix God Angel and Divine Cosmic Eternal Stellar Blood-Stained Demonic Darkness Dark Knight Demon Hound Phoenix God Angel Compassion) (British Accent) So, you refuse to go down without a fight. Very well, then you two have already chosen death.

Suddenly, the full moon turned demonic red and it started raining blood. Then, Sherlock Hound went after the clones of Ardyn Izunia and Muzan Kibutsuji, and he fired extremely powerful blasts of black and blood red energy, blood red and black nebulae, stars, darkness, demonic darkness, demon dogs, demons, devils, phoenixes, and angels at the two clones, and they exploded with incredible power as they hit them. Then, he attacked them with his new massive demonic greatsword leaving bleeding scars on them, and he also summoned The Hound of The Baskervilles who viciously attacked them.

Me: Oh man, I didn't expect to see Sherlock Hound transform once again.

Nico: And when the moon turned demonic red, it suddenly started to rain blood, and we all knew what it meant: Hell's been unleashed.

Then, Sherlock Hound stabbed his massive greatsword into the clone of Ardyn Izunia, and it sucked out all of his blood and powers and he made them his own and he destroyed the dead corpse and sent his soul to The Black Gates, and he then stabbed his massive greatsword into the clone of Muzan Kibutsuji, and it sucked out all of his blood and powers and he made them his own and he destroyed the dead corpse and sent his soul to The Black Gates, and that made The Vengeance Express 6 Kids super enraged now!

Jade Kubaos: Nice one, Sherlock Hound. And as for you six dorks, now you're really going to get it!

Suddenly, Jade Kubaos' green eyes turned neon green and she was surrounded by a blue energy aura with stars, winds, birds, phoenixes, and angels, she unholstered her massive greatsword from her back, and as she approached The Vengeance Express 6 Kids, she left blue energy, stars, winds, birds, phoenixes, and angels with every step.

Jade Kubaos: No matter how many times Vypra's had to tighten your leashes, you six dorks always respond with even more violence towards them by attacking the other Masters of Evil and breaking free of your leashes once more to attack the Eds. I've had it up to hear with you, I'm sending you dorks on a one way trip back to Vypra, and she will be more than happy to brutally teach you lot a very nasty lesson that you'll never forget!

Everyone cheered wildly as we holstered our weapons and powered down, and Jade Kubaos' new body, clothes, weapons, jewelry, eleven massive and long blue green wolf tails, 28th Century silver Miracle Box backpack, Third Eye, large gold halo with four orbiting gold rings on each corner behind her head, twelve large blue green planets orbiting around her legs, and massive blue green angel wings and medium sized blue green angel wings underneath are permanent and Sherlock Hound's new body, clothes, weapons, jewelry, 28th Century silver Miracle Box backpack, Third Eye, large gold halo with four orbiting gold rings on each corner behind his head, twelve large black and blood red planets orbiting around his legs, and massive midnight black angel wings and medium sized midnight black angel wings underneath are permanent.

Me: They're never going to listen, those stupid buttheads.

Lincoln: Well, if they try that again, then, we are more than ready to smash them into the dirt.

Eli: I've got a few sledgehammers with their names on it.

Nico: Let's not go that far, Eli. We'll settle with smashing them on the head.

Me: That's a good idea.

We then turned to the mascots!

Nico: You guys did those destructive stunts again?!

Poromon: Yes. Sorry.

Me: Oh Lighten up guys. We didn't have usual battles yesterday so they had to think of something like Wade said.

Deadpool: Yeah he's right on that!

Me: And besides we already used the swords for the previous group members.

Nico: (sighs) I guess you're right.

Me: Have I ever not been right? Don't answer that.

Nico: Nice job Mega Meloetta!

Mega Meloetta: Thanks Nico. That was fun.

Me: It sure was.

Camie: Yeah!

Poromon got out a beer bottle

Poromon: Want one?

Mega Meloetta: Oh no thanks.

Violet Vinyl Scratch: Friendly but she is in terrible trouble.

Me: Uh oh.

May: Sorry we have to do this.

Girl Jordan: Lets separate you first.

Girl Jordan and Leeli held hands.

(YURGEN'S TUNE PLAYS)

The skies had leaves and flowers flying in the wind along with sea dragons singing in the background

Me: Action time!

We blasted the Anothers and we caught the Wonder Ride Books.

Me: YEAH!

Qin: OH YEAH!

Maria: (Turns dial) SNOBBY BUTTKICKERS 6!

She summoned Me Agon Gi, Yokai Princess, Icebird, Goushima, Taco Shark and Burgundy!

Me: Lets go find her!

We went to help the Another.

Nico: Funny. We usually let her come to us.

Me: Not this time.

We walked and then we heard someone crying.

Me: Uh oh.

Nico: Look!

We saw a girl with black hair and she had black clothes and had a pregnant belly and she had red angel wings and had a tiara with the symbol of the Dracula Dopant on it and on her skirt and she was REALLY CRYING HARD! She had bumps and bruises and cuts all over her.

Me: (GASP) DAHLIA DRACULA!

We went over.

Me: Dahlia! Dahlia it's me. J.D.

Nico: Oh my god. What happened?

Dahlia Dracula: J.D.? J.D.?

Me: Yeah it's me.

Dahlia then jumped and hugged and cried hard into my chest and was wailing hard.

We brought her over and healed her up.

Varie: Dahlia who did this to you?

Nico: What. The. Fuck. Happened?

Me: Oh no don't tell me. Was it your…

Dahlia Dracula: YES IT WAS MY FATHER!

WE GASPED!

Nico: WHAT!?

Me: Her father is a nasty serial rapist. He raped and tortured her a lot and got her pregnant as you can see here.

THEN SOME OF US GOT REALLY PISSED!

Applejack: WHY THAT LOW DOWN NO GOOD SIDEWINDER!

Nico: HE DID WHAT?! WHAT?!

Me: I'm afraid so.

I saw that she had the ridewatch in her hand.

Me: She has the ridewatch.

Dahlia Dracula: (CRYING) I'll tell you how this happened to me! JUST KILL MY FATHER!

Me: Okay okay.

?: DAHLIA! YOU WILL MAKE LOVE TO ME NOW!

Me: Speak of the devil!

Qin: Lets fight both him and the another too.

Me: I was going to suggest that.

I separated the Another Fault Zone from her.

I took the ridewatch and purified it.

Me: There. Okay Mr. Vladdor! It's payback time!

Qin: YEAH!

Me: 1 thing we hate above all else is rape!

Sougo: (gets out Grand Zi O Ridewatch) I know this probably isn't the best time.

They used the powers of Fault Zone, Baku Phantom Tipiand, Hellyfish, Jaylah, Foof N' Scoops, Advanced Crystal Beast Amethyst Cat and blasted and smashed them!

THEN, ALL OF OUR NAILS GREW INTO CLAWS AND WE PROCEEDED TO SCRATCH THE BOTH OF THEM ALL OVER THE PLACE WITH OUR SHARP CLAWS DRAWING TONS OF BLOOD THAT SPLATTERED EVERYWHERE AS WE SCRATCHED THEM ALL OVER LIKE HOW REN DID IN THE

INFAMOUS REN SEEK'S HELP EPISODE! THEN, WE GOT OUT OUR SWORDS, AND THEN!

Candle Jack: Goodness! What a mess!

The Fire Breathing Guacamole monster fired a wave of fire and incinerated Dahlia's so called dad.

Nico: Nice one!

Qin: Yeah!

Nico: And nice team Candle Jack.

Candle Jack: Thanks Nico.

I fired a wave of energy and banished Mr. Vladdor to the Black Gates.

?: Boy that was brutal.

Then Blizzard Wolffang came.

Me: WHOA! Blizzard Wolffang!

Then 2 wolves came out too.

Nico: Mitaki and Lakota! Wow!

Me: Wow! Those are really beautiful wolves.

Nico: Borealis Wolffang? Is that you?

Blizzard Wolffang gave the thumbs up.

Borealis Wolffang: Yep. That's right. We got this. (HOWLS)

They fired waves of energy and blasted the Another Fault Zone and destroyed her.

We went over to Dahlia.

Nico: (to Dahlia) Now, Dahlia. Tell us more about yourself.

Me: Dahlia it's okay. You're safe now.

Dahlia Dracula: Well I am the embodiment of the Dracula Dopant and I'm a vampire. Also I have earth moving powers and can do everything Fault Zone can. (Crying)

I hugged and comforted her.

Me: It'll be okay Dahlia.

Nico: Are you another Nintendo Dopant?

Dahlia Dracula: (Crying) No. I'm not.

Me: She's for a Dopant that was never shown in W.

Philip: It's true. We never saw that one.

Nico: Oh.

Borealis reverted back and was a girl with blue hair, blue eyes, blue ears and a tail and blue angel wings and had a symbol of a howling wolf in front of a snowflake in the middle of her forehead and she was wearing a blue bikini.

Borealis Wolffang: Oh poor girl.

Lakota and Mitaki whimpered out of sympathy for her.

Rarity: Lets get you some clothes darling.

They gave her blue clothes.

Borealis Wolffang: Awesome outfit.

Maria: Thanks. Wow your wolves are beautiful.

Borealis Wolffang: Thanks. This is Lakota and Mitaki. They are my wolf partners.

Poromon: Do you two remember me?

They licked Poromon.

Borealis Wolffang: Mitaki and Lakota Do remember you Poromon.

Nico: Awesome.

Allie Astro: Do you have any favorite memories of Nico?

Borealis Wolffang: When me and Nico were at my family's wolf preserve and we met my wolf friends.

Nico: They were really awesome.

Borealis Wolffang: I showed them how to understand their language and everything.

Nico: That was fun.

Qin: Yep.

Nico and Borealis hugged.

Then, Lincoln fired a dark blue energy blast with stars, galaxies, and planets reflecting and it hit Emperor Sem and sent it to The Masters of Evil. We cheered as we powered down and Wulf, Lightsworn Beast vanished.

Arpina Apollonia: You're still just as gentle as ever when you feed on one of your Guardian Angels, Lincoln.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared on the neck of Arpina Apollonia with red gems on the gold lightning bolts and red crystal links from her merged Crystal Necklace of The Buddha along with a white and gold-accented Elemental Thunderbird Choker of Eternal Love on her neck.

Arpina Apollonia: (Surprised) Lincoln, are these…?!

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means you're now part of my harem and my many future wives, Arpina Apollonia, and of course, for that little pouncing.

Lincoln still had his massive arms wrapped around Arpina Apollonia's waist, and he leaned down to her face and kissed her on the lips, but when she placed her hands on his massive pecs, Lincoln deepened the kiss and we all cheered for them. When Lincoln separated, Arpina Apollonia had an atomic red blush on her face, hearts in her eyes, and her heart was beating like mad. Then, we went up to the twenty-two girls, and when Lincoln saw the twenty-two girls, he immediately recognized them. The twenty-two girls are Jenny Cummings, Rebecca "Becca" Vercetti, Judith Dinkle, June Clutterbuck, Eve Rogers, Grace Rogers, Missy Quill, Mia Potter, Rhonda Sinclaire, Annie Livingston, Roxanne "Roxxy" Belle, Camila Martinez, Valentina Lopez, Odette Kramer, Jade Somrak, Jane Nox, Kassy Delgado, Micoe Alvarez, Ivy, Dr. Priya Singh, Yumi Tran, and Zoey Foster from Summertime Saga.

Nicole: Uh oh, I know that game all too well, and it's meant for adults, and the girls there are extremely voluptuous and sexy.

Lincoln: (Gulps) And I'm lucky I kept myself under control. Are you girls okay?

Jenny Cummings: Yes, we're okay, thanks to you.

Then, when Jenny Cummings and the other twenty-one girls saw who it was that saved them from Emperor Sem, their faces turned atomic red upon seeing the 18-year-old 8'9" tall, handsome hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair and large white wolf ears with rainbow markings on top of his head with large golden halo in the center with golden angel wings on the bottom side and four large orbiting golden rings on each corner behind his head, thick hair on his massive muscular forearms and beard stubble on his jawline, rainbow colored thunderbird with gold lightning bolt in its claws and the Ebonwu Squadron emblem on its chest emblazoned on his forehead and Third Eye with rainbow iris, rows of straight teeth with vampire fangs, Crest of Miracles on his massive right pec and golden lightning bolt cutie mark with the thunderbird and comic books surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle on his massive left pec, Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his massive, wider, and more muscular back, and on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, Dragon, Tiger, Vampire Bat, Werewolf, and Buffalo and a Rinnegan-like marking, and right below the Cutie Mark tattoo is a rainbow kanji with nine magatama and the symbols of the elements in between the kanji that said, "Lincoln Landon Loud, Almighty Champion and Emissary of Hinon, Almighty Master of The Elemental Forces, The Storms, The Cosmos, and The Universe, Master of Hero Personas and Many Powers, The Loud House's Man With A Plan, Voice of Reason, Golden-Hearted Brother of Many Siblings, Almighty Golden-Hearted Lover and Father of Many Kids, Almighty Golden-Hearted and Loving Son of Lynn Sr. and Rita Loud, Loving Grandson of Albert Loud and Samuel Loud, Almighty Golden-Hearted and Loving Future Husband, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family, Powerful Alpha Vampire-Werewolf-Cyborg Hybrid, Descendant of The Seventeenth Century Duke Lincoln McLoud of Loch Loud in Scotland, Destroyer of Morag

Jenny Cummings: (Seductively) Well, well, Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: (Blushes Hard) That's right, and it's a pleasure to meet you all.

Lincoln made twenty-one clones of himself, and he and his clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the thick muscular necks of Lincoln and his clones, and we cheered wildly at the scene, and he slowly bit them and he fed on their blood, and we saw his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails. He then slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them.

Jenny Cummings: (Seductively and rubs her hands on Lincoln's massive pecs) You too, big, tall, muscular, and handsome.

Suddenly, twenty-two Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Jenny Cummings, Rebecca "Becca" Vercetti, Judith Dinkle, June Clutterbuck, Eve Rogers, Grace Rogers, Missy Quill, Mia Potter, Rhonda Sinclaire, Annie Livingston, Roxanne "Roxxy" Belle, Camila Martinez, Valentina Lopez, Odette Kramer, Jade Somrak, Jane Nox, Kassy Delgado, Micoe Alvarez, Ivy, Dr. Priya Singh, Yumi Tran, and Zoey Foster with colored gems embedded in the lightning bolt links and colored crystal links from their merged Crystal Necklaces of the Buddha along with white and gold accented Elemental Chokers of Eternal Love on their necks. We returned to The World Tree Estate and they were shocked to find out the villain we went after was the Duel Monster, Emperor Sem.

But, when Lincoln showed what we did in beating Emperor Sem down and Lincoln blasted him and sent the fiend to The Masters of Evil, everyone cheered and they went up to us and hugged us and Lincoln's harem kissed him on the lips. Lincoln and Arpina Apollonia have a lot of catching up to do, now that she's back in town.

Maria: Whoa, this is the first time you guys faced a villainous Duel Monster before.

Lincoln: Yep, but we defeated Emperor Sem and sent the fiend to The Masters of Evil, and it's going to be the archenemy of Lunaria Luna, Daydream Equestrian Moon Princess of Darkness.

Me: Whoa.

Nico: Dark Princess VS. Demon Duel Monster, nice match, Lincoln, and we'll be sure to get some archenemies for the other Daydream Princesses as well.

---

After taking down Emperor Sem, we were training intensely in the gym, doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we were also doing 900,000,000,000,000 reps of tail bicep curls to get our eleven massive and long wolf tails even more stronger than ever as well, and when Arpina Apollonia saw Lincoln doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing

900,000,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Arpina Apollonia: My God, I was right that Lincoln's really grown into a 18-year-old, 8'9" tall, really big, handsome, sexy, and extremely super strong manly man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs really hard at work, and really working out with those 900,000,000,000,000-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan, and he's also doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, and he now looks even more ripped than ever. He's definitely been continuing on bodybuilding and working out even more for many years, and because of that along with the combination of his diet plan that we gave him, along with his hyperpuberty and genes, he'd gained the powerful and massive body that all bodybuilders could only dream of. If anyone tried to mess with him now, they were in for a world of hurt and trouble, and he's always been there to defend and protect us from Chandler, his goons, Pablo, Anderson, and Hawk and Hank at school or out in public, and he was also quick to defend us from Lori, Lynn, Lola, Lisa, and Luan if they get out of search control again, along with Killjoy Huggins.

Lincoln: Yep, and I've also trained a lot under a lot of very powerful teachers, J.D. and Nico included, Arpina, and I can still defend myself, and in addition to getting stronger and bigger in muscle mass, I've also gotten smarter as well.

Arpina Apollonia: That's incredible, and we'd already known just how strong you were long ago ever since you did some wrestling and working out with some of the other Guardian Angels long ago, and we're so proud of just how much stronger you've gotten, and just how much taller you've gotten, along with getting that much bigger in muscle mass, and you've also been getting smarter as well.

Nico: You got that right, plus, we heard all of the stories from Lincoln about you girls and about how you all helped him in his training to become an emerging hero before Team Loud Phoenix Storm was

formed, and how he grew from the little boy from years ago into the really big, really strong, and really powerful man we know today.

Arpina Apollonia: I knew it was only a matter of time before he told everyone that story.

And when Tracey Mink and the rest of my harem saw me doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear my mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get my eleven massive and long rainbow wolf tails even more stronger than ever, they had an atomic red blush on their faces, hearts in their eyes, and their noses were bleeding.

Eli: We're really glad to see you again, Arpina.

Arpina Apollonia: You too, Eli, and I'm so glad Yami Marik and Dark Bakura are gone forever, those two were the absolute worst of the worst.

Yugi: We've dealt with them before, and they caused us a lot of trouble.

Lincoln: And we're bound to encounter the rest of Arpina's friends who are also members of The Order of The Hieratic Egyptian Duel Monsters.

Me: And I'm still stunned that there was an ancient order who've protected the world from the dark forces of The Shadow Realm.

Eli: Father and I both knew of The Order of The Hieratic Egyptian Duel Monsters, and when we saw Arpina and her friends, they reminded us of their ancestors.

Nico: Too bad we didn't meet them when we went after Yami Marik and Dark Bakura, they would've wanted to get ultimate payback on those bastards.

Lincoln: When we have a rescue in The Simulator, we'll make sure they get first shot at them and deliver ultimate payback on them, and Zorc Necrophades is also one dangerous monster, if we face him in the future, we'll make him suffer for everything he's done.

Pharaoh Atem: I fear you may be right, Lincoln. We destroyed Zorc long ago, but there's a chance that he'll return to get revenge.

Me: If he does return, we'll be ready, Atem.

Nico: He's right, we won't let that ruthless planet destroying demon do as he pleases with our world, he'll die horribly for his crimes.

Arpina Apollonia: When we do face him, we'll summon the Hieratic Duel Monsters to join in as well.

Arpina Apollonia showed the card of Hieratic Sun Dragon Overlord of Heliopolis.

Lincoln: That's right, I remember that each of you have the Hieratic Duel Monster cards, and when things get tough, you summon them to help out, and I saw you summon Hieratic Sun Dragon Overlord of Heliopolis on Chandler and he got burned on the butt.

Eli: Did she really…?

Lincoln: Yep, of course, the flames were too hot, and his clothes got burned off and he was butt naked, and this was in school mind you.

Nico: Not again! How many times did this happen?!

Me: You really don't want to know.

Luna: Yeah, everyone screamed in horror upon seeing him in the nude after his clothes got burned off and he got hauled off by the cops for indecent exposure.

We got a shower, and then, Lincoln, Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi are heading to Dolphin Shoals.

Lincoln snapped his fingers, and the white-haired, 8'9", handsome and extremely muscular man had on his new large orange and black speedo with a Thunderbird and a lightning bolt surrounded by elemental forces and stars on it with rainbow flames coming off the speedo, orange sandals, his jewelry and accessories, and he had his weapons holstered in case of trouble.

And Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi are dressed in colored bikinis tops The Musiqidandi Sisters made for them, colored sandals, and they had their weapons holstered in case of trouble. Plus, we found out Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi all had feelings for Lincoln, and he also had feelings for them, and he also saved them all from an ambush by a group of musclebound thugs Flip hired to kill them, Lincoln sucked out their muscle mass, virility, strength, blood, and life energy as it killed them all which made that mutant cheapskate go insane with anger, until Lincoln fired energy blasts at her and more gold and jewels and treasures came out of him, but they also got to keep their heads up, they got word that mutant cheapskate has sent more muscle-bound thugs to kill them.

Aria the Apophis: Wow, so this is Dolphin Shoals. It sure is beautiful.

Lincoln: It sure is, Aria, and it's perfect for our first date. Shall we?

Lincoln, Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi dived into the waters and they had fun swimming and they even saw the marine life there. Then, they went back to the beach and they had an awesome volleyball game, and Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi got an extremely massive and deep atomic red blush on their faces when they saw Lincoln lift thirteen massive 900,000,000,000,000-lb barbells Lincoln summoned in his large and strong hands and thirteen massive and long white wolf tails, and they were really swooning over him.

But then, they saw the hulking muscle-bound thugs that Flip hired coming after them, but Lincoln fired vacuum tubes from his chest

which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he also grew even stronger. When Lincoln was done, the vacuum tubes detached themselves from the chests of the thugs and went back into Lincoln, and the thugs were now dead from blood loss and thin as a rake and he absorbed them.

Lincoln: Nice try, you stupid mutant!

Then, they had some lunch, and then, as the sun was about to set, Lincoln made clones of himself and he and his clones went up to Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi and they hugged the girls in their abnormally massive and powerful muscular arms and Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi placed their hands on the massive pecs of Lincoln and his clones and wrapped their tails around their waists.

And then, they shared a passionate and romantic kiss and Lincoln slowly sank his fangs into Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi and fed on their blood, and his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings and medium-sized white angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white tails with rainbow tips and rainbow markings.

He slowly unlatched his fangs from their necks as their necks healed

and the puncture marks sealed up, and he also kissed where he bit them. They came back home to The World Tree Estate, and Nico and I saw Lincoln covered in kisses on his face, body, and eight-pack abs.

Me: (Whistles) Wow, it looks like you really had a good time at Dolphin Shoals, eh, Lincoln?

Lincoln: (In Heaven) It… was… so… AWESOME!

Suddenly, seven Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi with colored gems on the gold lightning bolts and colored crystal links from their merged Crystal Necklaces of The Buddha and white and gold-accented Elemental Thunderbird Chokers of Eternal Love on their necks.

Lily the Mermaid: Wow, now Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi are in your harem, Linky.

Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi showed the marks Lincoln made on the right sides of their necks.

Yamiga: I hadn't forgotten when Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi met him, and when they did, Lincoln was covered in lipstick marks and Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi wound up with tons of kisses from him, they sure did enjoy their slice of beefcake alright. (Chuckles)

Jenna: And Flip had some nerve trying to kill them, that mutant is just making things much worse for himself.

Serena Logan: I always knew that stupid mutant was and always will be nothing but fucking trouble, and he's just making things worse for

himself.

Rarity: And trying to kill Aria the Apophis, Viper the Basilisk, Bora the Bunyip, Dora the Echidna, Erica the Lamia, Karin the Medusa, and Sakura the Shirohebi, now that repulsive ape is really going to get it.

Lincoln: And we also had a run-in with more of the hulking muscle-bound hired thugs he sent to kill us yet again, but I sucked out their muscle mass, strength, and virility and I killed them all and sent them to The Black Gates, and that dumb mutant should be screaming with pure vengeance and hate at us in 3… 2… 1!

Suddenly, we heard Flip scream and bellow with extreme hatred and rage and cursing right at us, and now, he's officially lost his mind.

Maria: (Flips Flip the middle finger) Yeah, up yours, you mutant three-butt-cheeked cheapskate!

Nico: Even after we kicked Flip's miserable hide, that mutant still refuses to quit!

Lincoln: Same with Lewis Travolta, Dark Amy, Icky Vicky, Billy McLean, Pablo, Anderson, and the other jerks at Dad's restaurant, but it's much more fun to see their thugs get killed by me.

Eli: It sure is, and it's so much more fun seeing them blow their stacks!

We then saw Lincoln form a viewing window, and then, Lincoln snapped his fingers.

SNAPS FINGERS!

We saw a massive funnel appeared in Flip's mouth, and then, massive cartons of the extremely powerful laxatives that Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta appeared over the funnel.

Eli: (GASPS) ARE THOSE…?!

Nico: The extremely powerful laxatives Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta?!

Luna: DO IT, BRO!

Then, the extremely powerful laxatives were dumped into Flip's mouth and the funnel was removed. Then, Flip's stomach gurgled and rumbled, and then… !

MASSIVELY LOUD AND EXTREMELY WET FART!

Flip farted and massive tons of gold, jewels, gems, and other currencies exploded out of his three butt-cheeks like crazy!

Flip stopped farting like crazy.

Lincoln: That's for trying to get your musclebound thugs to murder me and the girls in my harem, you stupid mutant cheapskate!

Nico: Jeez. Those laxatives are really powerful, I still remember when you tried that prank on me years ago, Connor, but that failed.

Eli: Because of you using Walker's powers.

Connor Chan: Now, Flip's really pissing me off now, if he does this again, I'm gonna shove a grenade down his throat!

Nico: Connor, I know you're angry, but we're saving it for December 1st when we kill him, Icky Vicky, and Xehanort. Now, don't even think of getting into the weapons room or I'm telling Dad!

Connor Chan: Tattle tale.

Samurai Jack: It sure was.

Hikaru: That is amazing.

Nico: So, what's been going on since last time?

Hikaru: Well…

But then the alarm went off!

Me: Uh oh.

We saw ETELGAR! And he was over in a village by Mount Fuji!

---

Long ago, Etelgar attacked Planet Zandt and captured one of their residents, Arena. He manipulated her memories by concealing his image as her planet's destroyer with Ultraman Ginga, thus with her, they went to various dimensions and kidnapped Heisei Ultras.

After imprisoning most of the Heisei Ultras, he proceeded to overpower and imprison Ultraman Cosmos, on Planet Juran. With Cosmos imprisoned and separated from his host, Ultimate Zero appeared and challenged Etelgar, who fled using his castle to cover his and Arena's escape. While travelling across universes, Etelgar notified his mistress of their next target, the Ultraman from the future.

When he arrived on Earth, he was challenged by Ultraman Ginga and Ultraman Victory. However, his combat skills were more than enough to avoid all of Ginga and Victory attacks. He almost succeeded in sealing the duo, but Ultraman Zero arrived for a rematch. Etelgar was strong enough to withstand Zero's Ultimate Aegis attack which only burned off the demon's scarf as well as breaking his mask.

Once again, Etelgar retreated and Ultraman Zero took the opportunity to hold a special training regimen for Hikaru and Shou. On the next day, Etelgar started making his move and collect all of the fear of the civilian population (including Hikaru and Shou) to create an Eteldummy of Dark Lugiel. After that, he escaped to his castle.

After all of the sealed Ultras were freed, all of the Ultras, save Cosmos and the newborn Ultraman Gingavictory, the Ultras confronted their rival Eteldummies that were created by Etelgar and the duo fought Etelgar on top of his castle. Etelgar managed to hold up Cosmos' Luna Mode and Gingavictory but had a hard time after Cosmos changed to Eclipse Mode and Gingavictory Ultlance Shepherdon and Hyper Zetton. Cosmos was able to separate Arena and cure her with his Cosmium Beam, leaving Gingavictory to destroy Etelgar with his Ultra Fusion Shoot once and for all. Etelgar is destroyed above Planet Earth. The other Ultras utilized the Crossover Formation and destroyed Etelgar's castle with their signature beams.

Etelgar is revived and is sent to intercept the Ultraman Rosso and Ultraman Blu. The duo try to retaliate by changing into their Wind and Ground forms respectively but are unable to do any damage because of Etelgar's strong armor. Etelgar is about to destroy them until Ribut comes, having been sent by Taro, and blocks his attack with his Ribut Blocker. He traps him with his Strong Net and they fly away, escaping him for the time being.

The League of Darkness reassembles at Ultra Dark-Killer's Dark Palace on Planet Tenebris. After Ultraman Orb Darkness is created by Dark-Killer, Etelgar took interest in Lugiel's bitter rivalry towards Ginga and simply goes along by claiming Victory as his opponent, which he does so when the New Generation Heroes storm the Dark Palace. Etelgar keeps up with Victory's Ultlance and managed to gain the upper hand before he was defeated by Gingavictory's Wide Zero Shot, spending his final moments cursing at his defeat.

---

Me: That's Etelgar! I remember him!

Eli: WHOA! He is ugly!

Eli: Lets summon Kaiju power! MOTHRA FLY FORTH!

Mothra then came!

Mothra: I'm ready for action!

Juru got out his ProgriseKey.

He fired a wave of darkness and blasted Etelgar!

Mothra fired a wave of lightning and blasted him.

Vert got out his Progrisekey.

SPEEDING LAGRANGE RUN!

ZOOM!

He ran fast and kicked Etelgar down!

Nico: NICE ONE!

Flora got out her Progrisekey.

MANBOY'S MUSCLE FIST!

She punched Etelgar all over!

Then a wave of ice flew in and froze Etelgar.

Me: What the!?

We saw a girl with blue hair and red eyes and pitch black clothes and angel wings.

Me: (GASP) Eilene Arctiguana!

Nico: Oh man!

Me: She's half Polar Manzardill and has all of the powers of ice.

Nico: Wow!

Eilene Arctiguana: (GRUNTS) (HOLDS HEAD) HELP ME GUYS!

Eilene breathed ice at Skinner!

Skinner fired a wave of fire and blasted the ice and a huge cloud of steam came out.

Nico: Nice one!

I fired an Electron beam of the antidote and injected her with it.

Kopaka charged at her as she breathed ice at him

Kopaka controlled the ice and blew it back at her.

Mothra blasted Etelgar all over.

Hikaru: GINGA!

He turned into ULTRAMAN GINGA!

Me: Awesome!

Ginga: GINGA FIREBALLS!

He fired huge blasts of fireballs and blasted Etelgar all over!

KRABBBBOOOOOMMMMMM!

Kopaka then got out his ProgriseKey

MOONSTONE'S BEAMS OF FURY!

He fired waves of light and blasted Etelgar all over!

?: (Echoing) FIST OF THE BEAST KING!

LION ROAR!

A lion energy blast appeared and it hit Etelgar and blasted him.

Nico: WHOA!

Leomon came!

Me: Leomon! Whoa!

Leomon: (In a girls voice) Ready for action to defend my friends!

Nico: Lila Leo!? WHOA!

She reverted back and was a girl with yellow hair and blue eyes and had sports clothes on and had yellow angel wings and had a lion sword and had a symbol for Leomon in the middle of her forehead and on her shirts.

Lila Leo: Awesome to see you again Nico! (Echoing) FIST OF THE BEAST KING!

She fired a wave of energy and blasted Eileen down and the antidote took effect. Eileen was back to normal with her blue eyes.

Eileen Arctiguana: (Groans) What happened?

Me: Ugly story.

The Scotsman and Samurai Jack's friends blasted and smashed Etelgar.

Splitface charged at Etelgar and blasted him all over.

Aquafiend fired waves of energy and blasted him.

Hydro Man fired a wave of water and blasted him too.

Me: Lets blast this guy!

Hikaru: You got it! GINGA SUPER BLAST!

He fired a massive rainbow blast of energy and the blast hit him and

Etelgar exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

Etelgar was dead! I caught the Spark Doll of him!

Eli: Take that!

Me: YEAH!

Nico: Etelgar you have failed this universe!

Skinner: Told you I can handle myself.

Hikaru: You sure did.

Me: Yep.

Lila Leo: That was awesome though!

Eileen Arctiguana: That was cool. Thank you guys.

Me: No problem.

Hikaru: Lila do you have any favorite memories of Nico?

Lila Leo: When me and Nico went to the jungle and helped starving warthogs.

Nico: We fed them bugs and it was awesome.

Me: That is cool.

Eli: It sure is.

Nico: Yep.

Nico and Lila hugged.

Nico: I've missed you.

Lila Leo: Same here.

Later we came back.

May: How did it go guys?

Me: Really awesome!

We told them everything.

May: WHOA! That is cool!

Nico: Yep. Aruto and Zixx should come next.

Me: Awesome!

Aruto: Looking forward to it.

Me: Yep.

We were busy watching TV, and many of us were doing work-outs to continue staying in tip-top shape, especially Lincoln doing 900,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever and he was sweating like crazy.

Lincoln: We don't have long before the main mission starts, so I still got to keep myself busy.

Me: That's true, and we're also doing work-outs just like you, Lincoln.

Nico: Yep.

Then, we saw Lincoln deadlift a massive twenty-five-ton barbell with ease, and we were stunned.

Eli: Whoa!

And of course, the constant workouts that Lincoln has been doing had also caused his harem to get massive atomic red blushes on their faces, hearts in their eyes, and their noses were really bleeding upon seeing their hotter, sexier hunk of a future husband.

Lily the Mermaid: (Turned On) My God, Linky truly is one hunky muscle god.

Girl Jordan: (Turned On) Big time.

We finished our workouts, and Lincoln sprayed us with water and soap and we were all clean. Then, his harem kissed him on his face and steam whistled out of his ears and his face turned atomic red.

The mascots were about to head out.

Splat: Where are you guys going?

Poromon: Out on a walk.

Qin: I'll go with too. I could use some fresh air.

Nico: Okay.

They went down to the surface.

On the surface they were walking around.

Horsea: Such a beautiful day.

Qin: Boy it sure is.

Manaphy: I'll say!

Poliwag: Look. Someone's selling cookies!

Qin: Lets go see. But lets be cautious.

They went and checked it out.

Manaphy: Qin, what can be so bad about cookies?

Qin: Just making sure they aren't cookies that can hurt.

Manaphy: Oh.

They went over.

Back at the estate we were minding our own business.

Nico felt something.

Nico: Mt mascot senses are tingling!

Nikki Clemmington: Nico, they probably aren't in trouble right now. (LOUD FART!) Oops sorry.

Nico: It's fine. But No but they are heading to it.

Me: Lets go see.

We went to check it out.

Qin and the mascots saw the sign on the stand.

Qin: (Reading) "Cho-cocaine Cookies. $1.00" Oh. Wait a second. Cho-cocaine? (GASP) Guys are these cookies laced with what I think they are!?

Horsea: You mean chocolate.

Qin: No Horsea look at the sign.

They read it.

They saw that the cookies had been spiked with one thing!

Mascots and Qin: THOSE COOKIES HAVE COCAINE IN THEM!

Qin: Who in their fucked up mind would sell cookies with cocaine in them!?

Poliwag (disappointed): Whoever's in charge didn't even bother to hide it.

Poromon: Well we got to stop this! Lets go!

They went over.

It was a hippie that was selling it.

He pulled a batch of cookies out of the oven.

GUNS CLICK!

They pointed their guns at him.

Qin: DROP THE COOKIES AND PUT YOUR HANDS IN THE AIR BUB!

Hippie: Want a cookie? They're cheap! (Puts one in Manaphy's mouth)

Manaphy: (SPITS IT OUT) BLECH! THAT WAS DISGUSTING!

SHE WIPED HER TONGUE!

Then the police and us came!

Sheila: OKAY DRUGGY! YOUR DRUG RIDE IS OVER!

Tom and Sheila slapped the cuffs on him!

Qin: This guy was selling cookies spiked with cocaine!

Sheila: Oh really!?

Qin looked and found the cocaine.

Qin: AHA!

Blocks of cocaine were under the stand!

Poromon: And he wasn't ashamed of hiding it.

We came.

Me: Well I'll be! Cameltoe Connor! I've been trying to find you for a long time.

Nico: I've heard of this clod! He is a bad hippie that sells cocaine spiked cookies.

We saw several kids and they had eaten some.

Flamewar: FUCK! Several kids had already ate some.

Me: It's the School of Drugs all over again.

Kid 1: Government came and took my baby!

Nico: Oh shit!

I snapped my fingers and got them back to normal.

Nico: There.

Then a motorcycle came and on it was a girl with black hair and red eyes and had orange clothes and a tiara with the symbol of Nitro Man on it and had orange angel wings. Her motorcycle looked like Ghost Riders. Flames Included.

Nadia Nitro: Wow nice save. Nadia Nitro, Embodiment of Nitro Man.

Me: Awesome to meet you. Wow nice wheels!

Nadia Nitro: Thanks.

Ghost Rider: Nadia good to see you.

Rainbow Dash: Looking awesome!

Nadia: Thanks Ghost Rider and you are looking awesome Rainbow Dash. Especially you Duncan. Been a while.

Duncan: Rockin to see you agaiin Nadia.

Poliwag: And May? He shoved a cookie in Manaphy's mouth.

We then saw him shove a cookie in Horsea's mouth.

She spit it out!

Nadia Nitro: Why you little!

She went over to him!

Nadia Nitro: You are guilty! Your Soul is stained by the blood of the innocent. Look into my eyes. Feel the pain of those you hurt!

Then he screamed as she used the Penance Stare on him and his sins were turned against him! He killed people with drugs, poisoned people and more and he screamed and he was trapped in hell!

WE GASPED IN SHOCK!

Me: HO-LY FUCKING SHIT!

Nico: She knows the Penance Stare!?

Ghost Rider: Who do you think taught her?

Duncan: And we didn't even get to see May and Maria's reactions.

May: I think seeing him suffer because of Nadia speaks volumes.

Nico: Yep.

Maria: But at least they spit out the cookies.

Me: Yep.

Afterburner: How did you meet Ghost Rider and Duncan?

Nadia Nitro: I met Ghost Rider when he was out hunting criminals and he taught me how to use fire powers and the penance stare. It really is amazing. And he made me my motorcycle. Hence why mine looks like his.

Me: That is really awesome.

Nadia Nitro: Yep. I met Duncan after he won Total Drama Action and he and Courtney filed a massive lawsuit against Billy McLean. I wanted to help them bring him to justice but I needed to help gather proof against him.

Nico: Can't act without proof. But we already did all that for you.

Me: Yeah.

Nico: That is cool though. Would you like to join the team?

Nadia Nitro: I would be honored.

Sunny: Wait! I almost forgot my surprise!

Dusk: And that is?

Me: What is it Sunny? Wait!

Lincoln: Sunny! Are you?

Sunny: Yep! I'm Pregnant!

Lincoln: Sunny!

She and Lincoln hugged.

WE CHEERED WILDLY FOR THEM!

Me: Way to go Sunny!

Pipp Petals: (GASP) OH MY GLITTER! Sunny we're so happy for you!

Hitch Trailblazer: Yeah Sunny! That is awesome!

Argyle Starshine: Way to go Sunny Bunny! And Lincoln you are going to be a great father.

Me: No doubt.

Nico: (to Manaphy and Horsea) Would you two like mouthwash?

Manaphy: Yes please.

Horsea: Yes please.

We gave them some and they drank and gargled it and spat it out and it was gone.

Manaphy: Ahh. That's better.

Horsea: Worst thing I've ever tasted.

American Dad Roger Smith: These cookies look good!

He picked one up and I slapped a cookie out of his hand.

Me: Drop it Roger!

American Dad Roger Smith: Hey, cocaine or not, it would be a waste to throw them out!

Stan Smith: (Sternly) Roger don't make me hurt you.

Sheila: He's right. These cookies are now police property for disposal.

Me: We can't let what happened in the past happen again.

Maria: Geez, the last he could've done was pick a less obvious name

Me: I know.

Qin: You know how stupid can criminals can be.

Joe Swanson: That is true. Some criminals are stupid.

Me: Yep.

We went back home.

---

We arrived back home.

Nico: (to Manaphy and Horsea) Good thing none of the cocaine got into you two

Manaphy: No kidding.

Horsea: Yeah.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and he had a vision, and he saw who it was that we're going to confront today: it was the evil version of his future wife, Chelsea Van Der Zee, but she's in the form of Queen Nerissa, and she's causing havoc. When we saw it, we knew it meant trouble.

Lincoln: (GASPS) Oh God.

Lincoln sounded the alarm.

Nico: We heard the alarm, what's wrong, Lincoln?

Lincoln: Nico, everyone, we've got a seriously huge emergency, and Chelsea, you aren't going to like it. I just had a vision and I saw who it was that we're going to confront today, it's none other than your evil self, but she's in the form of Queen Nerissa, and she's causing havoc.

WE GASPED!

Chelsea Van Der Zee: That's impossible, I thought she was sent to The Black Gates.

Lincoln: She actually cheated her death sentence and got herself sent to Hell.

Nico: That monster, she's going to pay for this.

Me: That she will.

Lincoln: I'm going to end her this time for good, I refuse to let a monster like that live a single second further.

Nico: That's the spirit, Lincoln. Alright, team, let's go, we got an evil human-despising monster to destroy.

Me: So we're going to meet Ruby Gillman and help her take down Chelsea's evil self and make sure she pays.

Nico: Nice!

Qin: First we'll watch the movie and then head out.

Nico: Yep.

Then the previous group came.

Moonstone: Can me, Cavalier, Spymaster, Speed Demon, Turtle, Koragg, Seadramon, Shade, Ebon, and Villamax go with you guys?

Nico: Yes you all can come with us. We're going to meet Ruby Gillman next.

Lola: I'll go make the popcorn.

Nico: Okay.

She went and did so.

We then got to watching the movie

*SPOILER ALERT*

---

In the seaside town of Oceanside, 16-year-old[8][9] Ruby Gillman lives with her family, trying to fit in with humans despite being krakens. Her mother, Agatha, forbids her from going to prom because of its location being on a ship in the ocean. At Oceanside High School, Ruby initially refuses, but her friends Margot, Trevin, and Bliss convince her to ask out her crush, Connor. Before she can ask, she accidentally knocks Connor into the water. Ruby jumps in and saves him, but Connor believes he was saved by the new girl, Chelsea Van Der Zee, who tries to befriend Ruby. Ruby notices bioluminescent suction cups on her fingers and hides in the library. She attempts to call Agatha, but decides against it. To her confusion and horror, she transforms into a giant kraken and accidentally destroys the library after being startled by the librarian.

Ruby panics after being spotted by Chelsea and runs to the lighthouse to hide. Agatha notices and chases her, reuniting with her brother Brill along the way, who had been sent to retrieve Ruby by her grandmother after she sensed the Pulse emitted by Ruby's transformation. Finally catching up with her, Agatha calms the distressed Ruby down and she shrinks down to her normal size. At the house, Arthur, Ruby's father, and Sam, Ruby's little brother, discover Ruby's transformation. Agatha explains how Ruby's earlier mishap triggered the transformation and that she also turns into a giant kraken.

Angered that Agatha withheld the truth from her, Ruby sneaks out to meet her grandmother, the Warrior Queen of the Seven Seas, with a reluctant Brill's help. Grandmamah reveals to Ruby that she is a princess and next in line to take the throne, to her shock. She also explains that mermaids are actually the most malevolent creatures in the seas, contrary to popular belief, and that they found a powerful trident called The Trident of Oceanus to rule the ocean, and how her mother, the greatest Kraken warrior, trapped them for all eternity. Ruby declines the throne but is thankful to have finally learned the truth. On her way home, she is attacked and almost killed by an elderly sailor and Oceanside tour guide, Gordon Lighthouse. Chelsea, who reveals she is a mermaid, saves and helps Ruby escape, much to Gordon's disappointment.

Ruby tries to return to her normal life, but footage of her in her Kraken form becomes viral. She has a "Super Sea Girl Ditch Day" with Chelsea, who tells her that her mother, the mermaid Queen Nerissa, was supposedly killed trying to retrieve the Trident. She asks Ruby to get it to help unite the Krakens and Mermaids, so Ruby trains with Grandmamah to be powerful enough to get it.

On prom night, Ruby tells her mother about Chelsea, but Agatha, disappointed and outraged that Ruby made friends with a mermaid, forbids her from seeing her grandmother, leading to a frustrated Ruby running back to the ocean to grab the Trident for Chelsea while Agatha confronts Grandmamah, with both realizing that Nerissa never had a daughter and Chelsea is not who she says she is. Ruby succeeds in retrieving it but is betrayed by Chelsea, who reveals that she is Nerissa and uses Ruby to help her reclaim the trident to exact her revenge on the Krakens. Nerissa sheds her disguise and traps Ruby before going to destroy Oceanside. Agatha and Grandmamah try to fight her off while Brill finds a demoralized and wounded Ruby. After he encourages her, she goes to the surface to stop Nerissa. Nerissa overpowers Grandmamah and Agatha but is confronted by Ruby, who engages her in a duel over the trident, revealing her secret to her friends and Connor.

Nerissa gains the upper hand, but Ruby disarms her, realizing that the Trident can be destroyed with enough power. Ruby attempts to reason with Nerissa to no avail, so she, Agatha and Grandmamah combine their laser eyes to destroy the trident, defeating Nerissa and shrinking her to her normal size, where Gordon cages her. Ruby reconciles with her mother, reunites with her friends, and asks Connor out to prom, which he accepts, while Agatha and Grandmamah also reconcile.

Sometime later, everyone returns to their normal lives, with Ruby and Connor becoming a couple as she becomes the protector of Oceanside.

---

We were in awe and it was awesome!

When it was done we cheered wildly!

Me: That was an awesome movie!

Xenia: Yeah it was!

Ariel: I can't believe that Nerissa wants to destroy all Krakens and take over!

Eli: She's like Ursula!

Camie: So who is Chelsea?

Me: The evil Queen Nerissa. Not the one we know.

Xenia: Yep.

I pulled up her history.

Queen Nerissa, known by her human pseudonym name Chelsea Van Der Zee, is the main antagonist of DreamWorks' 44th full-length animated film Ruby Gillman, Teenage Kraken.

She is the newest & most popular student at Oceanside High School. Posing as a regular human, her true form is actually a mermaid. Feigning a friendship with Ruby, Chelsea manipulates her into giving her a mythical trident, which she plans to use to increase her power, avenge her kind, and kill all the krakens. She is also the former friend & arch-nemesis of Ruby Gillman and the Gillman family as a whole.

She was voiced by Annie Murphy in her first villainous role.

As Queen of the Mermaids, Nerissa, after finding the ancient weapon known as the Trident of Oceanus, led the mermaids in what would later on be known as the Battle of the Trident, in which she, with the power of the trident, would slay all but three of the giant Krakens, before being defeated by their greatest champion, the daughter of the Kraken Queen, Agatha Gillman.

As a result, Nerissa, alongside the rest of her kind, were forced to flee their Homeland, in order to avoid being completely genocide by the Kraken Kingdom, a faith that they were only safe from ironically, due to the actions of the very same Kraken responsible for their current state of affairs, Agatha Gillman, who sometime after the events of the Battle of the Trident, would hide the Trident in the Well of Seas, before fleeing her Homeland with her husband and recently born child Ruby Gillman, which, as a result of the Krakens never finding the place in which she hid the trident, prevented them from eliminating the mermaids.

Sometime later, Nerissa, after learning of the actions of Agatha, attempted and succeeded at locating the trident, only to realize that only a giant Kraken can retrieve it from the Well of Seas, in response, Nerissa, refusing to go back into hiding, and accept the total humiliation of her failures, abandoned her people, and fled to the very same place her mortal enemy ended up fleeing to, Oceanside, where she would hide herself under the fake human identity of Chelsea Van Der Zee, and would begin to go to

Oceanside High, where she would become the school's most popular student, on her first day, after stealing the credit for saving the teenager known as Connor, from the daughter of Agatha, Ruby Gillman, moments before encountering her in person.

Which she would later on attempt, and would succeed, after saving her life, and helping her to deal with some of her problems, befriending Ruby, in order to regain the trident.

Nerissa takes on the identity of a human girl named Chelsea Van Der Zee, arriving at the school at the exact same time that Ruby saves her crush, Connor, which she steals the credit for, resulting in her getting heavily praised, stating that she was prompted to save him by a saying her mother told her in her youth, which, alongside her beauty, immediately skyrockets her to the top of the school's popularity poll.

Later, Chelsea saves Ruby from being killed by the Oceanside's tour guide Gordon Lighthouse, revealing her true identity as a mermaid in the process. The two later become closer friends when they ditch school together, spending their leisure hours relaxing in the ocean, where the two then end up deciding to try to bring peace between their species, by getting the Trident and using it as a symbol of peace. Chelsea then tells Ruby that her mother was Nerissa, and that she died trying to retrieve the Trident from the Well of Seas.

On prom night, Ruby is elated to tell her mother, Agatha, about Chelsea. Due to her being a mermaid, Agatha questions Chelsea's true motives and forbids Ruby from seeing her grandmother out of disappointment. Frustrated, Ruby runs off with the trident and gives it to Chelsea. With the trident in her hand, she reveals that she is Nerissa and that her friendship with Ruby was a lie so she can get the trident to gain more power. She then grows to a monstrous size and goes off to attack the town. As a result of her friend's betrayal, Ruby is distraught; however, with some words of encouragement from her uncle, Brill, Ruby gains enough confidence to take on Nerissa.

Nerissa then arrives at Oceanside from underwater to search for Agatha as she knocked down the door of a house the latter sold to a couple. When Agatha asks where Ruby is, Nerissa explains that they have said their "goodbyes", while mocking Agatha for being a waste of time with Grandmamah defending her before the duo tried to stop her, only to be overpowered.

Ruby then arrives and fights Nerissa while protecting her family and friends. Nerissa tries to stop Ruby by knocking out the children with a tidal wave. However, Ruby saves everyone from danger, with her friends and Connor seeing her in her giant form. Before they can say anything, Margo warns Ruby about Nerissa, who knocks the latter underwater.

Nerissa taunts Ruby telling her she'll never win and that she is just a dumb teenager, and continues to belittle her for thinking she that someone like her would ever be friends with a "monster". This has Ruby stand up to Nerissa while distracting her by using her laser-eyes to take the Trident out of her hand, while the latter goes to both her mother and grandmother about her plan, that the trident can be destroyed with enough power.

After Nerissa finds the Trident, Ruby tries to reason with her on redemption, and convincing her to give her the trident but the latter refuses, saying she'll never take it from her. However, Ruby, Agatha, and Grandmamah combine their laser eyes to shoot at the trident together, destroying it and defeating Nerissa, returning her to her normal size as she is then taken away on Captain Lighthouse's boat. Captured, Nerissa pleads Captain Lighthouse to let her go under the excuse that she is pretty and misunderstood instead of a monster to no avail, and while Grandmamah suggest cooking Nerissa for her actions, Ruby convinces her not to. Nerissa is last seen still caged while Lighthouse makes a livestream about how mermaids are the real monsters rather than krakens, leading Nerissa to ask if she's attracting more followers, possibly staying in the cage or being imprisoned else where.

We were shocked!

Qin: WHOA! She is dangerous! But Chelsea is going to the M.O.E.

Nico: Yep.

Lincoln: She already is there.

Me: It's true.

Sirenoid: I'm going to feel right at home where we're going.

Klaus Von Herzon: You sure are. Nico, which Gene Slammer do you think you'll meet next?

Nico: Commander Yanmark next.

Qin: Cool!

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and the rainbow colored iris of Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lynn Sr., and Rita's Third Eye, and everyone else's Third Eye glowed even more and our rainbow energy auras, rainbow protective auras, and rainbow fire auras flared up even more, as they sensed dark energy signals with their eyes and the Force, and they saw who the figure was in the vision: the figure is none other than the feral animal Packing Day version of Lisa, and that rampaging animal is coming after us to pummel us with snowballs. When we saw it, we knew it meant trouble.

Lincoln: Uh oh.

Rayman: I can guess that we got big trouble heading our way. Lincoln, who was it that you saw?

Lincoln: You guessed it, Rayman, and this is something none of us are going to like in the slightest. The figure we sensed belongs to the feral animal Packing Day version of Lisa, and that rampaging animal is coming after us to pummel us with snowballs.

Me: Uh oh, what does she look like?

Lincoln took out his sketchbook and we saw Lisa's feral animal Packing Day version, she looked like her on Packing Day, but with long wild unkempt brown hair, she has on a green coat with the sleeves torn off, green pants, and black boots, and she was on all fours.

Lisa Loud: Sweet Newton Atom's Apple, that version of me is nothing more than an uncivilized beast!

MONSTROUSLY MEGA LOUD BELCH!

Me: Along with having Lynn's monstrous side on Packing Day.

Stella Esteban: We'll be ready for her, we've dealt with Lynn on Packing Day before, this won't be any different.

Nico: Oh, this is gonna end badly for her. Alright, gang, let's go, we're going to destroy Evil Chelsea/Queen Nerissa and make her pay.

Lincoln: That monster's done tormenting everyone in her path, and once we get done with her, you're next, you monstrous beast.

Stella Esteban: We knew this day was coming, but we've been through a lot worse with Lynn on Packing Day, but either way, we're stopping you dead in your tracks.

Lincoln put up a rainbow energy field around The World Tree Estate and all of us headed out to destroy Evil Chelsea/Queen Nerissa, and once we get done with her, Lincoln and Stella Esteban along with me are going to destroy the feral animal Packing Day version of Lisa.

We were off to Oceanside!

We arrived.

Cavalier: Here we are!

Me: Wow! Oceanside, California.

Qin: It's amazing.

Camie: It sure is.

Ariel: I had no idea that there was a terrible feud with mermaids and krakens. That is brutal.

Eli: No kidding! I'm glad Atlantica wasn't involved in that.

Wynn: Yeah! Or all hell would have broken loose on that.

We arrived at Oceanside High School.

Me: Wow nice place.

Qin: It sure is.

Beast Wars Inferno: Anyone here? The Royalty will not hurt you.

Ruby Gillman: Wow! Team Loud Phoenix Storm!

Me: Ruby Gillman it's a pleasure to meet you.

Ruby Gillman: Same here I am such a huge fan of you guys. You did it all.

Me: We're glad we have an awesome fan.

Spymaster: Oh, these are Spongebob and Ariel.

SpongeBob: Pleasure to meet you!

Ariel: I'm the princess of Atlantica. I'm not like Nerissa.

Me: Long story.

Ruby Gillman: Lets head to the cafeteria and talk there.

Me: Sure.

We went there and Connor met up with us and we got to talking.

Ruby Gillman: So you guys are here to help us destroy Nerissa forever.

Me: That's right. Well actually Chelsea is now in the M.O.E. And she is now part of Lincoln's harem. So we're going to separate her evil and destroy both her and Nerissa. We are amazed that Chelsea and Nerissa were both one in the same.

Luxord: Ariel has not involved in this stupid feud.

Ariel: Daddy said he had more important things to worry about.

Eli: Yeah.

Ruby Gillman: That's good. Nice to know that not all mermaids are like Nerissa. No offense.

Ariel: None taken. I didn't even know a feud like this was going on between us.

Connor (Ruby Gillman): Yeah it's a really terrible feud.

Me: And of Hatfields and McCoys caliber too.

Nico: Scary.

Me: We've had lots of past run-ins with mermaids of the dark side of the legend so we're no strangers to that.

Venom: Don't get us started on how giant she ended up!

Me: Yeah no kidding.

Nico: She was about the size of a kraken in that one.

Ruby Gillman: Wow! That is amazing!

Turtle: Does she have any eels like Ursula did?

Ruby Gillman: No thank goodness.

Qin: If Chelsea did we would turn them into fish soup.

Nico: Yep.

Tomahawk Man: So, what else is here?

Ruby Gillman: I made some cookies. Want some?

We then got flashbacks to earlier.

Me: Ooh what kind are they?

Ruby Gillman: Oh they are butterscotch vanilla. And don't worry no drugs are in them.

Me: Oh good.

I had one.

Me: (Eating) Mmm! Delicious.

Ed: I can't have butterscotch.

Me: He's allergic to Butterscotch.

Ruby Gillman: (Confused) What?

Me: When he eats butterscotch he itches like crazy and breaks out in ugly swollen hives.

Qin: We found out the hard way about that because of a bet turned into a torture session. Ugly story.

Ruby Gillman.

Horsea and Manaphy had some.

Koragg: How did you know we would be questioning about drugs?

Ruby Gillman: Just call me psychic.

Me: (LAUGHS) But these are delicious.

Ruby Gillman: Thank you very much.

Horsea: Mmm! These are good!

Manaphy: They sure are.

Krankenstein: Monster wanted to see Maria and May beat hippie up!

Maria: I know. But the way Nadia did that is good enough.

May: Her penance stare did that for us.

Nico: Yep.

Connor (Ruby Gillman): That's true.

Me: Yep. (Senses something) Uh oh. My mermaid senses are tingling. Chelsea is close.

Seadramon: I'm right at home here.

Varie: Same here.

Ariel: Yeah.

Nico: Lets find Chelsea.

Eli: (Concentrates) We don't have to. She's already here.

In came CHELSEA VAN DER ZEE!

Me: Chelsea Van Dee Zee. Or should we call you Queen Nerissa?

Fellbat: We're still doing the entrance, right?

Nico: Yes.

Fellbat: Good.

Chelsea Van Dee Zee: Come to rub it in my face that you are here to destroy me!? Come to say that Kraken's are superior!? Get on with it!

Me: No we're not here for any of that.

Nico: We're going to make you into a better person.

Lincoln: And save you from yourself.

Chelsea: Or I could finish what Ursula started!

Shade: You could do that.

Gaon: And I'll just take you down like I did to her!

Lincoln: Chelsea you don't want to do that. Think about what you are doing. We're going to try and help you and save you from this monster you turned into. This is not who you are.

Youngblood: Try anything and I'll make you walk the plank!

Lincoln: Chelsea don't you remember having fun with Ruby? Those fun times? You can still redeem yourself. You can become a better person. You are not this monster. You got to let that stuff in the past go because it just doesn't matter. The only thing that matters is who you choose to be.

Ebon: C'mon. Let us save you before we do our job.

Me: And that is to free you from this monster you are now.

Chelsea Van Dee Zee: I choose to be Ruby's friend and Lincoln's future wife!

Me: Good choice!

I fired a wave of light and separated a huge blob of darkness from her and it went into the ocean.

We went after it and Lincoln picked up Chelsea and we went to the ocean

We saw a figure and it was EVIL CHELSEA/NERISSA!

She looked like a black hair version of her but with evil red eyes.

Burner Man: Entrance time!

We went at her.

Evil Chelsea: Free at last! Now to…

Then the spirits of the ocean came and swirled around her and then converged and then…

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above her and a phoenix cry was heard and we came out.

Me: Hello Chelsea Van Dee Zee. We have a score to settle

Evil Chelsea: I'm now free to do whatever I want!

Villamax: Only thing you're free to do is die!

Me: And it's going to be painful!

I fired a massive energy blast and it hit her and exploded all over!

Lincoln and his harem: SEA CREATURE FINAL SMASH: RAGING SEA BLAST!

They final a massive barrage of Ki blasts at the evil version of Chelsea/Queen Nerissa which exploded on contact as they hit her.

Then, Lincoln angrily approached Evil Chelsea/Queen Nerissa with his massive greatsword in hand.

Lincoln: (Divine Echoing Godly Voice of The Divine Godly Universal Mythological Cosmic Eternal Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Demon Dragon Mermaid Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Godly Universal Mythological Cosmic Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Cosmic Eternal Godly Universal Mythological Cosmic Eternal Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Demon Dragon Mermaid Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Godly Universal Mythological Cosmic Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust) I don't ever want to see you ever again, Queen Nerissa, you've tortured

Chelsea along with Ruby and her people for far too long, now suffer the consequences of your madness!

Lincoln spread his massive white angel wings and medium sized angel wings underneath and he flies up and rushes towards with a downward claw attack that bounce Evil Chelsea/Queen Nerissa off the ground. Then, he grabbed and threw her, and he summoned multiple chains of darkness from the floor as the place darkens, and when the darkness fades away seconds later, it revealed a dark dimension filled with rocks and chains where Evil Chelsea/Queen Nerissa is bound by chains against a rock in front of Lincoln.

Lincoln: (Divine Echoing Godly Voice of The Divine Godly Universal Mythological Cosmic Eternal Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Demon Dragon Mermaid Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Godly Universal Mythological Cosmic Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Cosmic Eternal Godly Universal Mythological Cosmic Eternal Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Demon Dragon Mermaid Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Godly Universal Mythological Cosmic Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust) This is the end!

Lincoln forms a large energy blade in his left hand and slashes Evil Chelsea/Queen Nerissa, creating an explosion while also severing the chains, and it destroyed Evil Chelsea/Queen Nerissa and banished her to The Black Gates forever.

We powered down.

Nico: Whoa, Lincoln, that was one awesome attack.

Nicole: Oh shit, I'd recognize that attack from anywhere, that was one of the Rage Arts of Devil Jin, it's known as Devil Dimension: Tainted Chains!

We gasped.

Me: Holy crap.

Lincoln: Looks like I accidentally assimilated Devil Jin's techniques and powers last year.

Nico: But, still, that was pretty awesome, Lincoln. Now, we're finally rid of the Dark Side of one of your future wives for good.

Lincoln: You said it. Now, there's one last thing to do and one last loose end to tie up: the feral animal Packing Day version of Lisa. Everyone, keep your eyes peeled.

Suddenly, in Feral Monster Lisa's point of view as she hides in some trees, she moved the trees aside and was watching us menacingly as she was breathing, snorting, and grunting heavily, then, she pushed the trees back. Then, back to us.

MONSTROUSLY MEGA LOUD BELCH!

Suddenly, the twelve large planets orbiting around my legs, the twelve large planets orbiting around Lincoln's legs, the twelve large planets orbiting around the Loud Sisters' legs, the twelve large planets orbiting around Nico's legs, the eight large orange orbs orbiting Linka's legs the nine large orange orbs orbiting around TLPS Ms. Tarantula's legs, the ten multi-colored orbs orbiting around Duke Lincoln's legs, the eleven colored orbs orbiting around the Loud Sisters' legs, the eleven colored orbs orbiting around the legs of The Loud's friends, the eight large dark blue orbs orbiting around Ed Cowart's legs, the nine large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the nine large crimson red orbs orbiting around Naruto's legs, the eight large crimson red orbs orbiting around Tahu, Vakama, and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lars and Dudley Puppy's legs, the eight large pink orbs orbiting around Lexx Loud's legs, the nine large rose pink orbs orbiting around Steven Universe's legs, the nine large green orbs orbiting around Lynn Sr.'s legs, the nine emerald green orbs orbiting around Yakko Warner's legs, the nine large sapphire blue orbs orbiting around Wakko Warner's legs, the nine large hot pink orbs orbiting around Dot Warner's legs, the nine and eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eleven large scarlet red orbs orbiting around Lynn Jr.'s legs, the eleven coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the nine large aqua blue orbs orbiting around TLPS Mr. Shark's legs, the eight large blue orbs orbiting around Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Loni Loud's legs, the nine large yellow orbs orbiting around TLPS Mr. Snake's legs, the eight large yellow orbs orbiting around Lane Loud's legs, the eight large brown orbs orbiting around Larry Loud's legs, the eight large light green orbs orbiting around Levi Loud's legs, the eight large lavender orbs orbiting around Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago's legs, the eleven large colored orbs orbiting around Twilight Sparkle and her friends, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eleven large aqua blue orbs orbiting around Girl Jordan's legs, the eleven large colored orbs orbiting around Timmy Turner's legs, the eleven large gold orbs orbiting around Alex the Lion and the eight large gold orbs orbiting around Takanuva's legs, the nine large pink orbs orbiting around Rita's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our large gold Bracers of The Champions of the Universe and the Stones of Gelel that were embedded in the backs of our left hands and our gold halos with four orbiting gold rings surrounding the corners behind our heads were glowing, and that means we've got big trouble incoming, and the imps of The Fabled Gene-Slammers were already hissing with anger.

Lucy: She's here…

Then, we saw snowballs heading our way.

Nico: INCOMING SNOWBALLS!

Lincoln formed a massive indestructible diamond barrier infused with fire that protected all of us from the barrage of snowballs that came from nowhere and hit the barrier, but it stood strong and the fire melted the snowballs into water.

Lincoln: (Catches the scent) There's no mistaking the stench of B.O. from anywhere, come on out now, feral animal Packing Day version of Lisa, or we're going to force you out.

A figure came out on all fours growling like a dog, it was the feral animal Packing Day version of Lisa.

Nico: That's the feral animal Packing Day version of Lisa?!

Me: Yikes! She looks like a total monster!

Feral Animal Packing Day Lisa: (ROARS)

Lisa's feral animal Packing Day self charged at Lincoln, but he punched her hard and she flew right into a wall, she got back up, but she roared and beat her chest like a gorilla: SHE WAS PISSED!

Stella Esteban: Oh, roar yourself, you four-legged monstrosity.

Suddenly, Stella Esteban's red eyes turned neon red and she was surrounded by a black and red energy aura with stars, darkness, dark magic, black magic, Satanic Magic, water, ocean waves, blood, sharks, zombies, phoenixes, and angels, she unholstered her massive greatsword from her back, and as she approached the feral animal Packing Day version of Lisa, she left black and red energy, stars, darkness, dark magic, black magic, Satanic Magic, water, ocean waves, blood, sharks, zombies, phoenixes, and angels with every step.

Stella Esteban: I shouldn't be surprised that you would show up, but I always knew you'd be coming because of the loud belches that Lynn let out when she goes psycho on Packing Day, but we've known you were coming and we're ready to take you and your feral team down!

Suddenly, Stella Esteban was surrounded by a massive vortex of black and red energy with stars, darkness, dark magic, black magic, Satanic Magic, water, ocean waves, and blood surrounding the vortex, there are sharks, zombies, phoenixes, angels, and Corroding Shark flying around the vortex, and in the vortex is a black phoenix with red eyes glaring at the feral animal Packing Day version of Lisa: the red eyes of eternal death.

Brittney: Incredible!

Lori: Uh oh, this isn't going to end well at all.

Lincoln: We've all seen what happens when Stella Esteban gets mad, and now, the rest of the team's about to see it for themselves.

Then, as the vortex faded, Stella Esteban emerged, but she was changed forever.

Stella Esteban grew from 6'0" to 8'3" in height, she has large gold metal braces on her biceps and thighs, and she now has twelve large black and red planets orbiting around her legs, she has the body of a goddess, she has red highlights in the bangs of her long midnight black hair and she has a large golden halo in the center with golden angel wings on the bottom and four orbiting golden rings on each corner behind her head, she has neon red eyes and a black and red energy aura with stars, darkness, dark magic, black magic, Satanic Magic, water, ocean waves, blood, sharks, zombies, phoenixes, and angels surrounding her and immense protective neon rainbow aura with all of the elements swirling around it, she has Corroding Shark emblazoned on her forehead with red iris, she has on shark earrings with red gems for eyes and holding the Star, Dark, Water, Blood, and Eternity Kanjis in their flippers, she also has Corroding Shark with red gems for eyes and holding the Star, Dark, Water, Blood, and Eternity Kanjis in his flippers for the second pendant on the bottom of her red shark-shaped Element of Harmony, along with the gold Thunderbird pendant of her Elemental Thunderbird Necklace of Eternal Love necklace with red crystal links from her merged Crystal Necklace of the Buddha and red gems embedded on the gold lightning bolt links, and she also has on a white and gold accented Elemental Thunderbird Choker Necklace of Eternal Love on her neck. But, when Lisa's feral animal Packing Day self saw it, she roared in rage and fired more snowballs at her to kill her, but Stella Esteban fired a massive barrage of black and red energy, stars, darkness, dark magic, black magic, Satanic Magic, water, ocean waves, blood, sharks, zombies, phoenixes, and angels which hit Lisa's feral animal Packing Day self and sent her flying into another wall, she got back up, and she let out a bellowing roar and beat her chest like a gorilla: NOW, SHE WAS MEGA PISSED!

Lincoln, Stella Esteban, and I went after Lisa's feral animal Packing Day self, and we fired extremely powerful blasts of rainbow energy, black and red energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at Lisa's feral animal Packing Day self, and they exploded with incredible power as they hit her.

Then, we attacked her with energy slashes from our massive greatswords leaving scars on him and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at her as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well and Stella Esteban also did the same by firing black and red energy slashes from her massive greatsword, and he, Stella Esteban, and I attacked her hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving Lisa's feral animal Packing Day self even more madder and even more insane with rage as she let out another bellowing roar of rage.

Suddenly, Lisa turned the tip of one of her eleven massive and long brown wolf tails into Cell's stinger that opened up into a large sucker and she plunged it onto her feral animal Packing Day self's head and she was unable to fight back. Then, she sucked her into her body and absorbed her as the stinger changed back.

We were really amazed by Lisa's Super Angel-Tech Angel-Phoenix-God-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation, and when Dexter saw her, he had an atomic red blush on his face, hearts in his eyes, and his nose was bleeding.

Lisa: (Divine Echoing Godly Voice of The Divine Cosmic Eternal Harmony United Friendship Greek Hephaestus Greek Electric Lightning Tech Prodigy Phoenix God Angel and Divine Cosmic Eternal Harmony United Friendship Greek Hephaestus Greek Electric Lightning Tech Prodigy Phoenix God Angel Love) (GASPS) Sweet Protons! Now, I've ascended!

Everyone cheered wildly for what Stella Esteban, Lincoln, and I did as we holstered their massive greatswords on their backs and powered down and Stella Esteban's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long black wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, twelve large black and red planets orbiting around her legs, and massive black angel wings and medium sized black angel wings underneath are permanent, and Lisa's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long brown wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, large twelve green planets orbiting around her legs, and massive brown angel wings and medium sized brown angel wings underneath are permanent.

Stella Esteban: That's it for that animal. Thanks for helping me take down Lisa's feral animal Packing Day self, Lincoln, you too, J.D.

Lincoln: (Smiles Warmly) You're welcome, Stella.

Me: My pleasure, Stella.

Suddenly, Stella Esteban wrapped her arms around Lincoln's waist, as her chest pressed against Lincoln's massive pecs and her stomach pressed against his eight-pack abs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned down to Stella Esteban's face, they kissed passionately as she moved her hands onto Lincoln's massive pecs, and behind them was a Thunderbird, Phoenix, Dragon, Tiger, Mermaid, Angel, Fairy, Succubus, Incubus, Windigo, Demon, and Corroding Shark flying in the air, and we saw a herd of Buffalo and many animals running across the field and elemental forces and darkness, water, and blood behind them and we cheered wildly. Then, Lincoln and Stella Esteban sucked in and absorbed the elemental forces and darkness, water, and blood and they came back to us as the display vanished.

Nico: My God. Guys, what we just saw, THAT WAS ONE AWESOME FIGHT!

Nico ran to me, Lincoln, and Stella Esteban and hugged us.

Luna: No kidding dudes, you guys taught feral animal Packing Day version of Lisa a lesson she'd never forget.

Luan: And Lisa absorbed her and transformed and ascended just like Lincoln and J.D.

Me: You said it. So, Lincoln, who are we meeting on your rescue tomorrow?

Lincoln: Well, I've got two people who we're going to meet: one of them is going to be on Nico's rescue tomorrow: Amaya Nightshade, Avatar and Gene-Slammer of Hieratic Dragon King of Atum.

Selene Emperyous: The second-in-command of The Order of The Hieratic Egyptian Duel Monsters, incredible, and you guys will love meeting her, Amaya Nightshade is Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Light and Darkness. She's the Avatar and Gene-Slammer of Hieratic Dragon King of Atum, and she has powerful light and dark powers and her favorite Duel Monster was Hieratic Dragon King of Atum. She's also a powerful master and defender of Egypt's long history and she's the second-in-command of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades, who fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the order was tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Arpina and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Amaya would be the next one to train him in mastering the powers of darkness and light. Lincoln made her a powerful darkness greatsword, and to show her thanks, Amaya kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, the second-in-command and one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Nico: Whoa, so we're meeting her on my rescue tomorrow, awesome.

Lincoln: Yep, and the one we're meeting on my rescue tomorrow is Reika Kitsune, Nine-Tailed Kitsune of Tokyo.

Selene Arcangela: Oh, I knew you'd pick her, and you guys will love meeting her, Reika Kitsune is Lincoln's Guardian Angel from Tokyo, Japan, and she's a powerful immortal nine-tailed kitsune with all of the powers of the kitsune and she's a powerful master of pink fox fire. She's also very skilled with using a sword along with growing her nails into sharp claws, and if anyone messes with her, they're in huge trouble because she easily pulverized tons of thugs and criminals and burned them bad, and that reputation had earned her the moniker of The Pink Rose Inferno. She met Lincoln when she moved to Royal Woods and she fell in love with him at first sight, and she protected him from trouble. Lincoln made her a powerful sword and necklace, and to show her thanks, she kissed Lincoln on the lips, and as a result, he promised that when he comes of age, he will marry her along with the rest of his harem. She hates Lola with a blazing passion because Lola tried to kill Lincoln while he was doing his homework with Reika because she ordered him to iron her dresses, but Reika also knew that Lola was also going to stab him with a pair of scissors while he wasn't looking. But, Reika saw it and she grabbed her by the neck with one of her nine pink fox tails and ran down to tell the parents of what Lola tried to do, and as a result, Lola got grounded for three weeks with no dessert.

Me: Whoa, and Lincoln, I had no idea that you also know a lot of girls who are also mythical Japanese Yokai.

Lincoln: You didn't ask.

Nico: He got you on that one.

Motor Ed: Looks like that bitch is history. Seriously!

Tri Klops: She sure is.

BlackWarGreymon: And Chelsea's free to live her own life.

Deadwood: But what about the feud?

Pyros: That's a story for another time

Nico: Yep. Great job today everyone!

Ruby Gillman: (To the viewers) This was an awesome adventure too!

Me: Yep.

We went back home. Chelsea was distraught but she will be okay. We enjoyed the rest of the day and went to sleep.

HAPPY THANKSGIVING 2023 EVERYONE

There was a knock on a door.

Dahlia Dracula: Come in?

I came in with a tray full of food.

Me: Morning Dahlia. How are you feeling?

Dahlia Dracula: Still upset about everything.

Me: I know Dahlia. Hungry?

Dahlia Dracula: Oh breakfast in bed. How nice.

Me: Yeah I figured you would like it in bed.

Dahlia Dracula: Thank you.

Me: You're welcome.

Dahlia Dracula: I just wish that my mom was here with me.

Me: Where is Mrs. Vladdor?

Dahlia Dracula: She lives on an island in the middle of Great Bear Lake. No one knows that island is there.

I looked it up and saw that the island was located at N 66˚ 3' 13.3776" W 119° 36' 48.9132".

Me: Whoa out in the middle of the lake. I'll have to go out and bring her here. She needs you and you need her.

Dahlia Dracula: Thank you.

I went out and went to Great Bear Lake and I found her home and it was a cabin. I told her everything and she was shocked and horrified. Mrs. Vladdor agreed to come home and she moved in with us.

Maria: Are you guys famous for anything?

Carl Santiago: Actually yes we are. We built the largest ever most high tech castle casino in Las Vegas.

Me: Whoa! The Futura Castle Casino? That was you guys? Oh they had the most amazing and most fun arcade and bowling alley ever and all the food was amazing.

Sakura Knudson: That is my favorite place on Earth. One of them.

Me: (LAUGHS) One time Sakura snuck away from mom and dad when they weren't looking and she found a dollar laying on the ground and put it in a slot machine and Instantly won over $10,000,000,000.00 from there.

All of us: WOW!

Xenia: Boy that is lucky!

Sakura Knudson: I was the youngest ever to win that much money.

Nico: That is awesome!

Carl Santiago: That is really amazing! You have amazing luck Sakura.

Me: That's my sister.

Poromon: Don't expect Nico to marry your daughter and the rest of his harem all at once. There's going to be a seperate wedding just for your daughter.

Nico: It's true.

Qin: Yeah.

Camie: But we're so happy for Nico.

Me: And me too. Long story.

Qin: Yeah.

Sunny Starscout: It's going to be so awesome.

Maria: And your daughter is going to be involved in an Ambassador mission soon.

Carmen Santiago: Our daughter an ambassador!? We're so proud of you.

Dora Santiago: Thanks mom. I don't know who my mission is going to be for but it will be good.

Poromon: Maybe we should visit Anur Phaetos later.

Me: That's an interesting idea guys. We never saw much of that planet.

Qin: It'll be awesome to see more of Zs'Skayr and Ghostfreak's home planet.

Camie: It sure will be cool.

Sunny Starscout: This really is such an awesome baby shower!

Lincoln: It sure is, Sunny. Okay, guys, we got ourselves a huge emergency, and this is one we're not going to like in the slightest: I got word from Ed Cowart that a clone of Turkie from Thankskilling is here, and he's causing havoc.

WE GASPED!

Me: Are you kidding me?! Not a clone of that stupid foul-mouthed demon turkey!

Eli: We're defintely roasting him for dinner now!

Nico: That's it, he's going to get deep fried in a deep fryer and served with mashed potatoes with gravy and all the Thanksgiving fixings!

Lincoln: You said it.

Suddenly, the rest of the team arrived, thanks to Lincoln's telepathic message.

Ed Cowart: We got here as fast as we could thanks to Lincoln. I can't believe a clone of Turkie from Thankskilling is here and during Sunny's baby shower!

Eli: We're more than ready to turn that turkey into Thanksgiving dinner.

The Mascots got out knives and forks!

Qin: Yep, this is going to be good.

Me: Yeah! I'm hungry for some turkey! Fluttershy I'm sorry and I know you don't want animals getting hurt but this is one turkey that needs to be destroyed.

Fluttershy: Oh it's okay J.D.

Nico: Besides, more turkey for dinner tonight!

Me: YEAH!

Qin: I call dibs on the legs!

Me: Aw Qin I called the legs.

Nico: You can have a wing.

Me: Okay.

Ginger heard a Pokemon cry.

Ginger: (British Accent) Look here!

We saw a Combusken.

Me: Whoa a Combusken.

May: Aww poor thing hurt himself. And it looks like Blaziken has a playmate.

Me: He sure does.

Combusken: Yeah but I hurt myself.

We got to healing it.

Ginger: Are you okay now?

Combusken: Thanks to you guys.

Me: Awesome. Would you like to come with us?

Combusken: I would be honored. I have some fiery fury to unleash on that turkey!

Nico: So do we!

Suddenly, Lincoln's large gold halo with four large orbiting gold rings orbiting the corners behind his head glowed and the four large orbiting gold rings fired beams of light that formed into a viewing window and we see Stan and Steak Stankco dressed only in shorts and shirtless and still forced to mine and eat broccoli at The Broccoli Mine Prison in Canada, and they'd regained their abnormally massive and powerful upper and lower body muscles and eight-pack abs along with their massive physical upper body and lower body strength, but they were now as four times as big as The Hulk.

The two of them were grumbling like mad and there was no doubt they were plotting to escape once again, but then, we saw the barbell tattoos on their backs glow red. Suddenly, Stan and Steak were glowing with red energy, but then, their arms were raised and it looked like their wrists were bound with metal cuffs same with their feet.

Me: Uh oh, here we go!

Lincoln: Yep.

Suddenly, Lincoln made red portals appear in front of the Stankcos, and then, out of nowhere, Lincoln sprouted tentacles with suctions from his chest and all of the males on the team did the same and they went through the portals and they came out of the portals and latched themselves onto the massive pecs, necks, arms, and legs of Stan and Steak Stankco. Then, the tentacles began sucking the Stankcos' of their massive muscle mass, virility, and massive physical strength and they were groaning in pain as they began

shrinking in muscle mass.

Then, all of the massive muscle mass, virility, and massive physical strength of The Stankcos began being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even more stronger.

The same thing happened to me, Nico, and all the males on the team and our abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on our bodies, and our massive angel wings spread out and glowed and our halos glowed and we also began growing even more stronger.

Lincoln: (Growls) Oh man, I haven't forgotten how potent this curse really is.

Me: (Growls) Yeah, this is really potent, but this still feels incredible.

Then, when Lincoln and all the males were done, the tentacles detached themselves from the pecs, arms, legs, and necks of the two meatheads and they went back into us as the portals closed, and we saw that Stan and Steak Stankco were thin as a rake and sucked bone dry of their muscle mass, virility, and massive physical strength again, and the glowing barbells on their back stopped glowing.

Stan and Steak Stankco: NOT AGAIN! (ENRAGED SCREAMING)

The viewing window closed as the four large orbiting gold rings stopped glowing and the light beams disappeared. Suddenly, we saw that we were even more bigger in muscle thanks to Lincoln's curse he put on The Stankcos.

Me: (Looked at my even more muscular body) Whoa. Lincoln, that Min's Egyptian Virility Drain Curse you put on the Stankcos is still really potent. But, look at us, now we're even more ripped than ever. (Flexes my even more massive muscles)

Lincoln: (Flexes his even more massive muscles) Yep, and this curse will be on them for all eternity. (Sensed for The Turkie clone) AHA! Gotcha! I just spotted The Turkie clone, he's 20 yards away, but he's already heading right for us!

Me: Why, that ugly monster! Let's get him and throw him in the deep fryer!

Lincoln: This is going to be awesome, we're getting an awesome Thanksgiving dinner ready. (Sensed Flip's musclebound thugs) Uh oh, hold up, I sensed a massive army of Flip's musclebound thugs also heading right for us.

Nico: (GROWLS) Flip, you stupid mutant cheapskate!

Me: That mutant just doesn't even know when to quit!

Suddenly, we saw ten massive armies of Flip's musclebound thugs arrive, and they came barreling towards us in a fit of rage.

Lincoln: Ugh, I knew there was no mistaking the stench of B.O. in the air!

Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even stronger.

I did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into me and my abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on my body, and my massive elemental angel wings with aurora and red tips spread out and glowed and my halo glowed and I began growing even stronger.

The other male members did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into them and their abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on their bodies, and their massive angel wings spread out and glowed and their halos glowed and they began growing even stronger.

When we were done, the vacuum tubes detached themselves from the chests of the thugs and went back into us, and the thugs were now dead from blood loss and thin as a rake and Lincoln fired a blast of red energy and destroyed them leaving them as ashes. Then, we set our sights on the Turkie clone.

We looked around for that rotten turkey.

Me: Alright, where the Hell is that asshole foul-mouth demon turkey?!

Nico: He's here somewhere, he's got nowhere to hide!

Lincoln: When we hear his foul mouth, then, we'll know he's here.

?: YOU GODDAMN FRICKING ASSHATS! YOU FUCKING ASSHOLES! I'LL KILL YOU!

Me: And there's that foul mouth from anywhere!

We then saw our target, the clone of Turkie, and he's out to kill us. But, Lincoln fired a blast of rainbow fire that hit him and he got burned.

Me: Nice hit!

Turkie Clone: I'LL KILL YOU, ASSHOLE!

The Turkie clone threw a knife at Lincoln only to fire a magnetic blast that stopped it and he threw it right back at the clone and slashed him in the right eye! OUCH!

Claudia Cald: You slashed him in his right eye, now you've pissed him off.

Me: Good.

I went over to him and stuck my face in front of him.

Me: Gobble gobble motherfucker!

I bit him on his beak and threw him.

Nico: Nice one!

Turkie came at us and roared.

Carmen Santiago: That is one NASTY turkey.

Me: Tell me about it!

Combusken charged at him and fired a wave of fire and blasted him all over!

Nico: Take that!

Me: And this one! ECLIPSE STYLE NINJA ART: THE NIGHT BEGINS TO SHINE!

Zick got out the Sword of the Magic of Eternia

Zick: I would kill Skeletor 100 million times over with this. MAGIC STYLE: MYSTICS DREAM!

(THE MYSTICS DREAM BY LOREENA MCKENNITT PLAYS)

A clouded dream on an earthly night

Hangs upon the crescent moon

A voiceless song in an ageless light

Sings at the coming dawn

Birds in flight are calling there

Where the heart moves the stones

It's there that my heart is calling

All for, for the love of you

A painting hangs on an ivy wall

Nestled in the emerald moss

The eyes declare a truce of trust

And then it draws me far away

Where deep in the desert twilight

Sand melts in pools of the sky

When darkness lays her crimson cloak

Your lamps will call me home

And so it's there my homage's due

Clutched by the still of the night

And now I feel you move

And every breath, breath is full

So it's there my homage's due

Clutched by the still of the night

Even the distance feels so near

All for, for the love of you

A clouded dream on an earthly night

Hangs upon the crescent moon

A voiceless song in an ageless light

Sings at the coming dawn

Birds in flight are calling there

Where the heart moves the stones

It's there that my heart is longing for

All for, for the love of you

Suddenly, Claudia Cald's orange eyes turned neon orange and she was surrounded by an orange and red energy aura with stars, superhot flames, superhot fire, lava, magma, phoenixes, and angels, she unholstered her massive greatsword from her back, and as she approached the Turkie clone, she left orange and red energy, stars, superhot flames, superhot fire, lava, magma, phoenixes, and angels with every step.

Claudia Cald: Even though you're just a clone of the real demonic turkey, you're still as dangerous and vile as ever, and there's no way you're getting out of this, this time, you're going to die here and now, and you're going to be turned into Thanksgiving dinner!

Suddenly, Claudia Cald was surrounded by a massive vortex of orange and red energy with stars, superhot flames, superhot fires, lava, and magma surrounding the vortex, there are phoenixes, angels, and the Cald Magim flying around the vortex, and in the vortex is an orange phoenix with red eyes glaring at the Turkie clone: the red eyes of eternal judgement.

Suddenly, Claudia Cald's massive greatsword and all the greatswords and swords that she'd gotten began to merge together, and they're surrounded by a kaleidoscope of orange and red energy, stars, superhot flames, superhot fire, lava, magma, phoenixes, and angels, and when it emerged, it was transformed into Claudia Cald's Cosmic Eternal Volcanic Firestorm Inferno Cald Moonlands Embodiment Phoenix God Angel Greatsword of Cosmic Eternal Volcanic Firestorm Inferno Cald Moonlands Embodiment Phoenix God Angel Justice, it's a brand-new massive greatsword with embedded orange gems and the symbol of the Cald Moonlands etched on the 7'9" massive, wide, double-edged red blade, large red dragon heads with orange gems for eyes for the crossguard, large white angel faces built into both sides of the hilt and large red gems embedded in their foreheads, longer midnight black handle, four large orange phoenix heads with red gems for eyes and on the bottom of the large orange phoenix heads is a red dragon head with orange gems for eyes and orange gem in its mouth for the pommel, Claudia Cald has on her large gold Bracers of The Champions of The Universe with orange gems on her wrists and Dragon Ball Bracelet and wrist computer on her left Bracer, her large gold Belt of Elemental Bravery with a large gold phoenix head with orange gems for eyes and large red gem in its mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. We were amazed by Claudia Cald's Super Angel-Cald Moonlands Embodiment-God-Phoenix-Harmony Universal Eternal Celestial Xelnaga transformation, and when I saw her, I had an atomic red blush on my face, hearts in my eyes, and my nose was bleeding, but when the Turkie clone saw it, he went crazy and got out a machine gun to blast her, but Claudia Cald fired a massive barrage of orange and red energy, stars, superhot flames, superhot fire, lava, magma, phoenixes, and angels which hit the Turkie clone and he got super burned, and that really really pissed him off.

Lincoln, Claudia Cald, and I went after the Turkie clone, and we fired extremely powerful blasts of rainbow energy, orange energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at the Turkie clone, and they exploded with incredible power as they hit him.

Then, we attacked him with energy slashes from our massive greatswords leaving scars on them and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at him as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well, and he, Claudia Cald, and I attacked him hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving the Turkie clone even more madder and even more insane with rage.

Then, Nico fired waves of water, May fired blasts of ice, and Qin fired blasts of fire, and Sebastian fired blasts of Divine Darkness that hit him and slashed at them with his dark greatsword, Then, Lincoln, Claudia Cald, and I fired powerful blasts of energy, magic, stars, superhot fire, superhot flames, lava, and planets at the Turkie clone, and Lincoln summoned some Cald Malgam and they brutally mauled and attacked him and he got badly hurt.

Lincoln impaled the Turkie clone on a rotisserie fork, and had him over a roaring flame he created and he turned the rotisserie fork and the Turkie clone was roasted until he was golden brown.

?: Do I smell flame roasted turkey?

Suddenly, we saw a very beautiful and super sexy girl with long purple hair and yellow headband, yellow eyes, she was tall at 7'0" in height, she has the body of a goddess and large breasts, fair skin, she has massive and beautiful purple angel wings, she's dressed in a golden yellow sleeveless crop top, necklace with a purple gem for the pendant, purple skirt, white bridal gloves, purple knee-high high-heeled boots with butterfly buckles, and long white sleeveless trenchcoat with stars, light, darkness, dragons, phoenixes, and angels on the coattails and on the back is Hieratic Dragon King of Atum, holstered on her back is a massive darkness greatsword with angel runes etched on the 7'9" massive, wide, double-edged black and purple blade, large white angel faces built into both sides of the hilt, longer midnight black handle, and purple pointed tip for the pommel.

Lincoln: (GASPS) Amaya Nightshade, Avatar and Gene-Slammer of Hieratic Dragon King of Atum, I knew you'd be here, and you're right, I just got done roasting him.

Lincoln seasoned the roasted Turkie clone and we ate him up and we belched out his spirit, and he was sent to The Black Gates forever. Everyone cheered wildly as we holstered our weapons and powered down, and Claudia Cald's new body, clothes, weapons, jewelry, eleven massive and long orange wolf tails and longer twin comet tails, 28th Century silver Miracle Box backpack, Third Eye, large gold halo with four orbiting gold rings on each corner behind her head, twelve large orange planets orbiting around her legs, and massive orange angel wings and medium sized orange angel wings underneath are permanent.

Nico: Ah, now that was really delicious.

Me: You said it, and Lincoln, are you going to introduce us?

Arpina Apollonia: Leave that to me. This is Amaya Nightshade, Avatar and Gene-Slammer of Hieratic Dragon King of Atum, she's Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Light and Darkness. She's the Avatar and Gene-Slammer of Hieratic Dragon King of Atum, and she has powerful light and dark powers and her favorite Duel Monster was Hieratic Dragon King of Atum. She's also a powerful master and defender of Egypt's long history and she's the second-in-command of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades, who fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the order was tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Arpina and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Amaya would be the next one to train him in mastering the powers of darkness and light. Lincoln made her a powerful darkness greatsword, and to show her thanks, Amaya kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, the second-in-command and one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Lincoln: Yep, she's a powerful force of light and darkness, and no one wants to mess with her. And it's so good to see you again, Amaya.

Amaya Nightshade: You too, Lincoln, and you've really really grown into quite a man.

Lincoln went up to and hugged Amaya Nightshade in his abnormally massive and powerful muscular arms, he leaned his head down the right side of her neck, and he slowly bit her and he fed on their blood, and we suddenly saw his rainbow energy aura with elemental forces and mythological animals flare up extremely as he gained an extremely astronomically huge and massive power boost and he also gained the very same powers as her, and his abnormally massive and powerful upper and lower body muscles bulged even more as veins formed, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails with rainbow tips and rainbow markings. He slowly unlatched his fangs from her neck as her neck healed and the puncture marks sealed up, and he also kissed where he bit her.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared on the neck of Amaya Nightshade with purple gems on the gold lightning bolts and purple crystal links from her merged Crystal Necklace of The Buddha along with a white and gold-accented Elemental Thunderbird Choker of Eternal Love on her neck. Amaya Nightshade knew this meant she was now one of Lincoln's future wives and part of his harem, and Lincoln still had his massive arms wrapped around Amaya Nightshade's waist, and he leaned down to her face and kissed her on the lips, but when she placed her hands on his massive pecs, Lincoln deepened the kiss and we all cheered for them. When Lincoln separated, Amaya Nightshade had an atomic red blush on her face, hearts in her eyes, and her heart was beating like mad.

Turkie was now a turkey ready to be cooked and we sent his spirit into the black gates so he is safe to eat.

Nico: Let's put his remains in the oven.

Me: Good idea.

Lynn Sr.: Time for some thanksgiving cooking.

We got to cooking.

We basted and buttered him.

Me: (Imitating Stimpy) There now. A prettier bird there never was.

We put the turkey in the oven.

Nico: Nice job Combusken!

Combusken: Thanks Nico.

Me: That was awesome.

Dahlia Dracula: Oh I found this under my pillow.

Nico: OH SICK!

Poromon: Would you like to drink yours, Dahlia?

Dahlia Dracula: No thanks. I can't because of…

She pointed to her belly.

Poromon: Oh right. Okay.

Poliwag: Good idea.

Poromon: Would you drink it if you weren't pregnant?

Nico: Poromon that's enough. No she wouldn't.

Dahlia Dracula: He's right. I don't drink beer anyway.

Came: Yeah.

Poromon: Okay

Poliwag: Is your mom still alive?

Me: She is. I brought her back earlier this morning.

Nico: Oh. Must not have seen you bring her in.

Poromon: Where is she right now?

Me: Back at the estate getting settled in.

Poromon: Oh.

Poliwag: I hope she's okay now.

Me: She is.

Nico: Where was she?

Me: In a cabin on an uncharted island in Great Bear Lake.

Nico: Wow! Thank goodness she's all right.

Horsea: How long was she there?

Dahlia Dracula: She left back when I was 7.

Me: Oh man.

Xenia: Not good.

Eli: At least Dahlia has her mother again.

Manaphy: Did she have anything to eat?

Me: Yep.

Manaphy: Good.

Nico: Lets talk more on the matter later.

They glowed and the anothers were separated.

Me: Action time!

We blasted the Anothers and we caught the Wonder Ride Books.

Me: YEAH!

Qin: OH YEAH!

Nico: And now, we wait.

Me: Maybe she'll come if we say the name Candle Jack.

I tasted the Fiery Guacamole.

Me: Mmm. (LOUD LONG BELCH!)

I belched a massive blast of fire right into May's face!

She was burned all over!

Me: Oops! Sorry May! WHEW! Man Chowder you really put too much hot sauce into that guacamole.

Schnitzel: Radda radda radda. (Welcome to my world May)

May: What?

Me: He said Welcome to his world May. Schnitzel had to endure terrible abuse from Mung and Truffles all the time when he worked in the catering company.

May: Oh. I see what you mean.

Schnitzel: Radda radda. (Yes now you do.)

Me: Look!

We saw ANOTHER CANDLE JACK!

Me: Another Candle Jack!

Qin: Wicked!

Candle Jack: Who is that good looking guy?

Me: Another you.

Another Candle Jack: (In a girls voice) And a fun one too.

Me: (GASP) That voice.

She reverted back and was a girl with neon orange hair and orange eyes and black clothes and fire angel wings and had a tiara with the symbol of the Candle Dopant on it and on her skirt and she had a Drippy Candle Magisword in her hand.

Me: Candace Candle! Whoa!

Candace Candle: Yep good to see you again J.D.

Me: Same here. Candace is the Candle Dopant Embodiment and as you can see she makes candles.

Candace Candle: It's true. My family has been making candles for generations. We are candle producers and have been making them since 500 AD.

Me: Yep. And when she is not making them she is a boogeyman and terrorizes criminals.

Candle Jack: Oh just like me.

Me: Yep.

Sougo: (gets out Grand Zi O Ridewatch) Did Swartz promise you anything?

Candace Candle: No he didn't. I just poofed out of there by phasing into the walls

Candle Jack: She's right. I have that kind of power to do that.

Qin: Nice.

Zocks and Kaito: ZENKAIJU GEAR!

They donned their Zenkaiju armor!

Lincoln: Lets separate you first.

Lincoln fired a wave of light and did so.

Me: Yeah! Lets get it on!

Nico: (gets out Candle Jack's Ridewatch) You don't hold a candle to us!

May: (Gets out Hydragen's ridewatch) This will be awesome!

Maria: (Gets out Fire Breathing Guacamole Monster's ridewatch) This Guacamole has a punch!

Serri Serris: (Gets out Archelon Dopant's ridewatch) This turtle bites!

They used the powers of Candle Jack, Archelon Dopant, Hydragen, Platythphan Phantom Nonbaldo, Fire Breathing Guacamole Monster (Chowder) and Anomalocaris Dopant. And blasted Another Candle

Jack all over.

Princess Abi, Tsubaki, Vikins (Scooby Doo), Wally Walrus, Megahorn, Zeus (Fantasia) and Feral Dragon Spike (MLP)

Nico: WHOA! Nice Team Princess Abi!

Princess Abi: Thanks Nico.

Tsubaki: We're both leading this team.

Me: That's cool!

?: I'll say!

Commander Yanmark came!

Qin: WHOA! Commander Yanmark!

Me: Awesome!

Commander Yanmark: It sure is!

Nico: Diana Dragonfly!? Wow!

Commander Yanmark: Yep. Awesome to see you again Nico. I got this.

She fired a wave of energy and blasted the another and I caught the ridewatch and purivied it.

Nico: Cool!

She reverted back and was a girl with green hair and blue eyes and had a green bikini on and had dragonfly wings and had a dragonfly symbol in the middle of her forehead.

Diana Dragonfly: That was so fun.

May: I didn't get hit!

SPLAT!

She got hit in the face with a pie.

May: AW MAN! (SLURPS) Yummy! Blueberry!

Phoebe Pie: Sorry May. That one slipped out of my fingers.

May: I don't mind actually.

Phoebe Pie: Oh good.

May: Awesome and tasty.

Me: Yep.

Rarity: Lets get you new clothes darling.

The fashion brigade gave her purple and green clothes.

Diana Dragonfly: Wow! Awesome outfit.

Maria: Thanks.

Serri Serris: Do you have any favorite memories o Nico?

Diana Dragonfly: My favorite is when me and Nico ate the spiciest turkey feast ever. The Nuclear Reaper Turkey Buffet chalenge.

Me: Whoa! That is a deadly turkey covered in Carolina Reaper sauce.

Qin: Yeah spicy.

Nico: Yep.

Nico and Diana hugged.

Nico: I've missed you.

Diana Dragonfly: Same here.

We later went back home.

Reika Kitsune: That's right, and I got the girls away from Professor Stranglehold, and he's still out to kill Lisa's dead ex-father.

Lightning, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Blue Fire, Sand, Bubbles, steel orbs, throwing axes, and mythological animals, and they exploded with incredible power as they hit him.

Then, Lincoln fired a dark blue energy blast with stars, galaxies, and planets reflecting and it hit him and Lincoln also assimilated his powers as well as did the rest of us. We cheered as we holstered our weapons and powered down.

Lincoln: Man, he was tough, but we did it, Professor Stranglehold's in the Masters of Evil. (To Reika Kitsune) And it's so good to see you again, Reika.

Reika Kitsune: You too, Lincoln, it's been seven years since we last met.

Suddenly, Reika Kitsune wrapped her arms around Lincoln's neck and she proceeded to kiss him all over the place: face, arms, pecs, eight-pack abs, and stomach. When Reika Kitsune was done, Lincoln was covered in lipstick marks on his face, massive muscular arms, hairy pecs, eight-pack abs, and stomach, and he had an atomic red blush on his face and he was literally in Heaven.

Lincoln: (In Heaven) That's… something I've not… forgotten.

We snickered.

Reika Kitsune: Sorry about that, but it's so good to see you again, Lincoln.

Lincoln then wrapped his massive and muscular arms around Reika Kitsune's waist and brought her in to a warm embrace, and Reika Kitsune is very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how much more stronger and how much more muscular he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face soon became even deeper when she saw his longer vampire fangs and more massive white angel wings and medium sized angel wings underneath with orange and aurora tips on the feathers, large gold halo with four large orbiting gold rings on each corner behind his head, along with hearing his mature, deeper, and manlier voice and seeing the larger white wolf ears with rainbow markings on his head, eleven massive and longer white wolf tails with rainbow markings and rainbow tips and white rabbit tail with rainbow markings on top of the massive and long white wolf tails, thick hair on his massive forearms, stubble on his jawline, and chest hair on his pecs, He-Man's chest harness, and many other accessories, and she also met his Rabbit Miraculous, Eini, the Universe 666 Miraculous, his familiars, the male white Rabbit Familiar, Alistair, the white Vampire Bat Familiar, Artemis, and the white Wolf Familiar, Seiko that came out of his backpack.

Lincoln: It sure has been a long time, I haven't seen you since you were seventeen, and as you can see, I really grew a lot since then.

Reika Kitsune: Holy crap, you sure have, you've really really grown up to be very big and very strong like a tree, Lincoln, you've really grown a lot from the cute eleven-year-old little boy into a 18-year-old 8'9" tall, very handsome, and manly man with really massive and powerful upper and lower body muscles and eight-pack abs, and you still have those vampire fangs and massive white angel wings and medium sized angel wings underneath, that's so awesome, and the large white wolf ears on your head and the eleven massive and long white wolf tails with markings and white rabbit tail on top of the massive and long white wolf tails, hair on your massive forearms, beard stubble on your jawline, and chest hair on your pecs and many accessories and large gold halo with four large gold rings orbiting behind your head, that's really new, along with getting He-Man's chest harness. (Rubs his massive pecs) You've really really grown a lot and became a man, but you're still the same kind boy from long ago, plus, you've also grown even more bigger in muscle mass, you can land an airplane on that massive, wider, and more muscular back, squash a melon with those really muscular quads and thighs, and cut a rock into a diamond on those rock-hard eight-pack abs, and there's not even a tape measure long enough to measure that chiseled chest or massive biceps. Plus, I've also met your familiars, and they are really awesome.

Eli: And he'd also been hit with massive amounts of cosmic radiation and he'd been imbued with the same powers as J.D. and all of us, and he's become truly immortal.

Nico: And Lincoln, you know her?

Lincoln: Indeed I do, Nico.

Selene Emperyous: And so do we, this is Reika Kitsune, Nine-Tailed Kitsune of Tokyo, she's Lincoln's Guardian Angel from Tokyo, Japan, and she's a powerful immortal nine-tailed kitsune with all of the powers of the kitsune and she's a powerful master of pink fox fire. She's also very skilled with using a sword along with growing her nails into sharp claws, and if anyone messes with her, they're in huge trouble because she easily pulverized tons of thugs and criminals and burned them bad, and that reputation had earned her the moniker of The Pink Rose Inferno. She met Lincoln when she moved to Royal Woods and she fell in love with him at first sight, and she protected him from trouble. Lincoln made her a powerful sword and necklace, and to show her thanks, she kissed Lincoln on the lips, and as a result, he promised that when he comes of age, he will marry her along with the rest of his harem. She hates Lola with a blazing passion because Lola tried to kill Lincoln while he was doing his homework with Reika because she ordered him to iron her dresses, but Reika also knew that Lola was also going to stab him with a pair of scissors while he wasn't looking. But, Reika saw it and she grabbed her by the neck with one of her nine pink fox tails and ran down to tell the parents of what Lola tried to do, and as a result, Lola got grounded for three weeks with no dessert.

Me: I'm still stunned that Lincoln also knows girls who are also mythical Japanese Yokai.

Nico: Same here.

Lincoln: Like I said, you guys didn't ask me that, and now that you're here, Reika.

Lincoln went up to and hugged Reika Kitsune in his abnormally massive and powerful muscular arms, he leaned his head down the right side of her neck, and he slowly bit her and he fed on their blood, and we suddenly saw his rainbow energy aura with elemental forces and mythological animals flare up extremely as he gained an extremely astronomically huge and massive power boost and he also gained the very same powers as her, and his abnormally massive and powerful upper and lower body muscles bulged even more as veins formed, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails with rainbow tips and rainbow markings. He slowly unlatched his fangs from her neck as her neck healed and the puncture marks sealed up, and he also kissed where he bit her.

---

Reika Kitsune: You're still just as gentle as ever when you feed on one of your Guardian Angels, Lincoln.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared on the neck of Reika Kitsune with pink gems on the gold lightning bolts and pink crystal links from her merged Crystal Necklace of The Buddha along with a white and gold-accented Elemental Thunderbird Choker of Eternal Love on her neck.

Reika Kitsune: (Surprised) Lincoln, are these…?!

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means you're now part of my harem and my many future wives, Reika Kitsune, and of course, for the making out as a sign of saying welcome back.

Lincoln still had his massive arms wrapped around Reika Kitsune's waist, and he leaned down to her face and kissed her on the lips, but when she placed her hands on his massive pecs, Lincoln deepened the kiss and we all cheered for them. When Lincoln separated, Reika Kitsune had an atomic red blush on her face, hearts in her eyes, and her heart was beating like mad. Then, we went up to the eight girls, and when Lincoln saw the eight girls, he immediately recognized them. The eight girls are Otome Asakura, Yume Asakura, Sena Hitomi, Sae Nagumo, Kotori Shirakawa, Tsumire Shirakawa, Kanako Saeki, and Tomoko Morikawa from Circus Disk - Christmas Days -

Lincoln: Oh wow, it's Otome Asakura, Yume Asakura, Sena Hitomi, Sae Nagumo, Kotori Shirakawa, Tsumire Shirakawa, Kanako Saeki, and Tomoko Morikawa from Circus Disk - Christmas Days -.

Nicole: Thank goodness Reika saved them from Professor Stranglehold.

Lincoln: He was only after Burns, but they sure got scared upon seeing him. Are you girls okay?

Otome Asakura: Yes, we're okay, thanks to you.

Then, when Otome Asakura and the other seven girls saw who it was that saved them from Professor Stranglehold, their faces turned atomic red upon seeing the 18-year-old 8'9" tall, handsome hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair and large white wolf ears with rainbow markings on top of his head with large golden halo in the center with golden angel wings on the bottom side and four large orbiting golden rings on each corner behind his head, thick hair on his massive muscular forearms and beard stubble on his jawline, rainbow colored thunderbird with gold lightning bolt in its claws and the Ebonwu Squadron emblem on its chest emblazoned on his forehead and Third Eye with rainbow iris, rows of straight teeth with vampire fangs, Crest of Miracles on his massive right pec and golden lightning bolt cutie mark with the thunderbird and comic books surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle on his massive left pec, Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his massive, wider, and more muscular back, and on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, Dragon, Tiger, Vampire Bat, Werewolf, and Buffalo and a Rinnegan-like marking, and right below the Cutie Mark tattoo is a rainbow kanji with nine magatama and the symbols of the elements in between the kanji that said, "Lincoln Landon Loud, Almighty Champion and Emissary of Hinon, Almighty Master of The Elemental Forces, The Storms, The Cosmos, and The Universe, Master of Hero Personas and Many Powers, The Loud House's Man With A Plan, Voice of Reason, Golden-Hearted Brother of Many Siblings, Almighty Golden-Hearted Lover and Father of Many Kids, Almighty Golden-Hearted and Loving Son of Lynn Sr. and Rita Loud, Loving Grandson of Albert Loud and Samuel Loud, Almighty Golden-Hearted and Loving Future Husband, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family, Powerful Alpha Vampire-Werewolf-Cyborg Hybrid, Descendant of The Seventeenth Century Duke Lincoln McLoud of Loch Loud in Scotland, Destroyer of Morag McLaughlin and Many Evil Monsters and Many Evil Villains, Archenemy of Max Dillon Also Known as Electro and Comic Book Guy, True Immortal Hero and God, Destroyer and Slayer of Extremely Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry, Psychotic, Irredeemable Bastards and Tyrants, Talented Comic Book Writer and Video Gamer, Jack-Of-All-Trades, Brave Warrior of The Cosmos, Protector, Defender, and Savior of The Universe, Multiverse, and Beyond, Master of The Powers of Friendship and The Elements, Master of The Fury of Celestial Xelnaga, Master of The Black Gates, Ultimate Force of Ultimate Good, Great God of Friendship, Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust, Ambassador and Beacon of Hope to The Universe, Savior of The Loud House and Michigan, True Immortal Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of Many of Team Loud Phoenix Storm's Branch Teams, Spice Demon of The Loud Family, Surfer of The Legendary Wave Humungadunga, Third-In-Command, Strategist, And Founder of Team Loud Phoenix Storm, Emissary of The Cosmos and The Heavens, Ambassador of Harmony, Friendship, Purity, Hope, Courage, and Love, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms and Warriors of Japan, Fearsome Defender of His Many Guardian Angels, and Destroyer of The House of Damaskinos, and Master of Elemental

Otome Asakura: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Lincoln made seven clones of himself, and he and his clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the thick muscular necks of Lincoln and his clones, and we cheered wildly at the scene, and he slowly bit them and he fed on their blood, and we saw his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails. He then slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them.

Yume Asakura: (Seductively and rubs her hands on Lincoln's massive pecs) You too, big, tall, muscular, and handsome.

Suddenly, eight Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Otome Asakura, Yume Asakura, Sena Hitomi, Sae Nagumo, Kotori Shirakawa, Tsumire Shirakawa, Kanako Saeki, and Tomoko Morikawa with colored gems embedded in the lightning bolt links and colored crystal links from their merged Crystal Necklaces of the Buddha along with white and gold accented Elemental Chokers of Eternal Love on their necks. We returned to The World Tree Estate and they were shocked to find out the villain we went after was Professor Stranglehold, Homer Simpson's 1st of several hypothetical Akuma forms.

But, when Lincoln showed what we did in beating Professor Stranglehold down and Lincoln blasted him and sent the Akuma to The Masters of Evil, everyone cheered and they went up to us and hugged us and Lincoln's harem kissed him on the lips. Lincoln and Reika Kitsune have a lot of catching up to do, now that she's back in town.

Maria: Whoa, I didn't expect to see Homer's 1st of several hypothetical Akuma forms in Plymouth.

Lincoln: Same here, but he sure was tough alright.

Nico: Especially with those tentacles of his, yikes!

Me: And he was going to use them to strangle Burns! Next time, if we have a Simulator mission, we'll unleash him on that bitter old vulture.

---

After taking down Professor Stranglehold in Plymouth, we were training intensely in the gym, doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we were also doing 900,000,000,000,000 reps of tail bicep curls to get our eleven massive and long wolf tails even more stronger than ever as well, and when Amaya Nightshade and Reika Kitsune saw Lincoln doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, they had an atomic red blush on their faces, hearts in their eyes, and their noses were bleeding.

Amaya Nightshade: My God, I was right that Lincoln's really grown into a 18-year-old, 8'9" tall, really big, handsome, sexy, and extremely super strong manly man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs really hard at work, and really working out with those 900,000,000,000,000-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan, and he's also doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, and he now looks even more ripped than ever.

Reika Kitsune: He's definitely been continuing on bodybuilding and working out even more for many years, and because of that along with the combination of his diet plan that we gave him, along with his hyperpuberty and genes, he'd gained the powerful and massive body that all bodybuilders could only dream of. If anyone tried to mess with him now, they were in for a world of hurt and trouble, and he's always been there to defend and protect us from Chandler, his goons, Pablo, Anderson, and Hawk and Hank at school or out in public, and he was also quick to defend us from Lori, Lynn, Lola, Lisa, and Luan if they get out of search control again, along with Killjoy Huggins.

Lincoln: Yep, and I've also trained a lot under a lot of very powerful teachers, J.D. and Nico included, girls, and I can still defend myself, and in addition to getting stronger and bigger in muscle mass, I've also gotten smarter as well.

Amaya Nightshade: That's incredible, and we'd already known just how strong you were long ago ever since you did some wrestling and working out with some of the other Guardian Angels long ago, and we're so proud of just how much stronger you've gotten, and just how much taller you've gotten, along with getting that much bigger in muscle mass, and you've also been getting smarter as well.

Nico: You got that right, plus, we heard all of the stories from Lincoln about you girls and about how you all helped him in his training to become an emerging hero before Team Loud Phoenix Storm was formed, and how he grew from the little boy from years ago into the really big, really strong, and really powerful man we know today.

Reika Kitsune: I knew it was only a matter of time before he told everyone that story.

And when Tracey Mink and the rest of my harem saw me doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear my mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get my eleven massive and long rainbow wolf tails even more stronger than ever, they had an atomic red blush on their faces, hearts in their eyes, and their noses were bleeding.

Suddenly, the alarm went off, and when Lincoln checked the computer, he saw who it was that had triggered the alarm: it was a massive towering male who was tall at 9'8" in height with black hair and he had really abnormally massive and powerful upper and lower body muscles and eight-pack abs, he was only wearing red prison jumpsuit pants, and he was out for blood.

Me: OH GOD! Not him!

Nico: You know this asshole, J.D.?!

Me: Unfortunately, I do. That's Ramon Garcia, he was a thug whom I had the displeasure of knowing, he caused tons of havoc by using brute force and he viciously thrashed tons of innocent people all over the place. I took him down years ago and got him sent to death row, but I found out that he'd been taken to a secret laboratory.

Becky Long: Oh God, I remember that lab. I heard from FBI agents the scientists were experimenting on the inmates by administering a very potent muscle growth serum they were creating in order to turn soldiers into super soldiers for world domination. The lab was shut down and the scientists were all sentenced to death, but it looks like every last drop of the muscle growth serum was devoured by Ramon Garcia, and he's come back for revenge on you.

Nico: Let's get him.

We flew out of The World Tree Estate and Lincoln and I fired massive energy blasts at Ramon Garcia, but he survived it, and he roared and beat his chest like a gorilla as he saw us.

Me: He survived the assault, damn, he's tough.

Lincoln fired vacuum tubes from his chest which latched onto Ramon Garcia's chest, and then, the vacuum tubes literally began sucking Ramon Garcia dry of all his massive excessive muscle mass, excessive virility, and excessive superhuman physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings and medium sized white angel wings underneath with aurora and orange tips spread out and his halo glowed and he began growing even stronger.

Lincoln: (GROWLS)

When he was done, the vacuum tubes detached themselves from Ramon Garcia's chest and they went back into Lincoln, and Ramon Garcia was now completely short and thin as a rake drained of muscle mass and virility and Lincoln fired a blast of red energy and destroyed him and sent him to The Black Gates and we returned home and continued working out.

Me: That's it for that asshole thug.

Lincoln: He was really that crazy, he was out to destroy you for what happened years ago.

Helena Knudson: J.D. did the right thing sending him to prison, but those mad scientist assholes had some nerve using him for their experiments.

Sophia Knudson: Yep, but Lincoln took care of that asshole by sucking him dry of all his massive excessive muscle mass, excessive virility, and excessive superhuman physical strength.

Marlene Knudson: And sent him to The Black Gates, serves him right.

Me: You said a mouthful, what a jerk.

Luna: That guy was brainless like Dark Lynn, always relying on brute force, but in the end, it cost him his life.

Nico: Next time, if any more of those thugs show up, we'll leave them to Lincoln to absorb them.

Amara Roshansa: You said it.

We got a shower, and then, Lincoln, Simulator Princess Ting-Ting, Simulator Princess Mei, Simulator Princess Su, and Simulator Malina are heading to Seaside Hill.

Lincoln snapped his fingers, and the white-haired, 8'9", handsome and extremely muscular man had on his new large orange and black speedo with a Thunderbird and a lightning bolt surrounded by elemental forces and stars on it with rainbow flames coming off the speedo, orange sandals, his jewelry and accessories, and he had his weapons holstered in case of trouble.

And Simulator Princess Ting-Ting, Simulator Princess Mei, Simulator Princess Su, and Simulator Malina are dressed in two-piece colored bikinis The Musiqidandi Sisters made for them, colored sandals, and they had their weapons holstered in case of trouble. Plus, we found out Simulator Princess Ting-Ting, Simulator Princess Mei, Simulator Princess Su, and Simulator Malina all had feelings for Lincoln, and he also had feelings for them, and he also saved them all from an ambush by a group of musclebound thugs Flip hired to kill them, Lincoln sucked out their muscle mass, virility, strength, blood, and life energy as it killed them all which made that mutant cheapskate go insane with anger, until Lincoln fired energy blasts at her and more gold and jewels and treasures came out of him, but they also got to keep their heads up, they got word that mutant cheapskate has sent more muscle-bound thugs to kill them.

Simulator Princess Mei: Wow, so this is Seaside Hill. It sure is beautiful.

Lincoln: It sure is, Mei, and it's perfect for our first date. Shall we?

Lincoln, Simulator Princess Ting-Ting, Simulator Princess Mei, Simulator Princess Su, and Simulator Malina dived into the waters and they had fun swimming and they even saw the marine life there. Then, they went back to the beach and they had an awesome volleyball game, and Simulator Princess Ting-Ting, Simulator Princess Mei, Simulator Princess Su, and Simulator Malina got an extremely massive and deep atomic red blush on their faces when they saw Lincoln lift thirteen massive 900,000,000,000,000-lb barbells Lincoln summoned in his large and strong hands and thirteen massive and long white wolf tails, and they were really swooning over him.

But then, they saw the hulking muscle-bound thugs that Flip hired coming after them, but Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he also grew even stronger. When Lincoln was done, the vacuum tubes detached themselves from the chests of the thugs and went back into Lincoln, and the thugs were now dead from blood loss and thin as a rake and he absorbed them.

Lincoln: Nice try, you stupid mutant!

Then, they had some lunch, and then, as the sun was about to set, Lincoln made clones of himself and he and his clones went up to Simulator Princess Ting-Ting, Simulator Princess Mei, Simulator Princess Su, and Simulator Malina and they hugged the girls in their abnormally massive and powerful muscular arms and Simulator Princess Ting-Ting, Simulator Princess Mei, Simulator Princess Su, and Simulator Malina placed their hands on the massive pecs of Lincoln and his clones and wrapped their tails around their waists.

And then, they shared a passionate and romantic kiss and Lincoln slowly sank his fangs into Simulator Princess Ting-Ting, Simulator Princess Mei, Simulator Princess Su, and Simulator Malina and fed on their blood, and his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings and medium-sized white angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white tails with rainbow tips and rainbow markings.

He slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them. They came back home to The World Tree Estate, and Nico and I saw Lincoln covered in kisses on his face, body, and eight-pack abs.

Me: (Whistles) Wow, it looks like you really had a good time at Seaside Hill, eh, Lincoln?

Lincoln: (In Heaven) It… was… so… AWESOME!

Suddenly, four Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Simulator Princess Ting-Ting, Simulator Princess Mei, Simulator Princess Su, and Simulator Malina with colored gems on the gold lightning bolts and colored crystal links from their merged Crystal Necklaces of The Buddha and white and gold-accented Elemental Thunderbird Chokers of Eternal Love on their necks.

Lily the Mermaid: Wow, now Simulator Princess Ting-Ting, Simulator Princess Mei, Simulator Princess Su, and Simulator Malina are in your harem, Linky.

Simulator Princess Ting-Ting, Simulator Princess Mei, Simulator Princess Su, and Simulator Malina showed the marks Lincoln made on the right sides of their necks.

Jenna: And Flip had some nerve trying to kill them, that mutant is just making things much worse for himself.

Serena Logan: I always knew that stupid mutant was and always will be nothing but fucking trouble, and he's just making things worse for himself.

Rarity: And trying to kill Simulator Princess Ting-Ting, Simulator Princess Mei, Simulator Princess Su, and Simulator Malina, now that repulsive ape is really going to get it.

Lincoln: And we also had a run-in with more of the hulking muscle-bound hired thugs he sent to kill us yet again, but I sucked out their muscle mass, strength, and virility and I killed them all and sent them to The Black Gates, and that dumb mutant should be screaming with pure vengeance and hate at us in 3… 2… 1!

Suddenly, we heard Flip scream and bellow with extreme hatred and rage and cursing right at us, and now, he's officially lost his mind.

Maria: (Flips Flip the middle finger) Yeah, up yours, you mutant three-butt-cheeked cheapskate!

Nico: Even after we kicked Flip's miserable hide, that mutant still refuses to quit!

Lincoln: Same with Lewis Travolta, Dark Amy, Icky Vicky, Billy

McLean, Pablo, Anderson, and the other jerks at Dad's restaurant, but it's much more fun to see their thugs get killed by me.

Eli: It sure is, and it's so much more fun seeing them blow their stacks!

We then saw Lincoln form a viewing window, and then, Lincoln snapped his fingers.

SNAPS FINGERS!

We saw a massive funnel appeared in Flip's mouth, and then, massive cartons of the extremely powerful laxatives that Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta appeared over the funnel.

Eli: (GASPS) ARE THOSE…?!

Nico: The extremely powerful laxatives Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta?!

Luna: DO IT, BRO!

Then, the extremely powerful laxatives were dumped into Flip's mouth and the funnel was removed. Then, Flip's stomach gurgled and rumbled, and then… !

MASSIVELY LOUD AND EXTREMELY WET FART!

Flip farted and massive tons of gold, jewels, gems, and other currencies exploded out of his three butt-cheeks like crazy!

Flip stopped farting like crazy.

Lincoln: That's for trying to get your musclebound thugs to murder me and the girls in my harem, you stupid mutant cheapskate!

Nico: Jeez. Those laxatives are really powerful, I still remember when you tried that prank on me years ago, Connor, but that failed.

Eli: Because of you using Walker's powers.

Connor Chan: Now, Flip's really pissing me off now, if he does this again, I'm gonna shove a grenade down his throat!

Nico: Connor, I know you're angry, but we're saving it for December 1st when we kill him, Icky Vicky, and Xehanort. Now, don't even think of getting into the weapons room or I'm telling Dad!

Connor Chan: Tattle tale.

---

Later it was time for another awesome Super Mario Odyssey adventure.

Nico: Next is Lake Kingdom for round 2.

Me: Awesome!

Raiden: Me and Mollie will go next.

Nico: All righty.

They went in and the simulator activated and they were at Lake Kingdom!

Mollie: Wow! Lake Kingdom is beautiful!

Raiden: It sure is.

Nico: Any tips Nicole?

Nicole: Well no bosses coming for the remainder of Lake Kingdom so I've improvised for these 2 rounds.

Nico: What do you mean?

Nicole: I've put in some some surprise boss fights for the rounds in the kingdoms that don't have boss battles.

Nico: Oh I get it! Like your own boss battles.

Nicole: Exactly.

Mollie: I wonder who we'lre facing.

Raiden: It'll be good.

Nico: Lets roll then.

They were off.

Raiden: I do wonder who we are about to face here

Nico: We're going to find out.

They got to the terrace at the end and then out of a burst of confetti came THE FLIM-FLAM BROTHERS!

Flim: Hey guys!

Flam: Looking great today!

Nico: Flim and Flam!?

Eddy: (LAUGHS) My two Scam Artist reminders!

Mollie: We're facing you guys?

Flim: Yep that's right!

Flam: And we got some tricks of our own.

Nico: Bring it on!

They fired rays of riches from their foreheads!

They dodged them!

Nico: WHOA!

Eddy: Wow! They know the Ray of Riches!? I invented that move myself!

Nico: How did you guys do that?

Flam: Vypra gave us a bunch of new features to show our greed.

We are in every way like Eddy as he said.

Nico: Too true.

Mollie: That is really true!

Raiden: Impressive.

?: (ECHOING) MUD BALL!

Then a huge ball of mud flew in and then…

KRASPLAT!

It hit the Flim-Flam Brothers and innundated them all over in gross mud!

Nico: What the!?

Out came MUDFRIGIMON and with it was a girl with purple hair, blue eyes and purple clothes and purple angel wings and had a tiara with a symbol of Blade Man on it and had a powerful sword in her hands.

Catarina Blade: Catarina Blade - Embodiment of Blade Man.

Raiden: My prized pupil. Great to see you.

Mollie: Wow! Awesome to see you again Catarina.

Catarina Blade: Master Raiden! (Bows) Great to see you again sensei. And Mollie you are looking awesome! Still holding on to the cannonball record?

Mollie: I sure am.

Catarina Blade: Awesome!

MudFrigimon: (In a girls voice) And that mud is just for starters.

Nico: Miranda Mudstorm Frigi!? Whoa!

MudFrigimon: Been a while Nico.

Nico: Lets get them!

Nico: (gets out Candle Jack and Fault Zone's Ridewatches) Time for these candles to rock your world!

He activated them and fired waves of fire and rock and smashed them.

Raiden and Mollie fired waves of lightning and electrocuted them!

MudFrigimon jumped into the air and she spun around and reverted back and was a girl with brown hair and brown eyes, brown clothes and brown angel wings and they were dripping with mud and she had MudFrigimon in the middle of her forehead and on her skirt and had a mud sword.

Miranda Mudstorm Frigi: Now you'll see why they call me Mudstorm! (ECHOING) MUDBALL WING!

She fired a bunch of Mud balls from her wings and they hit the Flim Flam Brothers and splattered them all over in mud! Catarina fired waves of lightning and blasted them. They waved the white flag of surrender.

Nico: Nice one!

They high five!

Mollie: Where are our rewards?

Pink Power Moons went into them.

Nico: That's better.

Lana: Wait a second! I remember Miranda Mudstorm Frigi! She's the famous world champion in mud wrestling! AWESOME! She is one of my heroes!

Eli: Cool Lana!

Nico: That is cool.

Raiden: Do you have any favorite memories of Nico?

Miranda Mudstorm Frigi: Just when me and Nico wrestled numerous thugs in my own turf and that was a mud pit and we made sure they were covered in filth.

Nico: That was awesome.

Miranda and Nico hugged.

Nico: I've missed you.

Miranda Mudstorm Frigi: Same here

Nico: How did you meet Raiden and Mollie?

Catarina Blade: I met Raiden at the Temple of the Order of Light and he taught me many moves in martial arts. He was my sensei like I said.

Raiden: She trained very diligently under me and learned really well.

Catarina Blade: That's right. I met Mollie during a dodgeball game and demonstrated numerous skills and defended Mollie and Girl Jordan from Lynn's middle school.

Mollie: She is just as good at dodgeball as J.D. and Kick Buttkowski.

Nico: I'll have to see that someday.

Catarina Blade: Yep.

Nico: Would you two like to join the team?

Miranda Mudstorm Frigi: We would be honored.

They left the simulator and we cheered wildly for them and it was awesome.

We were busy watching TV, and many of us were doing work-outs to continue staying in tip-top shape, especially Lincoln doing 900,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls,

leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever and he was sweating like crazy.

Lincoln: We don't have long before the main mission starts, so I still got to keep myself busy.

Me: That's true, and we're also doing work-outs just like you, Lincoln.

Nico: Yep.

Then, we saw Lincoln deadlift a massive twenty-five-ton barbell with ease, and we were stunned.

Eli: Whoa!

And of course, the constant workouts that Lincoln has been doing had also caused his harem to get massive atomic red blushes on their faces, hearts in their eyes, and their noses were really bleeding upon seeing their hotter, sexier hunk of a future husband.

Lily the Mermaid: (Turned On) My God, Linky truly is one hunky muscle god.

Girl Jordan: (Turned On) Big time.

We finished our workouts, and Lincoln sprayed us with water and soap and we were all clean. Then, his harem kissed him on his face and steam whistled out of his ears and his face turned atomic red.

I was sitting on the couch and so was Sunny. We were watching TV and Sunny was eating a Salmon Banana Split sundae covered ice cream, Brussels Sprouts, Chocolate Sauce and cherries! YUCK!

Me: How you feeling Sunny?

Sunny Starscout: Heavy but I'll make it.

Me: Okay.

POW!

Sunny Starscout: OOF! Man.

Lincoln: They sure are kicking aren't they?

Sunny Starscout: They sure are.

Poromon: Have fun working out, Lincoln. We're visiting Anur Phaetos.

Lincoln: Okay.

Dora Santiago: Me and Zs'Skayr will show them around.

Nico: Okay. Good idea. Have fun guys.

They teleported there.

They arrived at Zs'Skayr's home planet, Anur Phaetos.

Zs'Skayr: Ah home.

Dora Santiago: Boy so this is Anur Phaetos.

Poromon: Just like we saw it last time.

Manaphy: Scary yet awesome.

Zs'Skayr: Yep.

Dora Santiago: I don't think I remember seeing this place before. So this is where my Ectonurite half originated.

Zs'Skayr: That's right. I'll show you around.

They walked around and it was amazing.

They saw Ectonurites cloaked.

Manaphy: They're all cloaked.

Dora Santiago: I remember that they are cloaked to protect themselves from ultraviolet radiation.

Zs'Skayr: That's right. We Ectonurites like vampires are very weak to light from the sun and it incinerates us.

Dora Santiago: Ouch. Good thing I'm human and can go out in the sun without any opposition.

Zs'Skayr: True. It's our true forms under the cloaks that are vulnerable to sunlight.

Poromon: Wow.

Zs'Skayr: Ben's form of my species is cloaked.

Poromon: Wow.

Dora Santiago: That is amazing.

Back on Earth, Sunny was getting a drink when suddenly…

Sunny: (SCREAMS)

WE GASPED!

We saw water on the floor and that can only mean one thing!

Me: Sunny! IS IT TIME!?

Qin: Oh man!

Nico: I hope the hospital is open on Thanksgiving!

Me: Lets go guys!

Nico: Lets get her there! Lets go lets go! Double time! Lets go!

We loaded her into Ratchet and we were off.

Back on Anur Phaetos, Dora and everyone heard Sunny!

Zs'Skayr: You guys hear that right?

Dora Santiago: That sounded like Sunny. (GASP) IT'S TIME!

Poromon: HER BABIES ARE COMING!

Zs'Skayr: Lets get back then!

They teleported back home!

At the hospital everyone went in and Sunny was taken to the delivery ward and Lincoln was with her.

We were waiting.

Dora and group arrived.

Poromon: Are the babies here?

Me: Sunny was rushed into the Delivery room now.

Poliwag: So, she's still giving birth!

Me: Yep.

They sat with us.

Sunny Starscout: (SCREAMS) LINCOLN THIS IS ALL YOUR FAULT! IF YOU GET ME PREGNANT AGAIN I WILL RIP YOUR TONGUE OUT AND SHOVE IT DOWN YOUR THROAT AND YOU WILL TASTE THE INSIDE OF YOUR COLON AND THEN I WILL RIP YOUR INTESTINES OUT AND MAKE YOU PEE IN NICO'S MOUTH WITH THEM!

WE GASPED!

Me: (GULPS)

Poromon: You got to love Labor Pains!

Me: Yep.

Xenia: Yeah.

Sunny kept screaming.

Me: GEEZ!

Nico: Holy crap!

Camie: GEEZ! I hope she's not giving birth to an elephant! No offense Raj and Tusk.

Tusk: None taken.

Raj: (India Accent) None taken.

Nico: Boy Kakarot she screamed just as loud as you did when you go to the hospital.

Goku: (LAUGHS) Yeah that was like me before.

Me: I know Master Goku. You used to be really terrified of them before.

Goku: I know.

Vegeta: Specifically, it was needles. (to Goku) Hey, I'm just being specific!

Nico: Vegeta, Kakarot was afraid of hospitals in general for that reason.

Vegeta: I see.

Twilight Sparkle: She must know the Canterlot voice too like me, Princess Celestia and Luna do.

Me: She is a princess now. That is true.

Flurry Heart: I remember shattering the Crystal Heart when I was a baby like that. Oops.

Nico: Yeah.

Michael: Did you really?

Flurry Heart: I sure did. But that was before I grew up. I was a baby back then and my powers were strong for someone my age.

Cloud Star: We were the same way too.

Lilly Crystal: Yeah our magic was really strong back then too.

Michael: Is that voice really loud?

Nico: Only to people who anger them.

Me: It's true. It sounds like someone yelling into 20 megaphones connected to each other and turned on maximum volume.

Nico: Okay that is overkill. Sounds more like an air horn.

Me: Yeah.

Flurry Heart: Yeah.

The screaming stopped.

Nico: It stopped.

Me: Yep.

Sunny and Lincoln came out and they were holding 3 baby girls and they had Sunny's Magenta hair with rainbow streaks in it and had Lincoln's blue eyes.

Me: Oh Sunny, Lincoln they are so adorable.

Lincoln: Yeah. Meet our daughters.

Sunny Starscout: (Tired) These are Celestia Starscout, Luna Starscout and Twilight Sparkle Starscout. We named them in honor of the princesses of Equestria.

Princess Celestia: We are truly honored Sunny.

Princess Luna: It is a most amazing honor.

Twilight Sparkle: Wow Sunny I am so honored.

Me: Congratulations Sunny. And you too Lincoln.

But then we saw an Ethereal horn and wings appear on their backs and heads.

We gasped!

Me: They have intensely strong Alicorn powers.

Flurry Heart: Whoa! They were all born Alicorns like me and my sisters.

Me: I know.

We got a picture and it was awesome.

---

Later we went back home and had Sunny put in the nursery to rest.

May: Nico, which Gene Slammer do you think you'll meet next?

Nico: Shield Sheldon next.

Me: Ooh Clammy!

We laughed!

Qin: (LAUGHS) Good one!

Laney: Yeah!

Luan: (LAUGHS) That was a good one!

Eddy: (LAUGHS) Funny!

Patrick: I don't get it.

SpongeBob: It's because Shield Sheldon is a clam robot.

Patrick: Oh.

Rolf: I hope she likes Bobo.

He pulled out a giant clam.

Edd: Is that a giant clam?

Me: Yep.

DING

Me: Oh the turkey is done.

Poromon: OH BOY!

Me: We still have the preparations.

We got everything ready.

We were watching Football games, the Macy's Thanksgiving Day Parade and preparing the meal.

Poliwag: What can possibly go wrong now.

Poromon: Oh right guys!

Mascots: HAPPY THANKSGIVING EVERYONE!

Nico: Same to you too.

Me: Same here.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and he had a vision, and he saw who it was that we're going to confront today: it was an army of mutant turkeys, and they're running amok in the city. When we saw it, we knew it meant trouble.

Lincoln: Oh boy.

Lincoln sounded the alarm.

Nico: We heard the alarm, what's wrong, Lincoln?

Lincoln: Nico, everyone, we've got a seriously huge emergency, and I hope you guys are ready for another Thanksgiving feast: I just had a vision and I saw who it was that we're going to confront today, it's none other than an army of mutant turkeys, and they're running amok in the city.

WE GASPED!

Nico: Whoa, first, we dealt with the Turkie clone, now we got mutant turkeys running amok?! Oh man, we're so going to turn them into flame roasted turkeys and turn them into more Thanksgiving dinners!

Me: Just like what Lincoln did to the Turkie clone.

Lynn Sr.: Hope the oven's big enough for all of them!

Lincoln: No need, Dad. I've already got a hankering for flame roasted turkeys on a spit.

Nico: Now, that's going to be good. Alright, team, let's head out and take care of those mutant birds.

Me and Lincoln: And roast them on a spit.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and the rainbow colored iris of Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lynn Sr., and Rita's Third Eye, and everyone else's Third Eye glowed even more and our rainbow energy auras, rainbow protective auras, and rainbow fire auras flared up even more, as they sensed dark energy signals with their eyes and the Force, and they saw who the figure was in the vision: the figure is none other than the feral animal Packing Day version of Lily, and that rampaging animal is coming after us to pummel us with snowballs. When we saw it, we knew it meant trouble.

Lincoln: Uh oh.

Rayman: I can guess that we got big trouble heading our way. Lincoln, who was it that you saw?

Lincoln: You guessed it, Rayman, and this is something none of us are going to like in the slightest. The figure we sensed belongs to the feral animal Packing Day version of Lily, and that rampaging animal is coming after us to pummel us with snowballs.

Me: Uh oh, what does she look like?

Lincoln took out his sketchbook and we saw Lily's feral animal Packing Day version, she looked like her on Packing Day, but with long wild unkempt blonde hair, she has on a lavender coat with the sleeves torn off, lavender pants, and black boots, and she was on all fours.

Lily: (SHRIEKS) That version of me is nothing more than an uncivilized beast!

MONSTROUSLY MEGA LOUD BELCH!

Me: Along with having Lynn's monstrous side on Packing Day.

Serena Logan: We'll be ready for her, we've dealt with Lynn on Packing Day before, this won't be any different.

Nico: Oh, this is gonna end badly for her. Alright, gang, let's go, we're heading out to turn those mutant turkeys into Thanksgiving dinners for everyone.

Lincoln: This is going to be one awesome Thanksgiving battle, and once we get done with them, you're next, you monstrous beast.

Serena Logan: We knew this day was coming, but we've been through a lot worse with Lynn on Packing Day, but either way, we're stopping you dead in your tracks.

Lincoln put up a rainbow energy field around The World Tree Estate and all of us headed out to turn those mutant turkeys into Thanksgiving dinners for everyone, and once we get done with them, Lincoln and Serena Logan along with me are going to destroy the feral animal Packing Day version of Lily.

Me: Lets get moving then.

Lynn Sr.: I'll keep everything warm for you all.

Me: Thanks Mr. Lynn. By the time we're done here we're going to have MORE than enough Thanksgiving turkey dinners for EVERYONE

We were off.

Poromon: Wait. Maybe only me, Poliwag, Horsea, Manaphy, Sydney, Nanette, Sheila, Qin, Georgina, Kendra, Rice, and Maxxine should go out there.

Nico: Dare I ask why?

Poromon: Well, you guys need to help keep everything prepared. And it's just mindless mutant turkeys anyway.

Me: Well if that's what you guys want to do then we won't stop you.

Nico: Yeah.

Lincoln: Me and my harem will go too. Can't let the techniques we have go to waste on that.

Me: Don't worry guys we won't eat all the turkey.

Lincoln: That's okay. By the time this is over there will MANY MORE turkeys for us to eat.

Nico: Nice!

They were off!

They saw the turkeys attacking!

Poromon: There they are!

Just then, one of the mutant turkeys approached them with a device on its' chest. The device produced a hologram of Lord Zedd.

Manaphy: Zedd!

Lincoln: ZEDD! I should have known!

Zedd: Hello, Team Loud Phoenix Storm. If you're watching this, then

3 things probably happened. You fools foiled my plans, killed my minions, and oh yeah. You also defeated me and Master Vilgax!

Poliwag: Technically, it was Vilgax who killed you in an act of betrayal.

Horsea: He can't hear us. This is probably a recording set before we went to foil his plans.

Lincoln: He's a hologram.

Zedd: But who cares about that? You just need to worry about this contingency I made to destroy you in case I was foiled. Oh and Happy Thanksgiving, Team Loud Phoenix Storm! (laughs evilly)

The Hologram of Zedd vanished.

They fired waves of fire and blasted the turkeys all over!

Poromon charged at them!

Poromon: (ECHOING) LIGHTNING JAVELIN!

He fired waves of lightning and blasted the turkeys and deep fried them!

Lincoln fired waves of lightning and Girl Jordan and Mollie fired waves of solar fire and lightning and electrocuted and burned the turkeys!

Manaphy charged at them and blasted the turkeys all over.

Lincoln's Guardian Angels blasted and smashed and burned the turkeys.

Horsea and Poliwag blasted the turkeys too!

Poliwag: Take that turkeys!

Horsea: Hope you like being deep fried!

Poliwag charged at them and blasted them all over.

Nanette blasted them with lightning.

Qin and Georgina fired waves of fire and rock and smashed and burned them.

Horsea charged at them.

Horsea fired waves of energy blasts and blasted them.

Qin: Take that!

Qin fired waves of fire and blasted them.

Georgina charged at them and formed her fist into a boulder and bashed the turkeys all over.

Georgina: Take that turkey faces!

Qin fired fireballs and blasted them all over.

Sydney fired ice blasts and froze them.

Sydney: My favorite. Turkey on ice!

Kendra charged at them and fired waves of fireballs and blasted the turkeys all over.

Nanette fired waves of lightning and blasted them.

Sheila fired waves of wind and blew them around in a tornado.

Rice fired waves of water.

Maxxine fired waves of darkness and the blasts hit the turkeys all over.

?: Need some help?

Hiroyuki and Joey Felt landed beside them.

Sheila: Hiroyuki and Joey!

Joey: Looks like you guys had a lot of turkeys to take care of!

Hiroyuki: Lets go! TAIGA! BUDDY UP!

He turned into ULTRAMAN TAIGA!

Poromon: AWESOME!

They blasted the Turkeys left and right.

Rice charged at them and blasted the Turkeys all over!

Joey Felt: By the way I heard that Sunny got new children! Congratulations to her!

Atomic Puppet: We're so happy for her!

Rice: We are too guys!

Maxxine charged at them and fired waves of light and blasted the turkeys all over!

Joey fired waves of energy and blasted the Turkeys!

Sheila fired energy waves and blasted them.

Sydney charged at them and fired waves of energy and repulsor blasts and blasted the Turkeys all over!

Sydney: Ultimate Alliance Iron Man made me Repulsor blaster armbands.

Nanette: Cool!

Nanette charged at them and fired waves of lightning and deep fried the turkeys all over.

Qin: TAKE THAT!

Then shadow clones of all of us came!

Me: WHOA! You guys are doing great!

Nanette: WHOA! But…

Me: Shadow clones of us.

Sheila charged at them.

She fired waves of energy and blasted the turkeys.

Me: YEAH! Get them!

Nico: Take that!

Lincoln: YEAH!

We blasted and fried them.

Sydney: The turkeys were a contingency plan made by Zedd and Vilgax.

WE GASPED!

Qin charged at them and blasted the turkeys with fire and blasted them into roast turkeys.

Me: Zedd just doesn't know how to accept defeat!

Camie: What a clod!

Hiroyuki: That jerkwad!

Nico: Time for some Thanksgiving Turkey power!

Lincoln and the girls fired waves of energy and elements that transformed into the foods of Thanksgiving that slammed into the mutant turkeys and exploded.

Lincoln and his harem: THANKSGIVING FINAL SMASH: TURKEY ROAST!

They fired massive blasts of fire that roasted the mutant turkeys and turned them into roast turkeys.

Me: Whoa!

Eli: We're gonna have quite a time delivering these roast turkeys to everyone here.

We began delivering the roast turkeys to everyone in the city and the world, and they were going to be enjoying Thanksgiving.

Nico: That was really awesome, we took down those mutant turkeys and turned them into roast turkey dinners which we delivered to everyone in the city and the world.

Lincoln: You got that right. Now, there's one last thing to do and one last loose end to tie up: the feral animal Packing Day version of Lily. Everyone, keep your eyes peeled.

Suddenly, in Feral Monster Lily's point of view as she hides in some trees, she moved the trees aside and was watching us menacingly as she was breathing, snorting, and grunting heavily, then, she pushed the trees back. Then, back to us.

MONSTROUSLY MEGA LOUD BELCH!

Suddenly, the twelve large planets orbiting around my legs, the twelve large planets orbiting around Lincoln's legs, the twelve large planets orbiting around the Loud Sisters' legs, the twelve large planets orbiting around Nico's legs, the eight large orange orbs orbiting Linka's legs the nine large orange orbs orbiting around TLPS Ms. Tarantula's legs, the ten multi-colored orbs orbiting around Duke Lincoln's legs, the eleven colored orbs orbiting around the Loud Sisters' legs, the eleven colored orbs orbiting around the legs of The Loud's friends, the eight large dark blue orbs orbiting around Ed Cowart's legs, the nine large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the nine large crimson red orbs orbiting around Naruto's legs, the eight large crimson red orbs orbiting around Tahu, Vakama, and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lars and Dudley Puppy's legs, the eight large pink orbs orbiting around Lexx Loud's legs, the nine large rose pink orbs orbiting around Steven Universe's legs, the nine large green orbs orbiting around Lynn Sr.'s legs, the nine emerald green orbs orbiting around Yakko Warner's legs, the nine large sapphire blue orbs orbiting around Wakko Warner's legs, the nine large hot pink orbs orbiting around Dot Warner's legs, the nine and eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eleven large scarlet red orbs orbiting around Lynn Jr.'s legs, the eleven coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the nine large aqua blue orbs orbiting around TLPS Mr. Shark's legs, the eight large blue orbs orbiting around Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Loni Loud's legs, the nine large yellow orbs orbiting around TLPS Mr. Snake's legs, the eight large yellow orbs orbiting around Lane Loud's legs, the eight large brown orbs orbiting around Larry Loud's legs, the eight large light green orbs orbiting around Levi Loud's legs, the eight large lavender orbs orbiting around Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago's legs, the eleven large colored orbs orbiting around Twilight Sparkle and her friends, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eleven large aqua blue orbs orbiting around Girl Jordan's legs, the eleven large colored orbs orbiting around Timmy Turner's legs, the eleven large gold orbs orbiting around Alex the Lion and the eight large gold orbs orbiting around Takanuva's legs, the nine large pink orbs orbiting around Rita's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our large gold Bracers of The Champions of the Universe and the Stones of Gelel that were embedded in the backs of our left hands and our gold halos with four orbiting gold rings surrounding the corners behind our heads were glowing, and that means we've got big trouble incoming, and the imps of The Fabled Gene-Slammers were already hissing with anger.

Lucy: She's here…

Then, we saw snowballs heading our way.

Nico: INCOMING SNOWBALLS!

Lincoln formed a massive indestructible diamond barrier infused with fire that protected all of us from the barrage of snowballs that came from nowhere and hit the barrier, but it stood strong and the fire melted the snowballs into water.

Lincoln: (Catches the scent) There's no mistaking the stench of B.O. from anywhere, come on out now, feral animal Packing Day version of Lily, or we're going to force you out.

A figure came out on all fours growling like a dog, it was the feral animal Packing Day version of Lily.

Nico: That's the feral animal Packing Day version of Lily?!

Me: Yikes! She looks like a total monster!

Feral Animal Packing Day Lisa: (ROARS)

Lily's feral animal Packing Day self charged at Lincoln, but he punched her hard and she flew right into a wall, she got back up, but she roared and beat her chest like a gorilla: SHE WAS PISSED!

Serena Logan: Oh, roar yourself, you four-legged monstrosity.

Suddenly, Serena Logan's red eyes turned neon red and she was surrounded by a red and orange energy aura with stars, fire, flames, phoenixes, and angels, she unholstered her massive greatsword from her back, and as she approached the feral animal Packing Day version of Lily, she left red and orange energy, stars, fire, flames, phoenixes, and angels with every step.

Serena Logan: I shouldn't be surprised that you would show up, but I always knew you'd be coming because of the loud belches that Lynn let out when she goes psycho on Packing Day, but we've known you were coming and we're ready to take you and your feral team down!

Suddenly, Serena Logan was surrounded by a massive vortex of red and orange energy with stars, fire, and flames surrounding the vortex, there are phoenixes, angels, Pyrus Alpha Hydranoid and The God Phoenix of Apollo flying around the vortex, and in the vortex is a yellow phoenix with red eyes glaring at the feral animal Packing Day version of Lily: the red eyes of eternal death.

Me: WHOA! Incredible!

Nico: So awesome!

Lincoln: We've all seen what happens when Serena gets mad when she sees Scoots causing trouble, and now, the rest of the team's about to see it for themselves.

Then, as the vortex faded, Serena Logan emerged, but she was changed forever.

Serena Logan grew from 7'0" to 8'3" in height, she has large gold metal braces on her biceps and thighs, and she now has twelve large black and red planets orbiting around her legs, she has the body of a goddess, she has yellow highlights in the bangs of her long orange hair and she has a large golden halo in the center with golden angel wings on the bottom and four orbiting golden rings on each corner behind her head, she has neon red eyes and an orange and yellow energy aura with stars, fire, flames, phoenixes, and angels surrounding her and immense protective neon rainbow aura with all of the elements swirling around it, she has The God Phoenix of Apollo emblazoned on her forehead with red iris, she has on phoenix earrings with red gems for eyes and holding the Star, Fire, and Eternity Kanjis in their talons, she also has The God Phoenix of Apollo with red gems for eyes and holding the Star, Fire, and Eternity Kanjis in his talons for the second pendant on the bottom of her orange phoenix-shaped Element of Harmony, along with the gold Thunderbird pendant of her Elemental Thunderbird Necklace of Eternal Love necklace with yellow crystal links from her merged Crystal Necklace of the Buddha and orange gems embedded on the gold lightning bolt links, and she also has on a white and gold accented Elemental Thunderbird Choker Necklace of Eternal Love on her neck. Suddenly, Serena Logan felt a sharp pain on her back, and then, her massive orange angel wings with yellow tips on the large orange feathers grew much larger for her new body and medium sized orange angel wings with yellow tips grew and sprouted out underneath her massive orange angel wings and she also now has eleven massive and long midnight orange wolf tails with yellow tips and yellow markings, Serena Logan has on her Ring of the Phoenix with large orange gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire Corps ring on her left ring finger and Stone of Gelel embedded in her left hand.

Suddenly, Serena Logan's massive gold greatsword and all the greatswords and swords that she'd gotten began to merge together, and they were surrounded by a kaleidoscope of orange and yellow energy, stars, fire, flames, phoenixes, and angels, and when it emerged, it was transformed into Serena Logan's Cosmic Eternal Fire Inferno Firestorm God Phoenix of Apollo Phoenix God Angel Greatsword of Cosmic Eternal Fire Inferno Firestorm God Phoenix of Apollo Phoenix God Angel Justice, it's a brand-new massive greatsword with embedded yellow gems and The God Phoenix of Apollo and runes etched on the 7'9" massive, wide, double-edged midnight orange blade, large orange phoenix heads for the crossguard, large white angel faces built into both sides of the hilt and large orange gems embedded in their foreheads, longer midnight black handle, four large orange phoenix heads with yellow gems for eyes and on the bottom of the large orange phoenix heads is a large orange phoenix head with yellow gems for eyes and yellow gem in its mouth for the pommel, Serena Logan has on her brand-new large gold Bracers of The Champions of The Universe with large orange gems on her wrists and Dragon Ball Bracelet and wrist computer on her left Bracer, her large gold Belt of Elemental Bravery with a gold version of The God Phoenix of Apollo's head with yellow gems for eyes and yellow gem in its mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. Lincoln, Serena Logan, and I went after Lily's feral animal Packing Day self, and we fired extremely powerful blasts of rainbow energy, orange and yellow energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at Lily's feral animal Packing Day self, and they exploded with incredible power as they hit her.

Then, we attacked her with energy slashes from our massive greatswords leaving scars on him and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at her as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well and Serena Logan also did the same by firing orange and yellow energy slashes from her massive greatsword and she summoned Pyrus Alpha Hydranoid who fired fire blasts that hit her hard and she got burned, and he, Serena Logan, and I attacked her hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving Lily's feral animal Packing Day self even more madder and even more insane with rage as she let out another bellowing roar of rage.

Suddenly, Lily turned the tip of one of her eleven massive and long blonde wolf tails into Cell's stinger that opened up into a large sucker and she plunged it onto her feral animal Packing Day self's head and she was unable to fight back. Then, she sucked her into her body and absorbed her as the stinger changed back.

Suddenly, we felt Lily's power and energy rising astronomically, and then… !

SUDDENLY, AN EXTREMELY MASSIVE AND INCREDIBLY POWERFUL RAINBOW FIRE EXPLOSION BLASTED OUT OF LILY WITH INCREDIBLY DEVESTATING AND UNBELIEVABLE FORCE! THE EXPLOSION WAS SO INTENSELY POWERFUL THAT EVERYONE IN 900,000,000,000,000 UNIVERSES FELT IT, AND THEN, IT FORMED INTO A MASSIVE JET OF RAINBOW FIRE AND IT FLEW OUT OF THE INFINITELY VAST WEB OF GALAXIES AND FORMED INTO A POWERFUL RAINBOW FIRE MERMAID, RAINBOW FIRE SEA CREATURES, RAINBOW FIRE PHOENIX, AND RAINBOW FIRE ANGEL! Suddenly, Lily was surrounded by a massive vortex of rainbow energy with stars, water, and ocean waves surrounding it, there are mermaids and sea creatures swimming around the vortex and angels and phoenixes flying around the vortex, and in the vortex is a lavender phoenix!

We were really amazed by Lily's Super Angel-Mermaid-Sea Creature-God-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation, and when Carlitos saw her, he had an atomic red blush on his face, hearts in his eyes, and his nose was bleeding.

Lily: (Divine Echoing Godly Voice of The Divine Cosmic Eternal Harmony United Friendship Coventina Celtic Glowing Water Sea Storm Mermaid Phoenix God Angel and Divine Cosmic Eternal Harmony United Friendship Coventina Celtic Glowing Water Sea Storm Mermaid Phoenix God Angel Compassion) (GASPS) Now, I've also transformed, awesome!

Everyone cheered wildly for what Serena Logan, Lincoln, and I did as we holstered their massive greatswords on their backs and powered down and Serena Logan's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long orange wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, twelve large orange and yellow planets orbiting around her legs, and massive orange angel wings and medium sized orange angel wings underneath are permanent, and Lily's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long blonde wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, large twelve lavender planets orbiting around her legs, and massive blonde angel wings and medium sized blonde angel wings underneath are permanent.

Serena Logan: That's it for that animal. Thanks for helping me take down Lily's feral animal Packing Day self, Lincoln, you too, J.D.

Lincoln: (Smiles Warmly) You're welcome, Serena.

Me: My pleasure, Serena.

Suddenly, Serena Logan wrapped her arms around Lincoln's waist, as her chest pressed against Lincoln's massive pecs and her stomach pressed against his eight-pack abs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned down to Serena Logan's face, they kissed passionately as she moved her hands onto Lincoln's massive pecs, and behind them was a Thunderbird, Phoenix, Dragon, Tiger, Mermaid, Angel, Fairy, Succubus, Incubus, Windigo, Demon, and The God Phoenix of Apollo flying in the air, and we saw a herd of Buffalo and many animals running across the field and elemental forces and flames raging behind them and we cheered wildly. Then, Lincoln and Serena Logan sucked in and absorbed the elemental forces and flames and they came back to us as the display vanished.

Nico: My God. Guys, what we just saw, THAT WAS ONE AWESOME FIGHT!

Nico ran to me, Lincoln, and Serena Logan and hugged us.

Luna: No kidding dudes, you guys taught feral animal Packing Day version of Lily a lesson she'd never forget.

Luan: And Lily absorbed her and transformed and ascended just like Lincoln and J.D.

Me: You said it. So, Lincoln, who are we meeting on your rescue tomorrow?

Lincoln: I've got just the girl: Ausra Valencia, Avatar and Gene-Slammer of Hieratic Dragon of Asar.

Selene Emperyous: The powerhouse of The Order of The Hieratic Egyptian Duel Monsters, incredible, and you guys will love meeting her, Ausra Valencia is Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Nature. She's the Avatar and Gene-Slammer of Hieratic Dragon King of Asar, and she has powerful nature powers and her favorite Duel Monster was Hieratic Dragon King of Asar. She's also a powerful master and defender of Egypt's long history and she's the powerhouse of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades, who fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the order was tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Ausra and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Ausra would be the next one to train him in mastering the powers of nature. Lincoln made her a powerful nature greatsword, and to show her thanks, Ausra kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, the powerhouse and one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Me: Whoa. And I hadn't mentioned this before, but the Hieratic Duel Monsters are based on Egyptian hieroglyphs and the Ennead, a group of Egyptian gods in mythology.

Eli: And their logo is based on the Wedjat, the eye of Horus, and in addition to the Wedjat, if the Hieratic Duel Monsters' backgrounds have either The Sun or The Moon, they get the respective Wedjat - right for The Sun or left for The Moon.

Lincoln: That's right, and they also each have the powers of the Egyptian Gods of mythology: Arpina Apollonia has the powers of Ra, Amaya Nightshade has the powers of Atum, and Ausra Valencia has the powers of Osiris.

Nico: Wait, what?! That's awesome!

Qin: So, you girls are not only the Avatars and Gene-Slammers of The Hieratic Duel Monsters and the descendants of an ancient order who protected the world from the forces of The Shadow Realm 5,000 years ago, but you also have powers from the Egyptian Gods, that's really awesome!

Maria: It sure is, that's amazing!

Poliwag: We're back, guys!

Me: Glad you all WHOA!

WE SAW THEM WITH NUMEROUS TURKEYS ALL ROASTED AND COOKED!

Nico: HOLY MACKERAL!

Xenia: We're hungry!

Poromon: You know what I'm thankful for?

Me: What is it?

Poromon: I'm thankful for us being together as a family and making tons of new friends. And I'm thankful for us finally destroying Lord Zedd and Vilgax.

Me: So are we Poromon. So are we. HAPPY THANKSGIVING EVERYONE!

All of us: HAPPY THANKSGIVING!

We cheered and had awesome turkey and more. We ate them all until they were all bones.

Halifa the Hel, Nene (Digimon), Koichi (Digimon), AncientSphinxmon and Lilithmon and all the team and we were heading over to meet Hannah Thunderbolt Paine's parents. Nico was shaking like a leaf.

Me: It's going to be awesome meeting your mom and dad Hannah.

Hannah Thunderbolt Paine: You guys are going to love meeting my mom and dad. They are former athletes like me and are people that won in the Olympics. My mom was a figure skater for Russia and my dad was a Decathalon star for the U.S.A.

Nico: WOW! That explains why you are so good at sports.

Rainbow Dash: That really runs in your blood. So awesome!

Camie: It sure is!

Hannah Thunderbolt Paine: It sure is.

Ikki: This will be so awesome.

Vice: You got that right!

Nico: Ikki, Vice, I want to thank you, Princess Abi, Tsubaki, and your teams for coming

Ikki: No problem Nico. This is gonna be awesome!

Vice: It sure will be.

Halifa: I'm looking forward to this one.

Me: Me too.

Nico: Halifa, remember when we first met you?

Halifa: I sure do. It was back when J.D. and Luciana battled that huge octopus.

Me: That was awesome. It was the giant octopus from the 1955 movie It Came From Beneath the Sea and that was the big catch of the day.

Nico: That was awesome. We had a huge octopus lunch.

Qin: We sure did.

Me: That was awesome.

Halifa: It sure was.

Maria: It sure was tasty!

Me: Yeah it was!

Camie: Boy that must've been awesome.

Qin: It was.

Varie: Yep.

Me: Boy yesterday was awesome!

Laney: (BURPS) Oh pardon me. I'm stuffed!

Nico: Me too! That was an awesome meal!

Maria: I'm really proud of the mascots

Qin: Me too.

Me: I was really amazed that Joey and Hiroyuki came and helped out.

Nico: Me too. And Qin and the girls all did a great job.

Qin: Thanks Nico. It was fun.

Laney: I was shocked that it was all a contingency plan from Lord

Zedd.

Camie: Yeah no kidding

Nico: Of course, it was recorded before Vilgax literally stabbed Zedd in the back.

Qin: Yeah that was for sure.

Camie: I'm amazed there were so many of those turkeys.

Varie: Yeah no kidding. But they were tasty.

Nico: Don't forget the turkey we made out of Turkie.

Me: He was tasty too.

Qin: Yep.

Varie: Man so in a way we're set on turkey for a long time.

Lola: Yeah no kidding!

Lily: (BURPS) i'm stuffed!

Ed: Me too! Gravy!

May: Are the mascots with us?

Poromon: We're here!

May: Oh.

Nico: Cool.

Hannah Thunderbolt Paine: Here we are!

We arrived at Hannah's house and man was it an awesome mansion!

Me: WHOA!

We saw that it was a massive mansion worthy of a multi-billion dollar business tycoon and it had a garden worthy of Eden and had a beautiful fountain and it had lightning bolt statues. The Statues also were some of those of the Greek Gods themselves.

Me: Wow! Your house is amazing Hannah!

Hannah Thunderbolt Paine: Yeah my mom and dad and little sister are huge fans of the Olympus Pantheon.

Nico: Wow!

Qin: Boy the statues of the Greek Gods really make the place feel like it's part of Greece.

Hannah Thunderbolt Paine: I know.

Poliwag: Anyone here?

Hannah Thunderbolt Paine: Yep. My mom and dad and little sister.

We went to the door and Hannah used her house keys and opened the door.

Hannah Thunderbolt Paine: I'm home! And I brought company!

We went in and it was amazing!

Me: Wow! Hannah your house is beautiful.

Nico: Wow!

Qin: Yep.

We went into the gym and we saw Hannah's mom and dad James Paine and Sonia Somanoya Paine and her little sister Elise training hard and were in shape.

Hannah Thunderbolt Paine: Hey guys! I'm home!

James Paine: Hey Hannah!

Elise Paine: HEY SIS!

Hannah hugged her sister!

Hannah Thunderbolt Paine: Hey sis!

James Paine: And Team Loud Phoenix Storm! It's an honor!

Sonia Somanoya: (Russian Accent) Welcome to our home.

Me: It's a pleasure.

Poliwag: Hi, Elise!

Elise Paine: Poliwag!

They hugged.

Poromon: Awesome to see you again Mr. And Mrs. Paine.

James Paine: You too Poromon.

Me: It's an honor to meet you both. Hannah told us so much about you and how you are world famous Olympians.

Sonia Somanoya: It's great she did. Look here.

She and James showed us their medal collection. They had 21 gold medals in the Decathalon and Olympic Figure Skating!

Me: WOW! You guys are awesome!

Lynn: Boy that's a lot of gold medals!

Me: Yep.

James saw Nico.

James Reagan: Why Nico is that you?

Nico: Yipe!

Nico hid behind me.

Me: Nico it's okay.

Elise Paine: Big brother Nico!

She went and hugged him.

Nico: Oh. Hi, Elise!

Hannah Thunderbolt Paine: Elise remembers you Nico. You'll have to forgive Nico mom and dad. He has had some past run ins with his friends parents where he thinks they are going to kill him.

James Paine: The old parents approval shotgun trick. I know what you're talking about. Nico I promise you that we would never shoot you like that.

Sonia Somanoya: We have too much honor for that.

Nico: (Sighs in relief) Thank you.

Me: Poliwag don't get any ideas there.

Poliwag: (Pouts)

Poromon: Plus, Nico can just turn his skin to metal like Girder can

Nico: He's right.

Qin: Yep.

James Paine: That is awesome.

Nico: So, you won't blow my brains out?

James Paine: Goodness no!

Poliwag: I'll do it!

BLANG!

Horsea bashed Poliwag on the head with a frying pan!

Poliwag: OW! WHAT WAS THAT FOR?!

Horsea: For disobeying J.D.'s order you nitwit!

Nico: I plan to get married to your daughter

Me: It's true.

We told them all about what happened and more.

They were so happy for Hannah.

James Paine: Oh we're so happy for you Hannah!

Sonia Somanova: We sure are!

James Paine: Nico, you have our blessings.

Nico: Thank you Mr. Paine.

Elise: I want to be a bridesmaid!

Hannah Thunderbolt Paine: I think we can arrange that.

Qin: Good idea.

Nico: Yeah.

Lincoln: Okay, guys, we got ourselves a huge emergency, and this is one we're not going to like in the slightest: Hannah, are you familiar with someone by the name of Jacob Lowell?

Hannah Thunderbolt Paine: (GASPS) What?! That racist bastard?! What the Hell is he doing back here?! I thought he was sent to prison!

Me: Whoa, Hannah, you know him?

Hannah Thunderbolt Paine: Unfortunately, I do. This guy is absolutely bad news: Jacob Lowell is a former rich kid, but he was a major out of control monster and spoiled brat, he terrorized everyone in school and he forced a kid I used to know named Adam Richards into following his every command by resorting to blackmail, everyone hated him including me. I gave Adam the courage to stand up to Jacob when that miserable little brat did the worst thing ever.

Eli: What did he do?

Nico: He trashed the principal's car and wrote Anti-Semitic symbols on it.

WE GASPED!

Anna Anyanova: He did that?!

Hannah Thunderbolt Paine: This wasn't the first time, he did this to other cars, he's been destroying cars and spraying Anti-Semitic symbols on their cars for a very long time. Adam having been given the courage to stand up to Jacob went to the principal and he told him what Jacob did, and that made Jacob go into a very black fury and he threatened me and Adam and wanted to kill us in a violent rage and he spilled his true colors to us and the principal both, but what he didn't know was that his father also heard him as well from the door.

Me: Asshole made a huge mistake opening his big fat mouth.

Nico: He sure did. In the end, Jacob's father was absolutely furious with his son, sure he was angry at what the principal told him over the phone, but the rest, he heard it himself from his own son. Because of it, Jacob was expelled and blacklisted from ever going to any school in the country, and not only that, he was also was arrested for federal hate crimes at school for destroying cars and spraying anti-Semitic symbols on their cars, but the best part, his father also disowned him as the cops took him away to prison.

Hannah Thunderbolt Paine: He deserved it, and now, we find out he's escaped from prison and he's come back for revenge on me?! That asshole just doesn't know when to quit!

Naimutiae Zecora: Cruel and remorseless Jacob is, but soon, a dark fate shall befall upon his blackened heart.

Lincoln: I believe I know what you mean, you plan on putting a terrible curse on Jacob after we beat him down.

We were amazed.

Qin: How did you know exactly what Naimutiae meant through her rhyme?

Twilight Sparkle: Did you forget that Zecora is also one of his future wives?

Qin: Oh, right.

Fluttershy: Lincoln spent a lot of time with Zecora and he deciphered her riddles and rhymes, and that was really amazing.

Nico: Whoa. Now, that I didn't see coming.

Ed Cowart: Thank goodness we came with you all.

Lori: We sure did.

Nico: You guys got here quick. Alright, let's get going and hunt down that prick.

Me: And make him suffer for everything he's done.

Qin: Jacob's not getting out of this alive.

Sougo: Who do I keep? Eeny, meeny, miney… all of them!

Me: Awesome!

Qin: Cool!

Eli: Would you all like to come with us?

K Unown: We would be honored.

P Unown: Yay!

Suddenly, Lincoln's large gold halo with four large orbiting gold rings orbiting the corners behind his head glowed and the four large orbiting gold rings fired beams of light that formed into a viewing window and we see Stan and Steak Stankco dressed only in shorts and shirtless and still forced to mine and eat broccoli at The Broccoli Mine Prison in Canada, and they'd regained their abnormally massive and powerful upper and lower body muscles and eight-pack abs along with their massive physical upper body and lower body strength, but they were now as four times as big as The Hulk.

The two of them were grumbling like mad and there was no doubt they were plotting to escape once again, but then, we saw the barbell tattoos on their backs glow red. Suddenly, Stan and Steak were glowing with red energy, but then, their arms were raised and it looked like their wrists were bound with metal cuffs same with their feet.

Me: Uh oh, here we go!

Lincoln: Yep.

Suddenly, Lincoln made red portals appear in front of the Stankcos, and then, out of nowhere, Lincoln sprouted tentacles with suctions from his chest and all of the males on the team did the same and they went through the portals and they came out of the portals and latched themselves onto the massive pecs, necks, arms, and legs of Stan and Steak Stankco. Then, the tentacles began sucking the Stankcos' of their massive muscle mass, virility, and massive physical strength and they were groaning in pain as they began shrinking in muscle mass.

Then, all of the massive muscle mass, virility, and massive physical strength of The Stankcos began being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even more stronger.

The same thing happened to me, Nico, and all the males on the team and our abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on our bodies, and our massive angel wings spread out and glowed and our halos glowed and we also began growing even more stronger.

Lincoln: (Growls) Oh man, I haven't forgotten how potent this curse really is.

Me: (Growls) Yeah, this is really potent, but this still feels incredible.

Then, when Lincoln and all the males were done, the tentacles

detached themselves from the pecs, arms, legs, and necks of the two meatheads and they went back into us as the portals closed, and we saw that Stan and Steak Stankco were thin as a rake and sucked bone dry of their muscle mass, virility, and massive physical strength again, and the glowing barbells on their back stopped glowing.

Stan and Steak Stankco: NOT AGAIN! (ENRAGED SCREAMING)

The viewing window closed as the four large orbiting gold rings stopped glowing and the light beams disappeared. Suddenly, we saw that we were even more bigger in muscle thanks to Lincoln's curse he put on The Stankcos.

Me: (Looked at my even more muscular body) Whoa. Lincoln, that Min's Egyptian Virility Drain Curse you put on the Stankcos is still really potent. But, look at us, now we're even more ripped than ever. (Flexes my even more massive muscles)

Lincoln: (Flexes his even more massive muscles) Yep, and this curse will be on them for all eternity. (Sensed for Jacob Lowell) AHA! Gotcha! I just spotted Jacob Lowell, he's 20 yards away, and he's heading right for Hannah in a blood-crazed fury.

Nico: That asshole, let's get him and tear his ass apart!

Lincoln: He won't get away with any of his crimes any longer. (Sensed Flip's musclebound thugs) Uh oh, hold up, I sensed a massive army of Flip's musclebound thugs also heading right for us.

Nico: (GROWLS) Flip, you stupid mutant cheapskate!

Me: That mutant just doesn't even know when to quit!

Suddenly, we saw ten massive armies of Flip's musclebound thugs arrive, and they came barreling towards us in a fit of rage.

Lincoln: Ugh, I knew there was no mistaking the stench of B.O. in the air!

Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then,

the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even stronger.

I did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into me and my abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on my body, and my massive elemental angel wings with aurora and red tips spread out and glowed and my halo glowed and I began growing even stronger.

The other male members did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into them and their abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on their bodies, and their massive angel wings spread out and glowed and their halos glowed and they began growing even stronger.

When we were done, the vacuum tubes detached themselves from the chests of the thugs and went back into us, and the thugs were now dead from blood loss and thin as a rake and Lincoln fired a blast of red energy and destroyed them leaving them as ashes. Then, we set our sights on Jacob Lowell.

We went outside and got to searching for him.

Nico: He's here somewhere.

Hannah Thunderbolt Paine: Alright, now where the hell is that asshole hiding at?!

?: (MEGA ENRAGED VOICE) YOU GODDAMN BITCH, YOU'RE GONNA PAY FOR GETTING ME EXPELLED AND THROWN IN PRISON!

Hannah Thunderbolt Paine: Yeah, fuck you too, bitch!

We then saw our target, Jacob Lowell, and boy was he out for blood. Lincoln then formed a massive and indestructible diamond barrier that protected all of us from Jacob Lowell as he got out a knife, but as he stabbed it into the barrier, it shattered. Then, Lincoln formed a ball of steel and metal and he threw it and it hit Jacob Lowell hard in the face and knocked out some of his teeth.

Nico: OOH! Man, that's got to hurt!

Me: Nice one!

Then, Lincoln deactivated the barrier and we stood ready against that asshole.

Hannah Thunderbolt Paine: You goddamn good-for-nothing miserable racist asshole, I should've known you'd show your ugly fucked-up face again, I thought I was rid of you after you got expelled and your dad disowned you and got arrested!

Jacob Lowell: YOU FUCKING BITCH! I'LL KILL YOU AND SPIT ON YOUR FUCKING REMAINS! YOU RUINED MY LIFE! BECAUSE OF YOU, MY DAD DISOWNED ME, I WAS EXPELLED AND BLACKLISTED FROM EVERY SCHOOL IN THE COUNTRY, AND YOU FUCKING TOLD THOSE GODDAMN FBI PIGS ABOUT ME AND THEY ARRESTED ME FOR TRASHING EVERY CAR IN TOWN! YOU'RE GONNA PAY WITH YOUR LIFE!

Lincoln teleported in front of Jacob Lowell and punched him super hard in the stomach and it caused him to belch out a massive amount of blood. Jacob Lowell glared at Lincoln with extremely deathly anger and he began punching Lincoln's stomach. BIG MISTAKE!

Jacob Lowell: (SCREAMING IN EXTREMELY AGONIZING PAIN!

JACOB LOWELL BROKE HIS ARMS WHEN HE PUNCHED LINCOLN IN THE STOMACH, AND HIS BONES WERE STICKING OUT OF HIS ARMS! OUCH!

Me: DAMN! WHAT AN IDIOT!

Eli: OUCH!

Nico: He punched Lincoln in the stomach, not realizing that Lincoln's body is stronger than Neutronium!

Then, Lincoln punched him in the face and teleported back to us.

Hannah Thunderbolt Paine: That was just for starters, you piece of shit!

Naimutiae Zecora: Your pain has only just begun, and so has your judgement.

Me: Lets get him!

Deadpool: (to the viewers) There were no usual battles last chapter. So, we'll have to do something else

Jamesdean5842: Okay then.

The Unown charged at him

And they fired waves of energy and blasted Jacob all over with rainbow energy blasts!

Poromon got into a tank!

Poromon: Time to turn this jerk into roadkill!

Jacob ran and he jumped out of the path of the tank!

Hannah then punched him in his face and knocked out most of his teeth!

KRASMASH!

Nico: WHOA!

Elise Paine: GO SIS!

Manaphy juggled dynamite!

Manaphy: Catch!

She threw the dynamite and blasted him all over!

KRABBBBBOOOOOOOOMMMM!
KRABBBBBBBBOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOMMMMM!
KRABBBOOOOOOOOOOMMMMM!

Jacob Lowell: Ouch!

THUNDERCLAP!

Hannah fired waves of lightning and electrocuted him all over!

Poliwag used grenades as bowling balls!

Poliwag: FIRE IN THE HOLE!

He rolled them and they hit Jacob and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Nico: WOO! YEAH!

Elise Paine: YEAH GET HIM!

Hannah ran fast with the speed of lightning and gave Jacob a NASTY ULTRA SUPER MEGA WEDGIE!

Horsea poked a puma with a stick and it chased her and Horsea jumped and the puma mauled Jacob all over!

Qin: TAKE THAT!

Camie: YEAH!

Tentacool used chickens as arrows. She fired one and it skewered him in his butt!

Jacob screamed in pain!

Then a REALLY FUNNY thing happened and we saw eggs pouring out of his mouth! WE LAUGHED HYSTERICALLY!

Jirachi put a bullseye on him!

Jacob Lowell: Huh?

BANG! DING! BANG DING!

We fired blasters and blasted him all over the place!

DING DING DING DING DING DING!

Elise Paine: Let me do one!

Hannah Thunderbolt Paine: Go for it sis!

She pulled out a blaster and gave it to Elise and she fired a laser blast and it hit the bullseye and blasted Jacob in his back!

Me: Nice shot!

Maria gasped in horror as she then saw Horsea jumping on the back of a jaguar.

Me: Wait where did that Jaguar come from?

Elise Paine: Oh that's our pet jaguar Tanu. He's my friend.

Me: That's cool that you tamed a Jaguar. Those are the most ferocious cats in all of South and Central America!

Nico: Yep.

Elise Paine: Tanu attack!

Tanu woke up and went and attacked Jacob and mauled him.

Poliwag then hopped on the head of a nearby Primeape! It woke up!

Me: WHOA A Primeape!

Nico: OH BOY!

Me: HEY JACOB! Let me show you why you should never look a Primeape in the eyes!

I then grabbed him!

Me: HERE! LOOK AT IT! LOOK AT IT! LOOK AT IT! I WANT YOU TO LOOK AT IT!

Pormon: HEY! THAT'S MY LINE!

But it worked and the Primeape's eyes glowed red and then went ballistic and pulverized and smashed Jacob all over!

Poromon: You didn't even use the trailer!

Me: I know but the one thing you should never do with a Primeape is look it in the eye or it will chase you down to the ends of the Earth forever.

Ash: He's right! Take it from me. That happened to me.

Nico: Whoa!

Jacob was being MERCILESSLY PULVERIZED in a fight cloud!

Poromon: Okay Primeape we'll take it from here with this.

He stopped.

Poromon: THIS is how you use the trailer!

Poromon pulled out his computer.

Poromon: JACOB YOU WANT TO SEE SOMETHING SCARY!? WELL (SHOWS THE TRAILER) HERE! LOOK AT IT! IT'S HORRIBLE ISN'T IT! YOU LOOK AT IT!

Jacob: THAT IS HORRIBLE!

Poliwag: YOU LOOK AT IT!

Jacob: AGH! ENOUGH!

Manaphy: LOOK AT IT!

Horsea: LOOK AT IT!

Tentacool: LOOK AT IT!

Jirachi: LOOK AT IT!

Mevya: LOOK AT IT!

Hoppip: LOOK AT IT!

Mascots: WE WANT YOU TO FRICKING LOOK AT IT!

HE SCREAMED LIKE A SISSY GIRL AND PEED IN HIS JUMPSUIT!

Nico: You're joining in too, Hoppip?

Hoppip: Yep I sure am.

Qin: Awesome.

Nico: Awesome.

Poromon:: He's MY mascot after all.

Hoppip nodded.

Qin: Less talking more thrashing!

Naimutiae Zecora: Your pain has only just begun, and so has your judgement.

Suddenly, Naimutiae Zecora's blue eyes turned neon blue and she was surrounded by a black and grey energy aura with stars, light, darkness, magic, phoenixes, and angels, she had her spear in hand, and as she approached Jacob Lowell, she left black and grey energy, stars, light, darkness, magic, phoenixes, and angels with every step.

Naimutiae Zecora: There are indeed no words to describe how inexcusable your crimes against mankind are, you've used nothing but brute force, blackmail, and intimidation to get what you want. This truly is unforgivable, and there is no forgiveness for your actions, Jacob Lowell, and for this, you shall receive a truly grave punishment for your misdeeds.

Suddenly, Naimutiae Zecora was surrounded by a massive vortex of black and grey energy with stars, light, darkness, and magic surrounding the vortex, there are phoenixes, angels, and Zecora flying around the vortex, and in the vortex is a black phoenix with red eyes glaring at Jacob Lowell: the red eyes of eternal judgement.

Nico: Whoa!

Me: Awesome.

Lincoln: Judgement is coming for Jacob Lowell, and I can't wait to see what curse Naimutiae is going to put on him.

Lincoln, Naimutiae Zecora, and I went after Jacob Lowell, and we fired extremely powerful blasts of rainbow energy, black and grey energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at Jacob Lowell, and they exploded with incredible power as they hit him.

Then, we attacked him with energy slashes from our massive greatswords leaving scars on them and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at him as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well, and he, Naimutiae Zecora, and I attacked him hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving Jacob Lowell even more madder and even more insane with rage.

Then, Nico fired waves of water, May fired blasts of ice, and Qin fired blasts of fire, and Sebastian fired blasts of Divine Darkness that hit him and slashed at them with his dark greatsword, Then, Lincoln, Naimutiae Zecora, and I fired powerful blasts of energy, magic, stars, superhot fire, superhot flames, lava, and planets at Jacob Lowell, and Lincoln summoned red and blue wolf spirits and they brutally mauled and attacked him and he got badly hurt.

Naimutiae Zecora: (Divine Echoing Godly Voice of The Healing African Magic Master Zecora Legacy Embodiment Phoenix God Angel and Divine Cosmic Eternal Healing African Magic Master Zecora Legacy Embodiment Phoenix God Angel Love) And now, you shall receive your judgement: a curse that'll haunt you until the day of your death.

Suddenly, Naimutiae Zecora's black angel wings spread out and she was surrounded by magic, light, and darkness.

Naimutiae Zecora: (Divine Echoing Godly Voice of The Healing African Magic Master Zecora Legacy Embodiment Phoenix God Angel and Divine Cosmic Eternal Healing African Magic Master Zecora Legacy Embodiment Phoenix God Angel Love) (SINGING DIVINELY) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be, the future should be filled with magic, dreams, and wishes brought to life, but the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that ponies share, because of you, Jacob Lowell, now the future is a cold nightmare.

Nico and I had shivers of ice and fear run down our spines, and Naimutiae Zecora fired black energy beams from her massive black angel wings and medium sized black angel wings under her massive black angel wings, and they hit Jacob Lowell in the eyes, and he screamed in pure terror as the crimes that he'd committed finally came back to haunt him and the darkness in his eyes also took on the form of his countless victims who proceeded to tear his soul apart and his black soul was condemned not to The Black Gates, but to the depths of Hell for all of his crimes as he was thrown into the River of Blood. Everyone cheered wildly as we holstered our weapons and powered down, and Naimutiae Zecora's new body, clothes, weapons, jewelry, longer Zecora's tail, 28th Century silver Miracle Box backpack, Third Eye, large gold halo with four orbiting gold rings on each corner behind her head, twelve large black and grey planets orbiting around her legs, and massive black angel wings and medium sized black angel wings underneath are permanent.

Nico: (GULPS) Okay, now what on Earth was that curse?!

Lincoln: That was a curse Zecora told me her legacy created: it's known as The Dark Karma Retribution Damnation Curse, it's a powerful curse that causes the crimes that the person hit by this curse to come back to haunt them as the darkness that enters into their eyes turn into the form of their victims who then proceed to tear his soul apart, but instead of getting sent to The Black Gates, they would be sent to Hell forever, and because of Jacob's sins that were due to Anti-Semitism and racism along with violence, he was sent to The Seventh Circle of Hell: The Circle of Violence and he was thrown into The River of Blood.

Me: Whoa!

Nico: So, when she casts this curse, the afflicted person gets sent to a circle of Hell based on their sins, and because of his thirst for violence and Anti-Semitism, he got sent to The Circle of Violence and thrown in The River of Blood. Damn, that's what I call karma, his sins came back and bit him in the ass.

Hannah Thunderbolt Paine: And with it, he got sent to Hell. Good, that scumbag deserves to be sent there forever.

Me: Yeah!

Nico: Nice job Unown!

E Unown: Thanks Nico!

T Unown: That was fun!

Me: Yeah it was!

Poromon: Want a beer?

A Unown: Oh no thanks. We don't even have any mouths to drink it

Poromon: Oh I see your points.

Poliwag did the Puppy Eyes.

Poliwag: Pwetty Pwease?

Nico: Poliwag that's enough.

Poliwag: Sorry

Poromon: Besides, just one beer bottle isn't enough. Had I known there was more then one, I would've brought more.

G Unown: You're right.

Camie: Yeah.

Me: It wouldn't be the complete set without the full alphabet.

Nico: Yep.

Horsea: Instead, why don't you guys sing the ABCs?

Manaphy: They're not drunk.

Horsea: But still. It fits.

Unown: ABCDEFG! HIJKLMNOP! QRSTUV! WXYZ! NOW WE ARE THE ABC'S NEXT TIME YOU WILL SING WITH ME!

They stood in line as they sang the song.

Horsea: YAY!

Qin: YEAH!

Nico: That was fun.

Me: Yep. Now for the fun part. The Anothers.

Nico: Yep.

Eli: (CONCENTRATES) Whoa! We got Another Princess Abi, Tsubaki, Vikins (Scooby Doo), Wally Walrus, Megahorn, Zeus (Fantasia) and Feral Dragon Spike (MLP).

Eli: And I sense that the Anothers minus Princess Abi & Tsubaki are one person.

Potion Nova: This is gonna be so awesome.

Then her Cutie Mark started glowing.

Potion Nova: Oh wow! Then you must be an amazing Potion maker like me as well as a master of magic!

Paris Potion Nova: I sure am and it's awesome. Try one of my potions.

She gave a potion to me and I drank it and my WINGS TURNED INTO CHEESE WHEELS!

Me: WHOA!

Me: WOW! That is a funny potion! It turned my wings into cheese wheels!

WE LAUGHED!

Nico: That is funny!

Me: By the way is the Another Princess Abi & Tsubaki friendly or hostile?

Paris Potion Nova: Friendly and she is a really amazing one.

Nico: Nice!

May: Sorry we have to do this.

Girl Jordan: Lets separate you all first.

Girl Jordan and Leeli held hands.

(YURGEN'S TUNE PLAYS)

The skies had leaves and flowers flying in the wind along with sea dragons singing in the background

Girl Jordan and Leeli: (SINGING DIVINELY AS LEELI HAD FIREFLIES SWIRL AROUND HER AND GIRL JORDAN HAD HER AQUA BLUE AURA FLARED UP)

O holoré lay thee low

Down beneath the earth you go
Go holoré fast to sleep

They glowed and the anothers were separated.

Me: Action time!

We blasted the Anothers and we caught the Wonder Ride Books.

Me: YEAH!

Qin: OH YEAH!

Me: A Little help here guys?

Nico: Sure.

Nico ate my wings and I got up and I grew them back.

Me: Ahh!

Maria: (Turns Dial) CANDLE FURY 6!

She summoned Candle Jack, Archelon Dopant, Hydragen, Platythphan Phantom Nonbaldo, Fire Breathing Guacamole Monster (Chowder) and Anomalocaris Dopant.

Nico: YEAH!

Qin: Now we wait.

Nico: (to the mascots) I didn't expect you guys to do that jaguar and Primeape stunt.

Me: Me neither.

Poromon: Yeah no kidding there.

Me: Where did the Primeape come from?

Elise Paine: Oh he's a Wild Primeape that's usually living around here.

Nico: Oh.

Qin: Yeah.

Poliwag: He needs a place to stay.

Me: Yeah.

Princess Platinum: (British Accent) Indeed there.

Then Princess Platinum's cutie mark was glowing.

Me: Princess Platinum's Cutie Mark is glowing. That can mean one thing.

Suddenly, Naimutiae Zecora's blue eyes turned neon blue and she was surrounded by a black and grey energy aura with stars, light, darkness, magic, phoenixes, and angels, she had her spear in hand, and as she approached Jacob Lowell, she left black and grey energy, stars, light, darkness, magic, phoenixes, and angels with every step.

Naimutiae Zecora: There are indeed no words to describe how inexcusable your crimes against mankind are, you've used nothing but brute force, blackmail, and intimidation to get what you want. This truly is unforgivable, and there is no forgiveness for your actions, Jacob Lowell, and for this, you shall receive a truly grave punishment for your misdeeds.

Suddenly, Naimutiae Zecora was surrounded by a massive vortex of black and grey energy with stars, light, darkness, and magic surrounding the vortex, there are phoenixes, angels, and Zecora flying around the vortex, and in the vortex is a black phoenix with red eyes glaring at Jacob Lowell: the red eyes of eternal judgement.

Nico: Whoa!

Me: WHOA!

Nico: This is gonna be rough!

Me: Yep. So Ikki & Vice. Halifa the Hel, Nene (Digimon), Koichi (Digimon), AncientSphinxmon and Lilithmon are up.

Lola: Yeah!

Eli: And I sense that the Anothers minus Princess Abi & Tsubaki are one person.

Me: Wow!

Potion Nova: This is gonna be so awesome.

Then her Cutie Mark started glowing.

Nico: Potion Nova's Cutie Mark is glowing. That can mean one thing.

Me: Yep.

Maria: There they are!

Then out came Another Vikings (Scooby Doo), Wally Walrus, Megahorn, Zeus (Fantasia) and Feral Dragon Spike (MLP)!

Me: WHOA! This is gonna be rough!

Another Wally Walrus: (In a girls voice) I'm ready for some fun and action.

They merged and she reverted back and was a girl with purple hair and purple clothes and purple angel wings and had blue eyes and had a tiara with the symbol of Potion Nova's Cutie Mark on it and had the same symbol on her skirt and she had a Cuckoo Nut Magisword in her hand and had Potion Nova's tail.

Paris Potion Nova: Paris Potion Nova, Embodiment, Gene-slammer and Legacy of Potion Nova.

Me: Wow! Awesome to meet you.

Potion Nova: Oh wow! Then you must be an amazing Potion maker like me as well as a master of magic!

Paris Potion Nova: I sure am and it's awesome. Try one of my potions.

She gave a potion to me and I drank it and my WINGS TURNED INTO CHEESE WHEELS!

I fell to the ground!

Me: WOW! That is a funny potion! It turned my wings into cheese wheels!

Paris Potion Nova: Friendly and she is a really amazing one.

Nico: Nice!

May: Sorry we have to do this.

Girl Jordan: Lets separate you all first.

Girl Jordan and Leeli held hands.

(YURGEN'S TUNE PLAYS)

The skies had leaves and flowers flying in the wind along with sea dragons singing in the background

Girl Jordan and Leeli: (SINGING DIVINELY AS LEELI HAD FIREFLIES SWIRL AROUND HER AND GIRL JORDAN HAD HER AQUA BLUE AURA FLARED UP)

O holoré lay thee low

Holoél dark in the Deep

Down beneath the earth you go

Go holoré fast to sleep

They glowed and the anothers were separated.

Me: Action time!

We blasted the Anothers and we caught the Wonder Ride Books.

Me: YEAH!

Qin: OH YEAH!

Me: A Little help here guys?

Nico: Sure.

Nico ate my wings and I got up and I grew them back.

Me: Ahh!

Maria: (Turns Dial) CANDLE FURY 6!

She summoned Candle Jack, Archelon Dopant, Hydragen, Platythphan Phantom Nonbaldo, Fire Breathing Guacamole Monster (Chowder) and Anomalocaris Dopant.

Nico: YEAH!

Qin: Now we wait.

Nico: (to the mascots) I didn't expect you guys to do that jaguar and Primeape stunt.

Me: Me neither.

Poromon: Yeah no kidding there.

Me: Where did the Primeape come from?

Elise Paine: Oh he's a Wild Primeape that's usually living around here.

Nico: Oh.

Qin: Yeah.

Poliwag: He needs a place to stay.

Me: Yeah.

Princess Platinum: (British Accent) Indeed there.

Then Princess Platinum's cutie mark was glowing.

Me: Princess Platinum's Cutie Mark is glowing. That can mean one thing.

Poromon: Seriously, where should Primeape stay?

Me: No idea.

James Paine: We'll think of something for him later.

Me: Okay. Look!

We saw ANOTHER TSUBAKI AND PRINCESS ABI!

Me: Another Tsubaki and Princess Abi!

Camie: Awesome!

Another Tsubaki: (British Accent) It will be a fun one.

They merged and reverted back and she was a girl with purple hair and purple eyes and had a purple dress of royal elegance and she had purple angel wings and had a royal sceptor in her hand and she had a tiara with Princess Platinum's cutie mark on it and on her skirt.

Princess Charlotte Platinum: Princess Charlotte Platinum - Embodiment of Princess Platinum, Gene-slammer and Legacy of Princess Platinum.

Me: Your highness it's a pleasure. (Bows)

Princess Charlotte Platinum: Same to you J.D.

Nico: It's a pleasure to meet you.

Princess Platinum: And an honor to meet the legacy of me.

Princess Charlotte Platinum: Indeed it is.

Tsubaki: And I take it you know magic like me and Abi can?

Princess Charlotte Platinum: Indeed I do.

Sougo: (gets out Grand Zi O Ridewatch) Did Swartz promise you anything?

Princess Charlotte Platinum: He didn't promise me anything because he was scared of my power.

Me: You threatened to have him burned at the stake right?

Princess Charlotte Platinum: Actually I threatened to unleash you unto him if he didn't let me go.

Me: Well ironically that ultimately happened. We ripped him to shreds and killed him and banished him to the black gates.

Nico: Me and May ripped him apart.

May: It's true.

Zocks and Kaito: ZENKAIJU GEAR!

They donned their Zenkaiju Armor!

Me: YEAH!

Lincoln: Lets separate you first.

Lincoln did so.

Me: Lets do this!

Nico: (gets out Tsubaki and Princess Abi's Ridewatches) Time for these princesses to show some magic!

May: (Gets out Wally Walrus' Ridewatch) (Swedish Accent) Okie yokey! Time for some fun ja!

Maria: (Gets out Zeus (Fantasia) Ridewatch) Taste the thunder of Zeus!

Halifa: (Gets out Vikings Ridewatch) These vikings are going to rip you apart!

They used the powers of Princess Abi, Tsubaki, Vikings (Scooby Doo), Wally Walrus, Megahorn, Zeus (Fantasia) and Feral Dragon Spike (MLP) and blasted the anothers all over!

Then Flame Queen, Lawn Gnomes, Booger Beast, Graverobber, Sucksy and Torkdrift came.

Me: WHOA!

Nico: Nice team Flame Queen!

Flame Queen: Thanks Nico.

Nico: It's perfect considering where we're going later

Me: It sure is.

?: I'll say!

Then Shield Sheldon came!

Me: Shield Shendon!

Qin: Awesome!

Shield Sheldon: (In a girls voice) This will be fun.

Nico: Sheila Sheldon!? Whoa!

Sheila Sheldon: Yep. I got this.

She fired energy blasts and blasted the Anothers and I caught the Ridewatches and purified them.

Sheila Sheldon: Take that!

Qin: YEAH!

She reverted back and was a girl with blue hair and pink eyes and had a pink bikini on and had blue angel wings and had clam in front of a shield symbol in the middle of her forehead and she had a Clam

Chomp Magisword in her hand.

Sheila Sheldon: That was awesome!

Rolf: Rolf would like you to meet my clam Bobo!

He pulled out his clam Bobo.

Sheila Sheldon: Hi Bobo. He sure is an awesome clam for you Rolf.

Eddy: (LAUGHS) Sheila and Rolfy Boy's clam are friends now.

Nico: Cool.

Kevin: Finally, your clam has a new friend!

Rolf: That's right Kevin boy.

Sheila Sheldon: I have the power to talk to shellfish and it's awesome.

Me: Cool! That's a neat power.

May: At least I didn't get hit.

SPLAT!

Phoebe Pie hit her in the face with a banana cream pie!

Phoebe Pie: Sorry May!

May: (SLURPS) Yummy! Banana Cream!

Nico licked May.

May: Oh Nico.

Nico: Oh baby that is what I like!

WE LAUGHED!

Me: Okay there Casanova lets wrap this up.

Rarity: Lets get you some good clothes darling.

The Fashion brigade gave Sheila awesome new pink clothes.

Sheila Sheldon: Awesome outfit!

Maria: Thanks.

Halifa: Do you have any favorite memories of Nico?

Sheila Sheldon: When me and Nico were on my family's oyster farm and we got loads of pearls and made beautiful jewelry.

Nico: She makes awesome jewelry.

Me: Awesome.

Camie: Cool.

Nico and Sheila hugged.

Nico: I've missed you.

Sheila Sheldon: Same here.

We later went back home.

Lincoln: Whoa, we're here in South Dakota, and I know what we're going to do here, not only am I going to rescue the five girls here, but we're going to destroy Demogorge The God-Eater.

Me: I've heard of him, he's an antagonist in the Marvel Comics and he's the overpowered form of the ancient god Atum, son of Gaia, elder Goddess of the Earth, and therefore another half-brother of Thor.

Nico: And he has the power to literally absorb and consume other gods as well as demons. This beast is very dangerous, so we need to separate it from Lord Atum.

Lincoln: Actually, Lord Atum contacted me and told me that his dangerous bestial half, Demogorge, is a separate entity, so there's no need to hold back and I'm going to absorb him.

Ikki: This is gonna get ugly.

Suddenly, we saw a very beautiful and super sexy girl with long green hair and green headband, red eyes, she was tall at 7'0" in height, she has the body of a goddess and large breasts, fair skin, she has massive and beautiful purple angel wings, she's dressed in a green sleeveless crop top, necklace with a green gem for the pendant, green skirt, white bridal gloves, green knee-high high-heeled boots with butterfly buckles, and long white sleeveless trenchcoat with stars, nature, dragons, phoenixes, and angels on the coattails and on the back is Hieratic Dragon of Asar, holstered on her back is a massive nature greatsword with angel runes etched on the 7'9" massive, wide, double-edged green blade, large white angel faces built into both sides of the hilt, longer midnight black handle, and green pointed tip for the pommel and with her are the five girls.

Lincoln: (GASPS) Ausra Valencia, Avatar and Gene-Slammer of Hieratic Dragon of Asar.

Ausra Valencia: That's right, and I got the girls away from Demogorge before he could devour them.

Then, Lincoln turned the tips of his tails into Cell's Stingers, and he stabbed them into Demogorge the God-Eater's body, and then, Lincoln began absorbing Demogorge the God-Eater into his body as he and all of us assimilated his Absorption and Transformation, Superhuman Strength, Superhuman Speed, Superhuman Stamina, Superhuman Durability, Superhuman Agility, Superhuman Reflexes, Regenerative Healing Factor, Immortality, Flight, and Energy Manipulation and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed and his halo glowed and his rainbow energy aura with elemental forces and mythological animals flared up extremely and he began growing even stronger.

When Lincoln was done and the stingers changed back, nothing's left of Demogorge the God-Eater, and he banished his soul to The Black Gates forever. We cheered as we holstered our weapons and powered down.

Lincoln: Oh man, that was really really crazy. I just absorbed Demogorge and we all gained all of his godlike powers and abilities, and I also absorbed the energy of the countless gods and demons he's devoured over the eons. That monster deserved to be destroyed, now all those he'd devoured have been avenged. (To Ausra Valencia) And it's so good to see you again, Ausra.

Ausra Valencia: You too, Lincoln, it's been seven years since we last met.

Suddenly, Ausra Valencia wrapped her arms around Lincoln's neck and she proceeded to kiss him all over the place: face, arms, pecs, eight-pack abs, and stomach. When Ausra Valencia was done, Lincoln was covered in lipstick marks on his face, massive muscular arms, hairy pecs, eight-pack abs, and stomach, and he had an atomic red blush on his face and he was literally in Heaven.

Lincoln: (In Heaven) That's… something I've not… forgotten.

We snickered.

Ausra Valencia: Sorry about that, but it's so good to see you again, Lincoln.

Lincoln then wrapped his massive and muscular arms around Ausra Valencia's waist and brought her in to a warm embrace, and Ausra Valencia is very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how much more stronger and how much more muscular he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face soon became even deeper when she saw his longer vampire fangs and more massive white angel wings and medium sized angel wings underneath with orange and aurora tips on the feathers, large gold halo with four large orbiting gold rings on each corner behind his head, along with hearing his mature, deeper, and manlier voice and seeing the larger white wolf ears with rainbow markings on his head, eleven massive and longer white wolf tails with rainbow markings and rainbow tips and white rabbit tail with rainbow markings on top of the massive and long white wolf tails, thick hair on his massive forearms, stubble on his jawline, and chest hair on his pecs, He-Man's chest harness, and many other accessories, and she also met his Rabbit Miraculous, Eini, the Universe 666 Miraculous, his familiars, the male white Rabbit Familiar, Alistair, the white Vampire Bat Familiar, Artemis, and the white Wolf Familiar, Seiko that came out of his backpack.

Lincoln: It sure has been a long time, I haven't seen you since you were seventeen, and as you can see, I really grew a lot since then.

Ausra Valencia: Holy crap, you sure have, you've really really grown up to be very big and very strong like a tree, Lincoln, you've really grown a lot from the cute eleven-year-old little boy into a 18-year-old 8'9" tall, very handsome, and manly man with really massive and powerful upper and lower body muscles and eight-pack abs, and you still have those vampire fangs and massive white angel wings and medium sized angel wings underneath, that's so awesome, and the large white wolf ears on your head and the eleven massive and long white wolf tails with markings and white rabbit tail on top of the massive and long white wolf tails, hair on your massive forearms, beard stubble on your jawline, and chest hair on your pecs and many accessories and large gold halo with four large gold rings orbiting behind your head, that's really new, along with getting He-Man's chest harness. (Rubs his massive pecs) You've really really grown a lot and became a man, but you're still the same kind boy from long ago, plus, you've also grown even more bigger in muscle mass, you can land an airplane on that massive, wider, and more muscular back, squash a melon with those really muscular quads and thighs, and cut a rock into a diamond on those rock-hard eight-pack abs, and there's not even a tape measure long enough to measure that chiseled chest or massive biceps. Plus, I've also met

your familiars, and they are really awesome.

Eli: And he'd also been hit with massive amounts of cosmic radiation and he'd been imbued with the same powers as J.D. and all of us, and he's become truly immortal.

Nico: And Lincoln, you know her?

Lincoln: Indeed I do, Nico.

Selene Emperyous: And so do we, this is Ausra Valencia, Avatar and Gene-Slammer of Hieratic Dragon of Asar, she's Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Nature. She's the Avatar and Gene-Slammer of Hieratic Dragon King of Asar, and she has powerful nature powers and her favorite Duel Monster was Hieratic Dragon King of Asar. She's also a powerful master and defender of Egypt's long history and she's the powerhouse of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades, who fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the order was tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Ausra and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Ausra would be the next one to train him in mastering the powers of nature. Lincoln made her a powerful nature greatsword, and to show her thanks, Ausra kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, the powerhouse and one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Nico: Just like we heard yesterday, and we'd already sent Yami Marik and Dark Bakura to The Black Gates.

Ausra Valencia: Good, those two were monsters.

Lincoln: Absolute monsters is the word I call them, and now that you're here, Ausra.

Lincoln went up to and hugged Ausra Valencia in his abnormally massive and powerful muscular arms, he leaned his head down the right side of her neck, and he slowly bit her and he fed on their blood, and we suddenly saw his rainbow energy aura with elemental forces and mythological animals flare up extremely as he gained an extremely astronomically huge and massive power boost and he also gained the very same powers as her, and his abnormally massive and powerful upper and lower body muscles bulged even more as veins formed, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails with rainbow tips and rainbow markings. He slowly unlatched his fangs from her neck as her neck healed and the puncture marks sealed up, and he also kissed where he bit her.

Ausra Valencia: You're still just as gentle as ever when you feed on one of your Guardian Angels, Lincoln.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared on the neck of Ausra Valencia with green gems on the gold lightning bolts and green crystal links from her merged Crystal Necklace of The Buddha along with a white and gold-accented Elemental Thunderbird Choker of Eternal Love on her neck.

Ausra Valencia: (Surprised) Lincoln, are these…?!

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means you're now part of my harem and my many future wives, Ausra Valencia.

Ausra Valencia had a smile on her face and tears streaming down her cheeks as Lincoln still had his massive arms wrapped around Ausra Valencia's waist, and he leaned down to her face and kissed her on the lips, but when she placed her hands on his massive pecs, Lincoln deepened the kiss and we all cheered for them. When Lincoln separated, Ausra Valencia had an atomic red blush on her face, hearts in her eyes, and her heart was beating like mad. Then, we went up to the five girls, and when Lincoln saw the five girls, he immediately recognized them. The five girls are Tsukasa Toono, Arika Chikamori, and Miyuki Mitsumine from Honey*Honey*Honey! and Sayaka Mizumoto and Eriko Takara from Danchi Wife.

Lincoln: Oh wow, Tsukasa Toono, Arika Chikamori, and Miyuki Mitsumine from Honey*Honey*Honey! and Sayaka Mizumoto and Eriko Takara from Danchi Wife.

Tsukasa Toono: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Lincoln made four clones of himself, and he and his clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the thick muscular necks of Lincoln and his clones, and we cheered wildly at the scene, and he slowly bit them and he fed on their blood, and we saw his rainbow energy aura with elemental forces and mythological animals flare up as he

gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails. He then slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them.

Tsukasa Toono: (Seductively and rubs her hands on Lincoln's massive pecs) You too, big, tall, muscular, and handsome.

Suddenly, five Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Tsukasa Toono, Arika Chikamori, Miyuki Mitsumine, Sayaka Mizumoto, and Eriko Takara with colored gems embedded in the lightning bolt links and colored crystal links from their merged Crystal Necklaces of the Buddha along with white and gold accented Elemental Chokers of Eternal Love on their necks. We returned to The World Tree Estate and they were shocked to find out the villain we went after was Demogorge The God-Eater, an antagonist in the Marvel Comics and the overpowered form of the ancient god Atum, son of Gaia, elder Goddess of the Earth, and therefore another half-brother of Thor.

But, when Lincoln showed what we all did in thrashing him into the ground and Lincoln absorbing him and he and all of us assimilating all of his godlike powers and abilities and sending him to The Black Gates forever, everyone cheered and they went up to us and hugged us and Lincoln's harem kissed him on the lips. Lincoln and Ausra Valencia have a lot of catching up to do, now that she's back in town.

Maria: Oh man, I can't believe it, you guys faced off against Demogorge the God-Eater.

Then, Atum appeared.

Atum: They did, and I'm thankful for what you did in absorbing him and sending him to The Black Gates, Lincoln.

Lincoln: You're welcome, Lord Atum.

Nico: He was really dangerous alright, but we defeated him.

Me: And Lincoln absorbed him.

---

After Lincoln and all of us beat down Demogorge the God-Eater and Lincoln absorbed him, we were training intensely in the gym, doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we were also doing 900,000,000,000,000 reps of tail bicep curls to get our eleven massive and long wolf tails even more stronger than ever as well, and when Ausra Valencia saw Lincoln doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Ausra Valencia: My God, I was right that Lincoln's really grown into a 18-year-old, 8'9" tall, really big, handsome, sexy, and extremely super strong manly man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs really hard at work, and really working out with those 900,000,000,000,000-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan, and he's also doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, and he now looks even more ripped than ever. He's definitely been continuing on bodybuilding and working out even more for many years, and because of that along with the combination of his diet plan that we gave him, along with his hyperpuberty and genes, he'd gained the powerful and massive body that all bodybuilders could only dream of. If anyone tried to mess with him now, they were in for a world of hurt and trouble, and he's always been there to defend and protect us from Chandler, his goons, Pablo, Anderson, and Hawk and Hank at school or out in public, and he was also quick to defend us from Lori, Lynn, Lola, Lisa, and Luan if they get out of search control again, along with Killjoy Huggins.

Lincoln: Yep, and I've also trained a lot under a lot of very powerful teachers, J.D. and Nico included, Ausra, and I can still defend myself, and in addition to getting stronger and bigger in muscle mass, I've also gotten smarter as well.

Ausra Valencia: That's incredible, and we'd already known just how strong you were long ago ever since you did some wrestling and working out with some of the other Guardian Angels long ago, and we're so proud of just how much stronger you've gotten, and just how much taller you've gotten, along with getting that much bigger in muscle mass, and you've also been getting smarter as well.

Nico: You got that right, plus, we heard all of the stories from Lincoln about you girls and about how you all helped him in his training to become an emerging hero before Team Loud Phoenix Storm was formed, and how he grew from the little boy from years ago into the really big, really strong, and really powerful man we know today.

Ausra Valencia: I knew it was only a matter of time before he told everyone that story.

And when Tracey Mink and the rest of my harem saw me doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear my mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get my eleven massive and long rainbow wolf tails even more stronger than ever, they had an atomic red blush on their faces, hearts in their eyes, and their noses were bleeding.

MONSTROUS LOUD BELCH!

Ausra Valencia: What was that?! Lynn!

Suddenly, the alarm sounded, and when Lincoln checked the computer, he saw who it was that triggered the alarm: it was the feral animal Packing Day version of Liam.

Liam: What in tarnation?!

Lincoln: Oh man, that's your feral animal Packing Day version of you, Liam. Here's what he looks like.

Lincoln took out his sketchbook and we saw Liam's feral animal Packing Day version, he looked like him, but with long wild unkempt orange hair, he has facial stubble on his jawline, he has hair on his forearms, he was extremely muscular with abnormally massive and powerful upper and lower body muscles and eight-pack abs and bulging veins, he has on a marine blue coat with the sleeves torn off and he has thick chest hair on his massive pecs, he was only dressed in torn marine blue shorts, and he was on all fours.

Liam: Sweet corn husks, that version of me looks like a wild gorilla!

Carmen: We better take care of him at once.

We flew out of the World Tree Estate and landed.

Lincoln: It's quiet. Too quiet, keep your eyes peeled.

Suddenly, in Feral Monster Liam's point of view as he hides in some trees, he moved the trees aside and was watching us menacingly as he was breathing, snorting, and grunting heavily, then, he pushed the trees back. Then, back to us.

MONSTROUSLY LOUD BELCH!

Lucy: He's here…

Then, we saw snowballs heading our way.

Nico: INCOMING SNOWBALLS!

Lincoln formed a massive indestructible diamond barrier infused with fire that protected all of us from the barrage of snowballs that came from nowhere and hit the barrier, but it stood strong and the fire melted the snowballs into water.

Lincoln: (Catches the scent) There's no mistaking the scent of blood from anywhere, come on out now, feral animal Packing Day version of Liam, or we'll force you out.

A massive and muscular figure came out on all fours growling like a dog, it was the feral animal Packing Day version of Liam.

Nico: That's the feral animal Packing Day version of Liam?!

Me: Yikes!

Feral Animal Packing Day Liam: (ROARS)

Liam's feral animal Packing Day self charged at me, but Lincoln punched him hard and he flew into a wall, he got back up, and he gripped his marine blue coat and tore it off and he roared and beat his hairy chest like a gorilla: NOW, HE WAS MEGA PISSED!

Suddenly, Liam turned the tip of one of his eleven massive and long orange wolf tails into Cell's stinger that opened up into a large sucker and he plunged it onto his feral animal Packing Day self's head and he was unable to fight back. Then, Liam sucked him into his body and absorbed him as the stinger changed back.

We were amazed by Liam's Super Angel-Ice Dragon-Yuki-Onna-Musk Ox-Seal-Phoenix-Harmony Universal Eternal Celestial Xelnaga transformation, and when Carmen saw him, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Liam: (Divine Godly Cosmic Voice of The Cosmic Eternal Harmony Sub-Zero Musk Ox Arctic Yuki-Onna Thundersnow Yuki-Onna Ice Dragon Phoenix God Angel and Divine Cosmic Eternal Harmony Sub-Zero Musk Ox Arctic Yuki-Onna Thundersnow Yuki-Onna Ice Dragon Phoenix God Angel Hope) Hoowee! What the heck just happened?

Me: Have a look.

Lincoln formed a mirror and Liam saw what happened to him after he absorbed his feral animal Packing Day self, and he was amazed.

Liam: (Divine Godly Cosmic Voice of The Cosmic Eternal Harmony Sub-Zero Musk Ox Arctic Yuki-Onna Thundersnow Yuki-Onna Ice Dragon Phoenix God Angel and Divine Cosmic Eternal Harmony Sub-Zero Musk Ox Arctic Yuki-Onna Thundersnow Yuki-Onna Ice Dragon Phoenix God Angel Hope) Hoowee! I've transformed just like y'all, Lincoln. (Flexes his even more massive muscles) (To Carmen) Like what you see, darling?

Carmen: (Seductive Voice) (Rubs Liam's massive pecs) You got that right, big, tall, muscular, manly, hairy, and handsome farm boy.

Liam hugged Carmen in his abnormally massive and powerful muscular arms and he leaned down to her face and kissed her on the lips which she returned as she also placed her hands on his massive pecs. When he broke the kiss, Carmen still had an atomic red blush on her face, hearts in her eyes, and her heart was pounding like crazy.

Liam holstered his new massive greatsword on his back and powered down, and his brand-new body, clothes, weapons, jewelry, Third Eye, eleven massive and long orange wolf tails, large gold halo with four large orbiting gold rings on each corner behind his head, large twelve marine blue planets orbiting around his legs, smaller planets orbiting around his fingers, and massive orange angel wings and medium sized orange angel wings underneath are permanent. We returned home and we continued our workouts.

Rusty: I can't believe there are also feral animal Packing Day versions of us, yikes!

Zack: And we thought Lynn was an animal when Packing Day arrived.

Clyde: But, this also means we got to keep our eyes peeled for more of them.

We got a shower, and then, Lincoln, Simulator Wendy Darling, Simulator Tambry, and Simulator Princess Eilonwy are heading to Float Islands.

Lincoln snapped his fingers, and the white-haired, 8'9", handsome and extremely muscular man had on his new large orange and black speedo with a Thunderbird and a lightning bolt surrounded by elemental forces and stars on it with rainbow flames coming off the speedo, orange sandals, his jewelry and accessories, and he had his weapons holstered in case of trouble.

And Simulator Wendy Darling, Simulator Tambry, and Simulator Princess Eilonwy are dressed in two-piece colored bikinis The Musiqidandi Sisters made for them, colored sandals, and they had their weapons holstered in case of trouble. Plus, we found out Simulator Wendy Darling, Simulator Tambry, and Simulator Princess Eilonwy all had feelings for Lincoln, and he also had feelings for them, and he also saved them all from an ambush by a group of musclebound thugs Flip hired to kill them, Lincoln sucked out their muscle mass, virility, strength, blood, and life energy as it killed them all which made that mutant cheapskate go insane with anger, until Lincoln fired energy blasts at her and more gold and jewels and treasures came out of him, but they also got to keep their heads up, they got word that mutant cheapskate has sent more muscle-bound thugs to kill them.

Simulator Wendy Darling: Wow, so this is Float Islands. It sure is beautiful.

Lincoln: It sure is, Wendy, and it's perfect for our first date. Shall we?

Lincoln, Simulator Wendy Darling, Simulator Tambry, and Simulator Princess Eilonwy dived into the waters and they had fun swimming and they even saw the marine life there. Then, they went back to the beach and they had an awesome volleyball game, and Simulator Wendy Darling, Simulator Tambry, and Simulator Princess Eilonwy got an extremely massive and deep atomic red blush on their faces when they saw Lincoln lift thirteen massive 900,000,000,000,000-lb barbells Lincoln summoned in his large and strong hands and thirteen massive and long white wolf tails, and they were really swooning over him.

But then, they saw the hulking muscle-bound thugs that Flip hired coming after them, but Lincoln fired vacuum tubes from his chest

which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he also grew even stronger. When Lincoln was done, the vacuum tubes detached themselves from the chests of the thugs and went back into Lincoln, and the thugs were now dead from blood loss and thin as a rake and he absorbed them.

Lincoln: Nice try, you stupid mutant!

Then, they had some lunch, and then, as the sun was about to set, Lincoln made clones of himself and he and his clones went up to Simulator Wendy Darling, Simulator Tambry, and Simulator Princess Eilonwy and they hugged the girls in their abnormally massive and powerful muscular arms and Simulator Wendy Darling, Simulator Tambry, and Simulator Princess Eilonwy placed their hands on the massive pecs of Lincoln and his clones and wrapped their tails around their waists.

And then, they shared a passionate and romantic kiss and Lincoln slowly sank his fangs into Simulator Wendy Darling, Simulator Tambry, and Simulator Princess Eilonwy and fed on their blood, and his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings and medium-sized white angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white tails with rainbow tips and rainbow markings.

He slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them. They came back home to The World Tree Estate, and Nico and I saw Lincoln covered in kisses on his face, body, and eight-

pack abs.

Me: (Whistles) Wow, it looks like you really had a good time at Float Islands, eh, Lincoln?

Lincoln: (In Heaven) It… was… so… AWESOME!

Suddenly, three Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Simulator Wendy Darling, Simulator Tambry, and Simulator Princess Eilonwy with colored gems on the gold lightning bolts and colored crystal links from their merged Crystal Necklaces of The Buddha and white and gold-accented Elemental Thunderbird Chokers of Eternal Love on their necks.

Lily the Mermaid: Wow, now Simulator Wendy Darling, Simulator Tambry, and Simulator Princess Eilonwy are in your harem, Linky.

Simulator Wendy Darling, Simulator Tambry, and Simulator Princess Eilonwy showed the marks Lincoln made on the right sides of their necks.

Jenna: And Flip had some nerve trying to kill them, that mutant is just making things much worse for himself.

Serena Logan: I always knew that stupid mutant was and always will be nothing but fucking trouble, and he's just making things worse for himself.

Rarity: And trying to kill Simulator Wendy Darling, Simulator Tambry, and Simulator Princess Eilonwy, now that repulsive ape is really going to get it.

Lincoln: And we also had a run-in with more of the hulking muscle-bound hired thugs he sent to kill us yet again, but I sucked out their muscle mass, strength, and virility and I killed them all and sent them to The Black Gates, and that dumb mutant should be screaming with pure vengeance and hate at us in 3… 2… 1!

Suddenly, we heard Flip scream and bellow with extreme hatred and rage and cursing right at us, and now, he's officially lost his mind.

Maria: (Flips Flip the middle finger) Yeah, up yours, you mutant three-butt-cheeked cheapskate!

Nico: Even after we kicked Flip's miserable hide, that mutant still refuses to quit!

Lincoln: Same with Lewis Travolta, Dark Amy, Icky Vicky, Billy McLean, Pablo, Anderson, and the other jerks at Dad's restaurant, but it's much more fun to see their thugs get killed by me.

Eli: It sure is, and it's so much more fun seeing them blow their stacks!

We then saw Lincoln form a viewing window, and then, Lincoln snapped his fingers.

SNAPS FINGERS!

We saw a massive funnel appeared in Flip's mouth, and then, massive cartons of the extremely powerful laxatives that Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta appeared over the funnel.

Eli: (GASPS) ARE THOSE…?!

Nico: The extremely powerful laxatives Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta?!

Luna: DO IT, BRO!

Then, the extremely powerful laxatives were dumped into Flip's mouth and the funnel was removed. Then, Flip's stomach gurgled and rumbled, and then… !

MASSIVELY LOUD AND EXTREMELY WET FART!

Flip farted and massive tons of gold, jewels, gems, and other currencies exploded out of his three butt-cheeks like crazy!

Flip stopped farting like crazy.

Lincoln: That's for trying to get your musclebound thugs to murder me and the girls in my harem, you stupid mutant cheapskate!

Nico: Jeez. Those laxatives are really powerful, I still remember when you tried that prank on me years ago, Connor, but that failed.

Eli: Because of you using Walker's powers.

Connor Chan: Now, Flip's really pissing me off now, if he does this again, I'm gonna shove a grenade down his throat!

Nico: Connor, I know you're angry, but we're saving it for December 1st when we kill him, Icky Vicky, and Xehanort. Now, don't even think of getting into the weapons room or I'm telling Dad!

Connor Chan: Tattle tale.

* * *

Later it was time for Luna, Jack and Marina's final mission.

Nico: Anyone else want to go with Jack, Luna, and Marina? Besides Aruto and Zixx?

Stacy: I'll go.

Trumbipular: So will I

Erica Haddock: Me too.

Lori: Me and the rest of us will go too.

Luna: Rockin! It'll be cool for Hikaru to meet my sibs.

Lincoln: He met some of us.

Me: Yep.

Nico: Lets head out!

We were off to Japan.

* * *

We arrived at UPG HQ.

Me: Here we are.

Hikaru: Hey guys!

Nico: Hikaru, meet Aruto, Erica and Zixx.

Aruto: Awesome to meet you. I'm Aruto Hiden, leader of the Zero One Riders.

Me: Aruto is another friend of mine from Japan and he and I met earlier before.

Hikaru: Wow! That is awesome!

Zixx: I'm Zixx.

Erica Haddock: And I'm Nico's friend Erica Haddock.

Stacy Bolton: I'm Stacy Bolton.

Trumbipular: I'm Trumbipular.

Hikaru: Wow a pleasure to meet you all!

Luna: And these are the rest of my siblings.

Lori: I'm Lori.

Leni: I'm Leni.

Luan: I'm Luan.

Lynn: Lynn Jr.

Linka: I'm Linka.

Lyra: I'm Lyra.

Liberty: I'm Liberty.

Lee: I'm Lee.

Lucy: I'm Lucy.

Lucille: (Scottish Accent) I'm Lucille.

Lana: I'm Lana.

Lola: And I'm Lola.

Misuzu: Wow! Luna you have a lot of siblings!

Luna: I sure do.

Me: And yes their mom and dad all thought it would be cute if their names all started with the letter L.

I went up to Hikaru.

Me: (Whispers) Their family has been one that never believes in condoms.

Hikaru snickered at that remark

Marina: How was your Thanksgiving?

Hikaru: It was good. Japan doesn't have Thanksgiving like in America. But it was fun.

Me: Glad you had fun.

Hikaru: We heard that the city was overrun with mutant chickens.

Me: Yeah it was a contingency plan of Lord Zedd in case we destroy him and Vilgax.

Erica Haddock: Yeah but they were tasty.

Nico: It was mostly the mascots and the Underground Girls that helped with that.

Me: It's true. The mascots and the Underground Girls all did great against them.

Laney: It was a really awesome battle for them.

Lori: They literally did amazing against them.

Hikaru: Wow! That is awesome! Also we saw the trial of that Powell Jerk.

Me: News sure spread all over the world didn't it.

Misuzu: It sure did. That jerk had it coming to him.

Nico: Although Powell tried to kill himself before the trial as a hypnotic suggestion planted in his mind by Lord Zedd. Good thing Luan submitted the evidence to Maria's mom beforehand.

Me: I have that same feeling too.

Luan: But yeah thank goodness he is gone.

Hikaru: We're glad he is too.

Eli: I sensed that he tried to kill himself earlier before the trial but the guards got to him in time before he drew his last breath.

Nico: Say what!?

Eli: Sorry I didn't want to tell you as the trial was going on.

Lori: The guards literally told us about that before the trial.

Nico: Thank goodness they did.

Misuzu: Whew! At least now the world knows the kind of monster he was.

Hikaru: No kidding.

Eli: Lincoln cursed him with a terrible curse of incredible horror.

Hikaru: But would it have mattered if he committed suicide before the trial?

Me: I suppose not.

Eli: Yeah.

Zixx: Oh, you should know that I come from a virtual world.

Misuzu: A virtual world!? Cool!

Erica Haddock: It was really cool to see.

Me: We were amazed when we saw it.

Eli: We sure were and it really put our technological power to good use.

Stacy: And I'm another Gene Slammer. One of the first, actually

Misuzu: Really? That is cool! What creature are you?

Stacy: Sawshark.

Misuzu: Wow! That's amazing.

Erica Haddock: I too am a gene-slammer. Tyrannosaurus Rex.

Hikaru: Wow! That's amazing!

Nico: We killed the one responsible for the first Gene Slammers

Me: Dr. Luther Paradigm.

Hikaru: WHOA! I heard about him! He was a monster!

Me: Yep. He was. He's gone for good now.

Eli: Good riddance.

Nico: So, what's been going on since last visit?

Hikaru: Well…

ALARM BLARES!

We went to the Computer and saw FIVE KING!

---

By using the Victorium energies that Vorst as Gan-Q collected from Shepherdon, Exceller used the power to Monslive himself with five

Spark Dolls, Golza, Melba, Reicubas, Gan-Q, and Super C.O.V., becoming Five King. Exceller/Five King appeared from the sky and challenged Ultraman Ginga Strium and Ultraman Victory to a fight. Ginga Strium and Victory fired their finishers on him but he used Gan-Q's power to absorb their attacks and return, with Shepherdon stepping in and taking the blow. Enraged, Sho/Victory charged but Five King used Golza and Melba's attacks to knock him down. Hikaru/Ginga charged while armed with the Ginga Spark Lance but was defeated by Super C.O.V.'s attack. Everyone could only watched the whole event in horror as Five King roared in victory and retreated.

After ordering Android One Zero to self destruct in the UPG Live Base, Exceller turned into Five King again and rampaged at the city. Hikaru left Sho to battle One Zero, while he borrowed three Spark Dolls, EX Red King, Eleking, and King Joe Custom to battle Five King. He first transformed into EX Red King to fight Five King. He tried to punch him, but his armor proved too much and Five King knocked him down with his Gol Melba Cannon. Hikaru then transformed into Eleking to fight him but his Gan-Q hand absorbed the electricity Eleking gave him and sent it right back at him, defeating him. Five King then went up against King Joe Custom and defeated him by blocking off the robot's energy blasts, grabbing hold of him with his Reicubas Pincer and using his Gan-Q hand to fire with his Gan-Q Beam. With the UPG members finally put their plan to motion, the two Ultras revived and managing Sho and Hikaru to transform. Arriving at Five King, Victory distracted the chimera monster with his Victorium Slashes for Ginga to get close to destroy his Victoriums with his Ginga Spark Lance, reducing Five King's power. Victory goes on the same plan (used Sadola's Sadola Scissors and EX Red King Knuckle to counter Reicubas's pincer and Victory Especially to counter Super C.O.V.'s attacks) while Hikaru/Ginga Strium destroy Five King's parts: Reicubas Pincer with Ultraman's Spacium Beam, Gan-Q hand with Zoffy's M87 Beam, Golza and Melba head with Ultraseven's Emerium Beam, Super C.O.V. torso with Ultraman Jack's Ultra Shot and Melba wings with Ultraman Ace's Metalium Beam and Victory's Victorium Shoot (while the monster tried to escape). He put an end to Five King by using Ultraman Taro's Strium Beam as the monster exploded. Though destroyed, but Exceller managed to escape Five King, unharmed while the dolls were still in his possession and swearing vengeance on the Ultras.

* * *

Me: WHOA!

Nico: OH MAN! FIVE KING! HE'S FUCKING UGLY!

Me: I remember this ugly freak!

Eli: Me too! He was brutal!

Nico: Hikaru, before we head out, here's your ProgriseKey.

Me: You're going to like your archenemy.

Hikaru: Awesome! Thanks!

Me: Yep.

We were off.

* * *

We were flying.

Zixx: He's here somewhere.

We saw him in a meadow!

Me: There he is!

Hikaru: Lets get him! GINGA!

He turned into ULTRAMAN GINGA!

Eli: We're going to need Kaiju Power! GODZILLA!

A familiar roar was heard!

GODZILLA THEME PLAYS!

Godzilla came!

Eli got on his shoulder!

Godzilla: So Five King next! This will be good.

Aruto: HENSHIN!

He turned into ZERO ONE!

Godzilla fired an Atomic Ray blast from his mouth and it hit Five King and exploded all over!

KRABBBBBBOOOOOOOOOOOMMM!
KRABBBBBBBOOOOOOOOOOMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBBOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOMMMM!

He was blasted all over!

Nico: Take that you ugly!

Progrise! Let's rise! Le-Le-Let's rise!

Aruto turned into MetalCluster Hopper

Eli: AWESOME!

Hikaru: Lets see what this can do!

UNIVERSE 666 ENERGON MIRAGE'S MISSILE SHOWER ILLUSION!

Hikaru: ENERGON MIRAGE MISSILE FIRESTORM!

He fired a massive wave of missiles and Energon blasts and the blasts hit Five King and exploded all over!

KRABBBBBBBBOOOOOOOOOOOOMMMM!
KRABBBBBBBOOOOOOOOOOOMMMM!
KRABBBBBBBOOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOMMMMMM!

KRABBBBBBBOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOMMMMM!

Hikaru: WHOA! That was awesome!

Me: Yeah it was!

Hikaru: And Universe 666?

Me: Long story. We'll tell you later.

But then a massive blast of fire swooped in and instantly it turned into ice!

Me: Endothermic fire!?

Nico: Uh oh.

Then out came a girl with red hair and red eyes and black clothes and had Ultimate Big Chill's wings and a tiara with the symbol of Ultimate Big Chill on it.

Me: (GASP) Chione Big Chill!

Eli: The Embodiment of Ultimate Big Chill!?

Me: Yep. She's half Evolved Necrofriggian and she has intensely powerful Endothermic Fire and enhanced powers of Big Chill

Chione Big Chill: Help me J.D.! (Clutches head) HELP ME!

Me: Hang on Chione!

Trumbipular: Just like old times!

Chione blasted endothermic fire at Trumbipular.

She froze him in place!

I fired a massive wave of fire and blasted her and then fired an electron laser blast of the antidote!

It was injected into her.

Stacy charged at her

She fired waves of lightning and electrocuted her.

Godzilla fired more atomic ray blasts! Explosions blasted off all over!

KRABBBBBBBBOOOOOOOOOOOOMMMM!
KRABBBBBBBOOOOOOOOOOOMMMM!
KRABBBBBBBOOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBOOOOOOOOOOOOMMMM!
KRABBBBBBBOOOOOOOOOOOMMMM!
KRABBBBBBBOOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOMMMMM!

But then GODZILLA SURGED WITH INTENSE RED ENERGY!

He fired a massively stronger Red Atomic Ray Blast and powerful fiery explosions blasted all over!

---

Five King was REALLY BLASTED ALL OVER!

Trumbipular broke out of the ice and rammed Chione down.

?: (ECHOING) OMEGA BURST!

A massive and powerful blast of fire flew in and it hit Five King and a massive fiery explosion rang out!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was really blasted all over!

Out came AncientGreymon!

Me: AncientGreymon!

Eli: Awesome!

AncientGreymon: (in a girls voice) That will show him!

Nico: Gabrielle Ancient Grey! Whoa!

Aruto got out his ProgriseKey!

ANGEL ROIDMUDE'S FLIGHT OF FANCY!

He spread wings of light and blasted Five King all over!

I fired waves of fire and blasted Chione.

The antidote took effect and she was back to normal.

Her red eyes were part of her.

Chione Big Chill: (Groans) What happened?

Me: Ugly story.

I went over and carried her.

Zixx got out her ProgriseKey!

CHICKENBALL Z MANDY'S FIGHTING SPIRIT!

She flared up a yellow aura and flew at Five King and bashed and pulverized him.

Stacy used her ProgriseKey!

RANAMON'S WATERS OF DARKNESS!

Stacy: (Echoing) DARK VAPOR!

She fired a wave of dark mist and blinded Five King!

Erica got out her ProgriseKey!

CARNOTAUR'S MEAT FRENZY!

She fired a wave of energy and blasted Five King!

Me: YEAH!

Eli: Take that!

The Loud Kids fired their elemental blasts and blasted Five King!

Aruto: There's only one team that can stop you. And that's us!

Me: And we're going to do it by kicking your UGLY FUCKING ASS!

Eli: YEAH!

Nico: Lets finish him!

Hikaru: With pleasure! GINGA SUPER RAY!

He fired a massive blast of energy and it hit Five King and he exploded with incredible power!

EXTREMELY MASSIVE AND POWERFUL FIERY EXPLOSION!

He was dead!

Nico: YEAH! Five King you have failed this world!

I caught the Spark Doll of him.

Me: Awesome.

Gabrielle reverted back and was a girl with orange hair and orange eyes and red and orange clothes and had fire angel wings and had the symbol of AncientGreymon in the middle of her forehead and on her skirt and had the symbol of fire on her arm and in her hand was EmperorGreymon's sword.

Gabrielle Ancient Grey: That was awesome!

We regrouped!

Hikaru: Just like old times huh?

Me: You said it Hikaru! Just like old times!

We high five!

Nico: Boy J.D. you had a lot of fun with Hikaru before you made the team.

Me: Yep I sure did.

Chione Big Chill: That was cool though!

Me: It sure was. Are you going to be all right Chione?

Chione Big Chill: Yes I will be. Thanks to you.

Me: Good.

Gabrielle Ancient Grey: Awesome.

Lincoln: Do you have any favorite memories of Nico?

Gabrielle Ancient Grey: I sure do. When me and Nico were over in the Digital world and found out more about the 10 Legendary Warriors and that was a really awesome and amazing adventure.

Me: That is cool! Then you must've heard about how we…

Gabrielle Ancient Grey: Destroyed Lucemon? That's right. Ophanimon told me and my fellow Gene-slammers of the 10 Legendary Warriors everything. That was awesome. Thank you chosen one.

Me: It was my pleasure.

Chione Big Chill: Chosen one?

Me: Big story on that.

Nico: Yep.

Nico and Gabrielle hugged.

Nico: I've missed you.

Gabrielle Ancient Grey: Same here.

Luna: That was so rockin dudes!

Samurai Jack: It sure was!

Marina: I'll say!

Hikaru: Luna, ever since I met you, Jack, and Marina, I've seen you 3 as my older siblings.

Luna: Really!? That's sweet dude!

Marina: Awesome!

Samurai: It sure is nice.

They hugged him.

Lori: That literally makes you our sibling too.

They hugged him.

Me: I guess that makes me…

Hikaru: Come in here bro!

I hugged them. Eli joined in too.

EVERYONE LAUGHED!

Nico took out his phone and took a picture of us all together.

We went back home.

---

We later came back.

May: How did it go guys?

Me: Really awesome!

We told everyone everything and it was awesome!

Camie: That is cool!

Me: It sure was.

Nico: Yona, for you, Himiko, Fiona, Marie and Nicole Hernandez, and Carlota's first mission, Boy Lynn and the Dark Turtles should come.

Yona: Wow! Yona excited for this!

Himiko: YAY! This is gonna be awesome!

Camie: It sure is!

Lola: We're excited for this one!

Me: Me too! Yona your missions are gonna be for Kamen Rider Geats.

Yona: WHOA! Yona excited for this one a lot!

Me: Yep you sure are.

Poromon wondered what he was going to get. He then decided to get video games.

We went to every store and got it all. We got clothes, books, games, toys, comics, electronics, jewelry and more! WE PRACTICALLY EMPTIED ALL THE SHELVES!

Manaphy: We're not heartless. We still left several items for others.

Me: Good.

We spent what would have been over $1,000,000.00 on everything. But because of our discount we got everything for only $10,000.00!

Nico: Boy what a saving day!

Me: No kidding! What a haul!

Camie: Yeah!

Sakura Knudson: Boy I didn't know you guys get an amazing discount on everything on Black Friday.

Lola: It's awesome for us.

Our stomachs growled.

Me: Getting hungry. Lets head to the food court and get some grub.

Nico: Good idea.

Poliwag: I'm hungry!

We went and got a lot of good food.

Me: (Slurping ramen)

Nico: (Eating chicken wings)

Goku: (Eating ribs) Ahh this is good stuff!

We were really eating everything all over.

Horsea: What should I eat?

Maria: (Eating Soup) Pick what you want.

Horsea was eating sushi.

?: Boy all that looks awesome.

We saw a girl with red hair, red eyes, red clothes, fire angel wings and a tiara with the symbol of Torch Man on it and she had a fire sword.

Tamara Torch: Tamara Torch, Embodiment of Torch Man.

Me: Oh awesome to meet you.

Lynn Sr.: Hey! Awesome to see you Tamara!

Rita: The Queen of Spice is here.

Tamara Torch: Awesome to see you again Mr. And Mrs. Loud. Been a while.

Me: Want to join us? We got a lot of good food.

Tamara Torch: Sure. I'm starving.

She got to eating super spicy jambalaya and curry.

Tamara Torch: Mmm! (Eating)

Me: Boy Tamara you love the nuclear hot stuff like me.

Ed: (LAUGHS) You should see how much gravy she eats. Just like me.

Homer: (LAUGHS) And she loves chili like I do.

Tamara Torch: (GULP) Just like old times huh Ed and Homer. Sorry about Springfield getting destroyed though Homer. But I heard it was for the best.

Homer: Yeah that is true.

Eddy: (LAUGHS) You should see how much Gravy she eats next to Lumpy.

Tamara Torch: Yeah. You still doing those scams to buy Jawbreakers Eddy?

Eddy: On rare circles. But now I buy Jawbreakers for me and Luan here.

Luan: It's true.

Tamara Torch: Yeah.

Leni: How did you meet Ed and Homer?

Tamara Torch: I met Ed during Bottomless Gravy day in the School Cafeteria and I challenged him to a gravy eating contest. We both were tied.

Eddy: (LAUGHS) Yeah she has a big appetite for gravy like Lumpy does.

Leni: That is really totes amazing.

Homer: It sure is.

Tamara Torch: And I met Homer when he was still working in the Nuclear Plant. I beat up Mr. Burns for him from Time to Time and even gave him some of his money. I even strangled him too and made Homer rich.

Nico: Nice!

Tamara Torch: Yeah. But I got to know Homer best at the annual chili cookoff. We tried chief Wiggum's hottest ever chili made with Guatemalan Insanity Peppers and I loved it.

Homer: (LAUGHS) That was awesome for her. She has the toughest mouth ever.

Me: Just like me. Would you like to join us?

Tamara Torch: I would be honored.

Me: Awesome!

Lincoln: How did you meet mom and dad too?

Tamara Torch: I am a regular customer at Lynn's Table and I order their hottest ever curry on the menu: ARMAGEDDON CURRY SUPREME!

WE GASPED!

Camie: WHOA!

Me: GEEZ! No one EVEN DARES To touch that! It's made with my hot sauces times 1,000,000,000!

Nico: (GULP)

Tamara Torch: I know. But I became the queen of spice after licking a whole bowl of it clean. They put a picture of me on the wall.

Nico: That is awesome!

Lynn Sr.: She is a really gifted girl to eat that.

Me: Wow! No kidding!

---

We were at the mall doing some Black Friday shopping!

Poromon: Time for Shopping!

Me: Yep. Black Friday Shopping! The Busiest and most HECTIC shopping day of the year. The Day After Thanksgiving is always home to the the best deals.

Xenia: It sure is.

Lola: Yeah!

Me: And we always get a special discount on everything this day. 99% off everything!

Qin: Awesome!

Nico: What are we waiting for!? LETS GO!

We went on a shopping excursion!

Poromon wondered what he was going to get. He then decided to get video games.

We went to every store and got it all. We got clothes, books, games, toys, comics, electronics, jewelry and more! WE PRACTICALLY EMPTIED ALL THE SHELVES!

Manaphy: We're not heartless. We still left several items for others.

Me: Good.

We spent what would have been over $1,000,000.00 on everything. But because of our discount we got everything for only $10,000.00!

Nico: Boy what a saving day!

Me: No kidding! What a haul!

Camie: Yeah!

Sakura Knudson: Boy I didn't know you guys get an amazing discount on everything on Black Friday.

Lola: It's awesome for us.

Our stomachs growled.

Me: Getting hungry. Lets head to the food court and get some grub.

Nico: Good idea.

Poliwag: I'm hungry!

We went and got a lot of good food.

Me: Wow! No kidding!

We finished eating.

Goku: Ahh! That was incredible! What a feast.

Me: Boy you said it Master Goku. I'm stuffed. (BELCH) Oh pardon me.

We were full.

Laney: That was so awesome.

Tamara Torch: Boy it sure was. Thanks for lunch guys.

Me: Glad you liked it Tamara.

Poromon: Me, the other mascots, and the Underground Girls need to do something important later.

Me: Okay. Wonder what it is.

Poromon: Lincoln will tell you in his premonition when we get back.

Me: Okay. We need to unload our stuff anyway.

We later went back home.

---

We went to our rooms and unloaded everything we bought.

We were busy watching TV, and many of us were doing work-outs to continue staying in tip-top shape, especially Lincoln doing 900,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever and he was sweating like crazy.

Lincoln: We don't have long before the main mission starts, so I still got to keep myself busy.

Me: That's true, and we're also doing work-outs just like you, Lincoln.

Nico: Yep.

Then, we saw Lincoln deadlift a massive twenty-five-ton barbell with ease, and we were stunned.

Eli: Whoa!

And of course, the constant workouts that Lincoln has been doing had also caused his harem to get massive atomic red blushes on their faces, hearts in their eyes, and their noses were really bleeding upon seeing their hotter, sexier hunk of a future husband.

Lily the Mermaid: (Turned On) My God, Linky truly is one hunky muscle god.

Girl Jordan: (Turned On) Big time.

We finished our workouts, and Lincoln sprayed us with water and soap and we were all clean. Then, his harem kissed him on his face and steam whistled out of his ears and his face turned atomic red.

Me: Boy that was a great black friday shopping excursion.

Qin: It sure was.

Maria: Nico, which Gene Slammer do you think you'll meet next?

Nico: Blaze Heatnix next.

Me: Wow! Infernal!

Qin: Yeah!Poromon: Me, the other mascots, and the Underground Girls are going back to the mall because there are some burglers planning to break in there.

Me: Uh oh. Yeah there have been reports of mysterious break ins there.

Poromon: But it's actually the mall in Element City and in Gotham Royal York

Nico: WHOA!

Eli: That is interesting.

Lola: Wow!

Me: Two malls being hit at once!? That is interesting. So we'll have to split up and head there. Oh and Vyrpa gave us these for this.

I pulled out a bunch of weapons called the Destroyers of The Evil Versions of Molten Man, Hydro Man, Sand Man, and Cyclone, these are a collection of greatswords and blasters that'll really put the hurt on those evil versions of Hydro Man, Molten Man, Sand Man, and Cyclone.

Nico: NICE!

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and he had a vision, and he saw who it was that we're going to confront today: it was evil versions of Molten Man, Hydro Man, Sand Man, and Cyclone, and they're causing havoc in Element City. When we saw it, we knew it meant trouble.

Lincoln: Oh boy.

Lincoln sounded the alarm.

Nico: We heard the alarm, what's wrong, Lincoln?

Lincoln: Nico, everyone, we've got a seriously huge emergency, and I hope you guys are ready for an elemental battle: I just had a vision and I saw who it was that we're going to confront today, it's none other than evil versions of Molten Man, Hydro Man, Sand Man, and Cyclone, and they're causing havoc in Element City.

WE GASPED!

Luna: Dude, evil versions of Molten Man, Hydro Man, Sand Man, and Cyclone?!

Me: Whoa!

Nico: Oh man!

Me: That must be who we're going to face in Element City!

Ember: And fitting too.

Me: And coincidental too

Lincoln: And you're not going to like it: this was a contingency plan made by Rita Repulsa to get her revenge on us from beyond the grave.

Sebastian Mendez: (GROWLS) That old hag!

Me: What a sore loser, she was such a sore loser then, and she still is now.

Nico: We better take care of another of Rita's messes before it gets messier.

Lincoln: You got that right, and I'm so going to enjoy absorbing them.

Me: Yeah!

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his

Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and the rainbow colored iris of Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lynn Sr., and Rita's Third Eye, and everyone else's Third Eye glowed even more and our rainbow energy auras, rainbow protective auras, and rainbow fire auras flared up even more, as they sensed a dark energy signal with their eyes and the Force, and they saw who the figure was in the vision: the figure is none other than the feral animal Packing Day version of Lynn Sr., and that rampaging animal is coming after us to pummel us with snowballs. When we saw it, we knew it meant trouble.

Lincoln: Uh oh.

Rayman: I can guess that we got big trouble heading our way. Lincoln, who was it that you saw?

Lincoln: You guessed it, Rayman, and this is something none of us are going to like in the slightest. The figure we sensed belongs to the feral animal Packing Day version of Dad, and that rampaging animal is coming after us to pummel us with snowballs.

Me: Uh oh, what does he look like?

Lincoln took out his sketchbook and we saw Lynn Sr.'s feral animal Packing Day version, he looked like him, but with long wild unkempt brown hair, he had facial stubble on his jawline, he has hair on his forearms, he was extremely muscular with abnormally massive and powerful upper and lower body muscles and eight-pack abs and bulging veins, he has on a dark green coat with the sleeves torn off and he has thick chest hair on his massive pecs, he was only dressed in torn dark green shorts, and he was on all fours.

Lynn Sr.: Sweet cowbells, that version of me looks like a wild hairy gorilla!

MONSTROUSLY MEGA LOUD BELCH!

Me: Along with having Lynn's monstrous side on Packing Day.

Stella Parker: We'll be ready for him, we've dealt with Lynn on Packing Day before, this won't be any different.

Nico: Oh, this is gonna end badly for him. Alright, gang, let's go, we're heading out to Element City and we're going to destroy the evil versions of Molten Man, Hydro Man, Sand Man, and Cyclone.

Lincoln: This is going to be one awesome elemental battle, and once we get done with them, you're next, you monstrous beast.

Stella Parker: We knew this day was coming, but we've been through a lot worse with Lynn on Packing Day, but either way, we're stopping you dead in your tracks.

Lincoln put up a rainbow energy field around The World Tree Estate and all of us headed out to Element City and we're going to destroy the evil versions of Molten Man, Hydro Man, Sand Man, and Cyclone, and once we get done with them, Lincoln and Stella Parker along with me are going to destroy the feral animal Packing Day version of Lynn Sr.

We were off

Nico: (to the mascots and Underground Girls) You guys have fun stopping those burglers.

Qin: Will do!

Poromon: Lets get them!

We split up and went in 2 directions. Poromon and the Mascots and Underground Girls went to the mall and we went to the Element City Sector.

---

The mascots and Underground Girls were at the mall again.

Poromon: Here we are again!

Qin: Yep.

?: Hola guys!

They saw Bobby. He was a security guard now.

Nanette: Bobby? You work at the mall too?

Bobby: I sure do. I work as a security guard for the mall too.

Sheila: Perfect way for you to learn law enforcement like me.

Bobby: It sure is Sheila. And perfect timing. The burglars are coming.

Poliwag: Let's each hide in different stores and take them by surprise.

They nodded.

They got into position and hid in stores.

They kept an eye on the jewelry store because that is usually the best place to start.

---

Over in Element City we were blasting the evil versions of Hydro Man, Molten Man, Cyclone and Sandman

Me: Take a chill pill!

I fired a wave of ice and blasted Evil Molten Man and froze him!

Nico fired waves of fire and blasted Evil Sandman all over and turned his arms to glass!

Lincoln fired waves of ice and froze Evil Hydro Man.

Luna: I'm on a roll today!

Luna charged at the Hydro Man clone

She blasted it with ice and froze him more!

Kaz fired waves of fire and blasted Evil Molten Man all over!

Carmilla Cyclone: Take this windstorm!

She fired a wave of wind and blasted the Cyclone clone all over!

Qin: Take that!

Spiderman shot web at Evil Sandman and blinded him.

Lola fired waves of fire and turned him into glass!

Lola: Just like when we faced Amazing Spiderman Sandman!

Maria shot water at all of them and drenched them.

Nico: Take that!

Maria: (TURNS DIAL) FAULT SMASHER 6!

She summoned Fault Zone, Baku Phantom Tipiand, Hellyfish, Jaylah, Foof N' Scoops, Advanced Crystal Beast Amethyst Cat!

Qin: YEAH!

* * *

Back at the mall everyone waited. Then they saw a bunch of figures heading to the Jewelry Store. They were dressed in all black.

Poromon: There they are.

Nanette: Burglars sighted!

Poromon: Lets get them!

They went at them!

One Burgler made the mistake of moving near the store where Poromon was. He was in the Electronics store

Poromon: That's right come here. (ECHOING) LIGHTNING JAVELIN!

He fired a wave of lightning and electrocuted the burglar and knocked him out.

They went at the burglars and Qin kicked one and knocked him out!

Another Burgler got frightened and ran away… right into the store where Poliwag was hiding! Poliwag was hiding in the clothing store.

Poliwag: Take this!

He slapped him in his face with his tail! Knocking him down!

Another Burglar went towards Manaphy who was hiding in the book store. She bashed him down with an energy blast.

Another Burglar went towards Horsea who hid in the Toy Store and Horsea fired a hyper beam blast and blasted him down.

Another Burglar thought he was safe where he was.… he wasn't. Because he was in the store where Sydney was! It was the sporting goods shop.

Sydney: BOO!

She punched him.

Nanette punched and kicked a burglar.

Sheila punched a burglar in the face and Georgina kicked a burglar.

They were knocked out!

Sheila: Boy this group of burglars is huge!

Bobby (to Sheila, Qin, Kendra, Georgina, Rice, and Maxxine): What stores did you girls hide in?

Sheila: Chocolate store

Qin: Computer

Kendra: Game store

Georgina: Furniture

Rice: Tea Shop

Maxxine: Perfume Store.

Then we teleported in.

---

20 minutes earlier in Element City we were really blasting the clones.

Carol Cierra: Try this on!

She fired waves of Mediterranean Winds and blasted the Cyclone Clone all over!

Maria: EAT THIS ELEMENTAL BEAM!

Maria, Luna, Kaz, Lola, Carol Cierra, Lori and Lynn and Sand Girl Jordan fired waves of elements and the beams combined and blasted the clones in one fell swoop!

May: Had enough?!

The clones were almost beat!

Nico: Now to finish them!

Lincoln: Eat this, you monsters. ELEMENT STYLE: ELEMENTAL BEAM!

Jessica Kaios: FIRE STYLE: BURNING TORNADO!

Yuna Kamihara: WATER STYLE: RAGING TSUNAMI!

Toph: EARTH STYLE: BOULDER CRUSH!

Makoto Nanaya: WIND STYLE: CYCLONE BLADE!

R. Mika: FIRE STYLE: INFERNO WAVE!

Nanami Simpson: WATER STYLE: TIDAL CRUSH!

Julie Makimoto: EARTH STYLE: STONE WAVE!

Tatsumaki: WIND STYLE: TORNADO SMASH!

Lincoln and the girls fired waves of elements that hit the clones of Molten Man, Hydro Man, Sand Man, and Cyclone hard.

Lincoln and his harem: ELEMENTAL FINAL SMASH: ELEMENTAL BIG BANG BARRAGE!

Lincoln and his harem fired a massive Big Bang barrage based on the elements which hit the clones of Molten Man, Hydro Man, Sand Man, and Cyclone hard and exploded.

Then, Lincoln turned the tips of his tails into Cell's Stingers, and he stabbed them into the clones of Molten Man, Hydro Man, Sand Man, and Cyclone, and then, Lincoln began absorbing the clones of Molten Man, Hydro Man, Sand Man, and Cyclone into his body as he and all of us assimilated their elemental powers over fire, water, earth, and wind and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed and his halo glowed and his rainbow energy aura with elemental forces and mythological animals flared up extremely and he began growing even stronger.

When Lincoln was done and the stingers changed back, nothing's left of the clones of Molten Man, Hydro Man, Sand Man, and Cyclone, and he banished them to The Black Gates forever.

Nico: That'll teach those elemental clones.

Lincoln: And Rita Repulsa's attempt at revenge from beyond the grave has been foiled. Now, there's one last thing to do, and one last loose end to tie up: Dad's feral animal Packing Day self. Everyone, keep your eyes peeled.

Suddenly, in Feral Monster Lynn Sr.'s point of view as he hides in some trees, he moved the trees aside and was watching us menacingly as he was breathing, snorting, and grunting heavily, then, he pushed the trees back. Then, back to us.

MONSTROUSLY MEGA LOUD BELCH!

Suddenly, the twelve large planets orbiting around my legs, the twelve large planets orbiting around Lincoln's legs, the twelve large planets orbiting around the Loud Sisters' legs, the twelve large planets orbiting around Nico's legs, the eight large orange orbs orbiting Linka's legs the nine large orange orbs orbiting around TLPS Ms. Tarantula's legs, the ten multi-colored orbs orbiting around Duke Lincoln's legs, the eleven colored orbs orbiting around the Loud Sisters' legs, the eleven colored orbs orbiting around the legs of The Loud's friends, the eight large dark blue orbs orbiting around Ed Cowart's legs, the nine large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the nine large crimson red orbs orbiting around Naruto's legs, the eight large crimson red orbs orbiting around Tahu, Vakama, and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lars and Dudley Puppy's legs, the eight large pink orbs orbiting around Lexx Loud's legs, the nine large rose pink orbs orbiting around Steven Universe's legs, the nine large green orbs orbiting around Lynn Sr.'s legs, the nine emerald green orbs orbiting around Yakko Warner's legs, the nine large sapphire blue orbs orbiting around Wakko Warner's legs, the nine large hot pink orbs orbiting around Dot Warner's legs, the nine and eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eleven large scarlet red orbs orbiting around Lynn Jr.'s legs, the eleven coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the nine large aqua blue orbs orbiting around TLPS Mr. Shark's legs, the eight large blue orbs orbiting around Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Loni Loud's legs, the nine large yellow orbs orbiting around TLPS Mr. Snake's legs, the eight large yellow orbs orbiting around Lane Loud's legs, the eight large brown orbs orbiting around Larry Loud's legs, the eight large light green orbs orbiting around Levi Loud's legs, the eight large lavender orbs orbiting around Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago's legs, the eleven large colored orbs orbiting around Twilight Sparkle and her friends, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eleven large aqua blue orbs orbiting around Girl Jordan's legs, the eleven large colored orbs orbiting around Timmy Turner's legs, the eleven large gold orbs orbiting around Alex the Lion and the eight large gold orbs orbiting around Takanuva's legs, the nine large pink orbs orbiting around Rita's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our large gold Bracers of The Champions of the Universe and the Stones of Gelel that were embedded in the backs of our left hands and our gold halos with four orbiting gold rings surrounding the corners behind our heads were glowing, and that means we've got big trouble incoming, and the imps of The Fabled Gene-Slammers were already hissing with anger.

Lucy: He's here…

Then, we saw snowballs heading our way.

Nico: INCOMING SNOWBALLS!

Lincoln formed a massive indestructible diamond barrier infused with fire that protected all of us from the barrage of snowballs that came from nowhere and hit the barrier, but it stood strong and the fire melted the snowballs into water.

Lincoln: (Catches the scent) There's no mistaking the stench of B.O. from anywhere, come on out now, feral animal Packing Day version of Dad, or we're going to force you out.

A massive hairy muscular figure came out on all fours growling like a dog, it was the feral animal Packing Day version of Lynn Sr.

Nico: That's the feral animal Packing Day version of Mr. Lynn?!

Me: Yikes! He looks like a hairy gorilla!

Feral Animal Packing Day Lynn Sr.: (ROARS)

Lynn Sr.'s feral animal Packing Day self charged at Lincoln, but he punched him hard and he flew right into a wall, he got back up, but he roared and beat his hairy chest like a gorilla: HE WAS PISSED!

Stella Parker: Oh, roar yourself, you four-legged monstrosity.

Suddenly, Stella Parker's red eyes turned neon red and she was surrounded by a red energy aura with stars, fire, flames, fairies, phoenixes, and angels, she unholstered her massive greatsword from her back, and as she approached the feral animal Packing Day version of Lynn Sr., she left red energy, stars, fire, flames, fairies, phoenixes, and angels with every step.

Stella Parker: I shouldn't be surprised that you would show up, but I always knew you'd be coming because of the loud belches that Lynn let out when she goes psycho on Packing Day, but we've known you were coming and we're ready to take you and your feral team down!

Suddenly, Stella Parker was surrounded by a massive vortex of red energy with stars, fire, and flames surrounding the vortex, there are fairies, phoenixes, angels, and Fortune Lady Fire flying around the vortex, and in the vortex is a yellow phoenix with red eyes glaring at the feral animal Packing Day version of Lynn Sr.: the red eyes of eternal death.

Me: WHOA! Incredible!

Nico: So awesome!

Lincoln: We've all seen what happens when Stella Parker gets mad when she sees Lori, Lynn, Lola, Lisa, and Luan causing trouble, and now, that fury's about to be unleashed once again.

Then, as the vortex faded, Stella Parker emerged, but she was changed forever.

Lincoln, Stella Parker, and I went after Lynn Sr.'s feral animal Packing Day self, and we fired extremely powerful blasts of rainbow energy, crimson red energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at Lynn Sr.'s feral animal Packing Day self, and they exploded with incredible power as they hit him.

Then, we attacked him with energy slashes from our massive greatswords leaving scars on him and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at her as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well and Stella Parker also did the same by firing crimson red energy slashes from her massive greatsword, and he, Stella Parker, and I attacked him hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving Lynn Sr.'s feral animal Packing Day self even more madder and even more insane with rage as he let out another bellowing roar of rage.

Suddenly, Lynn Sr. turned the tip of one of his eleven massive and long brown wolf tails into Cell's stinger that opened up into a large sucker and he plunged it onto his feral animal Packing Day self's head and he was unable to fight back. Then, he sucked him into his body and absorbed him as the stinger changed back.

Suddenly, we felt Lynn Sr.'s power and energy rising astronomically, and then… !

SUDDENLY, AN EXTREMELY MASSIVE AND INCREDIBLY

POWERFUL RAINBOW FIRE EXPLOSION BLASTED OUT OF LYNN SR. WITH INCREDIBLY DEVESTATING AND UNBELIEVABLE FORCE! THE EXPLOSION WAS SO INTENSELY POWERFUL THAT EVERYONE IN 900,000,000,000,000 UNIVERSES FELT IT, AND THEN, IT FORMED INTO A MASSIVE JET OF RAINBOW FIRE AND IT FLEW OUT OF THE INFINITELY VAST WEB OF GALAXIES AND FORMED INTO A POWERFUL RAINBOW FIRE DRAGON, RAINBOW FIRE DRYAD, RAINBOW FIRE PHOENIX, AND RAINBOW FIRE ANGEL! IT CRIED INTENSELY WITH AMAZING POWER, AND THEN, THE RAINBOW FIRE DRAGON, RAINBOW FIRE DRYAD, RAINBOW FIRE PHOENIX, AND RAINBOW FIRE ANGEL WENT BACK TO EARTH AND LYNN SR. GAINED AN INTENSELY POWERFUL AND SUPERCHARGED ASTRONOMICAL POWER BOOST!

Suddenly, Lynn Sr. was surrounded by a massive vortex of rainbow energy with stars, rainbow fire, leaves, plants, fruits, and grapes surrounding the vortex, there are dragons, dryads, phoenixes, and angels flying around the vortex, and inside the vortex is a dark green phoenix!

Luna: HOLY GREAT BALLS OF FIRE!

Eli: WHOA!

Suddenly, The Unity Crystals on my J.D. FRUITSTORM PLANT DRYAD PHOENIX GOD ANGEL LOVE!

We were really amazed by Lynn Sr.'s Super Angel-Dryad-Dragon-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation, and when Rita saw him, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Lynn Sr.: (Divine Godly Cosmic Voice of The Cosmic Eternal Harmony Bacchus Sweet Grape Draconic Jungle Fruitstorm Plant Dryad Dragon Phoenix God Angel and Divine Cosmic Eternal Harmony Bacchus Sweet Grape Draconic Jungle Fruitstorm Plant Dryad Dragon Phoenix God Angel Love) Whoa! What the ding-dang heck just happened?

Nico: Have a look, Mr. Lynn.

Lincoln formed a mirror and Lynn Sr. saw what happened to him after he absorbed his feral animal Packing Day self, and he was amazed.

Lynn Sr.: (Divine Godly Cosmic Voice of The Cosmic Eternal Harmony Bacchus Sweet Grape Draconic Jungle Fruitstorm Plant Dryad Dragon Phoenix God Angel and Divine Cosmic Eternal Harmony Bacchus Sweet Grape Draconic Jungle Fruitstorm Plant Dryad Dragon Phoenix God Angel Love) Whoa! I've transformed just like you, Lincoln. (Flexes his even more massive muscles) (To Rita) Like what you see, honey?

Rita: (Seductive Voice) (Rubs Lynn Sr.'s massive pecs) You got that right, big, tall, muscular, manly, hairy, and handsome.

Lynn Sr. hugged Rita in his abnormally massive and powerful muscular arms and he leaned down to her face and kissed her on the lips which she returned as she also placed her hands on his massive pecs. When he broke the kiss, Rita still had an atomic red blush on her face, hearts in her eyes, and her heart was pounding like crazy.

Everyone cheered wildly for what Stella Parker, Lincoln, and I did as we holstered their massive greatswords on their backs and powered down and Stella Parker's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long crimson red wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, twelve large crimson red planets orbiting around her legs, and massive crimson red angel wings and medium sized crimson red angel wings underneath are permanent, and Lynn Sr.'s new body, clothes, weapons, jewelry, Third Eye, eleven massive and long brown wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, large twelve dark green planets orbiting around his legs, and massive brown angel wings and medium sized brown angel wings underneath are permanent.

Stella Parker: That's it for that hairy gorilla. Thanks for helping me take down your dad's feral animal Packing Day self, Lincoln, you too, J.D.

Lincoln: (Smiles Warmly) You're welcome, Stella.

Me: My pleasure, Stella.

Suddenly, Stella Parker wrapped her arms around Lincoln's waist, as her chest pressed against Lincoln's massive pecs and her stomach pressed against his eight-pack abs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned down to Stella Parker's face, they kissed passionately as she moved her hands onto Lincoln's massive pecs, and behind them was a Thunderbird, Phoenix, Dragon, Tiger, Mermaid, Angel, Fairy, Succubus, Incubus, Windigo, Demon, and Fortune Lady Fire flying in the air, and we saw a herd of Buffalo and many animals running across the field and elemental forces and flames raging behind them and we cheered wildly. Then, Lincoln and Stella Parker sucked in and absorbed the elemental forces and flames and they came back to us as the display vanished.

Nico: My God. Guys, what we just saw, THAT WAS ONE AWESOME FIGHT!

Nico ran to me, Lincoln, and Stella Parker and hugged us.

Luna: No kidding dudes, you guys taught that feral animal Packing Day version of Pops a lesson he'd never forget.

Luan: And Dad absorbed him and transformed and ascended just like Lincoln and J.D.

Me: You said it. So, Lincoln, who are we meeting on your rescue tomorrow?

Lincoln: I've got just the girl: Alina Anwar, Avatar and Gene-Slammer of Hieratic Dragon of Eset.

Arpina Apollonia: That's so awesome, and you guys are going to love meeting her, Alina Anwar is Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Light. She's the Avatar and Gene-Slammer of Hieratic Dragon of Eset, and she has powerful light powers and her favorite Duel Monster was Hieratic Dragon of Eset. She's also a powerful master and defender of Egypt's long history and she's the compassionate member of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades, who fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the order was tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Arpina and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Alina would be the next one to train him in mastering the powers of light. Lincoln made her a powerful light greatsword, and to show her thanks, Alina kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, the compassionate member and one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Me: Whoa.

Eli: Which means Alina has the powers of Isis.

Lincoln: That's right, she has the powers of Isis, and she's a powerful master of light.

Me: Yep. Lets get to the mall.

---

Then we teleported in at the mall.

Me: WHOA! There was a lot of burglars.

Nico: No kidding!

I pulled their masks off and saw that they were a bunch of people I've been trying to find for years!

Me: Well I'll be! It's Dirtbag Dan and his gang!

Sheila: The notorious serial burglar gang thats been wanted in 6 different countries and in 14 states!

Me: I've been after these guys for years!

Nico: WHOA! Well done guys!

Poromon: Thanks!

Poliwag: Are those clones taken care of?

Me: Yep.

Nico: But you guys did great!

Bobby: They sure did guys!

Me: Well these guys are looking at spending the rest of their lives in

prison.

Nico: Yep.

Horsea: And nothing here was damaged

Me: Thank goodness.

Nico: Now where is their loot they took?

Dirtbag Dan: I'll never tell you!

Ino: Allow me.

Ino walked through his mind and found his loot! It was located in an abandoned mansion outside of the city.

Sougo: You did good, sis.

Me: You all did great.

Qin: Yep.

Nico: This was awesome.

We later went back home and enjoyed the rest of the day and went to sleep.

Ace was watching all his friends, Michinaga included, move on with their lives without him. He didn't really care about whether they remembered him or not as long as they and everyone else was safe.

?: It's quite lonely without your friends, isn't it, Ace?

Ace turned to see Paradox there.

Ace: Who are you? And how do you know my name? I made sure everyone's memories of me were erased. (realizes something) Wait. Are you the Doctor from Doctor Who?

Professor Paradox: (LAUGHS) No no. Everyone says I look like him. But no I am Professor Paradox and I am a close friend and ally of Team Loud Phoenix Storm and Ben Tennyson.

Ace: Team Loud Phoenix Storm! Wow! They are the greatest heroes ever.

Professor Paradox: Indeed they are. And I am here to give you a second chance at life.

Ace: Really?

Professor Paradox: Yes and the Geats Team is not the same without you. So I'm going to take you to meet the team.

Ace: I would be honored to help them.

Professor Paradox: Wonderful!

They teleported away.

Nico: I wonder what Santa needs us for?

Me: We'll find out soon and it sounded really urgent.

Camie: Boy it must be really frantic.

Xenia: Yeah it must be big.

Sakura Knudson: I hope he's okay.

Varie: Me too.

Lola: Yeah no kidding.

Ember: I hope he's okay too.

Nico: Ember, I want to thank you, Flame Queen, and your teams for coming.

Ember: IT's no trouble at all Nico.

Flame Queen: This will be fun.

Wade Ripple: We'll make this really fun!

Nico: Wade what do you like to do in your free time?

Wade Ripple: I like to help Ember and her family in her shop and it's awesome.

Me: That's cool.

Ember: My family's shop is awesome and all the people of Fire Town in Element City love it.

Wade Ripple: I love hot food too.

Maria: Me too. It's funny how you and me have the same fiery reactions because we're made of pure water.

Wade Ripple: That is too true.

Maria: Although my pure water form can be accessed at will.

Nico: Yeah. But it's still funny.

Lola: It sure is.

Maria: Yeah I love a good laugh.

Nico: Me too. Boy we had a REALLY AWESOME black friday shopping excursion.

Varie: We sure did.

Me: And the mascots did a really great job busting a crime gang that I've been trying to bust for years.

Maria: I'm so proud of Horsea.

May: Me too with Manaphy.

Nico: And me with Poromon and Poliwag. How long have you been trying to bust them J.D.?

Me: 11 years. But they always were one step ahead of me because they usually struck at night. But they made a terrible mistake because the mascots and the Underground Girls were there on watch.

Nico: They sure were!

Qin: Yeah!

Me: Now those clods are in prison forever. Also battling the clones of Molten Man, Sand Man, Cyclone and Hydro Man was really awesome. And fitting too because we were in Element City.

Gale Cumulus: That is true.

Clod: I know. That was cool.

Me: It sure was.

Ember: You guys did a good job.

Me: Thanks. That was fun.

Qin: It sure was.

Camie: arrived in the North Pole and we were close to Santa's Village.

Nico grinned and threw a snowball at Maria!

SPLAT!

Maria: HEY! Oh yeah!?

Maria then threw a snowball and it splat in Nico's face!

Nico: (LAUGHS)

Me: We're here.

We saw that we were at Santa's village.

Me: Santa's Village.

Nico: Awesome place.

Qin: Yeah.

Lincoln: Okay, guys, we got ourselves a huge emergency, and this is one we're not going to like in the slightest: I just got word from the warden that our old enemy, Veruca Salt, has escaped once again, and she's here to destroy Christmas and Santa's village.

WE GASPED IN SHOCK AND WE WERE EXTREMELY PISSED OFF!

Me: THAT MISERABLE LITTLE BRAT!

Nico: THAT MONSTER! SHE'S SO DEAD!

Lincoln: Santa told us that she escaped from prison and she vowed that if she couldn't have Christmas, then, NO ONE WILL!

NOW, WE WERE NTH-DEGREE PISSED OFF!

Eli: I'M GONNA TAR AND FEATHER HER, AND THEN, I'M GONNA RIP HER APART LIMB FROM LIMB!

Lincoln: Hold on, as much as we want to kill her, she's still not worth killing. Instead, I've got a better idea: we're sending her to The Noto Prison and with a terrible curse I got for a spoiled evil brat like her, but I've also told her dad, and he's really really mad at her for ruining his reputation.

Qin: I can bet.

Lincoln: And that's not even the worst we're going to do to her: I heard Sebastian's going to unleash a horde of demons to torture her every night.

Nico and Qin gasped, along with the rest of his harem.

Qin: Oh God, is he crazy?! I've seen the demons he's summoned before, and they are really, and I mean, DANGEROUS AND CRAZY!

Suddenly, the rest of the team arrived, thanks to Lincoln's telepathic message.

Ed Cowart: We got here as fast as we could thanks to Lincoln's message.

Lori: We sure did.

Nico: You guys got here quick. Alright, let's get going and hunt down that spoiled brat!

Me: She's getting an even worse beatdown than last time!

Qin: Never again will we have to deal with that piece of garbage!

Me: Yeah!

We went into Santa's Village.

Me: Hello? Santa?

We saw the place desserted.

Nico: Looks like Santa and his elves are hiding because of Veruca coming.

Camie: Yeah. Remind me again who Veruca Salt is?

Me: She's a Spoiled Brat. She comes from a rich family.

I went over her history.

---

Veruca Salt is the secondary antagonist of the 1964 Roald Dahl novel Charlie and the Chocolate Factory, the main antagonist of it's 1971 adaptation starring Gene Wilder, and the secondary antagonist of it's 2005 adaptation starring Johnny Depp. She is the daughter of peanut factory owner Mr. Henry/Rupert Salt, and Mrs. Henrietta/ Angina Salt, and the second finder of Willy Wonka's golden tickets, allowing her entry into his factory.

Veruca Salt is the spoiled and pampered daughter of the Salts, her father of whom is the owner of a successful peanut factory. Having been spoiled by her parents and her high status, Veruca has become immensely arrogant and self-centered. She browbeats her father into giving into her every demands.

When Willy Wonka, the owner of a chocolate factory which had shut down, unexpectedly reveals he will be hosting a tour of his factory and has sent out five Golden Tickets to determine the winners, Veruca demands to be given one. To cater to his daughter's demands, Mr. Salt demands his worker's "shell" thousands of Wonka bars until one of them finds a Golden Ticket. Veruca becomes the second Golden Ticket winner, and is thus allowed entry into his factory, along with the poor Charlie Bucket, the gluttonous Augustus Gloop, the competitive gum-chewer Violet Beauregarde, and the TV-obsessed Mike Teavee.

Veruca is the third child to meet her downfall when she tours Wonka's Nut Room, where she takes a liking to Wonka's trained, nut-sorting squirrels. When Wonka refuses to give her one, Veruca enters the Nut Room and attempts to steal one, but is ambushed and overpowered by the squirrels, who then dispose of her in the garbage chute leading to the incinerator. Her parents join her shortly afterwards.

Veruca and her parents survives the ordeal and leaves the factory alive, albeit humiliated and covered in garbage.

Veruca appears in the 1971 film, portrayed by actress Julie Dawn Cole. Veruca is shown as one of the older and more prominent children to show up at Wonka's factory, as well as one of the more bratty.

Veruca berates and intimidates her father into finding her a Golden Ticket so she can go to Willy Wonka's factory. When she does get the ticket, she is approached by a man named Mr. Slugsworth, who asks that she get him an Everlasting Gobstopper in exchange for whatever she wants. At the factory, Veruca introduces herself to the factory owner, as well as meeting the other ticket winners. Veruca and Violet antagonize each other throughout the tour, shoving each other and insulting one another. Veruca also briefly tries to convince Charlie that Wonka is "bonkers", though he retorts that that's not a bad thing. Veruca, along with the other ticket winners, are given an Everlasting Gobstopper. However, when Wonka tells them to promise not to show it to anyone, Veruca crosses her fingers behind her back.

Veruca meets her end when she enters Wonka's Golden Egg Room and demands a golden goose from Wonka. When Wonka refuses, Veruca throws a tantrum and trashes the Egg Room before plummeting down the Eggdicator, having been deemed a 'bad egg'. Her father joins her soon afterwards. Wonka reassures the remaining guests that Veruca and her father will be okay, and presumably become more wiser from the experience.

When I was done everyone that hadn't heard about it was shocked!

Sakura Knudson: What a rotten egg! I hated that girl since I was a little girl. She is a total spoiled brat!

Camie: No kidding!

Me: She's like Princess Morbucks.

Nico: Yep and we battled her when we met Willie Wonka and the usual battles only had Vypra and Dark Spicer and were starting out.

Camie: Wow!

Lola: That was awesome though.

Homer heard a Pokémon cry.

Homer: Look here guys.

Homer found 5 Squirtles!

Me: Whoa a gang of Squirtle!

Poromon: Oh no not this again!

Poliwag: Yeah it's bad we had to deal with them in the park but now here?

Horsea: I don't think these are the same ones.

Me: No I think these are different. They don't have the tough glasses on.

Qin: Yeah.

Poromon: Oh. Okay.

Homer: Are you guys okay?

Squirtle 1: Yeah we're just cold.

Squirtle 2: We can't warm up.

Me: Well we're at the North Pole so no surprises there.

We got to warming them up.

Homer: There. Feel better now?

Squirtle 3: Thanks to you guys.

Nico: Awesome.

Me: Want to come with us?

They cheered.

Me: I guess that's a yes.

Suddenly, Lincoln's large gold halo with four large orbiting gold rings orbiting the corners behind his head glowed and the four large orbiting gold rings fired beams of light that formed into a viewing window and we see Stan and Steak Stankco dressed only in shorts and shirtless and still forced to mine and eat broccoli at The Broccoli Mine Prison in Canada, and they'd regained their abnormally massive and powerful upper and lower body muscles and eight-pack abs along with their massive physical upper body and lower body strength, but they were now as four times as big as The Hulk.

The two of them were grumbling like mad and there was no doubt they were plotting to escape once again, but then, we saw the barbell tattoos on their backs glow red. Suddenly, Stan and Steak were glowing with red energy, but then, their arms were raised and it looked like their wrists were bound with metal cuffs same with their feet.

Me: Uh oh, here we go!

Lincoln: Yep.

Suddenly, Lincoln made red portals appear in front of the Stankcos, and then, out of nowhere, Lincoln sprouted tentacles with suctions from his chest and all of the males on the team did the same and they went through the portals and they came out of the portals and latched themselves onto the massive pecs, necks, arms, and legs of Stan and Steak Stankco. Then, the tentacles began sucking the Stankcos' of their massive muscle mass, virility, and massive physical strength and they were groaning in pain as they began shrinking in muscle mass.

Then, all of the massive muscle mass, virility, and massive physical strength of The Stankcos began being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even more stronger.

The same thing happened to me, Nico, and all the males on the team and our abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on our bodies, and our massive angel wings spread out and glowed and our halos glowed and we also began growing even more stronger.

Lincoln: (Growls) Oh man, I haven't forgotten how potent this curse really is.

Me: (Growls) Yeah, this is really potent, but this still feels incredible.

Then, when Lincoln and all the males were done, the tentacles detached themselves from the pecs, arms, legs, and necks of the two meatheads and they went back into us as the portals closed, and we saw that Stan and Steak Stankco were thin as a rake and sucked bone dry of their muscle mass, virility, and massive physical strength again, and the glowing barbells on their back stopped glowing.

Stan and Steak Stankco: NOT AGAIN! (ENRAGED SCREAMING)

The viewing window closed as the four large orbiting gold rings stopped glowing and the light beams disappeared. Suddenly, we saw that we were even more bigger in muscle thanks to Lincoln's curse he put on The Stankcos.

Me: (Looked at my even more muscular body) Whoa. Lincoln, that Min's Egyptian Virility Drain Curse you put on the Stankcos is still really potent. But, look at us, now we're even more ripped than ever. (Flexes my even more massive muscles)

Lincoln: (Flexes his even more massive muscles) Yep, and this curse will be on them for all eternity. (Sensed for Veruca Salt) AHA!

Gotcha, you spoiled brat! I just spotted Veruca Salt, she's 20 yards away, and she's already causing havoc in Santa's village.

Nico: Let's tear her apart!

Lincoln: She won't get away with any of her crimes any longer. (Sensed Flip's musclebound thugs) Uh oh, hold up, I sensed a massive army of Flip's musclebound thugs also heading right for us.

Nico: (GROWLS) Flip, you stupid mutant cheapskate!

Me: That mutant just doesn't even know when to quit!

Suddenly, we saw ten massive armies of Flip's musclebound thugs arrive, and they came barreling towards us in a fit of rage.

Lincoln: Ugh, I knew there was no mistaking the stench of B.O. in the air!

Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even stronger.

I did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into me and my abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on my body, and my massive elemental angel wings with aurora and red tips spread out and glowed and my halo glowed and I began growing even stronger.

The other male members did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into them and their abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on their bodies, and their massive angel wings spread out and glowed and their halos glowed and they began growing even stronger.

When we were done, the vacuum tubes detached themselves from the chests of the thugs and went back into us, and the thugs were now dead from blood loss and thin as a rake and Lincoln fired a blast of red energy and destroyed them leaving them as ashes. Then, we set our sights on Veruca Salt.

Me: Lets go find that brat.

Qin: Yeah!

Eli: I'm going to rip her hair out of her head and inject her with so much gold that she will turn into gold herself!

Nico: You can't inject someone with gold.

Eli: I know. I was just upset that I messed up my words. Sorry.

Nico: No worries.

We walked around the place and saw some damage that was done by her.

Me: That little brat's been here.

Nico: And she's done some damage.

Lincoln: I'll fix her. (SNAPS FINGERS)

With one snap, Lincoln fixed up the damage Veruca Salt had done here to the village.

?: (MEGA ENRAGED VOICE) YOU GODDAMN LOWLIFE TRASH, YOU'RE GONNA PAY FOR THROWING ME IN PRISON!

Nico: Yeah, screw you too, you rotten bitch!

We then saw our target, Veruca Salt, and she was still out for our blood. Lincoln then formed a massive and indestructible diamond barrier that protected all of us from Veruca Salt as she got out a knife, but as she stabbed it into the barrier, it shattered. Then, she got out a machine gun and started firing and laughing like a fucked-up lunatic, but the barrier still stood strong, and that drove her completely ballistic. Lincoln formed a ball of steel and metal and he threw it and it hit Veruca Salt hard in the face and knocked out some of her teeth.

Nico: OOH! Man, that's got to hurt!

Me: Nice one!

Then, Lincoln deactivated the barrier and we stood ready against that piece of trash.

Qin: You goddamn good-for-nothing miserable piece of trash, I should've known you'd show your ugly fucked-up face again, I thought we were rid of you after the last time you broke out again!

Veruca Salt: SHUT THE FUCK UP, YOU FUCKING BITCH! I'LL KILL YOU ALL AND SPIT ON YOUR FUCKING REMAINS! YOU RUINED MY LIFE! I'LL DESTROY CHRISTMAS AND RUIN EVERYONES' JOY AND HAPPINESS!

Me: We'll see about that!

Veruca Salt: IF I CAN'T HAVE CHRISTMAS THEN NO ONE WILL!

Me: Just how delusional are you brat! You need to realize that having all the money in the world NEVER brings you any happiness! Because it doesn't buy you the good things in life like love, friendship, power and compassion!

Qin: You are just a petty petty and disgusting miserable excuse of a human being Veruca! You think that just because your family is rich and you came from such a high class lifestyle that you think you're so much better than everyone else that you can get ANYTHING you want! Well guess what!? YOU CAN'T! You can't always get EVERYTHING you want! You always will forever be alone because you don't care about ANYONE except yourself and that makes you a heartless evil and disgusting witch!

Veruca was ENRAGED!

Veruca Salt: NO ONE TALKS TO ME THAT WAY! I WANTED THE WHOLE WORLD AND NO ONE WOULD GIVE IT TO ME!

Me: Because the World is NOT YOUR OYSTER!

Qin: YEAH!

Me: And Nico correction you CAN inject gold. You just got to melt it down and inject it into them that way.

Nico: Oh. I stand corrected.

Veruca: DON'T IGNORE ME!

Me: Oh I'm sorry (Cleans out ear) did anyone get that because we don't speak in Spoiledbratinese.

WE LAUGHED!

VERUCA WAS REALLY PISSED OFF!

Nico: And are we not allowed to have side conversations?

Veruca Salt: NO BECAUSE I WANT YOU ALL TO DIE!

She went at us and then Sakura punched her in her face and knocked out some of her teeth!

She crashed into a table and blood dripped from her mouth!

Sakura Knudson: So much for daddy's precious girl.

The Squirtle charged at her and dealt 5 nasty skull bashes to her face!

Kushina: Boy you need a serious attitude adjustment ya know!

Veruca: OH LIKE YOU'RE ONE TO TALK YOU TOMATO HEAD FREAK!

WE GASPED!

Me: UH OH!

Xenia: She just pushed Kushina's button big time!

Kushina: YOU JUST MADE A BIG MISTAKE BRAT!

She went over and VICIOUSLY PULVERIZED VERUCA ALL OVER THE PLACE WITH THE FORCE OF A MILLION PILEDRIVERS!

Kushina stopped.

Suddenly, Sebastian flew into a rage and grabbed her hard by the throat and lifted her up off the ground.

Sebastian Mendez: You miserable two-faced conniving little brat! You've caused everyone all around you nothing but pain and misery! (NAILS TURN INTO CLAWS AND PUNCTURE HER NECK)

Veruca Salt: AGH! I'LL NEVER BEG FOR MERCY FROM TRASH LIKE YOU!

Sebastian Mendez: (EYES TURN MALEVOLENT BLOOD RED) I don't expect trash like you to even beg for mercy or ask for forgiveness, I want you to DIE!

Then, Sebastian viciously attacked Veruca Salt with demonic rage and fury, he slashed and cut her with his massive greatsword and claws showing nothing but utter malice to her, and he was spilling her blood all over, and the floor was dyed red with her blood! Sebastian was then about to gouge her eyes out but that's when a familiar Kamen Rider jumped down and got between them.

We gasped!

Me: WHOA! Ace Ukiyo!

Nico: Ace Ukiyo!

Qin: Ace Ukiyo! Kamen Rider Geats!

Ace Ukiyo: Thought you guys might like some help.

Me: But how did you get here?

Professor Paradox: I brought him here James.

Me: Professor Paradox! Wow!

Ace Ukiyo: Hey, Nanette. Missed me?

Nanette: Ace!

She hugged him.

Nanette: I thought I would never see you again.

Ace Ukiyo: Me neither. But I'm back.

Sebastion: Hey! I was in the middle of trying to gouge that brat's eyes out!

Ace: (pats him on the head) You, my angry little friend, probably need a time out.

Veruca: (plays innocent) Oh, thank you!

Ace: (to Veruca) And don't think you're off the hook either!

Me: We got a lot to talk about Ace. But we'll do that after we take care of those spoiled dirt poor brat!

Veruca Salt: WHAT DID YOU JUST SAY!?

Me: You heard me!? You're! DIRT! POOR!

SHE THEN SCREAMED IN EXPLOSIVE RAGE!

Ace: Henshin!

Dual On! Get ready for Boost & Magnum! Ready, fight!

He turned into KAMEN RIDER GEATS!

Me: WHOA! This is awesome!

Nico: I've loved this form!

Ace: Now, here comes the highlight!

Me: And that Highlight is where we kick your dirtclod butt!

Veruca Salt: (GROWLS)

Ace: Ooh nice!

Me: Thanks. Now watch this!

I pulled out Lord Drakkon's Desire Buckle!

I fired a wave of green energy and it hit Veruca and exploded!

Nico: I forgot about the new M.O.E. Desire Buckles we got!

Ace got out his Magnum Shooter 40X and started firing

He blasted her all over the place!

Me: Nice marksmanship!

Ace: Thanks!

Emu: That is so cool!

Nicole: Boy it sure is! Ace and the Geats team are very much like in video games. I would fit right in with that one.

Emu: You sure would Nicole!

Me: Lets see how she likes this one! HERE'S YOUR WARNING! YOUR ASS IS ABOUT TO BE KICKED!

I used Dark Spicer's Desire Buckle!

DARK SPICER! SET!

Me: DARK SPICER'S BLASTER OF DARKNESS!

I got a really cool blaster!

I fired it and blasted Veruca Salt all over the place!

Ace: WOW! Awesome!

Me: Thanks!

Ace jumped over Veruca and fired at her some more

She was hit all over the place!

Me: AWESOME! Get in my way and I'm going to Whack you in the Lobanza!

Nico: Get in his way and he's going to kick you in the fucking balls!

I used the Springfield Mafia's Desire Buckle!

SPRINGFIELD MAFIA! SET!

Me: SPRINGFIELD MAFIA'S ROUGHHOUSING OF PAIN!

I got nasty looking knuckledusters!

I then jumped and punched Veruca all over the place!

POW WHAM SMASH WHAM BIFF KROW!

Camie: TAKE THAT!

Ace Ukiyo: WHOA! YEAH!

Veruca: I'LL KILL Y-

Ace kicked a snowball in her mouth!

Nico: She's getting cold feet!

Lana had the Snowball Magisword out!

Lana: Her voice is REALLY STARTING TO GET ON MY NERVES!

Me: That is for sure!

I got out Mr. Freeze's Desire Buckle!

MR. FREEZE! SET!

Me: MR. FREEZE'S ICE RAY GUN!

I got his gun and fired a blast of energy and it hit Veruca and froze her in a block of ice!

Veruca then broke out of the ice!

Nanette: Let me join in!

Me: Go for it Nanette!

I gave Nanette her Desire Buckle for Beast Man!

Nanette: Lets do it!

BEAST MAN! SET!

Nanette: BEAST MAN'S CALL OF THE WILD!

She called forth a couple of Arctic Wolves and they mauled Veruca all over!

Qin: OH YEAH!

Fluttershy: (HOWLS)

The wolves Howled too!

Ace Ukiyo: That was awesome Nanette!

Ace: Just like old times, huh?

Nanette: You were always a fan of the obvious.

Me: That is true! We'll have to know more about that later.

Sebastian then jumped over and grabbed Veruca!

Sebastian Mendez: Time to finish what I was gonna do!

THEN, HE DID THE WORST THING HE COULD EVER DO: HE GOUGED HER EYES OUT WITH HIS CLAWS!

Veruca Salt: (SCREAMING WITH AGONY)

Me: OH SHIT! THAT'S JUST GRUESOME!

Ace Ukiyo: WHOA! Nasty!

Qin: This is what happens to those who cross him, and he has nothing but utter malice in his heart! We better get him off of Veruca before he kills her!

Nico: Yeah, I know.

Nico ran up to and grabbed Sebastian and kicked Veruca into a wall, she got back up, but she was now extremely pissed off.

Nico: Take that!

Melanie Money: Sebastian already did tons of damage to her, but now, it's my turn.

Suddenly, Melanie Money's golden yellow eyes turned neon golden yellow and she was surrounded by a golden yellow energy aura with stars, gold coins, money, other currencies, phoenixes, and angels, and as she approached Veruca Salt, she left golden yellow energy, stars, gold coins, money, other currencies, phoenixes, and angels with every step.

Melanie Money: You still make us sick even now, Veruca Salt. You have and always will be a miserable conniving two-faced murderous ruthless spoiled brat with an utter disregard for everyone around you, and you treat everyone around you like trash. That's something that I never could stand about you, and for that, I'm gonna tear you apart before Sebastian gets a chance to kill you.

Suddenly, Melanie Money was surrounded by a massive vortex of golden yellow energy with stars, gold coins, money, and other currencies surrounding the vortex, there are phoenixes and angels flying around the vortex, and in the vortex is a yellow phoenix with red eyes glaring at Veruca Salt: the red eyes of eternal judgement.

Me: WHOA!

Nico: Oh, this is gonna be good!

Lincoln: She's so done for.

Lincoln, Melanie Money, and I went after Veruca Salt, and we fired extremely powerful blasts of rainbow energy, golden yellow energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at Veruca Salt, and they exploded with incredible power as they hit her.

Then, we attacked her with energy slashes from our massive greatswords leaving scars on her and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at him as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well, and he, Melanie Money, and I attacked her hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving Veruca Salt even more madder and even more insane with rage as she let out an annoying shriek.

Then, Nico fired waves of water, May fired blasts of ice, and Qin fired blasts of fire, and Sebastian fired blasts of Divine Darkness that hit her and slashed at her with his dark greatsword, Then, Lincoln, Melanie Money, and I fired powerful blasts of energy, magic, stars, light, money, other currencies, and planets at Veruca Salt, and Lincoln summoned red and blue wolf spirits and they brutally mauled and attacked her and she got badly hurt. Then, Lincoln tied her up in a gold energy straitjacket, everyone cheered wildly as we holstered our weapons and powered down, and Melanie Money's new body, clothes, weapons, jewelry, eleven massive and long golden yellow wolf tails, 28th Century silver Miracle Box backpack, Third Eye, large gold halo with four orbiting gold rings on each corner behind her head, twelve large golden yellow planets orbiting around her legs, and massive golden yellow angel wings and medium sized golden yellow angel wings underneath are permanent.

Suddenly, we saw a limo arrive, and we saw Mr. Salt come out of the car, and he was pissed off when he saw Veruca Salt who turned pale.

Veruca Salt: (Scared) D-Daddy…?!

Mr. Salt: I am so absolutely disgusted by your behavior, Veruca! So, everything I'd heard from Lincoln was not only true, but I'd seen everything you've done in the past! You've absolutely tarnished my reputation with your despicable actions! I can't believe that you're even our daughter! What kind of person could do those evil acts to so many innocent people?!

Lincoln: Everything I told you long ago is all true, Mr. Salt. Your daughter is a totally insane homicidal monster with a complete disregard for the lives of those around her, she's been a nightmare to everyone and to us for years! She's gotten away with everything by using your reputation, and no one's been able to stop her, and let's not forget what she'd done to a lot of people who's crossed her path!

Nico: Not to mention all of her other despicable actions in the past!

Me: Your daughter's completely insane and a total monster who doesn't care about anyone except for herself!

Mr. Salt: You're right, and it's my fault for not noticing it sooner. I've done our best to raise you right, but instead, you went downhill and you started causing trouble, God knows how many times I'd been called to school involving yet another of your stunts. You've used my reputation to get away with doing horrible things to innocent people, and what you tried to do in the past to Charlie and his friends, antagonizing Team Loud Phoenix Storm, and now, trying to destroy Christmas to bring misery to everyone in the world, you will never

ever be forgiven for this!

NOW, SHE WAS IN TROUBLE!

Mr. Salt: You are nothing more than a spoiled brat and a Spawn of Satan, I have no daughter, you've ruined my reputation for the last time. Veruca, you are hereby disinherited from our family fortune and both the fortune and the estate will be passed on to your younger sister, Katie, who's leagues more decent, humble, kind, courteous, and amazing than you never will be, and you are officially disowned from the family forever. I never want to see your face again.

VERUCA SALT HAD A HORRIFIED LOOK ON HER FACE: SHE WAS NOT ONLY DISINHERITED AND EVERYTHING WOULD BE PASSED ON TO HER YOUNGER SISTER, BUT SHE WAS ALSO DISOWNED FOREVER AND TOLD OFF BY HER FATHER!

Nico: Disowned forever and cut off by your own father who now hates your guts? (Smirks and crosses arms) Man, talk about karma.

THAT REALLY SET VERUCA SALT OFF AND SHE ABSOLUTELY LOST IT BIG TIME!

Veruca Salt: (ENRAGED NTH-DEGREE FUCKED-UP SCREAM) TEAM LOUD PHOENIX STORM, TEAM LOUD PHOENIX STORM, TEAM LOUD PHOENIX STORM, EVERY SINGLE FUCKING TIME I'VE HEARD OF YOUR ACHIEVEMENTS AND YOUR NAME, IT DRIVES ME ABSOLUTELY INSANE TO NO FUCKING END! YOU CONSTANTLY RUINED ALL OF EVIL'S PLANS TO ENSLAVE AND RULE THIS PATHETIC PLANET AND YOU RUINED MY LIFE AT EVERY SINGLE FUCKING TURN, IF YOU HADN'T STUCK YOUR STUPID NOSE INTO MY FUCKING BUSINESS, THEN, CHARLIE AND THE REST OF THOSE LOSERS WOULD ALL BE DEAD, CHRISTMAS FOR THE WORLD WOULD BE RUINED FOREVER, AND EVIL WOULD FINALLY BE RULING THE WORLD AND THE ENTIRE UNIVERSE AND EVERY LAST MAGGOT ON IT WOULD BE FINALLY DESTROYED AND EVERY LAST MAGGOT WOULD BE BOWING AT THEIR FEET, AND THEY WOULD'VE FINALLY DESTROYED ALL LIFE ON THIS PATHETIC PLANET! I HATE YOU ALL SO MUCH TEAM LOUD PHOENIX STORM, I

HATE YOU, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE, HATE! HHHHHHHHHAAAAAAAAAAAAAAAAAAATTTTTTTTTTTTEEEEEEEEE!

VERUCA SALT HAD AN EXTREMLY REALLY MASSIVE KURATA STYLE BREAKDOWN TO THE INFINITE-POWER, AND THEN… !

EXTREMELY MASSIVE AND INCREDIBLY POWERFUL RAINBOW FIRE EXPLOSIONS HAD BLASTED OUT OF US WITH INCREDIBLY DEVESTATING AND UNBELIEVABLE FORCE! THE EXPLOSION WAS SO INTENSELY POWERFUL THAT EVERYONE IN 900,000,000,000,000 UNIVERSES FELT IT AND THEN, IT FORMED INTO MASSIVE JETS OF RAINBOW FIRE AND IT FLEW OUT OF THE INFINITELY VAST WEB OF GALAXIES AND FORMED INTO POWERFUL RAINBOW FIRE PHOENIXES, ANGELS, AND OUR FAVORITE MYTHOLOGICAL ANIMALS! THEY ALL ROARED AND CRIED INTENSELY WITH AMAZING POWER, AND THEN, THE RAINBOW FIRE PHOENIXES, ANGELS, AND OUR FAVORITE MYTHOLOGICAL ANIMALS WENT BACK TO EARTH AND INTO US AND WE GAINED AN INTENSELY POWERFUL AND SUPERCHARGED ASTRONOMICAL POWER BOOST!

AND WE EMERGED WITH RAINBOW VERSIONS OF OUR OUTFITS AND WE WERE NOW EVEN MORE POWERFUL THAN EVER!

Me: Wow, thanks for the supercharged astronomical power boost, you crazy psycho bitch.

Lincoln: Now, to deliver unto you your punishment.

Lincoln flared up his Eternal Darkness and Frozen Hellfire aura and he spread his massive white angel wings and their wingspan now measured at 8'11" in wingspan and his medium sized white angel wings underneath his massive white angel wings also spread out and they suddenly turned midnight black: blacker like The Eternal Darkness.

(LUNA'S FUTURE PLAYS)

Lincoln: (SINGING DIVINELY AS DARKNESS AND FROZEN FIRE SWIRLED AROUND HIM) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be, The future should be filled with magic, Dreams and wishes brought to life, But the days ahead are dark and tragic, No time for hope when all is strife, Whatever might have been, All the dreams that ponies share, Because of you, Veruca Salt, Now, the future is a cold nightmare!

Nico and I and most of us had shivers of ice and fear go down our spines as Lincoln sang that, and Lincoln fired waves of darkness from his massive angel wings and medium sized angel wings underneath his massive angel wings and they hit Veruca Salt, and her eyes were literally drowning in darkness and all of Veruca Salt's crimes finally came back to haunt her as she was being attacked and torn into by all of her victims and she screamed in terror.

Veruca was then hit with several arrows. We saw that they came from Sononi.

Sononi: Mess with Christmas, will you?

Veruca was then sent to the Noto Prison, and if that wasn't bad enough, she was also going to be attacked by demons Sebastian summoned into her cell.

Nico: (GULPS) Okay, now what on Earth was that curse?!

Lincoln: That was a curse I created for spoiled brats like her: it's known as The Seven Deadly Sins' Spoiled Brat Vengeance Curse, it's a powerful curse that causes the crimes the person hit by this curse to come back to haunt them as the darkness that enters into their eyes turn into the form of their victims who then proceed to attack and tear into the victim, and this curse will be on her until the day she dies.

Me: Yikes! And I also sensed that someone had filled her cell with demons.

Qin: Leave it to Sebastian to summon demons into Veruca Salt's cell to torture her every night.

Brittney: Now, she'll suffer forever for everything she's done.

Me: Good riddance.

Sononi: I did that for 2 reasons. First, me, Sonoza, and Sonoi love Christmas. And second, before today, I only sent 1 person to the Noto prison.

Me: Well those are good reasons. Also anyone that messes with Christmas will pay dearly. Also we need to send more bad guys to the Noto Prison more often.

Nico: Good idea.

Ace Ukiyo: That brat deserved it.

Nico: Nice job, Squirtle gang!

Squirtle 1: Thanks Nico! That was cool!

Me: It sure was.

Poromon: Yep

Sononi: I did that for 2 reasons. First, me, Sonoza, and Sonoi love Christmas. And second, before today, I only sent 1 person to the Noto prison.

Me: Well those are good reasons. Also anyone that messes with Christmas will pay dearly. Also we need to send more bad guys to the Noto Prison more often.

Nico: Good idea.

Ace Ukiyo: That brat deserved it.

Nico: Nice job, Squirtle gang!

Squirtle 1: Thanks Nico! That was cool!

Me: It sure was.

Poromon: Yep

Poromon got out beer bottles.

Poromon: Want some?

Squirtle 1: Oh no thanks. We can't drink.

Squirtle 2: We can't drink beer. We break out in hives.

Me: Ooh yikes.

Poromon: Oh boy.

Nico: And Poliwag don't do the Puppy eyes to them.

Poliwag: Okay.

But then..

Poliwag did them anyway.

Poliwag: Pwetty pwe…

BLANG!

Horsea bashed him on the head with a frying pan!

Horsea: HE SAID NOT TO DO IT YOU NITWIT!

Poliwag: (To Horsea) I'm sorry babe!

Horsea: NEXT TIME I'LL BASH YOU ON THE HEAD WITH A FISH CLUB!

Nico: Okay you 2 knock it off.

Ace Ukiyo: Geez that is funny.

Me: Yep.

Poliwag: (to Horsea) I'm sorry, babe. Forgive me?

Horsea: Oh of course I do.

Ace Ukiyo: Aww.

Me: That was awesome.

Ace Ukiyo: Yeah. And you guys must have so much to talk to me about.

Qin: We sure do. But it's awesome you're with us Ace.

Nanette: What happened? Where are Keiwa, Neon, Michinaga, and the others?

Ace Ukiyo (sighs): Long story short, I made sure to get rid of Desire Grand Prix and rewrite my world. But at the cost of everyone's memories of me?

WE GASPED!

Me: I remember seeing that! That was a tearjerker!

Nico: It sure was!

Qin: What a huge sacrifice!

Lola: Yeah!

Me: That makes you a true hero. What the Desire Grand Prix did REALLY PISSES ME OFF! Messing around with peoples feelings like that really makes my blood boil!

Nico: I know!

Girl Jordan: Can you tell us more about it?

Ace Ukiyo: It's a competition where the winner gets to have any wish granted.

Me: Like doing a real life video gaming tournament that makes wishes come true.

Ace Ukiyo: That's right.

Me: Except you play the games for real.

Ace Ukiyo: Yep.

Nicole: Boy we know how that feels.

Maria: Basically, it was like what Luthor tried to make J.D. do.

Ace Ukiyo: Well, yes.

Girl Jordan: So, if I were to win that, I could wish for a world without Carnage or Cletus Kasady?

Lincoln: Or better yet, a world without evil?

Ace Ukiyo: Hey, don't get any ideas. There's always a catch with those. Besides, like I said, I got rid of the DGP anyway.

Me: That's good! What they were doing was messing around with peoples minds for their own sick pleasure.

Nico: Yeah.

Ace Ukiyo: That's right.

Camie: That is pure evil.

Nanette: And I was the one who humbled Michinaga.

Me: I remember Michinaga wanted to do a world where no Kamen Riders exist. He was a crazy jerk.

Nanette: He was. But I got him to change his ways.

Me: Wow. I wanted to kill him for what he was going to do. But after hearing how you did that I changed my mind on that.

Himiko: Thank goodness.

Me: Yeah.

Kit Taylor: I just can't believe that there was a grand prix like that. That was horrible.

Me: What was awful about it was how they were using the power of Ace's mother for their own selfish purposes. If anyone deserves the Black Gates for everything they did it's some of the staff of the Desire and Jyamato Grand Prix.

Ace: And to be fair, Michinaga's friend was killed by evil Riders.

WE GASPED!

Me: I remember seeing that! Those monsters!

Nico: That was awful!

Sasuke Uchiha: I completely understant how Michinaga feels. I too was hellbent on revenge like him.

Me: Long story on that.

Ace Ukiyo: Oh man.

Me: I know.

Touma: But your series is amazing out of all the franchise.

Me: It sure is. For over 52 years Kamen Rider has been really amazing.

Ace Ukiyo: That is amazing.

Me: It was.

Ace: Still, not all Riders on my side are evil.

Horsea: I know Neon's adorable!

Ace: (LAUGHS) I'll be sure to tell her that.

Me: She will love that remark.

Ace Ukiyo: Wait last year we saw numerous massive explosions blasting off all over Tokyo and Japan over the course of 3 months.

Me: That was us battling all of the Kamen Riders major enemies.

Qin: It's true.

Camie: That was a really powerful series of battles.

Me: Yep. We helped all the riders because we owe them a huge debt. They helped us during a terrible event back on 2021 called the 20 Days of Darkness. From January 23rd to February 11th, 2021 we had to endure 20 of the most depressing days in our history.

Ace Ukiyo: Oh man that's awful! But that's amazing that they helped you guys back then.

Me: Yeah.

Ace Ukiyo: Sorry we couldn't help you guys back then. We were too busy with our own adventures back then.

Me: No worries but you had to do what you had to do back then.

Qin: Yeah.

Nico: And we fought Another Geats before today.

Me: That's right.

I pulled out a bag and showed him all the M.O.E. Desire Buckles we got.

Me: These are all the M.O.E. Desire Buckles we got after we battled Another Geats. You saw a few of them being used just a few minutes ago.

Jeri Jigan: Another Geats is my archenemy.

Ace Ukiyo: Wow! That is amazing.

Me: It sure is.

Ace Ukiyo: That's awesome. Wait Ikki? Wow!

Ikki: It's good to see you again, Ace.

Ace Ukiyo: Same here.

Me: I remember seeing Geats helping Revice back then. That was awesome.

Camie: It sure was.

Vice: And J.D. and the rest restored me.

Nico: It's true.

Me: We met Vice on Mustafar and it was amazing.

Ace Ukiyo: That is amazing! I'm glad they did.

Me: Yep.

Nico: Yona's your ambassador regarding your missions

Yona: That's me. Yona is me.

Me: Yona is from Equestria and she comes from Yakyakistan.

Himiko: I'm with her too. I'm Himiko Toga.

Nanette: Himiko is from the place where I did my ambassador missions with Izuku here.

Me: Himiko's world is where 80% of the entire population was literally born with superpowers.

Ace Ukiyo: WHOA! That is amazing!

Nico: Yep it sure is.

Carlota Santiago: And I'm going with them too. I'm Carlota Santiago. And I'm a gene-slammer of an Arburian Pelorota.

Nico: That's Cannonbolt's species.

Ben: Their home planet was blown up.

Me: It's true.

Ace Ukiyo: Oh man. That's awful.

Me: Yeah.

Fiona Hernandez: And also me and my sisters are going with them on Yona's missions. Reason is because we are the ones that cured Himiko. I'm Fiona Hernandez.

Marie Hernandez: I'm Marie Hernandez.

Nicole Hernandez: And I'm Nicole Hernandez.

Fiona Hernandez: We're the gene-slammers of the 3 Sacred Beast Cards and we cured Himiko.

Me: Himiko was born with a dangerously unstable quirk as it's called that was slowly killing her. She needed blood to keep living.

Himiko nodded.

Izuku: It's true.

Me: Yep.

Himiko: Also I have a really dark past.

Qin: It was awful.

Ace Ukiyo: What happened?

Me: Well it's not a very pleasant sight.

I went over what happened to her and it was HORRIBLE! From her childhood to where we cured her, her live was one that was a nightmare.

When it was done ACE WAS HORRIFIED!

Ace Ukiyo: Oh man! Himiko I'm so sorry.

Himiko: I know. But I'm better now. I don't have my old quirk that was killing me.

Ace Ukiyo: That's good.

Qin: It sure is.

Sheila: I think I remember one of the evil riders that's a target for my fellow officers.

Me: Really? Which one?

Sheila: Morio Koganeya.

Me: Oh yeah! I remember him. He was under Japan's radar for a while but they never caught him.

Qin: What did he do?

Me: Shady business dealings and illegal gambling.

Ace: He tried to get Keiwa disqualified by cheating

Me: Yeah he was also a dirty rotten cheater.

Lynn: That guy has no honor in the love of the game!

Rainbow Dash: No he doesn't.

Me: Another guy that I've been eyeing on Geats is Kanato Sumida. He wanted to wipe out all humanity because he was injured in a sports game.

EVERYONE GASPED!

Nico: That is TOTALLY FUCKED UP!

Me: I said the exact same thing.

Ace: This time, they're keeping their memories. Because when we beat them, I want them to never forget their upcoming humiliations

Nico: That you can count on.

Me: Let the torture come to them.

Qin: Nice.

Sheila: My fellow officers have wanted to arrest Morio for some time now

Me: I can tell you guys have been wanting to bring him in for a while. We'll rough him up and you can swoop in for the catch.

Sheila: Great! And Kanato can be his cellmate.

Nico: It's fitting.

Qin: Yep.

Ace Ukiyo: It sure is.

Me: Their Rider Forms can go into the M.O.E.

Nico: Good idea.

Horsea: I approve of that.

Me: Cool.

Ace Ukiyo: I miss my team though. They probably are going nuts without me.

Me: I know. But just hang on. You'll see them again tomorrow.

Nico: And we'll go with you.

Me: Yep. But now comes the fun part. We have the Anothers to take down.

Qin: Yep.

Eli: (Concentrates) WHOA. We got Another Flame Queen, Lawn Gnomes, Booger Beast, Graverobber (Yugioh), Sucksy and Torkdrift.

Nico: Whoa! So Ember, Wade Ripple, Gale Cumulus, Clod

(Elemental), Gingangel, the Deluxe Sushi Fairy (Yugioh) and Umbramirage the Elemental Lord.

Eli: Yep.

Qin: Cool!

Eli: And I sense that the anothers minus Flame Queen are one person.

Chancellor Puddinghead: This is gonna be awesome!

Then Chancellor Puddinghead's cutie mark was glowing.

Nico: Your Cutie Mark is glowing Chancellor. And that means only one thing.

KRASPLAT!

Nico got splattered in the face with pudding!

Nico: HEY! (Slurps) Mmm! Cookies and cream pudding!

Me: Boy the Anothers hit you good!

KRASPLAT!

I got hit in the face with pudding too!

Me: HEY! (Slurps) Yummy! Peppermint Vanilla!

Nico licked me!

Me: NICO!

Nico: Sorry.

Qin: Tasty.

Nico: There they are!

Out came Another Lawn Gnomes, Booger Beast, Graverobber (Yugioh), Sucksy and Torkdrift!

Nico: Whoa!

Me: Nice pudding gifts!

Another Lawn Gnomes: (In a girls voice) Glad you liked them

They merged and she reverted back and was a girl with brown hair and brown eyes and brown clothes and brown angel wings and had a tiara with the symbol of Chancellor Puddinghead's cutie mark on it and on her skirt and she had Chancellor Puddinghead's tail and a dessert bow in her hand.

Chancellor Paris Puddinghead: Chancellor Paris Puddinghead - Embodiment, Gene-slammer and Legacy of Chancellor Puddinghead.

Me: Wow madame Chancellor it's a pleasure to meet you.

Chancellor Paris Puddinghead: Same here to you all and I'm glad you liked my pudding.

Me: It's delicious. By the way is the Another Flame Queen friendly or hostile?

Chancellor Paris Puddinghead: Friendly and she is a fiery one.

Me: Nice!

May: Sorry we have to do this.

Girl Jordan: Lets separate you all first.

Girl Jordan and Leeli held hands.

(YURGEN'S TUNE PLAYS)

The skies had leaves and flowers flying in the wind along with sea dragons singing in the background

Girl Jordan and Leeli: (SINGING DIVINELY AS LEELI HAD FIREFLIES SWIRL AROUND HER AND GIRL JORDAN HAD HER AQUA BLUE AURA FLARED UP)

O holoré lay thee low

Holoél dark in the Deep

Down beneath the earth you go

Go holoré fast to sleep

O holoré lay thee low

Holoél dark in the Deep

Down beneath the earth you go

Go holoré fast to sleep

Fast to sleep

Dark holoré in the Deep

Rise again holoré now

Spring abundant holoél

Raise the rock

Raise the rock

Spring abundant holoél

They glowed and the anothers were separated.

Me: Action time!

We blasted the Anothers and we caught the Wonder Ride Books.

Me: YEAH!

Qin: OH YEAH!

Nico: And now we wait.

Commander Hurricane: And that will be good.

Then Commander Hurricane's cutie mark started to glow too.

Me: Commander Hurricane's cutie mark is glowing too.

Camei: Yep.

Nico: We know that that means.

Me: Yep. And there it is!

We saw ANOTHER FLAME QUEEN!

Me: Another Flame Queen.

Xenia: This one is hot!

Nico: Yep

Another Flame Queen: And proud of it!

She reverted back and was a girl with dark blue hair, blue eyes, blue angel wings, dark blue clothes and a tiara with Commander Hurricane's Cutie Mark on it and she had a weather sword in her hands.

Commander Carmen Hurricane: (Salutes) Commander Carmen Hurricane - Embodiment, gene-slammer and legacy of Commander Hurricane.

Me: (Salutes) Pleasure to meet you ma'am!

Commander Carmen Hurricane: Same here. And like all Pegasi I am a master of the weather and I have weather control powers. Also I can use fire too. Fire makes its own weather.

Nico: That is true.

Flame Queen: It sure is.

Kaito: (gets out Abaranger gear) Did Swartz promise you anything?

Zocks: (gets out Dekaranger gear) Because we can grant it instead.

Kaito got a Tyranno Staff and Zocks got an SPD Blaster.

Commander Carmen Hurricane: No he didn't. I blew him around in a tornado and knocked him around in it and ran.

Me: Nice.

Qin: Clever too.

Nico: Yep.

Sougo (gets out Dino Thunder Ridewatch): You're a commander, right?

Geiz (gets out SPD Ridewatch): Where are your soldiers?

Sougo got DinoThunderRedArmor while Geiz got SPDRedArmor.

Commander Carmen Hurricane: Back at my base in Kingdom Cloudstorm.

Me: Wow. That's interesting.

Qin: Yep.

Commander Carmen Hurricane: I'll tell you more about it later.

Me: Okay then.

Lincoln: Lets separate you first.

Lincoln did so.

Me: Lets do it!

Nico: (Gets out Flame Queen's Ridewatch) FLAME ON!

Human Torch: HEY! THAT'S MY LINE!

May: (Gets out Booger Beast's ridewatch) I hope I don't regret this.

She activated it.

May: AHH AHH AHHHHCHOOOOOO!

She fired a massive wave of snow from her nose and drenched the another in snot!

ME: OH SICK!

Maria: (Gets out Sucksy's ridewatch) I'll suck you up! In all honesty I used to play with a toy vacuum like sucksy back when I was a little girl.

They used the powers of Flame Queen, Lawn Gnomes, Booger Beast, Graverobber (Yugioh), Sucksy and Torkdrift and blasted the Another all over.

Horsea: Is that true Maria?

Maria: It was a long time ago.

Horsea: Oh.

Then May Kanker, Armadillo Phantom Loringus, Truck Phantom Tray Rise, Frog Fish Monster (SpongeBob), Granadora and Arsenic came.

Nico: WHOA! Nice team May!

May Kanker: Thanks Nico!

SPONGEBOB AND PATRICK SCREAMED AT THE SIGHT OF THE FROG FISH MONSTER!

Ed: We might not have feelings towards each other anymore. But I'm glad you have a team now.

May Kanker: Aw thanks Big Ed.

Leni: That is totes cool.

Nico: Yep.

?: And that is cool!

Then Blaze Heatnix came!

Me: Blaze Heatnix!

Qin: Hot!

Blaze Heatnix: (In a girls voice) Yep I sure am.

Nico: Blazerina Heatnix!? Whoa

Blazerina Heatnix: Yep. Awesome to see you again Nico and Qin. I got this.

She fired a wave of fire and blasted the Another and I caught the ridewatch and purified it.

Me: YEAH!

She reverted back and was a girl with orange hair and red eyes and had fire angel wings and had an orange bikini on and she had a symbol in the middle of her forehead in the shape of a phoenix in front of a flont.

Blazerina Heatnix: That was so awesome!

May: And I didn't get hit!

KRASPLAT!

May got hit in the face with a pie!

May: NOT AGAIN! (Slurps) Yummy! Cookies and Cream pie!

Phoebe Pie: Sorry May!

May: Who wants to lick my face!

Nico: ME!

Nico went and licked May.

May: (LAUGHS) That is funny.

Nico: (SLURPS) Tasty!

Blazerina Heatnix: (LAUGHS) Yeah.

Rarity: Lets get you into some new clothes darling.

The fashion brigade got new clothes for her and she was in orange clothes.

Blazerina Heatnix: Awesome outfit!

Maria: Thanks Blaze.

Manaphy licked May too.

Manaphy: (SLURPS) Mama you taste delicious!

WE LAUGHED!

Me: That is funny!

Wade Ripple: Do you have any favorite memories of Nico?

Blazerina Heatnix: When me and Nico were at my family's restaurant the Inferno Phoenix Cajun Food Paradise and we ate the spiciest burger ever and Nico and I loved it.

Me: Sounds like my kind of restaurant.

Nico: Yep.

Nico and Blaze hugged.

Nico: I've missed you Blaze.

Blazerina Heatnix: Me too Nico.

Me: Ace would you like to stay with us for the time being till tomorrow?

Ace Ukiyo: I would be honored guys.

We went back home

Stearns House, named after C.S. Stearns, a local merchant and banker who was involved with C.S. Stearns & Bros. and the First National Bank.

At first glance, it may look beautiful, but that's only a cover, the real C.S. Stearns House is a forsaken 19th Century mansion plagued by dark secrets from the past and harbors angry spirits from the past linked to a deadly love triangle that ended in murder as the banker was having an affair with a maid and when she died after falling down the stairs, he buried her in the basement, and it gets even darker: a demon also haunts the mansion inflicting terror and fear on all those who dare to remain there, and after we exorcise the house and drive the demon back to Hell, we're going after our next target: Conquest, a major antagonist in the Image Comics series Invincible, and we're going to destroy him and send him to The Book of Vile Darkness.

Lincoln: Whoa, we're here in Garden Grove, Iowa, and I know what we're going to do here, not only am I going to rescue the fifteen girls here, but we're specifically heading to The C.S. Stearns House, named after C.S. Stearns, a local merchant and banker who was involved with C.S. Stearns & Bros. and the First National Bank.

Nico: Why here, it looks really harmless.

Me: At first glance, the place may look beautiful, but that's only a cover, it's a forsaken 19th Century mansion plagued by dark secrets from the past and harbors angry spirits from the past.

Lincoln: These angry spirits are linked to a deadly love triangle that ended in murder as the banker who was having an affair with a maid who he pushed her down the stairs leading to the basement and when she died, he buried her in the basement, and it gets even darker: a demon also haunts the mansion inflicting terror and fear on all those who dare to remain there.

Ember (Elemental): So, what do we do?

Lincoln: We need to perform an exorcism on the house and drive the demon back to Hell, and send the angry spirits still haunting the house to their eternal rest.

We arrived at the mansion, and we already felt the darkness there, it was really dark.

Brittney: The concentration of the dark energy is in the basement, that's where the demon is at.

We headed to the basement and the darkness there is really powerful as our energy auras flared up extremely.

Nico: The basement, why did it have to be the basement?

Me: From what we know of horror movies, basements are always the creepiest places where many hauntings originate.

Lincoln: Now, we need to perform the exorcism and drive the demon out and back to Hell, and this'll also help the spirits of the house cross over to the other side.

We performed the exorcism and we said The Lord's Prayer, and that caused the demon to be trapped in a circle, and then, it was dragged back to Hell forever, and the spirits of those who remained in the mansion were able to move on.

Lincoln: There we go. Now, it's on to our next target: we're here to destroy Conquest, a major antagonist in the Image Comics series Invincible, and we're going to destroy him and send him to The Book of Vile Darkness.

Nico: He's going to be tough to take down, but we're not letting him live any longer.

We left the now exorcised mansion to hunt down and destroy Conquest.

Suddenly, we saw a very beautiful and super sexy girl with long light purple hair and pink headband, purple eyes, she was tall at 7'0" in height, she has the body of a goddess and large breasts, fair skin, she has massive and beautiful purple angel wings, she's dressed in a purple sleeveless crop top, necklace with a purple gem for the pendant, purple skirt, white bridal gloves, purple knee-high high-heeled boots with butterfly buckles, and long white sleeveless trenchcoat with stars, sunlight, dragons, phoenixes, and angels on the coattails and on the back is Hieratic Dragon of Eset, holstered on her back is a massive light greatsword with angel runes etched on the 7'9" massive, wide, double-edged golden yellow blade, large white angel faces built into both sides of the hilt, longer midnight black handle, and gold pointed tip for the pommel and with her are the fifteen girls.

Lincoln: (GASPS) Alina Anwar, Avatar and Gene-Slammer of Hieratic Dragon of Eset.

Alina Anwar: That's right, and I got the girls away from Conquest, and he's out to destroy us.

?: All of Earth will be conquered by The Viltrum Empire.

We then saw our target, Conquest, and he was out to destroy us.

Sylvester: Alright, time for your attempted conquest of Earth to end here and now!

Then, Lincoln turned the tips of his tails into Cell's Stingers, and he stabbed them into Conquest's chest, and then, Lincoln began absorbing Conquest into his body as he and all of us assimilated his Viltrumite Physiology, Regenerative Healing Factor, Superhuman Endurance, Longevity added to our True Immortality, Superhuman Equilibrium, Superhuman Durability, Superhuman Strength, Superhuman Reflexes, Superhuman Stamina, Enhanced Lung Capacity, Superhuman Senses, Superhuman Speed, Flight, and Reactive Adaptation and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed and his halo glowed and his rainbow energy aura with elemental forces and mythological animals flared up extremely and he began growing even stronger.

When Lincoln was done and the stingers changed back, nothing's left of Conquest, and he banished his soul to The Book of Eternal Darkness forever. We cheered as we holstered our weapons and powered down.

Lincoln: Your plans of conquering our world has taken a severe hit, and it won't be long before the rest of your race's plans for conquest end here. (To Alina Anwar) And it's so good to see you again, Alina.

Alina Anwar: You too, Lincoln, it's been seven years since we last met.

Suddenly, Alina Anwar wrapped her arms around Lincoln's neck and she proceeded to kiss him on the lips and then all over the place: face, arms, pecs, eight-pack abs, and stomach. When Alina Anwar was done, Lincoln was covered in lipstick marks on his face, massive muscular arms, hairy pecs, eight-pack abs, and stomach, and he had an atomic red blush on his face and he was literally in Heaven.

Lincoln: (In Heaven) That's… something I've not… forgotten.

We snickered.

Alina Anwar: Sorry about that, but it's so good to see you again, Lincoln.

Lincoln then wrapped his massive and muscular arms around Alina Anwar's waist and hugged her, and Alina Anwar is very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how much more stronger and how much more muscular he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face soon became even deeper when she saw his longer vampire fangs and more massive white angel wings and medium sized angel wings underneath with orange and aurora tips on the feathers, large gold halo with four large orbiting gold rings on each corner behind his head, along with hearing his mature, deeper, and manlier voice and seeing the larger white wolf ears with rainbow markings on his head, eleven massive and longer white wolf tails with rainbow markings and rainbow tips and white rabbit tail with rainbow markings on top of the massive and long white wolf tails, thick hair on his massive forearms, stubble on his jawline, and chest hair on his pecs, He-Man's chest harness, and many other accessories, and she also met his Rabbit Miraculous, Eini, the Universe 666 Miraculous, his familiars, the male white Rabbit Familiar, Alistair, the white Vampire Bat Familiar, Artemis, and the white Wolf Familiar, Seiko that came out of his backpack.

Lincoln: It sure has been a long time, I haven't seen you since you were seventeen, and as you can see, I really grew a lot since then.

Alina Anwar: Holy crap, you sure have, you've really really grown up to be very big and very strong like a tree, Lincoln, you've really grown a lot from the cute eleven-year-old little boy into a 18-year-old 8'9" tall, very handsome, and manly man with really massive and powerful upper and lower body muscles and eight-pack abs, and you still have those vampire fangs and massive white angel wings and medium sized angel wings underneath, that's so awesome, and the large white wolf ears on your head and the eleven massive and long white wolf tails with markings and white rabbit tail on top of the massive and long white wolf tails, hair on your massive forearms, beard stubble on your jawline, and chest hair on your pecs and many accessories and large gold halo with four large gold rings orbiting behind your head, that's really new, along with getting He-Man's chest harness. (Rubs his massive pecs) You've really really grown a lot and became a man, but you're still the same kind boy from long ago, plus, you've also grown even more bigger in muscle mass, you can land an airplane on that massive, wider, and more muscular back, squash a melon with those really muscular quads and thighs, and cut a rock into a diamond on those rock-hard eight-pack abs, and there's not even a tape measure long enough to measure that chiseled chest or massive biceps. Plus, I've also met your familiars, and they are really awesome.

Eli: And he'd also been hit with massive amounts of cosmic radiation and he'd been imbued with the same powers as J.D. and all of us, and he's become truly immortal.

Nico: And Lincoln, you know her?

Lincoln: Indeed I do, Nico.

Selene Emperyous: And so do we, this is Alina Anwar, Avatar and Gene-Slammer of Hieratic Dragon of Eset, she's Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Light. She's the Avatar and Gene-Slammer of Hieratic Dragon of Eset, and she has powerful light powers and her favorite Duel Monster was Hieratic Dragon of Eset. She's also a powerful master and defender of Egypt's long history and she's the compassionate member of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades, who fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the order was tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Arpina and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Alina would be the next one to train him in mastering the powers of light. Lincoln made her a powerful light greatsword, and to show her thanks, Alina kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, the compassionate member and one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Nico: Just like we heard yesterday, and we'd already sent Yami Marik and Dark Bakura to The Black Gates.

Alina Anwar: Good, those two were monsters.

Lincoln: Absolute monsters is the word I call them, and now that you're here, Alina.

Lincoln went up to and hugged Alina Anwar in his abnormally massive and powerful muscular arms, he leaned his head down the right side of her neck, and he slowly bit her and he fed on their blood, and we suddenly saw his rainbow energy aura with elemental forces and mythological animals flare up extremely as he gained an extremely astronomically huge and massive power boost and he also gained the very same powers as her, and his abnormally massive and powerful upper and lower body muscles bulged even more as veins formed, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails with rainbow tips and rainbow markings. He slowly unlatched his fangs from her neck as her neck healed and the puncture marks sealed up, and he also kissed where he bit her.

Alina Anwar: You're still just as gentle as ever when you feed on one of your Guardian Angels, Lincoln. Oh, Nicole, you better tell the others to head home.

Nicole: Why?

Alina Anwar whispered in Nicole's ears.

Nicole: Oh.

Nicole told the rest of us and we headed home, except for Lincoln's harem who remained with him.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love

appeared on the neck of Alina Anwar with purple gems on the gold lightning bolts and purple crystal links from her merged Crystal Necklace of The Buddha along with a white and gold-accented Elemental Thunderbird Choker of Eternal Love on her neck.

Alina Anwar: (Surprised) Lincoln, are these…?!

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means you're now part of my harem and my many future wives, Alina Anwar.

Alina Anwar had a smile on her face and tears streaming down her cheeks as Lincoln still had his massive arms wrapped around Alina Anwar's waist, and he leaned down to her face and kissed her on the lips, but when she placed her hands on his massive pecs, Lincoln deepened the kiss and Nicole cheered for them. When Lincoln separated, Alina Anwar had an atomic red blush on her face, hearts in her eyes, and her heart was beating like mad. Then, we went up to the fifteen girls, and when Lincoln saw the fifteen girls, he immediately recognized them. The fifteen girls are Fern from Frieren: Beyond Journey's End and Ai Dainose, Akiho Taniguchi, Ayame Kotegawa, Haruko Ishibashi, Hina Nagahama, Imari Kuniki, Keika Ueda, Kiyona Nogi, Machi Hanaki, Maria Sakai, Sanaka Suemori, Shizuha Inui, Suomi-Sensei, and Taemi Tegawa from Nudist Beach ni Shuugakuryokou de! The Animation.

Lincoln: Oh wow, it's Fern from Frieren: Beyond Journey's End and (Face turns red and his nose starts to bleed) Ai Dainose, Akiho Taniguchi, Ayame Kotegawa, Haruko Ishibashi, Hina Nagahama, Imari Kuniki, Keika Ueda, Kiyona Nogi, Machi Hanaki, Maria Sakai, Sanaka Suemori, Shizuha Inui, Suomi-Sensei, and Taemi Tegawa from Nudist Beach ni Shuugakuryokou de! The Animation.

Nicole: That's why Alina warned me to send Dad and the others home, Ai and her friends are… !

Lincoln: I've already got clothes for them. (SNAPS FINGERS)

Lincoln snapped his fingers and Ai Dainose, Akiho Taniguchi, Ayame Kotegawa, Haruko Ishibashi, Hina Nagahama, Imari Kuniki, Keika Ueda, Kiyona Nogi, Machi Hanaki, Maria Sakai, Sanaka Suemori, Shizuha Inui, Suomi-Sensei, and Taemi Tegawa are in sleeveless tops and shorts.

Lincoln: There we go. Are you girls okay?

Ai Dainose: Yes, we're okay, thanks to you.

Then, when Ai Dainose and the other fourteen girls saw who it was that saved them from Conquest, their faces turned atomic red upon seeing the 18-year-old 8'9" tall, handsome hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair and large white wolf ears with rainbow markings on top of his head with large golden halo in the center with golden angel wings on the bottom side and four large orbiting golden rings on each corner behind his head, thick hair on his massive muscular forearms and beard stubble on his jawline, rainbow colored thunderbird with gold lightning bolt in its claws and the Ebonwu Squadron emblem on its chest emblazoned on his forehead and Third Eye with rainbow iris, rows of straight teeth with vampire fangs, Crest of Miracles on his massive right pec and golden lightning bolt cutie mark with the thunderbird and comic books surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle on his massive left pec, Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his massive, wider, and more muscular back, and on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, Dragon, Tiger, Vampire Bat, Werewolf, and Buffalo and a Rinnegan-like marking, and right below the Cutie Mark tattoo is a rainbow kanji with nine magatama and the symbols of the elements in between the kanji that said, "Lincoln Landon Loud, Almighty Champion and Emissary of Hinon, Almighty Master of The Elemental Forces, The Storms, The Cosmos, and The Universe, Master of Hero Personas and Many Powers, The Loud House's Man With A Plan, Voice of Reason, Golden-Hearted Brother of Many Siblings, Almighty

Ai Dainose: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Lincoln made fourteen clones of himself, and he and his clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the thick muscular necks of Lincoln and his clones, and we cheered wildly at the scene, and he slowly bit them and he fed on their blood, and we saw his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails. He then slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them.

Akiho Taniguchi: (Seductively and rubs her hands on Lincoln's massive pecs) You too, big, tall, muscular, and handsome.

Suddenly, fifteen Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Fern, Ai Dainose, Akiho Taniguchi, Ayame Kotegawa, Haruko Ishibashi, Hina Nagahama, Imari Kuniki, Keika Ueda, Kiyona Nogi, Machi Hanaki, Maria Sakai, Sanaka Suemori, Shizuha Inui, Suomi-Sensei, and Taemi Tegawa with colored gems embedded in the lightning bolt links and colored crystal links from their merged Crystal Necklaces of the Buddha along with white and gold accented Elemental Chokers of Eternal Love on their necks. Lincoln, Nicole, and his harem returned to The World Tree Estate and they heard from the rest of us of the exorcism at the 19th century mansion in Garden Grove, Iowa, and they were shocked to find out the villain we went after was Conquest, a major antagonist in the Image Comics series Invincible.

But, when Lincoln showed what we all did in thrashing him into the ground and Lincoln absorbing him and he and all of us assimilating all of his powers and abilities and sending him to The Book of Vile Darkness forever, everyone cheered and they went up to us and hugged us and Lincoln's harem kissed him on the lips. Lincoln and Alina Anwar have a lot of catching up to do, now that she's back in town.

Maria: So, you guys not only did an exorcism at a haunted 19th century mansion in Iowa, but you also dealt with Conquest, the Viltrumite from Invincible.

Lincoln: Yep, and after we beat him down, I absorbed him and we assimilated all of his powers and abilities and sent him to The Book of Vile Darkness.

Nico: And we'll leave the fate of the Viltrumite race to Mark Grayson and his friends.

Me: That's a good idea, but we dealt a huge blow to The Viltrum Empire.

---

After Lincoln and all of us exorcised the 19th century mansion in Garden Grove, Iowa, and beat down Conquest and Lincoln absorbed him and sent him to The Book of Vile Darkness, we were training intensely in the gym, doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we were also doing 900,000,000,000,000 reps of tail bicep curls to get our eleven massive and long wolf tails even more stronger than ever as well, and when Alina Anwar saw Lincoln doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Alina Anwar: My God, I was right that Lincoln's really grown into a 18-year-old, 8'9" tall, really big, handsome, sexy, and extremely super strong manly man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs really hard at work, and really working out with those 900,000,000,000,000-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan, and he's also doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, and he now looks even more ripped than ever. He's definitely been continuing on bodybuilding and working out even more for many years, and because of that along with the combination of his diet plan that we gave him, along with his hyperpuberty and genes, he'd gained the powerful and massive body that all bodybuilders could only dream of. If anyone tried to mess with him now, they were in for a world of hurt and trouble, and he's always been there to defend and protect us from Chandler, his goons, Pablo, Anderson, and Hawk and Hank at school or out in public, and he was also quick to defend us from Lori, Lynn, Lola, Lisa, and Luan if they get out of search control again, along with Killjoy Huggins.

Lincoln: Yep, and I've also trained a lot under a lot of very powerful teachers, J.D. and Nico included, Alina, and I can still defend myself,

and in addition to getting stronger and bigger in muscle mass, I've also gotten smarter as well.

Alina Anwar: That's incredible, and we'd already known just how strong you were long ago ever since you did some wrestling and working out with some of the other Guardian Angels long ago, and we're so proud of just how much stronger you've gotten, and just how much taller you've gotten, along with getting that much bigger in muscle mass, and you've also been getting smarter as well.

Nico: You got that right, plus, we heard all of the stories from Lincoln about you girls and about how you all helped him in his training to become an emerging hero before Team Loud Phoenix Storm was formed, and how he grew from the little boy from years ago into the really big, really strong, and really powerful man we know today.

Alina Anwar: I knew it was only a matter of time before he told everyone that story.

And when Tracey Mink and the rest of my harem saw me doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear my mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get my eleven massive and long rainbow wolf tails even more stronger than ever, they had an atomic red blush on their faces, hearts in their eyes, and their noses were bleeding.

MONSTROUS LOUD BELCH!

Alina Anwar: What was that?! Lynn!

Suddenly, the alarm sounded, and when Lincoln checked the computer, he saw who it was that triggered the alarm: it was the feral animal Packing Day version of Finn the Human.

Finn: What the Jug?!

Lincoln: Oh man, that's your feral animal Packing Day version of you, Finn. Here's what he looks like.

Lincoln took out his sketchbook and we saw Finn's feral animal Packing Day version, he looked like him, but with long wild unkempt blonde hair, he has facial stubble on his jawline, he has hair on his forearms, he was extremely muscular with abnormally massive and powerful upper and lower body muscles and eight-pack abs and bulging veins, he has on a light blue coat with the sleeves torn off and he has thick chest hair on his massive pecs, he was only dressed in torn light blue blue shorts, and he was on all fours.

Jake the Dog: (YELPS) We better take care of that hairy gorilla and fast!

We flew out of the World Tree Estate and landed.

Lincoln: It's quiet. Too quiet, keep your eyes peeled.

Suddenly, in Feral Monster Finn's point of view as he hides in some trees, he moved the trees aside and was watching us menacingly as he was breathing, snorting, and grunting heavily, then, he pushed the trees back. Then, back to us.

MONSTROUSLY LOUD BELCH!

Lucy: He's here…

Then, we saw snowballs heading our way.

Nico: INCOMING SNOWBALLS!

Lincoln formed a massive indestructible diamond barrier infused with fire that protected all of us from the barrage of snowballs that came from nowhere and hit the barrier, but it stood strong and the fire melted the snowballs into water.

Lincoln: (Catches the scent) There's no mistaking the stench of B.O. from anywhere, come on out now, feral animal Packing Day version of Finn, or we'll force you out.

A massive and muscular figure came out on all fours growling like a dog, it was the feral animal Packing Day version of Finn.

Nico: That's the feral animal Packing Day version of Finn?!

Me: Yikes!

Feral Animal Packing Day Finn: (ROARS)

Finn's feral animal Packing Day self charged at me, but Lincoln punched him hard and he flew into a wall, he got back up, and he gripped his marine blue coat and tore it off and he roared and beat his hairy chest like a gorilla: NOW, HE WAS MEGA PISSED!

Lincoln snapped his fingers, and the white-haired, 8'9", handsome and extremely muscular man had on his new large orange and black speedo with a Thunderbird and a lightning bolt surrounded by elemental forces and stars on it with rainbow flames coming off the speedo, orange sandals, his jewelry and accessories, and he had his weapons holstered in case of trouble.

And Simulator Nani Pelekai, Leilani Waikia'i, and Aunt Cass are dressed in two-piece colored bikinis The Musiqidandi Sisters made for them, colored sandals, and they had their weapons holstered in case of trouble. Plus, we found out Simulator Nani Pelekai, Leilani Waikia'i, and Aunt Cass all had feelings for Lincoln, and he also had feelings for them, and he also saved them all from an ambush by a group of musclebound thugs Flip hired to kill them, Lincoln sucked out their muscle mass, virility, strength, blood, and life energy as it killed them all which made that mutant cheapskate go insane with anger, until Lincoln fired energy blasts at her and more gold and jewels and treasures came out of him, but they also got to keep their heads up, they got word that mutant cheapskate has sent more muscle-bound thugs to kill them.

Aunt Cass: Wow, so this is Orange Ocean. It sure is beautiful.

Lincoln: It sure is, Cass, and it's perfect for our first date. Shall we?

Lincoln, Simulator Nani Pelekai, Leilani Waikia'i, and Aunt Cass dived into the waters and they had fun swimming and they even saw the marine life there. Then, they went back to the beach and they had an awesome volleyball game, and Simulator Nani Pelekai, Leilani Waikia'i, and Aunt Cass got an extremely massive and deep atomic red blush on their faces when they saw Lincoln lift thirteen massive 900,000,000,000,000-lb barbells Lincoln summoned in his large and strong hands and thirteen massive and long white wolf tails, and they were really swooning over him.

But then, they saw the hulking muscle-bound thugs that Flip hired coming after them, but Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was

being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he also grew even stronger. When Lincoln was done, the vacuum tubes detached themselves from the chests of the thugs and went back into Lincoln, and the thugs were now dead from blood loss and thin as a rake and he absorbed them.

Lincoln: Nice try, you stupid mutant!

Then, they had some lunch, and then, as the sun was about to set, Lincoln made clones of himself and he and his clones went up to Simulator Nani Pelekai, Leilani Waikia'i, and Aunt Cass and they hugged the girls in their abnormally massive and powerful muscular arms and Simulator Nani Pelekai, Leilani Waikia'i, and Aunt Cass placed their hands on the massive pecs of Lincoln and his clones and wrapped their tails around their waists.

And then, they shared a passionate and romantic kiss and Lincoln slowly sank his fangs into Simulator Nani Pelekai, Leilani Waikia'i, and Aunt Cass and fed on their blood, and his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings and medium-sized white angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white tails with rainbow tips and rainbow markings.

He slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them. They came back home to The World Tree Estate, and Nico and I saw Lincoln covered in kisses on his face, body, and eight-pack abs.

Me: (Whistles) Wow, it looks like you really had a good time at Orange Ocean, eh, Lincoln?

Lincoln: (In Heaven) It… was… so… AWESOME!

Suddenly, three Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Simulator Nani Pelekai, Leilani Waikia'i, and Aunt Cass with colored gems on the gold lightning bolts and colored crystal links from their merged Crystal Necklaces of The Buddha and white and gold-accented Elemental Thunderbird Chokers of Eternal Love on their necks.

Lily the Mermaid: Wow, now Simulator Nani Pelekai, Leilani Waikia'i, and Aunt Cass are in your harem, Linky.

Simulator Nani Pelekai, Leilani Waikia'i, and Aunt Cass showed the marks Lincoln made on the right sides of their necks.

Hiro: I was stunned finding out Aunt Cass had developed feelings for Lincoln, but this happened when he saved her from Flip's thugs. Ugh, the sooner we kill him, the better.

Jenna: And Flip had some nerve trying to kill them, that mutant is just making things much worse for himself.

Serena Logan: I always knew that stupid mutant was and always will be nothing but fucking trouble, and he's just making things worse for himself.

Rarity: And trying to kill Simulator Nani Pelekai, Leilani Waikia'i, and Aunt Cass, now that repulsive ape is really going to get it.

Lincoln: And we also had a run-in with more of the hulking muscle-bound hired thugs he sent to kill us yet again, but I sucked out their muscle mass, strength, and virility and I killed them all and sent them to The Black Gates, and that dumb mutant should be screaming with pure vengeance and hate at us in 3… 2… 1!

Suddenly, we heard Flip scream and bellow with extreme hatred and rage and cursing right at us, and now, he's officially lost his mind.

Maria: (Flips Flip the middle finger) Yeah, up yours, you mutant three-butt-cheeked cheapskate!

Nico: Even after we kicked Flip's miserable hide, that mutant still

refuses to quit!

Lincoln: Same with Lewis Travolta, Dark Amy, Icky Vicky, Billy McLean, Pablo, Anderson, and the other jerks at Dad's restaurant, but it's much more fun to see their thugs get killed by me.

Eli: It sure is, and it's so much more fun seeing them blow their stacks!

We then saw Lincoln form a viewing window, and then, Lincoln snapped his fingers.

SNAPS FINGERS!

We saw a massive funnel appeared in Flip's mouth, and then, massive cartons of the extremely powerful laxatives that Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta appeared over the funnel.

Eli: (GASPS) ARE THOSE…?!

Nico: The extremely powerful laxatives Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta?!

Luna: DO IT, BRO!

Then, the extremely powerful laxatives were dumped into Flip's mouth and the funnel was removed. Then, Flip's stomach gurgled and rumbled, and then… !

MASSIVELY LOUD AND EXTREMELY WET FART!

Flip farted and massive tons of gold, jewels, gems, and other currencies exploded out of his three butt-cheeks like crazy!

Flip stopped farting like crazy.

Lincoln: That's for trying to get your musclebound thugs to murder me and the girls in my harem, you stupid mutant cheapskate!

Nico: Jeez. Those laxatives are really powerful, I still remember when you tried that prank on me years ago, Connor, but that failed.

Eli: Because of you using Walker's powers.

Connor Chan: Now, Flip's really pissing me off now, if he does this again, I'm gonna shove a grenade down his throat!

Nico: Connor, I know you're angry, but we're saving it for December 1st when we kill him, Icky Vicky, and Xehanort. Now, don't even think of getting into the weapons room or I'm telling Dad!

Connor Chan: Tattle tale.

---

Later it was time for another awesome Super Mario Odyssey adventure.

Nico: Lake Kingdom next for round 3.

Me: Awesome!

Nicole: You'll like who the next boss is for that one.

Me: Cool!

Lynn Sr.: Me and Rita will go with.

Nico: Okay Mr. And Mrs. Loud.

They went in and the simulator activated and they were at Lake Kingdom for round 3!

Nico: Any tips, Nicole?

Nicole: Well you guys already beat all the bosses for this level. Like I said you'll like who I picked for this one.

Nico: Okay.

Lynn Sr.: Lets get moving then.

Nico: You got it!

They were off!

Nico: I wonder who we're facing.

Rita: I have a feeling it will be good.

They got to the spot where they battled Rango and then out came a huge figure and it was CAVE GUY!

CAVE GUY ROARED!

Nico: Cave Guy! One of Freakazoid's enemies!

Cave Guy: My my if it isn't Nico Chan. Now I'm going to smash you into pulp and grind your bones into powder

Nico: That's too graphic!

Cave Guy: Oh yeah? Then come and…

POW!

Nico teleported and punched him square in the face and sent him crashing into a wall.

Nico: You aren't the only monkey that packs a wallop Cave Guy.

Cave Guy ROARED FEROCIOUSLY!

He went at Nico and tried to bash his brains out with his club! Nico dodged his strikes!

WHOOSH! WHOOSH! WHOOSH! SMASH!

His club smashed the floor.

Nico: Strong one.

Cave Guy: Hold still so I can crush you!

Nico dodged his strikes.

Nico then looked up and smirked.

Nico: I think you should look up.

Cave Guy: Oh yeah? Why?

But then he was grabbed by a bird feet and those bird feet belonged to SABERDRAMON! The black version of Birdramon! And on its back was a girl with yellow hair and blue eyes and yellow clothes and she had yellow angel wings surging with intense lightning and had a tiara with the symbol of Fuse Man on it!

Cave Guy: HEY! PUT ME DOWN!

Saberdramon: (In a girls voice) If you insist Primordial Slop Pit!

She dropped him and he crashed into the floor!

KRASMASH!

Nico: Ooh ouch! Whoa! Sabine Saberdra! Wow!

Sabine Saberdra: Yep. Awesome to see you.

Fasha Fuse: And Fasha Fuse - Embodiment of Fuse Man.

Luan: Hey wow! Fasha!

Lane: It's awesome to see her again!

Fasha Fuse: Luan and Lane! Wow! Awesome to hear your voices again. Its been a while.

They landed.

Cave Guy was infuriated!

Nico: (gets out Flame Queen, Princess Abi, and Tsubaki's Ridewatches) Time for these princessess to show you some flame magic!

Nico activated them and fired waves of fire and blasted Cave Guy all over.

Sabine flew into the air.

Sabine Saberdra: (ECHOING) NITRO ARROW!

She fired purple fireballs and they went at Cave Guy and he dodged them as massive fiery explosions rang out!

KRABBBBBBBBBOOOOOOOOOOOOOOOOMMMMMMMM!
KRABBBBBBBOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOMMMM!
KRABBBBBBBBOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOOOMMMMMM!

Nico: WHOA! YEAH!

Rita: Don't leave us out!

Lynn Sr.: YEAH!

Nico: Wouldn't dream of it!

Rita fired a wave of lightning and Lynn Sr. fired a wave of leaves and blasted him down.

Fasha Fuse fired waves of lightning and electrocuted him all over!

Sabine reverted back and was a girl with black hair and red eyes and black angel wings and black clothes and a symbol in the middle of her forehead for Saberdramon as well as on her skirt and she had a fire sword.

Sabine Saberdra: Take this jerk!

She fired blades of fire and blasted Cave Guy down.

He surrendered.

Nico: YEAH!

They got power moons and it was awesome!

Nico: Cave Guy will be perfect for the M.O.E.

Nicole: Yep.

Nico: That was awesome!

They high five.

Nico: How did you meet Luan and Lane?

Fasha Fuse: It's obvious. I met them at one of the birthday parties Luan, Lane and Eddy were performing at. They were having problems with electrical equipment and I fixed it for them.

Nico: That's handy and cool.

Fasha Fuse: Yep it sure is.

Rita: She was a lifesaver for that.

Nico: Awesome.

Sabine Saberdra: Yep. And Nico remember that funny time where I used my fire powers and burned that plane full of terrorists?

Nico: That was so fun!

Sabine Saberdra: It sure was.

Nico: Yep.

Nico and Sabine hugged.

Nico: I've missed you.

Sabine Saberdra: Same here.

Nico: Would you two like to join us?

Fasha Fuse: We would be honored.

They left the simulator and we cheered wildly for them

* * *

Later at the mall we were helping out Leni at Reiningers.

Me: Man we REALLY cleaned out the store didn't we?

Nico: We sure did.

Ace: So, this is Leni's workplace?

Gisella LeRouch: It sure is.

Me: Leni is the fashionista of the Loud's. She makes really awesome clothes.

Ed: She sure does.

Leni: It's totes my dream job.

Me: It sure is.

Fiona: Yeah. But thanks for helping us with this guys.

Me: No problem Fiona. Man Black Friday really cleaned you guys out big time.

Fiona: It sure did.

Leeli: I'll say.

The mascots were helping Leni with dressing manniquins.

Rhonda Trenton: You guys are helping right now?

Poromon: Yep we sure are!

Xenia: That's cool.

Varie: It sure is.

Ace: They like to cause trouble.

Nico: Ocasionally. Hey, Poromon. Tell Ace one of the times you and the other mascots caused trouble.

Poromon: We showed children a Robot Children sketch.

Me: Ugly story.

Ace: Oh boy.

Poromon: And then, I was tricked into making porn.

Ace Ukiyo: What!? Oh man!

Me: I know. Crazy.

Nico: Yep.

Nico: But other times, they're well behaved.

Me: Yep.

Qin: At least they learned their lesson.

Nico: Good.

Me: It sure is.

Nico: Poromon's even taken Hoppip under his wing

Hoppip: It's true.

Poromon: Yep.

We were really restocking everything.

Me: All and all they are awesome.

Chase: There. All done.

We had it all restocked and ready.

Me: There.

Nico: Now, everything's restocked.

Qin: Yep.

We went back home.

We were busy watching TV, and many of us were doing work-outs to continue staying in tip-top shape, especially Lincoln doing 900,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever and he was sweating like crazy.

Lincoln: We don't have long before the main mission starts, so I still got to keep myself busy.

Me: That's true, and we're also doing work-outs just like you, Lincoln.

Nico: Yep.

Then, we saw Lincoln deadlift a massive twenty-five-ton barbell with ease, and we were stunned.

Eli: Whoa!

And of course, the constant workouts that Lincoln has been doing had also caused his harem to get massive atomic red blushes on their faces, hearts in their eyes, and their noses were really bleeding upon seeing their hotter, sexier hunk of a future husband.

Lily the Mermaid: (Turned On) My God, Linky truly is one hunky muscle god.

Girl Jordan: (Turned On) Big time.

We finished our workouts, and Lincoln sprayed us with water and soap and we were all clean. Then, his harem kissed him on his face and steam whistled out of his ears and his face turned atomic red.

Me: That was fun.

Nico: Wonder what our next mission will be.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his

Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and he had a vision, and he saw who it was that we're going to confront today: it was a bunch of terrorists working for North Korea who are after a top secret chip that Alex has found, and they're after him. When we saw it, we knew it meant trouble.

Lincoln: Oh boy.

Lincoln sounded the alarm.

Nico: We heard the alarm, what's wrong, Lincoln?

Lincoln: Nico, everyone, we've got a seriously huge emergency, and I hope you guys are ready for an elemental battle: I just had a vision and I saw who it was that we're going to confront today, it's none other than a bunch of terrorists working for North Korea who are after a top secret chip that Alex has found, and they're after him.

WE GASPED!

Nico: Hey, I heard about those terrorists working for North Korea, they're ruthless and dangerous.

Me: We need to get to Alex before they get to him and keep that top secret chip from them.

Lincoln: And we'll be bringing them to trial after we beat them down Home Alone style.

Me: You know it!

Qin: YEAH!

The previous group came.

Motor Ed: Can me, Metal Sonic, Ragdoll, Mercurymon, Eccentro, Bane, Tri Klops, BlackWarGreymon, Deadwood, and Pyros go with you guys? Seriously.

Nico: Yes you all can come with.

Megan: I have this feeling that Alex is like me and my brother minus my huge family.

Kevin McCallister: Same here.

Nico: This will be interesting.

Sunny Tennyson: Nico, which Gene Slammer do you think you'll meet next?

Nico: Metal Shark Player.

Xenia: Nice!

Camie: Yeah!

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and the rainbow colored iris of Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lynn Sr., and Rita's Third Eye, and everyone else's Third Eye glowed even more and our rainbow energy auras, rainbow protective auras, and rainbow fire auras flared up even more, as they sensed a dark energy signal with their eyes and the Force, and they saw who the figure was in the vision: the figure is none other than the feral animal Packing Day version of Rita Loud, and that rampaging animal is coming after us to pummel us with snowballs. When we saw it, we knew it meant trouble.

Lincoln: Uh oh.

Rayman: I can guess that we got big trouble heading our way. Lincoln, who was it that you saw?

Lincoln: You guessed it, Rayman, and this is something none of us are going to like in the slightest. The figure we sensed belongs to the feral animal Packing Day version of Mom, and that rampaging animal is coming after us to pummel us with snowballs.

Me: Uh oh, what does she look like?

Lincoln took out his sketchbook and we saw Rita Loud's feral animal Packing Day version, she looked like him, but with long wild unkempt blonde hair, she has on a pink coat with the sleeves torn off, torn pink pants, and she was on all fours.

Rita: (SHRIEKS) That version of me looks like a wild bear!

MONSTROUSLY MEGA LOUD BELCH!

Me: Along with having Lynn's monstrous side on Packing Day.

Hazel Parker: We'll be ready for her, we've dealt with Lynn on Packing Day before, this won't be any different.

Nico: Oh, this is gonna end badly for her. Alright, gang, let's go, we're heading out to help Alex keep that top secret chip out of the hands of those terrorists working for North Korea.

Lincoln: This is going to be one awesome battle, and once we get done with them, you're next, you monstrous beast.

Hazel Parker: We knew this day was coming, but we've been through a lot worse with Lynn on Packing Day, but either way, we're stopping you dead in your tracks.

Lincoln put up a rainbow energy field around The World Tree Estate and all of us headed out to help Alex keep that top secret chip out of the hands of those terrorists working for North Korea, and once we get done with them, Lincoln and Hazel Parker along with me are going to destroy the feral animal Packing Day version of Rita Loud.

We were off.

---

We arrived in Chicago, Illunois.

Megan McCallister: So he lives in my old neck of the woods.

Kevin: Just like our old home.

Metal Sonic: Scanning for any sign of the chip.

He scanned and found it in a toy car.

Metal Sonic: Chip found. In a toy remote control car. Terrorists not in the area.

Me: Good we got here first.

Nico: Lets go.

We went up to the door and knocked on it and answering it was Alex Pruitt. He was an 8 year old kid.

Me: Are you Alex Pruitt?

Alex Pruitt: Team Loud Phoenix Storm wow! It's such an honor!

Me: Pleasure to meet you too.

Alex Pruitt: Glad you all came. Come on in.

We went in.

Sandpit: Are your parents home?

Alex Pitt: No dad is on a business trip and mom is at work and my sister and brother are at school. I'm sick at home.

He showed us that he had chickenpox.

Me: Ooh Chickenpox.

Lincoln: I know the feeling myself. It's not pretty.

Laney: Yeah no kidding.

Me: Don't worry we're now immune.

Alex Pruitt: Yeah. Glad you all came.

He showd us the toy car and pulled it open and in it was the chip.

Me: There the chip.

I took it.

Me: Alex this is not an ordinary chip.

Alex Pruitt: What is it for?

Me: This is a Missile Cloaking chip. It makes Missiles invisible to radar so they can't be seen. It's a top secret government project that we've been developing.

Alex Pruitt: I figured it was important and there are 4 guys after it.

Mercurymon: What 4 guys?

Alex Pruitt: These 4 guys.

Me: You mean these guys?

I pulled up a picture of them.

IT WAS THE BEAUPRE QUARTET!

---

The International Criminals, also known as Beaupre's Gang, The Beaupre Quartet, and the Wanted Spies, are the main antagonists of the 1997 family-comedy film, Home Alone 3.

Internationally wanted, the four work for an infamous North Korean terrorist organization that threatens the world and are on a mission to retrieve a highly classified and valuable missile-cloaking military computer chip, which they then intend to give to the organization.

The criminals' mission was formulated in the then-British colony of Hong Kong, a special administrative region of the People's Republic of China. A mob boss working as a high-ranking executive member of a North-Korean sponsored terrorist organization, reveals to his participants of a plan to acquire an extremely valuable and highly-classified computer chip that cloaks missiles and prevents their tracking, worth ten million dollars. One of the participants, prolific international criminal mastermind Petr Beaupre, accepts the challenge and returns to the United States.

Upon arrival at Silicon Valley, Beaupre contacts his associates Earl Unger and Burton Jernigan, including Alice Ribbons, whom he appoints as his second-in-command. They are given the chip by a man who has just left the company which manufactures it. Using a camera, Beaupre scans the chip, and the images are forwarded to the terrorist organization.

After the man gets his payment, he and the criminals split up to catch their respective flights. Before leaving for San Francisco International Airport. Beaupre orders Alice to hide the chip in a remote control car in order for airport security not to discover it. Placing the car with the hidden chip in its box and loading it in a Parisian bakery shopping bag, they then leave.

The criminals manage to arrive at San Francisco International Airport with hours to spare before they board their flight. They pass through security check as normal and have their luggage scanned. However, an elderly passenger with a lot of jewelry results in an extra screening, causing a luggage mix-up. Another elderly passenger, Chicago-bound Mrs. Greta Hess, who also has a similar Parisian shopping bag, also happens to be in the same security line the criminals lined up in and inadvertently takes their bag, mistaking it for her own, which contains loaves of sourdough bread.

Once cleared, Alice takes Mrs. Hess' bag and discovers the sourdough loaves. While Beaupre looks at flights, the search for the chip proves futile as many passengers also have the same bags. Beaupre then decides that the chip must be on the next departing flight, which happens to be Chicago.

The criminals arrive in Chicago and Beaupre is proven right wherein Alice discovers that Mrs. Hess is in possession of the car after disembarkation. They give chase through the terminal and notice her leaving on a taxi cab, but while their attempts to stop her fail, Jernigan photographs the taxi cab and discovers its number. They head to a taxi company that operates the cab and converse with the driver, who provides the address of Mrs. Hess and identifies the suburban neighborhood as Washington Street.

After Alex is given the car, the criminals arrive in a minivan at the exact address but fail to identify which house. They check in at a hotel and vow to return in the morning. Alice acquires a nearby bungalow house to use as a hideout and base of operations, and the criminals move in. The criminals then begin their operations undercover wherein Beaupre breaks into houses to do a search as the other three do a lookout. Alex, who has just contracted a chickenpox the night before, happens to discover their operations and reports them to the police but the criminals flee before they can be apprehended.

The next day, the criminal do their work again and Alex stumbles into their plot once more, reporting the incident to the police. This time, the authorities manage to arrive in the neighborhood in the midst of their operations. Alice notices this and orders the plan temporarily aborted as Beaupre orders all three comrades to move out while he hides under the staircase. The police then conclude this as a second false alarm.

Alex decides to take the matter into his own hands and mounts a camera on his car. He catches Beaupre in the act in another neighborhood house but the car is discovered and Beaupre takes the tape. As Alex regains control of the car, a chase ensues wherein Beaupre, Alice, and Unger suffer minor injuries. The criminals then abort their search to recover and decide on resuming it at a proper time.

During their recovery, they pose as an acquaintance of the Pruitts and call their home number, wherein they discover that Alex has the chip and they decide to converge on the Pruitt household the next day. As Alex sets the traps, the criminals arm themselves and rest for their next mission.

The next morning, Alice attempts to visit the Pruitts but Alex, who now knows the dog she is taking is actually the stolen dog of their neighborhood friend, blows a dog whistle, thwarting her attempts. As a blizzard hits the neighborhood, they block the street to the Pruitt house as the first step. Under the guise of a couple that moved to the neighborhood, Beaupre and Alice meet with Mrs. Hess and inform them of a package that was addressed to them but was misdelivered into the Hess' address and left at the garage door. Alice and Mrs. Hess go into the garage and while Mrs. Hess is looking for the package, Alice closes the garage door and then ties

Mrs. Hess to a chair with duct tape. While she's tying her up, Alice says that Mrs. Hess should've made sure she had the right package at the airport and she hopes that Mrs. Hess is not fond of Alex, who Alice refers to as "that little boy across the street." After Mrs. Hess tries to respond through her gag, Alice kisses her on the forehead and leaves her in the garage with the back door open so she will freeze to death.

Jernigan and Unger are electrocuted while trying to invade the house. After Unger is rescued by Beaupre, the two are hit by a trunk of books and a dumbell for weightlifting. Upon recovery, Beaupre assigns entry points for Alice and Unger but Jernigan does not arrive as he is sprayed by freezing cold water. After seeing an open window, Jernigan goes to the home's garage to get a ladder and discovers a pair of feet which he pulls down only to discover the feet being that of a stuffed toy ape in costume. This however, activates a lawnmower in the garage attic that falls on him, resulting in a bad haircut. He nonetheless gets the ladder and climbs, only to fall three stories onto the basement toilet, which breaks.

Beaupre attempts to enter the house but hurts himself when he tries to force the door open. After being sprayed by Alex, he cuts open the front door and opens a door to the closet, which actives a boxing glove that punches him hard, causing him to fall and his shotgun to misfire. Meanwhile, Alice falls into a puddle of mud and is knocked twice by two flowerpots. After an attempt to swing on the back porch staircase fails, she falls into the basement through loose floorboards. Beaupre discovers this but suffers the same fate.

Unger's first attempt to enter fails after he is hit by a bag of plaster water balloon combo and a window frame. He then gets his feet stuck in a glue-filled pair of roller buckets and attempts to reach the basement but falls down a flight of stairs and gets his hand stuck in a mousetrap, causing him to shoot a toilet pipe.

The four reunite at the basement and switch to another plan. As Beaupre leaves his gun, he eavesdrops on Alex's conversation and takes a toy gun which Alex leaves for him. After Unger fails to find Alex, who had hidden in the closet, he checks the bathroom after hearing the parrot's singing, but only finds a cardboard cutout of a nude woman while the parrot mocks him. Alice and Jernigan only find a stuffed monkey in the guise of a person sleeping wherein the former notices that Doris had climbed Jernigan and hid in his fatigue pants, and attempts to kill him, only to hit Jernigan in his private region.

As Alex and Doris retreat to the attic, they take the dumbwaiter to the basement, narrowly avoiding the remaining criminals, who invade the attic soon thereafter, and discover that Alex had been spying on them for sometime. After removing the dumbwaiter's flooring, Alex disposes of Beaupre's gun and leaves the house for Mrs. Hess' residence.

Jernigan and Unger try to chase Alex and jump onto a trampoline, which gives way and they fall into the Pruitt's frozen pool. Alice then tries to head to the basement using the dumbwaiter but falls through the shaft, temporarily paralyzing her. Beaupre ambushes Alex as the latter rescues Mrs. Hess and threatens to kill him if he doesn't give up the chip. Alex, however manages to scare him using a bubble gun painted to resemble his Glock and Beaupre flees to the fireworks-lined snow fort in the backyard.

The police arrive and are convinced that Alex told them the truth when the FBI reveals to them and the Pruitts that he had stumbled across the criminals' part in the terrorist plot when he intercepted the chip. As Alex returns the chip to the authorities, the police arrest Alice, Jernigan and Unger, while the parrot lights the fireworks in the snow fort after Beaupre doesn't give him another cracker. The ensuing explosion alerts the authorities to Beaupre's location, and he is arrested.

---

Alex Pruitt: That's them!

Me: Alex these are big time bad criminals that you are dealing with. They are not like the Wet Bandits. They are worse! These are terrorists!

Jesse Glenn: Indeed. Their roles are much more severe than the usual bandit ones.

Plitheon: This isn't an intended robbery. It's a government crisis!

Me: These guys are dangerous Alex. They will kill you. Also they work for a terrorist group that is likely trying to spark World War III.

Nico: Yeah if they get their hands on that chip they could launch nuclear warheads capable of destroying entire cities. Killing millions.

Alex Pruitt: Yikes!

Me: That is an understatement. It's good you got this chip and we showed up.

Nico: No kidding.

Vince: I'll take the chip and inform the president. He has to know about this.

Me: Okay.

Bane: (Spanish Accent) What have you been using this chip for?

Alex Pruitt: I haven't been using it for anything. I thought it was part of the toy car I got. I didn't know it was that important.

Nico: Believe me it is.

Vince took the chip and went to the white house.

Alex Pruitt: What is this terrorist organization?

Me: We don't know who it is or what and where it's at and who is in charge of it but we do know that it's in North Korea. The world leaders need to be aware of it so we can stop them.

Nico: I agree.

Alex Pruitt: Yeah.

Mokuba: What do we do with the chip?

Me: I gave it to Vince and he took it to the White House.

Mokuba: Good.

Nico: The terrorists are on their way here. I say let them come.

Alex Pruitt: I got a bunch of surprises in store for them.

Me: So do we.

Lucy: She's here…

Then, we saw snowballs heading our way.

Nico: INCOMING SNOWBALLS!

Lincoln formed a massive indestructible diamond barrier infused with fire that protected all of us from the barrage of snowballs that came from nowhere and hit the barrier, but it stood strong and the fire melted the snowballs into water.

Lincoln: (Catches the scent) There's no mistaking the scent of blood from anywhere, come on out now, feral animal Packing Day version of Mom, or we're going to force you out.

A figure came out on all fours growling like a dog, it was the feral animal Packing Day version of Rita Loud.

Nico: That's the feral animal Packing Day version of Ms. Rita?!

Me: YIKES!

Feral Animal Packing Day Rita Loud: (ROARS)

Rita's feral animal Packing Day self charged at Lincoln, but Rita punched her hard and she flew right into a wall, she got back up, but she roared and beat her chest like a gorilla: SHE WAS PISSED!

Hazel Parker: Oh, roar yourself, you four-legged monstrosity.

Suddenly, Hazel Parker's pink eyes turned neon pink and she was surrounded by a brown energy aura with stars, earth, crystals, fairies, phoenixes, and angels, she unholstered her massive greatsword from her back, and as she approached the feral animal Packing Day version of Rita Loud, she left brown energy, stars, earth, crystals, fairies, phoenixes, and angels with every step.

Hazel Parker: I shouldn't be surprised that you would show up, but I always knew you'd be coming because of the loud belches that Lynn let out when she goes psycho on Packing Day, but we've known you were coming and we're ready to take you and your feral team down!

Me: WHOA! Incredible!

Nico: So awesome!

Lincoln: We've all seen what happens when Hazel Parker gets mad when she sees Lori, Lynn, Lola, Lisa, and Luan causing trouble, and now, that fury's about to be unleashed once again.

We were really amazed by Rita Loud's Super Angel-Bear-God-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation, and when Lynn Sr. saw her, he had an atomic red blush on his face, hearts in his eyes, and his nose was bleeding.

Rita: (Divine Echoing Godly Voice of The Divine Cosmic Eternal Harmony United Friendship Taranis Celtic Elastic Electric Lightning Storm Mother Bear Phoenix God Angel and Divine Cosmic Eternal Harmony United Friendship Taranis Celtic Elastic Electric Lightning Storm Mother Bear Phoenix God Angel Love) (GASPS) Now, I've also transformed, just like the kids and Lynn!

Everyone cheered wildly for what Hazel Parker, Lincoln, and I did as we holstered their massive greatswords on their backs and powered down and Hazel Parker's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long brown wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, twelve large brown planets orbiting around her legs, and massive brown angel wings and medium sized brown angel wings underneath are permanent, and Rita Loud's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long blonde wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, large twelve pink planets orbiting around her legs, and massive blonde angel wings and medium sized blonde angel wings underneath are permanent.

Hazel Parker: That's it for that animal. Thanks for helping me take down your mom's feral animal Packing Day self, Lincoln, you too, J.D.

Lincoln: (Smiles Warmly) You're welcome, Hazel.

Me: My pleasure, Hazel.

Suddenly, Hazel Parker wrapped her arms around Lincoln's waist, as her chest pressed against Lincoln's massive pecs and her stomach pressed against his eight-pack abs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned down to Hazel Parker's face, they kissed passionately as she moved her hands onto Lincoln's massive pecs, and behind them was a Thunderbird, Phoenix, Dragon, Tiger, Mermaid, Angel, Fairy, Succubus, Incubus, Windigo, Demon, and Fortune Fairy Earth flying in the air, and we saw a herd of Buffalo and many animals running across the field and elemental forces and earth and crystals behind them and we cheered wildly. Then, Lincoln and Hazel Parker sucked in and absorbed the elemental forces and earth and crystals and they came back to us as the display vanished.

Nico: My God. Guys, what we just saw, THAT WAS ONE AWESOME FIGHT!

Nico ran to me, Lincoln, and Hazel Parker and hugged us.

Luna: No kidding dudes, you guys taught feral animal Packing Day version of Mom a lesson she'd never forget.

Luan: And Mom absorbed her and transformed and ascended just like Lincoln and J.D.

Me: You said it. So, Lincoln, who are we meeting on your rescue tomorrow?

Lincoln: I've got just the girl: Avani Acadia, Avatar and Gene-Slammer of Hieratic Dragon of Gebeb.

Selene Emperyous: The powerhouse of The Order of The Hieratic Egyptian Duel Monsters, incredible, and you guys will love meeting her, Avani Acadia is Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Nature. She's the Avatar and Gene-Slammer of Hieratic Dragon of Gebeb, and she has powerful earth powers and superhuman strength and her favorite Duel Monster was Hieratic Dragon of Gebeb. She's also a powerful master and defender of Egypt's long history and she's the powerhouse of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades, who fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the order was tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Ausra and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Avani would be the next one to train him in mastering the powers of earth. Lincoln made her a powerful greatsword, and to show her thanks, Avani kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, the powerhouse and one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Me: Whoa.

Eli: Which means Avani has the powers of Geb.

Lincoln: That's right, she has the powers of Geb, and she's a powerful master of earth.

Marionette Shadow: And we never got to find out the name of the terrorist group.

Multiple Man: Does it matter?

Boomerang: They're all arrested anyway.

Knightbrace: And no World War III.

Poromon: You said it!

Unfortunately, Poromon accidentally activated one last trap.

Poromon: Oops!

Puff: POROMON, WHAT THE FUCK DID YOU DO?!

But then…

BLANG!

I was hit square in the face with a powerful punching glove and I crashed into Nico!

SMASH!

Me: OUCH!

I had a nasty black eye!

Nico: OOH! THAT IS GONNA LEAVE A MARK!

Eli: GEEZ! Are you okay bro?

Me: Yeah I'll be fine.

Nico: That must've hurt! But great job everyone. Including you Alex! Well done.

Mrs. Pruitt and his siblings came.

Me: Mrs. Pruitt and Stan and Molly.

Mrs. Pruitt: Oh Alex. Are you okay.

Alex Pruitt: I'm fine mom.

Me: Mrs. Pruitt, your son is a hero.

We told them everything.

Mrs. Pruitt: Oh wow! Alex you are very brave.

Me: He sure is.

Megan: You should be proud of him.

Kevin: (To the viewers) Terrorists and bad guys beware. We're coming for you.

Me: Yep.

We told Alex's parents and siblings everything and it was amazing. Later we fixed up the house and made it new. We later had Alex and his family moved to Gotham Royal York for protection. We enjoyed the rest of the day and went to sleep. The terrorists were found guilty of their crimes and sentenced to eternity in the Neptune Cryo Prison. The world leaders dispatched their armed forces and they found the terrorist organization they worked for and killed all of them. NO TERRORISTS ARE GOING TO START WORLD WAR III ON OUR WATCH!

Me: Ahh good old Marzipan City.

Varie: It sure is awesome.

Qin: Yeah it sure is.

Nico: Always love coming here. Especially now that Mung can work in peace without Truffles incessant yelling.

Himiko: That is for sure.

Lola: Yeah what a rotten loudmouth freak!

Qin: No kidding!

Nico: Tony, I want to thank you, May, and your teams for coming

Tony Jones: No problem Nico. It'll be awesome!

May Kanker: It sure will.

Angel (Monster Rancher): I agree there and it will be fun

Aula: That is for sure.

Nico: Angel, what do you like to do in your free time?

Angel (Monster Rancher): Haven't thought too much on it. Been busy doing lots of stuff protecting people.

Nico: Well you'll think of something.

Qin: Yeah.

Nico: Any job come to mind?

Angel (Monster Rancher): Hmm. Well I do like restaurant work.

Me: Cool cool.

Qin: That works.

Nico: Yep.

Xenia: That is cool.

Me: Yep. Wow! Yesterday was awesome!

Laney: Boy no kidding! We stopped a major terrorist plot.

Nico: Yep. Alex is a great kid and he helped us big time.

Xenia: He sure did.

Nico: Just like old times!

Qin: No kidding!

Me: Boy that was awesome. And we sent those 4 dirtbags into prison where they belong.

Varie: Yeah.

Fu: And we stopped them from sparking World War III.

Varie: Thank goodness for that.

Nico: Imagine what World War III would've looked like!

Me: Dude don't even imagine it! World War III would have been a Nuclear Holocaustic Nightmare!

Xenia: Yeah!

Nico: Unfortunately, Poromon accidentally activated one last trap

Me: Yeah that hit me in the face.

Nico: Ouch.

Qin: Yeah.

Nico: I hope I get to eat Thrice Cream.

Qin: Me too.

Me: Same here.

We arrived at the Catering Company and it was doing great.

Me: Mung's Catering is doing great. Lets see what our mission is.

Lincoln: Okay, guys, we got ourselves a huge emergency, and this is one we're not going to like in the slightest: I just got word from Mung that his loud mouth wife, Truffles, has escaped from prison, and she's on the warpath!

WE GASPED IN HORROR!

Me: Truffles has escaped?! THAT LOUDMOUTH PIXIE!

Nico: Oh God, I'm so looking forward to scraping our nails on a chalkboard and driving her mad again!

Eli: When Mung, Chowder, Schnitzel, and Panini found out, they sent out the alert. Truffles is gonna be in BIG TROUBLE!

Suddenly, the rest of the team arrived, thanks to Lincoln's telepathic message.

Ed Cowart: We got here as fast as we could thanks to Lincoln's message.

Lori: We sure did.

Nico: You guys got here quick. Alright, let's get going and hunt down that big mouth pixie!

Me: Vypra said that she has huge plans for Truffles.

Lincoln: Hope they can take dealing with her big mouth.

Me: Me too.

Nico: Yeah they will.

Qin: They will make sure she gets her mouth in check.

Gia heard a Pokemon cry.

Gia: Guys look here.

We saw a Mega Jolteon.

Me: A Mega Jolteon.

Nico: Wow.

Me: Oh the poor thing is hungry.

We gave it some good food.

Mega Jolteon: Thank you so much.

Gia: You're welcome. Feel better?

Mega Jolteon: Yes i sure am.

Me: Great.

Gia: We're glad. Want to come with us?

Mega Jolteon: Sure! I would be honored.

Me: Awesome!

Suddenly, Lincoln's large gold halo with four large orbiting gold rings orbiting the corners behind his head glowed and the four large orbiting gold rings fired beams of light that formed into a viewing window and we see Stan and Steak Stankco dressed only in shorts and shirtless and still forced to mine and eat broccoli at The Broccoli Mine Prison in Canada, and they'd regained their abnormally massive and powerful upper and lower body muscles and eight-pack

abs along with their massive physical upper body and lower body strength, but they were now as four times as big as The Hulk.

The two of them were grumbling like mad and there was no doubt they were plotting to escape once again, but then, we saw the barbell tattoos on their backs glow red. Suddenly, Stan and Steak were glowing with red energy, but then, their arms were raised and it looked like their wrists were bound with metal cuffs same with their feet.

Me: Uh oh, here we go!

Lincoln: Yep.

Suddenly, Lincoln made red portals appear in front of the Stankcos, and then, out of nowhere, Lincoln sprouted tentacles with suctions from his chest and all of the males on the team did the same and they went through the portals and they came out of the portals and latched themselves onto the massive pecs, necks, arms, and legs of Stan and Steak Stankco. Then, the tentacles began sucking the Stankcos' of their massive muscle mass, virility, and massive physical strength and they were groaning in pain as they began shrinking in muscle mass.

Then, all of the massive muscle mass, virility, and massive physical strength of The Stankcos began being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even more stronger.

The same thing happened to me, Nico, and all the males on the team and our abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on our bodies, and our massive angel wings spread out and glowed and our halos glowed and we also began growing even more stronger.

Lincoln: (Growls) Oh man, I haven't forgotten how potent this curse really is.

Me: (Growls) Yeah, this is really potent, but this still feels incredible.

Then, when Lincoln and all the males were done, the tentacles detached themselves from the pecs, arms, legs, and necks of the two meatheads and they went back into us as the portals closed, and we saw that Stan and Steak Stankco were thin as a rake and sucked bone dry of their muscle mass, virility, and massive physical strength again, and the glowing barbells on their back stopped glowing.

Stan and Steak Stankco: NOT AGAIN! (ENRAGED SCREAMING)

The viewing window closed as the four large orbiting gold rings stopped glowing and the light beams disappeared. Suddenly, we saw that we were even more bigger in muscle thanks to Lincoln's curse he put on The Stankcos.

Me: (Looked at my even more muscular body) Whoa. Lincoln, that Min's Egyptian Virility Drain Curse you put on the Stankcos is still really potent. But, look at us, now we're even more ripped than ever. (Flexes my even more massive muscles)

Lincoln: (Flexes his even more massive muscles) Yep, and this curse will be on them for all eternity. (Sensed for Truffles) AHA! Gotcha! I just spotted Truffles, she's 20 yards away.

Suddenly, we heard her loud yelling as we covered our ears!

Nico: Along with her loud mouth, let's get her and duct tape her big fat mouth.

Lincoln: I've already got some duct tape ready for her. (Sensed Flip's musclebound thugs) Uh oh, hold up, I sensed a massive army of Flip's musclebound thugs also heading right for us.

Nico: (GROWLS) Flip, you stupid mutant cheapskate!

Me: That mutant just doesn't even know when to quit!

Suddenly, we saw ten massive armies of Flip's musclebound thugs arrive, and they came barreling towards us in a fit of rage.

Lincoln: Ugh, I knew there was no mistaking the stench of B.O. in the air!

Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even stronger.

I did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into me and my abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on my body, and my massive elemental angel wings with aurora and red tips spread out and glowed and my halo glowed and I began growing even stronger.

The other male members did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into them and their abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on their bodies, and their massive angel wings spread out and glowed and their halos glowed and they began growing even stronger.

When we were done, the vacuum tubes detached themselves from the chests of the thugs and went back into us, and the thugs were now dead from blood loss and thin as a rake and Lincoln fired a blast of red energy and destroyed them leaving them as ashes. Then, we set our sights on Truffles.

We were flying and we landed and we were looking for Truffles.

We landed in the Farmer's Market.

Gazpacho: Hey guys!

Nico: Hey Gazpacho!

Gazpacho: Thank goodness you all are here! Truffles is back.

Me: We know. We're ready for her.

Nico: Alright, now where is that miserable big mouth pixie?

Me: She's around here.

Lincoln: Yeah, keep your ears open for that big mouth of hers.

Me: With a loud mouth like hers it won't be hard to hear.

?: (SCREECHING VOICE) LOUD, LOUD, ARE YOU SAYING I'M LOUD?! I'M NOT LOUD, YOU'RE LOUD! (INCOHERENT SCREAMING)

Lola: And there's that loud mouth now!

We then saw our target, Truffles, coming right after us, and she had a frying pan in her hand and was about to bash us on the head with it. Lincoln formed a massive and indestructible diamond barrier that protected all of us from Truffles, but as she swung the frying pan at the barrier, it dented. Then, she started yelling and screaming incoherently, but the barrier still stood strong, and that drove her completely ballistic. Lincoln formed a ball of water and he threw it and it hit Truffles hard in the face and sent her flying into a tree.

CRASH!

Nico: OOH! Man, that's got to hurt!

Me: Nice one!

Then, Lincoln deactivated the barrier and we stood ready against that loud mouth pixie.

Qin: You've got some nerve breaking out of prison, Truffles! I honestly was glad that we'd thrown you in prison after we took you and Reuben down, but you just don't know when to quit!

Me: Yeah, your voice sounds like nails grinding on a chalkboard!

Lincoln: Like this!

Lincoln made a massive chalkboard, and he, Nico, and I and the rest of us grinded our gold-plated armored claws on the board, and it made THE MOST HORRENDOUS SCREECHING SOUND EVER! AND IT ALSO SHARPENED OUR GOLD-PLATED ARMORED CLAWS!

Truffles: (SCREAMS) STOP IT! I WANT YOU ALL TO PAY ME FOR THROWING ME IN PRISON!

Then, Sebastian had about enough of her!

Sebastian Mendez: ONLY IF YOU PAY FOR THE HEARING DAMAGE YOU GAVE TO EVERYONE HERE EVERY TIME THEY HEAR YOUR VOICE!

Mung: INCLUDING MY HEARING DAMAGE!

Truffles: ONLY IF YOU PAY FOR THE BARF BAGS PEOPLE PAY FOR EVERY TIME THEY EAT YOUR COOKING!

Sebastian Mendez: (SCREAMING AT THE TOP OF HIS LUNGS) ONLY IF YOU PAY FOR THE EXTRA ZIP CODE FOR YOUR BIG FAT MOUTH!

Truffles: ONLY IF YOU PAY FOR THE BUCKETS OF TEARS I CRY EVERY TIME I SEE YOUR FACE!

Sebastian Mendez: YOU ARE ONE GIANT LUMP OF COAL!

Nico: I never would've thought we'd hear his loud mouth again!

Me: Me neither.

Qin: And I hadn't forgotten how much of a headache he was with that loud mouth of his.

Eddy: And I thought I had a loud mouth!

Sarah: Same with me.

Mega Jolteon charged at her!

Mega Jolteon: Taste this!

She fired a wave of lightning and blasted Truffles and electrocuted her!

Nico: Zappity Zap zap!

Ed: Gravy!

Mung: Boy that woman is a lot uglier and wartier than I remember! Oh wait that's Truffles with something worse than Morning Face! (LAUGHS)

Homer got out the Donut Sword of Donutopia.

Homer: Time for you have some donuts! DONUT STYLE: GUATEMALAN INSANITY DONUT FIRESTORM!

He fired Guatemalan Insanity Pepper Donuts and they went into Truffles' mouth and then FIRE EXPLODED OUT OF HER MOUTH, EARS, NOSE, EYES, AND BUTT AND HER HAT BURSTED INTO FLAMES AND SHE RAN AROUND IN CIRCLES LIKE A CHICKEN WITH ITS HEAD CUT OFF!

Nico: Nice one!

Homer: Mmm donuts. (DROOLS)

Lily: That was funny and awesome Homer!

Homer: WHY YOU LITTLE! (STRANGLES HER) I'LL TEACH YOU TO MAKE US ALL DEAF! (GRUNTING)

Mung: Yeah go get her Homer!

Schnitzel: Radda radda radda! (You show that woman Homer!)

Stella got out the Sun Sword of Solaris

Stella: Taste this sun! SOLAR STYLE: SUN BEAM BURST!

She fired a wave of sunlight and it hit Truffles in her eyes and burned her eyes on contact!

SHE WAS REALLY BURNED THERE!

Sora got out the Phoenix Blade of Love's Fire

Sora: I don't think you showed love to Mung one bit! PHOENIX STYLE: LOVE FLAME FIRESTORM!

She fired waves of fire and blasted Truffles all over!

Truffles: WHY YOU! YOU NEED TO BEG! GET DOWN ON YOUR NEEDS AND WAG YOUR TAIL!

Mung: I'm not a dog!

Truffles: You're right you're more of a Dirty Kitty Cat!

Mung: And you SIR! ARE A MAD COW!

COW MOO!

Truffles: (SCREAMING) NO ONE CALLS ME A MAD COW! I'M GOING TO BEAT YOU LIKE A PIÑATA FULL OF CANDY AND EXOTIC COINS! (SCREAMING INCOHERENTLY)

Wonder Woman got out the Amazoness Sword of Themiscyra

Wonder Woman: Oh blah blah blah back at you! AMAZON STYLE: FLAME STORM OF HERA!

She fired a wave of fire and blasted her all over!

Qin: Yeah! Take that!

Tristan got out the Bone Sword of the Elephant Graveyard's Bane.

Tristan: These bones are going to rip you apart! GRAVEYARD STYLE: BONES OF MAMMOTH GRAVEYARD!

He fired waves of bones and they formed into Mammoth Graveyard and it smashed her all over!

Nico: What did he say?

Me: I have no flipping idea.

Mary Knudson: In any case, I better take care of that loud mouth pixie before Sebastian chews her head off.

Suddenly, Mary Knudson's pink eyes turned neon pink and she was surrounded by a purple energy aura with stars, sweets, leaves, food, phoenixes, and angels, and as she approached Truffles, she left purple energy, stars, sweets, leaves, food, phoenixes, and angels with every step.

Mary Knudson: Even after all this time, you're still as worse as ever, Truffles. You've been a bossy control freak and you've caused Mung, Chowder, and Schnitzel at the catering company that belongs to Mung, mind you, and you've caused all of Marzipan City trouble with your loud mouth! That's it, I'm taking you down and putting a muzzle on your big fat mouth before I send you to Vypra!

Suddenly, Mary Knudson was surrounded by a massive vortex of purple energy with stars, sweets, leaves, and food surrounding the vortex, there are phoenixes and angels flying around the vortex, and in the vortex is a blonde phoenix with red eyes glaring at Truffles: the red eyes of judgement.

Me: Oh man!

Nicole: Mary's the next one to transform, and I can already guess that it's going to get super ugly!

Lincoln: Mary isn't going to take kindly to what Truffles has done, so Mary is so going to teach her a lesson.

Then, as the vortex faded, Mary Knudson emerged, but she was changed forever.

Mary Knudson grew to 8'3" in height, she now has large gold metal braces on her biceps and thighs, and she now has twelve large purple planets orbiting around her legs, she has the body of a goddess, she has purple highlights in the bangs of her long blonde braided hair and she has a large golden halo in the center with golden angel wings on the bottom and four large orbiting golden rings on each corner behind her head, she has neon pink eyes and a purple energy aura with stars, lights, sweets, leaves, food, phoenixes, and angels surrounding her and immense protective neon rainbow aura with all of the elements swirling around it, she has a phoenix and angel emblazoned on her forehead and Third Eye with pink iris, she has on phoenix earrings with purple gems for eyes and holding the Light, Food, and Eternity Kanjis in its talons, she also has a phoenix with purple gems for eyes and holding the Light, Food, and Eternity Kanjis in its talons for the second pendant on the bottom of her purple phoenix-shaped Element of Harmony with purple crystal links from her merged Crystal Necklace of the Buddha and purple gems on the gold leaf links, and she also has on her white and gold accented choker on her neck. Mary Knudson has on a sleeveless blue open blouse, sleeveless purple top, purple skirt, purple pants, purple sneakers, and long sleeveless white trenchcoat with stars, lights, sweets, leaves, food, phoenixes, and angels on the coattails, and on the back is a phoenix and angel and it's surrounded by stars, sweets, leaves, and food and silver 28th Century Hi-Tech Futuristic Miracle Box backpack with angels surrounding purple gem with neon glowing purple lights equipped with recognition of her and fits an infinite number of items and component for her Miraculous, Familiars, and Bakugan to rest in. Suddenly, Mary Knudson felt a sharp pain on her back, and then, her massive blonde angel wings with purple tips on the large blonde feathers grew much larger for her new body and medium sized blonde angel wings with purple tips grew and sprouted out underneath her massive blonde angel wings, and she now has eleven massive and long golden yellow wolf tails with purple tips and purple markings, Mary Knudson has on her Ring of the Phoenix with large purple gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire Corps ring on her left ring finger and Stone of Gelel embedded in her left hand and she has purple fingerless gloves with gold-armored claws on her fingers and smaller planets orbiting around her fingers like rings.

Suddenly, Mary Knudson's massive sword and all the greatswords and swords that she'd gotten began to merge together, and they're surrounded by a kaleidoscope of purple energy, stars, lights, sweets, leaves, food, phoenixes, and angels, and when it emerged, it was transformed into Mary Knudson's Cosmic Eternal Solar Light Nature Great Food Chef Sweets Lover Phoenix God Angel Greatsword of Cosmic Eternal Solar Light Nature Great Food Chef Sweets Lover Phoenix God Angel Justice, it's a brand-new massive greatsword with embedded purple gems and a phoenix and angel etched on the 7'9" massive, wide, double-edged gold blade, large gold phoenix heads with pink gems for eyes for the crossguard, large white angel faces built into both sides of the hilt and large purple gems embedded in their foreheads, longer midnight black handle, four large gold phoenix heads with pink gems for eyes and on the bottom of the large gold phoenix heads is a gold phoenix head with pink gems for eyes and pink gem in its mouth for the pommel, Mary Knudson has on her large gold Bracers of The Champions of The Universe with purple gems on her wrists and Dragon Ball Bracelet and wrist computer and Omnitrix on her left Bracer, her large gold Belt of Elemental Bravery with a gold phoenix head with pink gems for eyes and large pink gem in its mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a purple kanji with leaves in between the kanji below the phoenix and angel that said, "Mary Knudson, Awesome and Great Chef of Gotham Royal York, Lover of Sweets, Loving Daughter of James Dean Knudson and Varie Knudson, Loving Sister of Nicole Knudson and Many Siblings, Loving Aunt of Many Nieces of Nephews, Archenemy of Chemical King, Despiser and Destroyer of Ulube Ishikawa, Amazing Member of Team Loud Phoenix Storm, Brave Warrior of The Cosmos, Protector, Defender, and Savior of The Universe, Multiverse, and Beyond, Ambassador and Beacon of Hope to The Universe, Master of The Powers of Friendship and The Elements, Master of The Fury of Celestial Xelnaga, Master of The Black Gates, Ultimate Force of Ultimate Good, True Goddess of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust, Destroyer and Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, True Immortal Hero, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Food, Sweets, Leaves, Light, Phoenixes, and Angels"

We were amazed by Mary Knudson's Super Angel-God-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation, but when Truffles saw it, she went ballistic and flew right at Mary to kill her, but Mary fired a massive barrage of purple energy, stars, lights, sweets, leaves, food, phoenixes, and angels which hits Truffles and she went flying into another light pole, she got back out, but she shrieked and screamed in that obnoxious voice of hers again!

Lincoln, Mary Knudson, and I went after Truffles, and we fired extremely powerful blasts of rainbow energy, purple energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at Truffles, and they exploded with incredible power as they hit her.

Then, we attacked her with energy slashes from our massive greatswords leaving scars on her and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at him as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well, and he, Mary Knudson, and I attacked her hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving Truffles even more madder and even more insane with rage as she let out another loud shriek.

Then, Nico fired waves of water, May fired blasts of ice, and Qin fired blasts of fire, and Sebastian fired blasts of Divine Darkness that hit her and slashed at her with his dark greatsword, Then, Lincoln, Mary Knudson, and I fired powerful blasts of energy, magic, stars, light, sweets, food, and planets at Veruca Salt, and Lincoln summoned red and blue wolf spirits and they brutally mauled and attacked her and she got badly hurt. Truffles: LET ME OUT OF HERE!

Mung: Truffles I never thought I would say this but Wigga wagga wigga wigga wigga wigga wagga wagga.

Truffles: What?

Mung: Oh that's just something I never thought I would say.

Truffles: NOW GET ME OUT OF HERE!

Mung: Not a chance, Truffles. Now, we're sending you to Vypra, and you better play nice and obey what she tells you, understand?

Truffles: I DON'T MAKE NICE!

Mung: You better start learning!

Me: Better do it Truffles!

Lincoln then fired another rainbow energy blast that turned into a muzzle and muzzled Truffles and she was sent into a portal he opened up that led to The Masters of Evil's HQ.

Nico: That takes care of that obnoxious loud mouth pixie, hope she has a rough time with Vypra.

Lincoln: But, not as bad as The Vengeance Express 6 Kids after we pulverized them, I heard they were thrown inside a padded cell and tied up in straitjackets, and they're just as bad as ever.

Me: Those crazy morons, that's why they're our least favorite/ despised members of The Masters of Evil.

Nico: They've always been considered that. I swear if they try anything like that again, Vypra's gonna do something so horrific to them, they'll be wishing they were dead!

Poromon: I'm gonna enjoy pouring beer down their throats!

Sebastian Mendez: I swear, sometimes, you're too obsessed with beer! (Took off Poromon and Poliwag's shoes and took out two beer bottles) You have it hidden in your shoes. (Pulls up their shirts and took out more bottles of beer) You have it hidden in your shirts. I bet you and Poliwag can't go one day without your beer, Poromon.

Poromon and Poliwag: (Takes out another bottle of beer and pops the top) Says you.

Eddy: (Seeing what's about to happen) Uh oh.

Poromon and Poliwag shouldn't have done that, and just as they were about to drink.

Sebastian Mendez: (SCREAMS AT THE TOP OF HIS LUNGS AND IN POROMON AND POLIWAG'S EARS) SO, PROVE IT!

Poromon and Poliwag: (CLUTCHING THEIR EARS) AAAAH! YOUR VOICE IS LIKE TOOTHPICKS IN OUR DRUMSTICKS, SEBASTIAN!

Buster Bunny: I have to agree with you two. Sebastian has a tone of voice that rattles the timbers of every house in a ten-block vicinity, breaks the sound barrier, and shatters peoples' eardrums.

THAT MADE SEBASTIAN STEAMED!

Ed: (To the viewers) Don't touch that dial kids.

Nico: Tartar sauce, now you've gone and done it, Buster! You made him steamed.

Sebastian threw an exploding pie at Buster's face and he got covered in blueberries and jam.

Buster Bunny: An exploding pie in the face?! That's it, Sebastian! FOOD FIGHT!

Sebastian and Buster Bunny continued hurling pies at each other, and they both wound up getting covered in pies. Then, Babs whacked Buster on the head with a mallet, and as for Sebastian.

BASH!

He got a lump on his head courtesy of Lincoln smashing him on the head with his fist.

Lincoln: That was for losing it again.

Nico: Nice job, Mega Jolteon!

Mega Jolteon: Thanks Nico! That was funny!

Qin: Boy it sure was!

Gia: Yeah it sure was!

Poromon got out a beer bottle.

Poromon: Want one?

Mega Jolteon: Oh no thanks. I drink only Egg Nog.

Me: Ooh Egg nog. Funny you should mention that. We're going to cook Egg Nog later today.

Mascots: YAY!

Poromon: I love Egg Nog!

Rarity: Oh that is absolutely delightful darlings!

Nico: Nice!

Poliwag: (Gives puppy eyes) Pwetty pwease?

Nico: Poliwag that's enough.

Poromon: Also, I'm sorry that I set off that last trap.

Me: Ah no worries. I'm over that.

Qin: Good.

Me: Besides I heal fast.

Nico: Yep.

Manaphy: Do you guys want to know what I think World War III would've been like?

Me: What do you think it would have been like?

Manaphy: A nightmare on steroids.

Me: Good way to put it.

Qin: Yeah.

Me: Lets not talk about that anymore.

Qin: Yeah. Besides we got the Anothers to deal with.

Me: Yep.

Eli: Lets see. (Concentrates) Whoa! We got Another May Kanker, Armadillo Phantom Loringus, Truck Phantom Tray Rise, Frog Fish Monster (SpongeBob), Granadora and Arsenic.

Nico: WHOA! This will be good.

Me: So Tony Jones, Angel (Monster Rancher), Nara, Kayliel, Sperri, and Culla.

Qin: Yep.

Manaphy: Here's a drawing of it.

Me: Lets see.

Manaphy: It would be like this!

She showed us a drawing of Gotham Royal York in ruins, with so many people shooting at each other in Hazmat Suits, and Poromon as a cyborg firing lasers at Poliwag, who was a frog.

WE GASPED!

Nico: WHOA! That is horrible! But that is very accurately put because it is a Nuclear Holocaust.

Poromon: Why am I a cyborg?!

Manaphy: Most of your body was burned by radiation and they replaced much of your body with cybernetic parts.

Poromon: Oh!

Poliwag: Why am I a frog!?

Me: Nuclear Radiation can mutate people.

Nico: Although you look like a frog.

Poliwag: Well yeah I am a Tadpole Pokemon. So that is accurate.

Nico: Yeah.

May: (gives Manaphy Psychologist card) Here's a psychologist I want you to see, Manaphy.

Manaphy: I guess I do need help. (Reads card) Dr. Lopez? Okay.

Nico: Yeah.

Horsea: Where am I in this picture?

Manaphy pointed to Horsea and she was piloting a jet.

Horsea: I'm flying a jet?

Manaphy: Yeah.

Nico: Nice.

Maria: Wow.

Horsea: I guess I get lucky.

Me: Yeah.

Nico: Now can we focus on the Anothers?

Maria: Yes, we can.

Eli: Great! And the Anothers minus May are one person.

Me: Nice.

Coloratura: I'm ready for this one.

Then Coloratura's cutie mark was glowing.

Me: Coloratura's cutie mark is glowing. That can only mean one thing.

Nico: Yep.

Me: This will be fun.

Nico: THERE THEY ARE!

We saw Another Armadillo Phantom Loringus, Truck Phantom Tray Rise, Frog Fish Monster (SpongeBob), Granadora and Arsenic!

Nico: Nice.

Me: This will be awesome.

Another Granadora: (In a girls voice) It will be cool.

Then they merged and she reverted back and it was a girl with teal green hair and green eyes and had green eyes and had green clothes and green angel wings and had a tiara with Coloratura's cutie mark on it and on her skirt and she had her tail and on her back was a sword and a dagger on her hip and in her hand was a spear.

Sonata Coloratura: Sonata Coloratura, Embodiment, Gene-slammer and legacy of Coloratura.

Nico: Whoa awesome to meet you.

Coloratura: And it's an honor to meet my gene-slammer and legacy.

Sonata Coloratura: Same here Coloratura.

Me: By the way is the Another May friendly or hostile?

Sonata Coloratura: Friendly and she is cool.

Me: Nice.

May: Sorry we have to do this.

Girl Jordan: Lets separate you all first.

Girl Jordan and Leeli held hands.

(YURGEN'S TUNE PLAYS)

The skies had leaves and flowers flying in the wind along with sea dragons singing in the background

Girl Jordan and Leeli: (SINGING DIVINELY AS LEELI HAD FIREFLIES SWIRL AROUND HER AND GIRL JORDAN HAD HER AQUA BLUE AURA FLARED UP)

O holoré lay thee low

Holoél dark in the Deep
Down beneath the earth you go
Go holoré fast to sleep
O holoré lay thee low
Holoél dark in the Deep
Down beneath the earth you go
Go holoré fast to sleep
Fast to sleep
Fast to sleep
Dark holoré in the Deep
Rise again holoré now
Spring abundant holoél
Render green the dying bough
Raise the rock where Yurgen fell
Raise the rock
Raise the rock
Raise the rock
Raise the rock
Raise the rock
Raise the rock
Raise the rock
Raise the rock

Spring abundant holoél

She glowed and the anothers were separated.

Me: Action time!

We blasted the Anothers and we caught the Wonder Ride Books.

Me: YEAH!

Qin: OH YEAH!

Maria: (TURNS DIAL) ELEMENTAL BUTTKICKERS 6!

She summoned Flame Queen, Lawn Gnomes, Booger Beast, Graverobber, Sucksy and Torkdrift!

Me: YEAH!

May: And now we wait.

Me: We don't have to wait long!

We saw ANOTHER MAY KANKER!

Me: Another May Kanker!

Nico: Nice!

Another May Kanker: And it's gonna be fun.

Me: (GASP) That voice.

She reverted back and was a girl with blond hair and blue eyes and Blue lipstick on and she had yellow clothes and white angel wings and had a tiara with the Angel Dopant symbol on it and on her skirt and she had a fire angel sword.

Me: Gabrielle Angel! Wow!

Gabrielle Angel: Awesome to see you again J.D.

Me: Same here. Gabrielle is the embodiment of the Angel Dopant and she has amazing angel powers and also has intensely strong super strength like May does. Minus the mondo crush on Ed.

Gabrielle Angel: Yeah I have a crush on you J.D. I control it unlike how May did with Ed.

Me: Yeah.

Kaito: (gets out King Ohger gear) Did Swartz promise you anything?

Zocks: (gets out Geats gear) Because we can grant it instead

Kaito and Zocks got a King Ohger Sword and Geats Blaster.

Gabrielle Angel: Just to reunite me with J.D.

Me: Well here I am so that was easy.

Nico: Yep.

Gabrielle Angel: Indeed. And I'm happy.

Sougo: (gets out King Ohger Ridewatch) This was a promise easily fulfilled.

Geiz: (gets out Tycoon Ridewatch) It's fitting that I'm using this.

Sougo got KuwagataOhgerArmor while Geiz got TycoonArmor

Me: It sure is.

Lincoln: Lets separate you first.

Lincoln did so.

Me: You don't know how long I've been wanting to do this to May agaiin.

Tony Jones: Same here!

We punched and bashed and pulverized the Another all over.

Nico: (gets out May Kanker's Ridewatch) See how YOU like being kissed!

May: (Gets out Truck Phantom Tray Rise's Ridewatch) HONK HONK!

Maria: (Gets out Granadora's ridewatch) This will maul you up!

Angel (Monster Rancher): (Gets out Armadillo Phantom Loringus' Ridewatch) Time to roll!

Theu used the powers of May Kanker, Armadillo Phantom Loringus, Truck Phantom Tray Rise, Frog Fish Monster (SpongeBob), Granadora and Arsenic and blasted the Another all over.

Then Tobias Whale, Hyathis, Mercurio, Obliterator, Edifice Rex and Emperor Spine came!

Me: WHOA!

Nico: Nice team Tobias!

Tobias Whale: Thanks Nico!

Kouta: That means my team's up next!

Me: Awesome!

?: I'll say!

Metal Shark Player came!

Me: Metal Shark Player! Whoa!

Metal Shark Player: (In a girls voice) And ready to gamble.

Nico: Annie Shark!? Whoa!

Me: Wait the famous Poker player!? Wow!

She reverted back and had black hair and had blue eyes and a blue bikini and had blue angel wings and had poker cards with a shark in front of them.

Annie Shark: I got this.

She fired a wave of energy and blasted the Another and I caught the Ridewatch and purified it.

Me: Awesome! That was a Royal Flush!

Ed: Is Shark a term in Poker?

Eddy: Ed you heard of a Card Shark?

Ed: No.

Me: It's an expression. It means you gamble really well.

Nico: Yep.

Rarity: Lets get you some nice clothes darling.

The Fashion Brigade gave her awesome new blue clothes.

Annie Shark: Nice! I look awesome.

Maria: You sure do.

Me: Yep.

Angel (Monster Rancher): What's your favorite memory of Nico?

Annie Shark: When me and Nico were playing poker and we made a bunch of mafia members and mad gamblers penniless.

Nico: Yep. We won $923,233,233,333,333,333.00 from them.

Nicole: Awesome winning!

Me: CHA-CHING!

Nico: Yep.

Nico and Annie hugged.

Nico: I've missed you.

Annie Shark: Same here.

We went back home.

And May Didn't get hit

Conquest, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Rainbow Crystals, Rainbow Super Lightning, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Blue Fire, Sand, Bubbles, steel orbs, throwing axes, and mythological animals, and they exploded with incredible power as they hit him.

Then, Lincoln turned the tips of his tails into Cell's Stingers, and he stabbed them into Bakasura's chest, and then, Lincoln began absorbing Bakasura into his body as he and all of us assimilated his powers and abilities and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed and his halo glowed and his rainbow energy aura with elemental forces and mythological animals flared up extremely and he began growing even stronger.

When Lincoln was done and the stingers changed back, nothing's left of Bakasura, and he banished his soul to The Black Gates forever. We cheered as we holstered our weapons and powered down.

Lincoln: Consider your feeding frenzy over, Bakasura. (To Avani Acadia) And it's so good to see you again, Avani.

Avani Acadia: You too, Lincoln, it's been seven years since we last met.

Suddenly, Avani Acadia wrapped her arms around Lincoln's neck and she proceeded to kiss him on the lips and then all over the place: face, arms, pecs, eight-pack abs, and stomach. When Avani Acadia was done, Lincoln was covered in lipstick marks on his face, massive muscular arms, hairy pecs, eight-pack abs, and stomach, and he had an atomic red blush on his face and he was literally in Heaven.

Lincoln: (In Heaven) That's… something I've not… forgotten.

We snickered.

Avani Acadia: Sorry about that, but it's so good to see you again, Lincoln.

Lincoln then wrapped his massive and muscular arms around Avani

Acadia's waist and hugged her, and Avani Acadia is very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how much more stronger and how much more muscular he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face soon became even deeper when she saw his longer vampire fangs and more massive white angel wings and medium sized angel wings underneath with orange and aurora tips on the feathers, large gold halo with four large orbiting gold rings on each corner behind his head, along with hearing his mature, deeper, and manlier voice and seeing the larger white wolf ears with rainbow markings on his head, eleven massive and longer white wolf tails with rainbow markings and rainbow tips and white rabbit tail with rainbow markings on top of the massive and long white wolf tails, thick hair on his massive forearms, stubble on his jawline, and chest hair on his pecs, He-Man's chest harness, and many other accessories, and she also met his Rabbit Miraculous, Eini, the Universe 666 Miraculous, his familiars, the male white Rabbit Familiar, Alistair, the white Vampire Bat Familiar, Artemis, and the white Wolf Familiar, Seiko that came out of his backpack.

Lincoln: It sure has been a long time, I haven't seen you since you were seventeen, and as you can see, I really grew a lot since then.

Avani Acadia: Holy crap, you sure have, you've really really grown up to be very big and very strong like a tree, Lincoln, you've really grown a lot from the cute eleven-year-old little boy into a 18-year-old 8'9" tall, very handsome, and manly man with really massive and powerful upper and lower body muscles and eight-pack abs, and you still have those vampire fangs and massive white angel wings and medium sized angel wings underneath, that's so awesome, and the large white wolf ears on your head and the eleven massive and long white wolf tails with markings and white rabbit tail on top of the massive and long white wolf tails, hair on your massive forearms, beard stubble on your jawline, and chest hair on your pecs and many accessories and large gold halo with four large gold rings orbiting behind your head, that's really new, along with getting He-Man's chest harness. (Rubs his massive pecs) You've really really grown a lot and became a man, but you're still the same kind boy from long ago, plus, you've also grown even more bigger in muscle mass, you can land an airplane on that massive, wider, and more muscular back, squash a melon with those really muscular quads and thighs, and cut a rock into a diamond on those rock-hard eight-pack abs, and there's not even a tape measure long enough to measure that chiseled chest or massive biceps. Plus, I've also met your familiars, and they are really awesome.

Eli: And he'd also been hit with massive amounts of cosmic radiation and he'd been imbued with the same powers as J.D. and all of us, and he's become truly immortal.

Nico: And Lincoln, you know her?

Lincoln: Indeed I do, Nico.

Selene Emperyous: And so do we, this is Avani Acadia, Avatar and Gene-Slammer of Hieratic Dragon of Gebeb, she's Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Earth. She's the Avatar and Gene-Slammer of Hieratic Dragon of Gebeb, and she has powerful earth powers and superhuman strength and her favorite Duel Monster was Hieratic Dragon of Gebeb. She's also a powerful master and defender of Egypt's long history and she's the powerhouse of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades, who fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the order was tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Ausra and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Avani would be the next one to train him in mastering the powers of earth. Lincoln made her a powerful greatsword, and to show her thanks, Avani kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, the powerhouse and one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Nico: Just like we heard yesterday, and we'd already sent Yami Marik and Dark Bakura to The Black Gates.

Avani Acadia: Good, those two were monsters.

Lincoln: Absolute monsters is the word I call them, and now that you're here, Avani.

Lincoln went up to and hugged Avani Acadia in his abnormally massive and powerful muscular arms, he leaned his head down the right side of her neck, and he slowly bit her and he fed on their blood, and we suddenly saw his rainbow energy aura with elemental forces and mythological animals flare up extremely as he gained an extremely astronomically huge and massive power boost and he also gained the very same powers as her, and his abnormally massive and powerful upper and lower body muscles bulged even more as veins formed, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails with rainbow tips and rainbow markings. He slowly unlatched his fangs from her neck as her neck healed and the puncture marks sealed up, and he also kissed where he bit her.

Avani Acadia: You're still just as gentle as ever when you feed on one of your Guardian Angels, Lincoln.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared on the neck of Avani Acadia with green gems on the gold lightning bolts and green crystal links from her merged Crystal Necklace of The Buddha along with a white and gold-accented Elemental Thunderbird Choker of Eternal Love on her neck.

Avani Acadia: (Surprised) Lincoln, are these…?!

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means you're now part of my harem and my many future wives, Avani Acadia.

Avani Acadia had a smile on her face and tears streaming down her cheeks as Lincoln still had his massive arms wrapped around Avani Acadia's waist, and he leaned down to her face and kissed her on the lips, but when she placed her hands on his massive pecs, Lincoln deepened the kiss and we cheered for them. When Lincoln separated, Avani Acadia had an atomic red blush on her face, hearts in her eyes, and her heart was beating like mad. Then, we went up to the nine girls, and when Lincoln saw the fifteen girls, he immediately recognized them. The nine girls are Ai Shindou, Amuro Ninagawa, Karena Nanjou, Maaya Nanako, Makio Ikuta, Mirei Shizuoka, Momoko Orizuka, Sanae Kise, and Tomoko Naruko from Kenko Nude Swimming Series Umisho.

Lincoln: Oh wow, it's Ai Shindou, Amuro Ninagawa, Karena Nanjou, Maaya Nanako, Makio Ikuta, Mirei Shizuoka, Momoko Orizuka, Sanae Kise, and Tomoko Naruko from Kenko Nude Swimming Series Umisho.

Nicole: So, that's who that cannibal tried to devour. So glad we got rid of him.

Lincoln: You said it. Are you girls okay?

Ai Shindou: Yes, we're okay thanks to you.

Then, when Ai Shindou and the other eight girls saw who it was that saved them from Bakasura, their faces turned atomic red upon seeing the 18-year-old 8'9" tall, handsome hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair and large white wolf ears with rainbow markings on top of his head with large golden halo in the center with golden angel wings on the bottom side and four large orbiting golden rings on each corner behind his head, thick hair on his massive muscular forearms and beard stubble on his jawline, rainbow colored thunderbird with gold lightning bolt in its claws and the Ebonwu Squadron emblem on its chest emblazoned on his forehead and Third Eye with rainbow iris, rows of straight teeth with vampire fangs, Crest of Miracles on his massive right pec and golden lightning bolt cutie mark with the thunderbird and comic books surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle on his massive left pec, Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his massive, wider, and more muscular back, and on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, Dragon, Tiger, Vampire Bat, Werewolf, and Buffalo and a Rinnegan-like marking, and right below the Cutie Mark tattoo is a rainbow kanji with nine magatama and the symbols of the elements in between the kanji that said, "Lincoln Landon Loud, Almighty Champion and Emissary of Hinon, Almighty Master of The Elemental Forces, The Storms, The Cosmos, and The Universe, Master of Hero Personas and Many Powers, The Loud House's Man With A Plan, Voice of Reason, Golden-Hearted Brother of Many Siblings, Almighty Golden-Hearted Lover and Father of Many Kids, Almighty Golden-Hearted and Loving Son of Lynn Sr. and Rita Loud, Loving Grandson of Albert Loud and Samuel Loud, Almighty Golden-Hearted and Loving Future Husband, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family, Powerful Alpha Vampire-Werewolf-Cyborg Hybrid, Descendant of The Seventeenth Century Duke Lincoln McLoud of Loch Loud in Scotland, Destroyer of Morag McLaughlin and Many Evil Monsters and Many Evil Villains, Archenemy of Max Dillon Also Known as Electro and Comic Book Guy, True Immortal Hero and God, Destroyer and Slayer of Extremely Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry, Psychotic, Irredeemable Bastards and Tyrants, Talented Comic Book Writer and Video Gamer, Jack-Of-All-Trades, Brave Warrior of The Cosmos, Protector, Defender, and Savior of The Universe, Multiverse, and Beyond, Master of The Powers of Friendship and The Elements, Master of The Fury of Celestial Xelnaga, Master of The Black Gates, Ultimate Force of Ultimate Good, Great God of Friendship, Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust, Ambassador and Beacon of Hope to The Universe, Savior of The Loud House and Michigan, True Immortal Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of Many of Team Loud Phoenix Storm's Branch Teams, Spice Demon of The Loud Family, Surfer of The Legendary Wave Humungadunga, Third-In-Command, Strategist, And Founder of Team Loud Phoenix Storm, Emissary of The Cosmos and The Heavens, Ambassador of Harmony, Friendship, Purity, Hope, Courage, and Love, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms and Warriors of Japan, Fearsome Defender of His Many Guardian Angels, and Destroyer of The House of Damaskinos, and Master of Elemental Forces, The Storms, Mythological Animals, Animals, Phoenixes, and Angels", he has deep sapphire blue eyes, tattoo of a pepper with fire surrounding it on his left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji on his left forearm that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" and a kanji on his right forearm that said "Lincoln Loud, Saiyan Avenger and Destroyer of Frieza", and he had his Rabbit Miraculous, Eini, with him, his male white Rabbit Familiar, Alistair, his white Vampire Bat Familiar, Artemis, and his white Wolf Familiar, Seiko, along with Darkus Battle Ax Vladitor, Darkus Omega Leonidas, Pyrus Omega Leonidas, Haos Omega Leonidas, Subterra Omega Leonidas, Ventus Omega Leonidas, and Ventus Omega Leonidas.

large rainbow gem in its mouth for the belt buckle on his waist, large white pants with rainbow fire and multicolored lightning bolts and elemental forces on the thighs, and large gold armored knee-high boots with colored gems on them, silver Buffalo head stud earrings with rainbow gems for eyes the Thunderbird carved on it and the Element, Xelnaga, Cosmic, Universe, God, and Eternity Kanjis on the heads, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and rainbow crystal links from his merged large Crystal Necklace of The Buddha with large rainbow Thunderbird-shaped Element of Harmony and a large silver Buffalo head with rainbow gems for eyes and Thunderbird carved on it and the Element, Xelnaga, Cosmic, Universe, God, and Eternity Kanjis on its head for the pendant on his bare chest with chest hair on his pecs, large white and gold accented Elemental Choker of Eternal Love and Thunderbird pendant on his neck, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Ring of The Phoenix large multi-colored gem and heart-shaped gem embedded in it surrounded by a Thunderbird, Phoenix, Werewolf, and Buffalo on his right ring finger, Blue Lantern ring on his left ring finger and small planets orbiting around his fingers like rings, claws on his fingers with gold armored finger claws over his fingers, he has twelve large planets orbiting around his legs and twelve smaller planets orbiting around his waist and an immense rainbow protective aura with swirling elements around him.

Ai Shindou: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Lincoln made eight clones of himself, and he and his clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the thick muscular necks of Lincoln and his clones, and we cheered wildly at the scene, and he slowly bit them and he fed on their blood, and we saw his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails. He then slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them.

Ai Shindou: (Seductively and rubs her hands on Lincoln's massive pecs) You too, big, tall, muscular, and handsome.

Suddenly, nine Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Ai Shindou, Amuro Ninagawa, Karena Nanjou, Maaya Nanako, Makio Ikuta, Mirei Shizuoka, Momoko Orizuka, Sanae Kise, and Tomoko Naruko with colored gems embedded in the lightning bolt links and colored crystal links from their merged Crystal Necklaces of the Buddha along with white and gold accented Elemental Chokers of Eternal Love on their necks. We returned to The World Tree Estate and they were shocked to find out the villain we went after was Bakasura from the game Smite.

But, when Lincoln showed what we all did in thrashing him into the ground and Lincoln absorbing him and he and all of us assimilating all of his powers and abilities and sending him to The Black Gates forever, everyone cheered and they went up to us and hugged us and Lincoln's harem kissed him on the lips. Lincoln and Avani Acadia have a lot of catching up to do, now that she's back in town.

Maria: Whoa, I can't believe you went after Bakasura. Thank God no one was slaughtered by him.

Lincoln: You said it.

Nico: But, he was really really vicious and ravenous.

Me: But, he's finally gone forever, and no one will have to deal with him again.

---

After Lincoln and all of us beat down Bakasura and Lincoln absorbed him and sent him to The Black Gates, we were training intensely in the gym, doing 900,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we were also doing 900,000,000,000,000 reps of tail bicep curls to get our eleven massive and long wolf tails even more stronger than ever as well, and when Avani Acadia saw Lincoln doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Avani Acadia: My God, I was right that Lincoln's really grown into a 18-year-old, 8'9" tall, really big, handsome, sexy, and extremely super strong manly man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs really hard at work, and really working out with those 900,000,000,000,000-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan, and he's also doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, and he now looks even more ripped than ever. He's definitely been continuing on bodybuilding and working out even more for many years, and because of that along with the combination of his diet

plan that we gave him, along with his hyperpuberty and genes, he'd gained the powerful and massive body that all bodybuilders could only dream of. If anyone tried to mess with him now, they were in for a world of hurt and trouble, and he's always been there to defend and protect us from Chandler, his goons, Pablo, Anderson, and Hawk and Hank at school or out in public, and he was also quick to defend us from Lori, Lynn, Lola, Lisa, and Luan if they get out of search control again, along with Killjoy Huggins.

Lincoln: Yep, and I've also trained a lot under a lot of very powerful teachers, J.D. and Nico included, Avani, and I can still defend myself, and in addition to getting stronger and bigger in muscle mass, I've also gotten smarter as well.

Avani Acadia: That's incredible, and we'd already known just how strong you were long ago ever since you did some wrestling and working out with some of the other Guardian Angels long ago, and we're so proud of just how much stronger you've gotten, and just how much taller you've gotten, along with getting that much bigger in muscle mass, and you've also been getting smarter as well.

Nico: You got that right, plus, we heard all of the stories from Lincoln about you girls and about how you all helped him in his training to become an emerging hero before Team Loud Phoenix Storm was formed, and how he grew from the little boy from years ago into the really big, really strong, and really powerful man we know today.

Avani Acadia: I knew it was only a matter of time before he told everyone that story.

And when Tracey Mink and the rest of my harem saw me doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear my mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get my eleven massive and long rainbow wolf tails even more stronger than ever, they had an atomic red blush on their faces, hearts in their eyes, and their noses were bleeding.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and four orbs formed out of nowhere: and he saw four dark futures concerning Rainbow Dash, Applejack, Rarity, and Pinkie Pie in four alternate universes.

For Rainbow Dash, she's part of a group of rebels out to overthrow King Sombra who became ruler of the world in the first alternate universe.

For Applejack, she and the entire Apple family are working like slaves in a sweatshop because she and her family lost because of the Flim Flam Brothers winning unfairly and taking over the family farm in the second alternate universe.

For Pinkie Pie, she's part of a group of rebels out to overthrow Tirek who enslaved the world in the third alternate universe.

And for Rarity, she became a soldier of eternal darkness where Nightmare Moon won and plunged the world into eternal night in the fourth alternate universe.

We gasped at the sight.

Twilight Sparkle: Oh no, this is really awful.

Rarity: Too awful, when Nightmare Moon won and plunged the world into eternal night, I became one of her soldiers of eternal darkness in that universe.

Applejack: And me and my family were forced to work like slaves in a sweatshop thanks to those no good Flim Flam Brothers winning by cheating in that universe.

Rainbow Dash: And I became part of a rebel group who formed to overthrow King Sombra in that universe.

Pinkie Pie: Same with me, but the bad guy was Tirek in that universe.

Lincoln: Those Flim Flam Brothers in that universe forcing the Apple

Family to work like slaves in a sweatshop, they're looking at spending the rest of their miserable lives in prison, but as for King Sombra, Tirek, and Nightmare Moon in those three other universes, The Black Gates await them.

Me: You got that right.

Nico: The Flim Flam Brothers are gonna be horrified when they see that alternate universe and what they did there.

Apple Bloom: When we go after them, you better call the whole Apple Family for this one, Lincoln.

Lincoln: That's what I'm gonna do, those no account con artists aren't going to like what I'm gonna do to them, but unlike Flip, they're facing prison for life after I strip them of their magic and powers.

Me: And King Sombra, Tirek, and Nightmare Moon in those three other alternate universes will face the full extent of our wrath and be sent to The Black Gates.

Nico: Just like what we did to them last year. I hope you also strip them of their magic and powers as well, Lincoln.

Lincoln: I'll do that to Tirek and Nightmare Moon, but King Sombra, I'm gonna destroy his dark magic and powers, but I know we're gonna assimilate his powers in the end.

The vision orbs vanished as we continued our workouts.

Rarity: But, that was very interesting to see.

Starlight Glimmer: But very dark. We'll free those alternate universes and send the alternate Flim Flam Brothers to prison and the alternate versions of Nightmare Moon, Tirek, and King Sombra to The Black Gates.

Lincoln: You said it, Starlight Glimmer.

We got a shower, and then, Lincoln, Simulator Roxanne (A Goofy Movie), Simulator Jasmine Coffeepoet/Beret Girl (A Goofy Movie), Megumi, Liz, Isabella, and Ami (Crash Bandicoot) are heading to Beach Bowl Galaxy.

Lincoln snapped his fingers, and the white-haired, 8'9", handsome and extremely muscular man had on his new large orange and black speedo with a Thunderbird and a lightning bolt surrounded by elemental forces and stars on it with rainbow flames coming off the speedo, orange sandals, his jewelry and accessories, and he had his weapons holstered in case of trouble.

And Simulator Roxanne (A Goofy Movie), Simulator Jasmine Coffeepoet/Beret Girl (A Goofy Movie), Megumi, Liz, Isabella, and Ami (Crash Bandicoot) are dressed in two-piece colored bikinis The Musiqidandi Sisters made for them, colored sandals, and they had their weapons holstered in case of trouble. Plus, we found out Simulator Roxanne (A Goofy Movie), Simulator Jasmine Coffeepoet/Beret Girl (A Goofy Movie), Megumi, Liz, Isabella, and Ami (Crash Bandicoot) all had feelings for Lincoln, and he also had feelings for them, and he also saved them all from an ambush by a group of musclebound thugs Flip hired to kill them, Lincoln sucked out their muscle mass, virility, strength, blood, and life energy as it killed them all which made that mutant cheapskate go insane with anger, until Lincoln fired energy blasts at her and more gold and jewels and treasures came out of him, but they also got to keep their heads up, they got word that mutant cheapskate has sent more muscle-bound thugs to kill them.

Aunt Roxanne: Wow, so this is Beach Bowl Galaxy. It sure is beautiful.

Lincoln: It sure is, Roxanne, and it's perfect for our first date. Shall we?

Lincoln, Simulator Roxanne (A Goofy Movie), Simulator Jasmine Coffeepoet/Beret Girl (A Goofy Movie), Megumi, Liz, Isabella, and Ami (Crash Bandicoot) dived into the waters and they had fun swimming and they even saw the marine life there. Then, they went back to the beach and they had an awesome volleyball game, and Simulator Roxanne (A Goofy Movie), Simulator Jasmine Coffeepoet/Beret Girl (A Goofy Movie), Megumi, Liz, Isabella, and Ami (Crash Bandicoot) got an extremely massive and deep atomic red blush on their faces when they saw Lincoln lift thirteen massive 900,000,000,000,000-lb barbells Lincoln summoned in his large and strong hands and thirteen massive and long white wolf tails, and they were really swooning over him.

But then, they saw the hulking muscle-bound thugs that Flip hired coming after them, but Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he also grew even stronger. When Lincoln was done, the vacuum tubes detached themselves from the chests of the thugs and went back into Lincoln, and the thugs were now dead from blood loss and thin as a rake and he absorbed them.

Lincoln: Nice try, you stupid mutant!

Then, they had some lunch, and then, as the sun was about to set, Lincoln made clones of himself and he and his clones went up to Simulator Roxanne (A Goofy Movie), Simulator Jasmine Coffeepoet/Beret Girl (A Goofy Movie), Megumi, Liz, Isabella, and Ami (Crash Bandicoot) and they hugged the girls in their abnormally massive and powerful muscular arms and Simulator Roxanne (A Goofy Movie), Simulator Jasmine Coffeepoet/Beret Girl (A Goofy Movie), Megumi, Liz, Isabella, and Ami (Crash Bandicoot) placed their hands on the massive pecs of Lincoln and his clones and wrapped their tails around their waists.

And then, they shared a passionate and romantic kiss and Lincoln slowly sank his fangs into Simulator Roxanne (A Goofy Movie), Simulator Jasmine Coffeepoet/Beret Girl (A Goofy Movie), Megumi, Liz, Isabella, and Ami (Crash Bandicoot) and fed on their blood, and his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings and medium-sized white angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white tails with rainbow tips and rainbow markings.

He slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them. They came back home to The World Tree Estate, and Nico and I saw Lincoln covered in kisses on his face, body, and eight-pack abs.

Me: (Whistles) Wow, it looks like you really had a good time at Beach Bowl Galaxy, eh, Lincoln?

Lincoln: (In Heaven) It… was… so… AWESOME!

Suddenly, six Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Simulator Roxanne (A Goofy Movie), Simulator Jasmine Coffeepoet/Beret Girl (A Goofy Movie), Megumi, Liz, Isabella, and Ami (Crash Bandicoot) with colored gems on the gold lightning bolts and colored crystal links from their merged Crystal Necklaces of The Buddha and white and gold-accented Elemental Thunderbird Chokers of Eternal Love on their necks.

Lily the Mermaid: Wow, now Simulator Roxanne, Simulator Jasmine Coffeepoet, Megumi, Liz, Isabella, and Ami are in your harem, Linky.

Simulator Roxanne (A Goofy Movie), Simulator Jasmine Coffeepoet/Beret Girl (A Goofy Movie), Megumi, Liz, Isabella, and Ami (Crash Bandicoot) showed the marks Lincoln made on the right sides of their necks.

Crash Bandicoot: You can thank me and my sis for introducing Megumi, Liz, Isabella, and Ami to Lincoln.

Max Goof: And P.J. and I introduced the Simulator counterparts of Roxanne and Jasmine to Lincoln.

Jenna: And Flip had some nerve trying to kill them, that mutant is just making things much worse for himself.

Serena Logan: I always knew that stupid mutant was and always will be nothing but fucking trouble, and he's just making things worse for himself.

Rarity: And trying to kill Simulator Roxanne, Simulator Jasmine Coffeepoet, Megumi, Liz, Isabella, and Ami, now that repulsive ape is really going to get it.

Lincoln: And we also had a run-in with more of the hulking muscle-bound hired thugs he sent to kill us yet again, but I sucked out their muscle mass, strength, and virility and I killed them all and sent them to The Black Gates, and that dumb mutant should be screaming with pure vengeance and hate at us in 3… 2… 1!

Suddenly, we heard Flip scream and bellow with extreme hatred and rage and cursing right at us, and now, he's officially lost his mind.

Maria: (Flips Flip the middle finger) Yeah, up yours, you mutant three-butt-cheeked cheapskate!

Nico: Even after we kicked Flip's miserable hide, that mutant still refuses to quit!

Lincoln: Same with Lewis Travolta, Dark Amy, Icky Vicky, Billy McLean, Pablo, Anderson, and the other jerks at Dad's restaurant, but it's much more fun to see their thugs get killed by me.

Eli: It sure is, and it's so much more fun seeing them blow their stacks!

We then saw Lincoln form a viewing window, and then, Lincoln snapped his fingers.

SNAPS FINGERS!

We saw a massive funnel appeared in Flip's mouth, and then, massive cartons of the extremely powerful laxatives that Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta appeared over the funnel.

Eli: (GASPS) ARE THOSE…?!

Nico: The extremely powerful laxatives Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta?!

Luna: DO IT, BRO!

Then, the extremely powerful laxatives were dumped into Flip's mouth and the funnel was removed. Then, Flip's stomach gurgled and rumbled, and then… !

MASSIVELY LOUD AND EXTREMELY WET FART!

Flip farted and massive tons of gold, jewels, gems, and other currencies exploded out of his three butt-cheeks like crazy!

Flip stopped farting like crazy.

Lincoln: That's for trying to get your musclebound thugs to murder me and the girls in my harem, you stupid mutant cheapskate!

Nico: Jeez. Those laxatives are really powerful, I still remember when you tried that prank on me years ago, Connor, but that failed.

Eli: Because of you using Walker's powers.

Connor Chan: Now, Flip's really pissing me off now, if he does this again, I'm gonna shove a grenade down his throat!

Nico: Connor, I know you're angry, but we're saving it for later when we kill him, Icky Vicky, and Xehanort. Now, don't even think of getting into the weapons room or I'm telling Dad!

Connor Chan: Tattle tale.

* * *

Later it was time for Yona, Carlota Santiago and Himiko's first mission with the Geats Riders and it was going to be EPIC!

Nico: Anyone else want to go with Himiko, Carlotta, and Yona? Besides 4 Rabbids, Tyler Nevarro and Dino Squad Max?

Dark Leo: Me and my brothers will go.

Boy Lynn: So will I.

Me: All right then.

Nanette: And you know me and Izuku will go too.

Tsuyu: Me, Sirius, Ochaco, Toru and Misty Tredwell and Carly Atlas will go too.

Me: Okay then.

Ace Ukiyo: Hang on guys I'm coming.

Me: Lets go.

We were off to Japan.

* * *

We arrived in Japan.

Ace Ukiyo: It feels good to be home again.

Me: The Geats team has probably been miserable without you Ace.

Eli: No kidding.

Then we saw the Geats Team fighting DAICHI ISUZU THE MARRELLA JYAMOTO!

* * *

Daichi Isuzu is a man who has an interest on knowledge and human thinking, especially the latter. To learn these, he spent time to study all kinds of books to obtain all types of knowledge and now sets his interest on human thoughts. He was once invited to Desire Grand Prix to a game where he met Ace Ukiyo and successfully proceeded to the finals but was eliminated in the final round while Ace became the Deza Shin in that game.

Introduced as the "Quiz King", Daichi along with Sae Ganaha were veteran players who were chosen to return as Kamen Riders for the Desire Grand Prix. His wish is to obtain the memories of humanity.

Following the events of the Jyamar Ball round, he would be eliminated via voting for being suspected as the Dezastar, as a result of his attempts to cast doubt onto Keiwa Sakurai. After his elimination, he would be later be recruited by Beroba to be an advisor to the Jyamato and regains his ID Core through Beroba's authority. Under his suggestion, Beroba ordered Archimedel not to deploy the Jyamato into the game, forcing Chirami to join the game himself as the enemy, giving opportunity for Beroba to steal the Vision Driver. Later, when the DGP riders went to Jyamar Garden to take back Vision Driver, Daichi appears in front of them as the enemy.

With Beroba's reform of Desire Grand Prix into Jyamato Grand Prix, Daichi did not join the game due to his status as a pure human, while showing his interest in the evolved Knight Jyamato, who has the complete memories of its host and its own personality. Despite Beroba's suggestion for him to enter the game by using Jyamato Buckle, Daichi still did not use the buckle for once throughout the game, while enjoying to watch the game from the audience side and witness the evolution of Dunkleosteus Jyamato, the truth of Goddess of Creation and Neon Kurama.

After Michinaga Azuma recreates the world, Daichi's memories in both DGP and JGP were erased, while returning to his life as a college student. When Suel starts the Desire Royale, Daichi was given his Driver and ID Core again, while now fighting to avenge himself for his loss in DGP due to Keiwa Sakurai, holding a grudge for being played as a fool. Daichi ended up tricking Sara Sakurai, Keiwa's older sister who recently joined the Desire Royale as Kamen Rider Hakubi into battling Kamen Rider Buffa. Unfortunately for him however, Michinaga decides to battle him instead to eliminate him from the game forcing Daichi to fight back, in which his attacks as Nadge-Sparrow didn't even hurt Buffa at all. Buffa ended up cracking his ID core, forcing Daichi to retire all while exclaiming that this isn't the last time he'll ever see of him. However, before Buffa is able to completely crush Nadge-Sparrow's ID Core, the Dunkleotus Jyamato, now taking the form of Archimedel, retrieved the core before fleeing away. Beroba later obtained Nadge-Sparrow's ID core while saying that she has plans for him.

After the Grand End was successfully postponed by GeatsIX's reality alteration ability, Daichi presumably recovered his memories as a Kamen Rider. However, his experience with the Desire Grand Prix has had a drastic impact on his sanity. Using Archimedel's research notes, Daichi cultivates a new breed of improved, parasitic, miniature Pawn Jyamato. From his lair, before his specimens, Daichi manically declares his intention to become the new Jyamashin and the initiation of the "Parasite Game".

Beroba & Kekera find Daichi in his lair, musing to himself about his evolution, and offer him his broken Nadge-Sparrow Rider Core ID, in an attempt to recruit him to their cause, but Daichi utterly dismisses the notion. Instead, Daichi expresses his reverence over the Jyamato and how he endeavors to use the Jyamato in his ambition to acquire absolute knowledge by taking advantage of their ability to acquire the memories of the humans they consume. Then, in gruesome display, Daichi proceeds to consume a Jyamato Baby in front of the two Supporters, whom express equal shock and amusement in the act, before releasing more of his parasitic Pawn Jyamato from their captivity.

After their encounter, Daichi enacts the next phase of his scheme and successfully lures Keiwa's sister, Sara and coyly explains the characteristics of this deadly, new breed of Jyamato and their stages of infection, the curable Stage 1 and the irreversible Stage 2, before exposing her to a swarm that encases her in a cocoon for Stage 2 Jyamatization.

Ace and Keiwa track Daichi and confront him about Sara's whereabouts. Daichi attempts to deflect his involvement in her disappearance but is exposed by Ace's keen intuition. A battle ensues, with Daichi assuming a new Marrella Jyamato form but, despite his impressive abilities, is defeated by GeatsIX. Yet, Daichi delights in his results of his machinations, as his scheme achieved the goal of eliminating Sara.

After Sara was trapped in the "Tree of Knowledge" in the Jyamato Garden, Daichi ate a tomato-like fruit growing from the tree, allowing him to gain her memories.

When Daichi was gathering a group of followers, Keiwa also disguised to blend in the meeting. He later confronted Daichi and they both got into a fight as Keiwa transformed into his new Bujin Sword form. Marella Jyamato is defeated by Keiwa and soon came back to his human form. When Tycoon was about to execute Daichi, Geats appeared and stopped the fight, stating that Tycoon has already won the fight and then Tycoon left eventually. After the fight, Daichi was hospitalized with many injuries. However, he was later confronted by Michinaga, who was on the mission to find the "Tree of Knowledge" in order to free the innocent people, but Daichi stated that the memories and knowledge that he got from the victims have already gone, possibly because of Keiwa's wish.

Eventually, he sought out his tree again, feeling it might hold the key to his own salvation, and finds Beroba and Kekera with who appeared to be Tsumuri attempting to take the tree and use it for their own ends. He gets into a fight but either doesn't or is unable to transform to fight back. Just as he is about to be finished, Michinaga and Neon intervene and get him to safety. He asks why they bothered saving him and they both state that he is the only one who can bring Keiwa's sister back. He says that in order to do so he needs access to his tree, which Beroba stole the essence of and until that returns, there's nothing he can do. Michinaga leaves, stating he'll do what's needed to get Sara back for Keiwa's sake. He points out that he's running to his death, but Neon says that he chose to do so still.

After Michinaga beats Beroba, he, Michi, Neon, and Keiwa all witness the Tree of Knowledge shed Sara out from its form as she's revived.

The next day, the Riders, bar Keiwa and Ace, have turned into inanimate objects, due to Kekera wishing for Tycoon to be the only Rider. This leaves Daichi unaffected though, as he is part Jamato and no longer a Rider. He assists by protecting Sara and holding off Premium Kekera on his own, until he is knocked out by the latter and is later trapped alongside Keiwa. The two chat about happiness, with Daichi believing he doesn't deserve it due to selling his soul to the Jamato. Keiwa sympathizes, believing that everyone can have a fresh start, as long as they have their humanity. Daichi also reveals that by protecting Sara, he protected her true happiness, claiming that it is found "in a boring life", such as one that she and Keiwa leads. The two face off Kekera, who is holding three civilians hostage, threatening them with Jamato. However, these Jamato were raised by Daichi, who has control over them and would use them to free the civilians.

During the Final Round, hundreds of civilians would be transformed into the End Riders, with Game Masters forcefully exploding them if they either lose or don't participate. The Kamen Riders would spread out to stop this game, including Daichi, who assists Win Hareruya in defeating a Game Master by summoning Jamato to help defeat them. An announcement is made that Ace is dead, and the Desire Grand Prix starts gaining the upper hand. However, the defeat of Suel and Ace's restart of the world causes the DGP to fall, erasing all the Game Masters, and removing the End Riders' Drivers.

After the world restarted, this time with the memories of Ace Ukiyo being erased from the general population, Daichi is seen in a garden with other Jamato, remarking that one in particular is starting to grow up. His wish is revealed to wanting "humans and Jamato to co-exist"

---

Me: WHOA! That's Daichi Isuzu the Marrella Jyamoto! I remember him! He was tough!

Nico: Yeah! And he wanted Humans and Jyamoto to coexist!

Me: Like that will ever happen! Lets get him!

We went at him

Neon: He is just as tough as ever!

But then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above them.

Me: (Singing like Zocks) Yo-ho-hoy- yo-ho-hoy- yo-ho-hoy-hoy! Hey!

I am a World Pirate. In pursuit of treasure, I go from sea to sea! I am a pirate. In pursuit of freedom, I travel from world to world! I'll get my hands on it no matter what! And then I'll get a feeling that's two good! Yo-ho-hoy!

Neon: Is that Zocks?

A phoenix cry was heard and we jumped out of the explosion!

Ace Ukiyo: HENSHIN!

He transformed into Geats!

Neon: IT CAN'T BE!

We landed!

Me: Okay you sick as fuck Jyamoto! Time for you do die!

Keiwa: Nanette? Is that you?

Nanette: Long time no see guys!

Neon: Nanette! Whoa! It's great to see you again!

Marrella Jyamoto: Not you again!

Neon: ACE YOU'RE BACK!

Keiwa: ACE YOU'RE ALIVE!

He went and hugged Ace!

Keiwa: But how!

Ace Ukiyo: Long story!

I fired waves of energy and blasted Marrella Jyamoto all over!

Eli: We can catch up later! Lets get him!

Daichi Isuzu: Hey, poser. That look doesn't scare anyone anymore. Didn't you hear by now? Geats is gone!

Nico: Oh he is the real deal you sickass fuck!

Nico fired a wave of energy and blasted him all over!

Michinaga Actually smiled at the sight of Ace

Ace: Nice to see you too Michinaga!

Michinaga: It's great to have you back!

Me: Mind if I finish him?

Ace Ukiyo: Go for it!

I got out Lord Drakkon's Desire Buckle!

LORD DRAKKON! SET!

Me: LORD DRAKKON'S DRAGON CANNON!

I fired a wave of green energy and it hit Marrella Jyamoto and he exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was back to normal but wass wounded bad.

Nico: Marrella Jyamoto you have failed this city!

Nanette: That he has!

They reverted back and we tied up Daichi!

Nico: Nice shot J.D.!

Me: Thanks.

Ace: Oh, you can keep your memories. To remember this humiliation

Me: Yeah!

Neon: Ace!

She went and hugged him!

Neon: We were so upset that you gave up everything!

Ace Ukiyo: I'm back now.

Nanette: It's awesome to see you guys again.

Michinaga: You too Nanette.

Neon: Nanette it's great you're here.

Nanette: Same here Neon.

Me: It's awesome to meet you guys. Looks like the fun has started already.

Michinaga: That was really awesome! Thanks for that.

Me: You're welcome.

Yona: Yona honored to meet you all.

Neon: Pleasure to meet you guys.

Yona: Yona your ambassador for this.

Me: It's part of a Diplomatic Mission Program we made. We should introduce everyone.

Yona: Yona of Yakyakistan.

Himiko Toga: Himiko Toga.

Carlota Santiago: I'm Carlota Santiago.

Fiona Hernandez: We're the Hernandez Sisters. I'm Fiona and these are my sisters Marie and Nicole.

Marie Hernandez: Charmed.

Nicole: Pleasure.

Neon: I love your matching dresses.

Fiona Hernandez: Thanks.

Ochaco: I said the same thing. Oh I'm Ochaco Uraraka.

Tsuyu: Tsuyu Asui.

Sirius: Sirius.

Toru: Toru Hagakure.

Misty Tredwell: Misty Tredwell.

Carly Atlas: And I'm Carly Atlas.

Keiwa: Wow it's an honor.

Dark Leo: I'm Dark Leo and these are my brothers and we're the Dark Turtles.

Lynn Jr.: What up? I'm Lynn Jr. The Boy version of Lynn.

Tyler Navarro: I'm Tyler Navarro, leader of the Dino Charge Rangers.

Me: You might know them as the Kyoryugers here in Japan.

Dino Squad Max: And I'm Max, Leader of the Dino Squad team.

Neon: It's an honor!

Izuku: And I'm Izuku Midoriya, Nanette's brother.

Me: They aren't related by blood. They became siblings last year.

Nico: Long story.

Keiwa: Pleasure and it's an honor to meet the famous Team Loud

Phoenix Storm.

Me: Same here guys.

The Rabbids jibbered.

Himiko: (sighs) And these are Rabbids.

Neon: Oh they are so cute!

Keiwa: And silly too.

Me: Yeah they are silly but they aren't the brightest lightbulbs in the closet if you know what I mean.

Eli: Yeah.

Ace Ukiyo: Lets talk more at the base. I got a lot to tell you.

Me: The Desire Temple? But that doesn't exist anymore.

Ace Ukiyo: Not how I made it

We teleported up to the Desire Temple and it was 85,000 feet above the planet and the view of Earth was amazing.

Me: WHOA!

Nico: Wow! So this is the Desire Temple.

Himiko: Amazing! Look how high up we are.

Me: The view of much of the planet is amazing.

Eli: I'll say!

Neon: Yeah it's good to see this place again.

Keiwa: It sure is cool.

Me: We got so much to tell you guys.

Michinaga: First of all how did Ace return?

Me: You have our friend and teammate Professor Paradox to thank for that.

Nanette: Yeah it's true.

Tsumuri came.

Tsumuri: Ace. It really is good to see you again

Ace Ukiyo: You too Tsumuri.

Me: Tsumuri it's a pleasure to meet you.

Tsumuri: It's an honor Team Loud Phoenix Storm and it's a pleasure to have you all here.

Me: We're honored.

Nico: We have a lot to talk about.

Yona: Yona excited for this too.

Me: We are too.

Dark Don: Me and my brothers are actually clones of the Turtles from the future.

Me: They came from the year 2105.

Nico: Which is 82 years from now.

Dark Don: It's true.

Neon: Wow! That is amazing!

Me: Yeah it was amazing and we actually went to the future many times before.

Nico: Yep.

Dark Mikey: It's true. And it was cool.

Me: Yep.

Neon: What was that Desire Buckle you got J.D.?

Me: Oh that was one of the many M.O.E. Desire Buckles.

I pulled out a bag and showed them.

Me: These are for all of our archenemies. They were made because of the Zi-O Riders enemy Swartz.

Nico: Long story. We got legend items of all the M.O.E. Members from Another Riders and Rangers made by Swartz.

Me: Yeah.

Eli: It was really awesome.

Me: We got legend items from all the series of Kamen Riders and Power Rangers from over the course of 53 years. Gotchard is now in session so we got a freebie from them.

Nico: Yep.

One of the Rabbids was humping Neon's leg

Neon: Hey.

Me: See aren't very smart. But they are funny.

They farted and they sounded like bagpipes.

Eli: See?

We laughed!

Himiko: Yeah they are funny for a laugh.

Keiwa: Yeah. We saw the trial of Powell and also we saw you guys destroy Vilgax and Lord Zedd. Well done!

Me: Thanks! I was disappointed that Lord Zedd was killed by Vilgax. But who cares. He's gone for good.

Nico: Yeah.

Dino Squad Max: There's still his mess to clean up

Me: Yeah. We got our work cut out for us. We got Xehanort's Dark Orbs, Swartz's Anothers, Zedd's clones and Vilgax's work too.

Neon: We know you all can do it.

Himiko: Thanks.

Keiwa: Sorry we couldn't help you guys out during the 20 Days of Darkness.

Me: That's okay Keiwa. You guys were busy during your own adventures but that's okay.

Keiwa: Thanks.

Me: What really infuriates us is that the Jyamato were playing around with peoples feelings like that to fulfill their wishes.

Nico: (to Michinaga) Before we heard more about you, J.D. WAS planning on killing you.

Michinaga: (Chuckles) We'll, it probably wouldn't have been my first death.

Me: I know. But after hearing how Nanette knocked some sense into you I decided not to do that.

Nanette: Oh right I never told you guys how I did it. Well it was about 6 months ago.

Michinaga: It involved her Thunderlegs form

Nanette: I had to REALLY Thrash him big time in order for him to realize that his desire for a world without Kamen Riders was doomed to fail from the very beginning.

Nico: Wow!

Eli: Amazing.

Michinaga: Yeah.

Nico: But to be fair, his friend WAS killed by bad Riders

Me: I remember that. But Michinaga I swear you will get justice. I will kill those motherfuckers that killed your friend. They deserve the Black Gates.

Neon: Black Gates?

Me: It's the deadliest technique we have in our arsenal.

I told them what it does and how it works.

Neon: (GASP) That is incredible!

Michinaga: So it will erase them permanently.

Me: Yep. After they are judged and found guilty by those they hurt.

Nico: (to me) I just realized something. If you DID go through with erasing all evil with the Black Gates in the past, it wouldn't have destroyed the Multiverse. Like with Ace, it would've made all of us forget about you. Which is something that we probably don't want.

Me: I agree there. Thank goodness that I didn't go through with it.

Nico: Yeah. That was very good thinking there.

Me: Yeah and I wouldn't have gotten my powers thanks to Kang. So in a way Lex Luthor's offer was doomed to fail.

Nico: Yep.

Neon: (slaps Ace) Dammit, Ace! What were you thinking making us forget you?!

Me: (GULPS)

Ace: It was the only way to erase the DGP.

Keiwa: At the cost of us not remembering you?!

Michinaga: Yeah, this world was saved. But our happy lives felt empty without you!

Eli: Yikes. Boy they REALLY missed him.

Me: Well they were also worried about him. But who can blame him. Like what happened with Zayto. The Dino Fury Rangers all thought he was dead too.

Nico: Yeah.

Dark Leo: Wasn't there a garden that hatches those Jyamato?

Neon: Yeah there was.

Me: Wait. I know one guy that is like that. ARCHIMEDEL THE DUNKLEOSTEUS JYAMOTO!

They gasped!

---

Archimedel is the gardener who grows the Jyamato and a major antagonist in Kamen Rider Geats.

He is a member of the Desire Grand Prix Staff whose purpose is to supply the Desire Grand Prix with Jyamato enemies for the DGP Kamen Riders to fight.

He is portrayed by Shihou Harumi.

Biography

Employed by the Desire Grand Prix to grow the Jyamato, Archimedel nurtured his Jyamato by feeding them the cracked Core IDs of Riders who had died in the Desire Grand Prix, causing them to repeat phrases said by the dead Riders once they were fully grown. However, Archimedel began to care for the Jyamato he grew and resented them being used only as enemies for the Desire Grand Prix. He eventually teamed up with Beroba, the Jyamato's sponsor, to overthrow the DGP and claim its "Goddess of Creation" so he could create a paradise for his Jyamato to flourish in.

Archimedel was eventually able to cultivate a stronger breed of Jyamato capable of stealing the Desire Drivers used by the DGP

Riders and equipping them to become Jyamato Riders. Girori was surprised at this development and called Archimedel to demand an explanation, but Archimedel ignored his phone call.

Once the Riders reached the final round of the Desire Grand Prix, Archimedel sent a massive Jyamato form to serve as the game's "Last Boss".

After Michinaga Azuma was fatally wounded in battle against the Last Boss, Archimedel was delivered his body to feed to his Jyamato. However, Michinaga managed to survive thanks to his prolonged usage of the Zombie Buckle and attempted to escape the Jyamar Garden. After he was found by Niram and Samas and brought back to the Jyamar Garden, Beroba approached him and offered to let him in on her and Archimedel's plot. They were also joined by Daichi Isuzu after he was eliminated from the game.

Archimedel eventually stopped sending out hordes of Jyamato and began saving the Jyamato he grew for a massive attack on the DGP. This led Chirami to head out in the open himself and create a round centered around him in order to keep the DGP going so their viewers wouldn't get bored. However, Beroba took advantage of this to ambush Chirami and steal his Vision Driver, granting her access to the Goddess of Creation.

The DGP then sent the remaining Riders to the Jyamar Garden to recover the Vision Driver, but Beroba was able to repel them with her Kamen Rider form. After Beroba hijacked the Desire Grand Prix and turned it into the Jyamato Grand Prix, Archimedel set loose the horde of Jyamato he had prepared, who were all now candidates in the preliminary round of the Jyamato Grand Prix.

The preliminary round ended with a Knight Jyamato, a Bishop Jyamato, a Rook Jyamato, two Jyamato Riders and Michinaga Azuma (who had become part Jyamato) all qualifying for the next round of the game. Archimedel expressed disappointment that more Jyamato had not survived past the first round. He later watched the next round of the Jyamato Grand Prix with glee together with Beroba and Daichi.

At Beroba's direction, Archimedel would revive the fossilized

Dunkleosteus Jyamato to give the Jyamato a leg up against the Riders in the "Bullfight" round of the JGP. After both Bishop and Rook were slain by the Riders, Archimedel allowed the Dunkleosteus Jyamato to devour him in order to further empower it. In the process, all of his memories were transferred onto the Jyamato and it obtained the ability to assume his form.

Nico: I remember that guy! He was fucked up!

Eli: He sure was!

Me: I'm going to burn his garden into ashes.

Dark Don: I think I can make something to help with that

Me: Okay then.

Eli: Go for it.

Keiwa: You sure you know what you're doing?

Dark Don: Of course. I AM a clone of Donatello, after all

Me: It's true.

Eli: Yeah.

He then made an awesome Flame Wing Accessory for Ace and everyone for Geats using the power of Blaze Heatnix.

Ace: This'll help burn that garden, right?

Dark Leo: Yep.

Me: Awesome. And nothing burns plants like fire.

Himiko: And I know fire too.

Eli: Yeah!

Dark Mikey: Um, where's the garden again?

Tsumuri: Here.

She showed a holographic screen and it was located in a botanical garden in a long forgotten temple in northern Tokyo.

Me: I know that area. That's the Tokyo Peace Pagoda in Nukazasu Ridge.

Nico: Wow! I remember seeing that place. That was the pagoda that was built after World War II ended after the Hiroshima and Nagasaki bombs were detonated.

Tyler Nevarro: We should go there.

Dino Squad Max: By the way, me and Tyler are going on the second mission too where we'll use our Wizard Rings.

Me: Okay. So we're using Wizard rings for this one.

Nico: Awesome.

Ace Ukiyo: Kamen Rider Wizard's ring. Cool.

Me: Yep. Lets get a move on.

Neon: Oh by the way is Dark Eddy coming?

Me: No you have nothing to worry about. He's gone for good.

Keiwa: But we have Blackwing Eatos 12 victims running around.

Me: Yep.

Eli: Be sure to look out for anyone that has pitch black angel wings and piercing red eyes.

Me: Yep. Lets go.

We were off.

We arrived.

Me: Hiroshima. This place has history dating back to 1945.

Eli: Yep.

We saw the garden and it was right next to the Peace Pagoda.

Nico: There it is.

One Rabbid tried to eat one of the fruits.

Nico stopped him.

Nico: Don't eat that. These fruits are dangerous.

Ace Ukiyo: Yeah.

Me: Helheim Forest Fruit Dangerous. Okay lets burn!

I FIRED A WAVE OF FIRE AND BURNED MUCH OF THE GARDEN ALL OVER!

FIRE SCORCHED THE ENTIRE GARDEN ALL OVER.

Michinaga: That's sure to get his attention!

And sure enough we heard a scream of insane rage!

Me: Yep.

Then out came ARCHIMEDEL!

Me: Okay you old timer you need to get out of here fast. This is dangerous. (Smirks)

Archimedel: YOU BURNED MY GARDEN! (INSANE RAGE) YOU BURNED MY BABIES!

Me: Sheesh buddy. Get some REAL children.

Then he roared and turned into DUNKLEOSTEUS JYAMOTO!

Eli: WHOA!

Me: He is butt ugly fucked up!

Ace: HENSHIN!

He turned into Geats!

READY FIGHT!

Dunkleosteus Jyamato: ACE! You're alive!? But how!?

Me: From a place called NOYFB!

Dunkleosteus Jyamato: What does that mean?

Me: None of Your Fucking business!

Nico: (sighs) J.D., just say None of Your Fucking business for that. NOYFB isn't a cool acronym.

Me: Sorry.

Neon, Keiwa and Michinaga: HENSHIN!

They transformed and were ready!

READY FIGHT!

Tyler Navarro: IT'S MORPHIN TIME! DINO CHARGER READY! ENERGIZE! UNLEASH THE POWER!

RRRRRRRROOOOOOOOOOOOOOAAAAAAAARRRRRR! CHOMP!

He transformed and was ready!

Tyler Navarro: TYRANNOSAURUS REX! DINO CHARGE RED!

Max: DINO UP!

He turned into a TYRANNOSAURUS REX!

Dunkleosteus Jyamato (grabs Michinaga by the throat): Oh, don't feel too sad, Buffa. You and your friends might die here but when my babies take over the planet, we'll make it a better place. So in a way, you and your friends WILL be helping humanity.

I kicked him in the face and kicked him down!

Me: You are just a fucked up piece of filth! Your plants are gross too! Also you are a 382 million year old fossil fuckup!

I fired waves of energy and blasted him all over the place with intense force!

Me: YEAH! And this!

I put on Lord Drakkon's Ring.

LORD DRAKKON! PLEASE!

Me: Take this!

I fired a wave of green energy and blasted him all over the place with intense fury!

Himiko: (Gets out LeFou's ring) Time to start us off!

LEFOU! PLEASE!

She fired a drunk ray and blasted him and made him drunk as a loon!

Dunkleosteus Jyamato: (Slurred speech) You make me want to wretch!

Nico fired waves of energy and blasted him.

They he snapped out of it and ran at us!

Then Carla Nazca flew in and kicked him down!

Carla Nazca: Time for the Avatar of the Earthbound Immortals to unleash hell!

She fired energy blasts and blasted him all over!

Me: Awesome!

Carla Nazca: Awesome to meet you guys. I'm Carla Nazca, Avatar of the Earthbound Immortals.

Neon: Pleasure to meet you!

Keiwa: Same here.

Yona: (Gets out Crazy Cat Lady's Ring) Yona smash!

CRAZY CAT LADY! PLEASE!

She fired Cat Bombs and they hit Dunkleosteus Jyamato and exploded all over!

KRABBBBBBBBOOOOOOOOOOOOOOOMMM! KRABBBBBBBOOOOOOOOMM! KRABBBBBBBOOOOOOOMMM! KRABBBBBBOOOOOOOOOOMMM!

Me: Nice one!

Carlota Santiago: (Gets out Mesmeralda's Ring) So far so good! Time for the show to begin!

MESMERALDA! PLEASE!

Dunkleosteus Jyamato then went into the ground and she used Mesmeralda's ghost hands and pulled him out and smashed him into the ground all over!

Carla Nazca slashed him all over the place!

She fired waves of blue fire and burned him.

Nico: Take that!

Fiona Hernandez: Taste this one! HYPER BLAZE ATTACK!

She fired a wave of intense fire and blasted Dunkleosteus Jyamato all over and the fire burned his garden more!

Keiwa: By the way, Carlota, I can tell you're the same as Nanette.

Carlota Santiago: That's right. I'm a gene-slammer of an Arburian Pelorota.

Me: That's Cannonbolt's species.

Keiwa: Wow!

Me: Yep. Lets see what the new gadgets Dark Donny made can do.

They activated them.

BLAZE HEATNIX FIREWINGS!

They grew WINGS MADE OF PURE FIRE!

Neon: WOW!

Me: COOL!

Nico: That is awesome!

Eli: Boy I'll say!

The riders flew and burned more of the garden!

Nico: Okay this is too easy!

But then a girl with orange hair and red eyes and black clothes and black angel wings and she had tiger stripes on her arms and cat ears on her head and she had a tiger tail and had a tiara with a picture of Rath on it.

Me: (GASP!) Rachel Rath!

Nico: Uh oh!

Me: She's Half Appoplexian and she is known for have a REALLY NASTY EXPLOSIVE TEMPER!

Rachel Rath lets out a ferocious roar at Dark Raph!

Dark Raph: BACK AT YA!

Me: (TIGER ROAR!)

Nico: WHOA!

Me: LEMME TELL YA SOMETHIN RACHEL LOPEZ RATH! NO ONE IS GOING TO MESS WITH US ON OUR WATCH!

I fired an electron beam and injected the antidote!

Boy Lynn charged at her.

She kicked and punched her and knocked her down but she got back up.

Boy Lynn: I knew it wasn't gonna be easy. (Gets out Mammoth's ring)

MAMMOTH! PLEASE!

He bashed and punched and smashed her with intense strength!

Rachel Rath punched Michinaga. He grabbed her Punch and kicked her.

I kicked Dunkleosteus Jyamato all over!

?: (ECHOING) GREAT MAELSTROM!

A massive blast of water drenched Rachel Rath and smashed her down.

AncientMermaimon came!

Me: Whoa! AncientMermaimon!

Nico: Awesome!

AncientMermaimon: Looks like the fun has started.

Nico: Melanie Ancient Mermai! Wow!

She reverted back and was a girl with aqua blue hair and blue eyes and had blue clothes and blue angel wings and had AncientMermaimon in the middle of her forehead and on her skirt and had the symbol of Water on her arm and had AncientMermaimon's trident in her hand.

Melanie Ancient Mermai: Awesome to see you again Nico. Let me help out.

Nico: Sure.

She fired waves of water and drenched Rachel Rath.

Rachel Rath punched Dark Raph. But he dodged it and punched her.

Dark Donny and Dark Mikey and Dark Leo kicked her down.

She was back to normal. She had blue eyes again.

Rachel Rath: What? What happened? I feel like I got hit by a bullet train.

Nico: Ugly story.

Dunkleosteus Jyamato: I WILL KILL YOU ALL! I WILL KILL YOU!

Nico: Almost forgot about you.

Me: I didn't.

I fired waves of energy and blasted him.

Nico: Now to finish this jerk!

Ace: And the winner in the end is us!

Me: Yeah!

We fired a massive energy blast and it hit Dunkleosteus Jyamato and he exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was back to normal and we tied up Archimedal.

Nico: Dunkleosteus Jyamato you have failed this world.

Archimedal: Go on. Finish me!

Ace: No. This time, you get to remember what happened so you can answer for your crimes

Me: You get to suffer your humiliation in the nut house for life.

We had him teleported to the Saturn Nuthouse.

Me: That's it for him.

Melanie Ancient Mermai: Yep.

Ace Ukiyo: Do you have any favorite memories of Nico?

Me: You're catching on.

Melanie Ancient Mermai: When me and Nico we're swimming in the oceans of the Digital World and we battled numerous evil Digimon and that was so fun.

Nico: It sure was.

Nico and Melanie hugged.

Nico: I've missed you.

Melanie Ancient Mermai: Same here.

Ace: Thanks for having me, guys. But now, it's time to return to my team.

Me: We understand Ace. But it's good to have you back with them. You're more than welcome to help us out anytime.

Ace: No problem J.D.

We shook hands.

Later we came home.

May: How did it go guys?

Me: REALLY awesome!

We told them everything and it was awesome!

May: WHOA! That is awesome!

Nico: Next, Vakama, Dan Kuso, Carmen Dillo, the other Underground Girls, and the rest of Izuku's class should come

Me: Cool!

Qin: Awesome!

Nico: Yep.

---

We were busy watching TV, and many of us were doing work-outs to continue staying in tip-top shape, especially Lincoln doing 900,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever and he was sweating like crazy.

Lincoln: We don't have long before the main mission starts, so I still got to keep myself busy.

Me: That's true, and we're also doing work-outs just like you, Lincoln.

Nico: Yep.

Then, we saw Lincoln deadlift a massive twenty-five-ton barbell with ease, and we were stunned.

Eli: Whoa!

And of course, the constant workouts that Lincoln has been doing had also caused his harem to get massive atomic red blushes on

their faces, hearts in their eyes, and their noses were really bleeding upon seeing their hotter, sexier hunk of a future husband.

Lily the Mermaid: (Turned On) My God, Linky truly is one hunky muscle god.

Girl Jordan: (Turned On) Big time.

We finished our workouts, and Lincoln sprayed us with water and soap and we were all clean. Then, his harem kissed him on his face and steam whistled out of his ears and his face turned atomic red.

In the kitchen we were making eggnog.

Haylia Khan: Nothing like making Eggnog

Me: You said it! (Sniffs) Mmm!

Rarity: Oh that smells absolutely great.

Me: It sure does.

We were making peppermint, vanilla, chocolate, strawberry, caramel, banana, pumpkin, and many more flavors of eggnog.

Lola Francois: Let me taste it.

Me: It's ready.

We got it put into some mugs.

I sprinkled it with nutmeg and cinnamon.

We got to tasting it and it was delicious!

Me: (Slurps) Mmm! Ahh! Chocolate egg nog is good.

Nico: (Slurps) Mmm! Peppermint is good.

Lola Francois: (Slurps) Mmm! Vanilla is awesome!

Camie: (Slurps) Yummy! Love strawberry.

Rarity: (Slurps) Mmm! Spearmint is so delicious darlings.

Qin: (Slurps) Mmm! Love pumpkin.

The mascots tried some.

Poromon: (Slurps) Delicious!

Poliwag: (Slurps) Yummy!

Manaphy: (Slurps) It's like chocolate and flavored milks in eggnog form!

Me: Yep.

Horsea tried some.

Horsea: (Slurps) Delicious! Wow!

Qin: It sure is.

Maria: I'll say!

Ruckus: Does Timmy's Dad want any?

Timmy Turner: My dad will want all that in a second! He can smell eggnog from anywhere!

Timmy's dad: OH TIMMY!

He came in.

Timmy's Dad: Do I smell Eggnog!?

Me: You sure do. We made some.

I poured some for him in a mug.

Timmy's Dad: Oh wow! Thanks J.D.

Me: You're welcome.

Timmy's dad: (Slurrps) Oh wow! This is delicious!

Me: Yep. We made different flavors.

?: Boy does all that smell great!

A girl with green hair, green eyes, green clothes and green angel wings and a tiara with the symbol of Acid Man came in.

Arlene Acid: Arlene Acid, Embodiment of Acid Man.

Right Suzuki: Wow Arlene its been a while.

Nick Russel: It sure has.

Arlene Acid: Same to you Nick and Right.

Freeway: How did you meet Right and Nick?

Arlene Acid: I met Right when he and the ToQgers were battling Emperor Z and we blasted him with the power of Rainbow Imagination power and brought him down the first time.

Me: Wow! I remember that power. That was you there?

Arlene Acid: Yep. That was awesome.

Nico: Cool!

Arlene Acid: Yep. And I met Nick when he was battling Koragg. Nick and I teamed up and brought him down.

Nick Russell: That was awesome! She and I really dealt him an amazing defeat.

Nico: That is so awesome.

Me: Yeah! Would you like to join us?

Arlene Acid: I would be honored.

Shocker: We made a LOT of eggnog.

Me: We sure did!

?: And it smells delicious for Christmas.

We saw a girl with red and green hair and had green eyes and one angel wing that was red and the other was green and she had Christmas Clothes on and had a tiara with the symbol of the Christmas Dopant on it and on her skirt and she had a Christmas staff in her hand.

Me: (GASP) Callie Christmas!

Callie Christmas: Awesome to see you again J.D. I know it's early but Merry Christmas.

Me: Same to you. Callie is the Embodiment of the Christmas Dopant and she brings the joy of christmas to everyone and everything.

Nico: Awesome to meet you.

Callie Christmas: Same here.

Me: Want to join us?

Callie Christmas: I would be honored.

Me: Cool.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and he had a vision, and he saw who it was that we're going to confront today: it was The Snow and Heat Miser, and those two are causing trouble. When we saw it, we knew it meant trouble.

Lincoln: Oh boy.

Lincoln sounded the alarm.

Nico: We heard the alarm, what's wrong, Lincoln?

Lincoln: Nico, everyone, we've got a seriously huge emergency, and I hope you guys are ready for an elemental battle: I just had a vision and I saw who it was that we're going to confront today, it's none other than The Snow and Heat Miser, and those two are causing trouble.

WE GASPED!

Nico: Uh oh, and we're already approaching the holidays in December.

Me: Yep, and we're going to be dealing with the Snow and Heat Miser as a way to welcome the holidays. Let's head down there at once and teach them a lesson.

Lincoln: You said it, we've got some fire and ice techniques to use on them.

Nico: First we'll watch the movie A Miser Brothers Christmas and then we'll head out.

Lola: I'll make the popcorn.

Lola did so.

The previous group came.

Marionette Shadow: Can me, Wiggum, Chalmers, Springfield Mafia, Kite Man, Grundy, Multiple Man, Boomerang, Knightbrace, and Puff go with you guys?

Legs: Aw man. Ace left, didn't he?

Me: Yeah he did.

Nico: And yes you all can come with us.

Qin: Yep.

Legs: Awesome.

Crystal Man: Nico, which Gene Slammer do you think you'll meet next?

Nico: Ground Scaravich next.

Me: Cool.

Louie: Hey, is that Eggnog?

Me: Yep we made it.

We got to watching the movie and had popcorn and our homemade eggnog.

---

The feuding Miser Brothers (Heat and Snow) attend their family reunion with Mother Nature and their fellow siblings including the North Wind, Earthquake, Thunder and Lightning, and the Tides. The North Wind passively asks Mother Nature what might happen if Santa would be unable to complete his duties on Christmas. She responds that the North Wind would take control instead. When Mother Nature asks for a report from the Miser Brothers, Heat begins to call out Snow for trying to "give global warming a bad name". Snow responds by talking about Heat's attempts to scare people with reports of a second Ice Age. Heat then reprimands Snow for claiming Iceland as his own, which barely has any ice. Snow then calls out Heat for claiming Greenland as his own because it's full of ice. The brothers then fight each other. Mother Nature ends the fight.

Despite his dashing appearance and veneer of flattery and devotion toward Mother Nature, the North Wind is far more malevolent than either of his brothers. Self-absorbed and vain, the North Wind is fixated with the idea of replacing Santa Claus as a way to achieve personal glory. Beginning his machinations, he sends two of his minions to crash Santa's Super-Sleigh designed by his mechanic Tinsel, causing Santa to injure his back after falling in the middle of a fight between the Misers as he unintentionally crosses into their domain.

Despite what she told the North Wind before and having been informed by Mrs. Claus about what happened to Santa, Mother Nature assigns the Miser Brothers the responsibility of running the toy factory. Their fighting continues as they move through several workshop stations. The North Wind hatches a new plan to keep them fighting so it would appear as if they ruined Christmas themselves, but Mrs. Claus convinces the Miser Brothers to put aside their differences and cooperate by showing them the Naughty/Nice list station. The brothers' history is revealed, showing they've always been on Santa's naughty list for mutual bickering. Upon learning the error of their ways, they begin working together and successfully get work back up to speed. However, the North Wind hatches a plan to destroy their truce and get them fighting again, leaving Santa to deliver the toys and giving the North Wind the chance to finish him off.

On Christmas Eve, the North Wind's minions surreptitiously attach heating and cooling units to the sleigh, apparently capable of heating or cooling entire regions of the planet. The discovery causes the Miser Brothers to blame each other. With them fighting again, Santa has no choice but to drive the sleigh as the North Wind planned. After Santa leaves, Tinsel discovers the super-sleigh has been sabotaged, which stops the Misers' fight as they realize that neither of them was responsible for injuring Santa. Upon finding one of the North Wind's Christmas cards with him dressed as Santa, the Misers realize the truth about their brother and comprehend his plan. Meanwhile, the North Wind attacks Santa's sleigh in flight, whipping up a vortex to consume Santa, but the Miser Brothers, with the aid of Tinsel and a team of young reindeer, save Santa in the nick of time.

The North Wind's cover is blown and Mother Nature sentences him to do household chores for the next several thousand years as punishment for trying to finish off Santa and making his brothers fight. With the North Wind thwarted, the brothers learn they've finally made the nice list. They deliver the presents for Santa and give gifts to each other in the process, making peace between them and ending their feud.

---

Mr. Freeze loved the song about Snow Miser and it was cool.

We loved the movie and it was fun.

We cheered wildly!

Me: That was so awesome!

Camie: Yeah it was!

Nico: Yeah!

Me: So our target is North Wind.

I went over his history.

---

The North Wind, mostly referred to as simply North Wind, is the main antagonist of the 2008 animated television special produced by Warner Bros. A Miser Brothers' Christmas. He's the evil, arrogant, and narcissistic brother of Snow Miser and Heat Miser who wants to take over Christmas and do all of the work on his own.

He was voiced by Brad Adamson.

North Wind first appeared when the Miser Brothers attend the family reunion, where North Wind passively asks Mother Nature if anything bad would happen to Santa, with Mother Nature adding that she would have to let North Wind take over if Santa was put out of commission.

Determined to take the opportunity, North Wind secretly plots to dispose of Santa to take over the North Pole and do the work of spreading Christmas himself. To that end, he had his minions take down Santa Claus' Super-Sleigh at the Miser Brothers' domain, causing Santa to throw his back out and blaming the Miser Brothers for the accident due to their feud. Unaware of what has really happened, Mother Nature punishes both Heat and Snow Miser by forcing them to work at the toy factory so that they can deliver the presents while Santa's back needs to be tended.

Despite going off to a bad start, the Miser Brothers warm up by forming a truce to get the toy factory running, bringing enough presents to the sleigh to deliver. Feeling that their newfound relationship will put his plan in danger, North Wind gets his minions to attach heating and cooling units to the sleigh to prank them, causing both Heat and Snow Miser to fight each other again. This forces a desperate Santa to deliver the presents himself on his sleigh (despite his back injuries).

By the time Santa is riding his sleigh, North Wind arrives to the scene, planning to send Santa into an inescapable vortex. Around the same time, one of the elves named Tinsel discovers that the sleigh was sabotaged and that Heat and Snow Miser had nothing to do with it. She informed the Miser Brothers and Mrs. Claus about this and they find a Christmas card that North Wind accidentally threw outside his window portraying him dressed up as Santa, which made them realize the truth about North Wind's plan. Using a spare sleigh, the Miser Brothers work together to save Santa from the vortex. Tinsel traps North Wind in a parachute and they head back to the workshop.

Upon arriving back at the North Pole, North Wind jumps out, angered that his plan was foiled, and the Miser Brothers tell him that he's been a very naughty boy. North Wind taunts his two brothers in response, telling them that they (along with everyone else in the North Pole) can't punish him since they have no authority over him. However, the Miser Brothers call in the only person who does have authority over North Wind: Mother Nature herself. Finally knowing the truth of what really happened, Mother Nature angrily grabs North Wind by the ear, calmly assuring to everyone that she'll make North Wind do all her household chores for the next thousand years as punishment for his actions.

Upon hearing this, North Wind protests at this by trying to explain his actions, but is then transported back to Mother Nature's place, where he is forced to clean up thousands of dishes as part of his punishment. Mother Nature then pardons both Heat Miser and Snow Miser, who end up being on the "Nice" list before substituting for Santa to deliver the presents themselves. North Wind is last seen moaning over his defeat as he continues washing the huge pile of dirty dishes while the Miser Brothers deliver all of the presents to the children all over the world.

Camie: WHOA! This guy has a massively major stick shoved up his butt!

Me: Big time! And Heat and Snow Miser fighting is not surprising because they are part of a battle that's been around since the beginning of time: Fire VS Ice.

Erza Scarlet: Like Natsu and Grey.

Nico: Exactly.

Lola: : We should bundle up

Me: Good idea.

We went and got our coats.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and the rainbow colored iris of Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lynn Sr., and Rita's Third Eye, and everyone else's Third Eye glowed even more and our rainbow energy auras, rainbow protective auras, and rainbow fire auras flared up even more, as they sensed a dark energy signal with their eyes and the Force, and they saw who the figure was in the vision: the figure is none other than the feral animal Packing Day version of Zack Gurdle, and that rampaging hairy gorilla is coming here to pummel us with snowballs. When we saw it, we knew it meant trouble.

Lincoln: Uh oh.

Rayman: I can guess that we got big trouble heading our way. Lincoln, who was it that you saw?

Lincoln: You guessed it, Rayman, and this is something none of us are going to like in the slightest. The figure we sensed belongs to the feral animal Packing Day version of Zack Gurdle, and that rampaging hairy gorilla is coming here to pummel us with snowballs.

Me: Uh oh, what does she look like?

Lincoln took out his sketchbook and we saw Zack's feral animal Packing Day version, he looked like him, but with long wild unkempt red hair, he has facial stubble on his jawline, he has hair on his forearms, he was extremely muscular with abnormally massive and powerful upper and lower body muscles and eight-pack abs and bulging veins, he has on a dark blue coat with the sleeves torn off and he has thick chest hair on his massive pecs, dark blue pants, black boots, and he was on all fours.

Zack: (GASPS) Oh man, that version of me looks like a wild gorilla!

MONSTROUSLY MEGA LOUD BELCH!

Me: Along with having Lynn's monstrous side on Packing Day.

Natalie Parker: We'll be ready for her, we've dealt with Lynn on Packing Day before, this won't be any different.

Nico: Oh, this is gonna end badly for her. Alright, gang, let's go, we're heading out to take down the Heat and Snow Miser.

Lincoln: This is going to be one awesome battle of Fire and Ice, and once we get done with them, you're next, you monstrous beast.

Natalie Parker: We knew this day was coming, but we've been through a lot worse with Lynn on Packing Day, but either way, we're stopping you dead in your tracks.

Lincoln put up a rainbow energy field around The World Tree Estate and all of us headed out to take down The Heat and Snow Miser and North Wind, and as soon as we get done taking them down, Lincoln and Natalie Parker along with me are going to destroy the feral animal Packing Day version of Zack Gurdle.

We were off to Greenland

---

We arrived.

Me: Here we are.

Grundy: Greenland named after Greenland Shark Girl's Shark form.

Me: That is true and that is Lena Mack. But also it was because The Vikings switched the names of Iceland and Greenland. Iceland was green and Greenland was icy.

Frost Man: I'm right at home here.

Me: It sure is cold.

Qin: Yep.

Me: Look!

We then saw 2 castles! 1 was made of fire and heat and the other was made of ice and snow. One was hot and the other was cold. One side had some of Greenland warm and barren and the other was cold and covered and snow.

Nico: We're here.

Boomerang: Where do we go first?

Me: Hmm. Lets see.

Nico: Snow first.

We went to the Snow Miser castle.

Wolfgang: I hope we didn't choose wrong.

Me: Nah.

We went in and a song came on. Out came SNOW MISER!

Snow Miser: (SINGING)

I'm Mister White Christmas,

I'm Mister Snow.

I'm Mister Icicle; I'm Mister Ten below.

Friends call me Snow

Miser, whatever I touch,

Turns to snow in my clutch.

I'm too much.

He's Mister White

Christmas, he's Mister Snow.

That's right!

He's Mister Icicle;

he's Mister Ten below.

Friends call me

Snow Miser, whatever I touch,

Turns to snow in my clutch.

He's too much.

I never want to know a day

that's over 40 degrees,

I'd rather have it 30, 20,

10, 5 and let it freeze!

He's Mister White Christmas,

He's Mister Snow.

That's right!

He's Mister Icicle;

he's Mister Ten below.

Friends call me

Snow Miser, whatever I touch,

Turns to snow in my clutch.

Too much.

We cheered.

Snow Miser: Thank you and Team Loud Phoenix Storm it's an honor.

Me: You too Snow Miser.

Puff: I was worried we chose wrong!

Snow Miser: I know. Let me guess you are here to stop me and my brother from fighting and battle North Wind.

Me: That's right.

Nico: Yeah.

Snow Miser: Well that's going to be hard. Me and my brother Heat Miser have ALWAYS Hated each other because I'm Ice and he's fire. And you know that its been that way since the beginning of time.

Me: We do.

Camie: Yeah.

Snow Miser: Our mother, Mother Nature, has been trying to get us to stop. But it's practically impossible.

Me: You guys are brothers. Don't you love each other?

Crankcase: Fire and Ice have been opposites for years!

Me: Ever since the beginning of the universe.

Qin: That's right.

Snow Miser: That's right. I'm cold and Heat is hot.

Knightbrace: How long have you and your brother been at it?

Snow Miser: As long as we can remember.

Xenia: That is crazy.

Me: What an unhealthy feud.

Camie: I know.

Snow Miser: I know. Been that way for eons.

Me: REALLY unhealthy.

Strike Man: You know we have to put a stop to this, right?

Snow Miser: I know. But we got to stop North Wind too.

Nico: Yep.

Eli: I sense North Wind coming. And Heat Miser is coming out.

Snow Miser: Time for our feud like always.

Multiple Man: Let me make an army.

Multiple Man made a HUGE ARMY!

Nico: Perfect.

Varie: This is gonna be good.

Nathalie: You know this is the last time your feud goes on, right?

Snow Miser: I know. It's time for us to end this. So be ready.

Nico: Will do.

We got ready.

Kite Man: I'll fly to see where he is

Me: Okay.

Nico: Go for it.

He flew off.

Itasis: At least your feud had a good run

Snow Miser: Yeah.

Kite Man came back and Heat was walking out of his castle and he saw North Wind coming too.

Nico: Here they come.

Snow Miser left.

Fat Tony: Maybe it won't be too bad.

Snow Miser: (Offscreen) YOU LOUSY STINKING SACK OF ROTTEN COAL!

Heat Miser: (Offscreen) AT LEAST I AM NOT A FROZEN SACK OF MELTED WATER!

North Wind: (Offscreen) DO YOU KNOW HOW HARD IT WAS TO DO CHORES BECAUSE OF YOU JERKS!?

Fat Tony: Well Maybe not.

Dirt Boss: Hope they don't cause an avalanche

Me: Me too.

Nico: Yeah.

Heat Miser: YOUR MOTHER IS AN ICE CREAM MACHINE!

Snow Miser: YOUR MOTHER IS A FIREPLACE POKER!

North Wind: HEY WE ALL HAVE THE SAME MOM!

Then…

FEROCIOUS FIGHT CLOUD BATTLE!

Totally Spies Alice:… entrance time!

We went at them.

They were fighting and then the spirits of weather came and swirled around them and then converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above them and then a phoenix cry was heard and then we came out.

Nico: Pardon us but we must discipline the Nannygoats!

Wiggum: And not in the usual way!

Heat Miser: Team Loud Phoenix Storm!

North Wind: What are you doing here!?

Me: What else? To stop this feud.

Nico: Snow Miser, you might want to stay close to us

Daniella King: Then lets show them Rath Style!

Ultimate Rath and Daniella King: SMASHING FIST OF THE TIGER!

They punched and pulverized and bashed them both all over!

Then, Lincoln tied him up in a rainbow energy straitjacket.

Lincoln: You are in big trouble.

Then, Lincoln opened up a portal and North Wind and Heat Miser were sent to Vypra while Snow Miser stayed to tell us what he has planned.

Nico: So, you plotted on sending them to Vypra. Nice one.

Lincoln: Those two nannygoats and North Wind need a serious lesson, and handing them over to Vypra is something I planned on when we went after them. Now, there's one last thing to do and one last loose end to tie up: Zack's feral animal Packing Day self. Everyone, keep your eyes peeled.

Suddenly, in Feral Monster Zack Gurdle's point of view as he hides in some trees, he moved the trees aside and was watching us menacingly as he was breathing, snorting, and grunting heavily, then, he pushed the trees back. Then, back to us.

MONSTROUSLY LOUD BELCH!

Lucy: He's here…

Then, we saw snowballs heading our way.

Nico: INCOMING SNOWBALLS!

Lincoln formed a massive indestructible diamond barrier infused with fire that protected all of us from the barrage of snowballs that came from nowhere and hit the barrier, but it stood strong and the fire melted the snowballs into water.

Lincoln: (Catches the scent) There's no mistaking the stench of B.O. from anywhere, come on out now, feral animal Packing Day version of Zack, or we'll force you out.

A massive and muscular figure came out on all fours growling like a dog, it was the feral animal Packing Day version of Zack Gurdle.

Nico: That's the feral animal Packing Day version of Zack?!

Me: Yikes! He looks exactly like what Lincoln had drawn in his sketchbook!

Feral Animal Packing Day Zack: (ROARS)

Zack's feral animal Packing Day self charged at me, but Lincoln punched him hard and he flew into a wall, he got back up, and he roared and beat his hairy chest like a gorilla: NOW, HE WAS MEGA PISSED!

Natalie Parker: Oh, roar yourself, you four-legged hairy gorilla.

Suddenly, Natalie Parker's blue eyes turned neon blue and she was surrounded by an aqua blue energy aura with stars, water, ocean wavs, fairies, phoenixes, and angels, she unholstered her massive greatsword from her back, and as she approached the feral animal Packing Day version of Zack Gurdle, she left aqua blue energy, stars, water, ocean wavs, fairies, phoenixes, and angels with every step.

Natalie Parker: I shouldn't be surprised that you would show up, but I always knew you'd be coming because of the loud belches that Lynn let out when she goes psycho on Packing Day, but we've known you were coming and we're ready to take you and your feral team down!

Suddenly, Natalie Parker was surrounded by a massive vortex of aqua blue energy with stars, water, and ocean waves surrounding the vortex, there are fairies, phoenixes, angels, and Fortune Lady Water flying around the vortex, and in the vortex is a pink phoenix with red eyes glaring at the feral animal Packing Day version of Zack Gurdle: the red eyes of eternal death.

Me: WHOA! Incredible!

Nico: So awesome!

Lincoln: We've all seen what happens when Natalie Parker gets mad when she sees Lori, Lynn, Lola, Lisa, and Luan causing trouble, and now, that fury's about to be unleashed once again.

We were really amazed by Zach's Super Angel-Apocalyptic War Horse-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation.

Zach: (Divine Echoing Godly Voice of The Cosmic Eternal Harmony Apocalyptic Darkness Hellfire Underworld Inferno Hellfire Horseman Almighty War Phoenix God Angel and Divine Cosmic Eternal Harmony Apocalyptic Darkness Hellfire Underworld Inferno Hellfire Horseman Almighty War Phoenix God Angel Hope) Oh man, what on Earth hit me?

Nico: You transformed, Zach, have a look.

Nico formed a mirror of water, and Zach saw what happened to him after he absorbed his feral animal Packing Day self, and he was amazed.

Zach: (Divine Echoing Godly Voice of The Cosmic Eternal Harmony Apocalyptic Darkness Hellfire Underworld Inferno Hellfire Horseman Almighty War Phoenix God Angel and Divine Cosmic Eternal Harmony Apocalyptic Darkness Hellfire Underworld Inferno Hellfire Horseman Almighty War Phoenix God Angel Hope) Whoa! You're right, I've transformed just like Lincoln, J.D., and the others, this is awesome.

Everyone cheered wildly for what Natalie Parker, Lincoln, and I did as we holstered their massive greatswords on their backs and powered down and Natalie Parker's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long aqua blue wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, twelve large aqua blue planets orbiting around her legs, smaller planets orbiting around her fingers, and massive aqua blue angel wings and medium sized aqua blue angel wings underneath are permanent, and Zach Gurdle's brand-new body, clothes, weapons, jewelry, Third Eye, eleven massive and long fiery blood red wolf tails, large gold halo with four large orbiting gold rings on each corner behind his head, large twelve fiery blood red planets orbiting around his legs, smaller planets orbiting around his fingers, and massive fiery blood red angel wings and medium sized fiery blood red angel wings underneath are permanent.

Natalie Parker: That's it for that animal. Thanks for helping me take down Zach's feral animal Packing Day self, Lincoln, you too, J.D.

Lincoln: (Smiles Warmly) You're welcome, Natalie.

Me: My pleasure, Natalie.

Suddenly, Natalie Parker wrapped her arms around Lincoln's waist, as her chest pressed against Lincoln's massive pecs and her stomach pressed against his eight-pack abs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned down to Natalie Parker's face, they kissed passionately as she moved her hands onto Lincoln's massive pecs, and behind them was a Thunderbird, Phoenix, Dragon, Tiger, Mermaid, Angel, Fairy, Succubus, Incubus, Windigo, Demon, and Fortune Fairy Water flying in the air, and we saw a herd of Buffalo and many animals running across the field and elemental forces and water and ocean waves behind them and we cheered wildly. Then, Lincoln and Natalie Parker sucked in and absorbed the elemental forces and water and ocean waves and they came back to us as the display vanished.

Nico: My God. Guys, what we just saw, THAT WAS ONE AWESOME FIGHT!

Nico ran to me, Lincoln, and Natalie Parker and hugged us.

Luna: No kidding dudes, you guys taught feral animal Packing Day version of Zach a lesson he'd never forget.

Luan: And he absorbed him and transformed and ascended just like Lincoln and J.D.

Me: You said it. So, Lincoln, who are we meeting on your rescue tomorrow?

Lincoln: I've got just the girl: Amaris Somatra, Avatar and Gene-Slammer of Hieratic Dragon of Nebthet.

Selene Emperyous: The dark magic sorcerer of The Order of The Hieratic Egyptian Duel Monsters, incredible, and you guys will love meeting her, Amaris Somatra is Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Darkness. She's the Avatar and Gene-Slammer of Hieratic Dragon of Nebthet, and she has powerful light and dark powers and her favorite Duel Monster was Hieratic Dragon of Nebthet. She's also a powerful master and defender of Egypt's long history and she's the dark magic sorcerer of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades, who fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the order was tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Amaris and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Amaris would be the next one to train him in mastering the powers of darkness and the lunar eclipse. Lincoln made her a powerful darkness greatsword, and to show her thanks, Amaris kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Me: Whoa.

Eli: Which means Amaris has the powers of Nephthys.

Lincoln: That's right, she has the powers of Nephthys, and she's a powerful master of darkness.

Duff Killigan: Finally, no more fighting.

Snow Miser: Thank you all.

Rex Goodwin: Think nothing of it.

Me: Yeah.

Raven Branwen: Stoping wars is what we do.

Dr. Polaris: Now, let's go inside your castle for some hot chocolate.

Nergal: I'll make some pizza.

Me: Awesome.

Snow Miser: Me, Heat Miser and North Wind are going to be in the M.O.E. And I will be on both sides.

Me: Awesome.

Nico: Great job today though everyone.

Me: At least we stopped the feud.

Rainbow Dash: We sure did. (To the viewers) Man this was so awesome!

Me: It sure was.

We went back home and enjoyed the rest of the day and had som awesome eggnog and went to sleep.

Nico: Yep.

Lisa Loud: We have arrived at our destination.

Nico: Oh screen.

We saw that we were at a HUGE RED PLANET!

Nico: Here we are!

We saw that the planet was as big as the Sun and it was a red world!

Nico: WHOA!

Qin: This planet is huge!

Lola: It shows that the planet is over 1,000,000 miles in diameter.

Me: WHOA! That is massive.

Nico: For some reason, I'm starting to drool.

Me: Lets go check it out.

We went down to the planet and landed and we got out and then we saw THAT IT WAS A HUGE PLANET WERE THE LANDSCAPE WAS MADE OF VARIOUS KINDS OF MEAT!

Me: WHOA!

Camie: It's a giant meat planet!

Varie: WHOA!

Rolf: MEAT!

Nico: MEAT!

Nicole: MEAT!

Me: LETS EAT!

HOEDOWN BY AARON COPLAND PLAYS!

We got to eating all kinds of awesome meats!

Me: (EATING STEAKS) Mmm!

Crag: Boy this is my kind of planet!

The Ripping Friends were eating meat all over! Mostly steaks

Poromon ate some.

Poromon: (Eating sausages) Mmm! Good sausages!

Poliwag: (Eating Chicken) Delicious!

Horsea: (Eating Ham) Hmm! So delicious and tender and yummy!

Manaphy: (Eating Meatballs) Mmm! So delicous and juicy!

Camie: Boy so awesome!

Poromon: I can eat faster than you!

Qin: Geez!

Varie: Nice one!

We were eating and eating and eating and we were stuffed!

Me: (BELCH)

Rolf: (BELCH) Rolf stuffed.

Ed: (BELCH) I'm stuffed.

But then a piece of meat hit Ed in his face and it exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was burned all over and hurt all over.

Leni: ED!

Nico: Ones that are explosive?!

Ed: Ouch oh that hurt.

Lincoln: Okay, guys, we got ourselves a huge emergency, and this is one we're not going to like in the slightest: I just got word that Rolf's Hypothetical Akuma form has been sighted, and it's after Ed.

WE GASPED!

Me: Who is he?

Lincoln: He's known as The Mad Meatmonger, he was made because he wants revenge on Ed for stealing his chickens, and he wants to make sure Ed pays for his crimes against the son of a shepherd! To Rolf he would forgive Ed. But to the Mad Meatmonger, THERE IS NO MERCY! ONLY PAIN AND DEATH!

Nico: Oh God. This means we got to deal with that slab of meat before he goes after Ed.

Sherlock Hound suddenly appeared in a tornado of black and blood red darkness.

Sherlock Hound: (British Accent) I've already told the rest of the team to join us, and I'm afraid I have some other news. It appears the Universe 666 version of Alucard, the Hellsing Organization's top agent and legendary vampire of 15th Century Romania has been sighted here, and he's out for blood.

WE GASPED IN HORROR!

Eli: We hadn't had any troubles from any of Evil Nico's remaining allies in a very long while.

Sherlock Hound: (British Accent) Yes. Normally, he should've been biding his time though, but his thirst for blood and carnage has driven him to coming out into the open. If he intends to cause us any trouble, then, he's left me with no other choice.

Suddenly, the rest of the team arrived.

Ed Cowart: You're going to kill him, this is going to get ugly.

Lori: We knew of the carnage Alucard is capable of, so it won't be an easy task.

Nico: But, he needs to be put down. Let's get going.

Lincoln: Right.

Suddenly, Lincoln's large gold halo with four large orbiting gold rings orbiting the corners behind his head glowed and the four large orbiting gold rings fired beams of light that formed into a viewing window and we see Stan and Steak Stankco dressed only in shorts and shirtless and still forced to mine and eat broccoli at The Broccoli Mine Prison in Canada, and they'd regained their abnormally massive and powerful upper and lower body muscles and eight-pack abs along with their massive physical upper body and lower body strength, but they were now as four times as big as The Hulk.

The two of them were grumbling like mad and there was no doubt they were plotting to escape once again, but then, we saw the barbell tattoos on their backs glow red. Suddenly, Stan and Steak were glowing with red energy, but then, their arms were raised and it looked like their wrists were bound with metal cuffs same with their feet.

Me: Uh oh, here we go!

Lincoln: Yep.

Suddenly, Lincoln made red portals appear in front of the Stankcos, and then, out of nowhere, Lincoln sprouted tentacles with suctions from his chest and all of the males on the team did the same and they went through the portals and they came out of the portals and latched themselves onto the massive pecs, necks, arms, and legs of Stan and Steak Stankco. Then, the tentacles began sucking the Stankcos' of their massive muscle mass, virility, and massive physical strength and they were groaning in pain as they began

shrinking in muscle mass.

Then, all of the massive muscle mass, virility, and massive physical strength of The Stankcos began being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even more stronger.

The same thing happened to me, Nico, and all the males on the team and our abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on our bodies, and our massive angel wings spread out and glowed and our halos glowed and we also began growing even more stronger.

Lincoln: (Growls) Oh man, I haven't forgotten how potent this curse really is.

Me: (Growls) Yeah, this is really potent, but this still feels incredible.

Then, when Lincoln and all the males were done, the tentacles detached themselves from the pecs, arms, legs, and necks of the two meatheads and they went back into us as the portals closed, and we saw that Stan and Steak Stankco were thin as a rake and sucked bone dry of their muscle mass, virility, and massive physical strength again, and the glowing barbells on their back stopped glowing.

Stan and Steak Stankco: NOT AGAIN! (ENRAGED SCREAMING)

The viewing window closed as the four large orbiting gold rings stopped glowing and the light beams disappeared. Suddenly, we saw that we were even more bigger in muscle thanks to Lincoln's curse he put on The Stankcos.

Me: (Looked at my even more muscular body) Whoa. Lincoln, that Min's Egyptian Virility Drain Curse you put on the Stankcos is still really potent. But, look at us, now we're even more ripped than ever. (Flexes my even more massive muscles)

Lincoln: (Flexes his even more massive muscles) Yep, and this curse will be on them for all eternity. (Sensed for Mad Meatmonger) AHA! Gotcha! I just spotted Mad Meatmonger, he's 20 yards away and he's heading straight for Ed.

Me: Let's get him and throw him inside a flaming barbeque grill.

Lincoln: And along the way, we'll be dealing with Universe 666 Alucard. (Sensed Flip's musclebound thugs) Uh oh, hold up, I sensed a massive army of Flip's musclebound thugs also heading right for us.

Nico: (GROWLS) Flip, you stupid mutant cheapskate!

Me: That mutant just doesn't even know when to quit!

Suddenly, we saw ten massive armies of Flip's musclebound thugs arrive, and they came barreling towards us in a fit of rage.

Lincoln: Ugh, I knew there was no mistaking the stench of B.O. in the air!

Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even stronger.

I did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into me and my abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on my body, and my massive elemental angel wings with aurora and red

tips spread out and glowed and my halo glowed and I began growing even stronger.

The other male members did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into them and their abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on their bodies, and their massive angel wings spread out and glowed and their halos glowed and they began growing even stronger.

When we were done, the vacuum tubes detached themselves from the chests of the thugs and went back into us, and the thugs were now dead from blood loss and thin as a rake and Lincoln fired a blast of red energy and destroyed them leaving them as ashes. Then, we set our sights on Mad MeatmongerEli heard a Pokemon cry.

Eli: Hey look.

We saw a Tangrowth.

Me: Whoa a Tangrowth!

Qin: Wow!

Me: The poor thing hurt its Leg.

Tangrowth: That mad slab of meat hurt my leg.

Eli: We'll heal you up.

We went and did so.

Nico: You okay now?

Tangrowth: Thanks to you guys.

Me: Awesome.

Qin: Cool. Want to come with us?

Tangrowth: I would like that.

Camie: Awesome!

We continued on.

And we also saw Universe 666 Alucard heading our way!

We were flying and we landed and we were looking for Mad Meatmonger.

Nico: Alright, where is that slab of meat?

Me: He's going to come, we just need to be patient.

?: Too bad all of you will be dead before then.

Suddenly, we saw a figure appear from the shadows, it was Universe 666 Alucard (Hellsing).

Sherlock Hound: (British Accent) Just as I thought, so you've finally come, Universe 666 Alucard. No doubt you're here to avenge Evil Nico's death, or rather, you're here to kill us on your own accord.

Alucard (Hellsing): I'd have to go with what you just said, there's no way he would obey that filthy snake.

Universe 666 Alucard (Hellsing) fired bullets at us, but Sherlock Hound summoned tendrils of darkness that sliced the bullets into nothing.

Sherlock Hound: (British Accent) Very well, then, it's time for you to die.

Suddenly, Sherlock Hound's blood red eyes turned neon blood red and he was surrounded by a black and blood red energy aura with blood red nebulae, stars, darkness, dark magic, black magic, demonic darkness, demons, devils, demon dogs, phoenixes, and angels surrounding him, he unholstered his massive Sherlock Hound's Cosmic Eternal Demonic Dark Knight Sparda Eternal

Angelic Demonic Demon Hound Phoenix God Angel Greatsword of Cosmic Eternal Demonic Dark Knight Sparda Eternal Angelic Demonic Demon Hound Phoenix God Angel Justice from his back, and as he approached Universe 666 Alucard, he left black and blood red energy, blood red nebulae, stars, darkness, dark magic, black magic, demonic darkness, demons, demon dogs, devils, phoenixes, and angels with every step.

Sherlock Hound: (British Accent) I'm not surprised that you chose to show yourself, but I knew it was only a matter of time. Unfortunately, you made a poor choice, and now, I will enjoy tearing you apart limb from limb, No Life King. (Laughing Sinisterly)

Suddenly, Sherlock Hound was surrounded by a massive vortex of black and blood red energy with red nebulae, stars, darkness, dark magic, black magic, and demonic darkness surrounding the vortex, there are demons, devils, demon dogs, phoenixes, and angels around the vortex, and inside the vortex is a blood red phoenix with blood red eyes glaring at Universe 666 Alucard: the red eyes of eternal death.

Me: OH GOD, WHAT HAVE YOU DONE?!

Nico: HE'S UNLEASHED HELL ON EARTH!

Lincoln: This is going get really messy!

Then, as the vortex faded, Sherlock Hound emerged, but he was changed forever.

We were truly amazed by Sherlock Hound's Super Angel-Demon Hound-God-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation, but when Universe 666 Alucard saw it, he continued firing bullets at Sherlock Hound, but the dark tendrils he summoned slashed them to pieces, and he fired a massive barrage of black and blood red energy, blood red and black nebulae, stars, darkness, demonic darkness, demon dogs, demons, devils, phoenixes, and angels which hit the vampire, but instead of being quite angered, he was laughing sinisterly.

Universe 666 Alucard: Yes, excellent. I haven't had this much fun in ages. (Laughing Sinisterly) Come then, Carrier of Sparda's Legacy, show me more!

Sherlock Hound: (Divine Echoing Godly Voice of The Cosmic Eternal Stellar Blood-Stained Demonic Darkness Dark Knight Demon Hound Phoenix God Angel and Divine Cosmic Eternal Stellar Blood-Stained Demonic Darkness Dark Knight Demon Hound Phoenix God Angel Compassion) (British Accent) Very well. Then, he attacked him with his new massive demonic greatsword leaving bleeding scars on him, and he summoned The Hound of The Baskervilles who viciously attacked him.

Alucard shot his Universe 666 self with his twin guns, and then, Sherlock Hound stabbed his massive greatsword into Universe 666 Alucard's heart, and it caused him to cough up blood.

Universe 666 Alucard: Have I been… bested…?

Sherlock Hound: (Divine Echoing Godly Voice of The Cosmic Eternal Stellar Blood-Stained Demonic Darkness Dark Knight Demon Hound Phoenix God Angel and Divine Cosmic Eternal Stellar Blood-Stained Demonic Darkness Dark Knight Demon Hound Phoenix God Angel Compassion) (British Accent) Yes, you have been bested. As you say, it takes a man to kill a monster.

Universe 666 Alucard: Heh… , yes… However, with my death… , now, you bear my legacy, Detective.

Then, Sherlock Hound's massive greatsword sucked out all of Universe 666 Alucard's blood and immensely vast vampiric and demonic powers and he made them all his own. Sherlock Hound holstered his massive greatsword and powered down and Sherlock Hound's new body, clothes, weapons, jewelry, 28th Century silver Miracle Box backpack, Third Eye, large gold halo with four orbiting gold rings on each corner behind his head, twelve large black and blood red planets orbiting around his legs, and massive midnight black angel wings and medium sized midnight black angel wings underneath are permanent.

We were amazed by Calliope Chomei's Super Angel-Seven Tails Avatar-Rhinoceros Beetle-God-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation and when Lincoln saw her, he had an atomic red blush on his face, hearts in his eyes, and his nose was bleeding. But, when Mad Meatmonger saw it, he went mad. But, Lincoln saw it and we knew it meant trouble.

Lincoln: (RAINBOW ENERGY AURA FLARES UP AND MUSCLES BULGED OUT) YOU HAVE BROKEN THE CELERY STALK ON THE BACK OF A SEA URCHIN!

Sebastian Mendez: Wait, what'd he say?

Lincoln pounced on and brutally tenderized Mad Meatmonger with really brutal and super hard punches and kicks, and he lifted him up with one hand and threw him into a tree and he crashed into it. Mad Meatmonger got back up, but boy was he enraged now!

Calliope Chomei: (Divine Echoing Godly Voice of The Divine Cosmic Eternal Hurricane Wind Sky Tailed Beast Seven Tails Rhinoceros Beetle Phoenix God Angel and Divine Cosmic Eternal Hurricane Wind Sky Tailed Beast Seven Tails Rhinoceros Beetle Phoenix God Angel Love) Man, you really tenderized him, Lincoln. Lincoln, Calliope Chomei, and I went after Mad Meatmonger, and we fired extremely powerful blasts of rainbow energy, purple energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at Mad Meatmonger, and they exploded with incredible power as they hit him.

Then, we attacked him with energy slashes from our massive greatswords leaving scars on her and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at him as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well, and he, Calliope Chomei, and I attacked him hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving Mad Meatmonger even more madder and even more insane with rage.

Then, Nico fired waves of water, May fired blasts of ice, and Qin fired blasts of fire, and Sebastian fired blasts of Divine Darkness that hit him and slashed at him with his dark greatsword, Then, Lincoln, Calliope Chomei, and I fired powerful blasts of energy, magic, stars, winds, and planets at Mad Meatmonger, and Lincoln summoned red and blue wolf spirits and they brutally mauled and attacked him and he got badly hurt. Then, Lincoln tied him up in a rainbow energy straitjacket and sent him to Vypra. Everyone cheered wildly as we holstered our weapons and powered down, and Calliope Chomei's new body, clothes, weapons, jewelry, 28th Century silver Miracle Box backpack, Third Eye, seven massive and longer Chomei's tails, large gold halo with four orbiting gold rings on each corner behind her head, and massive mint green angel wings are permanent.

?: Aw, we just missed the fight.

?: (Seductive voice) But, we saw what our Cute Rabbit did to that overgrown slab of meat.

Lincoln: (Body and face turns red and steam comes out) Oh man, I'd recognize that seductive voice from anywhere.

Suddenly, we saw a very beautiful and super sexy girl with long white hair with blue streaks and marine blue headband, blue eyes, she was tall at 7'0" in height, she has the voluptuous body of a goddess and massive bust measuring at 120 cm, fair skin, she has massive and beautiful white angel wings, she's dressed in a marine blue short-sleeved frilly shirt, necklace with a dark blue gem for the pendant, marine blue skirt, marine blue knee-high high-heeled boots with butterfly buckles, and long white sleeveless trenchcoat with stars, snow, ice, snowflakes, ice crystals, phoenixes, and angels on the coattails and on the back is The Snow Miser and CrysPaledramon, and holstered on her back is a massive snow greatsword with angel runes etched on the 7'9" massive, wide, double-edged ice blue blade, large white angel faces built into both sides of the hilt, longer midnight black handle, and ice blue pointed tip for the pommel.

And we also saw a very beautiful and super sexy girl with long red hair with orange streaks and marine blue headband, blue eyes, she was tall at 7'0" in height, she has the voluptuous body of a goddess and massive bust measuring at 120 cm, fair skin, she has massive and beautiful fire angel wings, she's dressed in a red short-sleeved frilly shirt, necklace with a red gem for the pendant, orange skirt, red knee-high high-heeled boots with butterfly buckles, and long white sleeveless trenchcoat with stars, fire, flames, phoenixes, and angels on the coattails and on the back is The Heat Miser and Mistymon, and holstered on her back is a massive fire greatsword with angel runes etched on the 7'9" massive, wide, double-edged orange blade, large white angel faces built into both sides of the hilt, longer midnight black handle, and orange pointed tip for the pommel.

Lincoln: (Blushes Hard) Oh boy, Corona Crystaldrago, Gene-Slammer of CrysPaledramon and Personification of the Snow Miser and Pyra Scorchsword, Gene-Slammer of Mistymon and Personification of The Heat Miser.

Suddenly, Corona Crystaldrago and Pyra Scorchsword wrapped their arms around Lincoln's waist and they proceeded to kiss him on the lips and then all over the place: face, arms, pecs, eight-pack abs, and stomach. When Corona Crystaldrago and Pyra Scorchsword were done, Lincoln was covered in lipstick marks on his face, massive muscular arms, hairy pecs, eight-pack abs, and stomach, and he had an atomic red blush on his face and he was literally in Heaven.

Lincoln: (In Heaven) That's… something I've never… forgotten.

Pyra Scorchsword: (Seductive voice) (Rubs her hands on his massive pecs) We knew you hadn't forgotten all the times we'd spent making out with you.

Corona Crystaldrago: (Seductive voice) (Rubs her hands on his massive pecs) And you're still the same as ever, but you've really grown into quite the handsome and extremely muscular hunk, Linky. (Feels his massive and powerful upper and lower body muscles and eight-pack abs) And you've still been getting even more flat-out buff and even more muscular, we're so going to enjoy having some fun and making love to you, you buff muscular manly hunk of a man.

Lincoln's face and body turned atomic red and steam escaped from him.

Eli: Lincoln, you know these two?

Luna: (Snickers) He does.

Selene Emperyous: And so do we, the white-haired girl with blue streaks is Corona Crystaldrago, Gene-Slammer of CrysPaledramon and Personification of the Snow Miser, she's Lincoln's Guardian Angel from Michigan and classmate in Math, and she's The Snow Miser personified. She's a big time lover of Winter and she's as hyperactive as she is cute and both Corona Crystaldrago and Pyra Scorchsword are quite voluptuous, in fact, they both have a bust size of 120 cm, hence Corona Crystaldrago's as well as Pyra Scorchsword's hatred for perverts. She and her friend, Pyra Scorchsword, got along quite well with Lincoln and his family. She especially got along quite well with Leni, Luna, Lucy, Lana, and Lily. Corona has white hair with blue streaks and wear a blue shirt and white pants plus a marine blue skirt. She and Lincoln love to do winter activities, and surprisingly, she, Lincoln and Pyra Scorchsword worked together to build the biggest snowman ever. She and Pyra Scorchsword flirt with Lincoln and even nicknamed him Cute Rabbit. Heck, she and Pyra love to swim and even flirt with Lincoln everywhere they go. Lincoln made Corona a beautiful white and blue necklace with white and blue gems, and to show thanks, she kissed Lincoln on the lips, and as a result, Lincoln promised that when he comes of age, he will marry Corona and Pyra Scorchsword along the rest of his harem. She hates bullies and perverts with freezing passion and will not hesitate to freeze them and even castrate them. She also hates Flip with a freezing passion, the reason why is because Flip once tried to hijack the moon in an attempt to freeze the entire world, but thankfully, she and Lincoln stopped Flip and beat the crap out of him and threw him back to prison.

Michelle Emperyous: And the red-haired girl with red hair and orange streaks is Pyra Scorchsword, Gene-Slammer of Mistymon and Personification of The Heat Miser, she's Lincoln's Guardian Angel from Michigan and classmate in Math, and much like Corona Crystaldrago, she's The Heat Miser personified. She loves winter much like Corona Crystaldrago, but she has Summer as her favorite season. She and Corona Crystaldrago flirt with Lincoln and called him Cute Rabbit. Pyra has red hair with orange streaks with red shirt and orange skirt. She and Corona Crystaldrago got along well Lincoln and his family, and surprisingly, she got along well with Lori, Luan, Lynn, Lola, and Lisa. She's as beautiful as she is classy and she and Corona Crystaldrago are quite voluptuous, in fact, they both have the bust size of 120 cm, hence Pyra Scorchsword's and Corona Crystaldrago's immense hatred of perverts. She, Corona Crystaldrago and Lincoln love to swim and both Pyra and Corona love to flirt with Lincoln everywhere they go. Lincoln made Pyra a red and orange necklace with red and orange gems, and to show thanks, she kissed Lincoln on the lips, and as a result, Lincoln promised that when he comes of age, he will marry Pyra Scorchsword and Corona Crystaldrago along with the rest of his harem. She hates bullies and perverts and will gladly castrate them and she especially hates Flip with a blazing passion, the reason why is because he once tried to force a volcano to erupt on Italy, but thankfully, she and Lincoln stopped and beat the crap out of Flip and threw him back to prison.

Me: I remember them all too well, they seriously love to flirt with Lincoln and even make out with him.

May: Yeah, we saw him come home literally covered head to toe in red and blue lipstick marks and he had a lovestruck In Heaven look on his face.

Nico: He was literally on Cloud Nine that day. But, we don't blame him, he's always had that kind of charisma and amazing personality that draws girls in.

Lincoln: And my Guardian Angels also kick out girls who want nothing more than to kill me to slake their thirst for blood like Audrey Madison and Clarissa Mallory or humiliate me and ruin my life like Lori, Lynn, Lola, Lisa, and Luan.

Lincoln went up to and hugged Corona Crystaldrago in his abnormally massive and powerful muscular arms, he leaned his head down the right side of her neck, and he slowly bit her and he fed on their blood, and we suddenly saw his rainbow energy aura with elemental forces and mythological animals flare up extremely as he gained an extremely astronomically huge and massive power boost and he also gained the very same powers as her, and his abnormally massive and powerful upper and lower body muscles bulged even more as veins formed, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails with rainbow tips and rainbow markings. He slowly unlatched his fangs from her neck as her neck healed and the puncture marks sealed up, and he also kissed where he bit her.

Then, Lincoln went up to and hugged Pyra Scorchsword in his abnormally massive and powerful muscular arms, he leaned his head down the right side of her neck, and he slowly bit her and he fed on their blood, and we suddenly saw his rainbow energy aura with elemental forces and mythological animals flare up extremely as he gained an extremely astronomically huge and massive power boost and he also gained the very same powers as her, and his abnormally massive and powerful upper and lower body muscles bulged even more as veins formed, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails with rainbow tips and rainbow markings. Suddenly, two Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Corona Crystaldrago and Pyra Scorchsword with marine blue and red gems on the gold lightning bolts and marine blue and red crystal links from their merged Crystal Necklaces of The Buddha along with two white and gold-accented Elemental Thunderbird Chokers of Eternal Love on their necks.

Corona Crystaldrago and Pyra Scorchsword saw this as a sign that they're now part of Lincoln's harem and among his many future wives, and with tears in their eyes and smiles on their faces, they both shared a passionate kiss with Lincoln and we all cheered.

We pretty much ate Rolf's Akumatized form.

Poromon burped.

WE ALL BURPED.

We were stuffed!

Camie: Man that was awesome!

Nico: Nice job, Tangrowth!

Tangrowth: Thanks Nico. It was fun.

Lola: That was cool. (LOUD BURP) Oh pardon me.

Poromon: (Groans) We're just too full to ask if you want any beer.

Tangrowth: Oh thats okay. I don't drink beer anyway. Beer gives me gas. It makes me fart.

Me: Ooh man.

Poromon: Okay we did not need to hear that.

Poliwag did puppy eyes.

Poliwag: Pwetty… (BURPS) Excuse me.

Nico: You're excused but that's enough Poliwag.

Poliwag: Okay.

Ben: You know the Omnitrixes Lisa made?

Me: Yeah.

Lisa Loud: They are all complete.

She pulled them out all those that don't have one got them latched onto them.

Lisa Loud: Don't worry. They can be removed.

Me: Cool!

Lisa Loud: Indeed. Took a while but with the help of Azmuth we made sure we all got one.

Qin: This is amazing!

Eli: Yep.

Ben: I was asking my question because we should use them in the usual battles. Mine included.

Nico: That's a great idea Ben!

Qin: It sure is!

Me: That's true.

Julie: And I'm Julie 10 now.

Qin: Yep.

TD Gwen:..no comment.

Nico: It's still awesome.

Camie: Yeah.

Varie: Still it's cool.

They knew he was right.

Lola: Yeah.

Xenia: Yep.

Poromon: Oh alright.

Nico: Good.

Me: Now for the Anothers.

Eli: Which are Tobias Whale, Hyathis, Mercurio, Obliterator, Edifice Rex and Emperor Spine.

They reverted back and they were 5 girls 4 of them had orange hair, orange eyes, orange clothes and red angel wings and had tiaras with the symbols for the dopants for Steak, Sausage, Ham and Meatballs on them and on their skirts. And the fifth girl had yellow hair, yellow eyes, yellow angel wings and yellow clothes and had a tiara with the symbol of the Eggnog Dopant on it and on her skirt.

Girl Jordan: Lets separate you all first.

Girl Jordan and Leeli held hands.

(YURGEN'S TUNE PLAYS)

The skies had leaves and flowers flying in the wind along with sea dragons singing in the background

Girl Jordan and Leeli: (SINGING DIVINELY AS LEELI HAD FIREFLIES SWIRL AROUND HER AND GIRL JORDAN HAD HER AQUA BLUE AURA FLARED UP)

They glowed and the anothers were separated.

Me: Action time!

We blasted the Anothers and we caught the Wonder Ride Books.

Me: YEAH!

Qin: OH YEAH!

Nico: And now, we wait. By the way, I like how you girls feature meat and eggnog.

Stacy Steak: Thanks Nico.

Eleanor Eggnog: It's awesome.

Poromon: Can we have some?

Eleanor Eggnog: Sure.

She fired eggnog blasts into their mouths and filled them up.

Manaphy: Delicious!

Horsea: And now for the meat!

Maria: Horsea!

Nico: Sorry. But no meat until later.

Horsea: Okay okay.

Camie: Yeah you guys had enough.

Me: Lets just focus.

Horsea: What do you mean?

Eddy: Call it a hunch?

Me: Here it is!

We saw Another Tobias Whale!

Me: Another Tobias Whale!

Qin: Nice.

Another Tobias Whale: (In a girls voice) And it's cool too.

Connie Comet: Connie Comet, Embodiment, Gene-slammer and Legacy of Comet of the Auroracorns.

Kurumu then shoved Lincoln's face in between her breasts.

Kurumu: Isn't this great Linky! It's my turn now!

Lincoln: (Muffled)

Nico: (SNICKERS)

Toph: Didn't see that coming!

Gina Scaravich: It happens.

Gina Scaravich: Awesome outfit.

Maria: Thanks. It's cool.

Austroposimon: Do you have any favorite memories of Nico?

Gina Scaravich: When me and Nico smashed numerous criminals into bloody pulps in a warehouse.

Nico: That was fun.

Qin: Yep.

Nico and Gina hugged.

Nico: I've missed you.

Gina Scaravich: Same here.

Lincoln: Looks like we're here in the alternate versions of Equestria, and I know what we're going to do here, not only am I going to rescue the six girls here, but we're going to help Rebel Rainbow Dash, Soldier Pinkie Pie, Eternal Darkness Rarity, and Sweatshop Applejack take down the Alternate Universe Flim Flam Brothers, King Sombra, Tirek, and Nightmare Moon, but while the Alternate Universe Flim Flam Brothers are getting sent to prison for the rest of their lives, Alternate Universe King Sombra, Alternate Universe Tirek, and Alternate Nightmare Moon are getting sent to The Black Gates.

Me: This is just like what we saw in those visions orbs told us yesterday: Equestria's alternate versions have fallen into chaos.

Nico: This really is messy. So, who are we going after first?

Lincoln: The alternate versions of The Flim Flam Brothers, they need to answer for every last one of their crimes.

Kouta: How are we going to do that?

Lincoln: I'm going to expose them to all of Equestria as the rotten lying con artists that they are.

Lincoln and all of us got to work, and Lincoln played all of the crimes of the Alternate Flim Flam Brothers to everyone in Equestria of how they cheated their way to victory and how they've treated Sweatshop Applejack and her family like slaves in their sweatshop, and as a result, everyone was outraged. Sweatshop Applejack and the entire Apple Family took back Sweet Apple Acres and kicked The Alternate Flim Flam Brothers out, but before they tried to skedaddle, they got ambushed by Lincoln who punched them in the face and he used Tirek's powers and he sucked out and drained the Alternate Flim Flam Brothers of their magic and powers, and he put them in Containment Cards.

Lincoln: That's one down, now to head after Alternate Universe King Sombra.

We then headed to the Alternate Equestria under the reign of the Alternate Universe King Sombra, and it was indeed a nightmare from Hell, everyone was miserable, and we heard his cruel laughter echoing in his castle. We met up with Rebel Rainbow Dash, and we launched a surprise attack on Alternate Universe King Sombra as Lincoln fired blasts of indigo energy and sucked the life out of Alternate Universe King Sombra's guards, and then, we confronted Alternate King Sombra and we really let him have it as we brutally thrashed him all over, and Lincoln and I fired rainbow helix blasts which pierced Alternate Universe King Sombra right through his black heart and he burst into flames and was sent to The Black Gates forever.

Rebel Rainbow Dash: It's finally over, Sombra's finally gone.

Lincoln: And I know you lost your wings because of what that piece of trash did, here, let me take care of that.

Lincoln carefully removed the artificial wings, and he placed his glowing hands on Rebel Rainbow Dash's back, and she felt a slight ache on her back, but then, her original wings grew back and were even stronger than ever.

Rainbow Dash hugged Lincoln.

Rainbow Dash: That was so awesome, you regenerated her wings!

Nico: So, your ability also works on Pegasi wings as well, nice.

Lincoln: We're not done yet, now we got Alternate Tirek and Alternate Nightmare Moon to deal with.

We then headed to the Alternate Equestria under the reign of the Alternate Universe Tirek, and it was indeed a nightmare from Hell, everyone was miserable, and we heard his cruel laughter echoing in his castle. We met up with Soldier Pinkie Pie, and we launched a surprise attack on Alternate Universe Tirek as Lincoln fired blasts of indigo energy and sucked the life out of Alternate Universe Tirek's guards, and then, we confronted Alternate Tirek and we really let him have it as we brutally thrashed him all over.

Then, we slashed off Alternate Tirek's horns, and he screamed in excruciating pain. Then, Lincoln flew at Tirek, and with his vampire fangs now longer and sharper than ever, Lincoln sank his fangs deep and hard into Alternate Tirek's neck, and he screamed in excruciating pain, but the pain of being bitten was just beginning. Suddenly, Lincoln began sucking out and draining Alternate Tirek dry all of his powers, strength, muscle mass, and abilities, as Lincoln's rainbow energy aura was flaring up extremely as he and all of us assimilated his powers and abilities and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and his halo glowed and his rainbow energy aura with elemental forces and mythological animals flared up extremely and he began growing even stronger, while Alternate Tirek was suddenly shrinking in both height, strength, and muscle mass.

Finally, Alternate Tirek was eventually reduced to his extremely weaker and withered form, as Lincoln unlatched his vampire fangs which were covered in blood and he let out an extremely loud and animalistic roar that shook the ground itself. Then, he threw him into the air and destroyed him and Alternate Tirek was sent to The Black Gates. Everyone cheered as the dark clouds cleared up and the nightmare was over.

Lincoln: And now, we're going after Alternate Nightmare Moon.

Finally, we headed for the Alternate Equestria under the reign of the Alternate Universe Nightmare Moon, and it was indeed a nightmare from Hell as it was plunged into eternal night, everyone was miserable, and we heard her cruel laughter echoing in her castle.

Suddenly, we saw a very beautiful and super sexy girl with long purple hair and purple headband, purple eyes, she was tall at 7'0" in height, she has the body of a goddess and large breasts, fair skin, she has massive and beautiful purple angel wings, she's dressed in a purple sleeveless crop top, necklace with a purple gem for the pendant, purple skirt, purple knee-high high-heeled boots with butterfly buckles, and long white sleeveless trenchcoat with stars, darkness, dragons, phoenixes, and angels on the coattails and on the back is Hieratic Dragon of Nebthet, holstered on her back is a massive nature greatsword with angel runes etched on the 7'9" massive, wide, double-edged purple and black blade, large white angel faces built into both sides of the hilt, longer midnight black handle, and purple pointed tip for the pommel and with her are the six girls.

Lincoln: (GASPS) Amaris Somatra, Avatar and Gene-Slammer of Hieratic Dragon of Nebthet.

Amaris Somatra: That's right, and I got the girls away from Alternate Nightmare Moon.

?: YOU SHALL PAY FOR GETTING IN THE WAY OF EMPRESS NIGHTMARE MOON!

We then saw Eternal Darkness Rarity heading our way, but Lincoln trapped her inside a sun-like prison which removed Alternate Nightmare Moon's dark magic that corrupted her.

Lincoln: Now, to deal with Alternate Nightmare Moon.

?: ALL WHO DARE TO DEFY ME SHALL PERISH!

We finally saw Alternate Nightmare Moon heading for us, and she was enraged.

Sylvester: Alright, time for your reign to end here and now!

Then, Lincoln separated Alternate Princess Luna and slashed off

Alternate Nightmare Moon's wings and bound her with a binding circle so she couldn't escape, and Lincoln grabbed her horn and he sucked out and absorbed all of her powers and dark magic he and the rest of us made them our own, and when Lincoln was done, Alternate Nightmare Moon was weakened to such a degree she couldn't even stand. Then, he fired a rainbow helix energy blast that went through Alternate Nightmare Moon's heart and she was destroyed and sent to The Black Gates forever. We cheered as we holstered our weapons and powered down.

Lincoln: And with that, four alternate versions of Equestria are freed from evil. (To Amaris Somatra) And it's so good to see you again, Amaris.

Amaris Somatra: You too, Lincoln, it's been seven years since we last met.

Suddenly, Amaris Somatra wrapped her arms around Lincoln's neck and she proceeded to kiss him on the lips and then all over the place: face, arms, pecs, eight-pack abs, and stomach. When Amaris Somatra was done, Lincoln was covered in lipstick marks on his face, massive muscular arms, hairy pecs, eight-pack abs, and stomach, and he had an atomic red blush on his face and he was literally in Heaven.

Lincoln: (In Heaven) That's… something I've not… forgotten.

We snickered.

Amaris Somatra: Sorry about that, but it's so good to see you again, Lincoln.

Lincoln then wrapped his massive and muscular arms around Amaris Somatra's waist and hugged her, and Amaris Somatra is very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how much more stronger and how much more muscular he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face soon became even deeper when she saw his longer vampire fangs and more massive white angel wings and medium sized angel wings underneath with orange and aurora tips on the feathers, large gold halo with four large orbiting gold rings on each corner behind his head, along with hearing his mature, deeper, and manlier voice and seeing the larger white wolf ears with rainbow markings on his head, eleven massive and longer white wolf tails with rainbow markings and rainbow tips and white rabbit tail with rainbow markings on top of the massive and long white wolf tails, thick hair on his massive forearms, stubble on his jawline, and chest hair on his pecs, He-Man's chest harness, and many other accessories, and she also met his Rabbit Miraculous, Eini, the Universe 666 Miraculous, his familiars, the male white Rabbit Familiar, Alistair, the white Vampire Bat Familiar, Artemis, and the white Wolf Familiar, Seiko that came out of his backpack.

Lincoln: It sure has been a long time, I haven't seen you since you were seventeen, and as you can see, I really grew a lot since then.

Amaris Somatra: Holy crap, you sure have, you've really really grown up to be very big and very strong like a tree, Lincoln, you've really grown a lot from the cute eleven-year-old little boy into a 18-year-old 8'9" tall, very handsome, and manly man with really massive and powerful upper and lower body muscles and eight-pack abs, and you still have those vampire fangs and massive white angel wings and medium sized angel wings underneath, that's so awesome, and the large white wolf ears on your head and the eleven massive and long white wolf tails with markings and white rabbit tail on top of the massive and long white wolf tails, hair on your massive forearms, beard stubble on your jawline, and chest hair on your pecs and many accessories and large gold halo with four large gold rings orbiting behind your head, that's really new, along with getting He-Man's chest harness. (Rubs his massive pecs) You've really really grown a lot and became a man, but you're still the same kind boy from long ago, plus, you've also grown even more bigger in muscle mass, you can land an airplane on that massive, wider, and more muscular back, squash a melon with those really muscular quads and thighs, and cut a rock into a diamond on those rock-hard eight-pack abs, and there's not even a tape measure long enough to measure that chiseled chest or massive biceps. Plus, I've also met your familiars, and they are really awesome.

Eli: And he'd also been hit with massive amounts of cosmic radiation and he'd been imbued with the same powers as J.D. and all of us, and he's become truly immortal.

Nico: And Lincoln, you know her?

Lincoln: Indeed I do, Nico.

Selene Emperyous: And so do we, this is Amaris Somatra, Avatar and Gene-Slammer of Hieratic Dragon of Nebthet, she's Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Darkness. She's the Avatar and Gene-Slammer of Hieratic Dragon of Nebthet, and she has powerful light and dark powers and her favorite Duel Monster was Hieratic Dragon of Nebthet. She's also a powerful master and defender of Egypt's long history and she's the dark magic sorcerer of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades, who fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the order was tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Amaris and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Amaris would be the next one to train him in mastering the powers of darkness and the lunar eclipse. Lincoln made her a powerful darkness greatsword, and to show her thanks, Amaris kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Nico: Just like we heard yesterday, and we'd already sent Yami

Marik and Dark Bakura to The Black Gates.

Amaris Somatra: Good, those two were monsters.

Lincoln: Absolute monsters is the word I call them, and now that you're here, Amaris.

Lincoln went up to and hugged Amaris Somatra in his abnormally massive and powerful muscular arms, he leaned his head down the right side of her neck, and he slowly bit her and he fed on their blood, and we suddenly saw his rainbow energy aura with elemental forces and mythological animals flare up extremely as he gained an extremely astronomically huge and massive power boost and he also gained the very same powers as her, and his abnormally massive and powerful upper and lower body muscles bulged even more as veins formed, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails with rainbow tips and rainbow markings. He slowly unlatched his fangs from her neck as her neck healed and the puncture marks sealed up, and he also kissed where he bit her.

Amaris Somatra: You're still just as gentle as ever when you feed on one of your Guardian Angels, Lincoln.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared on the neck of Amaris Somatra with purple gems on the gold lightning bolts and purple crystal links from her merged Crystal Necklace of The Buddha along with a white and gold-accented Elemental Thunderbird Choker of Eternal Love on her neck.

Amaris Somatra: (Surprised) Lincoln, are these…?!

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means you're now part of my harem and my many future wives, Amaris Somatra.

Amaris Somatra had a smile on her face and tears streaming down her cheeks as Lincoln still had his massive muscular arms wrapped around Amaris Somatra's waist, and he leaned down to her face and kissed her on the lips, but when she placed her hands on his massive pecs, Lincoln deepened the kiss and we cheered for them. When Lincoln separated, Amaris Somatra had an atomic red blush on her face, hearts in her eyes, and her heart was beating like mad. Then, we went up to the six girls, and when Lincoln saw the six girls, he immediately recognized them. The six girls are Elfie from Coral Reef Legend: Elfie of the Blue Sea and Miku Aihara, Arena Dowson, Kaoru Iwasaka, Mieri Tanakadate, and Rena Ueshiro from Gokkun Athlete! Kyonyuu Medalist no Oshaburi Kyouka Gasshuku.

Lincoln: Oh wow, it's Elfie from Coral Reef Legend: Elfie of the Blue Sea and Miku Aihara, Arena Dowson, Kaoru Iwasaka, Mieri Tanakadate, and Rena Ueshiro from Gokkun Athlete! Kyonyuu Medalist no Oshaburi Kyouka Gasshuku.

Nicole: So, that's who that cretin tried to destroy. So glad we got rid of her.

Lincoln: You said it. Are you girls okay?

Elfie: Yes, we're okay thanks to you.

Then, when Elfie and the five other girls saw who it was that saved them from Alternate Nightmare Moon, their faces turned atomic red upon seeing the 18-year-old 8'9" tall, handsome hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair and large white wolf ears with rainbow markings on top of his head with large golden halo in the center with golden angel wings on the bottom side and four large orbiting golden rings on each corner behind his head, thick hair on his massive muscular forearms and beard stubble on his jawline, rainbow colored thunderbird with gold lightning bolt in its claws and the Ebonwu Squadron emblem on its chest emblazoned on his forehead and Third Eye with rainbow iris, rows of straight teeth with vampire fangs, Crest of Miracles on his massive right pec and golden lightning bolt cutie mark with the thunderbird and comic books surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature,

Elfie: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Lincoln made five clones of himself, and he and his clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the thick muscular necks of Lincoln and his clones, and we cheered wildly at the scene, and he slowly bit them and he fed on their blood, and we saw his rainbow energy

aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails. He then slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them.

Miku Aihara: (Seductively and rubs her hands on Lincoln's massive pecs) You too, big, tall, muscular, and handsome.

Suddenly, six Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Elfie, Miku Aihara, Arena Dowson, Kaoru Iwasaka, Mieri Tanakadate, and Rena Ueshiro with colored gems embedded in the lightning bolt links and colored crystal links from their merged Crystal Necklaces of the Buddha along with white and gold accented Elemental Chokers of Eternal Love on their necks. We returned to The World Tree Estate and they were shocked to find out the villains we went after were the Alternate Universe Flim Flam Brothers, King Sombra, Tirek, and Nightmare Moon.

But, when Lincoln showed what we did first in exposing the alternate Flim Flam Brothers and imprisoned them after he drained them of their magic and powers, and what we did in destroying the alternate King Sombra, Tirek, and Nightmare Moon and sending them to The Black Gates forever, everyone cheered and they went up to us and hugged us and Lincoln's harem kissed him on the lips. Lincoln and Amaris Somatra have a lot of catching up to do, now that she's back in town.

Maria: Whoa, so you guys went to the four alternate versions of Equestria and dealt with the Alternate Universe Flim Flam Brothers, King Sombra, Tirek, and Nightmare Moon.

Lincoln: That's right.

Nico: There's bound to be more alternate versions of Equestria, both either good or bad.

Me: And if there are bad alternate versions of Equestria, we'll be there to leave our mark and free them from darkness.

Eli: You said it.

---

After Lincoln and all of us beat down the Alternate Universe Flim Flam Brothers, King Sombra, Tirek, and Nightmare Moon and sent Alternate Universe King Sombra, Alternate Universe Tirek, and Alternate Nightmare Moon to The Black Gates, we were training intensely in the gym, doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we were also doing 900,000,000,000,000 reps of tail bicep curls to get our eleven massive and long wolf tails even more stronger than ever as well, and when Amaris Somatra saw Lincoln doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Amaris Somatra: My God, I was right that Lincoln's really grown into a 18-year-old, 8'9" tall, really big, handsome, sexy, and extremely super strong manly man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs really hard at work, and really working out with those 900,000,000,000,000-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan, and he's also doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, and he now looks even more ripped than ever. He's definitely been continuing on bodybuilding and working out even more for many years, and because of that along with the combination of his diet plan that we gave him, along with his hyperpuberty and genes, he'd gained the powerful and massive body that all bodybuilders could only dream of. If anyone tried to mess with him now, they were in for a world of hurt and trouble, and he's always been there to defend and protect us from Chandler, his goons, Pablo, Anderson, and Hawk and Hank at school or out in public, and he was also quick to defend us from Lori, Lynn, Lola, Lisa, and Luan if they get out of search control again, along with Killjoy Huggins.

Lincoln: Yep, and I've also trained a lot under a lot of very powerful teachers, J.D. and Nico included, Amaris, and I can still defend myself, and in addition to getting stronger and bigger in muscle mass, I've also gotten smarter as well.

Amaris Somatra: That's incredible, and we'd already known just how strong you were long ago ever since you did some wrestling and working out with some of the other Guardian Angels long ago, and we're so proud of just how much stronger you've gotten, and just how much taller you've gotten, along with getting that much bigger in muscle mass, and you've also been getting smarter as well.

Nico: You got that right, plus, we heard all of the stories from Lincoln about you girls and about how you all helped him in his training to become an emerging hero before Team Loud Phoenix Storm was formed, and how he grew from the little boy from years ago into the really big, really strong, and really powerful man we know today.

Amaris Somatra: I knew it was only a matter of time before he told everyone that story.

And when Tracey Mink and the rest of my harem saw me doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear my mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get my eleven massive and long rainbow wolf tails even more stronger than ever, they had an atomic red blush on their faces, hearts in their eyes, and their noses were bleeding.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and an orb formed out of nowhere, and we saw there's trouble: we saw the smoking hot Bikini Babes that we met three years ago during Anna's babysitting adventure, and they were cornered by an army of demons that were sent by Sebastian long before his Dark Side got removed and sent to The Black Gates, and they were going to kill them. The orb vanished, and Sebastian who was sweating like a pig from fear was about to sneak out, but our Cute Force spotted him.

Sebastian Mendez: Oh crap… !

Poromon: SEBASTIAN, YOU PIECE OF CRAP! DID YOU SEND THOSE DEMONS AFTER THOSE BIKINI BABES!

Sebastian Mendez: YOU'LL NEVER TAKE ME ALIVE, COPPERS!

Sebastian ran out of the World Tree Estate!

Poliwag: GET BACK HERE, YOU BASTARD!

Lincoln: Guys, I'll be back, I've got to rescue the Bikini Babes.

Buster Bunny: I'll go with the mascots and try to stop them.

Nico: That is if Poromon doesn't drink any beer.

Lincoln flew out and right before the demons were about to kill the Bikini Babes, he fired waves of rainbow energy and elements at them and hit them hard, and that angered them really badly.

Lincoln: Your master had already been purified of the darkness that corrupted him, but it looks like all of you are still loyal to the monster he was long ago. Oh well, no skin off my nose, time to die.

Lincoln unholstered his massive Lincoln Loud's Cosmic Eternal United Friendship Almighty Hinon True Eternal Friendship Universal Cosmic Storm Phoenix God Angel Greatsword of Cosmic Eternal United Friendship Almighty Hinon True Eternal Friendship Universal Cosmic Storm Phoenix God Angel Universal Hope Elemental

Cosmic Heavenly Bravery and True Unbreakable Eternal Bonds and Immortal Heroism and transformed into Super Angel-Ebonwu-Thunderbird-Vampire-Werewolf-Buffalo-Dragon-Demon-Mermaid-God-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga Universal Elemental Divine Cosmic Eternal Harmonious Thunderbird Buffalo Vampire Werewolf Mythological Phoenix God Angel of Divine Cosmic Eternal Harmonious Thunderbird Buffalo Vampire Werewolf Mythological Phoenix God Angel Justice and Divine Cosmic Eternal Harmonious Thunderbird Buffalo Vampire Werewolf Mythological Phoenix God Angel Hope, and his new greatswords were ready as the sword pendants on his large white and gold accented Elemental Thunderbird Choker of Eternal Love were glowing and he cut down and destroyed the demons and sent them to The Black Gates. Lincoln holstered his massive greatsword and powered down.

Babe 1: Oh man, thanks for saving us from. (Suddenly sees Lincoln) Lincoln?!

Babe 2: Holy crap, you saved us. (Seductive voice) And you've really grown quite a lot.

Babe 1: (Rubs Lincoln's massive pecs with her hands) Definitely, you've grown from a little man into a really big, tall, imposing, handsome, strong, and extremely even more attractive manly hunk of a man.

Babe 3: (Rubs Lincoln's wider and muscular back) You can land an airplane on that huge and muscular back.

Babe 4: And with those massive tank turrets for biceps and eight-pack abs, no one'll try any sort of crap with you.

Babe 5: Hope you have room for five voluptuous babes for your harem?

Lincoln: Hey, I'm on the market, ladies.

The Bikini Babes squealed and Lincoln hugged them, and he came back with The Bikini Babes and he continued working out, and that made The Bikini Babes blush madly. Then, Sebastian came back and closed the door.

Qin: We know this wasn't even your fault, but Poromon and Poliwag still hate you for what happened back in the past.

Sebastian Mendez: When is this ever gonna end?!

Buster Bunny and the Mascots opened the door.

Buster Bunny: It won't, they still hold a grudge against you from back in the past, and for what you did yesterday in screaming in their ears.

Sebastian Mendez: Damn it.

Babe 1: You! You were the one who sent those asshole demons at us. (Cracks Knuckles)

The Bikini Babes punched Sebastian in the face and knocked him out.

Anna: Whoa, not only are you girls smoking hot but also tough as well.

Nicole: You knocked Sebastian flat on his ass with that punch. Of all the people Sebastian loved to piss off in the past, this may have been his biggest mistake.

Lincoln: And Poromon's gonna keep holding his crimes over his head. We'll keep an eye on Poromon if that happens again.

Me: Agreed.

We got a shower, and then, Lincoln and the Simulator versions of Iris, Auriana, Talia, Carissa, and Lyna are heading to Lake Lamode.

Lincoln snapped his fingers, and the white-haired, 8'9", handsome and extremely muscular man had on his new large orange and black speedo with a Thunderbird and a lightning bolt surrounded by elemental forces and stars on it with rainbow flames coming off the speedo, orange sandals, his jewelry and accessories, and he had his weapons holstered in case of trouble.

And the Simulator versions of Iris, Auriana, Talia, Carissa, and Lyna are dressed in two-piece colored bikinis The Musiqidandi Sisters made for them, colored sandals, and they had their weapons holstered in case of trouble. Plus, we found out the Simulator versions of Iris, Auriana, Talia, Carissa, and Lyna all had feelings for Lincoln, and he also had feelings for them, and he also saved them all from an ambush by a group of musclebound thugs Flip hired to kill them, Lincoln sucked out their muscle mass, virility, strength, blood, and life energy as it killed them all which made that mutant cheapskate go insane with anger, until Lincoln fired energy blasts at her and more gold and jewels and treasures came out of him, but they also got to keep their heads up, they got word that mutant cheapskate has sent more muscle-bound thugs to kill them.

Simulator Iris: Wow, so this is Lake Lamode. It sure is beautiful.

Lincoln: It sure is, Iris, and it's perfect for our first date. Shall we?

Lincoln and the Simulator versions of Iris, Auriana, Talia, Carissa, and Lyna dived into the waters and they had fun swimming and they even saw the marine life there. Then, they went back to the beach and they had an awesome volleyball game, and the Simulator versions of Iris, Auriana, Talia, Carissa, and Lyna got an extremely massive and deep atomic red blush on their faces when they saw Lincoln lift thirteen massive 900,000,000,000,000-lb barbells Lincoln summoned in his large and strong hands and thirteen massive and long white wolf tails, and they were really swooning over him.

But then, they saw the hulking muscle-bound thugs that Flip hired coming after them, but Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he also grew even stronger. When Lincoln was done, the vacuum tubes detached themselves from the chests of the thugs and went back into Lincoln, and the thugs were now dead from blood loss and thin as a rake and he absorbed them.

Lincoln: Nice try, you stupid mutant!

Then, they had some lunch, and then, as the sun was about to set, Lincoln made clones of himself and he and his clones went up to the Simulator versions of Iris, Auriana, Talia, Carissa, and Lyna and they hugged the girls in their abnormally massive and powerful muscular arms and the Simulator versions of Iris, Auriana, Talia, Carissa, and Lyna placed their hands on the massive pecs of Lincoln and his clones.

And then, they shared a passionate and romantic kiss and Lincoln slowly sank his fangs into the Simulator versions of Iris, Auriana, Talia, Carissa, and Lyna and fed on their blood, and his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings and medium-sized white angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white tails with rainbow tips and rainbow markings.

He slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them. They came back home to The World Tree Estate, and Nico and I saw Lincoln covered in kisses on his face, body, and eight-pack abs.

Me: (Whistles) Wow, it looks like you really had a good time at Lake Lamode, eh, Lincoln?

Lincoln: (In Heaven) It… was… so… AWESOME!

Suddenly, five Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of the Simulator versions of Iris, Auriana, Talia, Carissa, and Lyna with colored gems on the gold lightning bolts and colored crystal links from their merged Crystal Necklaces of The Buddha and white and gold-accented Elemental Thunderbird

Chokers of Eternal Love on their necks.

Lily the Mermaid: Wow, now the Simulator versions of Iris, Auriana, Talia, Carissa, and Lyna are in your harem, Linky.

The Simulator versions of Iris, Auriana, Talia, Carissa, and Lyna showed the marks Lincoln made on the right sides of their necks.

Iris: You can thank us for introducing our Simulator counterparts to Lincoln, and he saved them from the Simulator versions of Praxina, Mephisto, and Gramoor, and he sent them to The Black Gates.

Jenna: And Flip had some nerve trying to kill them, that mutant is just making things much worse for himself.

Serena Logan: I always knew that stupid mutant was and always will be nothing but fucking trouble, and he's just making things worse for himself.

Rarity: And trying to kill the Simulator versions of Iris, Auriana, Talia, Carissa, and Lyna, now that repulsive ape is really going to get it.

Lincoln: And we also had a run-in with more of the hulking muscle-bound hired thugs he sent to kill us yet again, but I sucked out their muscle mass, strength, and virility and I killed them all and sent them to The Black Gates, and that dumb mutant should be screaming with pure vengeance and hate at us in 3… 2… 1!

Suddenly, we heard Flip scream and bellow with extreme hatred and rage and cursing right at us, and now, he's officially lost his mind.

Maria: (Flips Flip the middle finger) Yeah, up yours, you mutant three-butt-cheeked cheapskate!

Nico: Even after we kicked Flip's miserable hide, that mutant still refuses to quit!

Lincoln: Same with Lewis Travolta, Dark Amy, Icky Vicky, Billy McLean, Pablo, Anderson, and the other jerks at Dad's restaurant, but it's much more fun to see their thugs get killed by me.

Eli: It sure is, and it's so much more fun seeing them blow their

stacks!

We then saw Lincoln form a viewing window, and then, Lincoln snapped his fingers.

SNAPS FINGERS!

We saw a massive funnel appeared in Flip's mouth, and then, massive cartons of the extremely powerful laxatives that Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta appeared over the funnel.

Eli: (GASPS) ARE THOSE…?!

Nico: The extremely powerful laxatives Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta?!

Luna: DO IT, BRO!

Then, the extremely powerful laxatives were dumped into Flip's mouth and the funnel was removed. Then, Flip's stomach gurgled and rumbled, and then… !

MASSIVELY LOUD AND EXTREMELY WET FART!

Flip farted and massive tons of gold, jewels, gems, and other currencies exploded out of his three butt-cheeks like crazy!

Flip stopped farting like crazy.

Lincoln: That's for trying to get your musclebound thugs to murder me and the girls in my harem, you stupid mutant cheapskate!

Nico: Jeez. Those laxatives are really powerful, I still remember when you tried that prank on me years ago, Connor, but that failed.

Eli: Because of you using Walker's powers.

Connor Chan: Now, Flip's really pissing me off now, if he does this again, I'm gonna shove a grenade down his throat!

Nico: Connor, I know you're angry, but we're saving it for December

1st when we kill him, Icky Vicky, and Xehanort. Now, don't even think of getting into the weapons room or I'm telling Dad!

Connor Chan: Tattle tale.

---

Later it was time for another awesome Super Mario Odyssey adventure.

Nico: Cloud Kingdom is next.

Me: Cool! I definitely know what's coming. No spoilers. I'll go with.

Nico: Okay.

Gwen Tennyson: Me and Raven too.

Nico: All right lets go.

We went in and the simulator and it activated and we were in THE CLOUD KINGDOM!

---

The Cloud Kingdom is the sixth kingdom visited in Super Mario Odyssey. It is a mysterious realm made up entirely of clouds, and is the greater location of Nimbus Arena. During the events of the story, while en route to the Metro Kingdom, Mario and Cappy hear a strange laugh outside their ship, which causes them to investigate. They discover that Bowser is also en route to the Metro Kingdom, and thus encounter him whilst in the sky. This kingdom is the location of the first Bowser battle of the game. Upon defeating Bowser, he retreats to his airship and instructs it to fire cannonballs at Mario. He gets hit by one of these, causing both him and the Odyssey to crash-land down in the Lost Kingdom.

The Cloud Kingdom is located southeast of the Lake Kingdom, northeast of the Wooded Kingdom, northwest of the Lost Kingdom, and west of the Metro Kingdom.

---

Nico: WHOA!

Me: The Cloud Kingdom!

Gwen Tennyson: This is amazing.

Me: Yeah.

Nico: Any tips Nicole?

Nicole: Well the next boss should be coming right about… Now.

Then out came BOWSER! But he was dressed in a nice white tuxedo and hat.

Me: WHOA! Bowser! Looking sharp!

Bowser: Thanks. Like my new Tuxedo guys?

Nico: Nice! You look like a a Koopa version of Tuxedo Man

Bowser: (LAUGHS) Thank you.

Me: What's the occasion?

Bowser: Just getting ready for my wedding in this game here.

Me: Ooh this will be awesome!

Bowser: Or attempt at it anyway.

Me: True.

Nico: Too bad we have to stop you.

Gwen Tennyson: This will be fun.

Nicole: Okay you have to blast his head.

Nico: Easy.

Bowser: LETS GET IT ON!

He fired a massive blast of fire from his mouth.

I fired waves of energy and the blasts collided and my energy went into his mouth and exploded inside him!

BOOOM!

Smoke came out of his mouth.

Gwen and Raven fired blasts of darkness and magic and blasted him all over.

?: (ECHOING) SHELL PILE!

A HUGE SHELL SPUN IN FROM OUT OF NOWHERE AND BASHED BOWSER ALL OVER!

SMASH!

We saw that it was MoriShellmon!

Me: WHOA! MoriShellmon!

Nico: WOW! Nice entrance!

MoriShellmon: (In a girl's voice) HOw did you like that one!

Nico: Morgan Mori Shell!? Whoa!

MoriShellmon: That's right!

Then out came a girl with blue hair and blue eyes and blue clothes and blue angel wings and had a tiara with the symbol of Tundra Man on it.

Tina Tundra: And Tina Tundra, Embodiment of Tundra Man!

Takanuva: Tina! Wow!

Sora: You're looking great.

Tina Tundra: Takanuva and Sora you too.

Nico: (gets out Tobias Whale and May Kanker's Ridewatches) Time for this whale to kiss you!

He activated them and fired waves of energy and blasted him.

Tina Tundra fired waves of ice and froze him!

Me: Time to send this fireball flying!

I FIRED A WAVE OF ENERGY AND BLASTED BOWSER!

I knocked him out!

Me: Nice!

We got Light Yellow Moons!

Nico: OH YEAH!

Morgan reverted back and was a girl with dark green hair and green eyes and green clothes and angel wings and had MoriShellmon in the middle of her forehead and on her skirt and an awesome scythe.

Morgan Mori Shell: That was awesome!

Tina Tundra: Yeah!

We high Five

Nico: How did you meet Sora and Takanuva?

Tina Tundra: I met Sora and Kairi in the world of The World That Never Was and helped them kill Saix the first time.

Me: Wow! That is cool!

Tina Tundra: It was and it was long before the 20 Days of Darkness.

Me: Oh good.

Nico: Yeah.

Tina Tundra: And I met Takanuva like all the Toa as you heard before when they were fighting the Bohrok.

Me: Nice!

Gwen Tennyson: That is cool.

Me: Yep. Morgan what's your favorite memory of Nico?

Morgan Mori Shell: I have many of them but my favorite is when I showed Nico my shell collection.

Me: Awesome.

Nico: That was awesome.

Nico and Morgan hugged.

Nico: I've missed you.

Morgan Mori Shell: Same here.

Me: Would you two like to join the team?

Tina Tundra: We would be honored.

We later left and everyone cheered

---

Later Horsea was out on the beach on a walk.

Horsea: Another Great day!

Horsea hummed.

Horsea: Boy it's so beautiful.

But then HORSEA TRIPPED AND CRASHED INTO A SEAGULL!

CRASH!

Horsea: Ouch! Oh man I'm sorry! You okay?

She saw a Seagull.

The seagull looked at her with hatred and Horsea did too!

FAMILY GUY CHICKEN FIGHT MUSIC PLAYS!

The Seagull charged at Horsea and she punched and bashed and pulverized it.

The seagull fought back but she dodged all of her punches.

Horsea blasted it with a hyper beam blast and kicked him in the beak!

KROW BIFF WHAM BAM SMASH WHOMP BIFF WHAM!

Misty: Maria, you should be proud of Horsea. Mine hasn't done the things yours has

Maria: I am Misty.

Nico: We all are proud of the mascots.

But then Nico's mascot danger senses were tingling!

Nico: Uh oh! Mascot senses tingling!

We went down to the surface and saw SOME OF THE CITY IN SHAMBLES!

Brian: Look at all the devastation!

Me: What the fuck did this!?

Xenia: Yeah!

Eddy: Hey, Maria. Look at that Horsea fighting that seagull

We saw HORSEA FIGHTING A SEAGULL!

Maria: Wait a minute. THAT'S MY HORSEA!

Nico: Not another stupid Seagull Chickenfight!

The Seagull tackled Horsea into a birthday party and smashed it up and Horsea blasted the Seagull! Then she fired a Hyper Beam blast and it hit a swarm of seagulls and they were on fire and ran all over the city and burned everything!

The seagull tackled Horsea through a train and the train exploded in massive fiery explosions!

Nico: HOLY CRAP!

But Horsea exploded out of it and tackled the seagull through a plane and it exploded and blew it apart1

Then they crashed into the ground and a massive fiery explosion blasted out!

Maria: HORSEA!

Horsea: OKAY I'VE HAD ENOUGH!

SHE FIRED A MASSIVE BLAST OF ENERGY AND IT HIT THE SEAGULL AND ROASTED IT! KILLING IT!

Me: Boy what a MESS! No worries.

I snapped my fingers and I fixed the city and everything.

Rollbar: Next time, it should be on a Skyscraper.

Me: Okay Horsea what was all that about?

Horsea: I was taking a walk on the beach and then I tripped on a rock and crashed into a seagull. And the rest is history.

Me: You should watch where you're going next time.

Nico: I think that was the seagull who picked fights with you before.

Me: Yeah now that you mention it. Fluttershy used her stare on it before.

Qin: This time it succeeded in destroying much of the city.

Rollbar: Seriously, the next fight should be on a Skyscraper.

Horsea: Okay then. No promises though.

Qin: Yeah.

Ransack: (to the kids) Sorry about that, kids! Enjoy your birthday party!

Kids: WE WILL RANSACK!

Nico: Aww.

We then went back home. But unseen by us, the thought to be dead seagull opened his eyes, indicating he wasn't done yet!

UH OH! THAT SEAGULL IS NOT GOING TO LEARN!

---

We were busy watching TV, and many of us were doing work-outs to continue staying in tip-top shape, especially Lincoln doing 900,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever and he was sweating like crazy.

Lincoln: We don't have long before the main mission starts, so I still got to keep myself busy.

Me: That's true, and we're also doing work-outs just like you, Lincoln.

Nico: Yep.

Then, we saw Lincoln deadlift a massive twenty-five-ton barbell with ease, and we were stunned.

Eli: Whoa!

And of course, the constant workouts that Lincoln has been doing had also caused his harem to get massive atomic red blushes on their faces, hearts in their eyes, and their noses were really bleeding upon seeing their hotter, sexier hunk of a future husband.

Lily the Mermaid: (Turned On) My God, Linky truly is one hunky muscle god.

Girl Jordan: (Turned On) Big time.

We finished our workouts, and Lincoln sprayed us with water and soap and we were all clean. Then, his harem kissed him on his face and steam whistled out of his ears and his face turned atomic red.

Shadow: Alright. Let's see how much we have to pay for the damages this time.

Me: Shadow with our powers we can fix anything.

Nico: Yep.

Shadow: You're right.

Qin: Yep.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and he had a vision, and he saw who it was that we're going to confront today: it was The Cleric from The Toy Story That Time Forgot, and he's out for revenge on Woody and the others. When we saw it, we knew it meant trouble.

Lincoln: Oh boy.

Lincoln sounded the alarm.

Nico: We heard the alarm, what's wrong, Lincoln?

Lincoln: Nico, everyone, we've got a seriously huge emergency, and I hope you guys are ready for an elemental battle: I just had a vision and I saw who it was that we're going to confront today, it's none other than The Cleric from The Toy Story That Time Forgot, and he's out for revenge on Woody and the others.

WE GASPED!

Nico: Oh boy, another evil toy out to destroy Woody and the others, not good.

Me: You said it.

Lincoln: Either way, we're not letting him get away with this.

Nico: No, we're certainly not, Lincoln. Alright, gang, let's go teach that evil pterodactyl toy a lesson he'll never forget.

Me: He's about to meet his doom.

Qin: Yep.

Nico: And put into the M.O.E.

The previous group came.

Raven Branwen: Can me, Electro, Anti Wanda, Chemistro, Bonz, Roxy Rocket, Duff Killigan, Rex Goodwin, Dr. Polaris, and Nergal go with you guys?

Nico: Yes you all can come with us.

Bonz: We saw the fight. Is Horsea okay?

Me: Yeah she is.

Maria: That stupid seagull attacked.

Nico: Yep.

Ace: Nico, which Gene Slammer do you think you'll meet next?

Nico: Rainy Turtloid.

Me: Stormy.

Qin: Yep.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and the rainbow colored iris of Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lynn Sr., and Rita's Third Eye, and everyone else's Third Eye glowed even more and our rainbow energy auras, rainbow protective auras, and rainbow fire auras flared up even more, as they sensed a dark energy signal with their eyes and the Force, and they saw who the figure was in the vision: the figure is none other than the feral animal Packing Day version of Rusty Spokes, and that rampaging hairy gorilla is coming here to pummel us with snowballs. When we saw it, we knew it meant trouble.

Lincoln: Uh oh.

Rayman: I can guess that we got big trouble heading our way. Lincoln, who was it that you saw?

Lincoln: You guessed it, Rayman, and this is something none of us are going to like in the slightest. The figure we sensed belongs to the feral animal Packing Day version of Rusty Spokes, and that rampaging hairy gorilla is coming here to pummel us with snowballs.

Me: Uh oh, what does he look like?

Lincoln took out his sketchbook and we saw Rusty's feral animal Packing Day version, he looked like him, but with long wild unkempt orange hair, he has facial stubble on his jawline, he has hair on his forearms, he was extremely muscular with abnormally massive and powerful upper and lower body muscles and eight-pack abs and bulging veins, he has on a turquoise coat with the sleeves torn off and he has thick chest hair on his massive pecs, turquoise pants, black boots, and he was on all fours.

Rusty: (GASPS) Oh man, that version of me looks like a wild gorilla!

MONSTROUSLY MEGA LOUD BELCH!

Me: Along with having Lynn's monstrous side on Packing Day.

Maya Parker: We'll be ready for him, we've dealt with Lynn on Packing Day before, this won't be any different.

Nico: Oh, this is gonna end badly for him. Alright, gang, let's go, we're heading out to take down The Cleric.

Lincoln: That rotten pterodactyl toy's going to pay for trying to hurt Woody and the others, and once we get done with him, you're next, you monstrous beast.

Maya Parker: We knew this day was coming, but we've been through a lot worse with Lynn on Packing Day, but either way, we're stopping you dead in your tracks.

Lincoln put up a rainbow energy field around The World Tree Estate and all of us headed out to destroy The Cleric, and as soon as we get done with him, Lincoln and Maya Parker along with me are going to destroy the feral animal Packing Day version of Rusty Spokes.

We were off to help Woody in Galaxy Toys.

* * *

We arrived at Galaxy Toys.

Electro: Here we are.

It was closed.

Me: Closed for the day.

We went in and I had a skeleton key to allow us entry.

Nico: Awesome.

We went in.

Me: Woody? Buzz, Andy, Hannah?

Woody and everyone saw us.

Woody: Guys thank goodness.

Buzz: You made it!

Raythor: Why couldn't we have met you guys at your house?

Woody: Because this is far too important for that.

Qin: Good point.

Camie: Yeah.

Chemistro: What's the situation?

Woody: The Battlesaurs are here.

They told us about them

---

The Battlesaurs are the supporting antagonists in Toy Story That Time Forgot.

Mason, a friend of Bonnie, received for Christmas a complete set of Battlesaurs. However, he didn't play with them because he was more interested in his Optimum X console; as a result, the Battlesaurs were completely unaware they were toys, and reproduced their series' storyline with dangerous seriousness, capturing all toys they encountered. Only their Cleric was aware of their toy nature, but he considered the Battlesaurs had no use for play and kept them in their ignorance.

That all changed two days after Christmas, when Bonnie's toys arrived and were captured. Trixie and Rex, because they are dinosaurs, were welcomed in the tribe. However, the other toys were condemned to die. To save them, Trixie succeeds to get Bonnie and Mason to play with the toys, revealing to all of the Battlesaurs what play is. Following this, the changed Battlesaurs settled down on a more peaceful existence.

Members:

The Cleric: the spiritual leader of the Battlesaur society.

Reptillus Maximus: Champion.

Ray-Gon: The armourer of the Battlesaurs.

Goliathon: An attack beast used in the Arena of Woe.

Raptorial guards: Green raptor-like dinosaurs which serve as standard guards. Some wear helmets, others not.

Elysian guards: Tall and slender turquoise dinosaurs which are the females of the Battlesaurs.

Brutes: The least intelligent of the Battlesaurs. They are strong an bulky in design and wield particularly large weapons. There are three types of them: blue ones with a square head shape, green ones with Stegosaurus plates along the back, and red ones who have longer, T-Rex like snouts.

Living amongst the Battlesaurs are light green dinosaurs which act in a dog-like fashion. Many are stationed in the ditch encircling the Arena of Woe, where they "dismember" fallen fighters.

---

The Cleric was the main target

---

The Cleric is the main antagonist of the 2014 Christmas television special Toy Story That Time Forgot.

He is a pterosaur-like toy who acted as a ruler over the Battlesaur toys, who prior to the film had no idea they were toys. The Cleric was the only one who knew they were toys (though it's uncertain how he found out) and prevented them from finding out or being played with by humans in order to have power.

He was voiced by Steve Purcell, who later voiced The Bensons in Toy Story 4.

The Cleric makes his first appearance when Woody, Buzz, Rex, Trixie and Angel Kitty are brought to Mason's house. He seems quite mistrustful of the newcomers, fearing that the Battlesaurs will realize they themselves are toys. After imprisoning Woody, Buzz and Angel Kitty, he sends Trixie and Rex to fight alongside Reptillus Maximus, where Trixie soon realizes that other toys unwillingly pitted against them are no match for the Battlesaurs.

In an attempt to stop Reptillus from harming any more toys, Trixie reveals Bonnie's name written on her foot, which the Cleric sees as a "mark of obedience" as she has surrendered herself. He sends Reptillus after her as she runs off to expose the truth to the Battlesaurs.

The Cleric takes control of a mechanically-modified Rex as he prepares to dispose of Woody, Buzz, and Angel Kitty through means of shredding them with a fan. However, Trixie has successfully convinced Reptillus that he is a toy, and soon Bonnie and Mason begin playing with the Battlesaurs.

From that day on, the Cleric along with the other Battlesaurs have had a change of heart, having "surrendered" themselves to play time. He apparently realizes that being a toy isn't all that bad, hinting that he is the villain.

---

When he was done we were shocked!

Me: Oh man! So they were forced to fight like that! Just like when we encountered the Dome of Doom as the Brave 12.

Nico: Not good! But the Battlesaurs and the Cleric are going into the M.O.E.

Astro Man: And Trixie and Rex wanted to join them?

Woody: Yeah.

Me: Crazy!

Camie: Yeah!

Roxy Rocket: I'm guessing that didn't work out so well

Rex: No it didn't. But this was before we joined you all.

Me: Oh man.

Camie: Yikes.

Phage: Honestly, you two are fine with the friends you have

Me: I agree there.

Nico: Yeah.

Rex: I agree there.

Qin: The Battlesaurs are going to be smashed all over.

Camie: That is for sure!

Dr. Polaris: Think I can magnetize the toys here?

Me: You could. Sora you can pilot those Giga Suits to really give the Battlesaurs a taste of pain.

Sora: Good idea.

Kairi: I'll join in on that.

Aqua: Me too.

Nico: Go for it guys.

Acid Man: Perhaps the Battlesaurs might send in foot soldiers of their own

Me: If they do we'll show them.

Woody: Awesome.

Camie: Lets go show them some pain.

Woody: Follow me guys.

We followed Woody to the Battlesaur World Store section.

Nergal: There are some Gigas suits right now

Sora: Got it!

Sora, Aqua and Kairi got in a blue, red and purple one.

Me: Nice!

Qin: That is so cool.

We went into the store and saw THE BATTLESAURS

Me: Targets sighted.

Rex Goodwin: I'll go fetch the next members of the usual battles.

Me: Okay.

He went and did so.

It was a really savage battle seeing the Battlesaurs fight.

Me: Whoa they are brutal.

We saw them REALLY BASHING AND PULVERIZING EACH OTHER!

Duff Killigan: (Scottish Accent) These lads are brutal.

Woody: They sure are.

Buzz: No kidding there.

Clawful: Nobody. Make. A. Sound.

We stayed quiet.

Then we saw an opportunity as the Cleric came out!

Me: Target sighted.

Bonz: Is he a T Rex like Rex is?

Me: Actually he's a pterodactyl.

Qin: That is true.

Cleric: Fellow Battlesaurs, I understand there have been complications the likes of Lotso, Stinky Pete, and other obstacles in the way. But those obstacles are no more! And yes, Woody and his friends might have beaten us before. But they are still minor annoyances! Now is the time to strike! Now is the time to prove we are the strongest toys ever! WHO'S WITH ME?!

THEY ROARED IN AGREEMENT!

Gabriel: How inspiring.

Nico: Lets go guys. Entrance time.

We went at them.

Cleric: The time has…

Then the spirits of toys appeared and then they swirled around them and then converged and then…

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasts off above them and a phoenix cry was heard and we blasted out and blasted them all over!

Me: You are not the strongest! WE ARE!

Woody: Minor annoyances, huh?

Cleric: Well, you struggled against us before! (To us) And this is our first time figuring the rest of you!

Airi: He has a point

Me: And it will be where we kick your butts all the way to Timbuktu!

Xenia: And it's going to hurt REALLY BAD!

A soldier came and I kicked him and sent him crashing into a wall!

SMASH!

Anti Wanda: Ya'll want to be the strongest? Then why don't ya'll join our ranks?

Cleric: If you defeat us that is!

Me: Gladly!

I fired waves of energy and blasted them into pulp!

Camie fired waves of Aurora energy and blasted them.

Ben turned into Cannonbolt!

Cannonbolt: CANNONBOLT!

He rolled and smashed them all over the place!

Cannonbolt: That is one way to roll down the competition!

Sailor Pallas: It sure is!

Sailor Pallas and Cannonbolt: ROLLING SMASHER BASHER!

They ran and rolled and bashed them all over and smashed them all over!

Cannonbolt turned into Wildvine

Wildvine: WILDVINE!

He threw explosive pods and blasted them all over.

KRABBBBBOOOOOOOOOMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOMMMM!
KRABBBBBBBBBBOOOOOOOOOOOOOOOOOMMMMMM!

Wildvine: This will hurt too!

Syd Chang: You got that right!

Syd and Wildvine: VINES OF BUTTKICKING!

They formed vines and bashed them all over.

Nico: YEAH!

Wildvine turned into Blitzwolfer

Blitzwolfer: BLITZWOLFER!

He fired a sonic howl and sound waves blasted them down.

Blitzwolfer: How is that for my bark being better than my bite!

Zarya Moonwolf: Along with this!

Zarya and Blitzwolfer: HOWLING BLITZ BLAST!

They fired sonic blasts of energy and blasted the Battlesaurs all over the place!

Blitzwolfer turned into Snare Oh

Snare Oh: SNARE OH!

He wrapped numerous Battlesaurs in bandages and smashed them together!

Snare Oh: You guys need to keep this under wraps!

Mokunaii XI: Yeah what he said!

Mokunaii XI and Snare Oh: MUMMY BANDAGE SLASH!

They slashed numerous Battlesaurs all over with bandages!

Snare Oh turned into Frankenstrike

Frankenstrike: FRANKENSTRIKE!

He fired waves of lightning and electrocuted numerous Battlesaurs all over.

Lincoln: Now that is electrifying!

Frankenstrike: Boy it sure is!

Lincoln and Frankenstrike: LIGHTNING FRANKENSTEIN BLAST!

They fired waves of lightning and electrocuted them all over the place.

Xenia: Take that!

Frankenstrike turned into Upchuck!

Upchuck: UPCHUCK!

He ate a bunch of rocks and fired energy blasts from his mouth and blasted the Battlesaurs all over!

Upchuck: Time for some vomit power!

Dante Alighieri: And it will hurt!

Upchuck and Dante: PUTRID VOICE BLAST!

They vomited waves of foul smelling vomit with the power of the Sin of Gluttony and drenched them all over! YUCK!

Nico: OH SICK!

Camie: YUCK!

Ditto turned into Eye Guy!

Eye Guy: EYE GUY!

He fired laser blasts and blasted numerous Battlesaurs all over the place!

Eye Guy: EYE see you guys all over and it hurts!

Eye Brawl: (Transylvanian Accent) We got our eyes on you!

Eye Brawl and Eye Guy: EYES OF FURY LASER STORM!

They blasted numerous Battlesaurs all over!

Nico: EYE See what you mean!

Eye Guy turned into WAY BIG!

Way Big: WAY BIG!

He would be about 7 feet tall to a normal toy.

Way Big fired a wave of cosmic energy and blasted them all over the place.

Way Big: This is really big for me. I hate to imagine what Ultimate Way Big would be like in here.

Eli: No kidding!

Eli and Way Big: COSMIC LIGHTNING FORCE RAY!

They fired a wave of cosmic energy and blasted them all over!

Way Big turned into Spitter

Spitter: SPITTER!

He fired waves of water and drenched them all over!

Spitter: How's that for some water fun!

Spittor: Time for this frog to hop! Spittor, TERRORIZE!

He transformed and was ready!

Spittor and Spitter: POISON DART DELUGE!

They fired waves of poison and water and blasted the Battlesaurs all over!

Toy Org appeared.

Me: Toy Org! Nice!

Toy Org: Looks like it's time for more toys to learn their place!

Toy Org fired laser blasts and blasted the Battlesaurs all over.

Buzz: Thanks for coming back, Toy Org!

Toy Org: Anytime Buzz!

Qin: Awesome!

Slinky: (laughs) At this rate, you're bound to have an owner!

Toy Org: One day I will!

Qin: Yeah you sure are.

Me: Oh yeah!

Battlesaurs charged at him and Toy Org bashed them all down!

Lola fired waves of fire and blasted them.

Camie and me fired energy blasts.

Wham Shell: Brace for the mace!

He swung his mace club and bashed them and sent them flying far!

Nico: Nice one!

Then Myotismon, Lord Drakkon, Baron Mordo and the Dark Signers came.

Me: Myotismon, Lord Drakkon, Baron Mordo and the Dark Signers.

Myotismon: Toy Org just loves this place.

Drakkon: He sure does.

Me: Yep.

Misty Tredwell: And who can blame him?

Nico: He sure does.

Kalin: (to Nico) We heard you fought Rolf's Akumatized form.

Nico: We sure did and he was crazy and on a giant planet of meat too.

Baron Mordo (to Eli): I hope you take care of that Tangrowth.

Eli: Oh I will.

Bangray then appeared.

Me: Bangray, up for another round?

Bangray: You bet I am.

Me: Cool!

Bangray: Are you glad to be back Rui?

Rui: I sure am! And it's awesome!

Me: Yeah it sure is!

Bangray: Sounds confusing that there are 2 versions of me. Me from Japan and Jozotic from America.

Me: Does sound confusing huh?

Bangray: No kidding!

Me: Yep.

Nico: Lets get it on!

Me: COME ON YOU APES! YOU WANNA LIVE FOREVER!

Lincoln and his harem: DINO FINAL SMASH: DINO CHARGE!

Lincoln and his harem summoned various dinosaurs and they viciously mauled The Cleric badly.

The Cleric: I… will… not… die!

Sherlock Hound: (Laughing Sinisterly)(British Accent) That's where you're wrong, this is where you die and where your reign over your people ends here.

Suddenly, we saw black dogs with red eyes and multiple red eyes all over their bodies made of pure darkness form behind Sherlock Hound, and he sent them at The Cleric, and they brutally mauled the evil prehistoric toy to death, and he was sent to The Black Gates.

Alucard: That was truly impressive, looks like you've mastered my Universe 666 counterpart's powers perfectly.

Nico: Having both immensely vast demonic powers is impressive enough, but having both immensely vast demonic and vampiric powers, if anyone crossed him, it would end in a total bloodbath.

Sherlock Hound: (British Accent) It was thanks to my training from Sparda in mastering his powers of darkness and I was also able to master Alucard's vast vampiric powers. Now, all we have to do is take care of Rusty Spokes' feral animal Packing Day self.

Lincoln: Right. Everyone, keep your eyes peeled.

Suddenly, in Feral Monster Rusty Spokes' point of view as he hides in some trees, he moved the trees aside and was watching us menacingly as he was breathing, snorting, and grunting heavily, then, he pushed the trees back. Then, back to us.

MONSTROUSLY LOUD BELCH!

Suddenly, the twelve large planets orbiting around my legs, the twelve large planets orbiting around Lincoln's legs, the twelve large planets orbiting around the Loud Sisters' legs, the twelve large planets orbiting around Nico's legs, the eight large orange orbs orbiting Linka's legs the nine large orange orbs orbiting around TLPS Ms. Tarantula's legs, the ten multi-colored orbs orbiting around Duke Lincoln's legs, the eleven colored orbs orbiting around the legs of The Loud's friends, the eight large dark blue orbs orbiting around Ed Cowart's legs, the nine large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the nine large crimson red orbs orbiting around Naruto's legs, the eight large crimson red orbs orbiting around Tahu, Vakama, and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lars and Dudley Puppy's legs, the eight large pink orbs orbiting around Lexx Loud's legs, the nine large rose pink orbs orbiting around Steven Universe's legs, the twelve large green planets orbiting around Lynn Sr.'s legs, the nine emerald green orbs orbiting around Yakko Warner's legs, the nine large sapphire blue orbs orbiting around Wakko Warner's legs, the nine large hot pink orbs orbiting around Dot Warner's legs, the nine and eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eleven large scarlet red orbs orbiting around Lynn Jr.'s legs, the eleven coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the nine large aqua blue orbs orbiting around TLPS Mr. Shark's legs, the eight large blue orbs orbiting around Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Loni Loud's legs, the nine large yellow orbs orbiting around TLPS Mr. Snake's legs, the eight large yellow orbs orbiting around Lane Loud's legs, the eight large brown orbs orbiting around Larry Loud's legs, the eight large light green orbs orbiting around Levi Loud's legs, the eight large lavender orbs orbiting around Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago's legs, the eleven large colored orbs orbiting around Twilight Sparkle and her friends, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eleven large aqua blue orbs orbiting around Girl Jordan's legs, the eleven large colored orbs orbiting around Timmy Turner's legs, the eleven large gold orbs orbiting around Alex the Lion and the eight large gold orbs orbiting around Takanuva's legs, the nine large pink orbs orbiting around Rita's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our large gold Bracers of The Champions of the Universe and the Stones of Gelel that were embedded in the backs of our left hands and our gold halos with four orbiting gold rings surrounding the corners behind our heads were glowing, and that means we've got big trouble incoming, and the imps of The Fabled Gene-Slammers were already hissing with anger.

Lucy: He's here…

Then, we saw snowballs heading our way.

Nico: INCOMING SNOWBALLS!

Lincoln formed a massive indestructible diamond barrier infused with fire that protected all of us from the barrage of snowballs that came from nowhere and hit the barrier, but it stood strong and the fire melted the snowballs into water.

Lincoln: (Catches the scent) There's no mistaking the stench of B.O. from anywhere, come on out now, feral animal Packing Day version of Rusty, or we'll force you out.

A massive and muscular figure came out on all fours growling like a dog, it was the feral animal Packing Day version of Rusty Spokes.

Nico: That's the feral animal Packing Day version of Rusty?!

Me: Yikes! He looks exactly like what Lincoln had drawn in his sketchbook!

Feral Animal Packing Day Rusty: (ROARS)

Rusty's feral animal Packing Day self charged at us, but Lincoln punched him hard and he flew into a wall, he got back up, and he roared and beat his hairy chest like a gorilla: NOW, HE WAS MEGA PISSED!

Maya Parker: Oh, roar yourself, you four-legged hairy gorilla.

Suddenly, Maya Parker's green eyes turned neon green and she was surrounded by a green and sky blue energy aura with stars, winds, fairies, phoenixes, and angels, she unholstered her massive greatsword from her back, and as she approached the feral animal Packing Day version of Rusty Spokes, she left green and sky blue energy, stars, winds, fairies, phoenixes, and angels with every step.

Maya Parker: I shouldn't be surprised that you would show up, but I always knew you'd be coming because of the loud belches that Lynn let out when she goes psycho on Packing Day, but we've known you were coming and we're ready to take you and your feral team down!

Suddenly, Maya Parker was surrounded by a massive vortex of green and sky blue energy with stars and wind surrounding the vortex, there are fairies, phoenixes, angels, and Fortune Lady Wind flying around the vortex, and in the vortex is a sky blue phoenix with red eyes glaring at the feral animal Packing Day version of Rusty Spokes: the red eyes of eternal death.

Me: WHOA! Incredible!

Nico: So awesome!

Lincoln: We've all seen what happens when Maya Parker gets mad when she sees Lori, Lynn, Lola, Lisa, and Luan causing trouble, and now, that fury's about to be unleashed once again.

Then, as the vortex faded, Maya Parker emerged, but she was changed forever.

Maya Parker grew from 6'5" to 8'3" in height, she has large gold metal braces on her biceps and thighs, and she now has twelve large green and sky blue planets orbiting around her legs, she has the body of a goddess, she has sky blue highlights in the bangs of her long green hair and she has a large golden halo in the center with golden angel wings on the bottom and four orbiting golden rings on each corner behind her head, she has neon green eyes and a green and sky blue energy aura with stars, winds, fairies, phoenixes, and angels surrounding her and immense protective neon rainbow aura with all of the elements swirling around it, she has Fortune Lady Wind with the Wind Kanji in her hands emblazoned on her forehead with green iris, she has on fairy earrings with green gems for eyes and holding the Star, Wind, and Eternity Kanjis in her hands, she also has Fortune Lady Wind with green gems for eyes and holding the Star, Wind, and Eternity Kanjis in her hands for the second pendant on the bottom of her green phoenix-shaped Element of Harmony, along with the gold Thunderbird pendant of her Elemental Thunderbird Necklace of Eternal Love necklace with green crystal links from her merged Crystal Necklace of the Buddha and green gems embedded on the gold lightning bolt links, and she also has on her white and gold accented Elemental Thunderbird Choker Necklace of Eternal Love on her neck. Suddenly, Maya Parker felt a sharp pain on her back, and then, massive green angel wings with sky blue tips on the large green feathers grew and sprouted out of her back and medium sized green angel wings with sky blue tips grew and sprouted out underneath her massive green angel wings and she also now has eleven massive and long green wolf tails with sky blue tips and sky blue markings, Maya Parker has on her Ring of the Phoenix with large green gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire Corps ring on her left ring finger and Stone of Gelel embedded in her left hand and fingerless gloves and gold armored claws over her fingers and smaller planets orbiting her fingers like rings.

Suddenly, Maya Parker's massive gold greatsword and all the greatswords and swords that she'd gotten began to merge together, and they were surrounded by a kaleidoscope of green energy, stars, winds, fairies, phoenixes, and angels, and when it emerged, it was transformed into Maya Parker's Cosmic Eternal Hurricane Wind Fortune Lady Wind Phoenix God Angel Greatsword of Cosmic Eternal Hurricane Wind Fortune Lady Wind Phoenix God Angel Justice, it's a brand-new massive greatsword with embedded sky blue gems and Fortune Lady Wind and runes etched on the 7'9" massive, wide, double-edged green blade, large green phoenix heads for the crossguard, large white angel faces built into both sides of the hilt and large sky blue gems embedded in their foreheads, longer midnight black handle, four large green phoenix heads with sky blue gems for eyes and on the bottom of the large green phoenix heads is a large green phoenix head with sky blue gems for eyes and sky blue gem in its mouth for the pommel, Maya Parker has on her brand-new large gold Bracers of The Champions of The Universe with large green gems on her wrists and Dragon Ball Bracelet and wrist computer and Omnitrix on her left Bracer, her large gold Belt of Elemental Bravery with a gold version of Fortune Lady Water's head with aqua blue gems for eyes and aqua blue gem in its mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. Lincoln, Maya Parker, and I went after Rusty Spokes' feral animal Packing Day self, and we fired extremely powerful blasts of rainbow energy, green energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at Rusty's feral animal Packing Day self, and they exploded with incredible power as they hit him.

Then, we attacked him with energy slashes from our massive greatswords leaving scars on him and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at him as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well and Maya Parker also did the same by firing green energy slashes from her massive greatsword, and he, Maya Parker, and I attacked him hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving Rusty's feral animal Packing Day self even more madder and even more insane with rage as he let out another bellowing roar of rage.

Suddenly, Rusty Spokes turned the tip of one of his eleven massive and long orange wolf tails into Cell's stinger that opened up into a large sucker and he plunged it onto his feral animal Packing Day self's head and he was unable to fight back. Then, he sucked him into his body and absorbed him as the stinger changed back.

Suddenly, we felt Rusty's power and energy rising astronomically, and then… !

SUDDENLY, AN EXTREMELY MASSIVE AND INCREDIBLY POWERFUL RAINBOW FIRE EXPLOSION BLASTED OUT OF RUSTY SPOKES WITH INCREDIBLY DEVESTATING AND UNBELIEVABLE FORCE! THE EXPLOSION WAS SO INTENSELY POWERFUL THAT EVERYONE IN 900,000,000,000,000 UNIVERSES FELT IT AND THEN, IT FORMED INTO A MASSIVE JET OF RAINBOW FIRE AND IT FLEW OUT OF THE INFINITELY VAST WEB OF GALAXIES AND FORMED INTO A POWERFUL RAINBOW FIRE PHOENIX, RAINBOW FIRE MERMAID, RAINBOW FIRE SEA SERPENT, RAINBOW SEA CREATURES, AND RAINBOW FIRE ANGEL, AND THEY CRIED INTENSELY WITH AMAZING POWER, AND THEN, THE RAINBOW FIRE PHOENIX, RAINBOW FIRE MERMAID, RAINBOW FIRE SEA SERPENT, RAINBOW SEA CREATURES, AND RAINBOW FIRE ANGEL WENT BACK TO EARTH AND RUSTY SPOKES GAINED AN INTENSELY POWERFUL AND SUPERCHARGED ASTRONOMICAL POWER BOOST!

Suddenly, Rusty Spokes was surrounded by a massive vortex of aqua blue energy with stars, water, and ocean waves surrounding the vortex, there are sea serpents, sea creatures, mermaids, phoenixes, and angels flying and swimming around the vortex, and in the vortex is an orange phoenix!

We were really amazed by Rusty Spokes' Super Angel-Sea Serpent-Mermaid-Sea Creature-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation.

Rusty: (Divine Echoing Godly Voice of The Cosmic Eternal Harmony Aquatic Water Oceanic Maelstrom Aztec River Master Almighty Chalchiuhtlicue Phoenix God Angel and Divine Cosmic Eternal Harmony Aquatic Water Oceanic Maelstrom Aztec River Master Almighty Chalchiuhtlicue Phoenix God Angel Hope) Oh man, what on Earth hit me?

Nico: You transformed, Rusty, have a look.

Nico formed a mirror of water, and Rusty saw what happened to him after he absorbed his feral animal Packing Day self, and he was amazed.

Rusty: (Divine Echoing Godly Voice of The Cosmic Eternal Harmony Aquatic Water Oceanic Maelstrom Aztec River Master Almighty Chalchiuhtlicue Phoenix God Angel and Divine Cosmic Eternal Harmony Aquatic Water Oceanic Maelstrom Aztec River Master Almighty Chalchiuhtlicue Phoenix God Angel Hope) Whoa! You're right, I've transformed just like Lincoln, J.D., and the others, this is awesome.

Everyone cheered wildly for what Maya Parker, Lincoln, and I did as we holstered their massive greatswords on their backs and powered down and Natalie Parker's new body, clothes, weapons, jewelry, Third Eye, eleven massive and long green wolf tails, large gold halo with four large orbiting gold rings on each corner behind her head, twelve large green planets orbiting around her legs, smaller planets orbiting around her fingers, and massive green angel wings and medium sized green angel wings underneath are permanent, and Rusty Spokes' brand-new body, clothes, weapons, jewelry, Third Eye, eleven massive and long orange wolf tails, large gold halo with four large orbiting gold rings on each corner behind his head, large twelve orange planets orbiting around his legs, smaller planets orbiting around his fingers, and massive orange angel wings and medium sized orange angel wings underneath are permanent.

Maya Parker: That's it for that animal. Thanks for helping me take down Rusty's feral animal Packing Day self, Lincoln, you too, J.D.

Lincoln: (Smiles Warmly) You're welcome, Maya.

Me: My pleasure, Maya.

Suddenly, Maya Parker wrapped her arms around Lincoln's waist, as her chest pressed against Lincoln's massive pecs and her stomach pressed against his eight-pack abs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned down to Maya Parker's face, they kissed passionately as she moved her hands onto Lincoln's massive pecs, and behind them was a Thunderbird, Phoenix, Dragon, Tiger, Mermaid, Angel, Fairy, Succubus, Incubus, Windigo, Demon, and Fortune Fairy Wind flying in the air, and we saw a herd of Buffalo and many animals running across the field and elemental forces and winds behind them and we cheered wildly. Then, Lincoln and Maya Parker sucked in and absorbed the elemental forces and winds and they came back to us as the display vanished.

Nico: My God. Guys, what we just saw, THAT WAS ONE AWESOME FIGHT!

Nico ran to me, Lincoln, and Maya Parker and hugged us.

Luna: No kidding dudes, you guys taught feral animal Packing Day version of Rusty a lesson he'd never forget.

Luan: And he absorbed him and transformed and ascended just like Lincoln and J.D.

Me: You said it. So, Lincoln, who are we meeting on your rescue tomorrow?

Lincoln: I've got just the girl: Ahana Azura, Avatar and Gene-Slammer of Hieratic Dragon of Nuit.

Selene Emperyous: The lightning master of The Order of The Hieratic Egyptian Duel Monsters, incredible, and you guys will love meeting her, Ahana Azura is Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Lightning and The Sky. She's the Avatar and Gene-Slammer of Hieratic Dragon of Nuit, and she has powerful lightning powers and her favorite Duel Monster was Hieratic Dragon of Nuit. She's also a powerful master and defender of Egypt's long history and she's the dark magic sorcerer of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades, who fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the order was tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Ahana and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Ahana would be the next one to train him in mastering the powers of lightning. Lincoln made her a powerful lightning greatsword, and to show her thanks, Ahana kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Me: Whoa.

Eli: Which means Ahana has the powers of Nut.

Lincoln: That's right, she has the powers of Nut, and she's a powerful master of lightning and the sky.

Carly Atlas: As promised, you and the Battlesaurs go into our ranks.

Cleric: Thank you.

Devack: No problem.

Rex Goodwin: You're not as bad as Lotso.

Greiger: You just wanted to be strong.

Me: Yeah and you proved that.

Rex Goodwin: We just need to find an archenemy for you

Me: Yep.

Nico: But this was fun.

Qin: It sure was.

Woody: Thanks guys.

Me: Anytime.

Nico: Greay job today everyone.

Woody: (To the viewers) It sure was awesome to do this one huh?

Me: Yep.

We went back home and enjoyed the rest of the day and went to sleep.

Nico: Serena, what do you like to do in your free time?

Serena Honoua: I like making books about the Eternal Phoenix. J.D. lets me use the Eternal Phoenix Book for Inspiration.

Nico: Cool!

Me: Yep.

Serena showed us a book called "The Immortal Phoenix and The

Planet of The Amazons." The cover showed an amazing sexy and beautiful Phoenix Wing Angel flying over the jungle of an alien planet with a pink sky and it had 4 moons in it. And the Amazons were throwing spears at her.

Me: You know him?

Poliwag: He's nothing but inhuman scum, he brutally humiliated and bullied my friend, Cammie Wendoll, who's the Gene-Slammer of Hellyfish.

Me: WHAT?!

Nico: Yeah, he's a total scumbag.

Lincoln: Wait, that last name is familiar. (GASPS) (SUDDENLY BECAME ENRAGED) THAT INHUMAN SCUM'S ALSO THE BROTHER OF ANOTHER ASSHOLE WHOM I ABSOLUTELY DESPISE!

Eli: What the?!

Anna Anyanova: I think I know who Lincoln's talking about: Marcus Veracruz, the brother of Terrence Veracruz, he's a jealous narcissistic misogynistic bastard who bullies and humiliates women and makes extremely rude and misogynistic remarks about women, and he's also 100 times worse than Chandler, and he's the enemy of Melanie Harmonia!

WE GASPED!

Lincoln: (MEGA ENRAGED) I'M GONNA KILL THOSE TWO BASTARDS! (WOLF ROAR)

WE FREAKED OUT AND DID WILD TAKES!

Me: Crap, Lincoln's let the beast out again!

Nico: Terrence Veracruz is so dead, worse than dead!

Suddenly, the rest of the team arrived, thanks to Lincoln's telepathic message.

Ed Cowart: We got here as fast as we could thanks to Lincoln's message.

Lori: Along with him roaring like a wolf.

Nico: You sure got here quick. Alright, let's go hunt down Marcus Veracruz and make that piece of crap pay!

Me: Before Lincoln tears his head off before any of us have any fun.

Me: Yeah! And I have a feeling he's over at Lynn's Table.

Fluttershy heard a Pokemon cry.

Fluttershy: (Gasp) Oh look here guys.

We saw a Meowscarada.

Me: Oh a Meowscarada.

Nico: And the poor thing is freezing.

Fluttershy: Oh we'll warm you up little one.

Meowscarada: Thank you so much.

We warmed it up.

Meowscarada: Thank you.

Me: Do you want to come with us?

Meowscarada: Sure.

Nico: You'll love it with Fluttershy.

Meowscarada: I sure will.

Suddenly, Lincoln's large gold halo with four large orbiting gold rings orbiting the corners behind his head glowed and the four large orbiting gold rings fired beams of light that formed into a viewing window and we see Stan and Steak Stankco dressed only in shorts and shirtless and still forced to mine and eat broccoli at The Broccoli Mine Prison in Canada, and they'd regained their abnormally massive and powerful upper and lower body muscles and eight-pack abs along with their massive physical upper body and lower body strength, but they were now as four times as big as The Hulk.

The two of them were grumbling like mad and there was no doubt they were plotting to escape once again, but then, we saw the barbell tattoos on their backs glow red. Suddenly, Stan and Steak were glowing with red energy, but then, their arms were raised and it looked like their wrists were bound with metal cuffs same with their feet.

Me: Uh oh, here we go!

Lincoln: Yep.

Suddenly, Lincoln made red portals appear in front of the Stankcos, and then, out of nowhere, Lincoln sprouted tentacles with suctions from his chest and all of the males on the team did the same and they went through the portals and they came out of the portals and latched themselves onto the massive pecs, necks, arms, and legs of Stan and Steak Stankco. Then, the tentacles began sucking the Stankcos' of their massive muscle mass, virility, and massive physical strength and they were groaning in pain as they began shrinking in muscle mass.

Then, all of the massive muscle mass, virility, and massive physical strength of The Stankcos began being pumped into Lincoln and his

abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even more stronger.

The same thing happened to me, Nico, and all the males on the team and our abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on our bodies, and our massive angel wings spread out and glowed and our halos glowed and we also began growing even more stronger.

Lincoln: (Growls) Oh man, I haven't forgotten how potent this curse really is.

Me: (Growls) Yeah, this is really potent, but this still feels incredible.

Then, when Lincoln and all the males were done, the tentacles detached themselves from the pecs, arms, legs, and necks of the two meatheads and they went back into us as the portals closed, and we saw that Stan and Steak Stankco were thin as a rake and sucked bone dry of their muscle mass, virility, and massive physical strength again, and the glowing barbells on their back stopped glowing.

Stan and Steak Stankco: NOT AGAIN! (ENRAGED SCREAMING)

The viewing window closed as the four large orbiting gold rings stopped glowing and the light beams disappeared. Suddenly, we saw that we were even more bigger in muscle thanks to Lincoln's curse he put on The Stankcos.

Me: (Looked at my even more muscular body) Whoa. Lincoln, that Min's Egyptian Virility Drain Curse you put on the Stankcos is still really potent. But, look at us, now we're even more ripped than ever. (Flexes my even more massive muscles)

Lincoln: (Flexes his even more massive muscles) Yep, and this curse will be on them for all eternity. (Sensed for Terrence Veracruz) There you are, asshole! I just spotted Terrence Veracruz, he's 20 yards away, and he's trying to kill Cammie Wendoll.

Poliwag: That stupid idiot bastard, let's get him!

Lincoln: I'm gonna tear him to shreds, and his brother's next on my rescue. (Sensed Flip's musclebound thugs) Uh oh, hold up, I sensed a massive army of Flip's musclebound thugs also heading right for us.

Nico: (GROWLS) Flip, you stupid mutant cheapskate!

Me: That mutant just doesn't even know when to quit!

Suddenly, we saw ten massive armies of Flip's musclebound thugs arrive, and they came barreling towards us in a fit of rage.

Lincoln: Ugh, I knew there was no mistaking the stench of B.O. in the air!

Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even stronger.

I did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into me and my abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on my body, and my massive elemental angel wings with aurora and red tips spread out and glowed and my halo glowed and I began growing even stronger.

The other male members did the same by firing vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into them and their abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on their bodies, and their massive angel wings spread out and glowed and their halos glowed and they began growing even stronger.

When we were done, the vacuum tubes detached themselves from the chests of the thugs and went back into us, and the thugs were now dead from blood loss and thin as a rake and Lincoln fired a blast of red energy and destroyed them leaving them as ashes. Then, we set our sights on Terrence Veracruz.

We arrived at Lynn's Table.

Me: Here we are.

We went in.

Nico: GOOD MORNING LYNN'S TABLE CREW!

Lynn Sr.: Hey guys! Usual orders?

Nico: Don't you know it Mr. Lynn. We'll eat after we take care of something here.

Lynn Sr.: No rush guys. Coming right up.

Poliwag: Cammie? Are you there?

Me: Hmm. There!

We spotted Terrence Veracruz and he had a knife in hand and was about to stab Cammie Wendoll.

Nico: THERE'S THAT FUCKING PIECE OF CRAP!

Poliwag: And he's about to stab Cammie.

Me: Let's tear him apart.

We went at him!

Terrence Veracruz: DIE, YOU STUPID BITCH!

Terrence Veracruz was about to stab Cammie Wendoll, but we fired waves of energy and elements at Terrence Veracruz which sent him flying into a wall, and we landed in front of Cammie Wendoll and stood against Terrence Veracruz.

Poliwag: You okay, Cammie?

Cammie Wendoll: Poliwag? Oh, thank goodness you're here.

Nico: He told us about that piece of trash you're facing.

Cammie Wendoll: I thought I was through with Terrence when he got arrested, but that piece of crap brother of his, Marcus, showed up and busted him out of prison! I hate those two pieces of shit!

Melanie Harmonia: Same here, I despise Marcus for everything he's done, but I had no idea his brother was just as bad as he is.

Terrence Veracruz: (ENRAGED SCREAM) GODDAMN IT! MARCUS TOLD ME IT WAS GOING TO BE EASY TO KILL THE BITCH! HE NEVER SAID ANYTHING ABOUT YOU ASSHOLES COMING HERE!

Lincoln: Your brother's a brainless idiotic piece of crap who never has a single thought in his empty head, and you're the same as him!

Terrence Veracruz: WHAT THE FUCK DID YOU JUST SAY?!

Me: You heard him asshole!

Terrence Veracruz charged at Lincoln and tried to punch him, but Lincoln grabbed him by his neck and threw him right into another wall. Terrence Veracruz got out, but now, he was really enraged and completely pissed off.

I then grabbed Terrance and punched him all over!

I punched him and sent hiim crashing into Flip!

Suddenly, Svetlana Succubus' purple eyes turned neon purple and she was surrounded by a purple energy aura with stars, magic, darkness, Succubi, phoenixes, and angels, and as she approached Terrence Veracruz, she left purple energy, stars, magic, darkness, Succubi, phoenixes, and angels with every step.

Svetlana Succubus: You really are nothing more than a piece of crap, Terrence Veracruz, who the hell do you think you are, humiliating Cammie Wendoll like that?! Don't even bother to answer, I already know the answer: you're just a stupid idiot bastard who enjoys humiliating girls for your own selfish amusement, and your stupid idiot bastard brother, Marcus, is just like you in every way. I don't blame Lincoln for getting that pissed off, but either way, you and Marcus are on a one-way trip to Hell for what you both have done in the past.

Suddenly, Svetlana Succubus was surrounded by a massive vortex of purple energy with stars, magic, and darkness surrounding the vortex, there are Succubi, phoenixes, and angels flying around the vortex, and in the vortex is a dark purple phoenix with red eyes glaring at Terrence Veracruz: the red eyes of eternal death.

Nico: Oh shit, this is going to get ugly, I hope she drains him of his life force and leaves him a withered dead corpse.

Me: I think that'll be left to Lincoln, he's fed on the blood of the many Succubi in his harem and gained a ton of Incubi powers and abilities.

Lincoln: And his brother's going to suffer the same fate as well later on.

Then, as the vortex faded, Svetlana Succubus emerged, but she was changed forever.

We were amazed by Svetlana Succubus' Super Angel-Succubus Dopant Embodiment-Succubus-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga transformation, and when I saw her, I had an extreme atomic red blush on my face, hearts in my eyes, and my nose was bleeding, but when Terrence Veracruz saw it, he went absolutely ballistic and ran at her with a knife to stab her, but Svetlana Succubus fired a massive barrage of purple energy, stars, magic, darkness, Succubi, phoenixes, and angels which hits Terrence Veracruz and sent him flying into another wall, he got back up, but now, he was super mad and enraged now.

Svetlana Succubus: (Divine Echoing Godly Voice of The Voluptuous Beauty Darkness Magic Love Succubus Dopant Embodiment Succubus Phoenix God Angel and Divine Cosmic Eternal Voluptuous Beauty Darkness Magic Love Succubus Dopant Embodiment Succubus Phoenix God Angel Love) Looks like I've gone and made him mad now. But, I've got a few tricks up my sleeve for him.

Me: Let's give that fucker the thrashing of his miserable life.

Thunderbird Buffalo Vampire Werewolf Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust) Now, you're going to be ripped and torn into a million pieces before we kill you!

Lincoln, Svetlana Succubus, and I went after Terrence Veracruz, and we fired extremely powerful blasts of rainbow energy, purple energy, fireworks, rainbows, storm clouds, gold halo rings, quintessence, life energy, illusions, crosses, planets, sea creatures, nightmare creatures, sports equipment, leaves, plants, pumpkins, dark lightning, pumpkin fire, swords, fruits, animals, music notes, psychic blasts, jewels, starships, imps, butterflies, moths, spades, hearts, aces, diamonds, clubs, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Rainbow Crystals, Rainbow Super Lightning, Rainbow Fire, Sand, Blue Fire, Bubbles, Steam, Nebulonic Gas, Suns, Aurora, Light Magic, Dark Magic, Black Magic, Satanic Magic, Moonlight, Explosions, Fairies, Vampires, Tigers, Buffalo, Thunderbirds, Phoenixes, Elemental Dragons, Werewolves, Demons, Banshees, Spirits, Fiends, Zombies, Elemental Angels, Alicorns, Angels, Archangels, Outer Gods, Mammoths, Pegasi, Windigos, Tortoises, Succubi, Incubi, Hydras, Qilins, Centaurs, Sauropods, Theropods, Mermaids, Basilisks, Cockatrices, Cerberus, Perytons, Griffins, Sphinxes, Hippogriffs, Manticores, Animals, and Mythological Animals at Terrence Veracruz, and they exploded with incredible power as they hit him.

Then, we attacked him with energy slashes from our massive greatswords leaving scars on him and Lincoln left many more by firing rainbow energy slashes with his gold-plated claws and his two new massive greatswords and he even fired red and blue wolf fire at him as well and I also left many more by firing rainbow energy slashes with my gold-plated claws and fired blue wolf fire as well, and he, Svetlana Succubus, and I attacked him hard with punches, kicks, and karate chops and they're super mega-painful because of our superhuman strength, along with elemental blasts, and this was driving Terrence Veracruz even more madder and even more insane with rage as he let out a bellowing roar of rage.

killed?!

Terrence Veracruz: FUCK YOU!

He grabbed Horsea, intending to make good on his threat.

Horsea: Oh yeah?

KICK!

She kicked him in the face and blasted him in the face and burned his eyes shut!

Then, Nico fired waves of water, May fired blasts of ice, and Qin fired blasts of fire, and Sebastian fired blasts of Divine Darkness that hit him and slashed at him with his dark greatsword, Then, Lincoln, Svetlana Succubus, and I fired powerful blasts of energy, magic, stars, darkness, and planets at Terrence Veracruz, and Lincoln summoned red and blue wolf spirits and they brutally mauled and attacked him and he got badly hurt.

Svetlana Succubus: (Divine Echoing Godly Voice of The Voluptuous Beauty Darkness Magic Love Succubus Dopant Embodiment Succubus Phoenix God Angel and Divine Cosmic Eternal Voluptuous Beauty Darkness Magic Love Succubus Dopant Embodiment Succubus Phoenix God Angel Love) Now, for a little Succubi Lust Inducement.

Svetlana Succubus forms a glowing purple dust in her hands, and she blew it right at Terrence Veracruz which hit him.

Terrence Veracruz: WHAT THE FUCK IS… This?

Suddenly, Terrence Veracruz's eyes turned red and his body was suddenly taken over by overpowering lust and sexual arousal as he saw Svetlana Succubus, and then, his body suddenly began growing as his muscles suddenly began growing much larger and the muscle growth caused his shirt to rip off showing off his newly muscular upper body and eight-pack abs.

Nico: What was…?

Me: (Divine Godly Universal Mythological Cosmic Eternal Harmonious United Friendship Elemental Phoenix Vampire Werewolf Demon Dragon Mermaid January Wolf Moon Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Godly Universal Mythological Cosmic Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Cosmic Eternal Godly Universal Mythological Cosmic Eternal Harmonious United Friendship Elemental Phoenix Vampire Werewolf Demon Dragon Mermaid January Wolf Moon Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Godly Universal Mythological Cosmic Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust) Succubi magic in action, that purple dust Svetlana formed has the power to cause the male victims to be overcome by overpowering lust and sexual arousal upon seeing her and that also results in a sudden muscle growth.

Svetlana Succubus: (Divine Echoing Godly Voice of The Voluptuous Beauty Darkness Magic Love Succubus Dopant Embodiment Succubus Phoenix God Angel and Divine Cosmic Eternal Voluptuous Beauty Darkness Magic Love Succubus Dopant Embodiment Succubus Phoenix God Angel Love) But, that'll lead to him getting the life sucked out of him.

Suddenly, Lincoln sprouted tentacles with suctions from his chest and the tentacles latched onto Terrence Veracruz's pecs, and then, Lincoln began sucking Terrence Veracruz of his newly gained massive muscle mass, virility, and massive physical strength and he was groaning in pain as he began shrinking in muscle mass and he was also being drained of his life force.

Then, all of Terence Veracruz's newly gained massive muscle mass, virility, and massive physical strength was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even more stronger.

Lincoln: (Divine Echoing Godly Voice of The Divine Godly Universal Mythological Cosmic Eternal Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Demon Dragon Mermaid Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Godly Universal Mythological Cosmic Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Cosmic Eternal Godly Universal Mythological Cosmic Eternal Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Demon Dragon Mermaid Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Godly Universal Mythological Cosmic Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust) (GROWLS) Whoa, that Succubi Dust really is potent, it made Terrence physically stronger and increased his sex drive, but that makes it so easy for me to drain him.

Then, when Lincoln was done, the tentacles detached themselves from Terrence Veracruz's pecs and went back into Lincoln, and Terrence Veracruz was thin as a rake and sucked bone dry of his newly gained massive muscle mass, virility, and massive physical strength and he also had the life sucked out of him

Poliwag, with a dark look on his face, grabbed one of Manaphy's dynamite and shoved into Terrence's mouth.

Poliwag: (darkly) You fucking swallow this.

Terrence screamed in pain before the dynamite went off, blowing his head up.

KRABOOOM! SPLAT!

HE WAS DEAD!

He was sent to The Black Gates forever. Everyone cheered wildly as we holstered our weapons and powered down, and Svetlana Succubus' new body, clothes, weapons, jewelry, eleven massive and long purple wolf tails, 28th Century silver Miracle Box backpack, Third Eye, large gold halo with four orbiting gold rings on each corner behind her head, twelve large dark purple planets orbiting around her legs, smaller planets orbiting around her fingers, and massive purple angel wings and medium sized purple angel wings underneath are permanent.

Me: That's it for that asshole. But, we still got his brother to deal with.

Lincoln: But, when news of his brother's death hits him, he's gonna be wanting revenge on me. Well, I'll do to him what I did to his brother.

Nico: You said it. Say, how are the Bikini Babes doing after getting attacked by Sebastian's former minions yesterday?

Lincoln: They've recovered from that ordeal, especially after they punched Sebastian right in the face.

Amara Roshansa: Even more than that, last night, they had quite a lovemaking session with Lincoln.

Me: Oh Lincoln. You dawg you.

Nico: (Smirks) That was until all of you got dragged into it, right?

Lincoln's entire harem blushed madly.

Lily the Mermaid: (Seductively) What can we say? He really is quite the beast.

Lincoln: (Blushes) Lily.

Nico and I snickered.

Poliwag: Are you okay, Cammie?

She hugged him and squeezed him like a stuffed teddy bear!

Cammie Wendoll: OH THANK YOU! THANK YOU! THANK YOU! THANK YOU!

Poliwag: (Muffled) Can you stop trying to break me in half?

Cammie Wendoll: Sorry.

Nico: Nice job, Meowscarada!

Meowscarada: Thanks Nico.

Lynn Sr.: ORDER UP!

Me: Time for chow.

We went to our tables and got our food.

Meowscarada: Boy that was fun.

Poromon: Want some beer to go with your food?

Meowscarada: Oh no thank you. I don't drink.

Poromon: Okay then.

Poliwag: I'm not in the mood for the puppy dog eyes today.

Nico: Okay.

We got our food.

Poliwag: Oh, what the Hell? I'll do it anyway.

Poliwag did puppy eyes.

Poliwag: Pwetty Pwease?

Nico: Poliwag that's enough.

Me: (Eating Ultimeatum) Mmm!

Nico: (Eating Ramen) (Slurps)

Laney: (Eating Drumstick)

Cammie: How have you been, Poliwag?

Poliwag: Awesome! (Eating apples)

Nico: (Eating chicken wings) Mmm! Delicious!

Goku: (Eating meat) Mmm! This is good stuff.

Me: You said it Master Goku!

Sakura Knudson: (Eating noodles)

Lola: (Eating Sushi)

Lana: (Eating Steaks)

Claudia Cloudian: (Eating Dumplings and Soup)

She was eating and eating and eating like crazy!

Me: She was dead for a long time so who can blame her.

Cammie Wendoll: I see you have a girlfriend.

Poliwag: Yep. Horsea.

Maria: Horsea is my Pokemon. I found her in Narnia.

Me: Yep.

Cammie Wendoll: Wow that is awesome!

Me: It sure was.

Poliwag: What about you? How have YOU been?

Cammie Wendoll: Can't complain. Been working really hard at the sushi restaurant with Sunset Shimmer and we have been working on all kinds of new sushi ideas.

Sunset Shimmer: She makes really cool sushi rolls. And her extra jellyfish arms really come in handy for it all.

Camie: Wow! Talk about multitasking.

Cammie Wendoll: It really gets tons of jobs done fast.

Nico: That is cool.

Poliwag: You didn't tell me you were in the city.

Cammie Wendoll: I was too busy with work that I forgot to text you.

Nico: No worries.

Varie: Yeah.

We were eating a lot and the dishes REALLY WERE PILING UP!

Nico: I'm really proud of you Poliwag.

Poliwag: Thanks Nico.

Lincoln: (Eating Pizza) Mmm!

Me: That was so awesome. (Eating Spaghetti) Mmm!

Sakura Knudson: (Eating Cake) Mmm! It sure was.

We were done and man were we stuffed!

Goku: Ahh! That was incredible! What a feast!

Me: Boy it sure was! I'm stuffed!

Claudia Cloudian: Boy I am really stuffed! I haven't had a good meal like that in a long time.

Me: Being dead for 7 years I would feel the same way.

Manaphy: I didn't expect you to use my dynamite.

Nico: That was clever.

Poliwag: Thanks. It was cool.

Nico: I agree there.

Lola: It sure was cool.

Maria: Are you okay, Horsea?

Horsea: Yeah I'm okay.

Qin: Good.

Maria: Don't listen to him. You aren't a whore.

Horsea: I know. And I'm glad I'm not.

Qin: Good.

Camie: It sure is good.

Nico: Yep.

Nico: Horsea, I wonder if there's an old enemy as well as an old friend of yours too.

Horsea: You know there is. But we'll talk more about them later when we cross that bridge.

Qin: Good idea.

Maria: How did you and Poliwag meet?

Cammie Wendoll: Over in the Philippines, Poliwag saved me from a mad doctor that spliced my DNA with Hellyfish DNA and we got him arrested and sent to a nuthouse for mad scientists.

Me: Was it Dr. Paradigm?

Cammie Wendoll: No it was Dr. Kirk Nidaris.

WE GASPED!

Me: Wait I've heard of him. He was a mad scientist that did these CRAZY terrible experiments with the deadliest kinds of jellyfish. He wanted to make humanoid jellyfish and use them to take over the world.

Qin: That is insane!

Nico: REALLY fucked up!

Me: Yeah. This guy is COMPLETELY INSANE to the bone.

Nico: Oh boy. We might have to deal with him in the future.

Me: Yeah.

Maria: What's your favorite memory of Poliwag?

Cammie Wendoll: When me, Poliwag, Nico and Poliwag went and had an all you can eat sushi buffet and we tied.

Nico: We all ate 500 pieces of sushi.

Poromon: Yeah that was amazing.

Lola: Boy you guys love sushi.

Nico: Yep.

Lynn Sr: Speaking of which, how about I order sushi for you guys?

Poliwag: Sure!

Cammie Wendoll: I could go for some.

Lynn Sr.: Cool! Coming right up.

He went and made some.

Cat: Boy I could go for some sushi too.

Cammie Wendoll: We'll share.

Lynn Sr. came out with a huge plate of sushi.

Lynn Sr.: Here you guys go!

Cammie Wendoll: Oh boy!

Cat: Oh Fishy Fishy fish!

Poliwag: All right!

They got to eating!

Poromon ate some.

Poromon: Good sushi!

Qin:It sure is!

Me: Awesome.

Ed: Does it go good with ketchup?

Me: No.

Eddy: Ed shut up.

Poliwag: You guys want some?

Nico: Oh no thanks. We're stuffed.

Me: Yeah no kidding.

Camie: We're full.

Nico: Guys, does something about how cold it got seem off?

Me: We thought about it.

Me: Hmm.

Qin: Hmm.

Me: I… don't know.

Wolverine: It does smell off. But the cold is preventing me from finding out the source directly.

Me: We'll figure it out shortly.

Qin: Yeah.

Me: Anyway lets get down to business with the Anothers.

Eli: (Concentrates) Whoa we got Another Piedmon, Catherine, Succubus (Castlevania: Pachislot Akumajō Dracula), Mojyamon, Lillithmon and Succubus (Castlevania).

Nico: Whoa!

Lola: So Kurumu Kuruno, Serena Honoua, Svetlana Succubus, Yuria tenma, Raim and Rachel Truaigheaingeal.

Nico: Yep.

Eli: And I sense the Anothers minus Piedmon are one person.

Nico: Awesome.

May: YEAH!

Nico: There they are!

We saw Another Catherine, Succubus (Castlevania: Pachislot Akumajō Dracula), Mojyamon, Lillithmon and Succubus (Castlevania)!

Nico: WHOA!

Qin: This will be awesome!

Another Catherine: It sure will.

Me: (GASP) That voice!

They merged and she reverted back and it was a girl with blue hair and purple eyes and she had star angel wings with the 9 planets around them and had purple clothes and had a tiara with the symbol of the Planet Dopant on it and the same symbol on her skirt and had a planet sword!

Me: Phoenix Planet!

Phoenix Planet: Awesome to see you again J.D.

Me: Same here. Phoenix is the Embodiment of the Planet Dopant and she is the master of the powers of all the planets of the Solar System.

Qin: COOL!

Me: Yeah and she is that strong.

Phoenix Planet: I think it's awesome though.

Me: Yeah. By the way is the Another Piedmon friendly or hostile?

Phoenix Planet: Friendly and she is amazing too.

Me: Cool!

May: Sorry we have to do this.

Girl Jordan: Lets separate you all first.

Girl Jordan and Leeli held hands.

(YURGEN'S TUNE PLAYS)

The skies had leaves and flowers flying in the wind along with sea dragons singing in the background

Girl Jordan and Leeli: (SINGING DIVINELY AS LEELI HAD FIREFLIES SWIRL AROUND HER AND GIRL JORDAN HAD HER AQUA BLUE AURA FLARED UP)

O holoré lay thee low
Holoél dark in the Deep
Down beneath the earth you go
Go holoré fast to sleep
O holoré lay thee low

Spring abundant holoél

They glowed and the anothers were separated.

Me: Action time!

We blasted the Anothers and we caught the Wonder Ride Books.

Me: YEAH!

Qin: OH YEAH!

Maria: (TURNS DIAL) WHALE SMASHER 6!

She summoned Tobias Whale, Hyathis, Mercurio, Obliterator, Edifice Rex and Emperor Spine!

Nico: And now, we wait.

Me: Yep.

Courage had a feeling of deja vu

Me: Hmm.

Qin: Yeah.

But then…

WHIZ!

A dagger zoomed passed me and I caught it and it was a small dagger.

Me: Whoa.

Then we saw ANOTHER PIEDMON!

Me: There he is!

Qin: This will be good.

Another Piedmon: (In a girls voice) That is for sure.

Me: (GASP) That voice!

She reverted back and it was a girl with Brown hair and pink eyes and had pink clothes and had rainbow angel wings with each of the Crest Symbols on them and she had the same symbols along her arm and had a tiara with the symbol of the Digimon Dopant on it and on her skirt and she had the Omnimon Sword in her hand.

Me: Dahlia Digimon! Whoa!

Dahlia Digimon: Awesome to see you again J.D.

Me: Same here. Dahlia is the Emboidment of the Digimon Dopant and she has all the powers of all 1,400+ Digimon kinds and is as powerful as 500,000 Super Ultimate Digimon combined into 1 times 100.

Nico: WHOA! That is amazing!

Nicole: Awesome!

Kaito (gets out Go Busters gear): Did Swartz promise you anything?

Zocks (gets out Gokaiger gear): Because we can grant it instead

They got a Beast X Blaster and a Super Megaforce Blaster.

Dahlia Digimon: No he didn't. He was scared of my power. Just sent me on my way.

Nico: Whoa.

Me: Wow. He sure was scared.

Sougo (gets out Beast Morphers Ridewatch): What's your opinion of Poromon?

Geiz (gets out Super Megaforce Ridewatch): Because we can assure you that he's not your average in training Digimon.

Sougo got RedBeastMorpherArmor while Geiz got

SuperMegaforceRedArmor

Dahlia Digimon: I heard all about how he was blasting the bad guys really well. Poromon is a really awesome Digimon. All Digimon are cool.

Nico: They sure are.

Dahlia Digimon: And if I see the Digimon Emperor in his prison cell I'm going to wring his neck, He messed with the ultimate Sovereign.

Nico: Boy he sure did!

Lincoln: Lets separate you first.

Lincoln did so.

Me: This will be good!

Nico: Yeah! Just like old times!

Qin: YEAH!

Nico: (gets out Piedmon's Ridewatch) Time to act like a clown!

May: (Gets out Succubus (Castlevania: Pachislot Akumajõ Dracula) ridewatch) This beautiful Demon bites back!

Serena Honoua: (Gets out Catherine's Ridewatch) This demon is comin

They used the powers of Piedmon, Catherine, Succubus (Castlevania: Pachislot Akumajō Dracula), Mojyamon, Lillithmon and Succubus (Castlevania) and blasted the Another all over!

She fired rain blasts and did so.

Dahlia Digimon: Now for the fun part! (ECHOING) GATE OF DESTINY!

She formed a gate and it opened.

Me: Lets get him!

Nico: YEAH!

Me: (ECHOING) TERRA FORCE!

I formed a huge ball of energy and threw it!

Nico: (ECHOING) GIGA MISSILE!

He fired a huge missile and the blasts hit him and exploded and sent him flying into the gate and he was obliterated in an instant! Another Piedmon was gone and I caught the ridewatch and purified it!

Nico: OH YEAH!

Poromon: Do you have my moves too?

Dahlia Digimon: Yep I sure do.

Qin: Awesome!

Rain reverted back and was a girl with green hair and red eyes and a green bikini and red angel wings and had a turtle in front of a rain cloud in the middle of her forehead.

Rain Turtle: That was cool!

Rarity: Lets get you some new clothes darling.

The Fashion brigade gave her awesome new green clothes.

Nico: I've missed you.

Rain Turtle: Same here.

We paid for the food and went back home.

It was fun.

And when the news of Terrence Veracruz's death hit him, he went ballistic and insane with rage and madness, but we're going to destroy him and send him to join his brother in The Black Gates.

Lincoln: Ah, we're here in the south of Gotham Royal York, specifically the ruins of Incognito Labs, and I know what we're going to do here, not only am I going to rescue the five girls here, but we're also going to destroy Marcus Veracruz.

Melanie Harmonia: That's right. The news of Terrence Veracruz's death hit him, and he went ballistic and insane with rage and madness.

Me: It sure did.

Nico: Well, that made it easy, now Lincoln's going to kill him in the same way he did to Terrence Veracruz.

Lincoln: Actually, we won't be needing Svetlana's Succubi Lust Dust, when we sent him to prison, he's been working out constantly in the gym, and because of it, he grew into a 9'8" massive and extremely muscular beast with massive superhuman physical strength, and of course, that also increased his virility to dangerous excessively high levels and he raped the female inmates in the prison he was in before he busted out.

Kurumu: Oh boy, he's gonna be really dangerous to take down.

Lincoln: We've dealt with physically bigger villains like him before. This won't be different.

Suddenly, we saw a very beautiful and super sexy girl with long neon blue hair and blue headband, blue eyes, she was tall at 7'0" in height, she has the body of a goddess and large breasts, fair skin, she has massive and beautiful neon blue angel wings, she's dressed in a neon blue sleeveless crop top, necklace with a light blue gem for the pendant, neon blue skirt, light blue knee-high high-heeled boots with butterfly buckles, and long white sleeveless trenchcoat with stars, lightning, dragons, phoenixes, and angels on the coattails and on the back is Hieratic Dragon of Nuit, holstered on her back is a massive lightning greatsword with angel runes etched on the 7'9" massive, wide, double-edged light blue blade, large white angel faces built into both sides of the hilt, longer midnight black handle, and silver pointed tip for the pommel and with her are the five girls.

Lincoln: (GASPS) Ahana Azura, Avatar and Gene-Slammer of Hieratic Dragon of Nuit.

Ahana Azura: That's right, and I got the girls away from Terrence's asshole brother before he could capture them and rape them.

?: I'M GONNA SMASH YOU INTO THE GROUND, LOUD, YOU AND YOUR WHORES!

We then saw our target, Marcus Veracruz, Terrence Veracruz's equally stupid narcissistic and very misogynistic piece of shit brother, and like Lincoln said, he's now become a 9'8" massive and extremely muscular beast with massive superhuman physical strength thanks to years of heavy lifting in the prison gym, and of course, that also increased his virility to dangerous excessively high levels, and he was out for blood.

Sylvester: Alright, time for you to join your worthless brother in The Black Gates.

Then, Lincoln sprouted tentacles with suctions from his chest and the tentacles latched onto Marcus Veracruz's pecs, and then, Lincoln began sucking Terrence Veracruz dry of his newly gained massive muscle mass, excessive virility, and massive superhuman physical strength and he was groaning in pain as he began shrinking in muscle mass and he was also being drained of his life force.

Then, all of Marcus Veracruz's newly gained massive muscle mass, excessive virility, and massive superhuman physical strength was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he began growing even more stronger.

Lincoln: (Divine Echoing Godly Voice of The Divine Godly Universal Mythological Cosmic Eternal Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Demon Dragon Mermaid Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Godly Universal Mythological Cosmic Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Cosmic Eternal Godly Universal Mythological Cosmic Eternal Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Demon Dragon Mermaid Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust and Divine Godly Universal Mythological Cosmic Harmonious United Friendship Elemental Thunderbird Buffalo Vampire Werewolf Phoenix God Angel of Truth, Justice, Love, Compassion, Hope, Forgiveness, Valor, Virtue, Determination, Loyalty, Honesty, Generosity, Kindness, Selflessness, Courage, and Trust) (GROWLS) Whoa, all that heavy lifting in the prison gym for years really made Marcus physically stronger and it also increased his virility levels to extremely excessive levels, but that makes it so easy for me to drain him.

Then, when Lincoln was done, the tentacles detached themselves from Marcus Veracruz's pecs and went back into Lincoln, and Marcus Veracruz was thin as a rake and sucked bone dry of his newly gained gained massive muscle mass, excessive virility, and massive superhuman physical strength and he also had the life sucked out of him as he died and he was sent to The Black Gates forever. We cheered as we holstered our weapons and powered down.

Lincoln: It's over, Marcus, now go join your piece of shit brother in The Black Gates. (To Ahana Azura) And it's so good to see you again, Ahana.

Ahana Azura: You too, Lincoln, it's been seven years since we last met.

Suddenly, Ahana Azura wrapped her arms around Lincoln's neck and she proceeded to kiss him on the lips and then all over the place: face, arms, pecs, eight-pack abs, and stomach. When Ahana Azura was done, Lincoln was covered in lipstick marks on his face, massive muscular arms, hairy pecs, eight-pack abs, and stomach, and he had an atomic red blush on his face and he was literally in Heaven.

Lincoln: (In Heaven) That's… something I've not… forgotten.

We snickered.

Ahana Azura: Sorry about that, but it's so good to see you again, Lincoln.

Lincoln then wrapped his massive and muscular arms around Ahana Azura's waist and hugged her, and Amaris Somatra is very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how much more stronger and how much more muscular he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face soon became even deeper when she saw his longer vampire fangs and more massive white angel wings and medium sized angel wings underneath with orange and aurora tips on the feathers, large gold halo with four large orbiting gold rings on each corner behind his head, along with hearing his mature, deeper, and manlier voice and seeing the larger white wolf ears with rainbow markings on his head, eleven massive and longer white wolf tails with rainbow markings and rainbow tips and white rabbit tail with rainbow markings on top of the massive and long white wolf tails, thick hair on his massive forearms, stubble on his jawline, and chest hair on his pecs, He-Man's chest harness, and many other accessories, and she also met his Rabbit Miraculous, Eini, the Universe 666 Miraculous, his familiars, the male white

Rabbit Familiar, Alistair, the white Vampire Bat Familiar, Artemis, and the white Wolf Familiar, Seiko that came out of his backpack.

Lincoln: It sure has been a long time, I haven't seen you since you were seventeen, and as you can see, I really grew a lot since then.

Ahana Azura: Holy crap, you sure have, you've really really grown up to be very big and very strong like a tree, Lincoln, you've really grown a lot from the cute eleven-year-old little boy into a 18-year-old 8'9" tall, very handsome, and manly man with really massive and powerful upper and lower body muscles and eight-pack abs, and you still have those vampire fangs and massive white angel wings and medium sized angel wings underneath, that's so awesome, and the large white wolf ears on your head and the eleven massive and long white wolf tails with markings and white rabbit tail on top of the massive and long white wolf tails, hair on your massive forearms, beard stubble on your jawline, and chest hair on your pecs and many accessories and large gold halo with four large gold rings orbiting behind your head, that's really new, along with getting He-Man's chest harness. (Rubs his massive pecs with her hands) You've really really grown a lot and became a man, but you're still the same kind boy from long ago, plus, you've also grown even more bigger in muscle mass, you can land an airplane on that massive, wider, and more muscular back, squash a melon with those really muscular quads and thighs, and cut a rock into a diamond on those rock-hard eight-pack abs, and there's not even a tape measure long enough to measure that chiseled chest or massive biceps. Plus, I've also met your familiars, and they are really awesome.

Eli: And he'd also been hit with massive amounts of cosmic radiation and he'd been imbued with the same powers as J.D. and all of us, and he's become truly immortal.

Nico: And Lincoln, you know her?

Lincoln: Indeed I do, Nico.

Selene Emperyous: And so do we, this is Ahana Azura, Avatar and Gene-Slammer of Hieratic Dragon of Nuit, she's Lincoln's Guardian Angel from Egypt and she's a very powerful Angel of Lightning and

The Sky. She's the Avatar and Gene-Slammer of Hieratic Dragon of Nuit, and she has powerful lightning powers and her favorite Duel Monster was Hieratic Dragon of Nuit. She's also a powerful master and defender of Egypt's long history and she's the lightning master of The Order of The Hieratic Egyptian Duel Monsters, a group that formed over 5,000 years ago during the time of Pharaoh Atem, and their goal was to defend Egypt from the dark forces of The Shadow Realm and its ruler, Zorc Necrophades, who fought alongside Pharaoh Atem against Zorc Necrophades and after he was sealed away, the order was tasked in guarding The Millennium Items, so that nothing bad ever happens again and that no one would use them for evil. Lincoln knew about Ahana and her friends along with The Order of The Hieratic Egyptian Duel Monsters from Pharaoh Atem a few years ago, and he knew Ahana would be the next one to train him in mastering the powers of lightning. Lincoln made her a powerful lightning greatsword, and to show her thanks, Ahana kissed Lincoln on the lips, and he promised that when he comes of age, he will marry her along with his entire harem. She's an old friend of Pharaoh Atem because of the strong friendship he had with her ancestor, one of the thirteen founders of The Order of The Hieratic Egyptian Duel Monsters, and she not only hates Lori, Lynn, Lola, Lisa, Luan, and the rest of Lincoln's enemies with a blazing passion, but she utterly despises Zorc Necrophades, Dark Bakura, and Yami Marik with utter distain and hatred because of what they've done in trying to take over the world and plunge the world into a reign of eternal darkness, and she swore if she ever saw them again, she would rend and tear their dark souls apart and banish them to Oblivion.

Nico: Just like we heard yesterday, and we'd already sent Yami Marik and Dark Bakura to The Black Gates.

Ahana Azura: Good, those two were monsters.

Lincoln: Absolute monsters is the word I call them, and now that you're here, Ahana.

Lincoln went up to and hugged Ahana Azura in his abnormally massive and powerful muscular arms, he leaned his head down the right side of her neck, and he slowly bit her and he fed on their blood, and we suddenly saw his rainbow energy aura with elemental forces and mythological animals flare up extremely as he gained an extremely astronomically huge and massive power boost and he also gained the very same powers as her, and his abnormally massive and powerful upper and lower body muscles bulged even more as veins formed, and his massive white angel wings and medium sized angel wings underneath with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails with rainbow tips and rainbow markings. He slowly unlatched his fangs from her neck as her neck healed and the puncture marks sealed up, and he also kissed where he bit her.

Ahana Azura: You're still just as gentle as ever when you feed on one of your Guardian Angels, Lincoln.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared on the neck of Ahana Azura with electric blue gems on the gold lightning bolts and electric blue crystal links from her merged Crystal Necklace of The Buddha along with a white and gold-accented Elemental Thunderbird Choker of Eternal Love on her neck.

Ahana Azura: (Surprised) Lincoln, are these…?!

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means you're now part of my harem and my many future wives, Ahana Azura.

Ahana Azura had a smile on her face and tears streaming down her cheeks as Lincoln still had his massive muscular arms wrapped around Ahana Azura's waist, and he leaned down to her face and kissed her on the lips, but when she placed her hands on his massive pecs, Lincoln deepened the kiss and we cheered for them. When Lincoln separated, Ahana Azura had an atomic red blush on her face, hearts in her eyes, and her heart was beating like mad. Then, we went up to the five girls, and when Lincoln saw the five girls, he immediately recognized them. The five girls are Kotono Toyoguchi, Maaya Sasanuma, Masayo Suwabe, Rie Kuwashima, and Sachi Yuuki from Classroom Female Teacher Gangbang.

Lincoln: Oh wow, it's Kotono Toyoguchi, Maaya Sasanuma, Masayo Suwabe, Rie Kuwashima, and Sachi Yuuki from Classroom Female Teacher Gangbang.

Nicole: So, those are the girls who almost got raped by that asshole! Thank God Ahana electrocuted him.

Lincoln: And I finished him off in the same way I killed his brother. Are you girls okay?

Kotono Toyoguchi: Yes, we're okay thanks to you.

Then, when Kotono Toyoguchi and the four other girls saw who it was that saved them from Marcus Veracruz, their faces turned atomic red upon seeing the 18-year-old 8'9" tall, handsome hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair and large white wolf ears with rainbow markings on top of his head with large golden halo in the center with golden angel wings on the bottom side and four large orbiting golden rings on each corner behind his head, thick hair on his massive muscular forearms and beard stubble on his jawline, rainbow colored thunderbird with gold lightning bolt in its claws and the Ebonwu Squadron emblem on its chest emblazoned on his forehead and Third Eye with rainbow iris, rows of straight teeth with vampire fangs, Crest of Miracles on his massive right pec and golden lightning bolt cutie mark with the thunderbird and comic books surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle on his massive left pec, Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his massive, wider, and more muscular back, and on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, Dragon, Tiger, Vampire Bat, Werewolf, and Buffalo and a Rinnegan-like marking, and right below the Cutie Mark tattoo is a rainbow kanji with nine magatama and the symbols of the elements in between the kanji that said, "Lincoln Landon Loud, Almighty Champion and Emissary of Hinon, Almighty

Kotono Toyoguchi: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Lincoln made four clones of himself, and he and his clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the thick muscular necks of Lincoln and his clones, and we cheered wildly at the scene, and he slowly bit them and he fed on their blood, and we saw his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings with aurora and orange tips spread out and glowed along with his large gold halo and four orbiting gold rings on each corner of the halo behind his head and eleven massive and long white wolf tails. He then slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them.

Kotono Toyoguchi: (Seductively and rubs her hands on Lincoln's massive pecs) You too, big, tall, muscular, and handsome.

Suddenly, five Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Kotono Toyoguchi, Maaya Sasanuma, Masayo Suwabe, Rie Kuwashima, and Sachi Yuuki with colored gems embedded in the lightning bolt links and colored crystal links from their merged Crystal Necklaces of the Buddha along with white and gold accented Elemental Chokers of Eternal Love on their necks. We returned to The World Tree Estate and they were shocked to find out the villain we went after was the old enemy of Lincoln's Guardian Angel, Melanie Harmonia, Marcus Veracruz, the brother of Terrence Veracruz, and who was out for revenge on Lincoln after what happened to Terrence.

But, when Lincoln showed what we did in beating that overgrown musclebound asshole into the ground and Lincoln sprouted tentacles with suctions from his chest and they latched onto Marcus Veracruz's pecs and Lincoln began sucking Terrence Veracruz dry of his newly gained massive muscle mass, excessive virility, and massive superhuman physical strength and was also draining him of his life force and sent him to The Black Gates forever, everyone cheered and they went up to us and hugged us and Lincoln's harem kissed him on the lips. Lincoln and Ahana Azura have a lot of catching up to do, now that she's back in town.

Maria: I knew Marcus was going to be next after we dealt with Terrence, but they got what was coming to them, those pieces of crap.

Lincoln: Marcus caused us a ton of trouble back in the past, and Terrence did the same as well.

Nico: But, The Veracruz Brothers both got what was coming to them.

Me: First, Terrence, and now, Marcus. Those two pieces of crap both deserved death for their crimes.

Here's the second scene

After Lincoln and all of us beat down Marcus Veracruz and Lincoln drained Marcus Veracruz dry and sent him to The Black Gates, we were training intensely in the gym, doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we were also doing 900,000,000,000,000 reps of tail bicep curls to get our eleven massive and long wolf tails even more stronger than ever as well, and when Ahana Azura saw Lincoln doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Ahana Azura: My God, I was right that Lincoln's really grown into a 18-year-old, 8'9" tall, really big, handsome, sexy, and extremely super strong manly man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs really hard at work, and really working out with those 900,000,000,000,000-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan, and he's also doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever, and he now looks even more ripped than ever. He's definitely been continuing on bodybuilding and working out even more for many years, and because of that along with the combination of his diet plan that we gave him, along with his hyperpuberty and genes, he'd gained the powerful and massive body that all bodybuilders could only dream of. If anyone tried to mess with him now, they were in for a world of hurt and trouble, and he's always been there to defend and protect us from Chandler, his goons, Pablo, Anderson, and Hawk and Hank at school or out in public, and he was also quick to defend us from Lori, Lynn, Lola, Lisa, and Luan if they get out of search control again, along with Killjoy Huggins.

Lincoln: Yep, and I've also trained a lot under a lot of very powerful teachers, J.D. and Nico included, Ahana, and I can still defend myself, and in addition to getting stronger and bigger in muscle mass, I've also gotten smarter as well.

Ahana Azura: That's incredible, and we'd already known just how strong you were long ago ever since you did some wrestling and working out with some of the other Guardian Angels long ago, and we're so proud of just how much stronger you've gotten, and just how much taller you've gotten, along with getting that much bigger in muscle mass, and you've also been getting smarter as well.

Nico: You got that right, plus, we heard all of the stories from Lincoln about you girls and about how you all helped him in his training to become an emerging hero before Team Loud Phoenix Storm was formed, and how he grew from the little boy from years ago into the really big, really strong, and really powerful man we know today.

Ahana Azura: I knew it was only a matter of time before he told everyone that story.

And when Tracey Mink and the rest of my harem saw me doing 900,000,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear my mind and doing 900,000,000,000,000,000 reps of tail bicep curls to get my eleven massive and long rainbow wolf tails even more stronger than ever, they had an atomic red blush on their faces, hearts in their eyes, and their noses were bleeding.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and an orb formed out of nowhere, and we saw there's trouble: we saw a very beautiful and super sexy girl with long dark blue hair and dark blue headband, purple eyes, she was tall at 7'0" in height, she has the body of a goddess and large breasts, fair skin, she has massive and beautiful black angel wings, she's dressed in a dark blue sleeveless crop top, necklace with a dark blue gem for the pendant, dark blue skirt, dark blue bridal gloves, dark blue knee-high high-heeled boots with butterfly buckles, and long white sleeveless trenchcoat with stars, darkness, dragons, phoenixes, and angels on the coattails and on the back are The Signer Dragons, Earthbound Immortals, The Crimson Dragon, and The Malefic Dragons, holstered on her back is a massive darkness greatsword with angel runes etched on the 7'9" massive, wide, double-edged purple and black blade, large white angel faces built into both sides of the hilt, longer midnight black handle, and purple pointed tip for the pommel and she's dealing with an army of thugs. The orb vanished.

Lincoln: (GASPS) That's Alexa Doragon! I got to help her.

Lincoln flew out and right before the the thugs could attack, he fired waves of rainbow energy and elements at them and hit them hard, and that angered them really badly.

Lincoln: I should've known Flip would go too far again, but to try and kill one of my Guardian Angels, that mutant's gonna get his jumbled-up organs torn out of his fat hairy belly.

Lincoln unholstered his massive Lincoln Loud's Cosmic Eternal United Friendship Almighty Hinon True Eternal Friendship Universal Cosmic Storm Phoenix God Angel Greatsword of Cosmic Eternal United Friendship Almighty Hinon True Eternal Friendship Universal Cosmic Storm Phoenix God Angel Universal Hope Elemental Cosmic Heavenly Bravery and True Unbreakable Eternal Bonds and Immortal Heroism and transformed into Super Angel-Ebonwu-Thunderbird-Vampire-Werewolf-Buffalo-Dragon-Demon-Mermaid-God-Phoenix-Harmony United Friendship Universal Eternal Celestial Xelnaga Universal Elemental Divine Cosmic Eternal Harmonious Thunderbird Buffalo Vampire Werewolf Mythological Phoenix God Angel of Divine Cosmic Eternal Harmonious Thunderbird Buffalo Vampire Werewolf Mythological Phoenix God Angel Justice and Divine Cosmic Eternal Harmonious Thunderbird Buffalo Vampire Werewolf Mythological Phoenix God Angel Hope, and his new greatswords were ready as the sword pendants on his large white and gold accented Elemental Thunderbird Choker of Eternal Love were glowing and he attacked the thugs and he turned the tips of his tails into Cell's stingers and he stabbed the thugs with them and he absorbed them and he grew even stronger and banished them to

The Black Gates. Lincoln holstered his massive greatsword and powered down.

Alexa Doragon: Thanks for taking care of (Sees Lincoln) Wait, Lincoln, is that you?!

Lincoln: Hey, Alexa.

Alexa Doragon ran up to Lincoln and wrapped her arms around his waist and laid her head on his chest and Lincoln wrapped his massive and muscular arms around her.

Alexa Doragon: It's so good to see you again, Lincoln, it's been seven years, but whoa, you've really grown into quite a man.

Lincoln: Yeah, I have.

Lincoln and Alexa Doragon headed home and he continued his workouts.

Amity Doragon: (GASPS) Alexa?

Alexa Doragon: Hey, sis.

Amity Doragon ran up to and hugged Alexa.

Me: Amity, I had no idea that Alexa is your sister, that's awesome.

Selene Arcangela: You didn't ask though. Everyone, this is Alexa Doragon, Avatar and Gene-Slammer of The Signer Dragons, The Earthbound Immortals, The Crimson Dragon and the Malefic Dragons, she's Lincoln's Guardian Angel from Michigan and she's the younger sister of Amity Doragon. When she was eleven, she was suddenly inflicted with a deadly disease just like Amity Doragon and she was sent to the hospital and it was going to kill her, and the doctors did the same very powerful and risky operation Amity went through: the doctors infused her with the powers of the Signer Dragons, The Earthbound Immortals, The Crimson Dragon and the Malefic Dragons and it not only saved her life, but the procedure gave her awesome powers including powerful black angel wings and more along with a darkness greatsword, now she has full mastery and knowledge and power over all their powers, and even more, Alexa Doragon suddenly became the Avatar and Gene-Slammer of The Signer Dragons, The Earthbound Immortals, The Crimson Dragon and the Malefic Dragons.

Nico: (Whistles) Dang, she's really powerful.

Selene Emperyous: She sure is, and after Alexa was discharged, she and Lincoln went to The Loud House and did an investigation into the matter of how Alexa got that deadly disease, but during their investigation, they found out the ugly truth: it turns out the cause of Alexa getting infected by the deadly disease was none other than Lisa.

WE GASPED!

Serenity Lexington: That's right, I wasn't the first victim of Lisa's madness, and after seeing the footage, Alexa fell into a black rage and she ran after Lisa and she viciously beat her up, and when the rest of Lincoln's sisters and his parents found out that Lisa did this, they were also super enraged at her. Lincoln called the cops on Lisa and she got cuffed by them, and Lincoln yelled and screamed at her and he really told her off badly, and before they took her away, he said that Lisa can spend her time in the pigsty thinking about what she'd done, and the final blow was when he called her a GOOD-FOR-NOTHING PIG!

---

OUR JAWS DROPPED AND ELI CLOSED OUR JAWS!

Qin: He called her that and screamed and yelled at her like an angry madman?! Sheesh!

Nico: I remembered that, boy, Lincoln shook the house a lot with his yelling and screaming at Lisa.

Me: I had a nasty case of the shakes because of it, and Lisa spent five months in the slammer before she came back home, but no one would talk to her, and she forever earned Alexa's hatred. Lincoln made her a dark blue necklace, and to show her thanks, she kissed Lincoln on the lips and she knew Lincoln was the one who got her to the hospital when she got inflicted by Lisa's deadly disease, and she knew he was there for her and waited for her to come out, and as a result, Lincoln promised that when he comes of age, he'll marry her and the rest of his entire harem.

Qin: He was there for her and he even waited for her to come out of the hospital? That's real dedication.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared on the neck of Alexa Doragon with dark blue gems on the gold lightning bolts and dark blue crystal links from her merged Crystal Necklace of The Buddha along with a white and gold-accented Elemental Thunderbird Choker of Eternal Love on her neck.

Becky Long: And when Lincoln told me and my sisters about what that heartless madwoman did, we headed down to the jail and beat her up badly.

Ramona Long: She deserved it, especially because of what she did to Serenity.

We got a shower, and then, Lincoln, Amaryl the Fairy of Starlight, Francine the Fairy of Rivers, Francis the Fairy of Laughter, Simulator Princess Galatea the Fairy of Melody, Katy the Fairy of Animals, Khadija the Fairy of Rhythm, Krystal the Princess of Linphea, Lolina the Fairy of Electricity, Miky the Fairy of Rock, Mirta the Fairy of Illusions, Nova the Fairy of Firelight, Ortensia the Fairy of Mind, Priscilla the Fairy of Trees, and Silicya the Fairy of Silica are heading to Sirena Beach.

Amaryl: Wow, so this is Sirena Beach. It sure is beautiful.

Lincoln: It sure is, Amaryl, and it's perfect for our first date. Shall we?

Lincoln, Amaryl the Fairy of Starlight, Francine the Fairy of Rivers, Francis the Fairy of Laughter, Simulator Princess Galatea the Fairy of Melody, Katy the Fairy of Animals, Khadija the Fairy of Rhythm, Krystal the Princess of Linphea, Lolina the Fairy of Electricity, Miky the Fairy of Rock, Mirta the Fairy of Illusions, Nova the Fairy of Firelight, Ortensia the Fairy of Mind, Priscilla the Fairy of Trees, and Silicya the Fairy of Silica dived into the waters and they had fun swimming and they even saw the marine life there. Then, they went back to the beach and they had an awesome volleyball game, and Amaryl the Fairy of Starlight, Francine the Fairy of Rivers, Francis the Fairy of Laughter, Simulator Princess Galatea the Fairy of Melody, Katy the Fairy of Animals, Khadija the Fairy of Rhythm, Krystal the Princess of Linphea, Lolina the Fairy of Electricity, Miky the Fairy of Rock, Mirta the Fairy of Illusions, Nova the Fairy of Firelight, Ortensia the Fairy of Mind, Priscilla the Fairy of Trees, and Silicya the Fairy of Silica got an extremely massive and deep atomic red blush on their faces when they saw Lincoln lift thirteen massive 900,000,000,000,000-lb barbells Lincoln summoned in his large and strong hands and thirteen massive and long white wolf tails, and they were really swooning over him.

But then, they saw the hulking muscle-bound thugs that Flip hired coming after them, but Lincoln fired vacuum tubes from his chest which latched onto the chests of Flip's massive army of hulking muscled thugs, and then, the vacuum tubes literally began sucking Flip's massive army of hulking muscled thugs dry of all their massive muscle mass, virility, blood, and physical strength, and all of it was being pumped into Lincoln and his abnormally massive and powerful upper and lower body muscles grew and bulged even more and veins formed on his body, and his massive white angel wings with aurora and orange tips spread out and glowed and his halo glowed and he also grew even stronger. When Lincoln was done, the vacuum tubes detached themselves from the chests of the thugs and went back into Lincoln, and the thugs were now dead from blood loss and thin as a rake and he absorbed them.

Lincoln: Nice try, you stupid mutant!

Then, they had some lunch, and then, as the sun was about to set, Lincoln made clones of himself and he and his clones went up to Amaryl the Fairy of Starlight, Francine the Fairy of Rivers, Francis the Fairy of Laughter, Simulator Princess Galatea the Fairy of Melody, Katy the Fairy of Animals, Khadija the Fairy of Rhythm, Krystal the Princess of Linphea, Lolina the Fairy of Electricity, Miky the Fairy of Rock, Mirta the Fairy of Illusions, Nova the Fairy of Firelight, Ortensia the Fairy of Mind, Priscilla the Fairy of Trees, and Silicya the Fairy of Silica and they hugged the girls in their abnormally massive and powerful muscular arms and Amaryl the Fairy of Starlight, Francine the Fairy of Rivers, Francis the Fairy of Laughter, Simulator Princess Galatea the Fairy of Melody, Katy the Fairy of Animals, Khadija the Fairy of Rhythm, Krystal the Princess of Linphea, Lolina the Fairy of Electricity, Miky the Fairy of Rock, Mirta the Fairy of Illusions, Nova the Fairy of Firelight, Ortensia the

And then, they shared a passionate and romantic kiss and Lincoln slowly sank his fangs into Amaryl the Fairy of Starlight, Francine the Fairy of Rivers, Francis the Fairy of Laughter, Simulator Princess Galatea the Fairy of Melody, Katy the Fairy of Animals, Khadija the Fairy of Rhythm, Krystal the Princess of Linphea, Lolina the Fairy of Electricity, Miky the Fairy of Rock, Mirta the Fairy of Illusions, Nova the Fairy of Firelight, Ortensia the Fairy of Mind, Priscilla the Fairy of Trees, and Silicya the Fairy of Silica and fed on their blood, and his rainbow energy aura with elemental forces and mythological animals flare up as he gained a massive power boost and he also gained the very same powers as them, and his abnormally massive and powerful upper and lower body muscles bulged even more, and his massive white angel wings and medium-sized white angel wings underneath with aurora and orange tips spread out and his large gold halo and four orbiting gold rings on each corner of the halo behind his head glowed.

He slowly unlatched his fangs from their necks as their necks healed and the puncture marks sealed up, and he also kissed where he bit them. They came back home to The World Tree Estate, and Nico and I saw Lincoln covered in kisses on his face, body, and eight-pack abs.

Me: (Whistles) Wow, it looks like you really had a good time at Sirena Beach, eh, Lincoln?

Lincoln: (In Heaven) It… was… so… AWESOME!

Suddenly, fourteen Elemental Thunderbird Necklaces of Eternal Love appeared on the necks of Amaryl the Fairy of Starlight, Francine the Fairy of Rivers, Francis the Fairy of Laughter, Simulator Princess Galatea the Fairy of Melody, Katy the Fairy of Animals, Khadija the Fairy of Rhythm, Krystal the Princess of Linphea, Lolina the Fairy of Electricity, Miky the Fairy of Rock, Mirta the Fairy of Illusions, Nova the Fairy of Firelight, Ortensia the Fairy of Mind, Priscilla the Fairy of Trees, and Silicya the Fairy of Silica with colored gems on the gold lightning bolts and colored crystal links from their merged Crystal Necklaces of The Buddha and white and gold-accented Elemental Thunderbird Chokers of Eternal Love on their necks.

Lily the Mermaid: Wow, now Amaryl the Fairy of Starlight, Francine the Fairy of Rivers, Francis the Fairy of Laughter, Simulator Princess Galatea the Fairy of Melody, Katy the Fairy of Animals, Khadija the Fairy of Rhythm, Krystal the Princess of Linphea, Lolina the Fairy of Electricity, Miky the Fairy of Rock, Mirta the Fairy of Illusions, Nova the Fairy of Firelight, Ortensia the Fairy of Mind, Priscilla the Fairy of Trees, and Silicya the Fairy of Silica are in your harem, Linky.

Bloom: You can thank us for introducing Amaryl the Fairy of Starlight, Francine the Fairy of Rivers, Francis the Fairy of Laughter, Simulator Princess Galatea the Fairy of Melody, Katy the Fairy of Animals, Khadija the Fairy of Rhythm, Krystal the Princess of Linphea, Lolina the Fairy of Electricity, Miky the Fairy of Rock, Mirta the Fairy of Illusions, Nova the Fairy of Firelight, Ortensia the Fairy of Mind, Priscilla the Fairy of Trees, and Silicya the Fairy of Silica to Lincoln, and they fell in love with him.

Jenna: And Flip had some nerve trying to kill them, that mutant is just making things much worse for himself.

Serena Logan: I always knew that stupid mutant was and always will be nothing but fucking trouble, and he's just making things worse for himself.

Rarity: And trying to kill Amaryl the Fairy of Starlight, Francine the Fairy of Rivers, Francis the Fairy of Laughter, Simulator Princess Galatea the Fairy of Melody, Katy the Fairy of Animals, Khadija the Fairy of Rhythm, Krystal the Princess of Linphea, Lolina the Fairy of

Electricity, Miky the Fairy of Rock, Mirta the Fairy of Illusions, Nova the Fairy of Firelight, Ortensia the Fairy of Mind, Priscilla the Fairy of Trees, and Silicya the Fairy of Silica, now that repulsive ape is really going to get it.

Lincoln: And we also had a run-in with more of the hulking muscle-bound hired thugs he sent to kill us yet again, but I sucked out their muscle mass, strength, and virility and I killed them all and sent them to The Black Gates, and that dumb mutant should be screaming with pure vengeance and hate at us in 3… 2… 1!

Suddenly, we heard Flip scream and bellow with extreme hatred and rage and cursing right at us, and now, he's officially lost his mind.

Maria: (Flips Flip the middle finger) Yeah, up yours, you mutant three-butt-cheeked cheapskate!

Nico: Even after we kicked Flip's miserable hide, that mutant still refuses to quit!

Lincoln: Same with Lewis Travolta, Dark Amy, Icky Vicky, Billy McLean, Pablo, Anderson, and the other jerks at Dad's restaurant, but it's much more fun to see their thugs get killed by me.

Eli: It sure is, and it's so much more fun seeing them blow their stacks!

We then saw Lincoln form a viewing window, and then, Lincoln snapped his fingers.

SNAPS FINGERS!

We saw a massive funnel appeared in Flip's mouth, and then, massive cartons of the extremely powerful laxatives that Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta appeared over the funnel.

Eli: (GASPS) ARE THOSE…?!

Nico: The extremely powerful laxatives Shizuka and her sisters used on Killjoy Huggins and Lewis Travolta?!

Luna: DO IT, BRO!

Then, the extremely powerful laxatives were dumped into Flip's mouth and the funnel was removed. Then, Flip's stomach gurgled and rumbled, and then… !

MASSIVELY LOUD AND EXTREMELY WET FART!

Flip farted and massive tons of gold, jewels, gems, and other currencies exploded out of his three butt-cheeks like crazy!

Flip stopped farting like crazy.

Lincoln: That's for trying to get your musclebound thugs to murder me and the girls in my harem, you stupid mutant cheapskate!

Nico: Jeez. Those laxatives are really powerful, I still remember when you tried that prank on me years ago, Connor, but that failed.

Eli: Because of you using Walker's powers.

Connor Chan: Now, Flip's really pissing me off now, if he does this again, I'm gonna shove a grenade down his throat!

Nico: Connor, I know you're angry, but we're saving it for December 1st when we kill him, Icky Vicky, and Xehanort. Now, don't even think of getting into the weapons room or I'm telling Dad!

Connor Chan: Tattle tale.

---

Later it was time for Yona, Himiko and Carlota's second mission.

Nico: Anyone else want to go with Carlota, Yona, and Himiko? Besides Dino Squad Max, Tyler Nevarro, Vakama, Cheese, the rest of Izuku's classmates, and the other Underground Girls?

Carmen Dillo: I'll go.

Dan Kuso: Same with me.

Nico: Okay. Anyone else?

Lincoln: Me and my siblings will go too.

Nico: Okay then.

We were off to Japan.

---

We arrived.

Ace Ukiyo: Hey guys!

Yona: Guys, you know Max and Tyler. Yona also wants you to meet Cheese, the rest of Izuku's classmates, and the other Underground Girls.

They were introduced to Katsuki Bakugo, Tenya Ida, Shoto Todoroki, Eijiro Kirishima, Momo Yaoyorozu, Minoru Mineta, Denki Kaminari. Kyoka Jiro, Fumikage Tokoyami, Mina Ashido, Yuga Aoyama, Mezo Shoji, Hanta Sero, Mashirao Ojiro, Camie, Kaoruku and Eri. And Lincoln and his siblings.

Incliding The Underground Girls, Sydney, Sheila, Georgina, Rice, Maxxine, Kendra and Qin. As well as Lincoln and his siblings.

Including Carmen Dillo and Dan Cuso.

Neon: Wow! Awesome to meet all of you!

Momo: Same here!

Camie: Pleasure is ours.

Eri: It's an honor.

Nanette: I met Izuku's friends on my missions and it was amazing.

Nico: And this is Vakama.

Vakama: Awesome to meet you. Toa Metru of Ta-Metru in Metru Nui.

Neon: Wow! Awesome to meet you too.

Cheese: I like cereal.

Me: And this little guy is Cheese.

Neon: Oh the little brainless Imaginary friend.

Eri: Yeah but he's really funny.

Sheila: Yeah he's funny.

Mashirao Ojiro: Yeah we get a good laugh out of everything he does.

Keiwa: That is awesome.

We went to the Desire Temple and talked.

Dan: I'm the leader of the Bakugan Battle Brawlers

Drago: Dan and I have been amazing partners ever since we came to Earth.

Me: Really awesome story on that.

We told them everything about the Bakugan and what they do and more and it was amazing,

Neon: Wow! Dan that is amazing that you and your friends did all that!

Dan Kuso: I know. We're really amazed there.

Nico: Yeah we met Dan when he was trapped in a prison gem I think and we freed him. Then later on we helped Dan and his friends battle Barodius.

Lynn: That was a really epic battle. Barodius was like the Gundalian version of Frieza.

Neon: Oh man! That's crazy!

Keiwa: Yeah! He must've been really ruthless.

Me: That is a total understatement.

Carmen Dillo: As for me, I was hit by Quantum Vapor.

Neon: Whoa!

Carmen Dillo: I wasn't always like this though. I was in the wrong place at the wrong time.

Me: The Quantum Vapor mutated them. It was an experiment biohazardous mutagenic compound and it mutated numerous peope.

Luna: It sure did dudes. Turned Carol's friend Maria into pure water and she got turned into Aquamaria.

Me: And my friend Francis Stone who was a former bully, got Fire Powers. He became Hotstreak.

Neon: Whoa! That's amazing!

Me: I know.

Izuku: It sure was.

Keiwa: We can see that. Wow! Izuku what was it like on the world you guys came from?

Izuku: Well before I joined the team, I was a kid born without a Quirk. But then I met All Might and he passed his quirk onto me and then I joined U.A. Academy.

Nanette: It was really cool.

We told them what happened during our time on Nanette's missions leading up to the ultimate battle with All For One.

Neon: WHOA! That All For One guy sounded dangerous.

Me: He was. He was pure evil and wanted to make sure NO HEROES were left there.

Eli: Yeah it was awful!

Camie: It was.

Kaoruku: But he is gone forever now.

Sirius: Thank goodness for that.

Me: Yeah.

It looked like Cheese was walking to Ace. However, at the last second, it was revealed Cheese was walking up to Keiwa as he licked him.

Nico: Cheese!

Keiwa: Ew!

Me: See what we mean? He has the brain of an amoeba but he is funny.

Nico: Yeah.

We grabbed him.

Tyler Nevarro (to Ace): Your blaster is almost similar to my Dino Charge Morpher

Ace Ukiyo: That is too true.

Qin: It sure is a cool blaster.

Lana: It sure is.

Neon: Yeah we all think it's cool too.

Me: Yeah.

Keiwa: Izuku who was the worst villaiin you faced before All for One?

Izuku: Oh that's easy. That would be Tomura Shigaraki.

Neon: What was he like?

Izuku: He was a monster.

Me: And looking back, having him put into the M.O.E. was a mistake.

I told them all about him.

When it was done they were shocked.

Neon: He's insane!

Me: I know! I should have just killed him and give him the black gates. But our friend Drakus had other plans for him. So my daughter Nicole put him in the Book of Vile Darkness.

Michinaga (to the Louds): I think there's a condom joke that should be referenced with your family

Lincoln: (LAUGHS) Yes there is.

Me: Yeah there sure is! (LAUGHS) (Whispers to Michinaga) They never been one that believes in condoms.

He snickered.

Me: Also their mom and dad all thought it woud be cute if their names all started with the letter L.

Nico: Yeah.

Sirius: We all thought it was adorable.

Camie: It sure was.

Eri: Yeah.

Himiko: All of us did. And it was awesome.

Tsuyu: Yeah.

Neon: That is cute.

Luna: Dude, you have to remember to start off with that joke first.

Me: Sorry.

Luna: No worries.

Nico: Yeah.

Eli: So what's been happening since the last visit?

Ace: Well, we've been thinking that the evil riders we fought before are probably on the loose again.

Nico: I know two that we plan to go after. WE just need to choose one of them to take down today

Me: Kanato Sumida and Morio Koganeya?

Ace Ukiyo: Yep.

Me: Okay lets see. (Gets out a coin) We'll flip a coin for it. Heads we go after Kanato Sumida. Tails we go after Morio.

Ace Ukiyo: Okay. Sounds fair.

Neon: Heads!

Me: Here goes.

TING!

I flipped it and caught it and put it on my hand and it was on Heads!

Me: Heads! Kanato Sumida it is.

Neon: I remember him. He tried to get me eliminated during that zombie game!

Me: I know and worse than that. His dream was to wipe out all humanity so that he can be the only human on Earth!

Nico: That is totally fucked up!

Eli: Yeah no kidding!

Lola: He's looking at joining Archimedal in the nuthouse.

Sheila: Looks like we get to take down one of our intended targets. I'm a police officer so he will be perfect.

Me: Yep. And that leaves Morio Koganeya after this. So Sheila you will be coming with us on mission 3.

Sheila: Yep.

Lynn: All because he lost his basketball dream! You think I could've turned out just like him if J.D. hadn't come along?

Lincoln: It's highly possible Lynn.

Me: I don't even want to think about that. But it's very highly likely.

Lily: Yeah.

Lisa Loud: But regardless I'm glad J.D. saved you from that 5th Born eldest.

Carlota: Let me put on my jumpsuit.

Me: Okay. Oh hold on.

I formed a dome of darkness and covered her and she changed into her jumpsuit. She got a yellow jumpsuit on.

Carlota: Thanks J.D.

Me: No problem.

Himiko: I'm ready to sock it to that jerk.

Me: Me too.

Nico: Where is he rught now?

Me: Lets see.

I formed a viewing window and it showed that he was over on the roof of the Mori Tower in Roppongi Hills.

Me: On top of the roof of the Mori Tower in Roppongi Hills.

Eli: I've been there before.

Me: Really pretty place there.

Nico: Lets head out.

We were off.

---

We arrived.

Me: Wow nice place.

We went up to the roof and we saw him.

Me: Kanato Sumida!

He saw us.

Kanato: (Insane Laughter) You all came to kill me?

Me: No. Just to torture you before we send you to the stony lonesome.

Ace: I figured we'd fight you before Morio. You WERE eliminated before him the first time.

Kanato: (Insane Laughter) That was because I was caught off guard!

Neon: You almost got me eliminated during that Zombie game!

Bakugo: Geez, all this over basketball?

Kanato: (laughs insanely) I hate everything! You would too if your dreams were taken away! I wouldn't even mind if humanity was destroyed by a zombie virus. That's happened a few times!

Me: Sheesh buddy! Get a fucking life!

Ochaco: Ever consider a different hobby?!

Me: Yeah!

Lynn: You are what I would have been if J.D. didn't show up!

Kanato: Then maybe I'll kill him!

Me: Go ahead and try. So do your worst. I'm immortal. I can't die.

Kanato: Let's put that to the test, shall we? Henshin!

He transformed!

READY! FIGHT!

Me: All right then. (GOES SUPER ANGEL 30,000) I don't need to go all out in my maximum power to face you.

Ace, Neon, Keiwa and Michinaga: HENSHIN!

They all transformed.

Tyler Navarro: IT'S MORPHIN TIME! DINO CHARGER READY! ENERGIZE! UNLEASH THE POWER!

Max: Go Dino!

Dan Kuso: Bakugan Brawl!

They were ready for action!

Izuku flared up his green lightning aura!

Me: Lets dance jerkball!

I teleported and punched him in his stomach hard and kneed him hard and knocked him down.

I kicked him in the back and knocked him down.

But he got up and Kanato grabbed Neon by the throat.

Kanato: I'm not that same beginner you faced before. I'm more powerful than you now!

Nico punched him down.

Me: Didn't your mother ever teach you that it's wrong to grab a girl? Don't you have any chivalry?

Qin: Yeah you insensitive jerk!

Me: All that talk about wanting to destroy humanity all because you lost your dream of becoming a basketball star. I pity you Kanato.

Tyler got out his ring for Major Disaster!

MAJOR DISASTER! PLEASE!

Tyler: CATACLYSMIC THUNDERSTRIKE!

He fired waves of lightning and electrocuted Kanato!

Izuku: Taste these fireballs! (Gets out Tiki Tong's Ring)

TIKI TONG! PLEASE!

He jumped and fired waves of fireballs that turned into demonflames and they hit Kanato and blasted Kanato all over!

Bakugo: Taste this fire Breath! (GETS OUT THUGLY'S RING)

THUGLY! PLEASE!

He fired a wave of fire and blasted Kanato all over!

Bakugo: Pass me the ball J.D.

Me: Coming at you.

I threw a metal ball and he punched it and then…

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out upon contact and it hit Kanato and smashed his helmet off!

Nico: YEAH!

Ace Ukiyo: WHOA! That was powerful!

Eli: It sure was!

Ochaco: I'm not just the mistress of Gravity, but also I'm the master of Magnetism! (GETS OUT SHS MAGNETO'S RING)

SHS MAGNETO! PLEASE!

She used Magnetic waves and sent numerous metal boxes and they smashed him all over!

Max got out his Wizard Ring for Chum Krabs!

CHUM KRABS! PLEASE!

Max: This is gonna make you sick to your stomach!

He fired waves of chum and they flew into his mouth and MAN WAS THAT GROSS!

Nico: Man he is not going to like that taste!

Lana: Awesome!

Tsuyu: Taste this bad lizard! (GETS OUT LIZARD'S RING)

LIZARD! PLEASE!

She formed an ethereal version of The Lizard's tail and swung it and smashed Kanato in the chest with it!

Nico: Nice one!

Kaoruku: Taste this water! (GETS OUT LADY DORMA'S RING!)

LADY DORMA! PLEASE!

She fired waves of water magic and blasted Kanato all over.

Vakama got out his Wizard Ring for Pyro!

PYRO! PLEASE!

Vakama fired a wave of fire and blasted Kanato all over!

Qin: YEAH!

Shoto: I am known for the powers of fire and ice. (GETS OUT MARIO ZUCCHERO'S RING)

MARIO ZUCCHERO! PLEASE!

He fired waves of energy and blasted him all over!

Then he fired a wave of ice and froze him. Then he fired a fire blast and burned him.

Me: He has both fire and ice powers. 2 powerful forces that have been duking it out since the beginning of time.

Neon: That is cool!

Me: Literally.

Nico: (laughs) And we recently covered a mission on that!

Me: We sure did.

Kanato growled!

Ibara: May God have pity on your soul Kanato. (GETS OUT NOKREA'S RING)

NOKREA! PLEASE!

She fired waves of pink energy and blasted him all over!

She then used her hair and grabbed him and tied him in vines and smashed him into the roof floor!

Me: OH YEAH!

Camie: Time for this lightning to blast. (GETS OUT YODO'S RING)

YODO! PLEASE!

Camie: LIGHTNING STYLE: LIGHTNING CHAIN!

She fired a wave of lightning and it formed into a whip and lashed him all over and electrocuted him.

Camie fired a wave of aurora energy and blasted him all over!

Momo: Time for some science! (GETS OUT EVANS & MILES RING)

EVANS & MILES! PLEASE!

She formed a plasma ray and blasted Kanato.

Momo then created a metal rod and then bashed him on his side and smashed him down.

Dan got out his Ring for Dodgeball Wizard!

DODGEBALL WIZARD! PLEASE!

He fired a wave of dodgeballs and blasted him all over!

Dan: ABILITY ACTIVATE! FIRESTORM DRAGON FIRE!

Drago fired a wave of fire and blasted Kanato all over!

Toru: This will scare you! (GETS OUT SALLY SMITH'S RING!)

SALLY SMITH! PLEASE!

She fired a wave of darkness and blasted him all over.

Nico: Take that!

She used her invisibility and went over and punched and bashed and pulverized him!

Nico: Take that!

But then a figure flew in and it was a girl with yellow hair and red eyes and had pitch black clothes and angel wings and had a tiara with the symbol of Cannonbolt on it.

Me: (GASP) Camille Cannonbolt!

Nico: The Arburian Pelorota Embodiment!

Kanato: So you came! Now you can kill them!

POW!

He got punched in the face by her instead!

Camille Cannonbolt: No! (GRUNTS) I'm going to stop you from hurting them!

Me: She's using every ounce of her willpower to fight the control of the virus.

Qin: That's taking a lot of determination there.

Camille then lost control and bounces upwards and lands as a damaging fiery comet at Carmen Dillo

Carmen then kicked her down!

Me: Camille control yourself!

I fired a beam of energy and injected the antidote.

Nico: There!

Carlota concentrated and groaned.

She grew and turned into her Cannonbolt form!

Carlota rolled and smashed down Kanato and then Camille!

Dan charged at her as Carmen Dillo curled into a ball.

Then they both kicked her down and Camille's eyes were back to blue as the antidote took effect.

Carlota rolled and smashed Kanato down.

Nico got an idea and started dribbling Carmen Dillo in his ball form.

Nico: Carmen pass me the ball!

Carmen Dillo: Way ahead of you Nico!

He dribbled Carmen in his ball form and bashed Kanato all over.

Qin: YEAH!

Me: Take this!

We fired waves of energy and blasted Kanato.

Camille Cannonbolt: (Groans) What happened?

Carlota: You fought valiantly against the virus.

Camille Cannonbolt: Wow. I remember now. Man That was tough.

?: (ECHOING) ABSOLUTE ZERO!

A beam of light hit Kanato and stopped him and froze him in place.

Then AncientGarurumon came!

Me: AncientGarurumon! Wow!

Qin: COOL!

AncientGarurumon: (In a girls voice) Looks like I got here just in time.

Nico: Galatea Ancient Garuru!? Wow!

She reverted back and was a girl with white hair and had blue eyes and white clothes and had white angel wings and AncientGarurumon in the middle of her forehead and on her skirt and had the Frontier Symbol of Light on her arm and had a light sword in her hands.

Galatea Ancient Garuru: This guy is going to prison for a long time!

Me: Lets finish him off!

Kanato: (to Ibara) There is no God. God can go fuck himself!

Ibara: I refuse to believe that!

Ibara kicked him down.

And we fired energy blasts and blasted him down and he was knocked out!

GAME OVER!

Sheila slapped the cuffs on him!

Sheila: You're under arrest Kanato.

Qin: You are a monster that needs to be put away. Permanently.

Eli: You overstayed your welcome on Earth.

Kanato: This entire planet can die and go to hell!

Nico: Which is where YOU are heading!

Kanato: What? I'm still here?

Ace: Because the DGP no longer exists. So you get to remember how we defeated you.

Kanato: (to Sheila) Take your hands off me!

Sheila: Not a chance Kanato. You are going to the place where you really belong. THE LOONEY BIN!

Me: For Life!

Galatea Ancient Garuru: To remember this humiliation.

Me: And another thing.

POW!

I punched him square in the face and knocked out many of his teeth.

He was knocked out cold!

Me: Get him outta here!

We teleported him to the Saturn nuthouse.

I had Carlota in a dome and she reverted back and put on her clothes.

She came out.

Carlota Santiago: That's better.

Ace: Carlota how did you meet Nico?

Carlota Santiago: I met him in Mexico City and it was at a burrito shop and Nico and I love to eat burritos.

Nico: (LAUGHS) Yeah that is cool.

Qin: It sure was..

Ace Ukiyo: That is cool.

Galatea Ancient Garuru: It sure is.

Me: Do you have any favorite memories of Nico, Galatea?

Galatea Ancient Garuru: I sure do. But mostly because we were in the Digital World. I was chosen by Ophanimon to be the Avatar of Light.

Nico: That's right.

Me: That is cool.

Galatea Ancient Garuru: Yeah.

Nico and Galatea hugged.

Nico: I've missed you.

Galatea Ancient Garuru: Same here.

Ace Ukiyo: Well that's one of the evil riders done.

Me: One more to go.

Qin: Yep.

We later went home.

---

We later came home.

May: How did it go guys?

Me: Really epic.

We told them everything.

May: WHOA! So Kanato is now in the nuthouse.

Maria: Good riddance! What a monster.

Camie: Yeah no kidding. But it was fun.

Nico: Next time, Ty Rux, Dino Tyranno, Elyon, Le Fou, Mesmeralda, and Crazy Cat Lady will go.

Qin: Awesome ideas.

Camie: Yeah!

Lola: It was fun helping the Geats team.

Me: It sure was. Glad you all had fun.

We were busy watching TV, and many of us were doing work-outs to continue staying in tip-top shape, especially Lincoln doing 900,000,000,000,000 reps of crunches, wing push-ups, one-finger push-ups, and regular push-ups, pull-ups, lat pulldowns, bicep curls,

leg curls, and chest presses with 900,000,000,000,000-lb barbells, squats, and going a few rounds with the punching bags, even doing yoga to clear his mind and doing 900,000,000,000,000 reps of tail bicep curls to get his eleven massive and long white wolf tails even more stronger than ever and he was sweating like crazy.

Lincoln: We don't have long before the main mission starts, so I still got to keep myself busy.

Me: That's true, and we're also doing work-outs just like you, Lincoln.

Nico: Yep.

Then, we saw Lincoln deadlift a massive twenty-five-ton barbell with ease, and we were stunned.

Eli: Whoa!

And of course, the constant workouts that Lincoln has been doing had also caused his harem to get massive atomic red blushes on their faces, hearts in their eyes, and their noses were really bleeding upon seeing their hotter, sexier hunk of a future husband.

Lily the Mermaid: (Turned On) My God, Linky truly is one hunky muscle god.

Girl Jordan: (Turned On) Big time.

We finished our workouts, and Lincoln sprayed us with water and soap and we were all clean. Then, his harem kissed him on his face and steam whistled out of his ears and his face turned atomic red.

Selica Monroe: Who wants to have fun in the snow?

We cheered!

Me: That's a big yes!

We got our coats on and went outside and we were having fun!

SPLAT!

I threw a snowball and it hit Nico in his face!

Mevya was about to join us when suddenly, Gatomon snuck behind him, grabbed him, and put him in her mouth.

But Gatomon got her mouth pried open and Mevya got out!

Gatomon: Why you!

She chased him!

Bai Tza: Hey, Courage! Wanna join in?

Courage: Yeah I do!

He went and joined us!

Nico: OH YEAH!?

He threw a snowball and I ducked and it hit May.

SPLAT!

Gatomon kept searching for Mevya

Gatomon: Come out come out wherever you are.

Mevya went for the elevator.

He went into it and pressed a button and it went down.

Pinkie Pie had a souffle in her hands.

Long Haul: What'cha got there, Pinkie?

Pinkie Pie: It's our traditional souffle.

Me: Ooh it smells great Pinkie.

Rarity: It sure does.

Pinkie and Rarity got to eating.

Rarity: It's heavenly.

Mevya came out!

Mevya: Guys!

Me: Oh no. Gatomon after Mevya.

Gatomon then poured ketchup on Mevya

I grabbed Gatomon and Nico grabbed Mevya.

?: Boy Gatomon sure is hungry.

BOING BOING BOING!

A girl with pink hair and pink clothes and pink eyes and pink angel wings bounced in and she had a tiara with the symbol of bounce man on it.

Bree Bounce: Bree Bounce, embodiment of Bounce Man.

Me: BOINGY BOINGY BOINGY BOINGY!

SHE LAUGHED!

Lisa Simpson: Great to see you again Bree!

Cameron: You're looking great!

Bree Bounce: Same to you Lisa and Cameron. Its been a while

Searchlight: How did you meet Lisa and Cameron?

Bree Bounce: I met Lisa when she was doing a project on how bad Springfield was and showed how it was horrible and how everyone was glad it was destroyed.

Lisa Simpson: Yeah and she got me an A+ on it too.

Nico: Cool!

Bree Bounce: And I met Cameron when he was analyzing the triggers for one of our friends personalities and it was really interesting.

Nico: That is cool.

Cameron: Boy it sure was.

Nico: Yep. Would you like to join us?

Bree Bounce: I would be honored.

Nico: Awesome!

SPLAT!

She threw a snowball and it hit Nico in his face.

Courage saw something in the snow.

Courage: You guys continue to have fun in the snow. I need to check something.

Me: Okay.

Courage went to the computer.

Computer: Shouldn't you be outside having fun you twit?

Courage: Not while there's something suspicious about all this!

Computer: Of course there's something suspicious twerp. This is the work of your old enemy the Snowman.

COURAGE GASPED!

Courage: The Snowman is behind this!?

Computer: Unless I'm reading an error then yes he is.

Tussle Sprout: Hey, Courage! Come out and see the snowman Nico made!

Coyrage came.

Courage later came back.

Courage then saw THE SNOWMAN!

Nico: I did not make this snowman!

Courage: Nico that is the snowman!

WE GASPED!

Bai Tza: I thought this snowman looked familiar!

Lana: Hey Wake up snowman! We know you're alive.

Snowman: So you guys know about me. Its been a long time Lana and you too Bai Tza.

Bai Tza: It has been a while.

Me: You know this snowman?

Bai Tza: Yeah we met twice boss. One was in the Arctic and the second was in Nowhere.

Nico: Wow!

Snowman: Anyway, I'll see you all at Nowhere. Enjoy your winter fun!

He vanished.

Francesca then came! She had a jar of water with a familiar pair of glasses!

Francesca: That snowman melted Grandpa Eustace!

We saw that he was reduced to water and just his glasses!

Me: What happened to Eustace!?

Eustace: (Gurgling) That stupid snowman melted me again!

Me: That's funny!

Laney: How did this happen to him?

Francesca: That snowman stole his anti-melting gene.

Me: Is that even possible?

Nico: Not… sure.

Qin: Yeah.

Nico: We can fix this.

I snapped my fingers and he was back to normal.

Eustace: Whoa.

Lincoln: Nico, everyone, we've got a seriously huge emergency, and I hope you guys are ready for one ice-cold battle: I just had a vision and I saw who it was that we're going to confront today, it's none other than Courage's old enemy, The Snowman, and he's come back for revenge.

WE GASPED!

Nico: Uh oh.

Me: I think we just saw the Snowman just now.

Nico: Yeah.

Me: Looks like we're in for icy battle. But, we'll send him to The Masters of Evil.

Lincoln: Just as I was about to say.

Nico: But, we still got to stop him. Let's bundle up and get to The Arctic.

Me: Right.

Nico: Bai Tza what do you and Lana know about this snowman?

Bai Tza: Well this is a sad one. He is the last of his kind.

Lana: Yeah.

They told us about him.

---

The Snowman was a minor villain in Courage the Cowardly Dog, debuting in the episode "The Snowman Cometh".

He was voiced by Paul Schoeffler.

The Snowman was a mad scientist who was formally the last of the snowmen. He wanted to get the anti-melting gene from a human host to prevent himself from melting, so he kidnapped Muriel and Eustace Bagge when they visited the Arctic. However, Courage defeats him, and he is left frozen in a lake.

He then reappeared in "The Snowman's Revenge", where he turned the Bagge family home into a frozen wasteland using his latest invention called the Cold Finger. He then explains to Courage that his home in the North Pole was destroyed, due to there being a rip in the ozone layer.

He survived, but his friends (especially his girlfriend) were not so lucky. He then blames mankind for this life-changing event. Courage later takes a plane to the North Pole, and stitches up the hole, and revives the Snowman's friends. The Snowman then happily leaves with his girlfriend, Ivana.

---

When it was done we were shocked! We were sad for him.

Me: Oh man! That is sad.

Lana: Yeah he just wanted his kind to be restored.

Me: And the Hole in the Ozone Layer melted them all except him. How awful!

Lincoln: We may have killed him before. But that was because we were shortstaffed.

Lana: Well we didn't kill him. We froze him in a block of ice and stitched up the Ozone Layer which helped him.

Lincoln: Oh right.

Me: We did clean up the planet and got rid of most of the pollution on land, air and sea. So that must help somewhat.

Lana: And I didn't think it was possible to stitch up the ozone hole like that.

Qin: That is amazing.

Camie: Yeah no kidding.

Me: That is crazy. I wonder if the hole in Antarctica can be stitched up the same way.

Nico: It's worth a try. But we'll cross that bridge when we get to it.

Qin: Yeah.

Then the snow melted fast and the sky cleared up fast.

Me: Whoa! It got warm really fast.

I took off my coat.

Nico: It was fun while it lasted.

The previous group came

Myotismon: Nico, can me, Lord Drakkon, Baron Mordo and the Dark Signers go with you guys?

Nico: Yes you all can come with.

Qin: Yeah.

Nico: As you can see we got the Snowman to deal with.

Camie: Now we know the storm from today was not just a coincidence.

Qin: That is for sure.

Hook: Boss, which Gene Slammer do you think you'll meet next?

Nico: Infinity Mijinion next.

Me: Ooh cool!

Qin: Yeah.

Nico: Keep your fur parkas on guys. We're going to Nowhere. And it's gonna be cold.

Suddenly, Lincoln's deep sapphire blue eyes, the rainbow iris of his Third Eye, his cutie mark tattoo on his back and Thunderbolt cutie mark with circle of surrounding elements on his massive left pec glowed, and the rainbow colored iris of Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lynn Sr., and Rita's Third Eye, and everyone else's Third Eye glowed even more and our rainbow energy auras, rainbow protective auras, and rainbow fire auras flared up even more, as they sensed a dark energy signal with their eyes and the Force, and they saw who the figure was in the vision: the figure is none other than the feral animal Packing Day version of Chandler, and that rampaging hairy gorilla is coming here to pummel us with snowballs. When we saw it, we knew it meant trouble.

Lincoln: Uh oh.

Rayman: I can guess that we got big trouble heading our way. Lincoln, who was it that you saw?

Lincoln: You guessed it, Rayman, and this is something none of us are going to like in the slightest. The figure we sensed belongs to the feral animal Packing Day version of Chandler, and that rampaging hairy gorilla is coming here to pummel us with snowballs.

Me: Uh oh, what does he look like?

Lincoln took out his sketchbook and we saw Chandler's feral animal Packing Day version, he looked like him, but with long wild unkempt red hair, he has facial stubble on his jawline, he has hair on his forearms, he was extremely muscular with abnormally massive and powerful upper and lower body muscles and eight-pack abs and bulging veins, he has on a green coat with the sleeves torn off and he has thick chest hair on his massive pecs, green pants, black boots, and he was on all fours and he has stink lines really coming off of him.

Rusty: (GASPS) Oh man, that version of Chandler looks like a wild gorilla and those stink lines coming off him are even worse than the stink lines that came off of Chandler and Lynn when they got soaked by Lincoln's water wielding Guardian Angels!

MONSTROUSLY MEGA LOUD BELCH!

Me: Along with having Lynn's monstrous side on Packing Day.

Victoria Parker: We'll be ready for him, we've dealt with Lynn on Packing Day before and Chandler before Dark Chandler got removed from him, this won't be any different.

Nico: Oh, this is gonna end badly for him. Alright, gang, let's go, we're heading out to take down The Snowman.

Lincoln: It's been years since our last encounter with The Snowman, but we'll take him down once more, and once we get done with him, you're next, you monstrous beast.

Victoria Parker: We knew this day was coming, but we've been through a lot worse with Lynn on Packing Day, but either way, we're stopping you dead in your tracks.

Lincoln put up a rainbow energy field around The World Tree Estate and all of us headed out to The Arctic and take down The Snowman and send him to Vypra, and as soon as we get done with him, Lincoln and Victoria Parker along with me are going to destroy the feral animal Packing Day version of Chandler.

We were off.

---

We arrived at Nowhere and saw that it was now a WINTER

WONDERLAND!

Me: WHOA!

Roman Goodwin: It's just as cold here.

Me: It sure is.

Nico: No kidding.

Francesca: Just like the 2nd time. I hope grandma Muriel is okay.

Nico: Same here.

We got to the farmhouse.

Me: The farmhouse.

We saw that the Farmhouse had a huge pole with a W for West sticking out of the house.

Me: Whoa! The West Pole? I don't think this location is very accurate for it.

Lisa Loud: That is correct and there are no East or West poles on any planet.

Me: That is true. But hypothetically speaking it would be somewhere along the Central Pacific Ocean.

Qin: Yeah.

Blaster Tron: Scanning for Muriel's Heat signature

Blaster Tron was scanning for anything and he found something.

Blaster Tron: Heat Signature found. Muriel inside and frozen almost.

We gasped!

We went inside and saw MURIEL FROZEN IN A BLOCK OF ICE!

Devack: We need to get her out!

Me: I got this!

I fired a wave of fire and thawed her out.

Muriel: Oh my!

Francesca: Grandma Muriel!

Muriel: Francesca, everyone.

Me: The snowman is back. Yes we know.

Nico: He froze Gotham Royal York. We had a lot of fun in the snow though.

Stirke Man: We sure did!

Qin: Yep.

Muriel: Oh my. So the snowman is back.

Camie: We're going to help him get his friends back.

Lana: He already does. I guess some habits might linger.

Camie: That could be.

Kalin: We're helping him a different way now

Nico: That is for sure. But this time we're not going to freeze the world. He needs to let go of those habits.

Lana: I agree. He has his friends back thanks to Courage, me and Bai Tza.

Laney: Yeah. We need to help him more. He'll be happy in the M.O.E.

Kalin: We're helping him a different way now

Nico: That is for sure. But this time we're not going to freeze the world. He needs to let go of those habits.

Lana: I agree. He has his friends back thanks to Courage, me and Bai Tza.

Laney: Yeah. We need to help him more. He'll be happy in the M.O.E.

Princess Luna: We're going to freeze that hole.

Me: Yeah we sure are.

Nico: It'll be warming to him.

Nicole: That's right.

Qin: Yeah.

Rex Goodwin: We just need to find it

Me: Yeah.

Qin: And we will.

Eli: (Concentrating) He's coming. I sense it.

Threatpack: Let's find that hole first

Lana: We already stitched up the hole in the Ozone Layer.

Threatpack: Oh right.

Nico: That's good you did.

Baron Mordo: You did a good thing.

Nico: That is for sure.

Qin: Yeah.

Lana: Thanks guys.

Qin: Yeah.

Me: Also the whole I was talking about was the one down in

Antarctica. This was over in the North Pole. Antarctica is south.

Nico: Oh.

Blast Off: Let me fly and see how far they are

Me: That would take hours.

Qin: We only have minutes.

Eli: Yeah.

Me: That's 12,436 miles from the north pole to the south pole.

Greiger: I think he was talking about the snowmen

Eli: Oh. He's 40 minutes away.

Dusk: Can they regenerate?

Lana: They sure can.

Bai Tza: Only when certain conditions are present.

Qin: Wow.

We were outside and it was cold.

Misty Tredwell: It's FREEZING out here!

Me: I know.

Eli: He's almost here.

Buffo: Buffo happy Muriel is safe

Qin: Same here.

Francesca: Me too.

Eustace: Big deal.

BLANG!

Francesca bashed him on his head with a rolling pin!

Eustace: OW! What did I do?

Carly Atlas: I see a bunch of snowmen!

We saw a bunch of DRONE SNOWMEN!

Me: Snowmen Drones!

Qin: Whoa! He amassed an army?

Me: Wow!

Lemme Koopa: Entrance Time!

We went at them!

The snowmen came and then the spirits of ice appeared and swirled around them and then they converged and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above them and then fireballs rained down and blasted them all over and then a phoenix cry was heard and we came out.

Nico: Nice snowmen.

Snowman came.

Snowman: The name's man. Snowman.

Drakkon:… that's a weird real name.

Me: James Bond did it like that. So it's cool.

Qin: Besides it's fun.

Bai Tza: You did an amazing job making Gotham Royal York into a winter wonderland for us.

Lana: We had a lot of fun.

Me: Also you don't have to make a West Pole. Also FYI there is no West Pole. It doesn't work that way.

Snowman: Well, you don't have to worry about me having a villainous breakdown either. All I want is for my kind to survive.

Me: We can see that.

Qin: And also you can thank Lana, Courage and Bai Tza. They stitched up the hole in the Ozone Layer. Your friends and girlfriend are back.

Nico: It's true.

Snowman: And don't worry. My kind can regenerate from whatever you throw at them except the Black Gates.

Poromon: Well, in that case. (Bites into a snowman)

CHOMP!

A snowman grew its head back,

Poromon: Wow! They CAN regernerate

Me: And we weren't intending to have you do a vilainous breakdown.

I fired waves of lightning and blasted them all over.

Camie and Lola fired waves of fire and Aurora energy and blasted them.

Nico charged at a snowman.

And bashed them all over!

Nico: Lets do it!

Nico and Nuova Shenron: NUOVA FIRESTORM BLAST!

They fired waves of fire and incinerated them.

I charged at a snowman and blasted them all over!

Me: This will be good!

Carla Wong III: Lets get them!

Me and Carla: STELLAR STAR BLAST STORM!

We fired waves of stars and energy and blasted numerous Snowmen.

Bertrand charged at a snowman.

He fired red fire at them!

Bertrand: Lets make this one burn!

Rachnera: Lets do it!

Bertrand and Rachnera: ORANGE FIRESTORM SPIDER SHOWER!

They fired waves of red fire and blasted them all over!

Haiku charged at a snowman and fired waves of orange fire.

Haiku: Time for some pain and fire.

Carly Atlas: I'm ready for this!

Haiku and Carly: ORANGE HUMMINGBIRD FIRESTORM!

They fired waves of orange fire hummingbirds!

Dante charged at a snowman and blasted him with yellow fire.

Dante: The burn of the monkey!

Jake Spidermonkey: WOO! This is gonna be awesome!

Dante and Jake Spidermonkey: YELLOW BANANA FIRE MONKEY STORM!

They fired waves of fire and the blasts hit the snowmen all over the place and burned them.

Persephone charged at them and fired waves of green fire and burned numerous Snowmen.

Persephone: Take that!

Misty Tredwell: And this!

Persephone and Misty Tredwell: GREEN LIZARD FIRE STORM!

They fired waves of green fire and it formed into lizards and blasted them all over.

Morpheus charged at a bunch of snowmen and blasted them with blue fire.

Morpheus: This will burn.

Giganta: And it will be fun.

Morpheus and Giganta: BLUE GIANT FLAME PUNCH!

They fired a wave of blue fire and it formed into a fist and burned them.

Boris charged at a bunch of snowmen and blasted them with Indigo Fire.

Boris: This is gonna be fun!

Omaima Lexington: It sure will!

Boris and Omaima: INDIGO WHALE FARTFIRE FIRESTORM!

LOUD MASSIVE FART! WHOOSH!

They fired a waves of fire gas and ignited it and it turned into an indigo fireball and blasted the snowmen down

Brittney charged at a snowman.

Brittney: Time to fear the darkness.

She fired waves of purple fire and blasted Snowmen all over.

Ink Rose: Lets make this dark as all get out.

Onyx (G5): And it will be like way awesome.

Brittney, Ink Rose and Onyx: CONDOR FURY DARKFIRE!

They fired waves of purple and black fire and blasted them all over!

Snowman: The first frozen snowman, that's not too shabby.

Lincoln made a portal that led to The Masters of Evil and The Snowman was sent there at once, and awaiting him are all of his fellow snowmen and snow woman, Ivanna. Then, we all went home and we got warmed up.

Nico: Brr, now that's what I call one frozen arctic adventure. But, we did it, The Snowman's in The Masters of Evil.

Me: You said it, and Lincoln, we knew it was you who brought his fellow snowmen and snow woman, Ivanna, back.

Lincoln: You guessed it. Now, there's one last thing to do and one last loose end to tie up: the feral animal Packing Day version of Chandler. Everyone, keep your eyes peeled and plug up your noses.

Suddenly, in Feral Monster Chandler's point of view as he hides in some trees, he moved the trees aside and was watching us menacingly as he was breathing, snorting, and grunting heavily, then, he pushed the trees back. Then, back to us.

MONSTROUSLY LOUD BELCH!

Suddenly, the twelve large planets orbiting around my legs, the twelve large planets orbiting around Lincoln's legs, the twelve large planets orbiting around the Loud Sisters' legs, the twelve large planets orbiting around Nico's legs, the eight large orange orbs orbiting Linka's legs the nine large orange orbs orbiting around TLPS Ms. Tarantula's legs, the ten multi-colored orbs orbiting around Duke Lincoln's legs, the eleven colored orbs orbiting around the legs of The Loud's friends, the eight large dark blue orbs orbiting around Ed Cowart's legs, the nine large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the nine large crimson red orbs orbiting around Naruto's legs, the eight large crimson red orbs orbiting around Tahu, Vakama, and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lars and Dudley Puppy's legs, the eight large pink orbs orbiting around Lexx Loud's legs, the nine large rose pink orbs orbiting around Steven Universe's legs, the twelve large green planets orbiting around Lynn Sr.'s legs, the nine emerald green orbs orbiting around Yakko Warner's legs, the nine large sapphire blue orbs orbiting around Wakko Warner's legs, the nine large hot pink orbs orbiting around Dot Warner's legs, the nine and eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eleven large scarlet red orbs orbiting around Lynn Jr.'s legs, the eleven coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the nine large aqua blue orbs orbiting around TLPS Mr. Shark's legs, the eight large blue orbs orbiting around Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Loni Loud's legs, the nine large yellow orbs orbiting around TLPS Mr. Snake's legs, the eight large yellow orbs orbiting around Lane Loud's legs, the eight large brown orbs orbiting around Larry Loud's legs, the eight large light green orbs orbiting around Levi Loud's legs, the eight large lavender orbs orbiting around Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago's legs, the eleven large colored orbs orbiting around Twilight Sparkle and her friends, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eleven large aqua blue orbs orbiting around Girl Jordan's legs, the eleven large colored orbs orbiting around Timmy Turner's legs, the eleven large gold orbs orbiting around Alex the Lion and the eight large gold orbs orbiting around Takanuva's legs, the nine large pink orbs orbiting around Rita's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our large gold Bracers of The Champions of the Universe and the Stones of Gelel that were embedded in the backs of our left hands and our gold halos with four orbiting gold rings surrounding the corners behind our heads were glowing, and that means we've got big trouble incoming, and the imps of The Fabled Gene-Slammers were already hissing with anger.

Lucy: He's here…

Then, we saw snowballs heading our way.

Nico: INCOMING SNOWBALLS!

Lincoln formed a massive indestructible diamond barrier infused with fire that protected all of us from the barrage of snowballs that came from nowhere and hit the barrier, but it stood strong and the fire melted the snowballs into water.

Lincoln: (Catches the scent) There's no mistaking the stench of B.O. from anywhere, come on out now, feral animal Packing Day version of Chandler, or we'll force you out.

A massive and muscular figure with stink lines coming off him came out on all fours growling like a dog, it was the feral animal Packing Day version of Chandler.

Nico: That's the feral animal Packing Day version of Chandler?!

Me: Yikes! He looks exactly like what Lincoln had drawn in his sketchbook!

Feral Animal Packing Day Chandler: (ROARS)

Chandler's feral animal Packing Day self charged at us, but Lincoln punched him hard and he flew into a wall and sprayed him with hot water and soap washing the stink and B.O. off him until he was clean and not smelling like a dumpster, he got back up, and he roared and beat his hairy chest like a gorilla: NOW, HE WAS MEGA PISSED!

Victoria Parker: Oh, roar yourself, you four-legged smelly hairy gorilla.

Suddenly, Victoria Parker's yellow eyes turned neon yellow and she was surrounded by a golden yellow energy aura with stars, lights, fairies, phoenixes, and angels, she unholstered her massive greatsword from her back, and as she approached the feral animal Packing Day version of Rusty Spokes, she left golden yellow energy, stars, lights, fairies, phoenixes, and angels with every step.

Victoria Parker: I shouldn't be surprised that you would show up, but I always knew you'd be coming because of the loud belches that Lynn let out when she goes psycho on Packing Day, but we've known you were coming and we're ready to take you and your feral team down!

Suddenly, Victoria Parker was surrounded by a massive vortex of golden yellow energy with stars and lights surrounding the vortex, there are fairies, phoenixes, angels, and Fortune Lady Light flying around the vortex, and in the vortex is a yellow phoenix with red eyes glaring at the feral animal Packing Day version of Chandler: the red eyes of eternal death.

Me: WHOA! Incredible!

Nico: So awesome!

Lincoln: We've all seen what happens when Victoria Parker gets mad when she sees Lori, Lynn, Lola, Lisa, and Luan causing trouble, and now, that fury's about to be unleashed once again.

Then, as the vortex faded, Victoria Parker emerged, but she was changed forever.

Victoria Parker grew from 6'5" to 8'3" in height, she has large gold metal braces on her biceps and thighs, and she now has twelve large golden yellow planets orbiting around her legs, she has the body of a goddess, she has yellow highlights in the bangs of her long golden yellow hair and she has a large golden halo in the center with golden angel wings on the bottom and four orbiting golden rings on each corner behind her head, she has neon golden yellow eyes and a golden yellow energy aura with stars, lights, fairies, phoenixes, and angels surrounding her and immense protective neon rainbow aura with all of the elements swirling around it, she has Fortune Lady Light with the Light Kanji in her hands emblazoned on her forehead with green iris, she has on fairy earrings with yellow gems for eyes and holding the Star, Light, and Eternity Kanjis in her hands, she also has Fortune Lady Light with yellow gems for eyes and holding the Star, Light, and Eternity Kanjis in her hands for the second pendant on the bottom of her yellow phoenix-shaped Element of Harmony, along with the gold Thunderbird pendant of her Elemental Thunderbird Necklace of Eternal Love necklace with yellow crystal links from her merged Crystal Necklace of the Buddha and yellow gems embedded on the gold lightning bolt links, and she also has on her white and gold accented Elemental Thunderbird Choker Necklace of Eternal Love on her neck.
